CALGARY DELEGATION MAKE REPORT

STEWART RAILWAY DISCUSSED IN LEGISLATURE, VICTORIA

Government is Assured of Bona Fides of Canadian Northeastern Railway Backers in Old Country

VICTORIA, March 14.—On the second reading in the legislature yesterday of the bill respecting the Canadian Northeastern Railway and in reply to T. D. Pattullo, who charged the government with handing over valuable rights to a political henchman purely for speculative purposes, Mr. Pooley made the following statement on behalf of the government:

"I wish to say we are satisfied with the financial ability of the company. It is asking for no subsidies or concessions. It simply asks for the right to construct a railway from Stewart, B.C., to Fort Graham and assures us that British capital is behind the undertaking. Their bona fides are satisfactory. That is the message the premier instructed me to give you."

Mr. Pattullo in opening the debate said he appreciated the desire of the people of Stewart to have a major railway possibly a transcontinental railway terminate there. He pointed out, however, that Canada already possesses two great national railway systems and these recognized their responsibilities in the province in respect to provincial railways. In the not distant future the Dominion government and the two railways would grapple with provincial railway problems and thus bring about a solution of the P.G.E. Railway.

The settlement of Alberta's railway problem was a step toward an outlet to the coast from the Peace River area, continued Mr. Pattullo. The two railways were to conduct a survey into the territory north of the C.N.R. in connection with the solution of the P.G.E. problem. Notwithstanding this fact, the government now proposed to give a private company the right to build a railway into a territory of which very little is known.

AUTO RACER LOSES LIFE

Lee Bible Killed at Daytona Beach When Attempting to Make World's Speed Record

DAYTONA BEACH, Fla., Mar. 13.—Lee Bible was killed instantly today when J. M. White's thirty cylinder triplex racer, in which he was attempting to break the world's speed record, got beyond control and crashed into a sand dune. A Pathe cameraman, Charles Traub, who was hit by the machine in its wild career, was also killed.

The accident occurred after Bible had negotiated a mile run at 202 miles an hour. The machine was demolished.

WIFE BEATERS IN DANGER

OTTAWA, March 14.—Wife beating in the far north not infrequently results in the extinction of the beater. This was shown in the annual report of the Royal Canadian Mounted Police, tabled in the house of commons yesterday. Two deaths by violence occurred in the western Arctic and in both cases the victims were Eskimos who were killed because of their penchant for maltreating spouses.

A judicial party will proceed to the Arctic this year to try the cases.

JAP VESSEL IN TROUBLE

A vessel, believed to be the Taibu Maru, broadcast a message this morning through Dutch Harbor, Alaska, radio station, that her tail shaft was broken and she was in need of towage. The position given was latitude 44, North longitude 178 west.

MOOSE LODGE HAD BIG MEETING AND PROGRAM

Five new candidates were initiated at the meeting of the Moose Lodge last night. There was a good musical program and a fine banquet spread afterwards, the latter being in the hands of the social committee. The dictator, D. C. Schubert, was in the chair. A vote of thanks was passed to the various artists who included the Bussanich brothers, Bob James, James Sturgeon, Frank Morris, W. H. Derry, W. Howarth and W. Doherty (Anxox), S. C. Thomson and others.

Next week a debate will be held on the merits of a highway out of Prince Rupert or a railway to the Peace River. S. C. Thomson will address the meeting.

THE LAST WORD

"What would you say to any one who sits himself down on your hat?"
"I should call him an idiot, a stupid ass."
"That's all I wish to know—you are sitting on mine!"—Yorkshire Post.

GOVERNMENT IS URGED TO SECURE AUTHORITY TO MAKE QUICK CHANGE IN TARIFF TO MEET U. S. PROPOSALS

OTTAWA, March 14. — The government of Canada should obtain from parliament the authority to make immediate tariff changes in order to meet the expected United States fiscal changes. If the government is armed with such a mandate it would be in a position at any time, no matter what the conditions, to act in the interests of Canada. Such action should be immediate and the Canadian interests would not suffer through the delay. This advice was tendered by Leon J. Ladner, Conservative of South Vancouver, in continuing debate on the budget.

The debate brought Postmaster-General Veniot into action in defense of the fiscal policy of the government. "The moderate tariff of Canada," he asserted, "had resulted in a greater increase in exports and lesser increase in imports on the percentage basis than had the high tariff in the United States."

J. H. Barber, Conservative of the Fraser Valley, urged that steps be taken to prevent the

STEEL IS NEAR CHURCHILL ON HUDSON'S BAY

WINNIPEG, March 13.—Before the breakup of winter, about May 1, the Canadian National Railways will have shipped 300 carloads of provisions, coal, cement and other building materials to Fort Churchill, according to H. A. Dixon, regional chief engineer. Yesterday 30 carloads of cement moved north, the first big shipment bound for Churchill, and other trains will follow until the 300 cars have been emptied at the bay.

They will be marshalled at the Pas and sent from there.

The materials will be for use chiefly in the construction of railway buildings at the port, such as roundhouse, coal dock and water tank.

The first message received over the telegraph line, now completed to Hudson Bay, Saturday, indicated steel was now within 12 miles of Churchill.

The line should be completed at the end of the month or early in April.

Bad storms have been hampering the progress, but the construction crews have tried to make up for them by working continuously on the good days.

FAIR BOARD IS ELECTED

Nine Directors For Year 1929 Chosen at Adjourned Annual Meeting Last Night

W. R. Love, William Sherman jr., W. J. Kirkpatrick, Ralph Smith, G. E. Gulick, H. F. Glassey, John E. Davey, William Hurst and Ald. A. J. Prudhomme were elected by acclamation as directors of the Northern British Columbia Agricultural & Industrial Association for the year 1929 at the adjourned annual meeting which was held last night in the city police court. Ald. C. H. Orme and Ald. F. G. Dawson are the appointees of the city council to the Fair Board which will hold its initial meeting in the near future to elect officers and make preliminary preparations for the year's activities.

In the absence of President M. P. McCaffery, Ald. Frank Dibb presided over the meeting last night. Others in attendance were: Ex-Mayor S. M. Newton, Ald. A. J. Prudhomme, Olof Hanson, H. F. Glassey, Bert Morgan, Mrs. Frank Clapp, G. A. Hunter, W. J. Raymond, Dan Jabour, Eddie Clapp, C. H. Elkins, William Sherman jr., W. D. Vance and Chris Manson. The election of directors was the only business.

Mayor Reports Result of Visit to Calgary Regard to Elevator

Three Reasons Given by Pool for Neglect of Prince Rupert During the Present Grain Shipping Season

Mayor S. P. McMordie this morning issued the following official statement with regard to the recent visit to Alberta Wheat Pool headquarters in Calgary of a delegation from the Prince Rupert Board of Trade and city council:

"The delegation representing the city council and the Board of Trade, consisting of Ald. F. G. Dawson, M. P. McCaffery and myself, proceeded to Calgary and was favored in having an immediate conference with H. W. Wood, president of the Alberta Wheat Pool, at which a number of the executives of the pool were in attendance.

"Mr. Wood stated very plainly that we need not expect further grain shipments this season, but said that he fully expected we would receive a normal shipment of grain through our elevator next season.

"The reasons advanced by Mr. Wood for the small amount of grain shipped this season were as follows:

"That it was more expensive to ship through Prince Rupert as compared with Vancouver, on account of a 9 pence per ton differential against this port.

"That it was possible to make part shipments through Vancouver and not here.

"That they sold more grain this season f.o.b. Vancouver and so were relieved of further responsibility in connection with such shipments.

"The delegation offered many arguments in favor of shipping through this city, but was unable to obtain a more definite promise than the one given, as stated above.

"The delegation believes that, if the entrance to Prince Rupert were improved by the placing of two lights, it would be possible to have the 9 pence differential removed and the saving effected in this way would make the shipment of grain through this port cheaper than via Vancouver."

HALIBUT BOATS GET FUSSY OVER PRICES

Two American Boats Refused Offers of 15.8c and 6c Today Only one Vessel Sells

It looked this morning like the American halibut fleet was getting rather hard to please in the matter of prices. Two boats refused to accept prices of 15.8c and 6c and decided to hold over until tomorrow at the risk of getting less. These two boats were the Addington with 24,000 pounds and the Corona with 6,000.

The only boat to sell today was the Canadian Rose Spit which was paid 17.7c and 7c by the Atlin Fisheries for 5,000 pounds.

AVIATOR AT EDMONTON IS HONORED

OTTAWA, March 14.—Captain C. H. Punch Dickens, commercial pilot of Edmonton, has received the McKee trophy award for 1928 for meritorious service in the advancement of aviation in Canada, it was announced by the minister of defence, Col. J. C. Ralston. During the 12 months he spent a total of 1035 hours in the air.

CHALLENGES ENTRY RIGHT

Mr Justice Morrison Discharges Prisoner Because There is a Doubt in Law

VICTORIA, March 14.—The right of police officials to enter and search at night or on Sunday under a general warrant issued by the attorney-general any premises in which it is suspected that liquor is kept for unlawful purposes was challenged by N. A. McLean, K.C., at the criminal assizes here yesterday during the trial of Mrs. Pina Bernick, who is charged with attempting to bribe the chief of police, John Fry, on January 6.

Following argument by Mr. McLean, counsel for the accused, and A. M. Johnson, crown prosecutor, Mr. Justice Morrison stated that it apparently was the first time that point had been raised and that there was about it a doubt and the benefit of the doubt must be given the accused. "The prisoner is released and the jury discharged," his lordship ordered.

FINISH UNCERTAIN

Bad Wicket Cause For Failure of Visiting Team Today at Melbourne

MELBOURNE, Aust., March 14.—At the close of play in the fifth cricket test match between England and Australia today, the scores stood for England, 519 in the first innings and 257 in the second. Australia made 491 in the first innings and had scored only seven in the second with no wickets down.

The wicket today favored the Australian bowlers and if it continues treacherous tomorrow the Antipodeans may not have an easy task to win. If the wicket is improved Australia should win its first victory in the series.

WHAT IT IS TO STARVE

When the impassioned orator held out his arms and wailed pathetically: "Have any of you ever suffered the pangs of hunger?" a girl in one of the front seats nearly broke up the meeting by audibly remarking: "I'll tell the world! I was twenty minutes late for lunch today."—Humor.

Sport Chat

Baseball talk is already in the air and it is to be hoped that it will turn out this year to be more than mere talk. Last year there was no league baseball in Prince Rupert and it would be too bad if that were to be again the case in 1929. There are plenty of ardent supporters of the game in the city and a number of new players are reported to have arrived here since last year. Talk has it that there will be a three team league this season with clubs possibly from the Gyro Club, Native Sons of Canada and Eagles. Some of these organizations are already taking the matter up of supporting a team. An important object should be to have a three team Senior League. Two team leagues have not been very successful in the past for it needs more clubs than that to sustain interest in the game.

So successful was a recent tournament held by the Anyox Badminton Club that it has been decided to have another. There will be ladies', men's and mixed doubles as well as singles and quite a number of entries are expected by the time play gets under way on Tuesday of next week. Anonymous donors have put up cups for single play and the club will provide trophies for doubles.

Apparently it is to be "curtain" for Tom Heeney, the meteoric Australian heavyweight, as

far as big time pugilism is concerned. Those two beatings of his of late—first at the hands of old Jim Maloney and then from Otto Von Porat, the Norwegian heavy, who is a fairly new figure in the game—have been bad blows to his career. To be beaten by a has-been and then by a never-wasser should settle the soup of the Anzac's who but a year ago was fighting the world's champion for the title.

If they would, basketball fans of this city could derive considerable entertainment from the doings of the intermediate and junior leagues which are still valiantly carrying on in spite of the fact that the senior and ladies' leagues have dropped out of the picture. Intermediate and junior league activities are being continued with considerable zest on the part of the players themselves and it would seem that the fans could work up an interest if they wanted to instead of bemoaning the fact that there are no more senior or ladies' games.

Basketball is also having its ups and downs at Anyox and a blow-up in the Intermediate League is threatened, it being rumored that the Store Office team will not be seen in action again this season. Senior and Ladies' League activities are, however, being continued with considerable success. Winners of trophies awarded by the Parent Teachers' Association for Junior League play have not yet been decided. High School has won four games by a close margin over Public School, the last game was a draw and three more have yet to be played.

Expresses of the human voice

ALONG each one of these little tracks your voice moves approximately with the speed of light. If you could girdle the earth seven times you would notice no appreciable lapse of time between speaking into the receiver and hearing your own voice at your ear.

Such efficiency means that each wire must be insulated from every other, and it must be done so skilfully that in all the miles of cable scattered over the Dominion today, no serious leakage occurs.

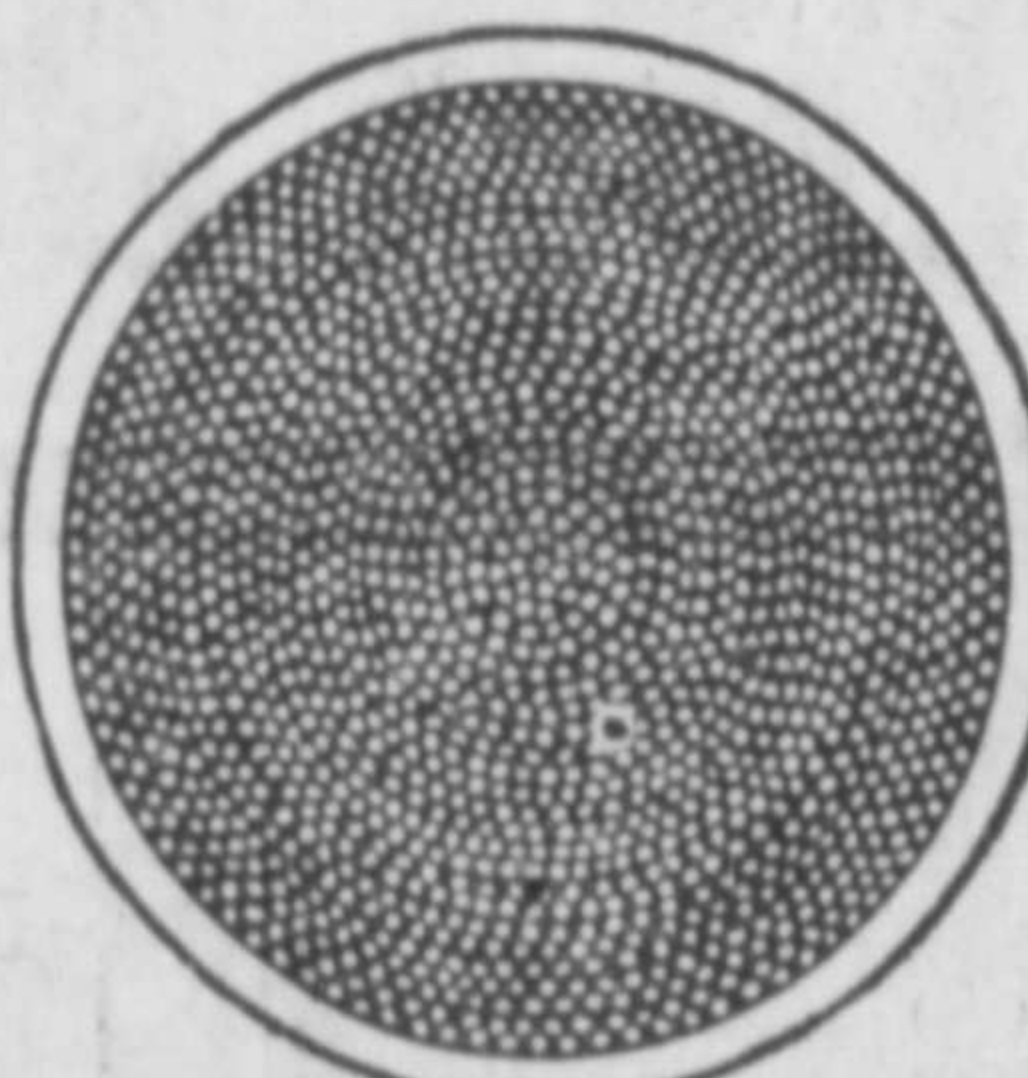

Literally thousands of these little tracks are bound into the great cables that, underground, conduct each voice unerringly to its proper destination.

The manufacture of these marvellous cables is one of the many activities of the Northern Electric Company and one of its contributions to modern civilization and the ease of living.

MISS BOWRON'S APPOINTMENT

Miss Lottie Bowron was recently appointed inspector under the educational department to investigate living conditions at outlying points where young school teachers receive appointments and where there is some doubt of their being proper accommodation for them. She is a woman who seems eminently suited for the position in every way except that she had been prominently identified with Conservative party activities. Her appointment was attacked by A. M. Manson on the ground that she would be used as a Conservative organizer wherever she went.

If Miss Bowron is going around the country talking politics, she should not hold the position, but if it is simply a fear that she may do so, then the criticism is not sound. It was not to be expected that a prominent Liberal would receive the appointment. We believe Miss Bowron to be a very capable woman and well suited for the position and doubtless the discussion in the legislature will be a warning to her to avoid politics in the course of her work. There is some doubt as to the efficacy of appointing such an official, but, at any rate, it is an attempt to deal with a difficult situation. The future will tell whether the appointment was justified or not.

TAKING QUICK ACTION

The government at Ottawa seems to be losing no time in regard to the work on the fishermen's floats here. The engineer already has instructions to survey a suitable site and it looks as if the work will be in hand soon. That is the kind of action we like. This weary waiting for improvements that never come is annoying. Prince Rupert has waited a long time for the building of these floats. Away back in the time when Mr. Hull was federal engineer and Col. C. W. Peck was member, probable sites were discussed and the work was expected to be done.

ince had the right on the issuing of licenses and the Dominion had no right at all. That was the ruling of the Supreme Court of Canada and stood pending any other decision. As the Supreme Court was unanimous there was not much probability that it would be upset. As it stood now it was wide open. Anybody could go into the canning business. Action should be taken to provide laws governing the situation. He spoke against limitation of licenses and curtailing the industry. Conservation of fish should be effected he argued by regulations, not by limiting the number of canneries. Fish had been "mined" for years in the face of persistent protests by the late Hon. William Sloan and he charged that now a ruling had given the Provincial Government control it was remiss in its duty in not taking the matter in hand.

Dr. Wrinch went exhaustively into various methods of conserving the salmon industry. He said that only one experiment by the Canadian Government, the drastic remedy of closing a stream for four years, had resulted in increasing the run, whereas the United States had got results by several methods. He also repeated statistics of an experiment made by a private fisherman which had resulted in trebling and quadrupling the supply until the Dominion officers had stopped him because they did not approve his method of closing the stream to all other fish that sockeye.

He urged the Minister to study these methods and see what could be done.

Premier Tolmie paid tribute to Hon. P. J. A. Cardin, Dominion Minister of Fisheries, and to the fact that a deputy minister for the department had been appointed. The Province was desirous of cooperating with the Dominion along the lines of conserving and restoring this important industry, he said. Mr. Pattullo agreed that the Dominion had done well to make a department of fisheries, but said the Province had its duty to perform also.

Dr. Wrinch pointed out that Quebec had been given control

of its fisheries and urged that Mr. Howe make application to have this precedent followed so that B.C. could also control this purely provincial industry.

POINTS OF MORAL

Editor, Daily News:—

Olof Hanson's recent achievements at the capital aptly illustrates what a man of determination and pleasing personality can accomplish in diplomatic circles. It also emphasizes the fact that the influence of spell-binders in the House of Commons is waning, and that personal appeals to members receive sympathetic consideration and bring better results.

Making Every Meal a Success

Pure Milk the Basis of so many important Dishes on every Menu

WHOLESALE, nourishing, well-balanced, home-cooked meals ensure a healthy, happy family. Such meals are certain if you use plenty of pure, rich milk, which is in itself a complete, well-balanced food. Borden's St. Charles is not only a safe milk but it is more than twice as rich as ordinary milk, since over sixty per cent of the water content is evaporated. It gives to cooking a texture and flavor nothing else will give.

Pattullo, Manson and Wrinch Urge Action in Regard to Salmon Fisheries

CANNERY MONOPOLY

Provincial Authorities Asked to Take Action to Preserve Fish in North

VICTORIA, March 13.—Criticism of the inactivity of the Commissioner of Fisheries in regard to infractions of regulations for the conservation of fish were leveled at Hon. S. L. Howe by T. D. Pattullo in the Legislature when the accounts of the Fisheries Department were under review.

Mr. Pattullo also charged the commissioner with setting up monopolies by his recommendation to Ottawa that no more cannery licenses be granted and took issue with him when he replied that the department was awaiting the decision of the Privy Council on cannery licenses before formulating a policy.

The department held a watching brief for the province, Mr.

Pattullo said. Grave infractions of the regulations were taking place and apparently he had done nothing. What was the use, he asked, directing attention to international conventions on fish preservation and ignoring the "mining" of fish under his very nose. Fish were being mined as the timber of the province was being mined and no word had been received from the Government that they were taking any steps to prevent it.

Howe Questioned

Mr. Howe was pressed both by Mr. Pattullo and Mr. Manson as to whether the Government had adopted a policy of limitation of cannery licenses at any rate pending the decision of the Privy Council on the right of the Dominion or the Province to grant licenses and was asked if the representations to the Dominion Government to issue no more licenses was made on the representations of the cannery interests and if the commissioner had received any assurance that the canneries would comply with the regulations for the conservation of fish.

Mr. Howe replied that the representations were made to Ottawa without any word from the cannery interests. Ottawa was asked not to issue any more licenses pending the Privy Council decision. He denied there would be any cannery monopoly. "As soon as B.C. knows its status we will formulate a policy," he said.

Mr. Pattullo thought it was strange that no representations had been made to the commissioner by cannery interests as representations were made to him during a time he was acting as commissioner of fisheries. He thought a search of the files might show representations went through the deputy.

PATTULLO IS IRREPRESSIBLE

Never Ties of His Work as Opposition Leader, Declares Victoria Writer

As an opposition leader, as an indefatigable critic, in fact, you have to hand it to Mr. Pattullo. Long after the rest of the house is tired out, after Mr. Bill McKenzie has ceased to wave his hands, after Mr. Hinchliffe has exhausted the last drop of his logic, ever after Mr. Manson has hidden himself behind a newspaper, Mr. Pattullo is still going strong, declares a writer in the Victoria Times.

The older the session gets, the stronger he seems to go. Tuesday night, he held up the government to teach it a lesson and the government replied by holding up Mr. Pattullo until halfpast twelve in the morning to teach him a lesson. Both lessons were a failure—Mr. Pattullo appeared on Wednesday fresher, pinker-cheeked and more critical than ever.

Mr. Pattullo, in fact, was the only one who could get any kick at all out of Wednesday's proceedings after the late session Tuesday night. He started the day with a well-executed raid, which captured five Conservatives, the biggest bag he has secured yet. This manoeuvre was executed, without casualties to himself, in connection with the Northwest Telephone Company's bill, not a government measure, to be sure, but the government was

solidly against Mr. Pattullo's proposed amendments to it.

Five Conservatives, however, after listening to Mr. Pattullo, lined up with the 11 Liberals to amend the bill. That was not sufficient, of course, to amend it, but Mr. Pattullo's face beamed with the air of a conqueror as the division was taken, and he found five of the enemy safely within his ranks. That may be the last time these five will be seen there, but at least Mr. Pattullo had his moment.

Mr. Manson followed with the alarming suggestion that Mr. Hinchliffe was planning to corrupt the innocent minds of school children with Conservative dogma. This would be accomplished, he hinted, by political appointments like that of a Conservative organizer who was being introduced in the guise of a special woman investigator to consider the living conditions of girl teachers. Mr. Manson's address was notable mostly for Mr. Manson's views on the modern woman. He gave the house an erudite lecture on this attractive theme, and offered it the conclusion of long observation when he said the girl teacher of today can look after herself without any female investigators to help her. Also, he said Mr. Hinchliffe had broken the law in appointing the said investigator.

This roused Mr. Hinchliffe to a mighty burst of indignation and, though a lawyer himself, he informed a trembling assembly that he didn't care if he had broken the law because he had done what was right. Whereupon, the men who make the law thundered their approval.

DRESSED IN RED

LONDON, Mar. 13.—Among the diversions which relieve members of the House of Commons from the effects of a strenuous session the dress of the women members occupies a prominent place. Lady Astor who usually appears dressed in sombre black or in black and white, recently startled the house by appearing in a bright red dress and red hat.

She was greeted with such a peal of merry laughter that her cheeks became as red as her dress. One member shouted, "Another recruit for the Reds."

Until Lady Astor's adoption of red, Miss Ellen Wilkinson provided the brightest dash of color in the house. She often wore a dress of vivid green which combined with her red hair made her a conspicuous figure.

ST. PATRICK'S TEAS ARE HELD

Three functions being held this afternoon to mark season of Ireland's Patron Saint

Observance of the St. Patrick's Day season in Prince Rupert commences this afternoon with no less than three afternoon teas and sales appropriate to the occasion. The Ladies' Aid of First United Church is holding an affair at the home of Mrs. J. E. Jack, 806 Fraser Street, with Miss E. M. Earle as hostess, another similar event is being held at the home of Mrs. Jarvis H. McLeod, 966 Tenth Avenue East, by the Ladies' Aid to Rupert East United Church, while a third function is being held by the Women of Mooseheart Legion at the home of Mrs. N. Mussallem, 346 Fourth Avenue West.

The rooms of Mrs. Jack's home are suitably decorated for the

First United Church tea. Mrs. Frank Vickers is assisting Miss Earle in receiving the guests and in charge of the tea tables are Mrs. Thomas Ross, Miss Barrie, Mrs. Alex McNeill and Mrs. T. W. Silversides. Mrs. J. S. Irvine and Mrs. James Krikeysky are conducting the sale of home cooking and Mrs. G. V. Wilkinson is cashier. A special Irish musical program includes piano solo by Mrs. G. C. Arseneau, vocal solos by Mrs. H. N. Brocklesby and Mrs. T. Ross, and reading by Mrs. J. C. Brady. Master Rupert Ross is giving his address on "Canada" with which he recently won a city oratorical contest. Fortunes are being told by Mrs. James Clark.

The home of Mrs. Jarvis McLeod is also prettily decorated for the Rupert East Ladies' Aid tea. Mrs. J. W. Moorehouse and Mrs. T. Ross Mackay are pouring with Mrs. C. J. Norrington, Mrs. A. J. Squires, Mrs. Arthur Leighton, Mrs. M. M. Lamb and Mrs. H. Mahaffey in charge of the tea room, assisted by Misses Helen McLeod, Phyllis Way and Ruth Moore as serviteurs. Mrs. B. G. Deale and Mrs. A. Gomez are conducting the sale of home cooking while Mrs. T. H. McAllister is in charge of the candy table. Mrs. A. Frebourg is cashier. The program includes vocal solos by Mrs. William Miller and Mrs. McLeod and piano selections by Mrs. C. E. Cullin.

General convener for the tea of the Women's Mooseheart Legion at the home of Mrs. Mussallem is Mrs. A. Bartlett. Mrs. Alex Mackenzie is pouring, and assisting in serving are Mrs. Einar Larsen, Mrs. C. M. Nickerson, Mrs. A. Wicks and Mrs. W. F. Bussey. Mrs. Fred Hardy is in charge of the home cooking table; Mrs. Jack Preece, the raffles, and Mrs. P. J. Ryan is cashier. The program includes vocal solos by Mrs. J. J. Muldoon, Mrs. P. C. Miller and Miss Beulah McKinley and piano selections by Miss Catherine Mussallem. Miss Aletta McKinley is piano accompanist for some of the vocalists. The rooms are attractively decorated with shamrock leaves, daffodils, tulips and pussy willows.

AGED NATIVE PASSES AWAY

Samuel Amos Was One of First to Accept Christianity at Kitimaat Years Ago

KITIMAAT, March 14.—The death occurred here on March 8 of Samuel Amos, a resident of Kitimaat, who was born here about 80 years ago, and for many years was a leading and exemplary citizen. In the early years when the gospel was brought and proclaimed to the Kitimaat people he became a Christian. Also, early in life he identified himself with the cause of temperance and was a leading spirit in organizing a lodge of the Royal Templars of Temperance in Kitimaat and remained loyal to the cause throughout. Of recent date he was anxious for a revival in temperance work and that the young people should be induced to join.

Three of Mr. Amos' brothers attended the last rites and took part in the services both in the church and at the grave. They were J.

Howard, Isaac Woods and David Grant. Rev. Mr. Moget officiated.

It is said of the late Mr. Amos that he was kind and true and deservedly commanded the respect and esteem of his fellow citizens. This was amply testified to in the large congregation that assembled in the church and at the graveside, though the day was the most inclement of the winter season.

Mrs. Amos predeceased her husband six months ago. A brother, Charles Amos, who has also passed away, was one of the first to embrace Christianity on the coast and contend for the faith.

WHIST DRIVE AND DANCE BY REBEKAH LODGE IS SUCCESS

A successful whist drive and dance was held last night in the Metropole Hall by the Rebekah Lodge.

There were 20 tables of whist and prize winners were: Ladies' first, Mrs. J. Mair; second, Miss Rita Johnson; men's first, Bert

LOUVRE OUT OF LIQUIDATION SALE NOW ON

A. J. RICHMOND RETURNED FROM VANCOUVER YESTERDAY WHERE HE ARRANGED TO PURCHASE STOCK FROM CREDITORS FOR 40c ON THE DOLLAR.

Starting tomorrow morning at 9 o'clock, the stock of Richmond's Louvre goes on sale. Having arranged with the creditors to purchase the stock and fittings at 40c on the dollar, the Louvre bargains will now be greater than ever. Mr. Richmond has just returned from Vancouver yesterday and is busy today re-marking everything in the store. Just figure the values you will be able to purchase now with every dollar.

Make it a point to visit The Louvre tomorrow and make your purchase at real Sale prices.

A six passenger Boeing seaplane operated by the International Airways Corporation is planning a test flight to Alaska within a few days but whether it will call at Prince Rupert has not been ascertained. It would have to get a certificate from the air department before being allowed to operate from here but that would be easily obtained if the plane is air worthy and the pilot has proper experience.

"SUBMARINE" MARVELLOUS FILM; THRILLS CAPITOL AUDIENCE

The mighty drama of the sea "Submarine" was given a wonderful "premiere" last night at the Capitol. "Submarine" is a fast-moving, soul-stirring submarine drama with much of the action filmed under water. It was made at a cost of over \$250,000 with some of the greatest under sea action ever filmed. The picture has just enough comedy to make it ideal entertainment and every resident of the city should positively not fail to take advantage of the opportunity to see this highly interesting, instructive and entertaining drama of the sea.

Westview School has a total attendance of 25 with an average monthly attendance percentage of 92.68.

CHAS. COURTIER SCORES AGAIN

Singer Given Tremendous Reception Last Night

Charles Courtier, Canada's premier sleight-of-hand artist, last night, at the Capitol, proved his versatility to the "N'h" degree, when in addition to a remarkable "magic" performance he sang "The Hymns of the Old Church Choir" and "Laugh, Clown, Laugh."

Mr. Courtier, who is late principal tenor with the De Wolf Hopper Opera Co. of San Francisco, was given a tremendous ovation on his vocal presentations, possessing a remarkably fine rich tenor voice, his "Hymns of the Old Church Choir," "brought down the house," and his "Laugh, Clown, Laugh," with recitative done to the Aria Vesti la Giubba from Pagliacci, brought rounds and rounds of applause.

Mr. Courtier's wonderful performance will be repeated tonight.

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.
