PRICE FIVE CENTS

Anti-profiteering Laws are Proposed by English, French and U. S. Governments

Penalty Provided in Great Britain is to be \$1,000; President Recommends that United States Congress Continue Food Control Act to take Effect in Peace Times.

(Special to The News via G. T. P. Telegraphs.)

London, August 9.—Proposals for the prevention of profiteering are being made by the governments of Great Britain, France and the United States contemporaneously. The government bill here provides for prosecution and penalties for persons guilty of profiteering. It empowers the Board of Trade to investigate prices, costs and profits and to inquire into complaints of unreasonable profits, wholesale or retail.

The Board is authorized to declare what is a reasonable price and to require that articles be sold at that price. It is also empowered to take proceedings against any offenders before a court of summary jurisdiction, penalties not to exceed £200 or six months' imprisonment.

Washington, August 9.—Addressing Congress yesterday and proposing remedies to check the high cost of living, President Wilson declared that the existing laws in the United States were inadequate and the high prices are not justified by the supply, present or prospective, but are created in many cases "artificially and deliberately by vicious practices."

The President recommended that the Food Control Act be extended to peace time and that Congress exclude from interstate regulations shipments of food which do not comply with its provisions.

He recommends further that a law be passed with a substantial penalty for profiteering and that cold storage law be enacted which a time limit is placed on cold storage. He suggests that goods released from cold storage be marketed at the price prevailing when they went into cold storage, and that goods in interstate commerce be marked with the price at which they were produced.

London, August 9.—The Food Controller announces the re-emption of control of the supply and distribution of imports of bacon, ham and lard and that the prices of these articles will be supervised.

JOINT CONTROL OF LEATHER MARKET BY U. S. AND CANADA

Ottawa, August 9.—In order to prevent the inordinate increase in the price of shoes and other leather products, the governments of the United States and Canada will probably appoint a commission to have joint control of the leather markets.

BANKRUPTCY AHEAD IF SPENDING GOES ON, SAYS CHAMBERLAIN

London, August 9.—"If we continue spending at the rate we are now doing it will lead straight to national bankruptcy if we cannot increase production," was the warning given by J. Austin Chamberlain, chancellor of the exchequer, in the British House of Commons yesterday.

GOLD STRIKE ON KITS SAULT

Excitement Among Prospectors in Alice Arm District Over New Find.

(Special via G. T. P. Telegraphs.)

Alice Arm, August 9.—A big gold strike has been made by Robert McGinnis at the head of the glacier on the Kitsault near the granite contact. Considerable excitement prevails among the prospectors of the district who are rushing in.

Several large strikes of silver ore have been made on the property belonging to Mr. Bone, superintendent of smelters at the Granby, and Mr. Hodson, chief assayer at Granby, on the Illiance adjoining the United Metals claim. Mining engineers from Butte, Montana, are here looking over the district in the hope of finding a suitable property to operate.

OFFICIALS ARE APPOINTED FOR CITY POSITIONS

W. D. Vance is New Treasurer and E. A. Woods is Clerk—Both Have Held Positions Before.

The new city treasurer who will take the place of E. D. Johnson is W. D. Vance, and E. A. Woods is city clerk. One new appointment is to be made to the city hall staff to fill the positions made vacant by the appointments.

Some of the aldermen suggested trying to get a lawyer to fill the dual position of city clerk and solicitor as the late Mr. Peters had done. It was pointed out, however, that it was almost impossible to get a young man for the position and there were so many opportunities for lawyers these days that it was not likely they would be able to get one.

A letter was read from Harry W. Birch stating that he understood his name had been suggested in connection with the position. He had decided that he would not take it if offered, but would prefer to see Mr. Vance get the appointment.

After some further discussion a vote was taken on each name and the appointments were unanimous.

Both Mr. Vance and Mr. Wood have been in the employ of the city for a number of years and both have held the positions before to which they are now appointed. Mr. Woods was Prince Rupert's first city clerk, but his place was taken by Mr. Peters when it was decided to combine the positions of clerk and solicitor. Mr. Vance left the employ of the city for a short time in order to go into business for himself and on his return the position which he had held was filled. The appointment of these two men makes sure a continuity of the present policy as they are both in close touch with the work and anything they do not know about it they will be able to learn before Mr. Johnson leaves. Both are well qualified for the positions and should fill them with advantage to the city.

FRUIT VENDORS PROSECUTION

Case Against Gavigan and Killas Dismissed by Magistrate Mc-Mordie this Morning.

In the police court this morning before Magistrate McMordie the cases of James Killas and J. C. Gavigan charged with keeping their stores open after hours were dismissed. The magistrate stated that the evidence as given was to the effect that the stores could not be classified otherwise than as refreshment houses. It was customary for the public to buy fruit in such places. It was not obligatory upon the proprietor that he obtain his customers in the store to consume whatever they bought. Tables and chairs were there for the purpose of resting while enjoying the refreshment if the buyers of fruit felt inclined.

Another case also came up in which Walter Shaw was charged with a breach of the city electric lighting bylaw. He pleaded guilty and was fined \$5. This is the first case of this nature in this city.

PUT DOWN ANARCHY, ESTABLISH ORDER

Archduke Joseph of Hungary Has Issued Proclamation to the People of Country.

(Special via G. T. P. Telegraphs.)

Budapest, August 8.—A determined effort is being made to bring order out of chaos following the Bolshevik rule in this country. Archduke Joseph, the new Governor of the state, has issued a proclamation appealing to all classes to help put down anarchy and establish order.

R. W. CAMERON VISITING CITY

Well Known Jeweller and Sport Promoter Fought With 16th in France.

Among those returning to the city on the Grand Trunk boat this morning was R. W. Cameron who formerly lived in this city, and is well remembered by all the old timers of Centre Street days. Cameron's jewellery store on the corner of Second Avenue and Sixth Street, where McCutcheon's drug store now stands, was one of the earliest establishments in this city.

Before joining, Bob Cameron was a great favorite about town and was always popular with the young people as he was a great sport promoter. He took a particular interest along with S. P. McMordie in the Earl Grey Rifles. Very frequently he was high man at the targets across the bay.

Mr. Cameron was among the first to enlist from this city and saw considerable service with the 16th before being invalided home. Since his return from England he has been engaged in business in Vancouver.

DOLLY VARDEN AERIAL TRAM LINE COMPLETE

All Ready for Shipping Which Will be Continued Steadily; Other Properties at Alice Arm.

Alice Arm, Aug. 9.—The tram line connecting the Dolly Varden railway with the mine is completed and steady shipments of high-grade ore will now come down to the dock for shipment to the smelter. Great credit is due both Major Young and Major Doris for their untiring efforts to get things under operation.

William McLean who owns the David Copperfield property adjoining the Dolly Varden on the south has crossed his ledge 38 feet, showing high grade silver sulphides. It looks like another Dolly Varden.

1,000 oz. Silver.

Miles Donald, who is again operating the La Rose, brought samples into town yesterday that will assay over 1,000 oz. of silver.

The Climax, bonded by a Prince Rupert party, has struck rich ore on the hanging wall. The property looks very promising with the amount of work done.

The United Metals, operated by D. J. Hancock, is producing five tons of high-grade ore per shift. Mr. Hancock is on his way to

ALLIES IN ACCORD WITH GOVERNMENT SET UP IN HUNGARY

(Special via G. T. P. Telegraphs.)

Geneva, August 9.—The allied mission at Budapest after a conference with Archduke Joseph is reported to be in full accord with the Hungarian government.

Vienna, August 9.—In view of the fact that the proclamation of Archduke Joseph, governor of the state, in calling on the people to help establish order signed himself "Joseph Archduke, Field Marshal," it is taken for granted that an attempt will be made to set up Joseph as King of Hungary.

W. A. MATHESON IS INSPECTOR

Returned Soldier Who Had Been Wounded Chosen for Position With the City.

W. A. Matheson, a returned soldier, was appointed to the position of building inspector and collector by the City Council last night. There were a number of applicants, fourteen in all, and two ballots were taken to decide who was to get the position. On the first ballot there were five names and of these Matheson got three and Frank Salter two, both being returned men who had been wounded; the others received one vote each. A ballot in which only the two names were submitted resulted in the choosing of Mr. Matheson.

Applications for the position were received from W. Tattersall, William Brooksbank, Frank Salter, C. K. Yteberg, Robt. Lawrence, W. H. Shortridge, A. H. McPherson, W. B. Taylor, Hugh Killen, John Day Bell, P. I. Palmer, Geo. Crite, Edward Wray and W. A. Matheson.

In discussing the candidates before a vote was taken it was pointed out by Alderman McRae that a good collector was even more necessary than a good inspector. Some people were unable to collect money.

A number of applicants were known to the aldermen and these told of their qualifications.

Car Slips Here Step in Development.

The building of a ferry slip at this point marks another step in the march of progress. The development of this port is the great thing we have to look to for the permanent upbuilding of the city. It, combined with the fishing industry, will be the staples. Other industries will be largely subsidiary.

Car ferry services are becoming one of the popular methods of delivering freight. In Victoria and Vancouver and at other points in southern British Columbia car lots of freight are dropped at the points where needed and shipments picked up.

Discussing this method of handling traffic, Captain Troup of the C. P. R. Coast Service said recently that it was foolish to think of building railways to all coast points when they could be served just as well with car barges.

Importance of Banks In Encouraging Trade.

The condition in Siberia draws attention to the value of a sound currency and the value of banks in foreign commerce as well as in local trade. Banks are the media through which foreign credits are arranged and payment made for goods imported or exported. By means of the banks a system of barter is possible, different from the old in that it is rather a barter between countries than between persons.

Without the banks trade with foreign countries is difficult. With a bank at Vladivostok, for instance, and with a stable Siberian currency behind it, trade would be possible at once. Siberia wants our goods, we are prepared to sell, but there is no medium of exchange by which that trading can be brought about. Either Great Britain or the United States might establish a bank there, or a joint bank of the Allied and Associated Powers would answer the purpose, as a dependable institution through which this country could trade.

Why Russian Currency Useless.

The Russian currency is inferior because there is too much of it, because it has no gold backing, and because it is valueless outside the country in which it is made. Paper money was issued by the Romanoffs, by the Kerensky Government and by the Bolsheviks, and the Kolchak administration, the total amounting to something like \$100,000,000,000 and besides that there is a large amount of forged currency. Governments have attempted to pay their bills by printing more notes. That cannot go on indefinitely.

New Officials For the City.

Three officials were appointed last night to the city hall staff and all three are competent men. Two were already in the employ of the city and they had earned the right of promotion. The third man is a returned soldier who has been wounded overseas. All the appointments should be popular ones and doubtless the city will be well served.

GROUNDS SMALL FOR FLYING

Exhibition Directors Unable to Secure Aeroplane—Symphony Orchestra and Pierrots to Perform.

Arrangements had been made with the Aero Club to stage a series of flights here during exhibition week, when it was found that the Athletic grounds here were not big enough to allow ample space for rising and alighting. Consultation with the air-men in town confirmed the directors in the view that nothing can be done this year in providing in that direction. The only hope of securing flights here now is to get someone to come with a hydroplane.

The exhibition directors look for by far the best exhibit they have yet had. There will be plenty of music, the local symphony orchestra, which has been much strengthened of late, being one of the musical organizations engaged for the occasion. There will also be a band of pierrots who will give entertainments. These will be returned men and something unusually good is looked for.

The directors are finding it difficult to secure outside attractions and it is possible that this part of the fair will have to be omitted.

Crusher Being Installed by the Kitsuas Copper Co.—Mill Employs Forty Men and Will be Cutting Soon.

Usk, August 9.—There was a dance here on Saturday night, the hall being crowded. There were three fiddlers, one of whom was a returned soldier, and some fancy stepping by another returned man proved interesting. About seventy were present.

The G. T. P. engineers have been surveying for a spur track to the Georgetown sawmill. There are about forty men employed at the mill and cutting lumber will soon commence. Logs are being cut.

There is a good supply of water here, a pipe line having been put in leading from a dam on the mountain side. A six or eight inch hydro-electric pipe line will be put in soon and then the place will be lighted by electricity.

Fishing is great. Peter Black, Jr., is spending a holiday here and is getting some good trout.

New Crusher.

The Kitsuas Copper Co. are installing a new crusher. They are less than half a mile from the track and the ore looks better than that from Granby. Many of the men who were working at the Prince Rupert drydock have come up here and are all busy. Men have been coming in faster than they can be housed and as a result sleeping quarters are somewhat cramped.

Mr. Table of Portland, Ore., has 160 acres of land here which he is subdividing and putting on the market for townsite purposes.

The Kleanza Copper Co. have started work on their large dam for developing electric power.

Road to Terrace.

The provincial government is building a road to Terrace, something that is badly needed. It will be a great convenience to the town.

Kenney Bros. has a strike at their mill, the men asking for an eight-hour day. The Georgetown and other mills are working their men eight hours.

Strawberries are plentiful but they will soon be all gone. They are selling here and at Vanarsdol at \$3.25 a crate. Most of the berries are sent east as better prices are obtained than are paid at Prince Rupert.

The Misses Durham saw a bear here a day or two ago. He was a big black fellow, but he did not stop to converse.

**NINE EMPTY

Much Fish Will be Shipped Immediately on Arrival of Rolling Stock.

Yesterday morning there were a large number of fishing boats in from the banks waiting to sell their catches at the local fish wharves. There were only two fish cars at the disposal of the various companies and these were very eagerly sought after. Three more express refrigerator cars arrived by freight yesterday afternoon which made the total cars available five. Enough fish were bought to fill these cars and the other boats will have to wait until Sunday. In the mean time more boats will be continually arriving which will tend to lower the price. Some of the fishermen who were unable to sell their catches this morning talked of going to Ketchikan, but they might be in just as bad luck there, as no one could guarantee the prices. Many have stayed here trusting that their fish will still be good, and that the market will be as high as it was yesterday.

Nine empty express cars are expected in on the train Sunday evening and this will very materially relieve the tie-up among the buyers as the fish can be bought and packed on the cars almost immediately.

**MERCIER IS COMING

(Special via G. T. P. Telegraphs.)
Brussels, August 9.—Cardinal Mercier will start for America on September 4. He has been invited to British Columbia, but will hardly find time to go that far.

**SCHEDULE FOR
SOCCER LEAGUE**

Final Arrangements Made and List of Matches Drawn Up.

Final arrangements for the fall football league have been completed and already the members of the various teams are being signed on. Each team will have to play six matches, making a total of nine games for the season. The first match was to be played on Thursday, August 7, but this will be played on Wednesday the 13th as the baseball club needs the grounds on Thursday night. It is certain that the matches will be very hotly contested and many new players will be brought to the front to add zest to the sport. The following is the schedule of dates of playing as drawn up by the association:

- Aug. 13. Callies vs. S. O. E.
- " 18. S. O. E. vs. Athletics.
- " 21. Athletics vs. Callies.
- " 25. S. O. E. vs. Callies.
- " 28. Athletics vs. S. O. E.
- Sept. 4. Callies vs. Athletics.
- " 8. S. O. E. vs. Callies.
- " 11. Athletics vs. S. O. E.
- " 15. Callies vs. Athletics.

**ACTORS ARE LATEST

New York, August 9.—The first strike of actors on record has taken place here and twelve out of twenty big theatres are closed.

The strike was called by the Actors' Equity Association following the refusal of the production managers to recognize the union.

**WATER NOTICE
DIVERSION AND USE.**

TAKE NOTICE that W. R. Tonkin, whose address is 558 Empire Building, Seattle, Wash., will apply for a licence to take and use fifty (50) feet per second (25,000 acre feet) of water out of Clear Lake, also known as Clearwater Lake, which flows westerly and drains into Kitzault River, about twenty-four miles from its mouth. The water will be diverted from the stream at a point about 300 feet from the mouth of Clearwater Lake and will be used for mining purpose upon the "Last Chance" mine described in the "Last Chance" group of mineral claims.

This notice was posted on the ground on the 27th day of June, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the Office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

By JOHN PEDERSEN, Agent.
W. R. TONKIN, Applicant.
The date of the first publication of this notice is July 12, 1919.

JIM PEYTON BACK

Returned Brothers are Going into Business Together as Plasterers—Married in England.

Among those returning to the city on the train Thursday evening was Jim Peyton, who has just arrived from overseas.

While in the old country Jim got married and he has come out ahead of Mrs. Peyton in order to have everything in readiness for her arrival, as she is expected in a few weeks.

Sport

The Prince Rupert Baseball Association is leaving on the Prince Rupert tonight on an excursion trip to Anxox, where return matches will be played.

Next week the Ocean Falls baseball nine is going to visit the local club and matches will be arranged. These will be played on Wednesday afternoon and Thursday night.

The football game which was to be played on Thursday evening between the Callies and the Sons of England as an opener to the league will be played on Wednesday night.

A twenty-round fight between Joe Beckett, the English heavyweight champion, and Eddie McGorty, of Oskosh, Wisconsin, has been arranged for September 2 in London.

By defeating the Royal Highlanders 4 to 1 in the provincial final of the Connaught Cup series at the Westmount grounds last Saturday, the Grand Trunk earned the championship of the province of Quebec football association and the right to represent the association in the final for the Dominion championship.

At the baseball match on Market Place on Wednesday night the star catch of the game was made by Willie Martin who was playing fielder for the Cadets.

An offer has been made by Charles Cochran, an English boxing promoter, to Ted (Kid) Lewis, ex-welterweight champion, for a bout with Johnny Basham, British champion of this class.

According to averages released a few days ago, Joe Wilhoit who hit consecutively in 46 games, has a season batting average of .434.

Fight fans seem to be engrossed in the possibilities of a Dempsey-Meehan meeting. It is conceded that Dempsey has proved himself to be one of the hardest hitters the ring has yet seen, and surely the most aggressive heavyweight who has won the title.

A CRIPPLE FOR THREE YEARS

Helpless In Bed With Rheumatism Until He Took "FRUIT-A-LIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-lives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling began to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

STRAWBERRY MARKET IS NEAR THE END

Raspberries Not Coming in Very Fast—Black Currants Somewhat Delayed.

Fresh fruits will soon rise in price as the season advances. Strawberries are now fairly well over and the price for the present is about as low as it will go. A great deal depends now upon the shipments which arrive within the next few days. Should many more crates arrive it is possible that the price will lower somewhat, as the berries have to be sold almost immediately after their arrival in the local stores.

Raspberries are not coming in as rapidly as might be expected for this time of year, but larger shipments are expected shortly. The local raspberries are not ready yet and the black currants are hardly far enough advanced at Metlakatla to merit a visit. However, this last week's brilliant and warm sunshine will very probably have hastened them on somewhat. There is a slight reduction in price in black, white and red currants.

Honey dew melons are appearing in the fruit stands at 40 cts. each. The new green bunches of celery are selling at 25 cents per bunch.

WAS COMMANDER, NOW CONSTABLE

Lieut.-Com. Ponder of the Gadfly Goes to Masset in Government Police Service.

Lieut.-Com. Russell P. Ponder has returned after seeing a good deal of service overseas with the British navy. He was formerly provincial police constable at Hazelton, but immediately on the opening of the war he rejoined the naval service. He was given command of H. M. S. Gadfly which operated in Mesopotamia and at other points and did a great deal of useful work.

Lieut.-Commander Ponder has now been appointed provincial police constable at Masset in place of Constable Emmet who is being transferred to Ducks, near Kamloops.

What Eye Glasses Are For.

GLASSES have many uses, but only one purpose—the restoration of the sight to a natural condition.

YOU were intended to see well and easily. If you do not—then you should make haste to discover the trouble and apply a remedy.

THE want of a pair of suitable glasses may be all that prevents you having visual perfection, health and comfort.

LET us examine your eyes and tell you whether or not this is so.
