FREIGHT REDUCTION ON EXPORT FRUIT IS ANNOUNCED BY PREMIER

Premier Tolmie Also Took Up With Rt. Hon. J. H. Thomas Investment of British Capital to Provide Employment for British

VANCOUVER, Sept. 17.—A reduction of twelve cents a hundred pounds in the export freight rates on apples from the Okanagan valley to Vancouver, it was announced here today by Premier Tolmie on his return from eastern Canada, where he conferred with Presidents Thornton and Beatty of the C.N.R. and C.P.R., respectively, in regard to freight rates.

The new rate will bring the tariff on British Columbia fruits for United Kingdom ports to a parity with the rates on United States railroads from Yakima and Wenatchee points to Puget Sound ports for export.

Premier Tolmie also announced that he had discussed with Rt. Hon. J. H. Thomas plans for the development of the natural resources of British Columbia by British capital as a means of providing employment for British workmen. Mr. Thomas requested the provincial government to prepare a list of opportunities within the province where the investment of British capital would produce directly or indirectly the employment of British workmen.

ELECTION IN ONTARIO

Premier Ferguson Makes Announcement of Policy Prior to Contest

TORONTO, Sept. 17.—Premier Howard Ferguson announced that the Ontario provincial elections would take place October 30. Nominations will be on October 19. No changes in the cabinet will be made before the elections.

The liquor question promises to be one of the most interesting features in the election. In a manifesto Premier Ferguson promises a substantial reduction in hydro-electric power to rural consumers. Government loans will enable the farmers to install electrical equipment. Mr. Ferguson also promises lower license fees for passenger automobiles.

OILS WERE AWAY DOWN

Dumping of Issues Late Yesterday Causes Sudden Drop in Prices

GEORGE COPPER UP

VANCOUVER, Sept. 17.—Oil issues were dumped indiscriminately on the stock market in late trading yesterday, the losses running from five cents to two dollars, being scattered right through the list. Home lost two dollars on heavy sales, A.P.C., 42 cents, Calmont, 20 cents, C. and E. Corporation, 85 cents on big turnovers. Mayland and McLeod lost a dollar each on light offerings.

Outside of oils George Copper was the strongest issue, this stock advancing 50 cents.

Butedale Closed and Lowe Inlet About to Finish

Butedale and Klemtu canneries in the central division of District No. 2 have now closed down for the season and, at the end of this week, Lowe Inlet will close. This leaves only Namu and Walker Lake canneries still operating on fall varieties in the central division.

Salmon fishing on this section of the mainland will be practically discontinued by the end of this week with operations continuing only on the Queen Charlotte Islands.

LIGHT AIR MAIL ROUTE

Beacons and Towers to Be Installed in Connection With New Service

OTTAWA, Sept. 17.—Contracts have been awarded for lighting the Western Ontario airways and trans-prairie air mail route. The department of national defence today announced that on the prairies the Canadian General Electric Co. had received the contract for 14 electric airway beacons mounted on 50 foot towers and the Highway Lighthouse Co. the contract for 47 acetylene gas airway beacons.

The beacons are to be installed between Winnipeg and Calgary via Regina, Moose Jaw and Medicine Hat.

Aged B. C. Pioneer Dies at Vancouver

VANCOUVER, Sept. 17.—Edwin Blagdon Morgan, aged 75, president of E. B. Morgan Co. Ltd., pioneer resident of British Columbia, is dead, following a long illness.

PRICE OF WHEAT

VANCOUVER, Sept. 17.—The highest quotation on Number 1 Northern wheat on the local exchange was \$1.45½.

FUNERAL NOTICE

The funeral of the late Mrs. Alice McKay, Fraser Street, will take place from the chapel of the B. C. Undertakers at 2 p.m. on Wednesday, Rev. J. B. Gibson officiating.

Louis Martin, manager of the Central Hotel, is expected to return to the city on tomorrow afternoon's train from Lakelse Lake where he has been spending a two weeks' holiday.

NEW LOAN FOR B. C.

Large Syndicate Buys Five Per Cent Securities of Province At 98.8

VICTORIA, Sept. 17.—A new provincial five per cent 30-year bond issue of three billion dollars required for refunding maturing obligations, was awarded by Hon. W. C. Shelly yesterday afternoon to a syndicate composed of Dillon Read & Co. of New York, Dominion Securities Corporation, Wood, Gundy & Co., Canadian Bank of Commerce, Royal Bank of Canada and A. E. Ames & Co. All but one are Canadian firms. The price paid was 98.8 payable in Victoria funds. The loan is thus costing the province 5.075 per cent.

Counting the Cost in Connection With Arrest of Douks

(Nelson News)

It is to be hoped that the city authorities will be able to avoid arresting many of the Sons of Freedom.

To put them in jail would cost the city \$1 a day per head.

With any substantial number of Doukhobors this cost would amount to a large sum and would mean either an increase in taxation or less civic work. One hundred Doukhobors in jail for 90 days would cost \$900.

It is for the province to make the arrests as the problem arises from outside and not inside the city.

The provincial authorities have done well in the arrest of 128 of the Sons of Freedom who have been on trial during the past three days, and if further arrests have to be made the expense of proceedings and of keeping them in jail after sentence should not fall on the Nelson taxpayers.

President Beatty Visiting Victoria

VANCOUVER, Sept. 17.—President E. W. Beatty of the Canadian Pacific Railway and party of businessmen, arrived today and proceeded to Victoria.

Local Party Shot Two Grizzly Bears Near Bella Coola When on Trip Which Ended This Morning

Dr. R. G. Large of Port Simpson; L. W. Waugh, of this city; Stan Wilson of Toronto, Dr. Large's brother-in-law; and J. C. Hunt of Port Simpson returned to the city this morning aboard Dr. Large's power cruiser Sunbeam III. After a successful three weeks' big game hunt and pleasure cruise to the Bella Coola district, the outstanding exploit of their expedition having been the shooting of two grizzly bears, whose pelts they brought home with them.

Excellent weather favored the expedition throughout.

Arriving at Bella Coola, they motored some thirty-five miles up the valley and then continued their trip by saddle horse and pack train. It took them eight hours to climb a mountain some 6000 feet in height and there they encamped for two or three days. Following the Mackenzie trail, they proceeded some eighty miles up the Bella Coola Valley and it was on the flats near the river in the eastern district of the province where they shot their grizzlies. The skins will be forwarded to Vancouver to be cured and mounted.

The party also enjoyed fine angling in the remote rivers and creeks which they visited.

Nanaimo Man Died Last Night

NANAIMO, Sept. 17.—The death occurred last night of J. H. Good, an old time resident and leading furniture man of this city. He was born at Hope, B.C. more than 60 years ago, the son of Rev. Canon Good, one of the earliest Anglican clergymen to come to the province.

Vancouver Lady Died as Result of Broken Neck

CALGARY, Sept. 17.—Mrs. G. W. Allan of Vancouver died Monday at Blairmore, as the result of a broken neck sustained in an auto accident Sunday. Her husband escaped with minor injuries. They were returning home from a tour of the prairies.

TRADE WITH AUSTRALIA

Committee of Businessmen Appointed to Cooperate With Trade Commissioner

VANCOUVER, Sept. 17.—At a meeting of the British Columbia exporters and importers here yesterday, attended by representatives from New Westminster, Victoria and Prince Rupert, in addition to the local men, a committee of representative businessmen was formed with a view to cooperating with R. C. Haynes, Australian trade commissioner in Canada in stimulating inter-Dominion trade.

Noted Australian Explorer Looks Happy---Why Not?

Sir Hubert Wilkins, famous Australian explorer and newspaper correspondent, is here seen with his wife, the former Suzanne Bennett, during the National Air Races at Cleveland. This is the first photograph to be taken of the newlyweds since their recent marriage.

LIGHTHOUSE BOARD WILL CONSIDER THE HECATE STR. LIGHTS

A. Brooksbank, secretary of the Associated Boards of Trade of Central British Columbia, has received word from Hon. P. J. A. Cardin, minister of marine and fisheries, acknowledging a resolution of the Boards, and stating that the matter is listed for further consideration of the Lighthouse Board of Canada.

Burns Lake Fire Loss Was \$5500

Damage in MacNeil Residence and Telegraph Office Partially Covered by Insurance; to Rebuild

Total value of the residence of H. D. MacNeil and the Government Telegraph office at Burns Lake which were destroyed by fire early last Saturday morning is estimated at \$5,500, the loss being partially covered by insurance, according to further word received in the city. Some of the contents of the building were saved by neighbors who rendered great assistance.

The origin of the fire is unknown. It occurred while Mr. and Mrs. MacNeil and members of their family were attending a fall fair dance for children.

Mr. MacNeil plans to rebuild immediately on the same location.

Long distance communication was available immediately after the fire and the telegraph office is reestablished in first class quarters and convenient location today.

Body of Little Girl Is Brought Here for Burial

The body of little Agnes Amstutz, twenty-month-old daughter of Mr. and Mrs. Joe Amstutz, who was accidentally drowned at Swanson Bay last Saturday, was brought here by the father this morning and placed in charge of the B. C. Undertakers. The child was born in Prince Rupert, her parents being of Swiss descent. The mother will arrive here Friday morning on the Cardena from Swanson Bay and burial will take place that afternoon.

The body was brought to this city from Swanson Bay aboard the fishery patrol cruiser Senepa.

An enquiry establishing accidental death was held this morning by Coroner C. L. Monroe.

Representative of Japanese Flour Milling Company Feels Full Cargoes Possible Here

Studying trade possibilities here and securing industrial and port information which he will convey to his principals, Naoki Iwasaki of Seattle, representative of the Nishin Flour Mills Co., Ltd., of Tokyo, Japan, is spending a few days in the city. From what he has seen here, Mr. Iwasaki believes there should be little difficulty in the way of making up full mixed cargo shipments here for Japan. While his company is interested more particularly in grain, there are others which would buy such lumber as spruce, hemlock and cedar and it will not be long, Mr. Iwasaki believes, before Prince Rupert is sending these cargoes to Japan. Fish can also be exported from here to Japan.

Mr. Iwasaki's company is a very large and important one and operates no less than twelve great flour mills at various ports in Japan, their total capacity being 25,000 barrels per day. One of the largest of these mills situated at Yokohama produces 7000 barrels per day and has elevator capacity of 2,078,000 bushels. Last year the company took fifteen million bushels of Canadian wheat, most of which was exported from Vancouver, although 130,000 bushels went across from Prince Rupert.

Mr. Iwasaki has just completed a tour of the Peace River valley and is of the opinion that much of the grain from that district will eventually find its coast outlet over the easy grades to Prince Rupert. Mr. Iwasaki states that his company is fully aware of the fact that this port is much closer to the Orient than Vancouver and also that it is more convenient to the Peace River.

While here Mr. Iwasaki is going into conference with lumber and shipping men. He arrived from Edmonton on Sunday and will go south on the steamer Prince Rupert Thursday night.

Mr. Iwasaki had a conference yesterday afternoon with the council of the Prince Rupert Board of Trade on the matter of shipping conditions at this port.

Minimum Wage for Drug Clerks Asked From Supreme Court

VANCOUVER, Sept. 17.—Immediate action will be instituted by the Drug Clerks' Association of British Columbia to seek a mandamus order from the Supreme Court compelling the minimum wage board to establish a minimum scale for drug clerks.

NEW ZEALAND TRADE

WELLINGTON, N.Z., Sept. 17.—New Zealand will appoint a trade representative in Canada, it was announced today.

SUICIDE WAS DEATH CAUSE

Coroner's Jury So Finds in Case of Mrs. Alice McKay—Witnesses Heard

The jury before Coroner C. L. Monroe investigating the death of Mrs. Alice McKay returned a verdict yesterday afternoon to the effect that the woman had come to her death as a result of a revolver shot self-inflicted. The witnesses were Emil Wieg, who discovered the tragedy; Peter Laporte, who accompanied the ambulance driver when he was called and who knew deceased for many years; Corp. C. G. Barber and Staff Sergeant Alex McNeil, police officers, and Dr. J. H. Carson who performed an autopsy. Deceased's husband, from whom she had been separated for several years, is at present in Burns Lake. The funeral will take place tomorrow afternoon.

Canadian Coinage to Be Buried In Geneva Foundation

(By The Canadian Press)
OTTAWA, Sept. 17.—A specimen of Canadian coinage will likely be buried with the foundation stone of the new League of Nations building, which is to be laid during the session of the Assembly in Geneva this month. A copy of a circular communication, asking that all state members of the League bring with them to the assembly specimens of their national coinage for this purpose, has been received by the Dominion government.

Wife of J. H. McVety Dies In Vancouver

VANCOUVER, Sept. 17.—Resident of Vancouver for 41 years, Mrs. Lillie McVety, aged 50, wife of James J. McVety, superintendent for British Columbia of the Dominion Employment service, died Sunday.

DAILY EDITION

Tuesday, Sept. 17, 1929

FULL MIXED CARGOES

Naoki Iwasaki, representative of an important Japanese milling company, tells The Daily News that there should be little difficulty in developing full mixed cargoes of grain and lumber here for shipment to Japan. From what we have been hearing of late, we might have been led to think it was high impossible not because we have not grain, but because Japan does not want spruce or hemlock. But Mr. Iwasaki tells us quite plainly that there is a market in Japan for those timbers. There is also the possibility, he says, of shipping fish from here.

Sometimes things like this seem easier to outsiders than to those of us who live here and visualize difficulties to be larger than they really are. Some day one of these outsiders is going to come and do for us what we deem impossible ourselves. Mr. Iwasaki is probably right.

THE LIBERAL SPEAKERS

It was a distinct pleasure for Prince Rupert people to hear Hon. Dr. King and Mr. Farris of Vancouver Saturday night, but it was probably more interesting to the most of people to hear Olof Hanson, the Liberal candidate, in what might be described as his maiden appearance on the public platform—at least before an audience as large.

We are very much afraid that Mr. Hanson is going to prove neither a great politician or orator—he seems to have an innate modesty that will prevent him from success in either line—but we already know him to be a successful business man and an effective rustler for things he wants. In serving a community, as serving a business, it may be that glib oratory is, after all, a non-essential. Whether or not he can orate, we know Mr. Hanson can do things and that, after all, is what we want.

Hon. Dr. King did not prove himself any great orator and we did not expect he would. However, it could be seen even on the platform that he had a delightful personality and meditative ability.

To Mr. Farris the oratorical blandishments were left and it cannot be said that he did not kindle enthusiasm in the audience by cool reasoning as well as by eloquent words.

IMPROVEMENTS AROUND ROAD

Visitors to the present end of Kaien Island highway at Galloway Rapids believe that, with very little expense, the government could make things much more attractive there by putting in a few seats and possibly a table or two and shelter for the picnickers. After all, Prince Rupert people have few places to go by land and a little attention might be justified there just as well as at the Salt Lakes.

There are also other developments that could be made with the highway as it stands. Some facilities could be put in around the little lake toward the end for the benefit of picnickers.

A suggestion has also been made that a trail might be cut from the road down to Butze Rapids, where there is a sea waterfall that can outdo even the Gorge at Victoria.

FOUND HIS WAR ANGEL AFTER LONG SEARCH

Left, Mrs. Richard M. Butler, who, as Maureen Smith, nursed a British war hero back to health, and married him, after he had vainly tried to find her for 11 years. Richard M. Butler, right, is the rich Britisher who fell in love with her, lost track of her, and woke up in a London hospital one morning to find Miss Smith bending over him, when he was taken there suffering from injuries received in a motor car accident.

Canadian Commerce Chamber Convention Big Political Gesture, Retrospect Says

(By H. F. PULLEN)

The convention of the Canadian Chamber of Commerce was a big political gesture. That is the conclusion at which one arrives as he looks back on it at the close of the tour. That does not necessarily mean that it had to do with Canadian party politics, although to some extent it probably did that. It had more particularly to do with Empire politics and as such may be looked upon as very successful. Empire partnership, Empire viewpoints, Empire needs and greatness were stressed. President Birks avowed himself an ardent

Imperialist, and speaker after speaker brought out phases of the Imperial idea. Some of the British visitors were in Canada to learn, but those put forward by the program framers were in the country on propaganda bent and they stuck to their job well throughout. On the whole, they were well received and they will probably return to Britain and tell of the pro-British sentiment they found in this country.

Taken as a whole, the convention was a Conservative gesture, both Canadian and British. Most of the speakers were Conservative and the only member of the British Labor party present, Dr. Spiro, was quietly squelched after a little address in the Peace River which was not generally approved. The leader of the Conservative party made an effective speech and was well received, but it was a political speech of the most flagrant kind, part of it being an exact duplication of the address he made at Prince Rupert. "Buy within Canada" and "buy within the Empire" were the slogans, but one speaker, in particular, in urging it, suggested that it be not done in the Sir Wilfrid Laurier way, but that a less haphazard method be adopted.

Canada for the Canadians, the British Empire for the British was emphasized from beginning to end, although not in those words.

Famous Men

Addresses by such famous men as Rt. Hon. L. C. M. S. Amery, Hon.

Terrace Fair Great Success and Described as Best Ever Staged in Central Interior

TERRACE, Sept. 16 — Friday the thirteenth should hold no terrors for the Terrace Fall Fair Association following the unqualified success of their efforts in staging on that ominous date what was freely described as one of the best fairs ever held in central British Columbia.

At 1 p.m. President N. Sherwood introduced Dr. H. C. Winch, M. P. for Skeena, who formally declared the fair open after a brief talk in which he emphasized the necessity for cooperation in all endeavors toward the making of a successful exhibition.

Weather conditions were ideal, it being bright, but cool.

There was strong competition in practically all sections, resulting in the two large halls being filled to overflowing with a magnificent array of produce of farm, field, orchard, garden, mine, home and school.

Stock Interesting

While more interest was shown in the exhibition of stock, than in the past year, there was still room for marked improvement in this section. Considering the quantity of stock now raised throughout the district, the stock yard was very empty, although the animals shown were of a high order.

Considerable interest centred around the Boys' and Girls' Pig Club exhibits, prizes for which went to Irene Dentinger, Tony Hipp, Alan Lips, Elmer McConnell, Joe Hipp, Geo. Anderson, Walter McConnell and Hazle McConnell, in the order named, the prizes ranging from \$10.00 to \$3.00.

The poultry section came in for more adverse criticism than any other part of the show, due to the fact that the list had been cut down to such an extent that the different breeds were competing against each other, a condition making judging hard and causing general dissatisfaction. Some splendid birds were on display, however.

The downstairs hall was filled to overflowing with a splendid display of field roots, grains, grasses and vegetables, which, like the fruit, paid tribute to the wonderful possibilities of the district from an agricultural standpoint. On entering the upstairs hall,

the profusion of color of the flower display first met the eye and presented a very pleasing appearance. Due to ideal weather conditions this summer, the flower display surpassed that of any other year both in quantity and quality and, as usual, added much to the general attractiveness of the building.

Fruit Good

Fruit was shown in large quantities, its coloring and state of maturity being unusually good.

All classes in the fancy work and home cooking sections were keenly contested. Some very fine work was on display in the former while the latter ably upheld the reputation of the Terrace ladies in the culinary line. The space allotted to the cooking department was much too small, and owing to being placed in the dark corner of the hall, the display did not show up to the advantage it merited.

The children had their own section in the cooking and fancy work, and there were some fine looking exhibits.

School work was displayed down stairs and was judged by Dr. Gisborne K.C., of Ottawa, a member of the Anglican Commission, who was a visitor in town.

The fair board and the public generally welcomed the activities of the Terrace Women's Institute whose health booth was both an educational and an attractive feature of the exhibition. Mrs. Geo. Little assisted by Mrs. Allen and the public school staff, were responsible for its arrangement, and Mrs. J. Smith and Miss K. Burnett, in horses' uniform, weighed and measured children up to five years.

The institute tea room, under

HOW MILLIONAIRE MET DEATH IN SPEEDBOAT CRASH

The bow of the lake boat "Thousand Islander" shows the gaping hole torn when it collided with the speedboat, "Giggle," in the St. Lawrence River. Above is Charles Lipe, Syracuse millionaire, who was the owner of the "Giggle," and who met death with his wife (below) either by drowning or injuries received in the crash. Their bodies have not been recovered.

News of the Mines

AROUND PRINCE RUPERT

Silver Cup Running Efficiently; Provincial Mineralogist Examining Topley Richfield; Silver King Financing Completed

The concentrator at the Silver Cup mine is proving one of the most efficient plants of its kind in British Columbia, in the opinion of J. J. Crossman, one of the officials of the company, who recently spent several days at the property, and he states that present operations are such as to justify the prediction of a great future for the Silver Cup. The mill is working steadily, being fed with some of the lower grades of ore at present, but in the twenty-four

hours of operation approximately seven tons of concentrates are being milled. The chief value is silver, present concentrates averaging 126 ounces of this metal to the ton. Development operations are being carried steadily ahead and some excellent ore has been opened in the various workings advanced to build up a reserve to ensure steady operation of the mill. Tracing out the fine surface exposures in relation to the underground exploration, Mr. Crossman predicts a profitable future for the Silver Cup. A big factor in the Cup's success, in the opinion of the visitor, is the low overhead, there being no fancy salaries for officials and no great engineering expense, in fact there is only one man on the pay roll who is not busy mining. Even the directors in paying official visits must pay their own expenses to and from the mine, and in every other way Mr. Crossman declares the mine is being given a chance to justify the faith of the directors and shareholders.

Omineca mining division won added laurels at the provincial exhibition at New Westminster last week, when the exhibit sent there by the Chamber of Mines in Smithers captured second prize in a very keen competition. More than 20 of the 40-odd mining divisions of the province had exhibits entered. After a lengthy deliberation the judges awarded the first prize to Nicola, with Omineca second and Portland Canal third. The prize won by the interior Chamber of Mines is \$75 in cash, and this is the third year in succession that this same award has come to Smithers.

To make an exhaustive report on conditions existing at Topley-Richfield mine, and to examine the

the convenership of Mrs. Halliwell received steady patronage.

The exhibits were removed after 6 o'clock and a dance was held in the evening at which there was a record attendance. Mr. A. Holmwood was floor manager, and music was furnished by a four-piece orchestra. The women's institute did the catering. Drawing for the lucky tickets took place after supper, J. K. Gordon holding the ticket for the \$10,000 prize, George Little for the \$5,000, Mrs. H. Halliwell, \$4,000.

A meeting of the directors will be held next Friday evening when a financial statement will be available.

progress at Owen Lake and other mining centres in the district, J. D. Galloway, the provincial mineralogist, has spent the past week in Smithers and district. On Sunday Mr. Galloway left with Douglas Lay on the trip to Owen Lake mine, going over the road from Houston to within nine miles of the property by automobile. In the days before his promotion to his present post in the service of the department of mines at Victoria, Mr. Galloway was resident mining engineer for the interior district, and he has always retained his keen interest in the progress made in his former field. While Mr. Galloway will visit several properties in the district, it is understood his chief attention and the real purpose of his visit centres around the developments under way at Topley-Richfield mine.

Completion of financing for extensive operations on the Silver King property have been completed in Montreal under the deal arranged at the end of July whereby Pat Daly, the well known Portland Canal mining man, and his associates took over control of interest in that property. In a telegram to P. J. Higgins last week Mr. Daly announced that he had succeeded in his financing mission and has induced strong eastern capital to enter the field through the Silver King. Before leaving Smithers for the east, Mr. Daly announced that plans called for the installation of sufficient heavy machinery to rush development along and that new buildings would be required for the operations proposed. This work will be chiefly centred in an extension of a long tunnel at a low level, which had been started when the property was in the hands of P. J. Higgins and associates. During the summer Mr. Higgins has been at the property, and considerable work has been performed in the way of further exposing the ore showings. Some of these, apart from the ore zone toward which the tunnel will be directed, will come in for attention when the plans of the new organization are launched.

Representing a large American operating company with eyes attracted to the central interior district through recent developments, William H. Crago, a mining engineer of Winnipeg, is in that district this week to examine a large number of the outstanding prospects, and with a waiting list of a dozen or more groups still to be visited, he expects to be in the district for the next week or ten days. In the Ba-

line district Mr. Crago inspected the Harvey group, and also visited the Rainbow property, from which some fine ore has been uncovered in prospecting work of the past two weeks. On Hudson Bay mountain the Empire, Snowshoe, Jessie, Yukon and Wade properties have been examined within the past few days, and Mr. Crago left to inspect some recent discoveries in the Houston district. He will return in a few days to visit other properties at Smithers, Telkwa and other points in the district.

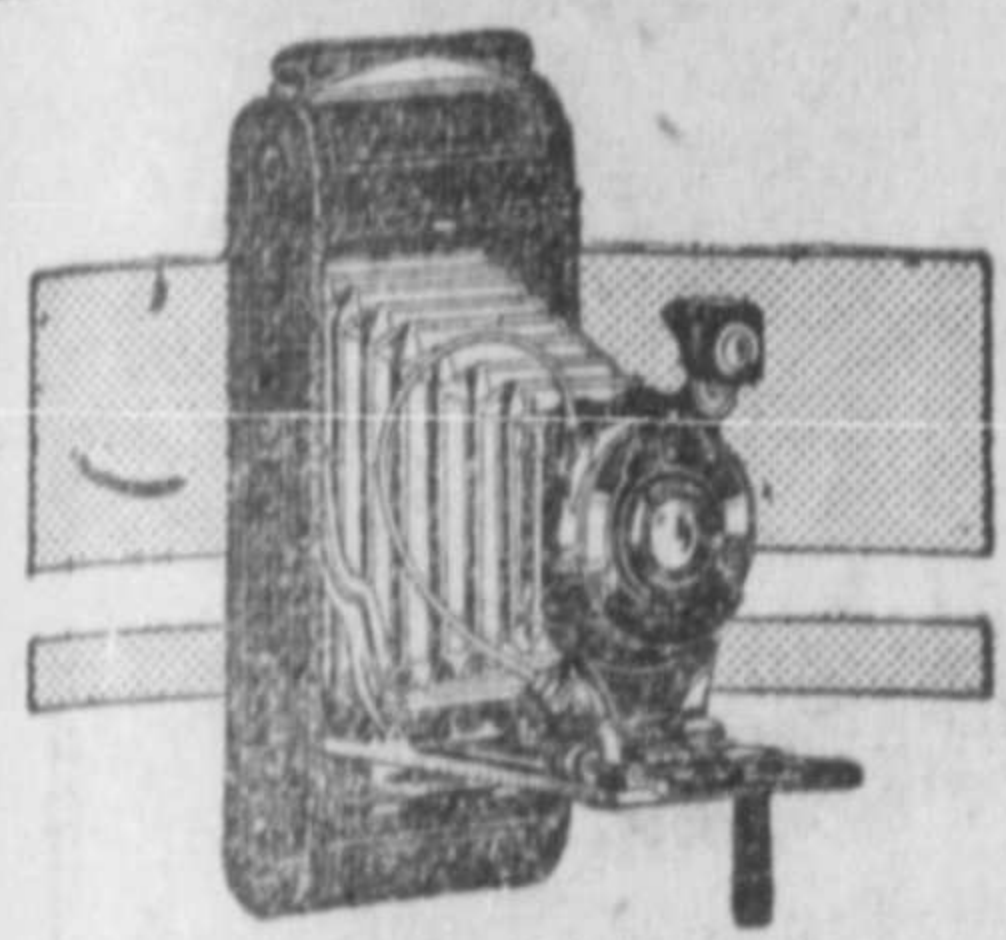

Harvest Festival Auction Was Held

There was quite a large crowd at a harvest festival auction held by the Salvation Army last night in the citadel. A fine display of donations was auctioned by George J. Dawes and proceeds from the sale were quite satisfactory. The money will be used in Salvation Army work.

ATTENTION ELKS

Meeting tonight cancelled. Next regular meeting, Tuesday, Oct. 1. J. C. Arseneau, Secty.

Miss Dorothy Patmore and Billy Patmore are sailing this afternoon on the Catala for Vancouver, where they will resume their studies at the University of British Columbia.

D. S. Cameron, fisheries overseer for the central division, arrived in the city from Swanson Bay this morning aboard the department cruiser Senepa and will return down the coast tomorrow morning.

After many adjournments, the case of Matt Videck, who is charged with keeping liquor for sale, is set for hearing this evening before W. E. Collison J.P. in city police court and it is expected will now be disposed of.

Late through having extra calls to make, Union steamer Catala. Capt. A. E. Dickson, is due at 5 o'clock this afternoon from Anyox. Stewart and other northern points of call and will sail soon thereafter for the south.

L. W. Waugh, manager of Canadian National Telegraphs, returned to the city this morning after a two weeks' cruise with Dr. R. G. Large of Port Simpson to Bella Coola and other points down the coast aboard the power vessel Sunbeam II.

John Dore, district superintendent of Government Telegraphs, is expected to return to the city on tomorrow afternoon's train from a trip to Burns Lake on business in connection with the fire which destroyed the telegraph building there last week.

PRECARIOUS DRESSING

"Many well-dressed girls," says a writer, "buy their clothes on the instalment plan." Most are wearing the first instalment, says a contemporary.

LOVE ON THE HEIGHTS

Teacher—What did Juliet say when she met Romeo in the balcony?
Pupil—Couldn't you get seats in the orchestra?

From Youth to Age

There are three trying periods in a woman's life: when the girl matures to womanhood, when a woman gives birth to her first child, when a woman reaches middle age. At these times Lydia E. Pinkham's Vegetable Compound helps to restore normal health and vigor.

FLIGHTS POPULAR

Many Went in Air Yesterday Aboard Queen of Yukon and More This Afternoon

Flights being given over the city by the Yukon Airways monoplane Queen of the Yukon II. are proving popular and some six or seven ascents were made with passengers yesterday afternoon. For many it was their first flights.

The weather was auspicious for the 15-minute cruises on which the plane passed over Digby Island, turning around at the mouth of the harbor, flying over the city, then over Shawatians Lake, skirting the top of Mount Morse and down again. The plane was functioning perfectly. The altitude attained was usually about 2000 feet.

More flights are being given here this afternoon and evening and the plane will leave tomorrow morning for Anyox, where similar flights will be made for a couple of days, before proceeding to the Yukon.

Halibut Sales

Summary

American—95,000 pounds, 14.8c and 8c to 16.9c and 9c.

Soviet Purchases Tractors From U. S.

Approximately Seven Million Dollars Spent by Russia on One Order

VANCOUVER, Sept. 17.—Caterpillar Tractor Co. has just recently received at their executive office in San Leandro, Cal., an order from the Soviet government of Russia for 1700 of the large size Model 60 "Caterpillar" tractors, 300 of the Model 30 size, and 400 Holt combined harvesters.

This order runs to probably in the neighborhood of \$7,000,000, and reflects a most decided stamp of approval on "Caterpillar" tractors and harvesters.

The Soviet government is embarking this year on a very large grain-planting program and necessarily before purchasing such machinery is needed canvassed the world market very thoroughly, with the result that this handsome order was given to the Caterpillar Tractor Co.

Some 250 of these tractors are now in the hands of successful British Columbia owners, all of whom are enabled to reduce cost, and therefore, make more money than under their prior methods of operation.

Just recently one of the Holt combined harvesters has been operating very successfully in the Pitt Meadows district in the harvesting of oats, and the results of such work have been rather astounding, as to the extra amount of grain saved and cost of help eliminated.

This is the first combined harvester that has ever worked in the province of British Columbia.

BWARE OF DIETS WITHOUT BULK

Kellogg's ALL-BRAN Will Protect You

People are more careful than ever before about diet. They diet to clear complexions. They avoid certain foods to stay thin. They eat others to get fat. But many are running a serious danger because they are missing the "roughage" or "bulk" foods that every person must have to keep well.

As a result, constipation gets in its deadly work. Headaches, listlessness, circled eyes are only the first symptoms. In the end, constipation ruins health, wrecks beauty and may cause serious disease.

Don't neglect your daily roughage. That is nature's rule. Kellogg's ALL-BRAN will supply it. A healthful cereal to eat each day. To use in cooked dishes or to serve with milk or cream. To mix with other cereals.

ALL-BRAN is guaranteed to relieve constipation—to prevent it. Two tablespoonfuls daily—chronic cases, with every meal. It is 100% bran. Doctors recommend it. Your grocer sells it. Served by hotels, restaurants, dining cars. Made by Kellogg in London, Ontario.

Was Prominent Ottawa Doctor

Dr. Alexander Graham, Who Died Recently, Brother of C. J. Graham of This City

Christopher J. Graham, well known local locomotive engineer for the Canadian National Railways, was bereaved on September 1 by the death at Prescott, Ariz., of his brother, Dr. Alexander Graham, who was one of the best known physicians of the city of Ottawa, Ont. Dr. Graham, who had not been in the best of health for several months and had gone to Arizona for the benefit of his health, was

PENNANT IN DOUBT

Pirates Take Double Header From Phillies. While Cubs Were Idle Yesterday

NEW YORK, Sept. 17.—Pittsburgh Pirates took a double header from the Phillies yesterday, thereby delaying the clinching of the National League pennant by Chicago Cubs who were idle in Brooklyn because of rain.

St. Louis Cardinals beat New York Giants in an 11-inning game. Melvin Ott hit his thirty-ninth homer, going into a three-cornered league tie for circuit clout leadership with Chuck Klein and Hack Wilson.

In the American League, Alvin Crowder set the Philadelphia Athletics down without a hit in eight of nine innings to give St. Louis Browns the victory. Jimmy Fox, thirty-third homer of the season, brought the Athletics their only two runs.

Yesterday's big league scores:

National League

New York 4, St. Louis 5.
Philadelphia 2-2, Pittsburgh 3-5.
Boston 8, Cincinnati 4.

American League

Cleveland 4, New York 2.
Chicago 3, Boston 4.
St. Louis 3, Philadelphia 2.
Detroit 9, Washington 10.

Prince George Mill Men Take to Flying

Following Example of Mining Men in Order to Ascertain Their Resources

Millmen have followed the lead of mining men in the Prince George district to increase their store of knowledge of surrounding timber stands. Recently Pilot A. D. Cruickshank took J. Winton and W. Winton of the Eagle Lake Lumber Co. for a cruise up the valley of the Willow River as far as Stony Creek in a Western Canada Airways plane. The visibility was good and on the run of 50 miles the millmen got a good look at the timber.

Gardiner White Wins Totem Pole

Successful Golf Tournament at Jasper Park Closes With Presentations

JASPER, Alta., Sept. 17.—The famous totem pole trophy, the feature event of the Jasper Park Lodge golf week, leaves Canada for the first time in its four years of history. Noted as the emblem of the western Canada golf classic, it has previously reposed in a place of honor of Vancouver golf clubs, but, for the coming year, it will grace the Nassau Golf and Country Club at Long Island, a silent tribute to the skill of Gardiner W. White, runner-up in the Canadian amateur championships previously played on the Jasper Park Lodge course and the winner of the big event of the last golf week here.

In presenting the famous trophy to Mr. White, both Walter Pratt, general manager of the Canadian National hotels system, and Hon. W. W. Egbert, lieutenant-governor of the province of Alberta, stressed the pleasure it gave them to see the trophy won by an American golfer of international fame and the applause that greeted Mr. Pratt's opening remarks and his honor in presenting the trophy showed that the sixty-odd contestants in the week's events heartily approved of Mr. White as the totem pole trophy winner and appreciated the remarkable exhibition of golf that he gave.

Throughout the tournament Mr. White showed that he was in excellent form and after the first match against par, which he won handily by a score of two up, he was generally looked upon as the winner of the trophy, although it was conceded that Jack Starkey of Edmonton and Ben Cool of Calgary would give him a battle for the honor. This was particularly true in the case of Mr. Starkey, for the semi-final match between him and Mr. White was not decided until the eighteenth hole was reached; in the finals, however, Ben Cool of Calgary was defeated in the fourteenth hole by five up and four to go. Mr. Cool played better golf than this verdict would indicate and keenly contested the match until the final result.

During the afternoon prizes for the various week events were presented by Hon. Dr. Egbert in the presence of the various contestants and lodge guests. The presentation was made from in front of the main bungalow of the lodge and at the table on which they were displayed were A. J. Hills, assistant to the vice-president in charge of operation and construction and chairman of the golf week committee, Hon. Dr. Egbert and Walter Pratt. The presentations were made by his honor the lieutenant-governor.

Sport Chat

With outdoor sport activities over for the year, at least as far as scheduled doings are concerned, the thoughts of the fans will now turn to winter prospects. Of course this weather has been so good of late that there is not serious thought about it just yet but there will be soon, no doubt.

Basketball plans we have not heard a whisper about yet but, no doubt, some are thinking about it and the association will probably be calling its annual meeting ere long. There should be just as much basketball talent as ever. More attention should be paid this winter to the senior and ladies' leagues than was done last. After all, these two are the biggest drawing cards.

The success that has attended the Canadian National Softball League this summer makes us wonder again if indoor baseball could not be introduced here to make variety in winter sports. Years ago this game was staged in Prince Rupert with much success and it seems to recommend itself again. It should be the winter baseball as basketball is the winter soccer.

The St. Andrew's Society is already getting busy with its carpet bowling plans. Here is a game that almost everybody can participate in and, while it is not strong on the gate receipt end, it gives everybody a chance to play. There is talk of the Canadian Legion and the Canadian National Recreation Association taking up carpet bowling this winter, thus making a town league activity of it.

FAST POLO PLAYED AS BRITISH AND U.S. TEAMS CLASH
There was plenty of action in the first game of the United States Open Polo Championship at Meadowbrook, L.I., when the Sands Point team crossed mallets with the Eastcott team of England.

District News

REMO

Among the Remo visitors this week were Messrs. White and Waby and Dr. Sparrow, judges for the Terrace Fair. Mr. White was interested in the Remo strawberries, particularly the "Skeena Wonder," the berry Remo growers are specializing in. Dr. Sparrow inspected the stock on Zymacord Farm and pronounced them in perfect health.

A. Y. Wilson has purchased a potato digger, the first to be used in Remo.

Mrs. Whitaker of Amesbury was in Remo on Friday.

Mrs. Frank Robinson arrived in Remo from the United States on Saturday. Mr. and Mrs. Robinson will make their home in Terrace for the present.

General Blackstock, manager of the Kitsumkalum Timber Co., arrived in Remo from Toronto on Saturday and is the guest of A. Y. Wilson.

Harry Oram of the Hanson Timber Co., arrived in Remo on Friday to look over some timber in the interests of his company.

William Wilkinson of Smithers, is the guest of his parents, Mr. and Mrs. Sam Wilkinson.

TERRACE

Mrs. E. Aaserude and children of Shames, who were guests of Mrs. J. Downing, returned home at the beginning of the week.

Mrs. C. A. Smith and daughter, Frances, were in from Kalum Lake for the fair.

Dr. and Mrs. H. C. Winch of Hazelton, who were here for the fair, returned to the interior on Friday afternoon.

Sheldon Glover, manager of the Sealy mine at Usk, and Mrs. Glover, were visitors here on fair day, and were guests of Rev. A. W. Robinson.

Dr. Gisborne K.C., chancellor of the Anglican Synod of Ottawa, and a member of the Anglican Church commission which is at present touring the country on church business, accompanied Rev. A. W. Robinson home from Smithers on Thursday and spent a day here before continuing on to the coast. While here he was taken to the home of Mr. and Mrs. R. L. McIntosh, the site of the first established mission in the district, as well as to other places of interest.

Mrs. Letnes of Port Essington is a guest at the home of her sister, Mrs. H. L. Frank.

H. L. Hulbert of Remo was a visitor here on fair day.

Mrs. Steinoff and daughters of Dorreen were visitors here on fair day.

C. H. Sawle of New Hazelton was in town for the fair.

G. Hillen of Woodcock was a visitor here at the end of the week.

Mrs. A. Lewis of Prince Rupert, great success.

who has been camping at Lakelse Lake for the past two weeks, returned to town on Friday and was a fair visitor.

E. Aaserude of Shames was an exhibitor in the vegetable section at the fair.

Rev. T. H. Wright B.A. of Hazelton, was a visitor here on fair day and returned to the interior on Friday's train.

Mr. and Mrs. McKinnon of Vancouver were in town on Friday.

Oscar Olander, Paul Brodin, Oscar Gendron and Matt Allard were in from Kalum Lake for the fair on Friday.

S. S. Phillips of Smithers was here acting as judge of the field crop sections at the local fair.

Clarence Mines of Victoria, was a business visitor here during the week.

Mrs. C. A. Smith and daughter, Frances, left on Saturday, for Smithers to join Mr. Smith, who intends going into business in the interior town.

N. Sherwood and daughter, Barbara, left Saturday for Smithers to meet Mr. Sherwood's brother, who is en route from England to visit him here.

W. O'Brien and J. Post left Saturday to spend the week-end at their homes in Usk.

Mrs. W. Aird and Mrs. E. Barnes of Pacific, were in town Saturday.

Chas. Durham of Usk was in town on Saturday.

Robert Baird of Victoria, inspector of municipalities, arrived in town on Thursday to find all the municipal fathers out of town on the Board of Trade convention. However, H. Halliwell, municipal clerk, was holding the fort and was evidently able to satisfy the inspector that all was well as he continued on his tour on inspection next day.

BURNS LAKE

B. R. Harrison arrived in Burns Lake recently from Ootsa Lake with a large specimen of ore from a new strike on Chikamin Mountain which is claimed to assay over \$1000 to the ton.

The Burns Lake Hardware moved last week into its fine new building on Public Square.

Wilson Muirhead has arrived here from Prince George to join the staff of the Royal Bank of Canada.

H. C. Geigerich has arrived here to take over the management of the Consolidated Mining & Smelting Co.'s interests in the Tahtsa and Whitesall country.

Ed. Dack has been promoted to the post of teller in the local branch of the Royal Bank of Canada.

A son was born here last Monday to Mr. and Mrs. John Zielke of Sheraton.

Miss Jean Bailey of Prince Rupert has been a recent visitor here and in the district.

The annual Lakes District School Fair was held here last Friday, the event being as usual a great success.

NOTED AUTHOR NOW AT JASPER

Courtenay Ryley Cooper, Wild Life Psychologist Visiting Jasper Park

JASPER, Alta., Sept. 17.—Courtenay Ryley Cooper, noted authority on wild animal psychology, and one of America's foremost authors, arrived last night at Jasper Park Lodge, accompanied by Mrs. Cooper, and, during his stay in the world's biggest game preserve, will make a study of wild life in the Canadian Rockies. As a writer of circus stories and articles, Mr. Cooper has made an enviable international reputation and his faithful delineations of menagerie life under the big tent, of the reactions of the big cats from tropical jungles and the herds of "bulls" or the bulky elephants, are without peer in their drama and faithfulness of portrayal. He made the four legged troopers of continental live in literature.

Apart from his circus stories and articles, Mr. Cooper is the author of many other widely known articles, short stories and novels and the super film "Weary River," which had such a vogue recently was based on a story of the same name which he wrote.

Of recent years, Mr. Cooper has been interested in studying the pioneer conditions of his native Western United States and the "Last Frontier" in Northern Canada. His articles on Northern Quebec and Ontario have placed in him the foremost of Canadian students of northern development and his latest book "The Challenger of the Forest," with its locale at Nakina, a divisional point of the Canadian National Railways Transcontinental line in Northern Ontario, won for him fresh renown as a sympathetic delineator

of life on the outskirts of civilization in the north.

Mr. Cooper plans to stay at Jasper National Park a couple of weeks after which he will go for Port Churchill on the Hudson Bay Railway where the scene of his new novel will be laid. During his visit to the Rockies he will also make a study of Stuart Lake, a famous fishing ground, for, apart from trail and the study of wild life, Mr. Cooper throws a mean and delights in fishing.

Landslides Left Gold Deposits in New Zealand

AUCKLAND, New Zealand, Sept. 17.—The terrible landslides in the Matakaitaki valley, in the South Island of New Zealand, caused earthquakes and leaving death and destruction in their wake, have redeeming feature in that they appear to have unearthed huge gold deposits. Large nuggets have been found, and John Speer, geologist of the Matakaitaki Drilling Company, says that a thorough search of a split that has appeared in the ridge of the valley may reveal untold wealth.

With the momentary danger being engulfed in vast masses of tottering earth and trees, only most venturesome have sought golden prizes. Precautions have been taken to keep back footloose and unauthorized persons from risking their lives for the lure of gold.

AGE OF REFINEMENT

"And did you throw old shoes the couple, Liza?"
"Lavy, no, ma'am. We done a groom dat way last week. Preacher says we mustn't no adder regretfully. — From Times Union.

Man in the Moon

Travel has a broadening effect, especially for the darky porter.

Many a subject is like a lady with a past, more interesting than proper.

What a row there would be around the house if a man had to drink tepid water, eat poorly cooked food, dodge flies, and undergo other inconveniences he meets as he travels through the country.

Prince Rupert is a great town. All that is needed is a sense of appreciation of its virtues.

I wish I had a fishing boat, Or else a fishing smack, I jolly well would sail away, And never would come back.

I'd sail right to the far north pole And there I'd pitch my tent, And sell lots to discoverers, Who are on glory bent.

Jake says he had a visit from the mayor of Hole-in-the-Wall last week. He came to offer him the position of city clerk and Jake is giving the matter his earnest consideration.

Ten Years Ago

September 17, 1919

The mineral exhibit, organized by A. C. Garde, is one of the outstanding features of this year's exhibition.

The tanker Atlas is due here with a cargo of fuel tomorrow. The situation as a result of governmental dispute will then be greatly relieved.

A group of eastern financiers and manufacturers, interested in the Royal Bank of Canada, will arrive here at the end of the week in the course of a tour of the west.

Scottish Rite Masons Coming

Supreme Council Now at Jasper After Edmonton Convention

JASPER, Sept. 17.—Although the tourist season at Jasper National Park will end at the end of the month, many large convention parties are booked at Jasper Park Lodge during September. The vanguard of these arrived Sunday morning when a party of 50 members of the supreme council of Canada of the Scottish rite arrived accompanied by J. Mallory of the passenger department, Canadian National Railways, Toronto. The council has just completed its deliberations at Edmonton and prior to returning home is making a trip through to the Pacific coast. The members, who came from all parts of Canada, including Toronto, Renfrew, Hamilton, Winnipeg and St. John, will remain at the lodge for two days before taking the train for Prince Rupert and then sailing down the scenic inner passage on the Prince Rupert to Vancouver.

The second convention arrived last night when the Quaker City of Railroadmen, comprising passenger traffic officials from the various railroads in Pennsylvania registered at the lodge. They number more than half a hundred and are accompanied by G. L. Bryson, district passenger agent, Canadian National Railways, Wash., and will also remain in Canada's biggest game preserve for a couple of days before concluding their western tour. Other convention parties are booked to arrive during the week.

Appointments at Prince George

Smithers Men Fly To Finlay River For Prospecting

To carry on prospecting in Finlay River district on behalf of the Spencer Mining Syndicate of Vancouver, Chris Yeates, Tom Riley and Dan Chisholm left Smithers last week, their transfer to the northern region being by the modern airways system from Prince George. These three men were passengers on a Western Canada Airways plane making a trip to Thutade Lake, the first objective of the party being Takla Lake, where the men and three hundred pounds of provisions were unloaded. Other freight was taken on and the plane continued its flight to Thutade Lake. The party was organized at Smithers by H. L. Batten during his recent visit of inspection to mining properties in this district, and the prospectors will carry on work of exploration in Takla Lake district for several weeks, when they will again be picked up by the aeroplane and returned to Prince George.

Board of Works to Report Upon 6th Ave. Walk

A request from the school board that a sidewalk be built on Sixth Avenue between the Booth Memorial School and McBride Street for the protection of many children using that thoroughfare in coming to and from school was read at last night's council meeting and referred to the board of works for report.

The mayor referred to the matter as an ancient perennial. The city council had already informed the school board that it would be willing to build the walk if the property owners would agree but the property owners so far were not agreeable so he did not see what could be done about it. He suggested that the matter be referred to the board of works for report.

Ald. Brown suggested that the traffic of school children be diverted to Fifth or Seventh Avenues on both of which there were sidewalks. He ventured to say there were not 20 school children living on Sixth Avenue between Hays Cove Circle and McBride Street.

Ald. Prudhomme inquired if an initiative bylaw could not be introduced. This would give property owners the opportunity to object. Major McMordie replied that he did not think this would be fair. There were many property owners out of town and many who would not care to express their opposition even should they not be in favor.

The matter was finally referred to the board of works for report.

Board of Trade Delegates Return; Pleased With Trip

J. C. Brady M.P., H. F. Pullen and J. M. McKinley of the Board of Trade delegation to Peace River, Edmonton and Calgary, returned home yesterday afternoon. Alderman Collart is returning by way of Vancouver, E. T. Kenney and J. K. Gordon stopped off at Terrace and George Little left the train at Burns Lake.

All the delegates are satisfied that, no matter what else they did, they advertised Prince Rupert well. All enjoyed the trip.

Mountain Goat Escapes From Pacific Corral

Lassoed There When Cornered By Dogs After Crossing the River

Saturday morning at Pacific a big, wild billy goat swam across the Skeena River at Pacific. Two dogs chased it and cornered it at the section house where it was lassoed and put in a pen about eight feet high. Next morning Billy tired of being in confinement, leaped the walls of the enclosure and escaped, much to the disgust of the people of the village, who wished to keep him there.

LAKE DAM IS UNSAFE

City Council Has Report From Engineer Stating That Structure Dangerous and Needs Repairs

Having received a report from the city engineer that the structure was in a dangerous condition, the city council decided last night to draw to the attention of the Power Corporation of Canada that repairs were imperative at the Woodworth Lake dam.

The city engineer's report stated that the concrete in the dam was in very poor condition, showing much deterioration, although it was possible there might have been originally some faulty construction. One leak was emitting 200,000 gallons of water per day, another 20,000, and still another 40,000 gallons. The leakage was much too great for safety and the dam was in a dangerous condition and required repairs.

J. J. Little, manager for the Power Corporation, who was in attendance, stated that G. H. Kohl, locating engineer for the corporation, would shortly be back in Prince Rupert and would give the dam his attention. It was also the intention to measure the leaks. Mr. Little expressed the opinion that the leaks had not increased for some time.

Mayor McMordie explained that, under the agreement, it was up to the Power Corporation to execute the repairs. He thought the city would be wise in drawing the situation to the attention of the corporation. If the dam was left without repairs it would get worse.

Ald. Rudderham told of an inspection he had made of the dam. There was a crack twelve feet long that a person could put his arm through most of the day. The dam throughout seemed rotten with many holes. Altogether, he felt the situation was quite bad.

The council finally decided to draw attention of the Power Corporation to the condition of the dam.

Says City Ditch Caused His House to Settle Badly

A letter from E. A. Graup, complaining that the city had dug a deep ditch last February in the lane to the rear of his lot 3, block 39, section 5, which had caused his house to settle and asking that the city place the house in the same shape as it was before the ditch was put in, was read at last night's council meeting.

Ald. Brown, chairman of the board of works, stated he had looked at the house in the spring and had found that the ditch in question had drained water off the muskeg all around. He did not think the city was responsible. The matter was referred to the board of works and city engineer for report.

A local improvement construction bylaw providing for the building of a cinder sidewalk on Borden Street, was finally reconsidered and adopted at last night's council meeting.

TEACHERS' ASSOCIATION AT MEETING

Officers Elected and Reception Given To New Members of Local Staffs

The Prince Rupert Teachers' Association held their annual meeting last evening in the Booth Memorial school, with J. S. Wilson in the chair and twenty-seven other members present.

The president extended a hearty welcome to new members of the Prince Rupert teaching staff and hoped that their stay in Prince Rupert would be enjoyable.

The report of the executive referred to the successful meetings of the past year and suggested that in the forthcoming year certain research work might be profitably carried out.

Election of officers for the year resulted as follows:

President—J. S. Wilson.
Vice-president—A. Halleran.
Secretary-treasurer—W. W. C. O'Neill.

Executive committee—Miss Halliwell, Miss McArthur, D. H. Hartness, Mrs. Walker, Miss Roe.

Refreshment committee—Miss Curry, Miss McGuire, Miss Harrison, Mr. Gee.

Press correspondent—J. S. Wilson.

Pionaforte solos by Miss Leitch and Miss Grassie and vocal solos by Miss Halliwell, accompanied by Miss Grassie, were much enjoyed.

It is expected that H. Charlesworth, secretary of the B.C. Federation of Teachers, will visit Prince Rupert soon, and arrangements will be made to enable Mr. Charlesworth to address other bodies as well as the local teachers' association.

A hearty vote of thanks was accorded to the retiring executive. Members present, in addition to the president and secretary-treasurer, W. W. C. O'Neill, were Miss Mercer, Mr. Hartness, Miss McArthur, Miss Moffat, Miss Rothwell, Miss Easthope, Miss Garnett, Mrs. Walker, Miss Mitchell, Miss McGuire, Miss Grassie, Miss Leitch, Miss Hartin, Miss Lamb, Miss McKay, Miss Halliwell, Miss MacDonald, Miss Harrison, Miss McLean, Miss Vickers, Miss Palmer, Miss Roe, Miss Curry, Messrs. Plommer, Gee and Halleran.

The serving of refreshments gave the members an opportunity to meet the new members of the staffs before the meeting adjourned.

What Happens to Old Age Pension?

City Council Thinks It Should Be Used to Defray Maintenance at Provincial Home

On the suggestion of the city council of the town of Grand Forks, the local council last night passed a resolution seeking credit for the municipality out of old age pensions granted to inmates of the provincial home and endorsed back by them to the provincial government after 10% had been allowed for their personal use.

For example, Ald. Dibb explained, Prince Rupert had two inmates in the provincial home costing roughly \$234 each to maintain which the city was required to pay. Old age pensions of \$20 a month were granted, making a total of \$240 per year. Patients were given \$2 per month, or \$24 a year, of this and the rest endorsed over to the government. The city in turn was credited only with \$80, or about 33 1-3%. What happened to the balance it had been impossible to find out. The resolution asked that, after the 10% had been granted to the patients, the balance be split 75% to the city and 25% to the government to aid the municipalities in defraying the maintenance of the patients.

The council agreed that the city was entitled to receive this credit and passed the resolution unanimously.

Indian Woman Died Here Last Evening

Mrs. Lydia Webster, Aged 22, Port Simpson, Passes Away After Long Illness

The death occurred last evening in the Prince Rupert General Hospital, after a lengthy illness, of Mrs. Lydia Webster, daughter of David Swanson of Port Simpson. Deceased was twenty-two years of age and was born in Port Simpson. The remains are being forwarded by the B. C. Undertakers to the native village for interment.

The city council last night gave first readings to a bylaw repealing four local improvement bylaws providing for cement sidewalk construction in the business section. The bylaws are being repealed because the original estimates for the work were only about half of the bids which were received from contractors. New bylaws will probably be introduced later.
