NEW CONTRACTS AT DRYDOCK

120 EMPLOYEES JUST NOW AT SEAL COVE MILL

Car Barge and Steam Tug to be Constructed at Pr. Rupert Shipyard for Can. National

The management of the local drydock was advised this morning that it had been awarded, in competition with other yards in the south, the contract for the construction of an 185-foot car barge and 96-foot steam tug for use of the Canadian National Railways on Okanagan Lake. The whole job will run well over \$200,000.

Both the barge and tug will be of steel construction. The barge will have capacity for eight cars and is not as large as that which was built recently by the yard for service between Port Mann and Vancouver Island and which was 270 feet long with 17-car capacity. The tug will be equipped with a 360 h.p. steam engine.

Work on both craft will start in about six weeks' time when steel will have been delivered from the East. Fabrication will be carried out here during the coming year and next spring both vessels will be taken to Kelowna, where they will be erected.

As there is plenty of time for delivery, G. A. McMillan, superintendent of the dock, explained this morning that few, if any more, men than the present staff of the yard would be required to carry out the work.

U.S. BOATS TO BE TRIED SOON IN VANCOUVER

Milton Gonzales Retained For Defence of Owners of Four Trollers

E. F. Jones, acting as counsel on behalf of the fisheries department in the prosecution of four American salmon trolling boats—We, Tecora, Jeanette and May—which were seized two weeks ago by C. G. S. Malaspina at Goose Island, down the coast from here, and are charged with breach of international treaty by using Canadian harbors as a base for fishing operations, has been advised that the trials will be heard in admiralty court at Vancouver, the date not yet being set. Milton Gonzales, of Williams, Manson & Gonzales, has been retained to act in the defence of the four boats, which are now tied up at Digby Island, where they are in charge of the customs department.

Mr. Jones also has received instructions from the fisheries department to issue out of admiralty court a writ charging a fifth American boat—Katherine B.—which was seized at the end of last week off Rose Point with fishing within the three-mile limit. Whether this case will be taken up at the same time as the others is not yet known.

Result of British Election In Doubt Largely Because of Large Number of Candidates in the Constituencies

LONDON, May 29.—The general election campaign closes today with the Liberals still the party of mystery. The crux of tomorrow's polling lies not only in how far Lloyd George can succeed in splitting the vote, but also in the relationship of the number of seats he will win to the total Liberal vote polled.

With three or more candidates in each of 470 of the 615 constituencies, it is probable that quite a number of candidates will be elected on minority votes.

SEES GREAT FUTURE FOR TURNER VALLEY OIL

MONTREAL, May 29.—Optimism as to the future of Turner Valley as a great oil-producing territory was expressed Monday by Sir Francis Price, London banker.

Sir Francis was passing through here en route to England after making a survey of the Alberta oil fields.

FUNERAL NOTICE

The funeral of the late Mrs. G. Place will take place from the parlors of the B. C. Undertakers on Thursday, May 30, at 2:30 p.m., Rev. T. Ivon Jones M. A. officiating.

U. S. TARIFF BILL

SENATE WILL DELAY

WASHINGTON, May 29:—The House of Representatives yesterday passed the Tariff Bill and sent it to the Senate where the indications are it will not be taken up for several months.

EXPORT LUMBER TAX GOES ON

Agreement Reached With Federal Authorities to Continue For the Present

VICTORIA, May 29.—British Columbia has reached an agreement with the Federal Government by which logs from crown granted timber limits will not be allowed to be exported until they have paid the provincial tax, pending the result of the appeal from the judgment of Chief Justice Morrison declaring the tax ultra vires. It is suggested that, even if the final judgment is given against the export tax, the province may accomplish the desired result by levying a tax on all timber cut and rebating it on logs manufactured here.

THREE PARTIES IN BRITAIN ARE VERY CONFIDENT

All Express View That They Will Be Returned To Power by Electors

LONDON, May 29.—With the close of Premier Baldwin's speech, which is being broadcast from Manchester tonight, the general election will be all over except the voting by such of the 28,000,000 men and women as go to the polls tomorrow.

All three parties have expressed confidence in the results. Boiled down, the ground for their optimism amounts to this:

Conservatives see no sign of a landslide in any part of the country, and, allowing for the reaction against an expiring ministry which is encountered at nearly every election, they are confident the prime minister's statement made early in the campaign that he would secure a majority of 50 will be justified.

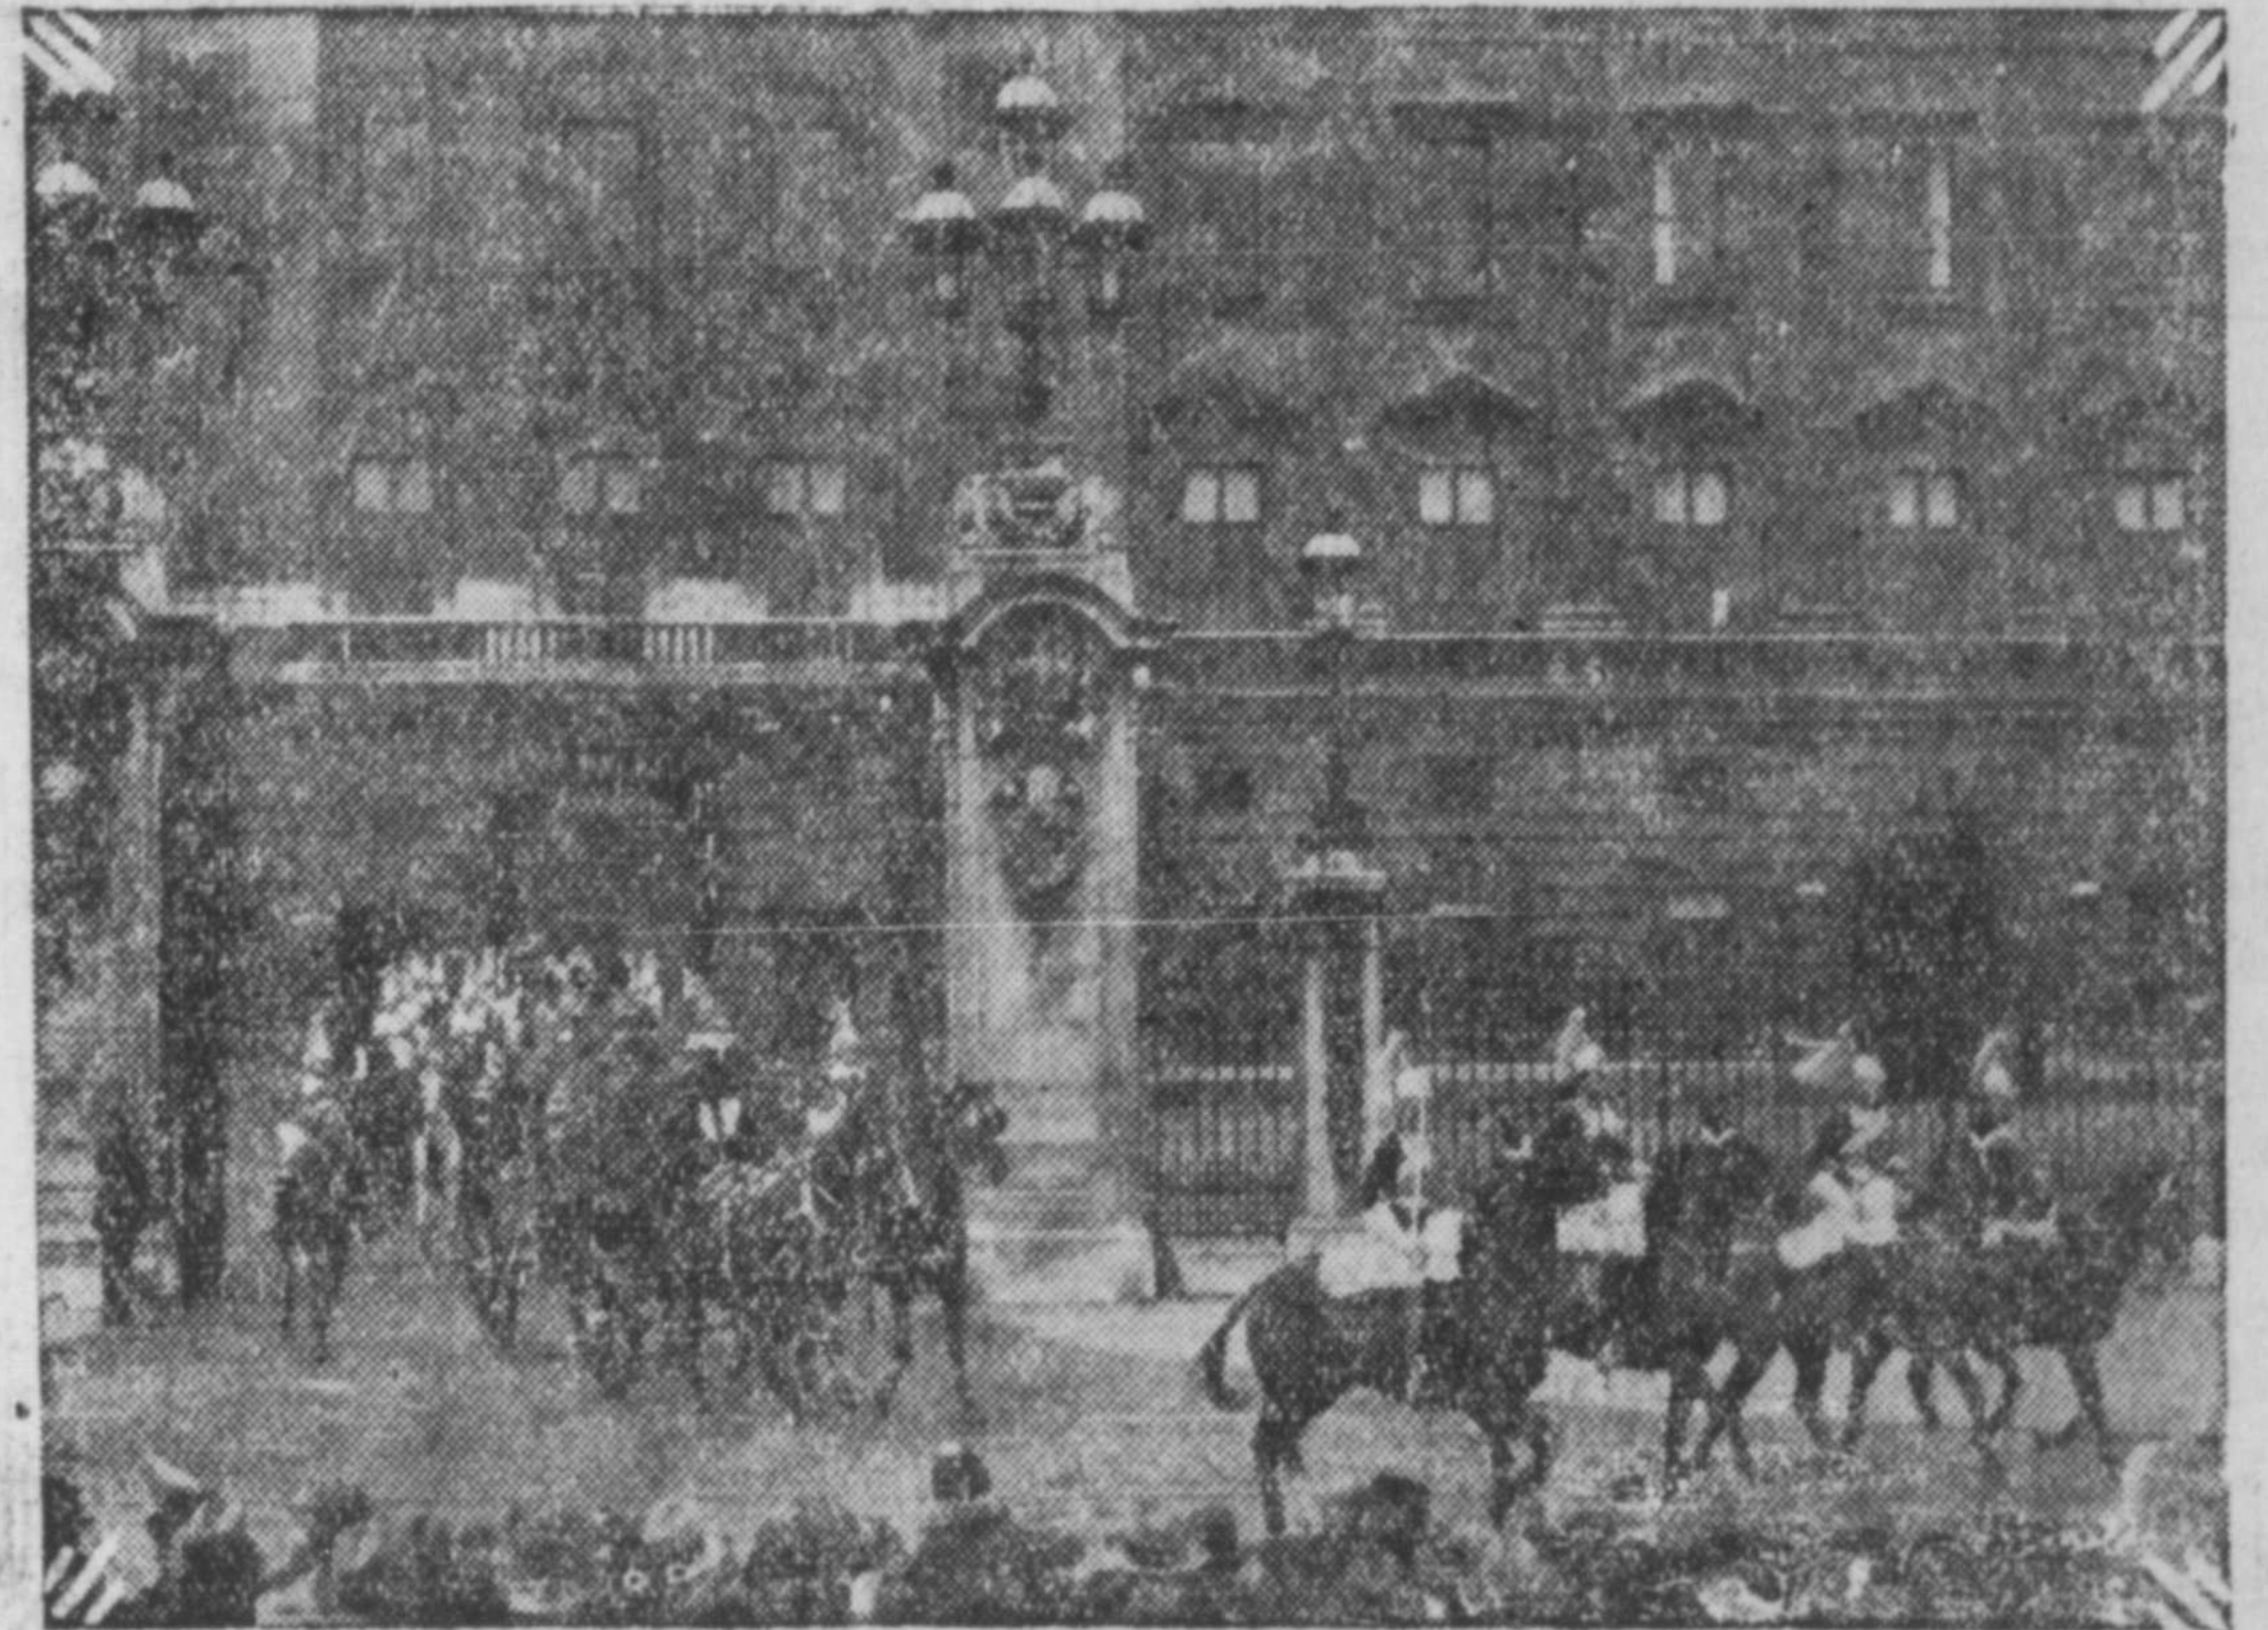

Liberals profess to be convinced the Conservatives will lose 200 seats, most of which will go Liberal.

Labor hopes, as expressed in today's Daily Herald, are a "net gain of 150 seats, which would mean a Labor Government. Formidable task though it may seem, it is not an impossible achievement." Labor is relying somewhat on Tory abstentions from the polls and is confident the new women's vote will come largely in their direction.

STOCK RECOVERY

NEW YORK, May 29.—Stock prices rebounded sharply on the New York exchange yesterday regaining a substantial portion of the previous day's losses. The recovery centred on rails.

SHOT AND KILLED WHEN MILKING COWS

EDMONTON, May 29.—While she was milking cows at 6 o'clock yesterday morning, the housekeeper of C. P. Aronchuk, a Ukrainian farmer, living 14 miles north of Waskeneau, was shot and killed by an unknown man.

EDMONTON, May 29.—It is learned that the name of the murdered woman in yesterday's brutal crime, 14 miles north of Waskatenau, is Mrs. Martyn Hulowski, 25 years of age. She was allegedly shot and killed by her husband who is at death's door as a result of shooting himself in the face with a heavy rifle and is being brought here.

General McRae and J. C. Brady Both Object to Treaty with U. S. Over the Fraser River Sockeye

OTTAWA, May 29.—A heated discussion on the treaty between Canada and United States dealing with control of the sockeye salmon fisheries of the Fraser River featured last night's sitting of the marine and fisheries committee of the House of Commons. Taking exception to the remarks of Dr. King, minister of pensions and health, Gen. A. D. McRae, chief Conservative whip, declared he was prepared to go on the public platform with Dr. King and discuss the pact.

In opposing a suggestion from A. E. McLean, Liberal, that the convention might stand over until next session, Dr. King said the treaty was the work of scientific men of both countries to restore the greatest salmon fisheries in the world. Postponement of approval of the treaty would not be in the interests of British Columbia or the parties interested, he said. The committee had given the matter very full consideration. He had heard in the committee, he said, speeches which might well have been made in the House of Commons or on the hustings. If British Columbia members were prepared to go to B. C. and discuss this on the public hustings well and good.

General McRae said he was prepared to go on the platform with Dr. King in British Columbia or any other place and advance the rights of Canadians first, last and all the time. The treaty proposed the appointment of a commission that would practically take possession of 100,000 square miles of the province of B. C. on which there would be three of the broadest types of Americans.

General McRae said he did not believe in the inferiority complex and as a Canadian was anxious to protect Canadian interests. It was rumored that Mr. O'Malley, who had been the right hand man to President Hoover when the latter was secretary of commerce, would be one of the U. S. commissioners. He is said to have taken the Alaska canners by the neck and made them lie down and be good and like it. Probably that was the reason O'Malley was being placed on the commission, that he might do the same thing exactly with Canadian canners, and I am not sure it is not coming to them. Miller Freeman, representative of American fishermen and member of the halibut commission, and Edward Simms, large American canner with interests on Puget Sound, were also mentioned.

J. C. Brady, Conservative member for Skeena, said British Columbia wanted a treaty, but he questioned the provisions set out in the recently signed pact.

MINISTER TO VISIT RUPERT

Hon. Wm. Atkinson, Minister of Public Works, Is Due Here Tomorrow

Hon. William Atkinson, minister of agriculture in the provincial government, and Dr. W. H. Gaddes, colonization commissioner for the province, who have been on a tour of the central interior agricultural areas, will arrive in the city on tomorrow afternoon's train from Burns Lake and sail in the evening for Victoria on the steamer Prince George.

Mr. Atkinson will be the fourth provincial cabinet minister to pay a flying visit to Prince Rupert within the past few weeks. The others were Hon. W. A. McKenzie, minister of mines; Hon. R. W. Bruhn, president of the council; and Hon. W. C. Shelly, minister of finance.

Mrs. F. Dalby, who has been spending a fortnight in Edmonton, returned home on this afternoon's train.

Big Bay Lumber Mill at Seal Cove Employs 120 Men at Present Time

There is now a force of 120 men on the payroll at the Big Bay Lumber Co.'s sawmill at Seal Cove. Of these, 105 are on the permanent operating crew, which has been increased by some 25 men. The remaining 15 are working on the completion of construction work and are expected to be through about July 1. Mitchell & Currie, contractors, are putting up a loading platform in connection with the dry kiln.

The mill is now cutting close to 60,000 feet of lumber daily and, in addition, the box factory is in full operation.

Two Davis rafts, containing approximately two million feet of fine logs from the Queen Charlotte Islands, were delivered to the mill by the tug St. Faith on Sunday.

PLANING MILL SOUTH BURNED

NEW WESTMINSTER, May 29.—A fire of unknown origin this morning destroyed the planing mill plant of the Brunette Lumber Co. at Sapperton, with an estimated loss of \$100,000.

KILLED AUTO SMASH

VANCOUVER, May 29.—Harry Cameron of Burnaby was killed this morning when an automobile in which he was a passenger overturned.

PRICE OF WHEAT

VANCOUVER, May 29.—The price of wheat here today was \$1.07 3/4.

IS BRITAIN TOO EASY?

Is Great Britain too easy with foreign nations, especially with regard to war debt settlements. Britain was the first country to make a settlement with United States. She has held off from forcing a settlement with France and one of her statesmen has declared that she did not wish any money from other nations over and above the amount necessary to pay what she owes. British labor leaders are objecting to this passive attitude on the part of their country and are talking of being more aggressive and securing a better settlement. Possibly they are right.

LIKE A PROCESSION

Life in Prince Rupert is like a procession. Changes occur so rapidly that in two or three years it is difficult to recognize the place as the same. People come and go. Every year there is a new array of clergymen, teachers, bank employees, Government employees, fishermen, businessmen. Everything is changing and doing so rapidly. A certain amount of change is good for any place, but it seems as if it is overdone in Prince Rupert. The expectations of the people who came are too great and they could not be realized.

WONDERFUL PROGRESS

While there are constant changes going on in the city, wonderful progress is being made in beautifying the residential section by the making of lawns and gardens. This gives an air of permanence which the changes mentioned above seem to belie. People are making permanent homes for themselves and settling down to making their places beautiful. A large proportion of the people own their homes and that adds to the stability of the place. Today on some streets there will be a dozen nice gardens where last year there were only two.

Conditions such as those mentioned make life much more attractive here than it formerly was. So attractive has it become that we find a few people who are not working making this place their home. Some come in for the winter from outside points instead of going south. On every hand there is a tendency toward permanency. What is needed is to try to make the roving occupations more permanent, to get men and women in the offices, the stores and the schools who will stay here, making this their home town.

ENCOURAGE PERMANENCE

Various factors make for permanence in a city. If life is made attractive, the people like to remain. Good roads, sidewalks, gardens, playgrounds, schools, reading rooms and libraries are among these. Most of these Prince Rupert has. Her library in particular caters to a need in the city, making pleasant the long winter evenings and encouraging the people to stay by providing them with the very latest books without any direct cost to themselves.

A crying need today is a gymnasium. Young people find it difficult to employ their evenings and to keep themselves fit during the winter. In the summer they have the salt lake in which to swim, the harbor on which to row or paddle and hunting and fishing as amusements. In the winter there is little other than badminton and basketball. Many do not care for these sports and the result is they become unfit for their work. We have talked about a big public gymnasium for ten years, but have made no determined effort to secure it. Possibly this year. But shall we find a leader to handle the situation? It's a community job, but must be handled by one man.

NEWS OF NORTHERN B.C.

BURNS LAKE

An elaborate new dining room and lunch counter has been installed in the Omineca Hotel by the proprietor, A. M. Ruddy.

J. D. Moore, government agent from Fort Fraser, was here to hold a court of revision on the provincial voters' list last Wednesday.

Mrs. W. E. Funnell and daughter are here from Prince Rupert for a visit with Mrs. Funnell's daughter, Mrs. Verne Taylor.

Miss Irene Loveseth arrived last week from Prince George to visit with her parents at Danskin.

District visitors in town during the week have included: Mrs. Myers and Mrs. Humphreys of Colleymount; Frank Smith, Francois Lake.

Arthur Wood left last week for Vancouver after having spent a few weeks in the district staking mineral and oil claims.

Many ties are now being boomed down Burns Lake to the jack ladder at Tintagel.

Considerable improvements are being made on this end of the Burns Lake-Endako road. Curves are being widened and the surfaces extended and improved.

Mrs. Frank Smith of Francois Lake has been suffering considerably of late with sciatica.

Mrs. Walter Perry and daughter, who came from Prince Rupert some time ago and have been visiting with Mrs. Perry's parents, Mr. and Mrs. James Clark, left last week for Toronto where they will join Mr. Perry who has become established there.

VANDERHOOF

The Vanderhoof and District Board of Trade is in communication with the Canadian National Railways and the Post Office department in connection with the proposal to change the name of the place from Vanderhoof.

The chairman of the board of village commissioners of Vanderhoof is among those who have received special invitations to attend the convention of the Associated Boards of Trade of Central British Columbia in Prince Rupert next month.

Prof. F. H. Soward of the extension staff of the University of British Columbia delivered a lecture here under the auspices of the Board of Trade last night. His subject was "Canada's New Responsibilities in Foreign Affairs."

Accidents have been so prevalent in the district of late that the provincial police have been compelled to deal more strictly with offences under the Motor Vehicle Act.

Mrs. L. Rawson of Dewey is visiting here with Mr. and Mrs. Gilbert Hopfe.

R. H. Moore is leaving shortly for a trip to Fort Grahame and Fort McLeod districts on official business. He will be accompanied by Herbert Porter.

Ernest Smedley has sent a pack train of twenty horses from here to Fort McLeod with Glen Braman and Ed. Small in charge. They will be met at Fort McLeod by engineers who will make a survey of resources in that country for railway interests.

In future Church of England services will be held in Vanderhoof on Sunday mornings and at country points in the afternoons and evenings.

PRINCE GEORGE

Hon. F. P. Burden, minister of lands, and Hon. William Atkinson, minister of agriculture, were visitors here and in the district last week. They made the trip over the Pacific Great Eastern

Railway. Mr. Burden declared that work on the extension of the railway to Prince George would commence next year. He addressed a Board of Trade luncheon.

The local Elks' Lodge held its annual Flag Day on Friday last. Hundreds of school children as well as many adults were in attendance.

The weather has been fair here of late with occasional rain showers which have been welcomed at least as far as the farmers of the district were concerned.

The plane Hazelton, recently bought here by Dick Coriess for commercial use in this district, has been given extensive overhaul preparatory to making test flights this week.

The formal opening of the fine new store of the Home Furnishers here at the corner of Third Avenue and Quebec Street took place last Saturday.

The Craig School of Dancing made a great hit before a large audience at an entertainment which was put on last Wednesday evening. Those appearing in solo numbers included Miss Nan Craig, Mrs. H. H. Hodgson, Miss Maude Renwick, Miss Nona Hodgson, Miss Opal Ramsland, John McInnis and others.

The Women's Hospital Auxiliary has received a donation from the Good Cheer Club of Central Fort George to assist in the renovation of private and semi-private wards in the hospital.

There have been a number of rather serious forest fires in this district of late and officials of the Forest Branch have called out many men to assist in quelling them.

ALICE ARM

Anox Boy Scouts, in charge of Scoutmaster Gale, spent the Victoria Day holiday week-end here encamped at Falls Creek.

The road here from the wharf to the east side of the Kitsault flats has been surfaced with gravel for its entire length by the provincial department of public works.

John Hosie, provincial archivist, Victoria, has written here asking for manuscripts, etc., dealing with early history of the province.

Rev. W. B. Jennings was here on Sunday with the Anglican Mission boat Northern Cross and held church services.

Harry Winfield and S. P. Davidson of Vancouver have arrived from the south and will spend the summer prospecting in the district.

Paddy Morley has returned to town after spending the winter at the Anox mine.

Victoria Day was suitably celebrated in Alice Arm and there were many visitors over from Anox.

STEWART

Some thirty members of the Ketchikan Post of the American Legion are expecting to visit Stewart and Hyder shortly. The plan is to make the trip by airplane.

Victoria Day was celebrated here with a baseball game between Stewart and Hyder and a dance under the auspices of the Canadian Legion.

Harry J. Wells, vice-president of the Fletcher Wells Lumber Co., Vancouver, was a business visitor in Stewart last week.

Tom Jadro has joined the staff of T. Patterson's barber shop here.

Judgment has been reserved by Chief Justice Morrison in Supreme Court at Vancouver in the action of William F. Harris of Port Angeles, Wash., who sued

GIANT ZEPPELIN WHICH FAILED TO MAKE SECOND FLIGHT TO NEW YORK
Captain Ernst Lehmann, upper right, executive officer of the Graf Zeppelin, above made an attempt to guide the huge airship across the Atlantic Ocean under the personal direction of Dr. Hugo Eckner, below, left; while Sir Hubert Wilkins, Australian explorer, was among the passengers. The map, below, right, shows the approximate route the ship was to have taken.

Daniel Lindeberg and associates for \$100,000 as his share of proceeds in the sale of the Big Missouri mine.

After an absence of five years, Senator John Ronan has arrived in this district to look after his mining interests and do some prospecting.

Government Agent Norman A. Watt of Prince Rupert was here last week to hold court of revision on the provincial voters' list.

Mrs. Gayman, E. C. Bennett, J. Richmond, R. E. Jones and R. B. Richts were among the arrivals in Stewart last week from Vancouver.

the "Candy" Tooth

HERE IS WELCOME NEWS for mothers who fear their children are too fond of sweets. Let them have Quaker Puffed Wheat. It satisfies the candy craving, but has all the wholesomeness of whole wheat.

Millions of food cells in each grain are exploded when the wheat is puffed. The rich food stores of the grain are released for easy and complete assimilation. The wheat bran is all there, but so concealed you would not notice it.

The flavour is that of roasted nut-meats. It satisfies when appetites need tempting because they lag. Give it to the children freely at any time during the day.

At breakfast or any other meal, Quaker Puffed Wheat is a delicious cereal dish. Serve with fruits or just milk or cream.

Puffed Rice is Good, Too

Quaker Puffed Rice is puffed like Puffed Wheat. The food cells are exploded and broken down. Puffed Rice is another delicious dainty, with the texture and taste of toasted nut meats and full of the ready energy of fine white rice. For variety, keep both kinds in the house.

INDIAN CHIEF IS RECOGNIZED

Service of Dedication at Greenville on Appointment of Head of Tribe

GREENVILLE, May 29.—A service of recognition of Samuel McKay, as chief of the Canada tribe in succession to the late Charles Barton, was held at Greenville on May 22. Many members of the crest (the Raven) both from Gitlakdamiks and Greenville were present.

The service was conducted by the Rev. W. S. Cooper, assisted by Silas Robinson, lay-reader.

In his address, Mr. Cooper voiced the cordial appreciation of the people in the fact that Bishop Rix had shown his sympathy with native ideals and customs by authorizing this special service. Increased influence had its responsibilities as well as its opportunities for usefulness. We must acknowledge God in all our ways, and He will direct our paths.

We could therefore ask God's blessing on all that was good in the old customs, and in the duties of a chief, as in all the affairs of life. Divine guidance could be sought and given, the preacher said.

Mr. McKay, known under his native name as Chief Walse, was then invested with the insignia of chief, and the service was brought to a close. 128

VOTING ON BYLAWS

Editor, Daily News:—

With reference to the three bylaws being submitted by the City Council to the ratepayers for their approval on Friday, May 31, I think that as considerable uncertainty seems to exist amongst those entitled to vote on these bylaws, some explanation as to their object and the reasons which actuated the Council in submitting them at the present juncture should be given to the public.

In connection with the bylaw for \$19,000 for over-expenditures on the trunk sewer, there appears to be some confusion in the minds of the public as to which work this bylaw relates. It does not relate to the sewer now being constructed in Section 5, that work is being carried on on the local improvement plan and only the property owners liable to be specially assessed will be affected by the assessments in this case. It relates to the trunk sewer constructed last year. The over-expenditure is due in part to two causes:

(1) That the council decided that a more expensive pipe than that originally recommended by the City Engineer should be installed.

(2) That the excavation was done in the previous autumn and winter and was partially carried out as a measure of relief. The pipe, owing to neglect on the part of the City Engineer or Council, was late in delivery and as a consequence the excavation partially filled up and had to be re-excavated, and this entailed an additional expense.

As to whether the electors should vote in favor of the bylaw or not I would point out that

if they do not do so it will involve a serious financial embarrassment to the city and will result in \$19,000.00 being added to the levy next year. If they do support the bylaw this expenditure will be spread over a period of twenty years.

As regards the bylaws for the McBride Street pavement and the water main on Eighth Avenue, the advisability of submitting these two bylaws was carefully considered by the council and it was decided that it was necessary to submit them to the ratepayers, and in this decision they have my support. If the McBride Street bylaw should fail to pass a portion of the expenditure on the pavement has already been incurred and will have to be paid for immediately and charged against general revenue as there has been no provision made for it in this year's levy.

I leave these two latter bylaws to the judgment of the electors but would strongly urge them to vote in all cases in the affirmative.

Yours truly,
S. P. McMORDIE

Elks Won Opening Game of League Baseball from Gyros at Acropolis Hill Last Night

The opening league baseball game of the season on the Acropolis Hill grounds last night, between the Gyro Club and Elks, was a rather lopsided affair, the Lodge Men winning by a score of 10 to 2. What with the sterling pitching of big Herman Loblick, who fanned eleven batters, tight fielding of the men behind him, and fairly consistent hitting, the Elks made an excellent showing for the first of the season and their outfit, if it carries on the way it started, bids fair to be a hard one to beat this year.

The Gyros put up a rather disappointing brand of ball and even the best batters of the club seemed to be mystified by Loblick. The service club representatives will, no doubt, do better with practice which they obviously need.

The big hit of the game was a three bagger to centre field which Dido Gurvich poled out when first up in the fourth inning. The Elks made eight hits altogether and the Gyros four. Loblick struck out eleven batters and Nick Chenoski, Gyro hurler, three. The Gyro infield made abundant fielding errors and accorded Chenoski very uncertain support. In addition to Dido Gurvich's three bagger, Spiro Gurvich, Fred Stephens, Hanson, Mike Budinich (two) and Loblick collected singles for the Elks. Charlie McKeown made two singles for the Gyros and Farquhar and Skinner, one each.

The Gyros were first up and things looked good for them as Farquhar got on through Stephens dropping a throw from George Mitchell who picked up a grounder at short. Easson got on first when Budinich dropped his fly, Farquhar going to third. Moran got first on passed balls and Farquhar scored. Haveland popped out to Loblick and Chenoski went to first on passed balls, Easson scoring. Skinner made a safe hit but Minnehan fanned. This was to be all the scoring for the Gyros who were never dangerous again.

How Elks Scored

With the bases full and two men down, Gosse fanned for the Elks in their half of the first and Chenoski's first crisis passed without harm.

The Elks made their first run in the second when Spiro Gurvich went in on Budinich's sacrifice to right field.

In the third, the Lodge men picked up three more as a result of slow Gyro fielding. With Loblick and Hanson on, Moran fielded out Gosse and, playing Loblick at third, missed a double play by a hair. S. Gurvich got first on an error and Loblick scored. Hanson got home on a passed ball and Stephens was hit by the pitcher. Budinich's safe hit scored Gurvich and Harold filled the bases by walking. George Mitchell popped out.

The fourth yielded one more for the Elks. D. Gurvich made a three bagger and scored when Farquhar lost Spiro Gurvich's grounder.

Largely due to errors, the Elks picked up another brace of three runs in the fifth. Budinich's grounder went right through Easson. Harold walked and Mitchell took first when Farquhar chose to put Budinich out at third. Dido Gurvich made a safe hit and stretched it to third on a fielding error. Harold and Mitchell romping home, Loblick's sacrifice scored Dido. Hanson got first when Moran dropped McKeown's peg and Gosse was fielded.

The Elks took advantage of the sixth to get two more across, Budinich's safe hit scored Spiro Gurvich and Stephens got in. McKeown made a short peg to second, trying to get Budinich.

Detail of Play

Elks ... 0 1 3 1 3 2 x-10

The teams:
Gyro Club—Farquhar, 3b.; Easson, ss.; Moran, 1b.; Haveland, cf.; Chenoski, p.; Skinner, lf.; Minnehan, rf.; McKeown, c.; Bury, 2b.
Elks—Harold, 2b.; Mitchell, ss.; D. Gurvich, 3b.; Loblick, p.; Hanson, cf.; Gosse, lf.; S. Gurvich, rf.; Stephens, 1b.; Budinich, 1st base.

Harry Menzie was umpire for

balls and strikes and Jack Ratchford on bases.

For the opening of the season, there was a fairly good crowd of fans but larger will be required if ball is to be played with financial success this summer.

ENDS ATHLETIC WINNING STREAK

Mackmen Lost Game Yesterday After Eleven Straight Wins, Yankees and Browns Win

OTT HOME RUN LEADER

Pittsburgh Makes Clean Sweep of Four Games Over St. Louis Cardinals

NEW YORK, May 29.—Milton Gaston, pitching for the Boston Red Sox, broke up the winning streak of the Philadelphia Athletics yesterday, the Mackmen, after having won eleven straight games, going down to defeat by the narrow margin of five to four.

St. Louis Browns continued their bid for American League honors by inflicting the fourth straight defeat on the Detroit Tigers by a score of four to two. Sam Gray went the route for the Browns.

The New York Yankees remained in third place by winning twelve to seven over the Washington Senators. A seven run assault in the fifth inning broke up the game.

Cleveland Indians took the first game of a series from the White Sox five to two. Joe Shaute outpitched Dugan and McKain.

In the National League, Pittsburgh Pirates made a clean sweep of a four game series with the St. Louis Cardinals who in the last week have dropped virtually from the top to third place. Brame allowed the Cardinals only four hits and the score was 5 to 2.

Home runs by Melvin Ott, Lindstrom and Rousch offset circuit blows by Hendrick and Gilbert, enabling the Giants to defeat Brooklyn five to three. Ott's home run was his eleventh this season, giving him the inter-league leadership.

The Phillies took another game from the Boston Braves, winning a free hitting tussle nine to eight. Hurst and Davis hit home runs for the Phillies.

Scores were as follows:
National League
Brooklyn 3, New York 5.
Pittsburgh 5, St. Louis 2.
Boston 8, Philadelphia 9.

American League
New York 12, Washington 7.
Philadelphia 4, Boston 5.

BILLIARD TOURNNEY CANADIAN LEGION AND H. M. S. COLOMBO

A billiard tournament has been arranged between representatives of the Canadian Legion and men from H. M. S. Colombo. The first games will be played tonight when C. L. Youngman and Marcus Andrews meet two players from the warship.

BOXING WORK-OUTS

Quite a crowd of fight fans gathered last evening at the Empress Social Club to see boxers from H. M. S. Colombo work out in preparation for the tournament tomorrow night with local ring men. Marine Bill Venables, who will meet Benny Wendle in the headliner, is a particularly fast looking boy. There will be another workout this evening.

JUNIOR FOOTBALL

Booth Memorial and High Schools will meet tonight at the Acropolis Hill grounds in a Junior League football fixture. The Booth School team will consist of the following: J. Murray; R. Nelson and W. Cross; J. Greer, M. Colusi and C. Bartlett; A. Walters, captain, R. Cameron, V. Daly, A. Iverson and O. Wingham; W. Tohey, S. Lawrence and E. Christianson.

Sport Chat

Smithers and Topley basketball teams clashed recently in Smithers to decide the supremacy of the Bulkley Valley and Smithers players were declared the champions after a thrilling game which they won by a score of 19 to 14. Superior shooting proved the deciding factor in Smithers favor as Topley held its own in mid floor play and at times outplayed the winners.

Prince George and Giscome baseball players had their first game of the season recently at Giscome when Prince George won by a score of 5 to 2. It is planned to have games between the two teams quite frequently during the coming season on Sundays and holidays. Dick Corless and Howard Taft were pitchers for Prince George in the first game and made a good showing. A return match was played at Prince George on Victoria Day.

CROPS PROMISE PEACE RIVER

EDMONTON, May 29.—Uniformly good stand of crops is reported in the Peace River district, where seeding has been completed for some time. All wheat is above the ground and oats are making a good showing. The moisture supply is sufficient to carry the crop for some time and the prospects generally are very promising.

EXPLOSION OF SEWER GAS IN OTTAWA TODAY

Church Destroyed, Several People Injured and Panic Is Caused

OTTAWA, May 29.—Mrs. Anna Hayden, 73 years of age, living in a section of the city known as Sandy Hill, was trapped in her home and seriously burned by fire, a number of others were hurt and considerable property damage was done when an explosion of sewer gas occurred in four parts of the city shortly after noon today. Manhole covers were thrown into the air 50 or 60 feet.

A church built in 1876 in Sandy Hill was burned to wreckage.

There was a panic in several sections when the explosions, accompanied by leaping pillars of flame and water, shook dwellings and rattled windows out of houses and office buildings. Women and children ran screaming from their homes. Several stores in the Sandy Hill district were destroyed.

LABOR LEADER DEFENDS POLICY

Macdonald Points To Success of Nationalization in Canada as Lesson to Britain

NEWCASTLE-ON-TYNE, England, May 29.—The Labor Party's nationalization proposals formed the subject of an address by Rt. Hon. Ramsay Macdonald here last night when he vigorously defended the principal.

The labor leader cited the Canadian National Railways and the Ontario hydro-electric power as among outstanding successful examples of public ownership and asserted that Premier Stanley Baldwin was ill-equipped when he denounced nationalization at the outset of the campaign. In the process of time various industries would pass into the public service stage, said Mr. Macdonald. Then they would be brought under public control. Municipal gas and water had long ceased to disturb us, but they were really forms of socialism.

CONCILIATION INC. N.R. CASE

Board Appointed to Act in Dispute in Which Firemen and Engine Men Involved

OTTAWA, May 29.—A Board of conciliation under the Industrial Disputes Act has been established by Minister of Labor Heenan to deal with a dispute between the C.N.R. and its firemen and engine men. Employees to the number of 4,500 are stated to be directly affected. The dispute arose out of failure of employees to reach an agreement governing the personnel of their service board. John Gauld, formerly county court judge of Hamilton, is chairman of the board; J. L. Counsell K.C. of Hamilton and J. M. Godfrey K.C. of Toronto were nominated by employers and employees respectively.

NEW TARIFF HITS CANADA

Most of the Beef Exported Must Pay Cent a Pound Additional

OTTAWA, May 29.—The United States tariff bill which passed the House of Representatives yesterday is recognized here to be more disadvantageous to Canada than the draft as submitted to that body by the committee of ways and means some time ago. Amendments which the House placed in it will raise the wall against the products of this country in respect to cattle. They will result in an added import of one cent a pound on the bulk of Canadian exports to United States.

Under the old tariff two cents a pound was the duty on cattle weighing over 1050 pounds and one and one-half cents under that weight. Under the new act, it would be two and one-half cents above 800 pounds and two cents a pound under that weight. As the bulk of cattle crossing the border come between 800 and 1000 pounds, the changing of the dividing weights and adding half a cent makes a full cent increase in this type of animal.

AVIATION LEAGUE TO BE ACTIVE THIS YEAR

OTTAWA, May 29.—Re-organization of the Aviation League of Canada and the adoption of a policy calling for an aggressive membership campaign and a program destined to arouse Dominion-wide interest in aviation featured the opening session of the first annual meeting of the league.

Monday, Maj.-Gen. J. H. M. Brien of Hamilton was re-elected president.

Ten Years Ago in Prince Rupert

May 29, 1919

The Anglican Synod, meeting here yesterday, passed resolutions endorsing pensions for mothers and collective bargaining for industrial employees. Archdeacon Heathcote of Vancouver was the principal speaker at yesterday's session of the Synod.

Judge F. McE. Young delivered an inspiring address at a Board of Trade luncheon yesterday aboard the steamer Prince Rupert. M. P. McCaffery presided at the luncheon and a vote of thanks to Judge Young was passed on motion of H. S. Wallace and G. W. Nickerson.

Employees of the railway car shops here as well as local longshoremen are joining the Dominion wide labor strike.

News of the Mines

AROUND PRINCE RUPERT

Will Report On Columario Mill; Opening Up Northern Districts to Prospectors; Granby Earnings Increased

Whether or not a mill will soon be installed on the Columario property, near Usk, this year depends upon a report from H. L. Batten, M.E., consulting engineer. About 1800 feet of tunneling and drifting has been carried out to date on the property and five veins of fissure type have been opened up. Main effort has been concentrated on No. 4 vein, which shows a width of four feet, channel samples every five feet for the first 200 feet showing ore averaging \$50 per ton. If it is decided to put in a concentrator, shares will be sold to finance its construction.

In the first quarter of the present year, a total of 487 tons of coal was produced in Northern British Columbia as compared with 723 tons in the same period last year. The total production for the province was 622,301 tons in this period as against last year's 686,145 tons according to a report issued by Hon. W. A. Mackenzie, minister of mines.

To better open up that mineral area to prospectors, the provincial mines department is planning this year to extend the Bear River-Meziaden Lake trail directly north of Portland Canal to connect it with the old Telegraph Trail at a point known as Mile 23. Lateral trails east and west will give access to a mineral belt the possibilities of which have been emphasized by Dr. Kerr of the Geological Survey and George Clothier and Dr. H. T. James, former resident mining engineers. When completed this program will open up the entire territory from Portland to the northern boundary of the province in which it is believed minerals of enormous value exist. Further south, it is

planned to run a trail from Kimsquit on Deap Channel to the western end of Tesla Lake and on through Pondosy Pass to Pondosy Bay on Eutsuk Lake and eventually to the main line of the Canadian National Railways. This route will cut through the heart of a highly mineralized zone, North of the C.N.R. in the vicinity of Hazelton, it is planned to recondition old trails.

The Granby Consolidated Mining, Smelting & Power Co. reports profit of \$940,364 after expenses but before depreciation and depletion for the quarter ended March 31, 1929, as compared with profit of \$553,605 in the first quarter of 1928. The company in the first three months of this year produced 14,904,896 pounds of copper as compared with 13,561,345 pounds in the same period last year and the net cost of production was 9.97c a pound as against last year's 9.65c. Net income before depreciation and taxes has been \$2.09 per share compared with \$1.25 a share for the first quarter of 1928. The company opened up the Bonanza mine in February and shipments of ore to the An-Canal to the northern boundary of the province in which it is believed minerals of enormous value exist. Further south, it is

SMOKER GIVEN COLOMBO MEN

Highly Successful and Enjoyable Affair Staged Last Night by Canadian Legion

Canadian Legion club rooms were crowded last night with one hundred and fifty men, mostly members of the crew of the visiting warship, who attended the smoker given in compliment to the officers and men of H.M.S. Colombo. The affair was most enthusiastic and very enjoyable.

President M. M. Lamb occupied the chair and called the gathering together by observing a one-minute silence in memory of deceased comrades. This was followed by the singing of "O Canada." Lieut.-Col. S. P. McMordie, D.S.O., mayor of the city, extended a welcome to officers and men of the Colombo on behalf of the Canadian Legion and the city. Lieut.-Com. G. H. Warner, D.S.O., responded.

The program included vocal solos by Ordnance Artificer Heile, Chief Stoker Seager, Stoker Petty Officer Murfee and A. B. Young, guitar solos by Supplying Petty Officer Foster, monologues by Marine Wittington, instrumental trios by members of the ship's band, songs by Comrades J. A. Teng, Bob James and James Kelly, and recitations by Comrade Wright Davies.

Community singing was indulged in with S. C. Thomson at the piano and the ship's band was in attendance by permission of Capt. C. C. Dobson, V.C., D.S.O., and the proceedings concluded at 11:30 with the singing of the national anthem.

AL JOLSON AS SINGING FOOL POPULAR WITH LARGE CROWD AT THE CAPITOL THEATRE HERE

"The Singing Fool," Al Jolson's second special Warner Bros. picture, is drawing capacity houses at the Capitol Theatre, where it closes its engagement on Thursday.

"The Jazz Singer" seemed the last word in Jolsonian magic, but it is the consensus of opinion that this later story of the loves and losses of a singing waiter is even more universally appealing.

The glamor of the life of Big Town cabarets and theatres is created with startling naturalness. The photoplay is a triumph for that veteran of the camera, Byron Haskin, and Lloyd Bacon, son of the famous author and star of "Lightnin'." has outdone even himself, in his direction. If "one touch of nature makes the whole world kin," that touch is surely found in the simple, touching story of "The Singing Fool."

No heart story could be more compelling. Al is seen first as a singing waiter, in love with a heartless entertainer, whom he helps to fame by selling songs he has dedicated to her, and getting her to introduce them. The two marry. She later deserts him and it is only when their little boy is at the point of death that they meet again.

The tears are well balanced by the smiles, however, and peace comes at last to the troubled soul of the singing fool, in the love of another woman, once a cigarette girl at the cabaret.

Mr. O'Donnell, who is a native of Calway, Ireland, served with the Munsters; a famous Irish regiment, during the great war. He also saw much service with the flying corps.

He very kindly placed himself at the service of any of the teaching staff who desire to visit the warship and also arranged to do the honors of the vessel to the members of this year's high school entrance classes.

The schoolmaster was impressed by the extent of the equipment, the cheerfulness of the brightly decorated rooms, and the happy bearing of the pupils. He expressed surprise at the attention given to the subject of drawing and color design.
