Sir Thomas Lipton, famous British sportsman, has once again challenged the United States for a series of races for the America's Cup to be held in September next. Sir Thomas, who has won practically every coveted trophy presented to the yachting world, has tried many times, without success, to lift the America's Cup, and his efforts in this direction have already cost him more than \$1,000,000. Above is a picture of the famous sportsman, inset, with a view of one of his beautiful yachts getting well away in one of the biy races at Cowes, Isle of Wight, England.

## Youthful Tennis Idol Beats Crack Frenchman As Well as American

WIMBLEDON, June 26 .- H. W. Literally bounding into the tennis firmament last year with victories over the British exponents of the game, Austin is showing much improvement this year and his triumphs during the past two days have raised the hopes that the tennis title may at last be annexed by Great Britain.

Quaker Puffed Rice is the rice grain thoroughly cooked and steam exploded to eight times normal size. Modern Version of the Shirt Waist and Skirt

The vogue for the bloused shirt, belted at the normal waistline, has culminated in the adoption of simple sports shirts and skirts worn in the manner of the old time shirt waist costume.

Here is an attractive example of this idea: A separate yoked and flared skirt is worn over a sunback blouse that has a self vest with buttons to match those on the skirt yoke. This is developed in chartreuse crepe, and hat that carries a green, yellow day and Saturday, \$2 return. and orange band to match the belt on the dress.
