British Government is Setting Out to Abolish Unemployment by Creating Work for Them at Home

LONDON, Dec. 11.—Construction work in Great Britain amounting to more than \$100,000,000 has been approved by the Government in connection with its plans to alleviate unemployment.

If the supplies for these works cannot be purchased in the United Kingdom they will be secured from overseas parts of the Empire.

The Government further approved road schemes costing another \$45,000,000 as an additional part of their scheme.

In all their plans for relief the Government is supported by the Liberal party, the policy being carried out by Labor being in large part similar to that outlined before the election by Lloyd George.

CRERAR IN LIMELIGHT TO LAUNCH NEW SHIPS

His Appointment as Minister of Railways All but Officially Announced

Engineers From Vancouver Have Gone To England to Assist In Engine Work

B. C. LUMBER USED

January 17 Set For Date First of Vessels Will Take the Water At Birkenhead

MONTREAL, Dec. 11.—The Gazette today in a despatch from Ottawa says that it is practically certain that Hon. T. A. Crerar of Winnipeg will join the Dominion cabinet as minister of railways some time before parliament meets.

OTTAWA, Dec. 11.—Premier King declined today to confirm or deny the report that Hon. T. A. Crerar had been offered the post of minister of railways.

VANCOUVER, Dec. 11.—The Canadian National Steamships Service, today, work on the Prince Robert and the Prince David is proceeding rapidly and these two will shortly follow their sister ships to transportation circles on the Pacific coast.

These new steamships will be modern and up-to-date in every respect, and one of their unique features will be the automatic telephone equipment. The complete system was specially constructed by the same firm that built the British Columbia telephone equipment and as a matter of fact, it was all built and will be installed according to specifications suggested by the British Columbia Telephone Co.

Robbery From Seattle Bank

SEATTLE, Dec. 11.—A robbery took place at the Continental Savings Bank here yesterday. A bandit got away with \$1000 and was seen entering the Franklin Hotel carrying a satchel.

British Supreme Communications

WASHINGTON, Dec. 11.—The fact of British supremacy over lines of communication was drawn to the attention of Congress yesterday as a result of a report warning United States of the present radio situation.

Princess Mary May Be Colonel

VICTORIA, Dec. 11.—Intimation that Princess Mary is expected to appoint a colonel-in-chief of the Sixteenth Canadian Scottish Regiment at an early date was given here today by Colonel Cyrus W. Peck, V.C.

Japanese Arrive At Victoria On Way To London

Members of B. C. Government Meet Delegation and Wish Them Success

VICTORIA, Dec. 11.—Headed by former Premier Wakatsuki of Japan and Admiral Count Hyo Takarabe, the Japanese delegates to the naval disarmament parley in London, arrived here last night en route to Washington.

These new steamships will be modern and up-to-date in every respect, and one of their unique features will be the automatic telephone equipment.

The steel used in the ships was fabricated in the old country, but it is worthy of note that more than two million feet of Douglas fir was shipped from British Columbia to the old country to be used in these boats for Pacific coast service.

The last word in refrigerating plants will be electrically driven. The steel used in the ships was fabricated in the old country, but it is worthy of note that more than two million feet of Douglas fir was shipped from British Columbia to the old country to be used in these boats for Pacific coast service.

Eleven Canadian National Steamships engineers from Vancouver sailed on the White Star liner Cedric from Halifax on Monday to be present at the launching and assist in the completion of the boats.

Four Women Were Among Victims

NEW YORK, Dec. 11.—Four women were among the ten victims of the fire at the Manhattan Studios yesterday. The charred bodies have been taken from the debris.

OLIVER TO BE TRIED BY A JURY

Tar and Feather Case Will Probably Go To Assizes In May

PENTICTON, Dec. 11.—Charles Oliver, who is charged with "forcible seizure" in connection with the tar and feathering of Dr. V. E. Latimer, recently elected for jury trial, which will probably be held at the spring assizes in May.

WEATHER STILL CLEAR AND COLD

Clear and cold weather conditions still prevail here today. Last night the lowest thermometer reading was 13 above zero.

LOG SCALE IS LARGER

Present Year Continues to Show Substantial Increase Over Last

Timber scaling in Prince Rupert forestry district for the month of November this year amounted to 11,870,129 board feet as compared with 11,196,957 board feet in the same month last year.

Table with 2 columns: Product Name and Quantity. Includes Poles, Hemlock, Cedar, etc.

NOMINATION OF GYRO OFFICERS

Six Will Be Ballotted Upon For Presidency of Local Service Club

Nominations were made as follows at the Gyro Club luncheon today for 1930 officers: For president—Joseph Greer, C. A. Kirkendall, E. J. Smith, M. McLaughan, M. H. Blott and Ald. Frank Dibb.

SEATTLE, Dec. 11.—The power situation is in a fairway to being relieved here and at Tacoma as a result of the rain and snow of the past two days.

Flying Ambassador and Diplomat

Colonel Lindbergh the "ambassador without portfolio" with Harry F. Guggenheim, U.S. Ambassador to Cuba, who has the distinction of being the first "Flying Diplomat" as he made all his ambassadorial calls by airplane after he arrived in Havana recently.

WOULD BAR ORIENTALS FROM LAND

Provincial Government Asked To Take Action to Prevent Sale or Lease

VICTORIA, Dec. 11.—A delegation representing White Canada League waited on the government yesterday, requesting action to prevent the selling or leasing of land to Orientals.

ENGLAND IS THREATENED BY FLOODS

Portugal and France Both Suffer From Overflowing Rivers

LONDON, Dec. 11.—Flood waters were mounting in England today as fresh gales swept across the British Isles, adding to the possibility of further havoc by the terrific storm which already has taken 184 lives along the British and continental coasts.

Power Situation On Puget Sound Been Relieved

SEATTLE, Dec. 11.—The power situation is in a fairway to being relieved here and at Tacoma as a result of the rain and snow of the past two days.

PRICE OF WHEAT VANCOUVER, Dec. 11.—The price of wheat in Vancouver today is for Number 1 Northern \$1.34, spot cash.

Much Lumber Goes To Australia As Result of Subsidized Service Recently Initiated From Vancouver

OTTAWA, Dec. 11.—Whereas in 1928 the average shipment of lumber to Australia per month was 2,400,000 feet, during the four months the subsidized steamship service from British Columbia to Australia has been in existence Canada's shipments have increased to 6,000,000 feet per month.

COMMITTAL OF JOHN MJONES ON CHARGE PROWLING DEFERRED

John Mjones, who was arrested at the rear of Gratton's store on Second Avenue last Friday night, took his preliminary trial before Magistrate McClymont in city police court this morning on a charge of attempting to break and enter and was remanded until tomorrow morning for committal.

PROTEST AT DOMINATION LABOR GROUP

EDMONTON, Dec. 11.—A strong protest has been made here at the effort of the local labor party to secure control of the city affairs at the civic election.

CHRISTMAS MAIL FROM EUROPE IS EN ROUTE

MONTREAL, Dec. 11.—The first shipment of Christmas mails from overseas arrived by Canadian National Railways yesterday from the Atlantic seaboard.

Confident of Pool Position

GRANDE PRAIRIE, Dec. 11.—W. F. Grafton said service men for the Wheat Pool, says on his return from the Pool convention that after hearing George McIvor, the delegates were satisfied of the secure position of the Wheat Pool.

Zero Weather In The Interior Is Reported Today

The Government Telegraphs report today indicates that zero weather conditions obtain in Central B.C. Places reporting varying degrees below zero are Atlin, White Horse, Carmacks, Dawson, Smithers, Burns Lake and Vanderhoof.

Manitoba Man Died Victoria

VICTORIA, Dec. 11.—Frank Howard Schofield, for 40 years identified with educational work in Manitoba, died at his home here last night. He came here to reside in 1924.

Women Witnessed Pirate Attack

HONGKONG, Dec. 11.—Mrs. George Campbell and her two daughters, Americans, were on a vessel which was attacked by pirates in which twelve men were killed. The women were uninjured.

SCHOOLS CLOSE SOON

City schools will close on Friday of next week for the two weeks' vacation over Christmas and New Year. The reopening will be on Monday, January 6.

CANADA'S HIGHWAYS The highways in Canada are becoming increasingly important year by year in the economic structure of the country.

DIED AT VANCOUVER VANCOUVER, Dec. 11.—Mrs. George Jeffries, wife of a How Sound rancher, died at the hospital yesterday from burns sustained when her home at Squamish was destroyed by fire Monday.

GRAIN MUST MOVE

Owing to the small crop and the tieup as a result of the grain being held for a higher price, the railways of Canada have been slack this fall and some unemployment has resulted. However, this grain has to move and the moving will keep things busy here and elsewhere.

Prince Rupert must expect that considerable grain shipping will be done through this port. Should this not be the case, they should ask for a cancellation of the lease of the Wheat Pool. It is too early to decide on that, however, because the Pool has not so far had an opportunity to show its hand. Even at the worst a number of ships will be here to carry away the grain now in the elevator, but that will not be anything like sufficient to satisfy the people of Prince Rupert or the people of the Dominion who found the money to erect the elevator.

We can stand criticism, but any person who pities us we want to hit between the eyes.

WHAT IS THE MATTER?

Yesterday we wrote: "How can we expect others to think highly of us, if we do not think highly of ourselves." A reader of this paper dropped in to suggest that we apply this to the city of Prince Rupert. Citizens do not always speak highly of the place. There are so many people who are only sojourning in the city that feel it lonely being away from friends and having no homes here. There are the employees of the banks, the schools and some of the Government and other offices, most of whom are living here only temporarily. They are apt to scoff at everything here, just as they would in any other place where they happened to reside. The sentiment is catching and the result is objectionable.

Those who do not reside permanently in Prince Rupert should remember that they make their living here and that it must have been a good place for them or they would not have come. It is very poor taste for them to speak disparagingly of the place where they earn their living. So with those who are planning to leave soon.

We need a real civic spirit that will not tolerate employing those who are dissatisfied. Let us always speak well of our home town, both among ourselves and with others. Then we can expect others to think well of us.

If we get rid of the has-beens and kill off the never-was crowd, we shall soon become a live city.

VALUE OUR INDUSTRIES

There is a tendency in Prince Rupert to kick against those who are carrying on local industries. Let us remember that many industries have failed and much credit is due those who carry on successfully. They have many difficulties to encounter, not the least being that of meeting unkind criticism from their home people. We cannot expect to bring other industries here if we do not use well the ones we already have.

Trade Conditions Reviewed
at Bank of Montreal Meeting

Sir Charles Gordon, President, at Annual Meeting of Bank of Montreal, Draws Attention to Great Strides Made by Canada During Recent Years.

H. B. Mackenzie, General Manager, in Reviewing the Situation in Canada, States That Conditions Afford Firm Basis For a Healthy Optimism.

The annual meeting of the Bank of Montreal, held at the Head Office of the Bank, was marked by interesting addresses by Sir Charles Gordon, President, and Mr. H. B. Mackenzie, General Manager. In his address, Sir Charles Gordon dwelt on the great strides Canada had been making in recent years and drew attention to the special facilities the Bank had given in financing the large business offering in Canada.

Mr. H. B. Mackenzie, General Manager, reviewed the general statement of the Bank and touched on the great legacy Sir Frederick Williams-Taylor had left to a staff that was highly efficient in every department and united in devotion and the service of the Bank.

President's Address. Sir Charles Gordon, G.B.E., said in part:

"In reviewing the commercial situation in Canada, it should be kept in mind that there have been five years of almost uninterrupted expansion. In that brief period Canada has achieved a degree of development quite unprecedented. Not in one or two directions, but practically in all, remarkable material progress has occurred—in agriculture, in many lines of manufacturing, in mining, forestry, trading, water power production and building construction.

During the early part of the past year, business, generally speaking, in nearly all lines remained active and there was no serious check during the first ten months. Possibly the greatest advance in any direction was in mining. During the summer I had an opportunity of visiting, together with other Directors, four of the great plants of the country, namely, the British Empire Steel at Sydney, International Nickel at Sudbury, Algoma Steel at the Soo, and the Consolidated Mining & Smelting Company at Trail. One must visit these enormous developments to realize what they mean to the districts in which they are situated, to transportation interests, and to subsidiary interests all over the country.

So far as the banks are concerned, another favorable feature of the situation was the unprecedentedly high rate for money in New York, the rate running as high as 10 to 15% for long periods. No special advantage was taken of this by Canadian banks, as the business of the country was so active that their money was fully employed in Canada, and, with the exception of the regular reserves held in New York, Canadian banking funds did not flow that way and every legitimate need of this country was taken care of at much lower rates than prevailed in the United States.

Unfavorable Features Of The Year. Favorable is the fact that there is no inflation apparent in any of the great basic commodities such as wheat, sugar, cotton, steel and other raw materials, so that we had not to witness a slump in these prices as well as in the stock market.

The unfavorable features of the situation have been: first, the small crop of the Prairie Provinces and the slow movement of the grain towards the seaboard. This has affected United States exchange, which at times has ranged around 2% premium. It has also affected the earnings of the railroads and steamship companies, and has caused some check to business generally. The second unfavorable aspect of the situation was the crash in the stock markets. The call rate and other danger signals were out, but, with world-wide speculation rampant, these signals were not observed by many people until the situation got so top-heavy that a crash was inevitable. Fortunately, only a small proportion of the people are in the stock market and so the losses will be confined to comparatively few. At the same time what has occurred is bound to have its effect on the purchasing power of the country as a whole.

For the first time in five years, grain crops were a partial failure in the Prairie Provinces, the yield of wheat—270,000,000 bushels—being one-half that of 1928, and that of other cereals correspondingly smaller. The harvest was gathered rapidly in propitious weather and the quality of the wheat has graded exceptionally high.

Discouragement has not, however, dominated farmers of the Northwest. They were fortified against the short crop by four favorable seasons. The reduction in their incomes this year is not to be measured by the decrease in quantity of grain; prices have been higher as well as the grades. Yet a reduced yield of about 270,000,000 bushels of wheat cannot be lightly regarded, for while the profit to many individuals may be satisfactory, purchasing power in the aggregate will be curtailed.

In Conclusion. In conclusion, may I say there never was a time in the history of Canada when business as a whole has been at a higher peak than during the year under review, or when the developed sources of our wealth were more wide and varied than they are today, and never a time when the earning power of

our people was sustained in so many channels of production. We must not allow a possible temporary reaction, the result of a collapse in a purely speculative orgy in the stock markets, unduly distort our view. Fundamental conditions are sound, and there is no reason for apprehension as to the ultimate future of Canada."

General Manager's Address. In reviewing the business of the Bank Mr. H. B. Mackenzie, general manager, said in part:

"The balance sheet which I have the honour to present to you is a highly satisfactory one. It shows a healthy growth in the volume of our business, the strong liquid position it is our practice to maintain, and very good profits. The following are the principal changes in the balance sheet:—
Our Total Assets now aggregate \$965,000,000 against \$873,000,000 a year ago, an increase of \$92,000,000.

Capital and Rest aggregate nearly \$74,000,000 an increase over last year of \$13,000,000, reflecting the new stock issue and \$1,000,000 added to Rest out of profits. Our Rest is now \$2,000,000 in excess of our Capital.

Deposits aggregate \$772,000,000, an increase of \$50,000,000. Dominion Government Balances have increased \$32,000,000. Demand Deposits have increased \$37,000,000, and Deposits after Notice have decreased \$19,000,000, the last a reflection principally of withdrawals for investment in securities. The past year has been exceptional in that respect, and the Savings Department will probably now resume its normal growth.

Cash and Bank Balances (including Central Gold Reserves), amounting to \$148,000,000, have increased by \$14,000,000.

Call Loans aggregating \$155,000,000 show a decrease of \$23,000,000 when compared with a year ago. Our Call Loans in Canada are practically the same; the decrease is mainly in New York and reflects the cumulative effect of advances larger than usual to customers in Canada against securities, the increased requirements of expanding business in Canada and the delay in shipments of grain.

Current Loans in Canada (including advances to Municipalities) amount to \$399,000,000, an increase of \$68,000,000. Our customers in all lines of production and commerce have, as always, been our chief care and their needs have been fully supplied, but we have recently been declining numerous applications, large and small, for loans against good collateral but to be used for other than business purposes, generally the purchase of securities. These applications had become so numerous that they threatened to encroach upon the money needed to finance the country's business.

Our profits for the year are \$7,070,000, as compared with \$5,847,000 a year ago. Higher rates for call money in New York and a larger volume of loans required by expanding trade in Canada, together with comparatively light mercantile mortality, account for the increase.

French Work
Twice as Long
as Americans

PARIS, Dec. 11.—The Frenchman has to work twice as long as the American to buy the same food, says a French labor investigator. And that, comments the newspaper l'Oeuvre, is the real proof that the cost of living in France is higher than in the United States. A long table of costs is presented by Henri Dubreuil, an official of the French Federation of Labor in a book he wrote after working in American factories.

This table shows that a quart of milk costs the French worker 22 minutes of toil while the American earns in 13. A dozen eggs keep the Frenchman busy two hours and a half while the American gets his in 55 minutes. All down the line of foodstuffs and clothing, Dubreuil shows the Frenchman has to work from one and a half to six times as long as the American for the same thing. The Frenchman gets his living quarters for half the amount of work, "but what a difference in the kind of lodging," says the newspaper, comparing the homes of American workers with the unsanitary one of two room apartment to which the French workman is accustomed, without bathroom, telephone or steam heat and frequently without running water.

OPEN CONFESSION

Magistrate—Where were you born?
Prisoner—Glasgow.
Magistrate—Were you brought up there?
Prisoner—Yes, once or twice.—Edinburgh Scotsman.

RECORD IN
JUVENILES
AT LIBRARY

Comment Made On Increase In Interest at Local Institution and Public Appreciation

At the meeting of the Library Board held last night, Alderman Dobb presiding, it was reported by the librarian that a record number of children's books had been issued during the month of November, the total being 1154. Also, there was a record number of new borrowers registered, the total being 66. This makes 2857 on the list as borrowers, a fact that excited the remarks of members of the board, who mentioned the splendid progress that had been made and the widespread interest now taken in the institution. The chairman said that two people had spoken to him that week expressing interest and appreciation in the work of the organization. The circulation of the month of November consisted of fiction 2968 volumes, duplicate pay 165, non-fiction 461, and juvenile 1154, making a total circulation for the month of 4788 volumes. This was an average of 227 a day.

New books had been added to the collection during the month, 16 by gift and 79 by purchase, making a total of 95. There were during that time 40 volumes discarded, so the net gain for the month was 55.

The librarian read a letter received from the Public Library Commission which explained that the old Library Act had been repealed and at present the board was legally constituted.

It was decided to close the library December 25 and 26 and also January 1 and 2.

LOGICAL, AS USUAL

The car entered a one-way road at the wrong end.
"Hi, miss," a policeman shouted, "do you know that this is only one-way traffic?"
"How many ways am I going, then, officer?" she replied—Winnipeg Tribune.

INSTALLMENT XXXII.

Miss Brown duly caught her train and was driven from Camberley station in a taxicab to the address given—a very modest villa on the edge of the heath. A trim maid-servant ushered her into an ordinary sitting room of the furnished house type, and a few moments later transferred her to a larger apartment where a woman was seated writing at a table.

beat—you know whom I meant was taken first to the hospital, but he is back now at his hotel all right. He is not so seriously hurt as he will be if he stays in London much longer.

KEEP TRAFFIC MOVING
Pompeii never had traffic problems. In the human system, as in modern cities, the great need is to keep the traffic moving. A slight obstruction may cause very serious consequences.

of me if I should write?" he asked. "I am sure she would be glad to hear from you," Miss Brown replied. "We are both very independent young women—circumstances have made us so."

Miss Morgan has at last decided to defend his junior lightweight championship. He is to box Benny Bass of Philadelphia in a titular bout at Madison Square Garden, Dec. 20.

Sport Chat

The two major leagues in baseball shared honors equally in the 1929 all-star team. The Sporting News, St. Louis baseball newspaper, named by the votes of 187 members of the Baseball Writer's Association, and announced recently. Each league has five men on the team, which includes two pitchers and one player for each of the other positions.

Seven players were chosen by overwhelming votes. The race for first base was close between Foxx and Bill Terry of the Giants. Grimes was closely pressed by George Earnshaw of the Athletics for the centre pitching position, and Hack Wilson had competition for the centre garden position.

Whist and Bridge Party by Women Catholic Church

An enjoyable and successful whist and bridge party was held last night by the Catholic Women's League, a large crowd of people being in attendance at the affair.

LEADS THE WAY FOR CANADA IN FIVE GAITED SADDLE HORSES
These five-gaited Kentucky saddle horses have been imported to New Brunswick by Mr. Angus McLean of Bathurst, N.B., and will be shown for the first time in Canada at the Maritime Winter Fair, Amherst, N.S., and the Royal Agricultural Winter Fair at Toronto.

GROTTO WON BILLIARDS

Defeated Elks by Score of 1176 to 1063 in Last Night's Fixture
Grotto defeated Elks by an aggregate score of 1176 to 1063 in last night's Billiard League fixture. The big break of the evening was 44, which was run by Don Brown of the Grotto in defeating Fred Stephens by a decisive margin.

Billiard Averages

Table with 4 columns: Name, G, Ttl, Av. Grotto 11, 12,967, 1,177; Elks 11, 12,180, 1,109; Canadian Legion 10, 10,602, 1,060.

CUBS TIED AT SEATTLE

Held League-Leaders to One Goal But Failed to Make it a Win
SEATTLE, Dec. 11.—Victoria Cubs, the tail-enders, and Seattle, the league leaders, played a tie in a coast league hockey game here last night. It was a strenuous game. After the Eskimos had taken the lead in the second period, the Cubs evened the count in the third and fought desperately in extra time to make their initial break into the winning column but without success.

Drydock Leads C. N. R. Cribbage

Station and Freight Shed Tied For Second Place Close Behind
Canadian National Recreation Association's Cribbage League results last night were as follows: Drydock 14, General Offices 13, Locomotive Shops 13, Car Dept. 14, Station 13, Freight Sheds 14.

Skating Also Morse Creek

Ice Sheet There In Good Shape as Well as Lake On Kaien Island Highway
With the continuation of the present cold snap, everybody who likes skating is having the opportunity of enjoying the pastime. Large crowds were again on the lake out on the Kaien Island highway last evening.

Was Shot When Snake Hissed

MIDDLEBURG, Transvaal, Dec. 11.—As a result of an unusual accident with a gun a native nurse girl in the employ of Mr. Rodolph Grobler was brought into town with a severe wound in one of her legs. Mr. Grobler, finding a snake, first put a spade on the reptile and then seized a rifle. Before he was able to fire the snake extricated itself and discharged some of its venom, which temporarily affected Mr. Grobler's eyesight.

AMERICANS WON GAME

Beat Toronto Last Night With Goal Scoring Only Goal of Evening
NEW YORK, Dec. 11.—The Americans scored their second victory of the season last night when they defeated Toronto. A great part of their improvement was due to the newly-added reserve strength, which was their playing manager Lionel Conacher, who scored the only goal of the game.

Australia Sees Great Pageant of Historic Interests

PERTH, Australia, Dec. 11.—The largest crowd ever seen in Perth gathered here recently to see the great centenary procession which reviewed the history of the state of Western Australia during the past century and illustrated Western Australia's development in agriculture. "The spirit of the past generation walked unseen and spoke bonnets, bustles and whiskers," says the Sun of Sydney in describing the parade.

Money Bought Ten Ton Lot

DAIREN, Manchuria, Dec. 11.—Money has been bought in this port in lots of recent weeks in this Japanese controlled part of Manchuria. The buying power of the Chinese "cash" coins normally worth one-twentieth of an American cent, has fallen so low that it has become profitable to buy them for their metal value.

Turkish Women On Police Force Constantinople

CONSTANTINOPLE, Dec. 11.—The expediency of inviting the chief of the London Women's Police to Constantinople is now under consideration by the Union of Turkish Ladies. The question of the participation of the Turkish women in the police force has recently given rise to much controversy in feminist circles. Among the members of the Union of Turkish Ladies it is held that the invitation will help to prevent debauchery and prostitution. Other ladies, especially teachers, dislike the idea of Turkish women being in contact with the scum of the people, and urge that she shall first learn to perform her duties as housewife. The dispute calls attention to the progress of feminism in Turkey. Of all reforms brought about in this country in the course of the past few years, the improvement in the status of women must undoubtedly be considered the most promising. Its strongest supporters are the present leading statesmen.

Flying Post Offices Being Built by U. S.

PARIS, Dec. 11.—Paris, the goal vertible transport aeroplanes are being built for the time when the air mail will be sorted in transit. They are tri-motored, 18-passenger ships that may be made into a flying post office within 24 hours. Carriers of the transcontinental mail estimate that three hours would be cut from the present time if mail clerks were aboard aeroplanes to sort the thousands of letters carried daily. The cabins of the aerial post offices are 19 1/2 feet long, seven feet high and five and a half feet wide. Meals can be obtained on board as there is a buffet. There are large non-shatterable glass windows, giving the clerk excellent vision. These planes have special night flying equipment, as officials believe that the bulk of air mail will be moved at night just as the greater part of train mail is handled between dusk and dawn. The system building the convertible air carriers operates what it terms "the largest lighted airway in the world."

Fortifications of Paris Reduced To Just a Few Poles

OAKLAND, Cal., Dec. 11.—Conquering an invading army since the time of Caesar, has not only done away with the three rings of fortifications that encircled her before the great war, but has greatly decreased the troops that once were on constant peace-time duty within her walls. Before the war the garrison of Paris counted twenty thousand bayonets and four thousand sabres, with the artillery, the engineers and supplementary services bringing the number of men above 25,000. Today only 2500 poilus are on duty in the capital. Whenever the peace of the city seems menaced, troops are brought in from the provinces by rail—a hundred men from one town, two hundred from another, and so on. Twice this year the army has brought battalions to Paris from the country to be ready to aid the police. The first occasion was on May Day, when trouble from the Communists was feared. The second time was August 1, for exactly the same reason. Nothing happened on either day. The troops, for the most part, were kept in the suburbs.

Twenty Years Ago In Prince Rupert

December 11, 1909 J. Y. Rochester urges that waiting room accommodation for passengers should be provided at the G.T.P. wharf here.

T. D. Pattullo urges the idea of a city council instead of a board of control in the municipal government of Prince Rupert after its incorporation as a city.

G. R. T. Sawie, manager of the Optimist newspaper, is leaving for a trip to Toronto and Philadelphia to purchase between \$8,000 and \$10,000 worth of new machinery and equipment for the paper.

LAND ACT Notice of Intention to Apply to Lease Land Take Notice that I, James Martin, of Massett, B.C., intend to apply for a lease of the following described lands: Commencing at a post planted at high water mark, and at the shore corner of Main Street, and the corner of Block 20 Town of Massett, B.C.; thence South Westerly about three hundred feet to low water mark; thence in a North Westerly direction to New Massett wharf; thence along the wharf about three hundred feet more or less to high water mark; thence along high water mark to the point of commencement. Dated at Massett, B.C. this 30th day of November, 1929. JAMES MARTIN.

BRINGING UP FATHER

By George McManus

Bronchial Cold Left Her With A Dry, Hacking Cough

Mrs. J. Fearman, Selkirk, Ont., writes: "Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough."

"After being bothered, both day and night, with it for some time I had a friend recommend

Dr. Wood's Norway Pine Syrup

which I tried with wonderful results, and now it is the only remedy I ever use for colds.

"I have also used Milburn's Heart and Nerve Pills with wonderful results." "Dr. Wood's" is 35c. a bottle; large family size 60c.; at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

MRS. SNOBLEY (a member of local literary society): "I consider the Parson pronounces his words almost perfectly. Yet I remember even him making a mistake." MR. SNOBLEY: "Yes, dear. When he pronounced us man and wife."

News of the Mines AROUND PRINCE RUPERT

J. D. Galloway Speaks of Portland Canal District

"The Portland Canal district has hardly carried out the rosy promises made for its mineral properties but it should be remembered that all promises for quick production and dividends were largely made by irresponsible parties," stated J. D. Galloway, provincial mineralogist, in the course of a mining review of the province at the annual meeting of the British Columbia division of the Institute of Mining & Metallurgy held recently in Vancouver.

"It has been said that the Portland Canal is a one-mine camp, referring to the fact that the only important producer is the Premier. However, several more properties are now within striking distance of production and much remains still to be done in developing attractive showings."

"Referring to the rich potential mineral possibilities of the province which have been developed during the past three years, Mr. Galloway mentioned the Ferguson mine in the Ingenika, the Emerald in Omineca and the two spectacular properties in the Taku River area. "During the last three years," he said, the large mining companies of the province, the Consolidated, Britannia, Granby and Premier companies, have optioned hundreds of prospects, carried out various amounts of work on many and have finally acquired a few of them. A fair percentage of these will probably make productive and profitable mines. Continuing his refer-

ence with regard to the Portland Canal district, Mr. Galloway said: "The record in this division again illustrates that, as a rule, it takes ten to fifteen years to make a mine out of a prospect. This is particularly true in this district where climatic and physical conditions make initial mining development slow and costly."

"One encouraging feature is the discovery of a deeper ore body on the Premier than heretofore and the successful results on the adjoining properties on the northeastern porphyry zone of the Premier. The expenditures made by the Consolidated Co. in Stewart and the vast mineralized area to the north and east show that this portion of the province holds out much promise that valuable ore deposits will be found and that some of the known ones will be our productive mines of the future."

Miss Kelsey Is Honored by I. O. D. E. Chapter

At a meeting of Hill Sixty Chapter, Imperial Order, Daughters of the Empire, last night at the home of the regent, Mrs. John Manson, Fourth Avenue West, presentation was made to Miss Edith Kelsey, a popular member, who is about to be married, of a handsome silver flower basket. The presentation was made by Mrs. Manson, who spoke appropriately.

Oriental Market Should Benefit All Coast Cities

(Juneau Empire) The great market that lies on the other side of the Pacific ocean is providing repeatedly that it is worth the earnest attention of American exporters. The latest people to find it out are citizens of Canada.

During the first half of the present year, Canada's exports to Japan reached the impressive figures of \$22,300,000—nearly \$5,000,000 above the figures of the preceding year. The wheat growers alone found Japan able to buy more than \$13,000,000 worth of their crop.

The United States and Canada some day will draw a great part of their prosperity from the lands beyond the Pacific. Already the territory is proving abundantly worth cultivating.

NORTHERN B. C. NEWS

VANDERHOOF

Construction of the new road from Fort St. James to Finlay Forks is now getting well advanced. Motor trucks can now be driven to 22 Mile post. Owing to weather conditions, it has been necessary to suspend grading and filling operations for the winter.

W. C. Gunn of Prince George is on a trip north from Fort St. James to look into water power possibilities in that region.

A. A. Hutchinson, station agent here, left on Sunday for a three weeks' vacation trip to Manitoba. C. C. Johnson is here from Spence's Bridge to act as station agent during his absence.

Mr. and Mrs. Harold W. Smith have returned from Kamloops and resumed residence in the Stuart Lake country.

Mah Sam, who has been associated with the O. K. Hotel here for a number of years, left last week for his native home in China to visit with his wife and family.

Mrs. E. C. McGeachy entertained last Thursday with an enjoyable bridge party. Prize winners were Mrs. A. G. Birc and Mrs. C. W. McKelvey.

Mr. and Mrs. John Kennedy have left here for their home at Hanceville. Mr. Kennedy was in the employ of R. C. McCorkell here during the past summer and fall.

Lady Pitka of Stuart Lake, accompanied by her son, Stanley Pitka, and daughter, Mrs. F. Smith, have been spending a few days in Prince George, it being Lady Pitka's first trip away from Stuart Lake in six years.

Mrs. R. M. Taylor entertained at a delightful tea last Friday afternoon, many guests being present.

Mr. and Mrs. H. Reeves entertained with a bridge party last Friday evening in their home north of the Nechako River. Prize winners were Mrs. James Silver and Miss Betty Lamb.

STEWART

The Northern B. C. Power Co. has about completed the installation of new power lines on Fifth Street to replace the old ones.

Since the Northern B. C. Power Co. started using the Dunwell power house to supply Stewart with electricity, there has been a great improvement in radio reception locally.

Word has been received here that Charlie Finlay, well known in Stewart and a former employee of the Dunwell mine, was recently killed in a coal mine accident at Cadomin, Alta.

H. L. Taylor, provincial electrical inspector, was a visitor here last week at the request of the Stewart Board of Trade investigating a number of matters locally in connection with electric wiring.

Miss Mabel Mellor was hostess at a delightful bridge party at her home last Thursday evening. Mrs. W. C. Cameron won ladies' first prize and J. Mounsell, men's first, while the consolation award went to S. G. Lawrence.

Harry Townsend, consulting engineer for the Mountain Boy Co. and field representative of the

Anaconda Copper Co., returned to Stewart last week after a month's absence in the south.

Mrs. W. C. Cameron has sufficiently recovered from a recent illness to be able to resume her duties at the post office.

Frank Nagle, who conducts the moving picture show at Hyder, left last week for a trip to Seattle.

Mr. and Mrs. Clay Porter left here last week to spend a holiday in the south.

Jack Anderson, road superintendent for Atlin district with headquarters at Anyox, paid a visit to this district last week on official duties.

Alex Pover of the Prosperity mine crew spent a few days in town last week.

Douglas Ray, superintendent of the B.C. Silver mine, spent a few days in town last week on business.

ALICE ARM

The directors of the Esperanza Mining Co. have decided to purchase and install as soon as possible a compressor plant and power drills. After installation of the compressor plant, the erection of a concentrating mill will be undertaken so second grade ore bodies can be mined. Ore from the dumps will also be milled. Meantime, exploration work continues on the various veins with gratifying results.

A new company to be known as the Torbit Mines Ltd. has been formed by the Britannia Co. to operate the Toric, Dolly Varden, Wolf and other mining properties in the Upper Kitsault Valley which have been acquired by the company.

The new dam between the big dam and the railway above the town of Alice Arm, which is being built to divert the waters of Falls Creek into the Kitsault River, is now about completed.

Two Weddings Of Interest To District

ALICE ARM, Dec. 11.—News of much local interest is the delayed publication of the marriage of Miss Alice Hogberg, daughter of Mr. and Mrs. Gust Anderson of Alice Arm to Robert Cope of Vancouver, the wedding being at Vancouver on November 28.

Another marriage of local interest was that of Miss Helen Nuick of Alice Arm to Errol Keobke of Whitehorse, the marriage taking place at Whitehorse on December 1.
