PRICE FIVE CENTS

CITY IN GOOD FINANCIAL POSITION

RIDING TO GET \$27,000 FOR ITS PUBLIC WORKS THIS YEAR

City Has Surplus on 1928 Operations and Bond Debt Reduced

Auditor's Report Is Very Satisfactory, Indicating That Finances of City Are in Excellent Condition

General revenue of the city for the year 1928 exceeded expenditure by \$1724.12, according to the report of the auditor, George Rorie, C. A., which was presented to the city council last night. The report was tabled for two weeks in order that it may be studied by the aldermen before being finally accepted. The surplus was in spite of the fact that taxes levied during the year for general purposes amounted to \$229,210.43, as compared with \$259,122.75 in 1927. Current taxes collected during 1928 amounted to \$273,258.35 while arrears were collected in the sum of \$57,989.20, making an aggregate collection for the year of \$331,247.55. The percentage of collections of current taxes for the year was 86.4. The amount of credit of the sinking funds had been duly accumulated during the year and appeared to be in order.

In regard to the revenue accounts of the city's utilities, the auditor's report showed that the surplus of the electric light department for the year had amounted to \$15,966.32 while the telephone department surplus was \$12,699.87. The annual deficit on the waterworks had been reduced to \$2,708.06, leaving a net surplus on the utilities operations amounting to \$25,058.13.

OILS SWAMPED THE EXCHANGE

Engine and Six Cars of Yesterday's No. 6 Off Tracks—Traffic is Delayed

YANCOUVER, March 5.—Oil issues again swamped the trading facilities of the stock exchange yesterday, all opening exceedingly strong, but profit-taking in the afternoon reduced the gains somewhat. Home netted a \$1.25 advance, A. P. Consolidated 32, McDougall Segeur \$1.25, Clamont 90, Illinois Alberta 28, and Dalhousie 70. Premier was four cents stronger and Kootenay King 3 cents. Pend Oreille lost 50 and Reeves McDonald 5. Rufus was strong all day and ended 2 cents higher.

TRAIN DERAILS AT ROSE LAKE

Yesterday's eastbound No. 6 express and passenger train was held up for several hours this morning near Rose Lake as a result of a derailment at 12:45 midnight when the engine and six express refrigerator cars containing fresh halibut left the tracks. The only injury was that sustained by a trespasser who was riding the engine tender and who had his leg broken. Equipment is reported to have not been seriously damaged. It was expected to have the line clear by noon today and trains moving east and west again. Meantime, this afternoon's train, due from the east at 3:30, is reported as seven hours or more late.

LOUIS AUGER IS IN COURTS

OTTAWA, Mar. 5.—Louis M. Auger, member of Parliament for Prescott County was committed for trial today charged with a serious offence against a seven-year old girl. Mr. Auger pleaded not guilty.

MORE PHONES NEEDED HERE

Two Hundred Lines to Be Added to Local Switchboard, Council Decides

There has been such an increase in telephone users in the city that it has become necessary to add another section of 200 lines to the municipal switchboard. This was decided upon by the council last night at the suggestion of the utilities committee. The section will be purchased from the Stromberg-Carlson Co. at an estimated cost of \$4000 and will be installed by the telephone staff.

Ald. Macdonald, chairman of the utilities committee, explained that about 1600 telephones were now in use in the city and the switchboard was up to its full capacity. It had been necessary to turn down telephone orders because the city did not have the necessary equipment. The proposal was to add a fifth section to the switchboard which would probably mean about 300 phones. The new numbers will be 800 to 999.

THOMAS WILSON RE-APPOINTED

Will Resume Duties as Bandmaster of Prince Rupert Boys' Band

The provisional committee on the Prince Rupert Boys' Band, at a meeting last evening with Ald. Theo Collart, chairman, presiding, reappointed Thomas Wilson to be bandmaster of the band. Mr. Wilson will resume his duties at once and the first practice of the band is called for tomorrow night. The drive for members will now be started and, when sufficient have been enrolled, there will be a general meeting of the new association.

THOMAS WILSON

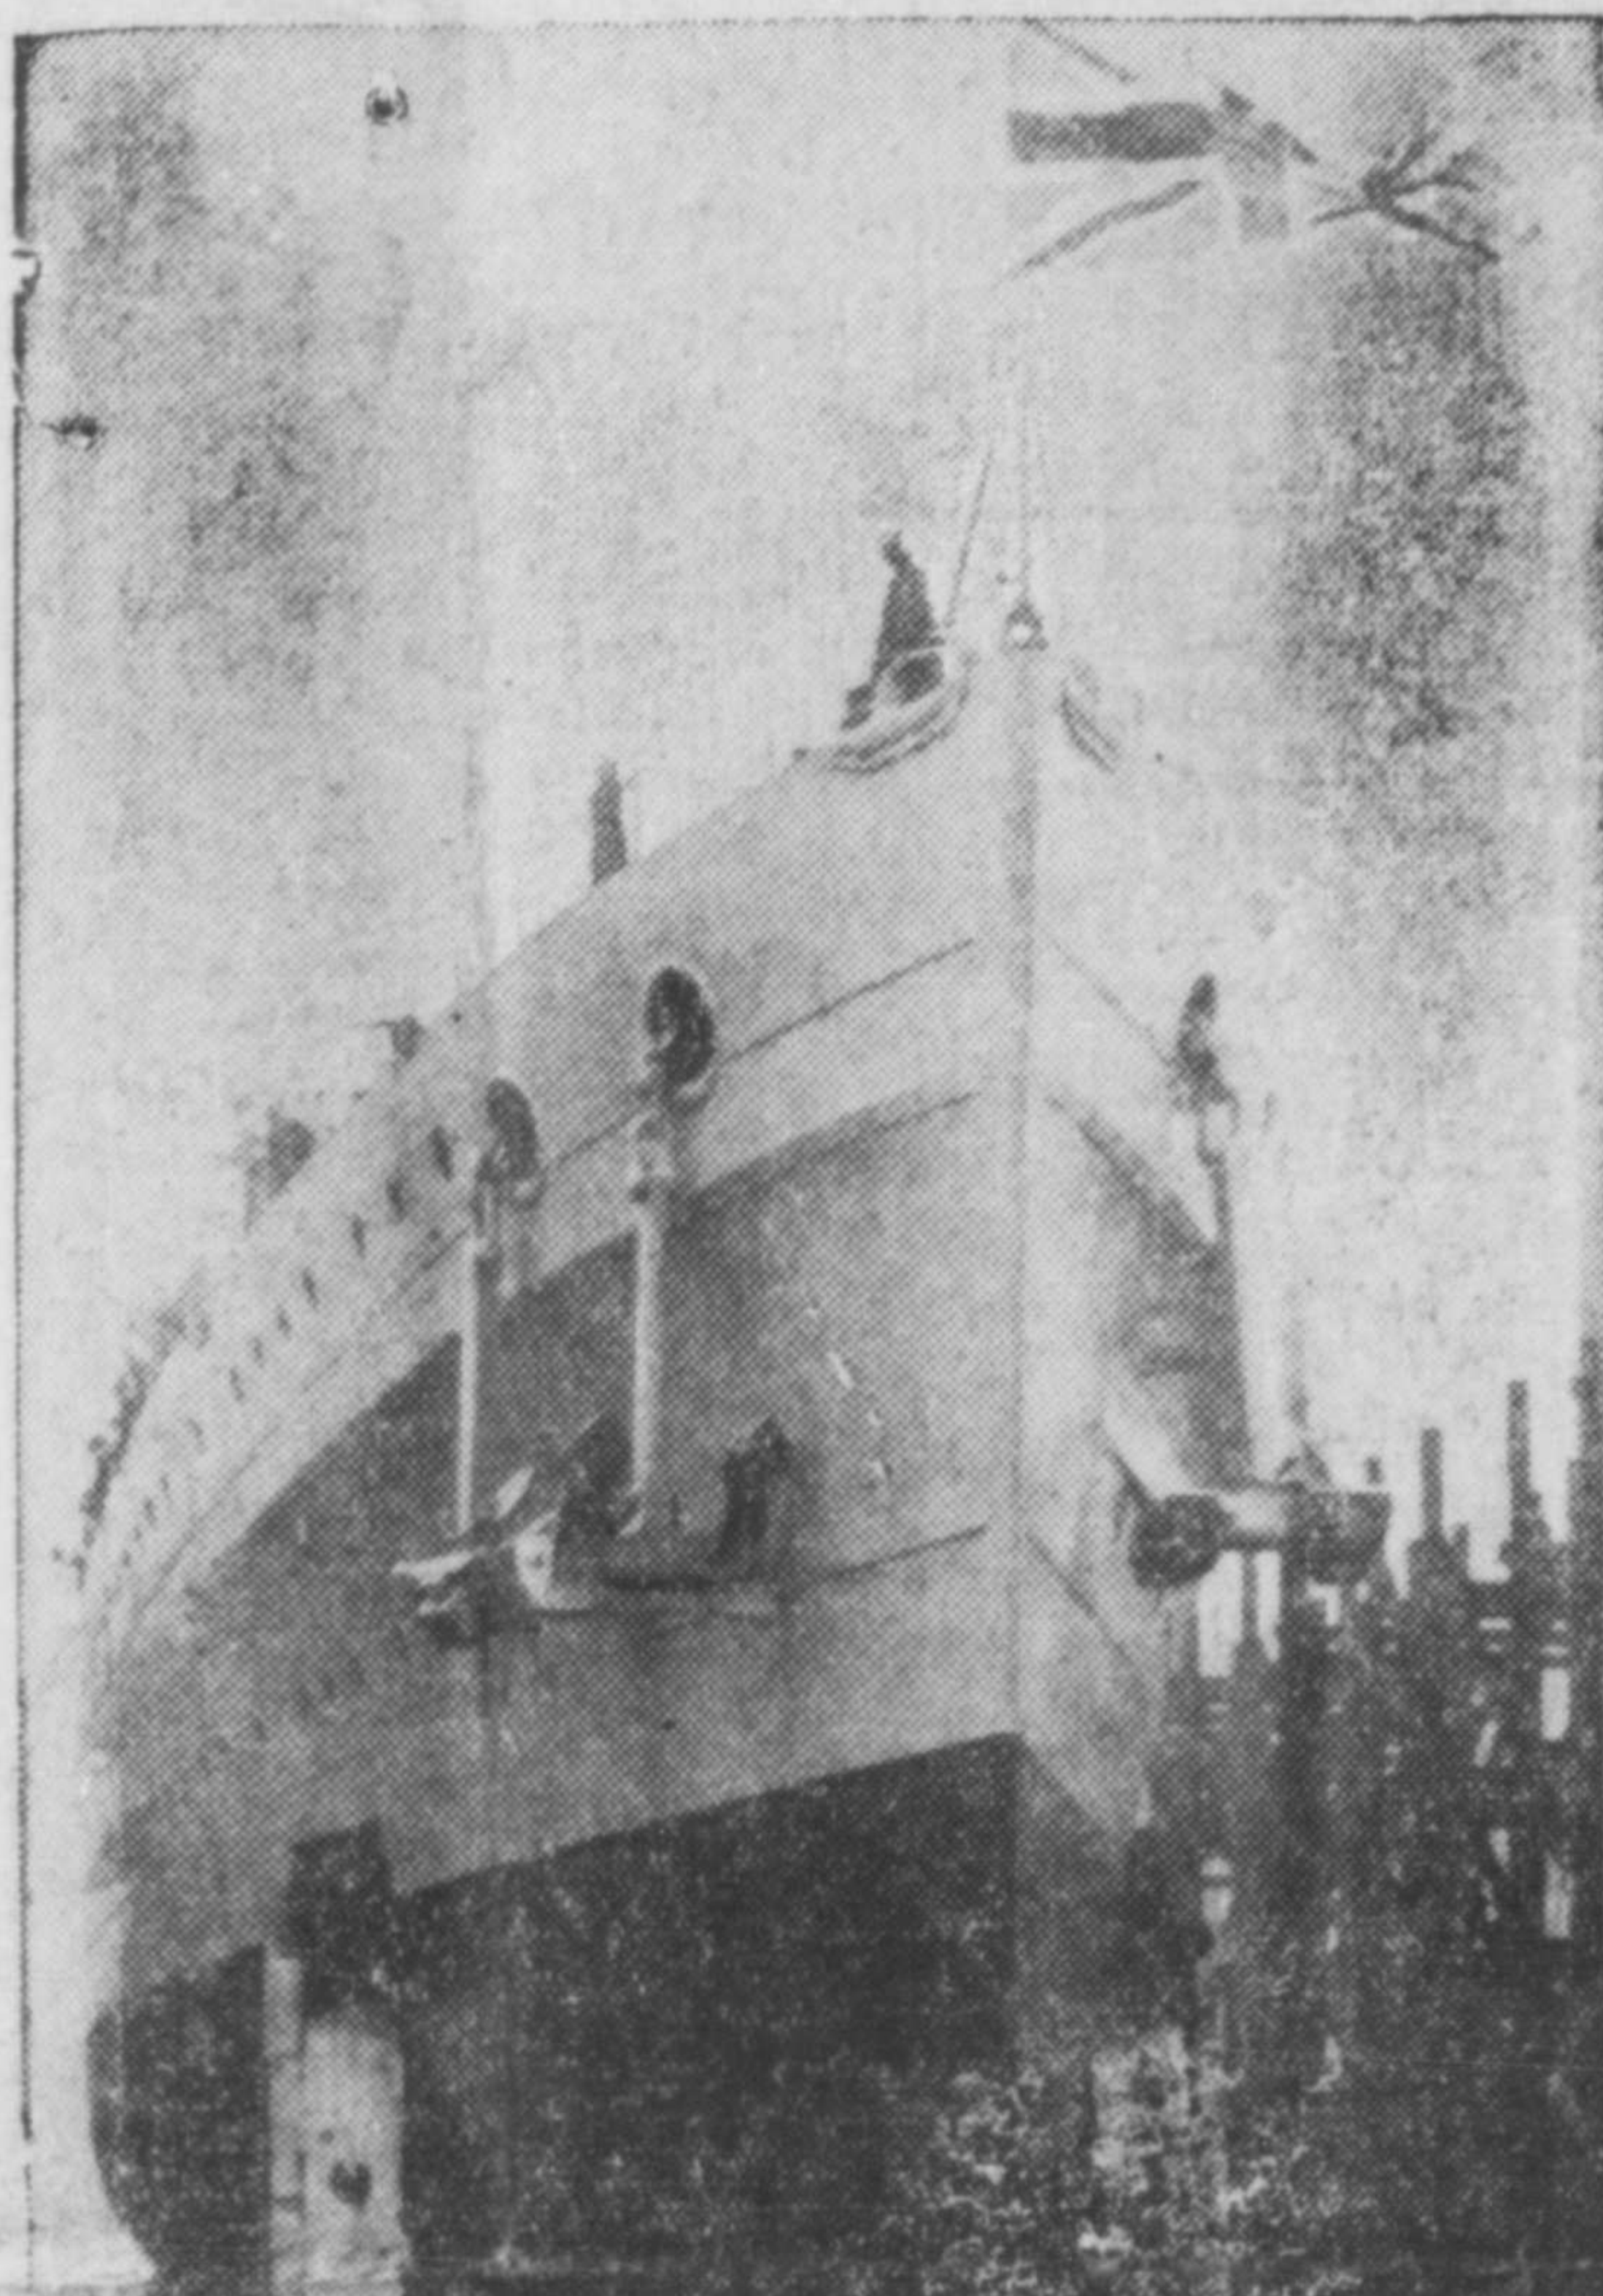

Bandmaster of the local Boys' Band who was last night reappointed by the newly formed committee.

OLD TIMER PASSES

CORDOVA, Mar. 5.—Charles H. Hill, resident of Alaska for the last 30 years, died today after a stroke, aged 69. He made and lost fortunes in Dawson and Nome.

LAUNCHING THE BRITISH CRUISER DORSETSHIRE

Above is a picture of the new British cruiser, H.M.S. Dorsetshire, gliding down the slipway at Portsmouth after being christened by Lady Shaftsbury. The vessel, which is of the 10,000-ton class, cost approximately \$11,000,000 to construct.

Manson Makes Charges Regard to Report of Auditors but is Voted Down by Party Majority

VICTORIA, March 5.—A. M. Manson failed in his effort to have the interim report of the auditors, Helliwell Maciachlan & Co., referred to a selected committee of the legislature on public accounts on Monday. His motion to this effect was defeated in a straight party vote of 30 to 11. Tom Uphill, Labor member, was voting with the Liberal opposition.

During the address Mr. Manson made serious charges and allegations in connection with the report, declaring portions of it as "falshoods" and "but political animus."

The bill to amend the Municipal Act, introduced by Pooley, proposes to give power to the municipalities to assess as improvements a tax on oil and gasoline storage tanks, also to give the councils power to appoint an acting mayor or reeve at the beginning of each year. This was to overcome certain legal doubts as to the validity of the cheques signed by the acting mayors as appointed under the existing system. It also gave power to dispose of the works for producing or supplying electric light, power, gas works or water works.

DIED RESULT KNIFE STABS

NEW WESTMINSTER, Mar. 5.—Stabbed several times with a knife, John Andrew Bodaly of Glen Valley, Langley, died today while being brought here to the hospital.

It is reported that Bodaly was stabbed during a quarrel over a bull. E. Pronik, a Russian farmer, has been charged with the murder.

BLOODSHED IN MEXICO

NEW YORK, March 5.—The first bloodshed in the Mexican revolution is reported from five states as the government and revolutionists settled down today to what appeared to be a life and death struggle. The revolutionists captured Monterey, strategic railway and munition centre in state Nuevo Leon with severe casualties. Loyal troops claimed victory in state Vera Cruz. States of Coahuila, Sonora, Sinaloa reported fighting.

WHEAT TAKES DROP

VANCOUVER, Mar. 5.—Wheat took a drop here today to \$1.25 1/2.

GARD-OF THANKS

On behalf of the family of the late H. D. McIntyre, the staff of the Prince Rupert Elevator desire to convey their sincere thanks for the many kind expressions of sympathy received on their sudden loss.

Burning of Mortgage Proved Interesting Event to Members of I.O.D.E. Municipal Chapter

The burning of the \$1000 mortgage on the hall owned by them was the feature of the annual meeting of the I.O.D.E. Municipal Chapter, held last night, with Mrs. Sheiford Darton presiding. It was a memorable occasion, the actual ceremony being carried out by Mrs. A. T. Parkin, past municipal regent, during whose regency the hall was erected. The mortgage has been hanging over them for the past three years and the final payment was made possible through receipt of the proceeds of the play "Green Stockings" last week at the Capitol Theatre. The hall is now completely clear of indebtedness. The meeting, which was well attended, also heard the address of the national regent, Miss M. Church, read by Mrs. Brady.

ELEVATOR MEN MOVING SOUTH

Seven Members of Local Staff Going To Vancouver This Afternoon

Transferred to the Vancouver house, seven members of the staff of the Alberta Wheat Pool's Prince Rupert elevator will sail for the south on the Camosun this afternoon. They are: Malcolm McLeod, shipping weighman; Gordon Hitchcock, receiving weighman; Alex Murray and D. McDonald, scale men; Tommy Hughes, cleaning man; A. Murray, storage man; and Frank Biggin, foreman.

"I am sure you all feel this to be one of the proudest moments of our lives as Daughters of the Empire in Prince Rupert. We have reached another milestone in the history of our chapter. The dream which many of our older members had of owning our own home has at last come true. It has been a long, hard pull, but I trust that a straight and level road lies ahead of us."

"The hall is renting well, especially so this last year, and should be able to pay its own expenses and also pay us a little interest on our money, thus relieving the chapter considerably. We all feel that this is a very good way to celebrate our chapter's birthday."

FUEL OIL FOR ASSAY PLANT

Subject to the usual conditions, the city council last night granted permission to G. W. Dunn to install a 100-gallon fuel oil tank under the sidewalk on Eighth Street, adjoining the Clements building, which has been taken by the Consolidated Mining & Smelting Co. for use as an assay office. Such a tank would give gravity for the fuel oil feed to the assay furnaces.

Regent's Report

Mrs. Darton's annual report was as follows: "Just 10 years ago on March 25, 1919, this chapter received its charter."

"Upon looking back those 10 years have been full of activity, each year showing greater interest taken in the work of the order, and each year showing a substantial increase in membership. During that time this building was erected and is now fully paid for. An investment amounting to \$8000, including the lots, which I consider, a very creditable achievement."

"The year just ended has been a very strenuous one for all of us, for we planned at the beginning that if it were at all possible we would wipe off the remaining \$500 debt—a fact which I am pleased to report has been accomplished. Later in the evening you will have the satisfaction of seeing the mortgage destroyed."

"In addition to raising this money, the several chapters have taken a very active part in the work of the community. I wish to emphasize this fact, for someone remarked it had taken the I. O. D. E. a long time to get out of debt. When you hear the splendid reports of the different chapters you will feel as I do, that the I. O. D. E. is a very live organization, and a credit to this city. My sincere thanks are due the officers of Municipal Chapter for the loyal support I have at all times received from them."

DAUGHTER OF FORMER MINISTER IS DEAD

VANCOUVER, March 5.—Mrs. Mara Samantha Brown, daughter of the Hon. William Madougall, member of the government of Sir John A. Macdonald, is dead here, aged 80.

The most perfect written account of one-way traffic is an Aberdonian's pass-book. "An Aberdonian went into a hotel and ordered two glasses of Worthington. He drank one, and left the other to settle."

(Continued on Page Six)

In The World of Sport

Sport Chat

With an abrupt and pronounced turn to warmer weather, the ice at Smithers has been covered for a week or more now with water and no curling games have been possible. By the time of the interruption the consolation competition had been narrowed down to the finals between rinks of A. Macdonald and J. G. Stephens. Both rinks are pulling strong for one more night of cold weather so they may play the final game.

It looks as though old Jim Maloney, who was supposed to be pretty much out of the picture, may figure after all in the dispute for the world's heavyweight crown. Conversely, it would appear as though Tom Heeney, the New Zealander, who had been prominently mentioned, is not going to figure. The result of the battle last Friday night in Boston when Maloney completely outclassed the Anzac was generally surprising to the fans, particularly in view of the fact that it was only a short time previous that Heeney had knocked Maloney out in the first round.

Judging by his recent performances, it would appear that another shot at Sammy Mandell's lightweight crown should soon be due Jimmy McLarnin of Vancouver. The pink cheeked Irish Canadian has been knocking them over again pretty regularly of late and the crowning event of his come-back was the sensational victory over Joe Glick in the second round at Madison Square Garden last Friday night. British Columbia fans, who figured that McLarnin's defeat at Mandell's hands last year was but a temporary setback, are keenly enthusiastic again with regard to their favorite's chances for the world's title.

A banquet and dance was given in Burns Lake last Tuesday night in honor of Pete Sandnes on his return home from various ski tournaments in the northwest where he won many trophies. Sixty persons attended the banquet and there were some 150 at the dance. Major Robert Lowe, president of the Burns Lake Board of Trade, occupied the

Coogins, goalie for Bristol City, pushing out in the recent spectacular game between Bristol City and Chelsea at Stamford Bridge.

chair and many speakers lauded the feats of the guest of honor and made due mention of the distinction he had brought to his home town. Among the speakers were Sidney Godwin, A. M. Ruddy, Mrs. V. Schelderup, D. Trousdell, Jörn Berg, H. D. MacNeil, Lyster Mulvany, P. L. Mulville, P. V. Tallon, Mrs. S. Godwin and W. N. Campbell. Every organization in Burns Lake was represented.

A junior ski jumping competition was recently held at MacDonald's Landing on Burns Lake and there was much rivalry for honors among the youthful contestants. In the 15 years and over class, Danny Trousdell came first with Sam Kerr second. Oke Stanyer won the standing jump with Buddy Brunell a close second. T. Hougen jumped the farthest in the fifteen and under class but was unable to remain standing and J. Thompson won the jump.

LIONS AGAIN ARE WINNERS

VANCOUVER, March 5.—The Vancouver Lions continued their winning streak here last night in a hard contest with Victoria Cubs and ended up with the count. Robertson, the Victoria goalie, was left at home sick, and Omears, their captain, was on the bench with sore ribs. Red Hardaker came up from Seattle to fill in between the posts. He had a stormy passage in the first period when four Vancouver goals got by him, but after that he allowed but one more goal.

GRAND TERMINALS WIN OVER CANADIAN LEGION

Book Last Week's Fixture by Aggregate Score of 1735 to 1119

Grand Terminals tightened up the gap between themselves and the Canadian Legion for the leadership of the first division billiard league a little closer by winning last week's fixture from the ex-soldiers by the close aggregate score of 1735 to 1119. In the final game last night J. Andrews, Canadian Legion, won by a score of 250 to 196 over W. J. Nelson, Grand Terminals.

BRITISH DIRECTORS GREEDY, SAYS POST

(Financial Post, Toronto)
 Canadian corporation investments are often under fire from British financial editors. Yet in one important respect Canadian standards are much higher than standards in Britain. Directors in Britain usually enjoy very fat emoluments and often take advantage of opportunity to benefit personally at the expense of the general run of shareholders. For instance, when the Mond Nickel Co. gave rights to its shareholders to subscribe to new shares it set aside certain shares for the directors to buy at a low price. If this were to happen in Canada the directors would be run out of public financial life. If any Canadian board of directors received annual fees such as the directors of Mond Nickel received prior to the recent merger it would constitute a scandal.

E. W. GILLETT CO. LTD. TORONTO, CAN.

The case of F. A. Stevens, charged with having failed to make out his 1926 Dominion Income tax return, has been further adjourned for eight days in city police court.

Mrs. Alonzo Haines, who was called about a month ago to Toronto on account of the death of her father, will return to the city on tonight's delayed train, accompanied by her family.

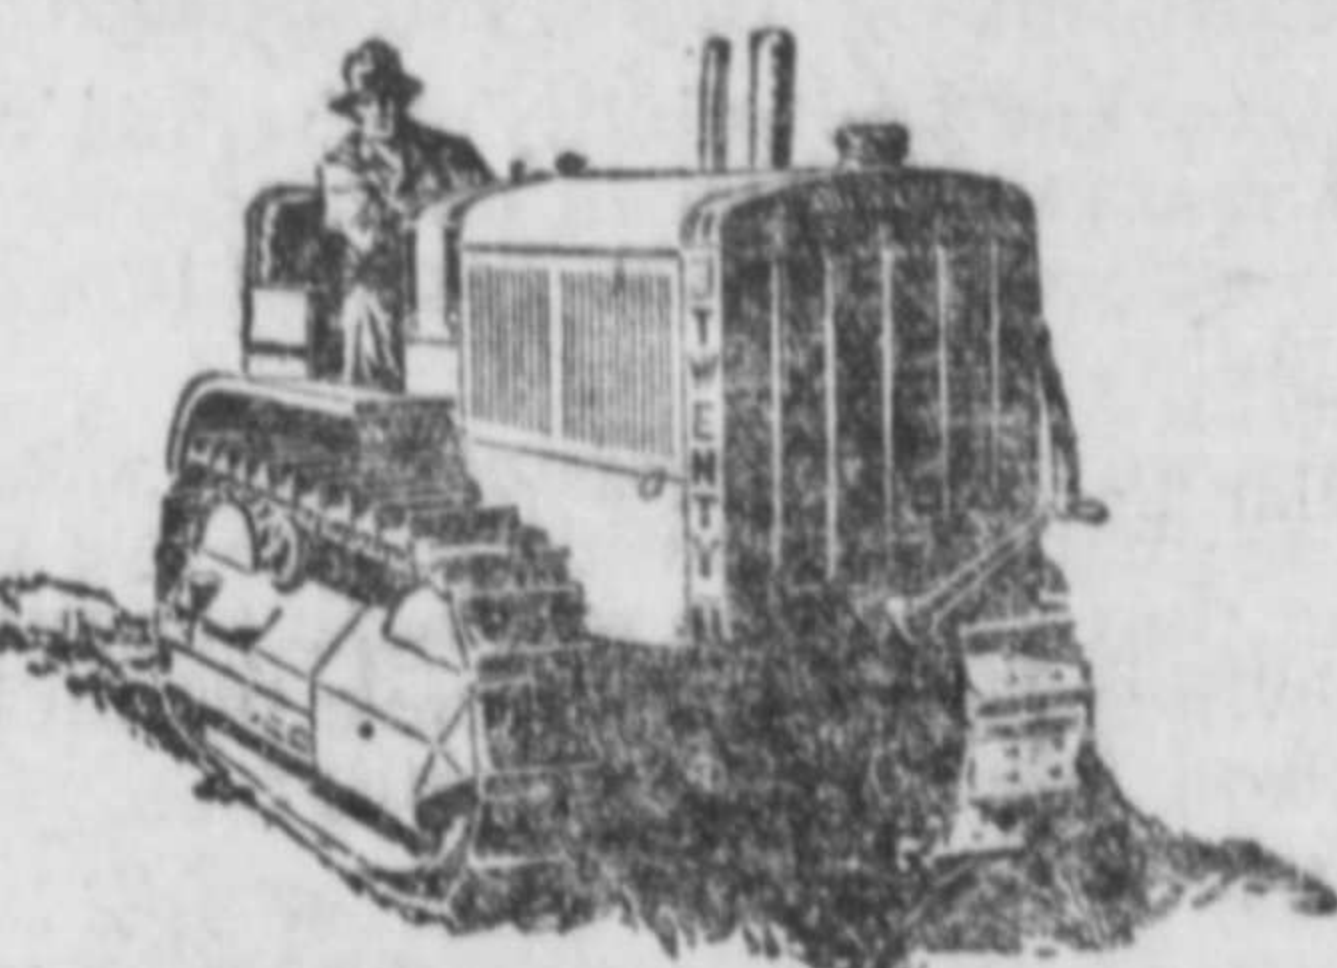

Capt. H. Calderwood of the Digby Island ferry boat Rhona sails this afternoon by the Camosun for Vancouver and Victoria on a holiday trip. Mrs. Calderwood and child are already in the south.

On recommendation of the Board of Works, the city council decided last night to purchase from the dry dock at a cost of \$95 a fourteen foot boat, suitable for an outboard motor already in the possession of the city, for use of the waterworks department in crossing Shawatlans Passage. Ald. Brown explained that this appeared to be the best buy which had been offered.

Mr. and Mrs. O. H. Wall are expected to arrive in the city on the Prince George tomorrow morning from Vancouver enroute to Telkwa where they will visit with Mrs. Wall's parents, Mr. and Mrs. MacDonald. Mr. Wall was formerly manager of the branch of the Royal Bank of Canada at Telkwa and for the past few years has been in charge of the branch at McKay in Burnaby, Vancouver.

SCALE OF CHARGES

The following is the scale of charges made for reading notices:
Birth Notices 50c.
Cards of Thanks, \$2.
Funeral Notices \$1.
Funeral Flowers 10c per name.
Marriage and Engagement announcements \$2.

Basketball tonight, 7:30, Exhibition Building. 3 games. 25c and 10c.

Oddfellows' Whist Drive and Dance, Metropole Hall, Tuesday, March 5, at 8 p.m. Everybody welcome. Admission 50c. 52

Gordon Hitchcock and Malcolm McLeod, transferred from the local house to the Alberta Wheat Pool's elevator in Vancouver for the remainder of the present season, will sail this afternoon on the Camosun for the south.

Ald. Brown offered the suggestion at last night's council meeting that the city might save money by having contractors handle garbage collection rather than the city do the work itself. The idea was referred to the Board of Works for consideration.

John Walker Exley, City Hall janitor, reported to the council last night that the heating system in the hall had consumed a total of 2023 gallons of fuel oil during the month of February. This was an average consumption of 72 1/2 gallons per day at a cost of \$3.97.

A request from members of the fire department that they be permitted to pay the maximum amount allowed under the Act into their superannuation fund was received at last night's council meeting and referred to the finance committee. The Act provides that four to six percent may be paid in according to age.

Ald. Prudhomme was informed at last night's council meeting that a mistake had been made in a recent report on Vanarsdol Street grading whereby the share of the city as a whole and the property abutting in payment for the work had appeared reversed. Ald. Prudhomme had previously asked a question on the point.

Have your reservations made at the Evening Empire or from any of the Committee for the Pioneer Banquet on Tuesday at 7 p.m. Community singing, speeches, vocal and instrumental selections, Myfanwy Campbell's pupils in costume, etc. Banquet will be followed by a dance. Peppy Premier Orchestra in attendance. All welcome. 52

YOUNG PEOPLE OF SALVATION ARMY ELECT OFFICERS

The Young People's Legion of the Salvation Army last night elected officers as follows for the coming two months:
President—George Almon.
Secretary—Miss Bessie Letts.
Treasurer—Frank Pierce.
Chaplain—Ted Harmon.
Arrangements were made for entertainment at future meetings. Games were played and lunch served.

TEMPERANCE PLAY GIVEN LAST NIGHT

Enjoyable Entertainment at Meeting of Fireside Club of First Baptist Church

The principal item on the program at the meeting of the Fireside Club of First Baptist Church was the presentation of a temperance play entitled "Right About Face," which was a splendid performance, reflecting much credit upon all who participated. Those taking part were Miss Wade Mussallem, Miss Catherine Mussallem, Miss Aleita McKinley, Miss Ellen Armstrong and F. Burdette. There were also excellent musical selections by the Eleventh Avenue Orchestra under the leadership of W. H. Derry. Votes of thanks were passed to those who participated in the play as well as to the members of the orchestra.

Devotional exercises were conducted by Rev. W. F. Price and A. Halloran acted as chairman. Refreshments were served by Mrs. J. M. Collison and Mrs. Rolf Walker.

ELEVENTH AVENUE TO BE GRADED

Council Accepts Estimate of City Engineer and Local Improvement Bylaw Will be Brought in

After considerable discussion, the city council last night accepted a recommendation from the Board of Works that a report from the city engineer on the cost of grading Eleventh Avenue from McClymont Park to a point beyond the residences of James L. Lee and H. M. Hale be approved and a bylaw be prepared by the city solicitor and submitted to the council. The estimated cost of the work is \$3,407 per assessable foot which would be spread over a period of ten years under the local improvement.

City Solicitor E. F. Jones warned the council against proceeding with local improvement work which the property concerned could not bear. It was absurd to do so.

Ald. Brown saw nothing absurd about this. The people concerned had been asking for years that this work be carried out and he saw no reason why it should not be done.

Ald. Prudhomme thought that these people were entitled to an opportunity to get in and out of town. If the cost was too high under the present estimate, a cheaper means of doing the work should be found. In any case, he thought the city was bound to take care of this work at a cost which the lots could stand. He referred to excessive cost of some of the grading work in the city and pointed out that an estimate of \$13.40 per lineal foot had been made for Vanarsdol Street whereas the government road, two feet wider, had cost but \$5.30.

It was decided to accept the recommendation and settle upon the cost to be charged the property concerned when the bylaw was brought in.

P. H. LINZEY SPEAKS TO YOUNG PEOPLE

Gave Inspiring Address Last Night on Subject of "How to Make the Most of Life"

P. H. Linzey gave the Young People's Society of First United Church, meeting last night at the home of Miss Edna Vickers, 212 Ninth Avenue East, an inspiring address on "How to Make the Most of Life." He referred to the great necessity of having a worth while objective and putting every effort into its achievement. Character was an essential factor. After the address games and contests were indulged in and delicious refreshments were served by the hostess. George H. Stocks occupied the chair and there was a good attendance of members.

INQUEST CLOSED

The inquest into the death of the late William Gamula, whose body was found in the harbor here last week, was closed this afternoon. There were no further witnesses.

PASTOR MAKES AN IMPRESSION

Congregation of First Presbyterian Church Would Keep Rev. T. Ivon Jones

The congregation of First Presbyterian Church has prevailed upon Rev. T. Ivon Jones to remain in Prince Rupert for a second month. Mr. Jones has preached since his arrival four weeks ago. In spite of the storm last Sunday, the congregation was above the average in number, and those attending listened to two extremely practical and helpful sermons.

Mr. Jones is a man of strong religious convictions, unassuming in manner, refreshingly vivid in expression and delightfully true to the Gospel message of the New Testament. He has done special work in the University of Wales and at Oxford, is widely read, and approaches his problem in a scholarly manner, wasting no words and making no side excursions.

Mr. Jones has been received into the Presbyterian Church of Canada by the Commission on Reception of Ministers, which has Assembly powers. There are many in Prince Rupert who would like to dissuade him from his proposed visit to New Zealand.

Delayed by snow in Portland Canal, Union steamer Camosun, Capt. James Findlay, is due in port at 5 o'clock this afternoon from Anxox, Stewart and other northern points of call and will sail for the south almost immediately afterwards.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE

NOTICE is hereby given that on the 30th day of January, 1929, probate of the last Will and Testament of James C. McRae was granted to the undersigned as Executors of his last Will and Testament. All persons having claims against the said Estate are required to file the same with the Executors forthwith and all persons owing money to the said Estate are hereby required to pay the same to the said Executors forthwith.
DATED at Prince Rupert, B.C., this 4th day of March, 1929.

DAILY EDITION Tuesday, March 5, 1929

PEACE AND LAW ENFORCEMENT

The new president of the United States, whose inauguration took place yesterday, declared in his inaugural address that he and his administration would be dedicated to the enforcement of law at home and the promotion of world peace. It is a great ideal and one which gives plenty of scope for activities. The first and most important is the enforcement of law at home, for, until that is brought about, the ability to induce adherence to the findings of a world court will be doubted.

The new president comes into power under the best possible conditions. The world is looking for a lead and especially from the most powerful nation in the western hemisphere and one of the most powerful in the world. The fact that the United States has held back from the League of Nations has weakened that body. Her influence has not been for peace in that direction. Her very aloofness has been a drawback. In spite of that the league has been a great success in dealing with a number of minor differences among nations. With the help and backing of the United States it might be possible to prevent almost any war.

ELEMENT OF SAVAGERY

In a few years the world will look back on this age as one when the world was emerging from savagery through its efforts to abolish war. They will wonder why for so many years nations were willing to jump at each other's throats wolf-like, in order to attain petty advantage. By then armaments as we know them today will have been abolished and nations will be learning to trust each other. As long as all are armed to the teeth mutual trust is impossible.

REVOLUTION IN MEXICO

Another revolution seems to have started in earnest in Mexico, according to news published in this paper yesterday. Already a number of states have declared themselves against President Portes Gil, who was the nominee of Calles and was strongly supported by him. It is possible that a fierce civil war will result, but it does not seem likely that it will last long. One side or the other is pretty sure to gain a quick supremacy.

The Letter Box

SKEENA RIVER BOAT SERVICE

Editor Daily News—If you will allow me a little space in your paper I would like to express my views of the business people of the city of Prince Rupert, and also of the great activity of the local Board of Trade.

A few weeks ago several cannery operators, one being the largest cannery interest in B. C., offered to purchase their supplies in Prince Rupert, provided that prices were favorable to those quoted in Vancouver, and also provided that some efficient transportation was furnished to deliver these goods to the various canneries, and also for the carrying of passengers from and to the various canneries called at. I was then approached and asked if I would consider putting on such a service, with a properly equipped boat, and after taking the matter up with our directors we offered such a service, provided expenses and a very small profit on our investment could be made. This service would have cost the local merchants who would be benefited in the neighborhood of \$200 apiece, supposing the proposed boat had never carried one passenger or a pound of freight, but we have already plenty of freight lined up and the passengers would be there once the service was inaugurated. Our company has shown its faith in this town by establishing a branch of the Pacific Salvage Co., Ltd., here, and are willing at all times to help out all they can, and I, as manager, have done my best in the publicity line ever since I arrived here, and although our local merchants seem to be dead in helping any new idea along, our company is still willing to co-operate and help push ahead to a successful finish any project that will benefit the town as a whole.

At the Board of Trade meeting the cry went out "Oh—for a road," so those poor fishermen could buy cars and come to Rupert. The government is to pay all the bills to open up this country, while the merchants and business men sit down and have everything brought to them on a platter labelled "Gold." When the road is built there will be a howl go up for the government to furnish busses to bring the people into town, and trucks to take the goods purchased back to their various homes.

Our neighbors to the north of us are not afraid to boost for this port as an open fishing port, the same being the terminal of the Canadian National Railways. Harold Brown, manager of the Union Steamship Co., Ltd., when approached by me regarding this proposed service, said: "Go ahead, if it will help Rupert and the north, even if we do lose some freight by it." These people see the advantages we have, and if it was not for the natural resources and the position Rupert holds, it would have been blotto if it had had to rely on our local business men.

In the very near future we will have two mills running near the mouth of the Skeena, and these mills want a service from there each Saturday evening, returning Sunday evening. That would be

fine to let these men and women come into town each week-end, buy clothes, eat, sleep and spend their money. But there it is, rather than spend a little energy and a small amount of money to give this service, let us sit down and wait two or three years till we get a paved highway, then these men will be able to walk in if they can not spear a ride.

Another point that might be mentioned is regarding the elevator. If it was not for the publicity our local papers were giving the elevator situation, even this would be allowed to stand idle for a few years until Vancouver harbor froze over or some other calamity befell them, and they had to move a little grain through this port.

I am herewith glad of the opportunity to withdraw the offer we made to put a boat on this run, and to think that we ever offered to allow a committee of this great Board of Trade be appointed to arrange all movements of this said boat.

I cannot help thanking the dif-

ferent cannery companies, mills, etc., who offered to help start this idea of a boat to run out of this port and who would have supplied the freight, etc.

The best thing left to do now would be to post signs on this small town of ours to read as follows:

Cash and Carry Only. Do Not Bother Me.
 Thanking you, Mr. Editor, for the space.

PACIFIC SALVAGE CO., LTD.,
 OF PRINCE RUPERT.
 Per: W. P. Armour.

During the month of January the fire department responded to seven alarms according to report presented to the council last night by Chief D. H. McDonald. In two cases there was loss which had not yet been adjusted. Expenses of the department, including salaries, had amounted to \$1096. The usual inspections had been made of equipment which was found to be in good order.

Our greatest asset

THE material progress of our Province is known the world over. We speak with pride... and rightly... of its vast natural resources awaiting conversion into merchandise and wealth. We take the figures of ten years ago and compare them with those of today... and the world agrees that our progress... considering our population... has been the brightest feature in the recovery of the British Empire from the war.

And if this progress, of which we are so justly proud, is to continue, does not the most vital force of this country lie in our children? Some day, they will take the helm. Events will follow their judgment, skill and decision. THEY ARE OUR GREATEST ASSET!

The Boy of today is the Man of to-morrow... the Girl, the future Mother of our citizens.

On us rests the responsibility of shaping their formative years so that when we hand over the reins, they may carry on the Torch of Progress, undimmed.

How have we met our responsibility? Can we look Young British Columbia in the eye with the feeling that all will be well with the future of the province for which we have planned so carefully and labored so faithfully?
SURELY!

In the last ten years our school population has grown from 64,570 to 101,688... 58%. We have 1,065 schools manned by 3,396 thoroughly

trained, competent teachers... an increase of 31.7% and 71% respectively!

Recently we have established special vocational schools for our girls and boys, where they may be fitted for those occupations for which they have a natural bent.

Higher education is amply provided for at our University of British Columbia, where two thousand students are now enrolled, the majority studying for their degree in Science and Agriculture.

And to the school training of our children we add the powerful influence of Home, the religious and other organizations, each of which is contributing its full measure of the physical, mental and character upbuilding of our dearest, most treasured asset... OUR CHILDREN!

With confidence and faith we will hand over our beloved Province's future when the time comes!

Read these announcements and understand your province's progress. Slip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

1929 Examinations

THE ENGINEERING PROFESSION
IN BRITISH COLUMBIA

THE following Examinations in all branches of Engineering will be held on the last Monday in April, 1929, in Vancouver, Victoria, Nelson, Kamloops and Prince Rupert, B.C., in accordance with the terms of the Engineering Act of the Province and the By-Laws of the Profession:

Preliminary:

For registration as "Engineering Pupil." For students 17 to 23 years of age with 2 or more years engineering experience. University students in Applied Science exempted from this examination.

Intermediate:

For registration as "Engineer in Training." For students 21 to 28 years of age with 5 or more years engineering experience. University graduates in Applied Science exempted from this examination.

Final for University Graduates:

For engineering graduates holding affiliation as Engineers in Training and possessing 3 to 4 years engineering experience. (Thesis and oral only.)

Final or Professional:

To obtain a "License to Practice" Engineering. For engineers with 8 or more years engineering experience.

The scope of the examinations, with names of text books and reference books recommended by the Profession and other relevant information can be obtained on request. Please give date of birth when writing.

Address The Registrar:

Association of Professional Engineers

FAMOUS PROFESSOR PASSES

Sir Bertram Windle, Professor of Anthropology, renowned all over the American continent for his knowledge of ancient races and customs, who passed away suddenly. Sir Bertram was a professor at St. Michael's College, Toronto.

Radio Broadcasting

THEORIES OF RADIO WAVE

Travel Around Earth in One-Seventh of a Second

OSLO, Norway, March 5.—(By the Canadian Press)—Where radio waves go when they leave home is the question worrying a number of professors in Oslo since certain mysterious echoes of radio waves have been heard at unusual intervals.

Scientists were for a time at a loss to explain how long distance radio transmission was possible since they believe radio waves travelled in straight lines and consequently left the earth at a tangent, passing off into space at a comparatively short distance from the transmitting station. A theory that the waves were diffracted and bent so as to follow the earth's surface had to be abandoned because it was found the strength of the signals as received at long distances was thousands of times greater than could have been had the waves been diffracted.

The existence of an electrical conductive layer in the upper air 50 to 100 miles above the earth's surface was then suggested by the late Dr. Oliver Heaviside. This layer, which came to be known as the Heaviside layer, was believed to prevent the waves from wandering off into limitless space and to reflect them back to earth. The theory involved the idea that it was impossible for waves to penetrate the Heaviside layer.

The reception of echoes of certain short wave length signals sent out at Hilversum, Holland, at Oslo and Eindhoven, Holland, last March, however, put a dent in the theory. As radio waves travel at the rate of 136,000 miles per second they go around the earth in one-seventh of a second. The reception of such echoes at intervals of one, two or even three-sevenths of a second, corresponding to the time it takes the waves to go around the earth, one, two or three times, is not uncommon. But the echoes of the Hilversum signals were received at intervals of from 3 to 15 seconds, indicating they had travelled from 500,000 to 2,000,000 miles. To do this they must have pierced the Heaviside layer.

Prof. Carl Stormer of Oslo has suggested the waves may have been reflected on striking electrons emitted by the sun at a point beyond the moon's orbit. The sun is in a position to produce a suitable reflecting medium in February and March and in October. This might explain the fact that the mysterious repetitions were heard only in March and October. A number of wireless stations have made special preparations to try to pick up such echoes in March of this year.

Should it be proved that the

echoes only occur when the sun lies in a direction perpendicular to the earth's axis as in March and October, it would explain their absence at other times. To the objection that if waves penetrate the Heaviside layer to reach a reflecting surface beyond the moon wireless communication between Europe and Australia would be impossible, Prof. Stormer replies that the echoes are only produced by a particular wave length of sufficiently great energy and emitted in a particular direction.

SWEDISH SCHOOLS ARE USING RADIO

STOCKHOLM, March 5.—Radio has invaded the Swedish schools. After a series of exhaustive tests the Swedish board of education in connection with the government-owned broadcasting service has just announced a series of lectures to be given by leading writers, pedagogues, etc., to be relayed to all schools equipped with receiving instruments. The programs will be put on the air four times a week for half an hour each and will probably become permanent features of the national broadcasting service.

RECEPTION IS AGAIN GOOD

Radio Fans Had a Treat Last Night and Were Able to Hear Many Points

After two weeks during which the reception has been generally poor, radio fans last night enjoyed being able to get almost any station they wished. There was a rather long fadeout early in the evening, but the remainder of the time good concerts could be obtained from any one of a dozen stations. Chicago came in well and practically all the coast stations were available. Complaints were made of a steady tapping noise throughout the evening which proved rather annoying.

AND IT DID

Margot Asquith (Lady Oxford), offers this as the funniest joke she has ever heard:
 A young man and his bride arrived on their honeymoon at Monte Carlo. Upon their first night they strolled down to the beach in the moonlight and sat there gazing out over the water. Presently the man quoted: "Roll on, thou dark and deep blue ocean, roll!"
 Whereupon the young bride grasped her husband's arm and exclaimed:
 "Oh, Richard, dear, look—how wonderful you are—it's doing it!"
 —Pearsons.

KOMO PROGRAM FOR THE WEEK

Tuesday, March 5

- 6:00—Eveready Hour.
- 7:00—Cliequot Club Eskimos.
- 7:30—Freshman Orchestralians.
- 8:00—Jonsey & Mabel.
- 8:30—Don Amaizo.
- 9:00—Longines Correct Time.
- 9:00—Concert Orchestra with "The Harmonists."
- 9:30—Schwabacher's "Gold Shield" Symphony with tenor. Joint with KGW, Portland.
- 10:30—Concert Orchestra with readings.
- 11:00—Radio-Keith Orpheum Program.
- 12:00—News Flashes.

Wednesday, March 6

- 5:00—Kiddies' Program.
- 5:30—Stock and bond quotations.
- 5:45—News Flashes.
- 6:00—Concert Orchestras with tenor.
- 6:30—Palmolive Hour.
- 7:30—Gold Strand Program.
- 8:00—Roads to Romance.
- 8:30—Longines Correct Time.
- 8:30—Imperial Candy Company's "Alice in Candyland."
- 9:00—Concert Orchestra with Male Quartet.
- 10:00—Little Symphony with Male Quartet.
- 11:00—Conert Orchestra ball-tone.
- 11:30—News Flashes.
- 11:45—Fifth Ave. Theatre Organ.

Thursday, March 7

- 5:00—Kiddies' Program.
- 5:30—Stock and bond quotations.
- 5:45—News Flashes.
- 6:00—Seiberling Transcontinental Broadcast.
- 6:30—Spanish Orchestra with Spanish soprano.
- 7:30—Standard Symphony hour.
- 8:30—Longines Correct Time.
- 8:30—KHQ, Spokane; Crescent Old Time Band and Singer. Joint with KGW, Portland.
- 9:30—Novelty Trio with mezzo soprano.
- 10:00—Associated Oil Co.'s Brass Band. Joint KHQ, Spokane; KGW, Portland.
- 11:00—Alaska School Program.
- 11:15—Novelty Trio.
- 11:30—News Flashes.
- 11:45—Fifth Avenue Theatre Organ.

Friday, March 8

- 5:00—Land O' Health.
- 5:15—"The Harmonists."
- 5:30—Stock and bond quotations.
- 5:45—News Flashes.
- 6:00—Wrigley Review.
- 6:30—Philco Hour.
- 7:00—Hudson-Essex Challengers.
- 7:30—KGW Studio program. Joint KOMO, and KGW, Portland.
- 8:00—R.C.A. Hour.
- 9:00—Longines Correct Time.
- 9:00—"A Night in Japan."
- 9:30—"Evensong."
- 10:00—News Flashes.
- 10:15—Mixed Quartet.
- 10:30—Olympic Hotel Orchestra.
- 11:30—Mixed Quartet.
- 11:45—Fifth Avenue Theatre Organ Recital.

Saturday, March 9

- 5:00—Organ recital by Lew White.
- 5:30—Marimba Orchestra with Mildred Hunt.
- 6:00—General Electric Program.
- 7:00—Lucky Strike Dance Hour.
- 8:00—Concert Orchestra with mezzo soprano.
- 9:00—Longines Correct Time.
- 9:00—Puget Sound Navigation Co. Program.
- 9:30—Concert Orchestra with tenor.
- 10:00—Puget Sound Power & Light Co.'s "Big Show."
- 12:00—News Flashes.
- 12:15—Studio Program.

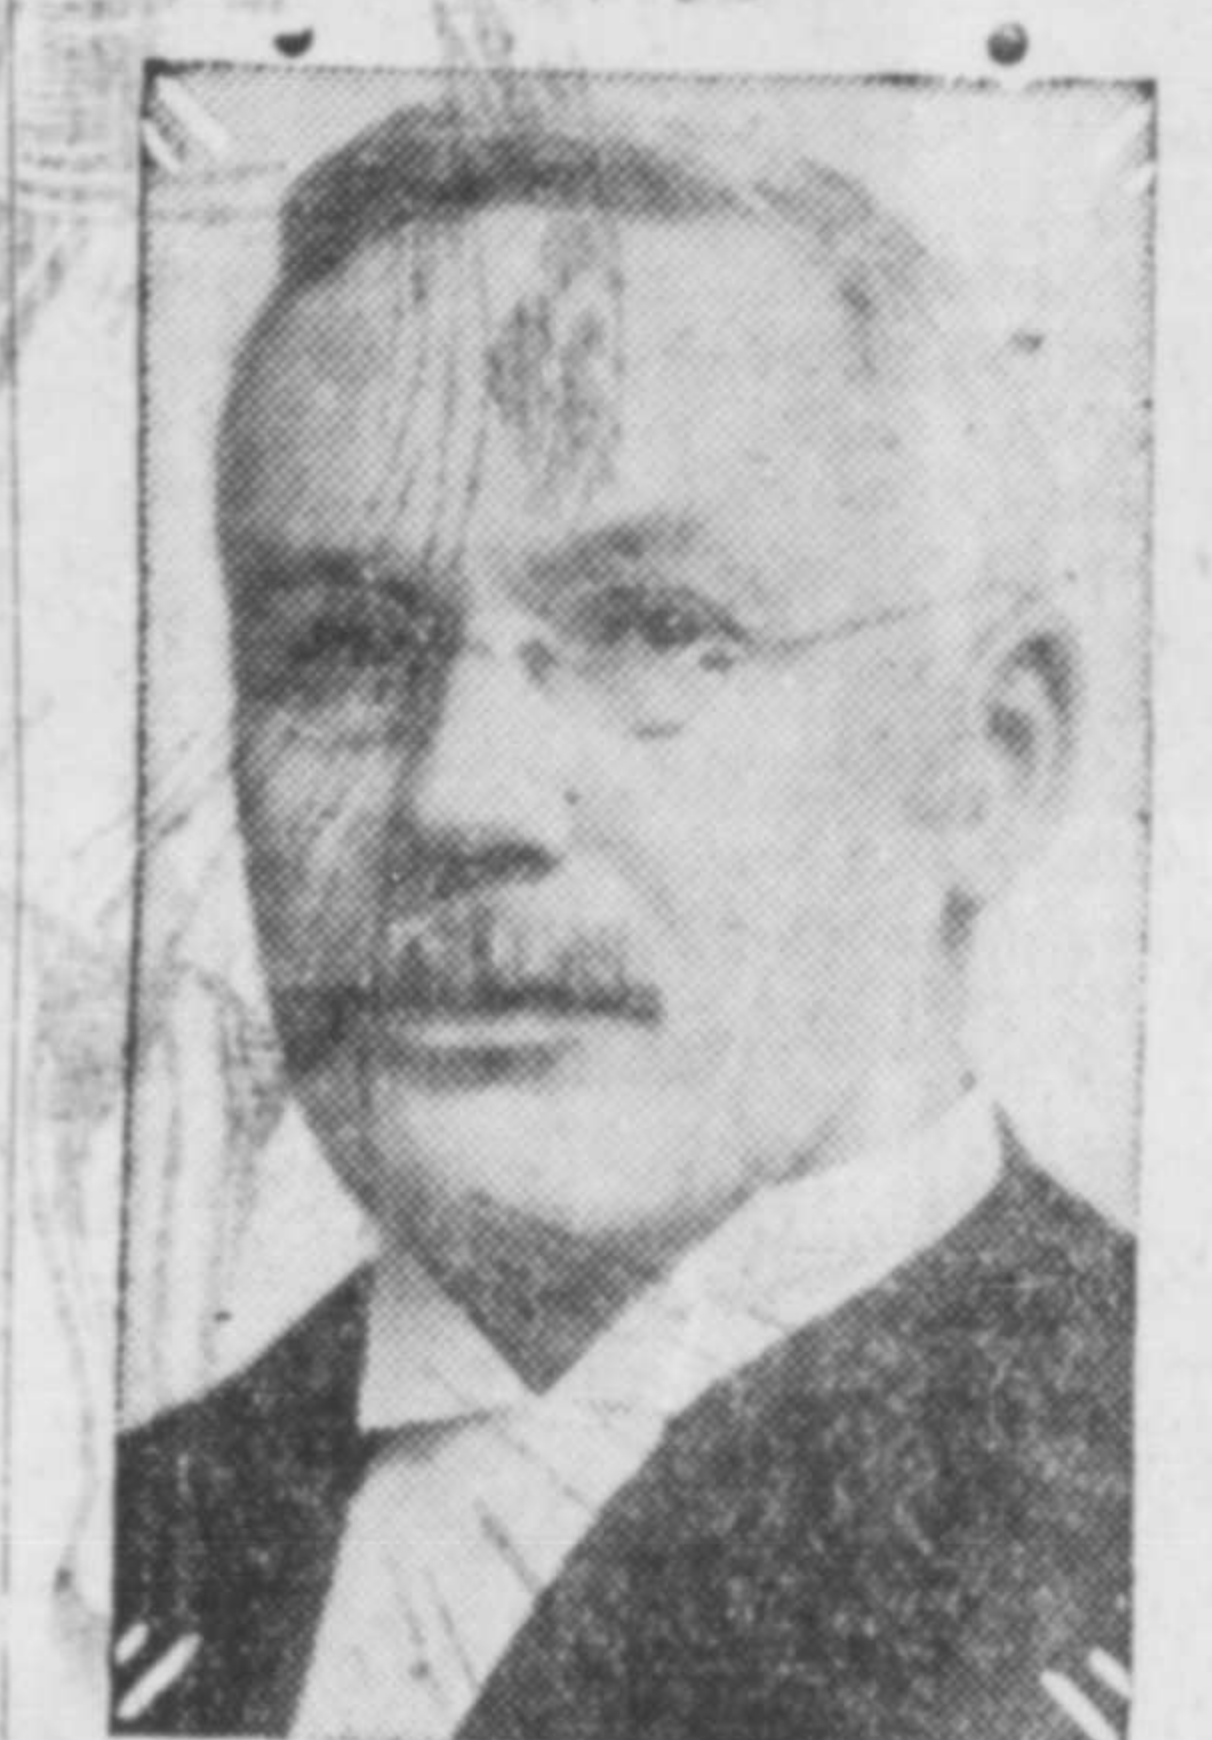

RADIO INSPECTOR LEAVING VICTORIA FOR PRINCE RUPERT

This is the day on which Inspector A. L. Gray of the federal radio department is expected to leave Victoria for Prince Rupert, stopping off en route. He should arrive here within a week and doubtless the radio association will take him in hand and give him a chance to investigate some of the local radio interference. The tapping, which was so annoying last night, might be located by Mr. Gray and some of the other noises which interfere with good reception may be eradicated through his help. It is also expected that Mr. Gray will make it interesting for those radio fans who have not yet purchased licenses.

FEW ARE TURNING THEIR ATTENTION TO SHORT WAVE RADIO

The period of rather poor reception, with some nights nothing at all on the air, has made some of the local radio fans restive and interested in short wave reception, which can be obtained during daylight and also from much longer distances. The drawbacks seem to be that short wave sets are not as reliable and constant and are much more difficult to tune and also that the broadcasting stations are not as numerous or as regular and dependable. Several local people are using the short wave, which is at present more or less experimental.

MAY BE CABINET MINISTER

Judge H. A. Robson, Liberal leader in Manitoba, who, it is rumored, will enter the Bracken Government in a union of farmers and Liberals to avert the threatened defeat of the Ministry over the Seven Sisters Falls revelations.

UNEMPLOYMENT IS DISCUSSED

Compliment Paid Ald. Brown For Manner in Which Situation is Being Met

Even Ald. Prudhomme admitted at last night's council meeting that the Board of Works, under the chairmanship of Ald. Brown, this year was handling relief work more effectively and with less discrimination than at any time in the past. There was a general discussion of the unemployment situation and general compliment was paid the public works department, particularly Ald. Brown, for its endeavor to meet the situation as effectively as possible. It was pointed out, however, that the resources of the city in this regard were limited and it was impossible that distress could be completely allayed through work the city had to offer.

Joe White, a native, asked if more work could not be provided for the Indians. Members of the council took the view that the Indian Department should take the responsibility for the natives. Mr. White held out little hope in that direction. Actually, able natives received no assistance from federal government. Nevertheless, Acting Mayor Collart will take the matter up with Indian Agent Collison.

J. W. Hefferman claimed that he had been discriminated against and had only had eight days work in four months. It turned out, however, that Mr. Hefferman had not registered until recently in the city engineer's office.

Ald. Brown, chairman of the Board of Works, stated that all the names were registered and the work given out in rotation. Work could not be obtained by men who were not registered. Relief work was amounting to about two days a week for married men and one day for single. Married men should be the first care of the city, Ald. Brown, declared.

Ald. Macdonald told of efforts that were being made to allay the unemployed situation and complimented Ald. Brown for his work in this connection. Ald. Collart also added to the tribute to Ald. Brown. Ald. Prudhomme agreed that Ald. Brown was "making an honest, to God effort" to keep the men working. Possibly, however, not everything had been brought to his attention.

 Small Boy—May I have a bit more of everything to finish my delicious salt with?—Teaching Manual.

West Has Priceless Heritage

Saskatchewan might be termed the epitome of Canada's Great West. No other Province has a more interesting population, for the fabric out of which that population has been woven contains threads of so many racial cultures. Of the eight hundred and seven thousand souls recorded in the census of 1926, three-fourths are of British descent with English and Scots blood predominating. Over half a million were born in Canada, and of these a small but notable sprinkling are of French-Canadian descent. Ninety-eight thousand were born in the British Isles. Continental Europe has added twenty-two racial strains of which the larger groups may be summarized as Slavonic (55,000), Scandinavian (20,000), Teutonic (20,000) and Romance (14,000). The aboriginal Indian population numbers about 13,000. Each of these racial groups can contribute something to Canadian art and music, for each has its traditions of handicraft and folksong, traditions which

represent an inherent love for beautiful things and a love of melody.

Folksong is intimately linked up with handicraft, for it is to the accompaniment of folksong that the spinning wheel turns and the beautiful homespun fabrics are woven. These fabrics can never be duplicated by the factory-made article, and the efforts of the Canadian Handicrafts Guild to find and retain a market for the craft which can be done during the winter months on the farms of Western Canada is therefore well worthy of support. This Guild is preparing a handicraft exhibit in connection with the Folksong and Folkmusic Festival

which the Canadian Pacific is organizing to be held at Regina, March 20-23rd, as the inauguration of a Saskatchewan Branch. The main idea of this Great West festival is to help Canadians to realize the priceless heritage which they possess in the traditional melodies which have been brought to this country by immigrants, and in some cases have been composed in this country by early settlers. The field of folksong is so immense that only a glimpse of it can be secured in the four days of this particular festival, but some of the greatest artists of the continent will render interpretations and it promises indeed, to be a feast of music and color. Poul Bai, the Danish baritone will feature in Norse music, Charles Marchand in the French-Canadian folksongs and almost every nation will be represented in handicraft as in song. Above is seen a Slovak weaver who will move his pipe and sing to his handiwork.

KOLSTER RADIO

THE NEW HOME MAKER

RADIOS ARE GREATEST OF ALL ENTERTAINERS AND EDUCATORS

KEEP FAMILY AT HOME

The radio is becoming almost generally used in this northern country. Many in the homes and camps are now enjoying entertainment that even a few months ago was not thought of as in the realm of probability.

The Radio is one of the best means produced to keep the young people at the home fireside at night. It also keeps "the old man" in at night and home life is coming back.

The Radio is not only a great entertainer—it is also a great educator. Every home should have a radio, particularly in this part of the country where reception is improving, and where many forms of musical and educational programs are few and far between.

The family sit in their easy chairs near the fire and music, play or lecture comes in over the air; no effort is required to enjoy the program.

The Radio is a real service and source of enjoyment—ask any owner.

Kolster Radio is recognized as one of the best on the market.

The New Plug in!

Victor Radio

DYNAMIC

MORE resonance of tone! The famous Victor Lowboy, the season's most popular model, now equipped with Victor Electro-Dynamic Speaker, brings to radio further richness of tone—sweeter treble—more booming bass!

Of the present Victor Lowboy owners, 80% were guided infallibly in their choice by its beautiful tone. The inclusion of the electro-dynamic speaker will see opinion even more preponderantly in favour of the Lowboy—for the electro-dynamic speaker brings new vitality and depth to a tone which was already superlative.

Featured here is the electro-dynamically equipped Lowboy in all its unmistakable beauty of line. Specially designed for authorized Victor Radio Dealers, it is offered to you, equipped with the New Victor Radio, Victor Electro-Dynamic Speaker, seven tubes, rectifying tube, and complete plug-in cord, for only **\$310**.

Or with Regular Victor Speaker—\$285.

Victor Talking Machine Company of Canada Limited
 Licensed under patents of the Radio Frequency Laboratories Inc.

THE NEW VICTOR RADIO

Lowboy with magnetic speaker \$285.00
 Lowboy with electro-dynamic speaker \$310.00

A survey made of the purchasers of Victor Radio throughout Canada revealed the fact that

1 OUT OF EVERY 5 BOUGHT VICTOR RADIO

- because of Victor Tone quality.
- because of Victor Reputation.
- because of Victor Appearance.

To these reasons we would add that if reception is to be good you will get it on Victor FIRST. Also, nothing ever goes wrong with Victoria Radio or Victor Orthophonic. Further, Victor Radio is the biggest selling Radio in Canada today. THERE'S A REASON.

TERRACE

Dan Clacker was down from Cedarvale at the end of the week.

Mrs. R. W. Riley and daughter, and her mother, Mrs. Myers returned on Saturday after spending a few days in Prince Rupert.

Rev. and Mrs. A. W. Robinson entertained a few friends one evening during the week in honor of Mrs. McCubbin of Pacific.

Mrs. J. B. Agar and son Charley returned on Saturday after several weeks visit with her parents, Mr. and Mrs. Wm. Vanderlip of Parksville, Vancouver Island.

The second-hand goods which had accumulated during the years he was in the hardware business, were disposed of by J. B. Agar on Saturday afternoon by auction. F. G. Bishop wielded the hammer. There was a good crowd and buying was brisk, practically everything being disposed of.

Ernest Campbell and E. Nelson were visitors here from Topley during the week.

Mr. and Mrs. A. McLeod were hosts at a delightful gathering at their home on Wednesday evening last, when about sixteen friends enjoyed a musical evening together.

The quarterly joint meeting of the Canadian Legion and their Women's Auxiliary was held in their club room on Thursday evening. Routine business was conducted and the remainder of the evening spent socially. The Legion is putting on a grand concert on March 15 at which the drawings will take place for the grand prizes which are being awarded to the holders of the lucky tickets.

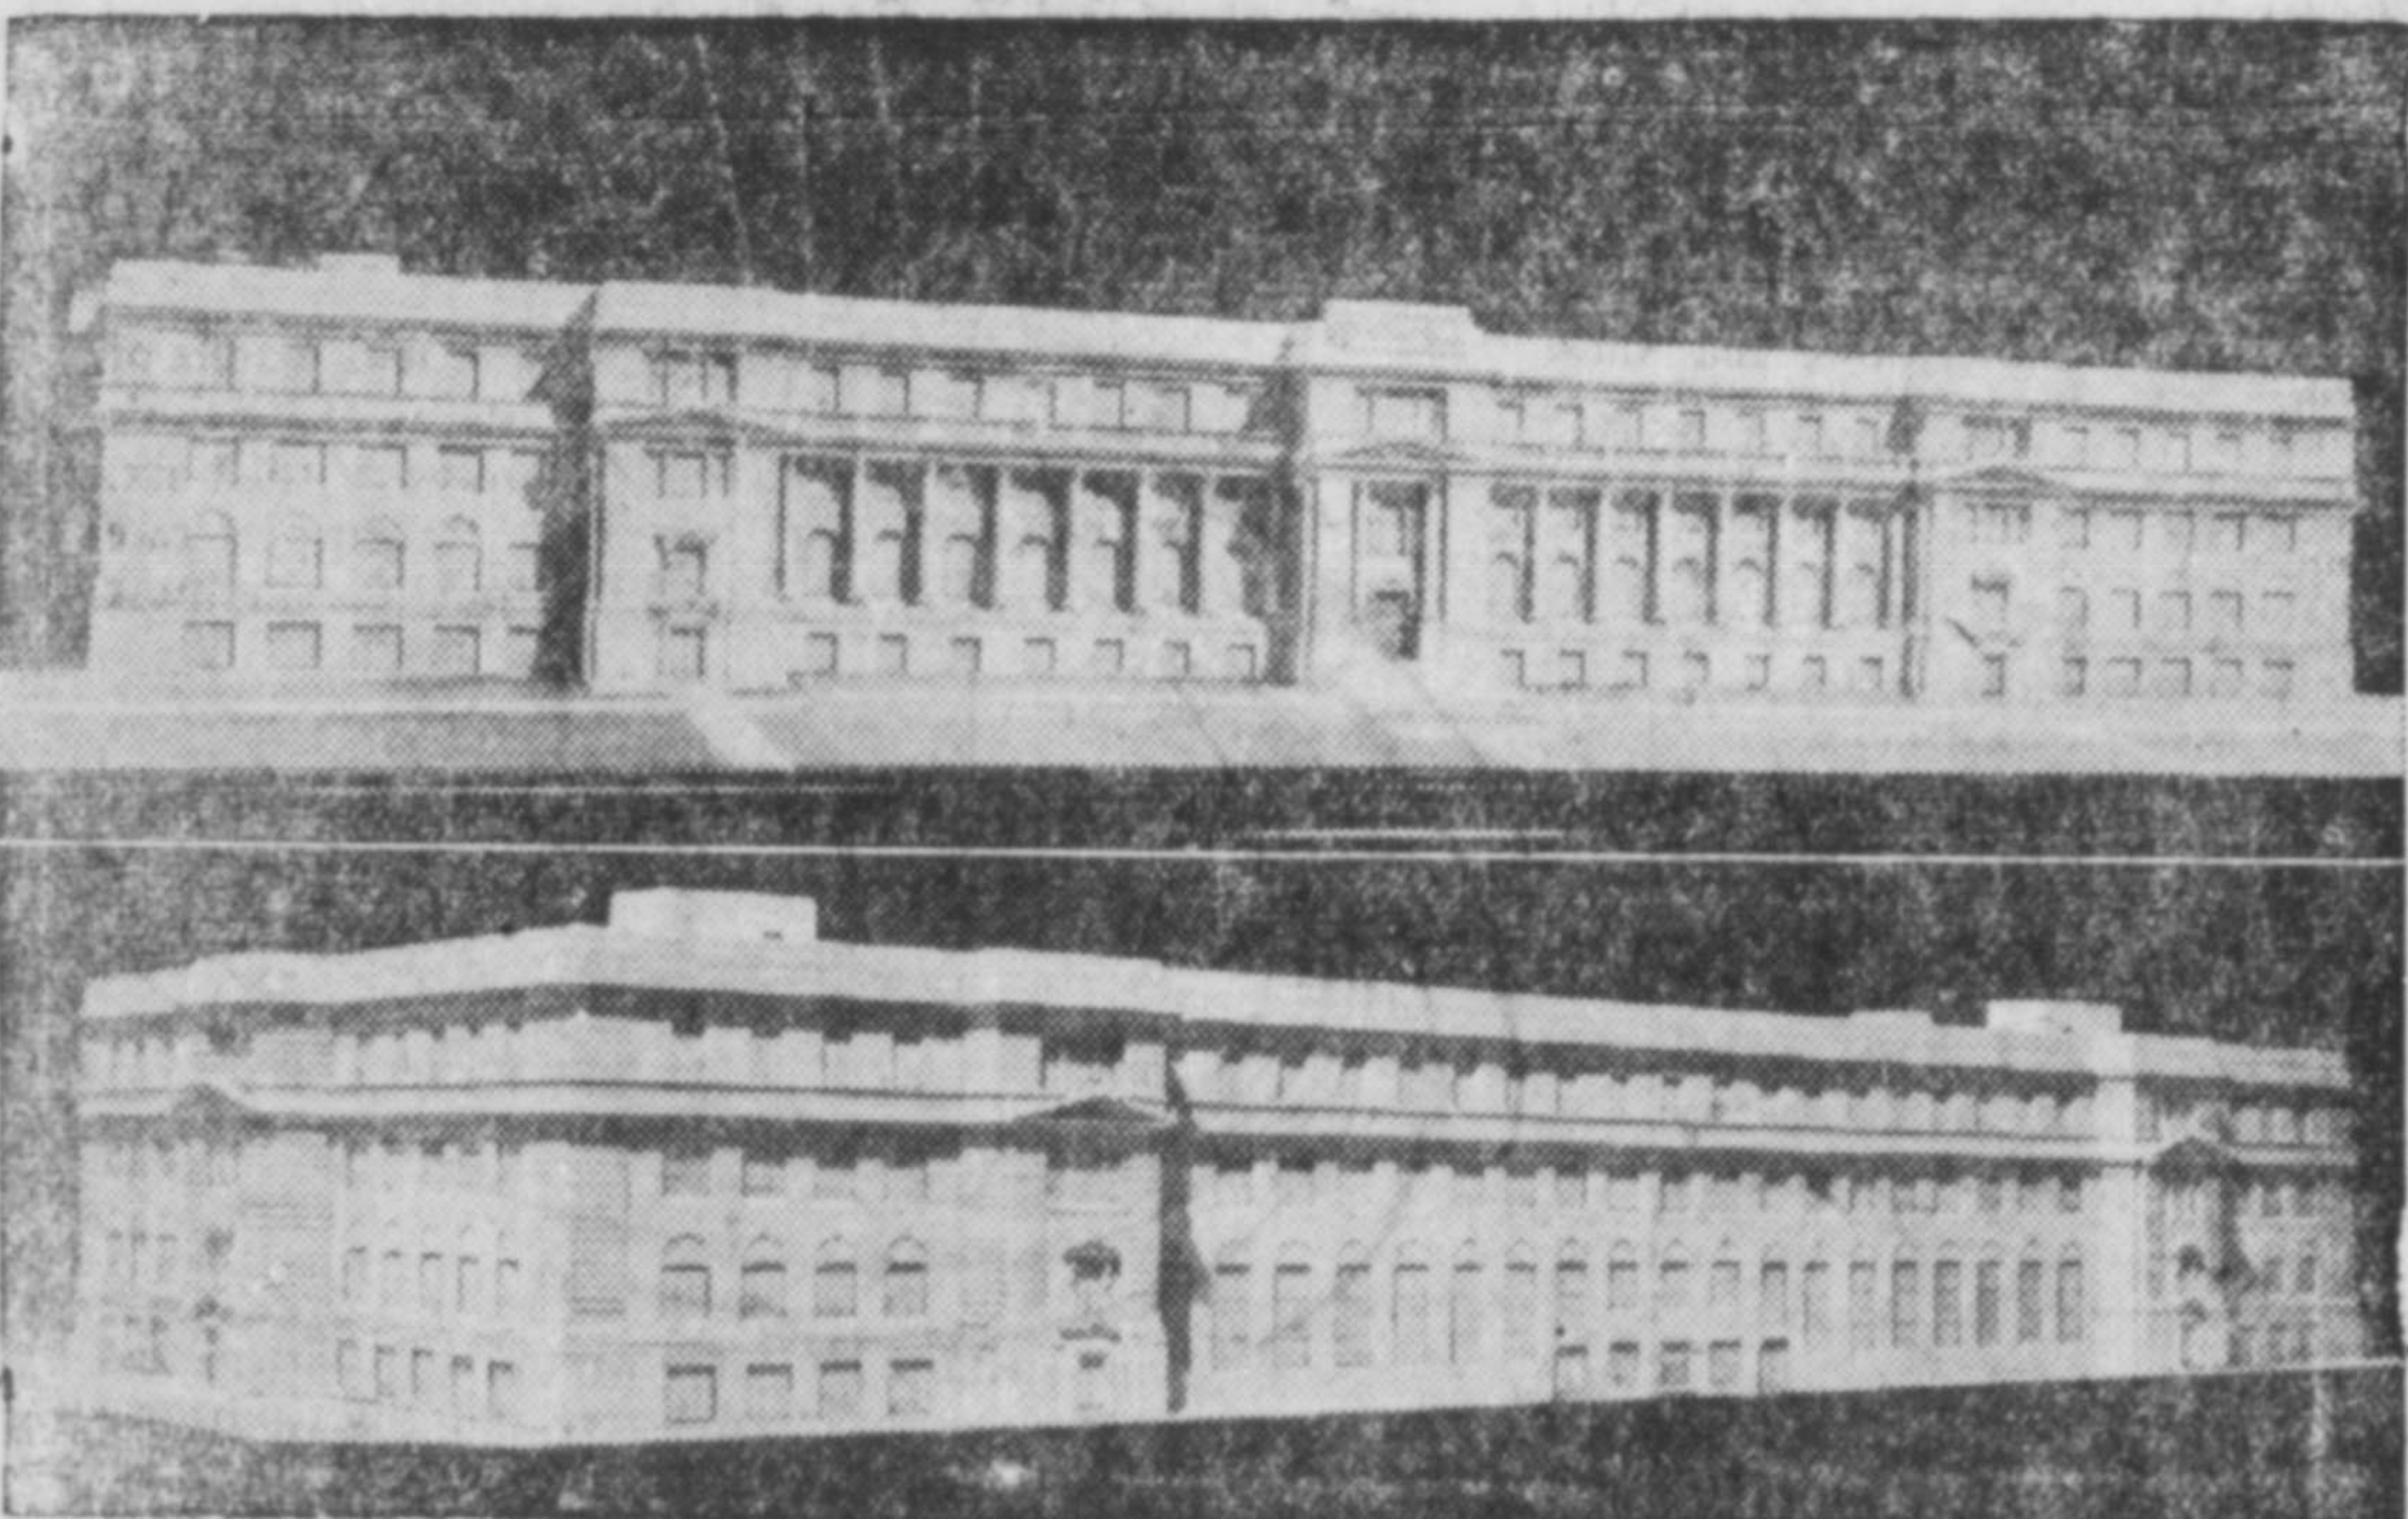

Newly Rich: "Now that we got all these books, Sophie, I sometimes wish that I'd gone to school and learned to read."
—The Passing Show

KING GEORGE R. MOVES SLOWLY

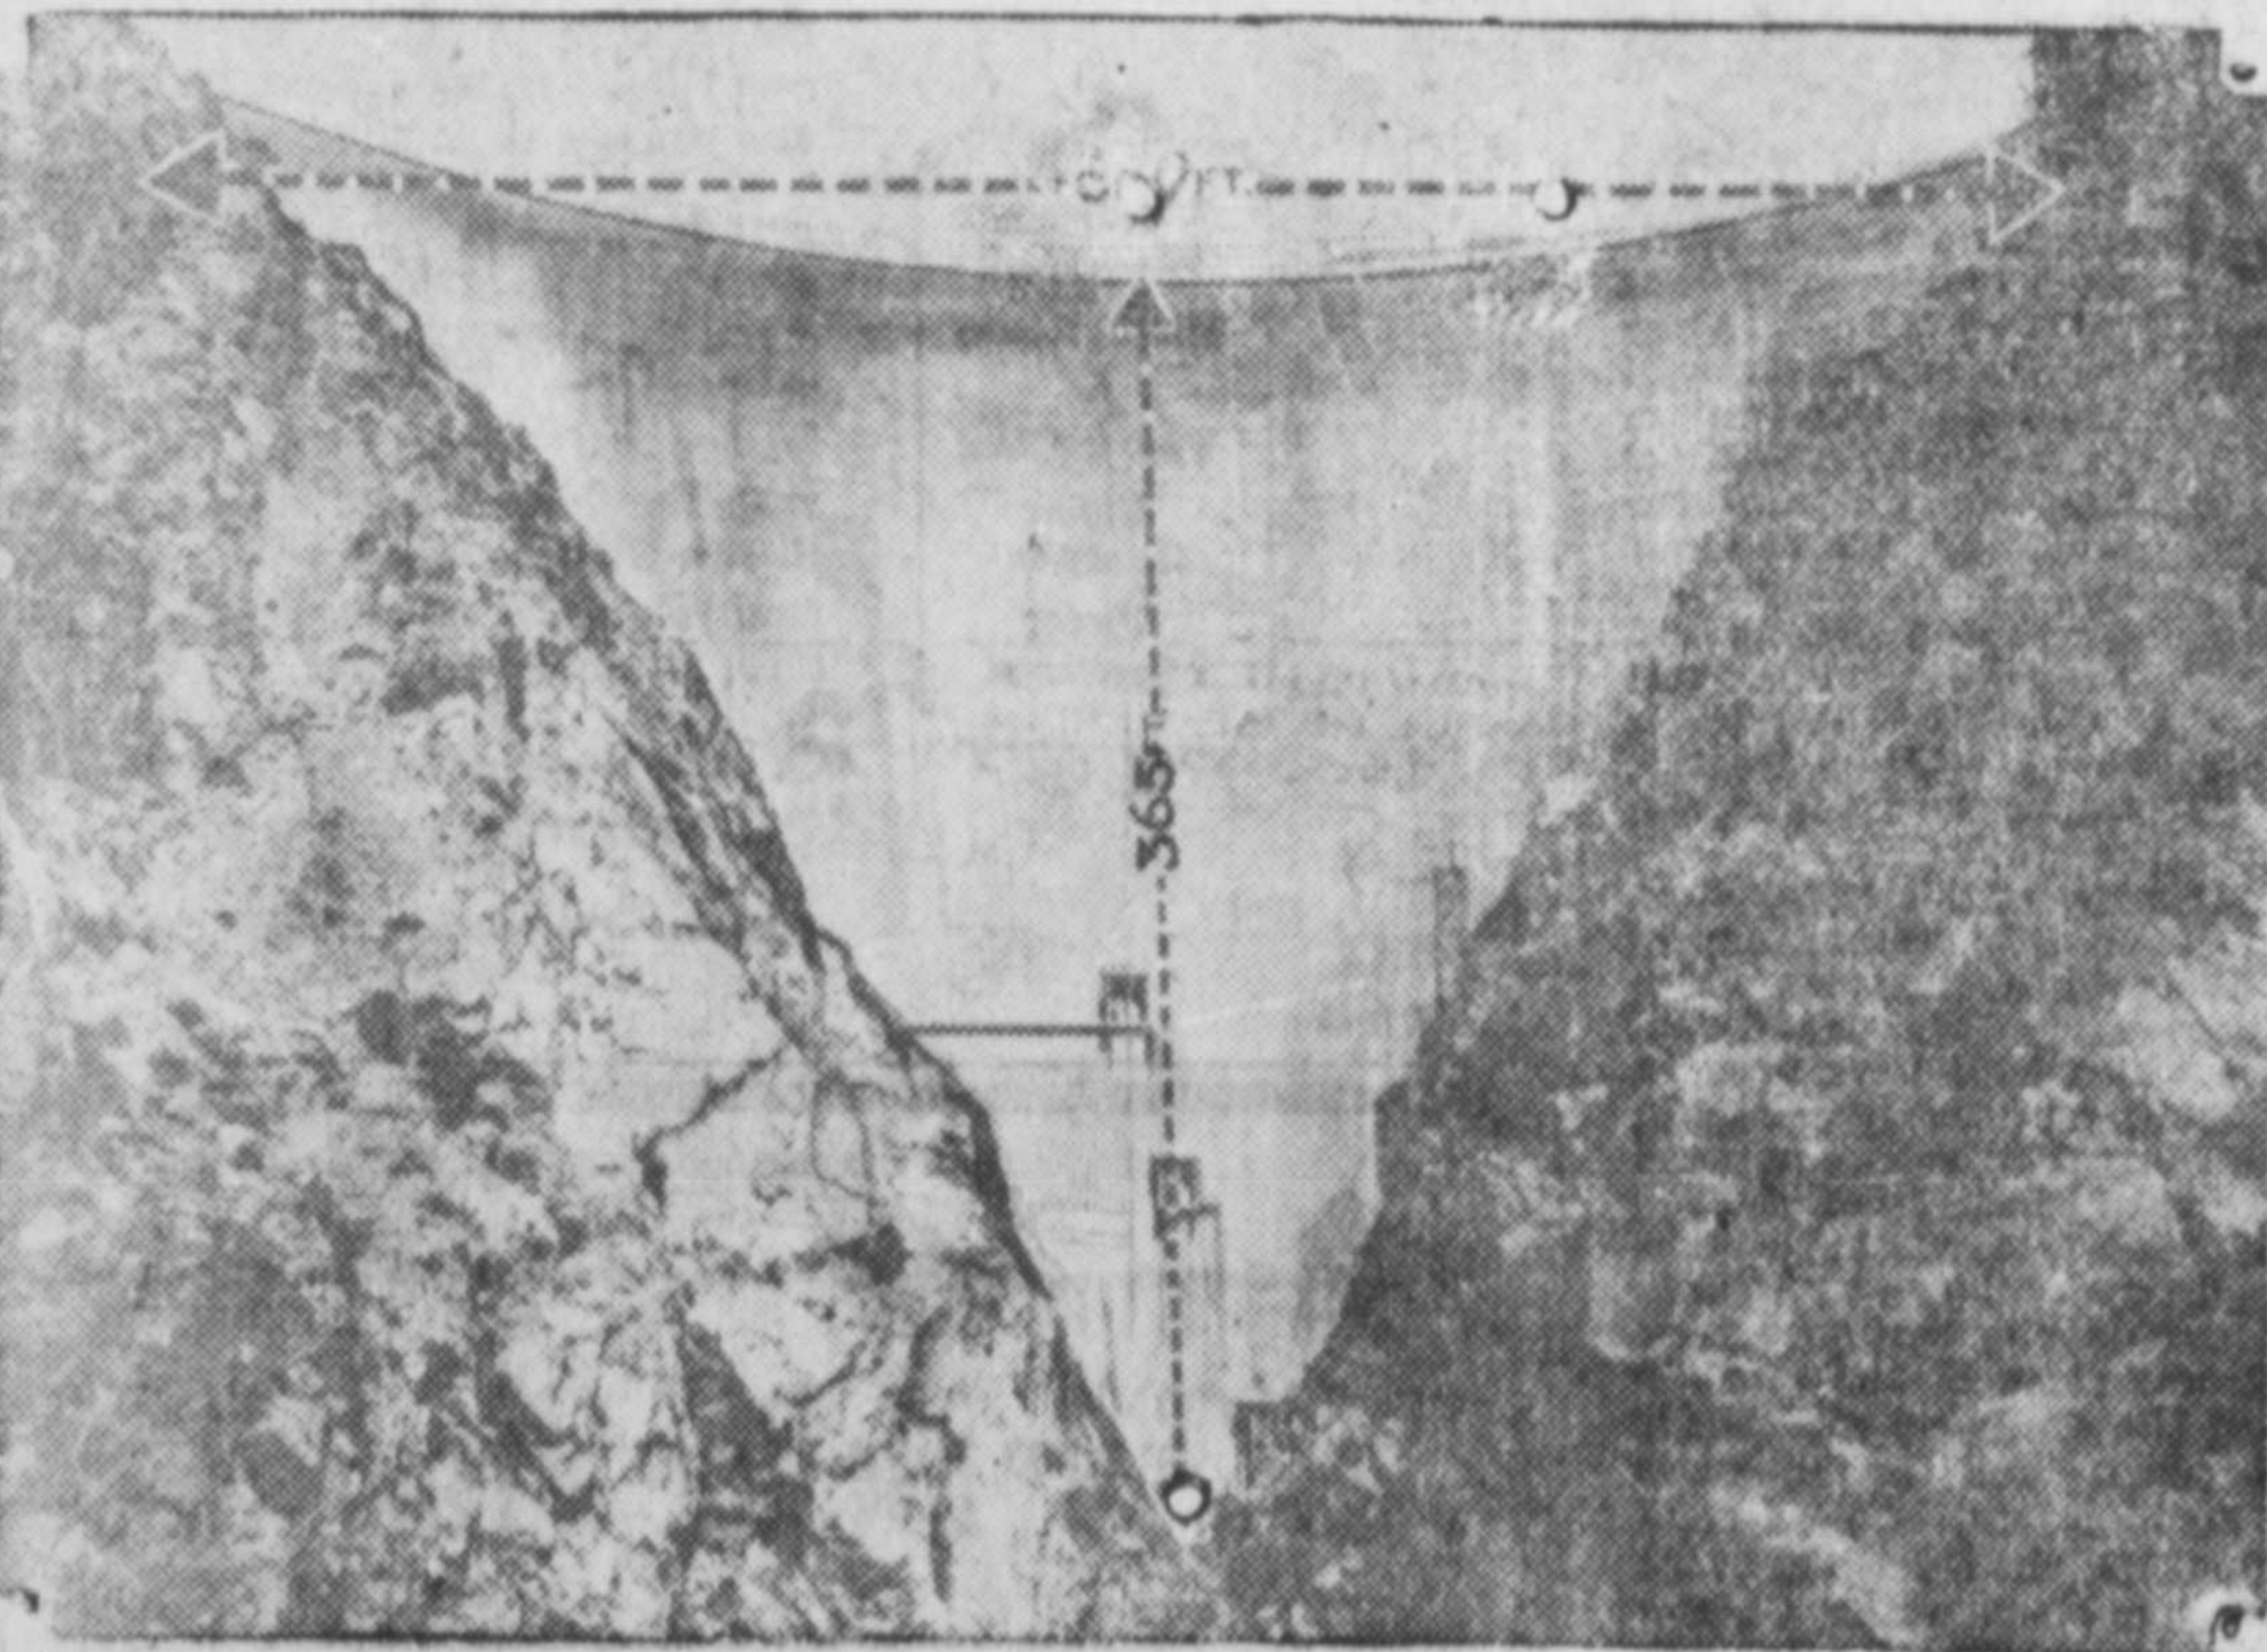

In the beautiful sunlit palace at Craigwell, at Bognor, King George is recuperating from his recent illness that caused his subjects so much concern. His Majesty is shown above lying in the ambulance which transported him from Buckingham Palace to Bognor, the first time in nearly three months that his subjects had had a chance to see him.

NEW INDUSTRIAL RESEARCH BUILDING FOR CANADA

Tenders are to be called for the National Research Laboratories at once, according to an announcement made by Dr. H. M. Tory of the National Research Council. Above are two pictures showing, top, the front of the new building, and bottom, the rear of the building, taken from a model made by Sproatt & Rolph, the architects. This new Research building, which will be 414 feet long and cost no less than \$2,000,000 is to be erected on property in Ottawa overlooking the Ottawa river, and close to "Earncliffe," which was once the residence of Sir John A. Macdonald.

GIANT DAM AT SAN FERNANDO COMPLETE

This huge mass of steel and concrete is the Pacoima Dam in the San Fernando Valley, California, the largest of its type in the world. Construction began in March, 1925, and the total cost was approximately \$25,000,000.

EGG PRICES DUE TO DROP

Butter Firm on Local Market as Well as Flour; Sugar on Downward Trend

Egg prices have had a tendency to stiffen on the local market of late, but, with arrivals on Wednesday of this week, it is expected there will be a drop from the figures quoted today. The butter price has also had a tendency upward of late. There has been no change in flour prices during the past month and sugar shows a slightly downward trend.

Owing to unsatisfactory quality of the Mexican product, tomatoes have practically disappeared from the local market for the time being. California tomatoes should be offered within the next few weeks.

Feed prices are stiff owing to recent advances in the grain market.

Following are retail prices current in the city today:

APPLES	
Yellow Newtowns, doz.	\$3.25
Some Beauties, doz.	\$2.50 and \$2.50
Widened, orchard run	\$2.75
FRUIT	
Naval oranges, doz.	20c to 70c

Sack	\$3.25
California spinach, lb.	20c

BURNING OF THE MORTGAGE PROVED INTERESTING EVENT TO MEMBERS OF I. O. D. E. MUNICIPAL CHAPTER.

(Continued from page one)

times received from them. I would also like to thank the members of the entertainment committee for the work they did in connection with the play, especially the convener, Mrs. Manson, and our treasurer, Mrs. Landrey, upon whom fell most of the work of collecting and paying the bills and getting the books ready for the auditor in so short a time.

"In conclusion, let me say that I feel we can look back with pardonable pride to what has been accomplished during the year, and can also look forward with confidence to a very bright and prosperous future."

Other Reports

The annual report of the secretary was presented by Mrs. D. Orchard McLeod. Officers of the subsidiary chapters reporting were as follows:

Queen Mary—Secretary, Mrs. J. Norrington; treasurer, Mrs. R. V. G. LePine.
Hill 60—Secretary, Miss Willa Dyer; treasurer, Mrs. J. W. McAuley.
Adair Carsa—Secretary, Mrs. J. A. Teng; treasurer, Mrs. Bert West.

The most of the money raised by Hill 60 Chapter had, as usual, gone to the children's ward in the Prince Rupert General Hospital.

The report of Mrs. McLeod,

municipal secretary, was as follows:

"I again have the pleasure, the privilege and the honor of submitting herewith the tenth annual report of Municipal Chapter I. O. D. E. for the year ending February, 1929.

"During the year nine regular and six special meetings were held, a representation being present at all meetings numbering not less than 10 members.

"The primary chapters this year have probably not worked to the same extent as in others, for the reason that they have greatly assisted municipal in all of its undertakings, namely: Centenary Fund, Poppy Tag Day, Kidley Home Bazaar Tea Room, Booth for H.M.S. Durban Ships Company, Entertainment Summer Carnival, Sea Cadets Flag presentation, and the play "Green Stockings," in addition assisting with donating towards needy families in the way of supplying clothing, provisions.

"The chapter suffered a great deal in the passing away of Mrs. Duvernet, organizer of I. O. D. E. this city, and Regent of our first former Chapter Queen Mary, a woman possessing a loving heart, strong character, and one whose life was a most fitting lesson to us.

"The Empire Celebration was again carried on Empire Day, when the children from public schools assembled at a local theatre, and listened to a most instructive and educational address by Bishop Rix, and a most pleasing program. On the same occasion His Worship, Mayor McMorde, addressed the High School students, along patriotic lines.

"Municipal's report for year ending 1926-27 showed we were confronted with a mortgage of \$100, \$500 of this amount having been paid last year and the remaining \$500 this year.

"The maintenance and operation of our now solely owned building is kept up by rentals and badminton fees.

"The members of the I. O. D. E. feel that they have accomplished a great deal, when appreciating the fact that when erected, maintained, operated, equipped and furnished a building, altogether representing an expenditure of approximately \$10,000, all of which monies have been raised in Prince Rupert, expended in Prince Rupert, and through the efforts of every member of the Daughters of the Empire in Prince Rupert."

Officers Elected

The election of officers resulted as follows:

Honorary Regent, Mrs. J. C. Lennan.
Regent, Mrs. Shelford Darton.

First Vice-Regent, Mrs. John Manson.
Second Vice-Regent, Mrs. S. Y. Cox.
Secretary, Mrs. D. Orchard McLeod.
Treasurer, Mrs. H. L. Landrey.
Echoes Secretary, Mrs. W. C. Aspinall.
Educational Secretary, Mrs. R. Walker.
Organizing Secretary, Miss Mildah Graham.
Standard Bearer, Mrs. W. A. McLean.

During the meeting there was a program which included vocal solos by Mrs. Ernest Anderson, Mrs. William Miller, Mrs. H. Brocklesby and Miss Annie Dalby. Mrs. C. E. Cullin and Mr. Brocklesby were accompanists.

After the meeting, dancing was enjoyed, music being by Mrs. J. Black's orchestra.

Awful Pimples On Face and Neck For Four Years

Mrs. Mary Rail, Eggarville, Ont. writes:—"I am writing to tell you that I suffered terribly with awful pimples all over my face and neck for four years. I had tried everything, but got no relief until one day a friend told me about BURDOCK BLOOD BITTERS and advised me to use it. I used two bottles and my face is now completely clear of pimples."

The Romance that ended so soon

Her version: What a disappointment Bob had been! Once he was always bright and cheery—well-groomed. Then something happened. Bob became careless. Seemed to lose his ambition. Even his appearance was affected. Why, she was actually ashamed of him now!

His version: What had come over Mary? Two years ago he had been so much in love with her. But these days she was always so cross. Her old-time youth and charm had fled. True, he'd slipped somewhat, himself. But, Mary...

What a tragedy that constipation can wreck so much happiness! It begins with such little things—headaches, listlessness. But it eventually saps the strongest body, and may lead to serious disease. And all the while it could be so easily prevented—so surely relieved. Kellogg's ALL-BRAN is guaranteed to relieve constipation—so safely prevent it.

ALL-BRAN is effective and natural Bulk or roughage relieves constipation in a natural way. ALL-BRAN furnishes bulk in generous quantity because it is 100% bran. It carries moisture through the intestines, gently sweeping out poisons. Part-bran products seldom contain sufficient bulk to be completely effective. Doctors recommend ALL-BRAN because it is 100% bran—100% effective.

Don't risk drugs!

ALL-BRAN brings lasting relief. Far better than habit-forming pills whose dose must be constantly increased. ALL-BRAN is an appetizing cereal—delicious with milk or cream, fruits or honey added. Mix it with other cereals. Sprinkle into soups. Use it in cooking. Eat two tablespoonfuls daily—chronic cases, with every meal. It will protect the health of your family.

All grocers sell Kellogg's ALL-BRAN. Served at hotels, restaurants, on diners. Made by Kellogg in London, Ontario.

Guaranteed!
Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

TO PROTEST REGULATION

City Council Opposed to Salmon
Being Sold in Area in Which
Caught

On motion of Ald. Macdonald, seconded by Ald. Orme, the city council last night decided to send a telegram to headquarters of the fisheries department at Ottawa protesting against any move whereby it should be made compulsory that salmon should be sold only in the area where it might be caught.

There seemed to be uncertainty as to just what recommendations had been made by the canneries interested with regard to new fishing regulations and the fisheries committee, of which Ald. Rudderham is chairman, was authorized to ascertain at once the nature of these regulations, so they may be protested against if found discriminatory against the fishermen or the interests of this city.

ROCK CRUSHER TO BE MOVED

City Council Reiterates Former
Decision After Considerable
Discussion

Removal of the rock crusher from First Avenue and Seventh Street to Seventh Avenue and Dunsmuir Street was again the subject of discussion at last night's meeting of the city council and, after a number of rather divergent viewpoints had been expressed, it was unanimously decided to proceed with the Board of Works' original plan to make a start on the opening of Seventh Avenue from Dunsmuir to McBride Street in spite of a petition of protest which was lodged two weeks ago by certain ratepayers concerned.

Ald. Collart asked why the work should not be started westward from McBride Street instead of east from Dunsmuir.

Ald. Brown explained that it would be advantageous and economical to start on Dunsmuir Street as was planned.

Ald. Prudhomme expressed the opinion that it would cost easily 20c a yard more to haul rock away from Dunsmuir Street via Eight Avenue and Fulton Street than it would from McBride Street.

City Engineer McLean expressed the opinion that additional costs in setting up and moving the rock crusher if a start were made on McBride Street would more than counter balance any loss there might be in hauling from Dunsmuir Street. He had selected what was considered the most economical site for the placing of the crusher.

Ald. Rudderham was strongly in favor of starting from Dunsmuir Street.

Ald. Collart asked if there might not be danger of slides in cutting through Seventh Avenue. The city engineer replied that the rock walls would not be perpendicular but would bench down. The recommendation of the Board of Works was finally adopted.

A petition from owners of property in Block 11, Section 1, asking that the lane in that block be graded and levelled before the rock crusher was moved was referred to the Board of Works. The city engineer explained that the most of the material in this lane was muskeg and it would not be necessary to hold the rock crusher for what little rock there was there. Ald. Brown suggested that this work should be carried out under local improvements. The petition was signed by Fred Stork, Wilfrid Gratton, H. E. Rochester, Cora E. Black, W. E. Collison, J. C. McLennan and George James, whose property backs on the lane.

PRUDHOMME URGES BETTER GRADE FOR CONCRETE SIDE WALKS

Ald. Prudhomme urged at last night's council meeting that, before the concrete sidewalk program was resumed this year, the city would be well advised to establish a grade for these sidewalks. He suggested that the registered grade of the streets should be followed and the walks not built, as had been apparently the case last year, to suit the buildings. He referred to the fact that some of the present concrete walks were 15 to 18 inches above the street, while on others slush from the streets drained onto the walks.

Ald. Brown promised that the suggestion would be considered by the board of works.

VIOLET PARK PLAYGROUND

Ratepayers of East End of City
Make Request to City Council,
Conrad Street Grading

A delegation from the Section Seven and Eight Property Owners' Association consisting of T. Ross Mackay, Ex. Ald. G. Casey, Robert McKay and Miss M. Durran appeared before the city council last night and asked that improvements be made to the paving of Conrad Street and that a recreation ground be established on Violet Park. Mr. Mackay declared that Conrad Street, upon which there was much traffic, was notoriously the worst paved street in the city. It could be easily kept in shape. He also referred to the great need of some kind of recreation grounds in the east end of town. The city was quite big enough for two ball parks, he felt.

Miss Durran expressed the opinion that people across the creek were not getting full justice from the council. She appealed particularly for the establishment of recreation grounds on Violet Park.

Acting Mayor Collart, in referring the matter to the Board of Works, assured the delegation that it would be fully gone into. He pointed out, however, that the finances of the city were limited and it might not be possible to do anything this year.

NEW WATER MAINS TO BE LAID DOWN

City Council Implements Recommendation of Fire Chief Involving \$6000 Expenditure

In compliance with recommendations of the fire chief, the city council last night accepted a report from the finance committee providing for the laying of a new six-inch water main with valves and hydrants from McBride Street to Lothian Street, a distance of approximately 1500 feet, and from Sixth Avenue to the lane south of Sixth Avenue, 200 feet, at a cost of \$6000.

Ald. Brown explained that the old line on Eighth Avenue was in bad shape and was continually blowing out, being useless for fire protection. The other part was a link that had never been connected. Digging could be saved by putting the water pipe in the same ditch as the sewer which was now being put in. Ald. Brown suggested that the city might carry out such replacement work gradually year by year.

On suggestion of Ald. Rudderham it was decided to call at once for tenders for the supply of the required pipe.
