#### Sir Henry Thornton Replies To Communication Regarding Peace River Outlet on Pacific Coast

The following is a letter received | • • • • • today by Theo Collart, chairman of the Prince Rupert-Peace River Out- + WARSHIP BUILDING let Committee in reply to a communication sent to him recently:

An artist's drawing of one of the three new turbine steamers which the Canadian National Steamships are having

built at Birkenhead for use on the Pacific Coast between Vancouver, Victoria, Seattle, Northern British Columbia points

and Alaska. The steamships are to be called SS. Prince David, SS. Prince Henry and SS. Prince Robert. They will be 384

feet 6 inches long and 57 feet wide with a maximum load draft of 16 feet 6 inches. They will carry 334 first class 70 third

class and 1500 deck passengers. The accomodation includes 20 de luxe rooms with twin beds, bath and shower and 20 rooms

with single bed and shower baths. The ships will be fitted with wireless broadcast receiving apparatus with loud speakers

for the entertainment of passengers, and telephones will be placed in each room. They have cargo space of 45,000 cubic

feet with an additional 4370 cubic feet of insulated cargo space, as wel las accomodation on the main deck for 30 automo-

biles. Work on the new ships is now proceeding and they will be put in service for the summer season of 1930.

"New York, Nov., 1929. Offices of the Chairman and Pres-

"Dear Mr. Collart,-I have your letter of October 22 and should have replied earlier. The subject is a large one and involves some serious problems, particularly those which are financial. I think everyone admits that an outlet from the Peace River country is inevitable and necessary. The chief question is when, how and where. In this connection, you may rest assured that we are not unmindful of the advantages of Prince Rupert and our re-

sponsibility to that port. "I am leaving on a hurried busitrip to Europe and will be away about four weeks. However, this matter you mentioned will no be overlooked in my absence."

#### SITE FOR FLOUR MILL

Prince Rupert, it would seem, would be an excellent location for a flour mill. With an elevator here which provides a supply of grain for milling, it would seem as if no place would be more suitable for the purpose. Abun- the closed season and the existent dant power will be available soon and a site should be easy to secure.

It has been suggested that a committee of the Board of Trade or City Council might pick out a site and try to arrange for securing it free of cost in the event of a mill secured from many of the halibut being built. It would have to be on the waterfront in a smount caught per unit of gear, the skate off the British Columbia place where good dockage might be provided. Then when number of such units, or skates, all is ready the proposal might be advertised in the mill- fished, and the character of the ing and grain magazines or put up to certain milling interests directly.

Prince Rupert will undoubtedly have to exert herself to secure industries and this seems one direction where it could be done without interfering with any existing in- not include records gathered from dustries.

### Productiveness of Halibut Banks Declining Even Though Landings Prince Rupert Higher This Year

In spite of the fact that the halibut landings at Prince Rupert this year are larger than last year, there is little doubt that the banks are being slowly and steadily depleted and that future catches will show fewer fish to the skate of gear unless new banks are discovered and this is not wednesday, Nov. 27, 1929 thought likely to happen. In discussing this the Pacific Fisherman says:

> The recommendations of the International Fisheries Commission for the conservation of the halibut fishery have not as yet been acted upon by Canada and the United States. It is of interest, therefore, to see what the trend of the supply is at present under .---

### Sport Chat

A Billiard League has just been ormed in Anyox and promises to considerable of an attraction both for players and spectators. The executive includes Mr. Perkins as president and Mr. Armstrong as secretary with one representative from each of four teams which are already entered. Play will start as soon as organization of the teams has been completed.

Prospects for organized basket-ball in Anyox this winter are brighter. Recently Norton Young attracted a number of players to the gymnasium where an enthusi-astic workout was held and a scratch game played. It is likely that a few exhibition games will be played in order to help the players to get into stride before the schedule is drawn up.

Senior Match Feature of Last Night's Basketball Fixtures

A keenly contested senior game in which Players' Club defeated Elks 31 to 24 was the feature of last night's basketball fixtures at the Exhibition Hall. The dramatists overcame a first half lead of the Elks 15 to 9 in orde rto win out. It was an interesting match diens ran away with the National for the fair-sized crowd of fans in Hockey League game here last attendance. R. B. Skinner refereed and the individual scoring was as

copy of the Briand-Kellogg peace treaty. There is some discussion about putting one in every school. Any form of peace propaganda worth while, but a much more important policy would be to stop the propaganda for war carried on in the interests of the munitions and battleship makers and other manufacturers of war materials. The British Empire, at least thoroughly organized if one may judge from the announcements that heads of the Navy Leagues throughout the Empire recently assembled in London. These Navy Leagues quite innocently no doubt on the part of the great mass of Canadians interested in them are the propaganda end of the battleship trust. They have become in Canada most aggressive in their Canada most aggressive in their solicitation of funds, and recently oddfellows Name readers of The Post have entered protests and suggested the matter should be brought to public attention. A great deal of money has been raised in Canada based on
