Shipbuilding Settlement is Reached After Month of Inactivity at Local Plant

Prince Rupert Drydock & Engineering Co. Officials Again Move into Offices and Work Expected to Recommence within Day or Two Following Working Out of Details

After a month of idleness at the shipbuilding plant a settlement has been reached and within the next day or two it is expected that the work will be resumed along the same lines as before the shut-down.

J. J. Schellenburg, vice-president of the Prince Rupert Drydock & Engineering Co., has moved his office from Second Ave. and has taken charge of the works for the company and is making arrangements for an immediate resumption of work. He stated this morning that he thought this would take place within two or three days at the latest, possibly Thursday.

The details of the settlement are not yet worked out, but that the people are interested in is that the work is going ahead. It is understood that the settlement is the result of a compromise.

At the time of the shut down J. L. Mullen issued a statement saying that owing to a disagreement between the Prince Rupert Drydock & Engineering Co. and the Mullen Construction Company the latter had taken possession of the plant and work had ceased until the matter was adjusted. The adjustment has now been brought about and naturally everyone is glad to have the work proceed once more.

There are in the railway yards here eighty cars of steel waiting to be unloaded and these will be discharged just as soon as a word is received to go ahead.

POLICE GUARD RESTAURANTS

I. W. W. Attempted to Storm Eating Places and Rout Waiters and Customers.

Chicago, Aug. 18.—Police and detectives guarded nearly 300 restaurants and lunch rooms following revolver battles with armed I. W. W. agitators who attempted to storm the restaurants and rout the waiters and customers.

Council Favors a Hydro Electric Co. If Contract Right

Definite Proposal Asked by City in Regard to Supplying Power; Discussed at Length by Mayor and Aldermen After Hearing from Representative of Bond Holders

That the debenture holders who had put their money into the original Hydro-Electric Co. which was turned down some years ago were now prepared to go ahead provided the power load in sight justified such action, was the suggestion made to the City Council last night by William Young. He further stated that from looking over the district it would be impossible to go ahead unless they obtained some consideration from the city either in the way of lending their credit, giving them the city power load to carry or giving them a contract. Outside of this the load in sight was not large enough to justify going ahead.

The suggestion was favorably received by the City Council who passed a resolution asking the concern to submit a proposal in writing. All depended on the proposal made as to whether they would be willing to entertain it.

Mr. Young said that they were not in the position of the original promoters. Theirs was a bed-rock proposition. There were rumors of other industries starting in the neighborhood but nothing definite yet in sight. The hydro-electric plant would be an asset to the whole district. The manufacturing situation in eastern Canada showed that 90 per cent of the plants were driven electrically.

GENERAL CURRIE IS NOW INSPECTOR GENERAL FOR WHOLE OF THE DOMINION

THIS POSITION MAKES HIM FIRST MILITARY OFFICER IN CANADA AND ONLY ONE TO HOLD POSITION OF FULL GENERAL

(Special to The News via G. T. P. Telegraphs.)

Ottawa, August 19.—Following the arrival of General Currie yesterday, Major General S. C. Mewburn announced that the commander in chief of the Canadian forces had been elevated to the rank of full general and been appointed inspector general for the whole of Canada and made military councillor.

The new position which General Currie holds makes him military adviser to the Minister of Militia. He has the distinction of being the first military officer in Canada and the only one at the present time to hold the full rank of General.

POPULACE AT ODESSA DRIVE BOLSHEVIKI

Soviet Forces Reported to be Evacuating Kiev and Entire Ukraine.

London, August 18.—The Bolsheviki have been driven from Odessa, the most important port on the Black Sea, by the populace. It is reported also that the soviet forces are evacuating Kiev and the entire Ukraine.

This is one of the many districts in which the people of Russia are sick and tired of the bolsheviki rule and where they are ready to take into their own hands the problem of ridding the country of them.

(Special by G. T. P. Telegraphs.)

El Paso, Texas, August 18.—The sum of \$15,000 ransom is to be sent today for the release of Lieutenants Paul H. Davis and Harold G. Peterson, American aviators held by Mexican bandits opposite the Big Bend districts.

Washington, August 18.—The capture and holding for ransom by Mexican bandits of two American aviators is creating a tense situation. The state and military departments are taking joint action.

LLOYD GEORGE DEALS WITH INDUSTRIAL AFFAIRS IN THE BRITISH HOUSE OF COMMONS

THREE IMPORTANT CHANGES OF POLICY OUTLINED BY PREMIER—INDUSTRIAL COUNCIL OF EMPLOYERS AND EMPLOYEES TO BE FORMED

(Special to The News via G. T. P. Telegraphs.)

London, August 19.—In a three-hour speech in the House of Commons in which he dealt with Great Britain's domestic affairs David Lloyd George, the British Prime Minister, disclosed three important decisions of the Government.

One was that the post-war plan of ultra-protection, under which Imperial firms were granted special licenses by the Board of Trade, will be abandoned on September 1 and the Government will put into effect measures to prevent "dumping."

SCOTCHMEN NEED APPLY TO ALDERMAN

At the City Council meeting last night Alderman Casey made complaint about the condition of the substructure on part of the plank road on 8th Avenue where the planks have been recently laid and gave notice that he would have a resolution next week.

Alderman McMeekin suggested that there was nothing incorrect in repairing the substructure after the planking was down and appealed to the superior knowledge of Ald. Currie, who agreed.

Alderman Casey asked for an impartial committee to investigate and report. "And see that there are no Scotchmen on it," he remarked.

The laugh which followed closed the discussion.

AMERICANS FREED

El Paso, Aug. 19.—Lieuts. H. G. Paterson and P. H. Davis have been set free by Mexican bandits on the payment of \$15,000 ransom. They have arrived on the American side of the border. Both men are said to be uninjured.

American troops have crossed the border in pursuit of the bandits.

DR. TREMAYNE HERE VISITING THE CITY

Many friends were at the boat yesterday evening to welcome back Dr. and Mrs. H. E. Tremayne and family who have come from Victoria on a short holiday. The doctor left in the early days of the war and Mrs. Tremayne and family also went to England. Having only arrived back a few months ago this is their first visit to their former home where so many close friendships were formed in the early pioneering days. Dr. Tremayne has accepted a position with the Pensions Board in Victoria and his duties will detain him in the south.

BOLSHEVIKI LOSE FOUR WAR SHIPS

One Battleship, a Battle Cruiser, a Transport and a Guardship go Down.

(Special by G. T. P. Telegraphs.)

Helsingfors, August 19.—The Bolsheviki battleship Andrew Pervessyev, the battle cruiser Patropavlovsk, a transport and a guardship were sunk during an engagement with the British fleet in the Gulf of Finland on Sunday.

The British lost three motor boats.

In the football game last evening the Sons missed their strong half back in Albert Wells who is at present in the hospital suffering from a blood poisoned arm. He received injuries whilst playing last week and his arm had to be lanced. Albert hopes to be out again before the next game.

CHINAMAN IS OLD OFFENDER

Joe Chu Fined \$100 for Having Liquor and Warned That Jail Awaits Him.

In the police court this morning before Magistrate McMorde, Joe Chu, a Chinaman, was fined \$100 for a breach of the Prohibition Act.

Yesterday afternoon Constables Adams and Bailey had been called to Comox Avenue and while doing the rounds discovered the accused stepping on to a verandah with a rather bulgy looking hip pocket. On search being made it was found that the man was carrying a bottle of whiskey and also a corkscrew in another pocket all ready for action. He also had over \$80 in cash on his person.

The magistrate in fining the Chinaman stated that the next time he came up before him, it would be a prison sentence. He is an old offender and is making himself conspicuous in police circles for his misdemeanors.

The case of Pearl Woods who is charged with allowing drunkenness on the premises has been adjourned until tomorrow. Owing to sickness she was unable to appear this morning.

FISH ARRIVALS

Halibut and Salmon Sold on Local Exchange This Morning

There are comparatively few fishing boats in this morning and the bidding by the various companies was very keen. The arrivals are: Eastern Point, 7,000 pounds; Vesta, 10,000; Clara, 6,000; Bringold, 14,000; Speculator, 9,000, and Nuba, 4,500 lbs. The average selling price was in the neighborhood of 11.5 and 6.5 cts.

There are two salmon boats in today, the Kinmount with 220 cohoes and 250 springs, and the Margalice with 500 red, 100 white and 140 cohoes. The red springs sold for 13 cents and the cohoes at 70 cents each.

KING DEVELOPS MUCH STRENGTH

Many Rally to New Liberal Leader and Cause Chills to the Unionist Leaders.

Ottawa, August 17.—With the opening of Parliament only three weeks away the political situation at Ottawa which is calm today will be troubled before long. In the meantime the Premier is engaged in doing honor to the Prince of Wales. Cabinet reconstruction has stopped for the present and steps are being taken to bring the two newly appointed ministers into Parliament. Liberals are also hoping to have their new leader on the floor of the House.

The choice of Mackenzie King as leader of the Liberal party has sent a chill up the backs of the Unionist leaders, and especially so since they have seen the unexpected strength that he is developing. Not only are the old party leaders rallying to him but those of an independent turn realize that he is a strong man and that he looks like a winner in the near future.

Rumor is strong on an election during the autumn, immediately following the session. Many of the members and a few of the ministers are out nursing their constituencies as the campaign, when it commences, is likely to be short. As few of the Liberals have yet chosen their candidates, it is expected by the Government forces to get considerable advantage from rushing the election.

While Mackenzie King is getting support from many sources unexpected before the convention, he is losing some ground in strong protective districts where the decided stand of the party on the lowering of duties and the British preference is having the effect of strengthening the Unionists.

COUNCIL FAVORS A HYDRO-ELECTRIC CO. IF CONTRACT RIGHT

(Continued From Page One.)

tion for the city. Before they could hope to do it without burdening the ratepayers there must be at least a 6,000 horsepower load in sight. At present they had only 1,000. There was forty miles of transmission line to be built through a rough country. The city had other undertakings such as the building of streets which it must attend to. The company, he understood, would not depend on the city alone. There were other possible developments outside the city such as pulp mills, cement plants, smelters. He had no faith in Wark Channel and there was only the Ecstall or Khtada left, but it would be a long time before they could hope to develop them.

Personally, the mayor said he objected to a partnership. He would prefer to contract for the power delivered at the city gates. It might be cheaper to shut down their own plant and buy the entire city load from the new company, using their own plant as an auxiliary. He was favorably impressed with Mr. Young's mission but much depended on the nature of the contract which the company was prepared to give.

Would be Shown.

Alderman Perry said he would like to be satisfied that Wark Channel was not satisfactory before giving it up. If he was shown that and the contract of the new company was satisfactory he would be right with it.

Ald. McMeekin said he thought a concrete proposal would be given favorable consideration.

Alderman Currie concurred in the idea that it would depend on the contract. If it was a good one it would get his support.

Alderman Casey said he was open to consider a business proposition. He would feel disposed to favor a proposal to work on a co-operative basis. He would like to see the city interested in the plant. If private capital was willing to invest the city would be a poor sport not to take an equity in it. He would like an alternative proposal submitted.

CITY OF PRINCE RUPERT

TAKE NOTICE that a vote of the ratepayers will be taken on the following by-law in the Council Chamber, City Hall, on the 27th day of August, 1919, between the hours of 9 a. m. and 7 p. m.

A BY-LAW OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE REPAIRS OF CERTAIN PLANK ROADWAYS IN THE CITY OF PRINCE RUPERT, AS HEREINAFTER SET OUT, INCLUDING RESURFACING WITH TWO-INCH PLANKING, AND REPAIRS OF SUPERSTRUCTURE WHERE NECESSARY, AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF COMPLETING SUCH WORK, AMOUNTING TO THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00).

AND FURTHER TAKE NOTICE that ERNEST A. WOODS, has been appointed City Engineer to take charge of the said vote.

ERNEST A. WOODS, City Clerk.

BY-LAW NO. 18 OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE REPAIRS OF CERTAIN PLANK ROADWAYS IN THE CITY OF PRINCE RUPERT, AS HEREINAFTER SET OUT, INCLUDING RESURFACING WITH TWO-INCH PLANKING, AND REPAIRS OF SUPERSTRUCTURE WHERE NECESSARY, AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF COMPLETING SUCH WORK, AMOUNTING TO THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00).

WHEREAS the Municipal Council of the Corporation of the City of Prince Rupert has determined to resurface the following plank roadways in the City of Prince Rupert, namely:

Section Five—Fulton St. and 8th Ave. W.
 Section Six—4th Ave. E., Hays Cove Circle and Hays Cove Bridge.
 Section Seven—4th Ave. E.
 Section Eight—Conrad St.

AND WHEREAS the purpose of such resurfacing it will be necessary to incur a debt to the extent of Twenty-Five Thousand Dollars (\$25,000.00).

AND WHEREAS the City intends to issue Serial Debentures to raise the said sum of \$25,000.00, payable in five (5) years from the date of the coming into effect of this by-law, and bearing interest at the rate of six (6) per centum per annum.

AND WHEREAS it will be necessary to raise each year during the period of five (5) years, by special rate, the sum set out in the schedule to this by-law, for the payment of the principal and interest of said debt.

AND WHEREAS the value of the whole rateable land and improvements and real property of the Municipality, according to the last revised Assessment Roll, being the roll for the year 1919, is \$21,051,509.92.

AND WHEREAS the whole debt of the City of Prince Rupert, not including for local improvements and school purposes, amounting to \$2,000,000.00, is \$2,000,000.00.

AND WHEREAS this by-law cannot be altered except by the consent of the Lieutenant Governor in Council.

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE CITY OF PRINCE RUPERT, ENACTS AS FOLLOWS:

1. It shall be lawful for the City of Prince Rupert to resurface the plank roadways herein referred to, and also make repairs to the superstructure where necessary, such work to be executed under the supervision of the City Engineer.

2. For the purpose of paying for the said work hereby authorized it shall be lawful for the City of Prince Rupert to create a debt to the amount of \$25,000.00, which debt shall be payable in five (5) years from the date when this by-law takes effect, and the said debt shall be secured as hereinafter mentioned.

3. The Mayor and Treasurer of the City of Prince Rupert may, and they are hereby authorized and instructed to execute and affix the Seal of the Corporation, to each of the debentures hereby authorized to be issued.

4. The said debentures shall be in denominations of not less than Two Hundred and Fifty Dollars (\$250.00) each, and shall be payable at the office of the Bank of Montreal, at Montreal, Canada, or at the holder's option, at the office of the Bank of Montreal in the city of Toronto, Canada, or New York City, New York, U. S. A. or at the City of Prince Rupert, Canada.

5. Each of the said debentures shall bear date the 1st day of September, A. D. 1919, and each debenture shall have annexed thereto coupons for the interest thereon at the rate of six (6) per centum per annum, payable half yearly on the 1st day of September and the 1st day of March in each year, the first payment to be due on the 1st day of March, A. D. 1920.

6. The said coupons shall be deemed to have been properly executed by such one having written, stamped, printed or lithographed thereon the names of the Mayor and Treasurer of the said City of Prince Rupert. Each coupon shall be numbered with the number of the debenture to which it is attached.

7. All debentures issued under this by-law shall be numbered consecutively in the order in which they are issued, beginning with the number One (1).

8. The principal of the said debentures shall be payable on the 1st day of September in the years and amounts set out in the schedule to this By-law.

9. For the payment of the debt hereby authorized and the interest thereon, there shall be raised and levied in each year during the currency of the said debentures, the annual sums set out in the schedule to this By-law.

10. The total annual sums for interest and payment of the debt referred to in the preceding section shall be raised and levied in each year during the currency of the said debentures by rate sufficient therefor on all the rateable land or improvements or real property within the Municipality.

11. The said debentures when issued, sold or hypothecated, and any coupons thereto attached, shall be deemed a valid and binding charge upon the said City of Prince Rupert.

12. The Council may sell the said debentures at less than par if it is found at any time necessary so to do.

13. The amount of debt authorized by this by-law is subject to consolidation with the amount of any other debt authorized by any other by-law of the City, and notwithstanding anything herein contained authorizing and directing the issue and sale of debentures for the payment of a debt hereby created, the City of Prince Rupert Consolidated Stock may be issued in the place of such debentures to the amount of such debt. This section shall only apply insofar as the Council may be empowered by statute so to do.

14. This by-law shall take effect upon the 1st day of September, A. D. 1919, but before its final passage shall be submitted to a vote of the ratepayers under the provisions of Section 165 of the Mun-

GRADING CITY IS COMPLETE

Engineers Have Finished Work
of Surveying Sections
7, 8, 2, 5 and 6.

PROPOSE TO BORROW ON A NEW SYSTEM.

At the City Council meeting last night the mayor reported that the engineers had completed the work of striking the grades on all roads in sections 7, 8, 2, 5 and 6 preparatory to a scheme of working from the consolidated revenue direct instead of under the local improvement plan. It was found that Section 2 was the cheapest to grade and 7 and 8 the dearest.

They were working on a plan for the spending of a million and a half dollars on the grading of streets. This would need very little more taxation than at present and they could borrow each year as the city extended and as the debentures on the old debt were paid.

Under the scheme which they proposed all land in the city would pay a share of the taxes. Waterfront and government lands and everything else would have to pay a part of the cost of developing the city. Many of these were not paying anything at present. He did not think the business section would have to pay any more nor would the outside districts be taxed to keep up the central portions of the city.

LECTURE GIVEN BIBLE SOCIETY

Dr. J. Knox Wright Tells of the
Development in China
and Korea.

Last night in the Methodist Church Hall, Dr. J. Knox Wright, travelling secretary for the Canadian Bible Society, gave a very interesting lecture on China and Korea. The many views with which the lecturer illustrated his address left a vivid impression of what the countries looked like. Many were present to hear the lecture and after the meeting expressed their thanks to Dr. Wright for the fine educational entertainment.

The whole trend of the speaker's remarks was to show the marked progress of unity among the churches in foreign lands. Everywhere Christianity was replacing the older Chinese and Korean religions. Theological colleges are carried on there with marked success and one of the great aims of the missions for the present is to train up native missionaries who can go and preach to the people from their own wonderful experience.

At the conclusion Dr. Wright was given a hearty vote of thanks and replied by giving some of the data of the work of the Bible Society and how it had turned out Bibles in 511 languages and was adding an additional one every seven weeks.

Last year's officers of the Bible Society were re-elected for the ensuing term and it was urged that greater action be now taken than in former years. Dr. H. R. Grant is president, all members of the Ministerial Association are "ex-officio" vice-presidents, C. C. Perry, secretary, and Judge Young treasurer.

BAHAI REVELATION SUBJECT OF LECTURE HERE LAST SUNDAY

An interesting lecture was given in the K. of P. hall Sunday evening by Mrs. Aseyeh Allen, her subject being "The Bahai Revelation." According to the speaker the effect of the great war has been to unsettle all our standards, even those of religion. The Christian religion had taken a wrong course since the days of Constantine. It had taken to form, symbolism and doctrine with little sense of the fundamental verities of life either here or hereafter. The sects and religious systems were all working at cross purposes when unity and concerted action were needed.

The speaker found a basis of harmony in the Bahai Revelation. This movement originated in Persia in 1844 and was developed by three successive prophets. Its

object was the union of all mankind in a single religious conception based on the great fundamental truths common to all religions. It did not deny or taboo any form of faith, but advised concentration on the main points, considering the differences between religions as unimportant and ephemeral.

Their idea was that the spiritual regeneration of all mankind might be effected by the united forces of righteousness which have heretofore acted singly, uncorrelated and antagonistically. As the Allies could only win the war under a Foch, so the victory of virtue over sin is only possible when all virtue works in harmony.

PROPOSED NEW SCHOOL

To the editor:—
Will you allow me space to correct a glaring misstatement in the appeal made by the trustees, where they state that the architect's estimate a lumber structure such as they called for at \$100,000. The fact is that my price was \$60,000 and for slow burning \$70,000 for framed.

This statement corresponds with their actions all through this so-called competition.
WILLIAM BRUCE.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 8 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in connection with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company. Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditionally upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions. Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 21, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provided for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

The tender of the North Shore Iron Works for supplying a 50-ft steel smokestack for the auxiliary pumping station for \$725 was accepted. That of the Vulcan Iron Works at \$625 at Vancouver was considered the dearest as it was not painted or delivered. The purchase of the smokestack brought a criticism of the department from Alderman McMeekin for allowing it to get into such bad condition. Others that were not any older were still good.

The fishing boat Zorra owned and operated by the Atlin Fisheries, Ltd., left for North Island early this morning for another load of salmon.

F. Bell, the master mechanic at Anyox was a passenger for the south on the boat Sunday night.

COST OF LIVING.

Editor Daily News:—
 You have given me the impression that you would welcome a discussion on the question of the high cost of living, therefore I submit the following letter, hoping you will be able to find sufficient merit in it to warrant your publishing it.

The first question I take up is: Is there a shortage of the necessary commodities?

I am satisfied there is not. My proof is that the merchants are trying to sell to other countries the commodities which are steadily rising in price, also that the different governments are reluctant to sell their war supplies to the public lest the effect should be to force prices down. Now some of them are compelled to sell to prevent the hoarding by merchants and cold storage companies, which proves conclusively that there is no shortage.

The next question I come to is: Does it cost more to produce the necessary commodities today than ten years ago?

I find by the aid of modern machinery that there is less labor power embodied in the production of commodities today than at any time during the world's history. Still the cost of living is soaring higher and higher.

Value of Dollar.

I must now investigate the medium of exchange which expresses the value of the commodities, known as the dollar. Has the dollar retained its purchasing power during the last ten years? I say "no." It has lost sixty per cent of its purchasing power, or in other words the dollar of today is only worth forty cents. This has been brought about by the financial system gradually getting away from the gold standard, increasing the credit system, and extending the circulation of promises to pay, which are worth about as much as the paper they are written on. In other words there has been a great financial debauchery, which marks the end of an unnatural system.

Boister Up.

There is a way of bolstering up this system for a short period, that is by bringing the dollar up to its original purchasing power, which can be more economically accomplished by altering the numbers on the dollar bills than by attempting to alter the prices of all commodities, as is proposed by the politicians.

The feasibility of this scheme can be judged by the fact that it is applicable to all countries under our financial system, as the same question predominates in those countries. It can also be carried out in any country and would solve the high cost of living question internally in that country. The exchange rate would regulate the foreign trade.

Will Mislead.

I wish the public to give the question full consideration, as it is for them to solve. Politician and profiteers will not try to solve it, but will attempt to mislead. I am prepared to go a lot further with this argument if necessary but I feel that I am already encroaching too much on the generosity of your paper.

FOOTBALL IS GOOD GAME

Trail Club in Opening Match With Sons of England Play to Tie.

Last evening the Trail Club and the Sons of England tied 2 to 2 in the second game of the Prince Rupert Football Association League. The contest was fought very strenuously as some of the members of the Sons' eleven have gone over to the Trail Club. Both teams were working hard and it looked as if the Trail builders were going to hold the day until a corner in the second half just a short time before the terminating whistle brought the score to a tie.

The Trail Club played down hill in the first half and by a nice touch Harrison landed the ball in the net. The Sons too were out to score and pressing the goalie for the Trail brought him out and the forwards crashed the ball towards the open goal. Harry Menzie made a swipe at it to save it from going by the posts, but Referee George Russell called it a goal. Both goals in the second half were well played for and the whole match was a very excellent exhibition of football except towards the end when Fred Hardy was sent off for fouling.

The teams were: Trail Club—goal, S. J. Winsby, backs, Watman and H. Menzie; halves, W. Booth, H. Day and H. Harrison; forwards, J. Fallon, W. Anderson, S. Hardy, V. Menzie and E. Craggs.

Sons of England—goal, Jack Judge; backs, Wearmouth and Darton; halves, Slocum, Robinson and Tabrum; forwards, Davis, Davis, Tinker, J. Robinson and Fred Hardy.

Referee, Geo. Russell.
