MULLEN SAYS SHIPBUILDING WILL GO AHEAD

President of Mullen Construction Co. Says Everything Adjusted and Work will Proceed.

J. H. Mullen, president of the Mullen Construction Co., who arrived home from Vancouver this morning, accompanied by J. H. Pillsbury, superintendent of the yard, said on his arrival that everything had been adjusted satisfactorily and that work would proceed on the shipbuilding plant here. He said he did not think the public were interested in the details of the settlement. The main thing was that work was going ahead.

FINED \$250; FISHING GEAR CONFISCATED

Illegal Fishing is Cause of Prosecutions in Provincial Police Court.

Arthur Lewis, a fisherman, was this morning convicted before magistrate McMullin in the Provincial police court of operating a trap seine illegally on territory covered by the license of the Lower Columbia. He was fined \$250 and his gear was confiscated. The case was tried yesterday but judgment was given this morning. Lewis had been warned by a fisheries inspector, but that in spite of this he had persisted in fishing outside his own territory. The case was tried yesterday but judgment was given this morning. PERT COMPANY TO TRADE AT HYDER

The Salmon River Trading Co. has been organized at Hyder for the purpose of assisting mercantile houses and engaging in business such as hotels, restaurants, theatres, real estate, garage, etc., and to construct telephone and telegraph systems to carry on the business of mining, smelting, or mining in any of its branches, says the Ketchikan Times. The main office is located in Prince Rupert. The following are members of the company: Robert LeRoy, George Ambrose, William Frederick, Cyril Hodgins, William Otis Fulton of Prince Rupert, Attorney A. H. Zeigler and a representative at Ketchikan.

Among the arrivals from the boat today was Mrs. Robinson, D.S.O., who lost an eye while fighting the Canadian forces over. He is now in the Government offices at Victoria.

SEIZED STILL AND MASH FOR LIQUOR MAKING

Dan Sutherland Will Appear in Police Court Tomorrow to Account for His Acts.

Last evening the city police raided the shack of Dan Sutherland at 536 8th Avenue West and found the man in possession of a still. Everything was on hand to carry out the project and a large barrel of mash was in the corner of the bedroom. The mixture was in a state of fermentation and more than one occasional visitor has paused by the police station door to catch a sniff of the invigorating odor which issues from the barrel as it stands in the corner.

The outfit was a rather crude one. According to the prisoner's story a friend in Ocean Falls had described how the project might be carried out and he rapidly took up the idea and he states that about a week ago he had assembled the collection of coal oil cans, etc., and set to work. The still is very simple in structure and the condenser consisted of a small lard can framed up within a larger one. The strainer was simply made from a coal oil can with many holes punched in the sides.

Curious Mixture.

A short time ago the man had ordered a large quantity of fruit at one of the local stores and all this had gone into the mixture. The ingredients which were acting very vigorously from the effects of the yeast which had been added, consisted of prunes, figs, raisins, molasses, Jamaica ginger and many other kinds of spices. There were a number of bottles about the room and corks in readiness for the spirits when it should be ready to be distilled from the big barrel.

The raid took place about 10 last night and the man was taken quite unawares as he was about to get into bed. The barrel was in the sleeping chamber, but the other implements were in the other part of the dwelling. All the paraphernalia were brought to the police station last evening by Officers Leek, Bell, Bailey and Adams.

The owner of the still will appear in the police court tomorrow morning charged under the Inland Revenue Act with having a still for making spirits in his possession.

SWIMMING CLUB IS SHOWING ACTIVITY

Will Make Effort to Wipe Out Small Debt and Increase Their Funds.

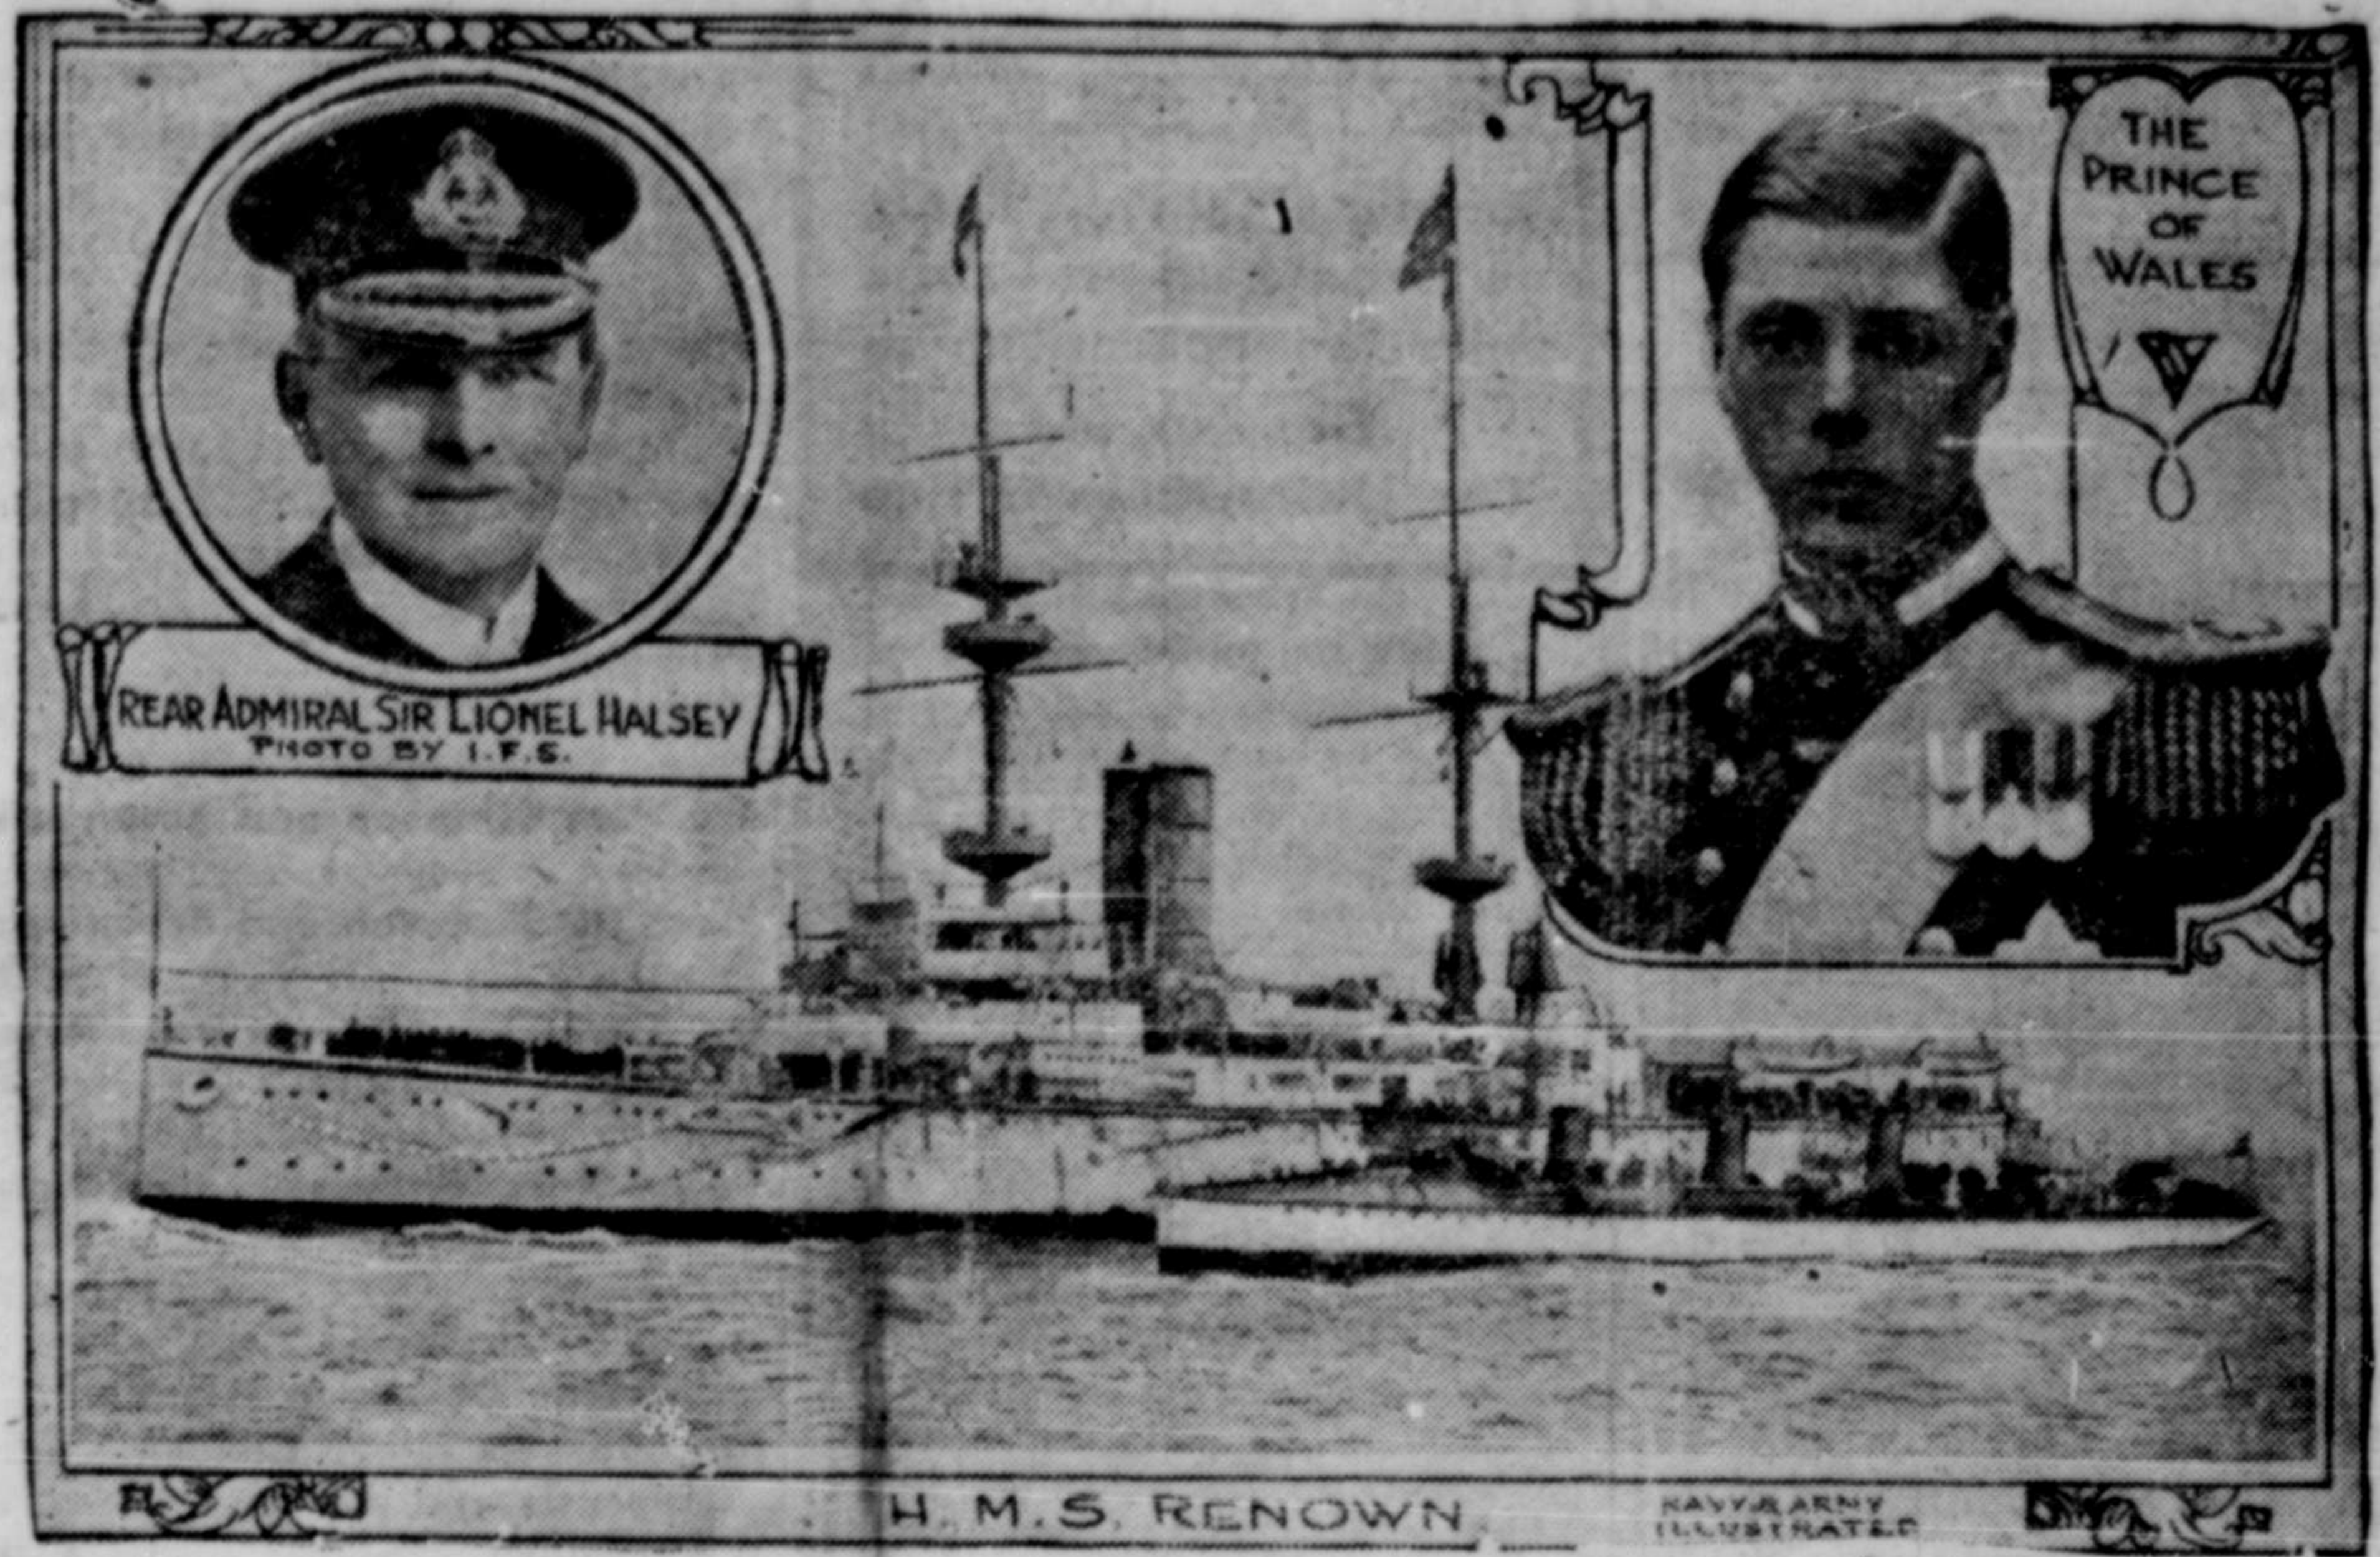

The Prince Rupert Swimming Club has spent a lot of money this year in making first class swimming accommodation at the Salt Lakes. Not only have they put in sand for the children, but they have completed the floats and diving apparatus, they have completed the men's dressing pavilion and generally improved the condition at the end of the lake where the crowds assemble to watch the sport.

As a result of the activities the club is now over \$300 in debt and as several members of the club have made themselves responsible for this, the debt must be paid. In order to do this the club is asking for some further aid from the public. If all do a little there will be no difficulty in paying what is due and putting a few dollars in the treasury for further improvements.

MINERS ENTOMBED

(Special via G. T. P. Telegrams.) Trinidad, Col., August 19.—The bodies of twelve miners, entombed in Oakview mine following a gas explosion, have been recovered. The remaining six dead have been located.

SALMON RUN IS RECORD IN MANY YEARS

Sockeye are Valuable Now and Cannerymen Will Make a Pot of Money.

Port Essington, Aug. 20.—This is a record year in the salmon fishing. There has not been a season like it for at least twelve years, possibly longer. All the canneries have large packs and some have had so much fish they have been unable to get cans to put it in. There has been a good deal of co-operation, however, in the matter of providing cans.

The sockeye season was a surprise to everyone. These fish are the ones that are in greatest demand and that fetch the big prices. The result is that canners will make a lot of money, more than they have made in many years. The humpbacks have had a good run and so much choice fish has been taken that the tendency is to neglect the chums which are coming later.

Cohoes are light this season. For that reason trollers have not been making very good money at the mouth of the river.

PROTEST MEETING HELD AT ALICE ARM COMMERCIAL CLUB

Alice Arm, Aug. 20.—At a meeting of the Commercial Club here a protest was made at the refusal of the Taylor Engineering Co. to handle passengers and powder shipments on the Dolly Varden Mines Railway. It was stated that as a result of the action of the company the work on a number of properties at the head of the Kitsault River is being badly delayed.

The citizens of Alice Arm, through the Commercial Club, have taken the matter up with the Minister of Mines and the Minister of Railways by wire in hope that some action may be taken to afford a measure of relief. Individual owners are also working independently toward the same end.

At the meeting it was explained that this recent ruling seems to conflict with a statement made by A. J. T. Taylor, president of the Taylor Engineering Company, while on a visit to the property a short time ago to the effect that his company would do everything they consistently could to advance the interests of the district. There are a number of properties under bond on which a certain amount of work must be completed by a given time, there are others getting out ore for shipment and all find it difficult to secure miners and laborers to work on the claims as they now have to walk the railroad ties for sixteen miles to get to the properties. The pack train that formerly covered this trail is being taken to Stewart and the only way to get powder to the mines is for the miners to pack it up themselves.

No assurance has been given prospective shippers that their ore will be handled from the end of steel to tide water this season, the local management giving as a reason lack of motive power and equipment. Taken altogether it was said the situation is assuming a very serious aspect in the eyes of property holders.

JAPANESE SHIPS WERE ASHORE IN THE STRAITS

Yomai and Shinbu Maru Came to Grief in Fog But Former is Now in Port.

(Special via G. T. P. Telegrams.)

Victoria, Aug. 20.—Two Japanese steamers have gone ashore near here in the fog. The Yomai struck on Raee Rocks, but was pulled off and taken to Port Townsend.

The Shinbu Maru, under charter by the Nippon Yusen Kaisha, is still ashore in the straits of Juan de Fuca.

BROOKLYN STRIKE HAS BEEN CALLED OFF

Men to Receive Advance of 25 per Cent, Which is a Compromise Settlement.

(Special via G. T. P. Telegrams.)

New York, Aug. 19.—The strike which for the past two days has paralyzed the subway and elevated systems of the Interborough Rapid Transit Co. in Manhattan, the Bronx, Brooklyn and Queens was formally called off by a vote of the strikers to accept a compromise offered. The men will receive a wage increase of 25 per cent.

PACK TRAIN MOVES ALICE ARM TO STEWART

W. J. Crawford will close up his transfer business at Alice Arm and move to Stewart, the first shipment consisting of thirteen pack-horses and outfit left by scow yesterday. The completion of the Dolly Varden railroad has done away with the long packing from Alice Arm to the properties near the Dolly Varden mine. Mrs. Crawford and Children will leave for Vancouver next week where they expect to remain for the next few months.

DRUNKENNESS

Two Women Convicted of Allowing it on Premises and Fined \$50 Each.

In the police court this morning before Magistrate McMordie, two women, Pearl Woods and Edith Griffith, pleaded guilty to allowing drunkenness on the premises. They were fined \$50 each and costs.

There was also a case of drunkenness and A. Hanson had to pay the customary \$10 for his carousal.

JAPANESE ARE VISITING CITY

Representative of Japan Mail Steamship Company Looking Into Industries of This Coast.

Usaburo Osawa, port captain of the Nippon Yusen Kaisha at Seattle, and a party of other Japanese residents of the coast cities arrived in the city this morning on the steamer Prince George, looking into the commercial possibilities of the British Columbia coast.

The Nippon Yusen Kaisha is the largest of the Japanese steamship lines and is in close touch with the Japanese Government. Its vessels ply in every part of the world. A number of passenger and freight steamers belonging to this firm call regularly at Victoria and do a large business with this province through that port.

MAN WHO WROTE THE BUDGET SPEECHES

R. E. Gosnell Passed Through the City This Morning on way To Ottawa.

R. E. Gosnell of the Dominion Department of Information and formerly in the Provincial Government employ at Victoria, came north this morning and proceeded east on his way to Ottawa.

Mr. Gosnell was private secretary to Premier McBride and is well known in connection with his activities in the Provincial Bureau of Information, as editor and compiler of the British Columbia Year Book, and as head of the archives department. For a short time he was editor of the Victoria Daily Colonist and is said to have written the budget speech for Mr. Price Ellison on more than one occasion. One of these, it will be remembered, was never delivered as it was published in the Daily Province on the day it was supposed to be delivered, but owing to obstruction on the part of the opposition it was delayed and appeared in the Vancouver paper that afternoon. It was a different speech that was made by the minister next day.

ENTERTAINED IN HONOR OF PRAIRIE VISITOR

Last evening Miss Kathleen Grant entertained a number of friends in honor of Miss Nellie Hazell, who is visiting from the prairies. It was a most enjoyable event. Supper was served during the evening and a number of musical and song numbers were given.

Those present were Mr. and Mrs. A. M. Manson, Mr. and Mrs. Frank Moore, Misses Nina and May Pringle, Miss Edmonds, Miss Irwin, Miss Madeline Nelson, Miss Mitchell, Miss Hunter, Miss Fraser, Miss Willet, Miss Pillsbury, Messrs. P. Tinker, B. Wearmouth, D. Jay, A. Rix, A. Hunter, J. Mitchell, S. Bazzett-Jones, Howard and Norris Pringle, I. Pillsbury, E. Smith and D. McCorkindale.

ASK WITHDRAWAL OF AMERICAN TROOPS

(Special via G. T. P. Telegrams.)

Chicago, Aug. 19.—Five thousand people paraded the downtown streets last night demanding the withdrawal of American troops from Siberia.

Among those leaving for the east on the train today was Joe Gay of Ninth Avenue who will proceed as far as Winnipeg where he will meet Mrs. Gay who is holidaying with relatives in that city just now. Immediately they will proceed to the Atlantic coast and will sail for Scotland where they will visit for six months. Mr. Gay expects to return in about that time, but Mrs. Gay may remain longer.

Shipbuilding is Again to Fore.

It is good news that the shipyards are about to be busy once more. The month of idleness was annoying to the employees of the concern and also to those who had increased their business facilities with a view to an influx of people. It is greatly to be desired that work may continue in future without any break.

In spite of the break in the payroll during the month, the city has not been very quiet. The other industries of the port keep things going even when the shipyards are idle. When we get the planing mill in operation we shall have one more industry to make us independent. Diversity of industries make for stability.

General Currie Gets His Reward.

It was generally expected that General Currie would get some steady employment in the service of the country. He undoubtedly did splendid work during the war, and it was fitting that he should be recognized. It would have been a hollow mockery to have made him a knight and then to have left him to make a living from his old occupation of selling insurance and real estate.

We take pleasure in joining with the rest of the Dominion in extending congratulations to Sir Arthur on his appointment to the highest military position in the land, a position which he has well earned.

Bolshevki in Russia in Danger.

It is always dangerous to prophesy, but we cannot help expressing the opinion that before very long there will be a real breakdown in Russia. There have been a number of reverses but on the other hand the Bolsheviks seem to have upset the plan of Kolchak. From a military point of view it is possible that odds are about even, but from the social point of view things are different. The leaders do not seem to have the grip which they had a short time ago. They seem to be losing their hold on the people and only by extreme measures are able to continue the Government.

Waiting for Hydro Electric Offer.

People are looking forward to getting the offer from the Hydro-Electric financiers as they realize that if it is a good one and is accepted the acquisition of a powerful company to the neighborhood would be worth a good deal to the city. For the past four or five years Prince Rupert has had all the powerful interests in the country against her. She has played a lone hand and has lost out every time. Now there is a suggestion that she link herself with powerful Montreal interests who will see that she gets her share of the benefits of development.

There have been rumors from time to time that a pulp mill would be operated near the mouth of the Skeena and possibly a paper mill. There is plenty of water, one of the necessities of the business. There is also timber and everything else that is required in making paper. Also there is a port nearby which has one of the best harbors in the world, to wit, Prince Rupert.

CITY OF PRINCE RUPERT

TAKE NOTICE that a vote of the rate-payers will be taken on the following by-law, in the Council Chamber, City Hall, on the 27th day of August, 1919, between the hours of 9 a.m. and 7 p.m. A BY-LAW OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE REPAIRS OF CERTAIN PLANK ROADWAYS IN THE CITY OF PRINCE RUPERT, AS HEREINAFTER SET OUT, INCLUDING RESURFACING WITH TWO-INCH PLANKING, AND REPAIRS OF SUPERSTRUCTURE WHERE NECESSARY; AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF COMPLETING SUCH WORK, AMOUNTING TO THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00).

AND FURTHER TAKE NOTICE THAT ERNEST A. WOODS has been appointed Returning Officer to take charge of the said vote. ERNEST A. WOODS, City Clerk.

BY-LAW NO. 1. A BY-LAW OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE REPAIRS OF CERTAIN PLANK ROADWAYS IN THE CITY OF PRINCE RUPERT, AS HEREINAFTER SET OUT, INCLUDING RESURFACING WITH TWO-INCH PLANKING, AND REPAIRS OF SUPERSTRUCTURE WHERE NECESSARY; AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF COMPLETING SUCH WORK, AMOUNTING TO THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00).

WHEREAS the Municipal Council of the Corporation of the City of Prince Rupert has determined to resurface the following plank roadways in the City of Prince Rupert, to-wit: Section Five—Fulton St. and 8th Ave. W. Section Six—4th Ave. E., Hays Cove Circle and Hays Cove Bridge. Section Seven—4th Ave. E. Section Eight—Conrad St.

AND WHEREAS for the purpose of such resurfacing it will be necessary to incur a debt to the extent of Twenty-Five Thousand Dollars (\$25,000.00); AND WHEREAS the City intends to issue Serial Debentures to raise the said sum of \$25,000.00, payable in five (5) years from the date of the coming into effect of this by-law, and bearing interest at the rate of six (6) per centum per annum.

AND WHEREAS it will be necessary to raise each year during the period of five (5) years, by special rate, the sum set out in the schedule to this by-law, for the payment of the principal and interest on said debt.

AND WHEREAS the value of the whole rateable land and improvements and real property of the Municipality, according to the last revised Assessment Roll, being the roll for the year 1919, is \$21,031,500.00; AND WHEREAS the whole debt of the City of Prince Rupert, not including for local improvements and school purposes, is \$80,676.36 which is not more than 20 per centum of said assessed amount.

AND WHEREAS this by-law cannot be altered except by the consent of the Lieutenant Governor in Council; THEREFORE, THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE CITY OF PRINCE RUPERT, ENACTS AS FOLLOWS:

1. That the Mayor and the City of Prince Rupert to resurface the plank roadways herein referred to, and also make repairs to the superstructure where necessary, such work to be executed under the supervision of the City Engineer.

2. For the purpose of paying for the said work hereby authorized it shall be lawful for the City of Prince Rupert to create a debt to the amount of \$25,000.00, which debt shall be payable in five (5) years from the date when this by-law takes effect, for which debt Serial Debentures shall be issued to be secured as hereinafter mentioned.

3. The Mayor and Treasurer of the City of Prince Rupert may, and they are hereby authorized, to sign, seal, and affix the seal of the Corporation, to each of the debentures hereby authorized to be issued.

4. The said debentures shall be in denominations of not less than two hundred and fifty dollars (\$250.00) each, and shall be payable at the office of the Bank of Montreal, at Montreal, Canada, or at the holder's option, at the office of the Bank of Montreal in the city of Toronto, Canada, or New York City, New York, U. S. A. or at the City of Prince Rupert, Canada.

5. Each of the said debentures shall bear date the 1st day of September, A. D. 1919, and such debentures shall have attached thereto coupons for the interest thereon at the rate of six (6) per centum per annum, payable half yearly on the 1st day of September and the 1st day of March in each year, the first payment to be due on the 1st day of March, A. D. 1920.

6. The said coupons shall be deemed to have been properly executed by each one having written, stamped, printed or lithographed thereon the names of the Mayor and Treasurer of the said City of Prince Rupert. Each coupon shall be numbered with the number of the debenture to which it is attached.

7. All debentures issued under this by-law shall be numbered consecutively, no matter when issued, beginning with the number One (1).

8. The principal of the said debentures shall be payable on the 1st day of September in the years and amounts set out in the schedule to this by-law.

9. For the payment of the debt hereby authorized and the interest thereon, there shall be raised and levied in each year during the currency of the said debentures, the annual sums set out in the schedule to this by-law.

10. The said annual sums for interest and payment of the debt referred to in the preceding section shall be raised and levied in each year during the currency of the said debentures by a rate sufficient therefor on all the rateable land or improvements or real property within the Municipality.

11. The said debentures when issued, sold or hypothecated, and any coupons thereto attached, shall be deemed a valid and binding charge upon the said City of Prince Rupert.

12. The Council may sell the said debentures at less than par if it is found at any time necessary so to do.

13. The amount of debt authorized by this by-law is subject to consolidation with the amount of any other debt authorized by any other by-law of the City, and notwithstanding anything herein contained authority is hereby given to the Mayor and Treasurer of the City of Prince Rupert to issue and sell the said debt hereby created, the City of Prince Rupert Consolidated Stock may be issued in payment of such debt.

14. This section shall only apply insofar as the Council may be empowered by Statute so to do.

15. This by-law shall take effect upon the 1st day of September, A. D. 1919, but before its final passage shall be submitted to a vote of the rate-payers under the provisions of Section 165 of the Municipal Act, Chapter 52, 1914, as amended by Section 25 of Chapter 45 of 1915 and Section 33 of Chapter 44 of 1916.

Bitter or Better Baking

A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean bitter baking.

If the words "Dr. Price's" stand out bold and strong, they surely mean BETTER baking.

This is only one reason why it pays to use

to the Ratepayers of the City of Prince Rupert: Re Proposed New School

We, the undersigned members of the Prince Rupert Board School Trustees desire to draw the attention of the Prince Rupert ratepayers to our reasons for recommending that a permanent public school building, costing approximately \$135,000, be erected on Acropolis Hill.

(A) As to the site, our reasons for choosing Acropolis Hill are:

1. Two-thirds of the school children now attending school are to the south of McBride Street, according to figures supplied by the public school principal.

For Section 2. It is necessary to have a school building which will accommodate the school children in the southerly parts of Section One and any from Section 2. Acropolis Hill will be central to the city for many years to come until it is necessary to build a school in Section One.

The only other school-site available centrally situated for the present school-going children is the Ninth Avenue site, and the medical authorities advise against this site as being unhealthy in comparison with Acropolis Hill. Acropolis Hill already has a playground which will be available for the Acropolis School and this asset alone should be a universal support for the Acropolis site, as it is impossible to make a good playground of sufficient size on the Ninth Avenue site.

Only Suitable Site. The only other available site for a school reserve near Hays Creek, but this is only several blocks from the King Edward School, and it would be manifestly unfair to erect another public school so near the King Edward School.

Force children from the southerly limits of the city to go to school. Moreover, the Hays Creek site is a very central one for the city as a whole, and for that reason should be retained for the site of our future High School.

If we look at a map of the city, it will be seen that the school built, one in Sec. 2, one on Acropolis Hill, one on the present King Edward School site and one on the present Seal Cove School site, will divide the townsite into two parts, one to the south and one to the north in approximately equal distances, and looking to the future, this is as it should be.

Protect Children. Answering the objection that Acropolis Hill is difficult for little children to climb in rough weather, we propose erecting a hand-rail from the bottom of the hill, which will assist the children in climbing, and in any event, the hill is only several hundred feet higher than they have at present to go on Borden Street. Answering the objection that there will not be good water pressure in case of fire, it is our pur-

pose to install an electric pump to give this pressure, this pump only to be used in case of fire. A tank under the roof will provide sufficient force for water supply in the school. The city engineer and our architect have both declared this to be feasible. Finally, it is impossible to secure a site which has no objectionable features, and in criticising the Acropolis Hill site the above reasons must all be considered, and though the majority of this Board were at first against the Acropolis site, it is now unanimous in its favor after a great deal of careful thought and consideration.

Should be Permanent. (B) As to the erection of a permanent building, our reasons are:

We should have a permanent structure erected out of brick, hollow tile, stone, concrete or a combination of these, for the reason that the city can obtain thirty to forty years to repay the bond issue which will make the payments very light upon the present ratepayers; lighter in fact than the payments for a frame structure, the bonds for which would have to be redeemed in ten years' time.

For this and other reasons, Mr. Johnson, the present city treasurer, who is an authority on these matters, strongly recommends the building of a permanent and not a frame building.

Needed at Once. We need a schoolhouse of 12 class-rooms for the reason that we will be able to fill at least eight class-rooms as soon as the school is ready for occupancy, and we should have a few rooms in reserve so that we shall not be compelled to build another school as soon as we have this one completed, which will be our predicament if we build a temporary six or eight room frame structure as some have suggested. At the present time we have all the available room taken in the Borden Street High School, and we will, in September, have at least three class-rooms rented outside of our schools and scattered about the city, with the consequent injury to the health of the pupils caused by inadequate lighting and ventilation of these places. Without a twelve-room schoolhouse we will be unable to cope with any reasonable increase

in the population of the city. Cost of Wood. The architects have advised us that a twelve-room frame school house will cost approximately \$100,000, as against \$135,000 for a permanent school building, and the city treasurer has shown us that the annual payments to be made for this frame building will be considerably greater than for the permanent building, for the reason above stated. Mr. Johnson states that the carrying charges for this permanent school (reckoned at \$150,000) will only amount to an added three-quarters of a mill to our tax rate, while a frame structure at \$100,000 would mean an added 1 1/2 mills to the tax rate.

In a permanent building we will have greater security from fire, and much less cost for fire insurance, repairs and general upkeep, and we think the time has come when, as a city, we should commence to get away from so much temporary, make-shift erections, and thus avoid the necessity of having to be continually renovating and rebuilding as the old temporary structures become delapidated.

Defeat Detrimental. Finally, we desire to impress upon the Prince Rupert ratepayers, in the most forcible manner, that the defeat of the present Bylaw will result in a delay detrimental to the best interests of public school education in the city. The school physician is already complaining about the effects upon the eyes of the children of the rented temporary premises now in use, and as the school population is steadily fast increasing the situation, from the standpoint of school room accommodation, will be desperate before the new building can be utilized.

We urge the ratepayers, therefore, to give this Bylaw their solid, loyal support, and thus show the rest of the province Prince Rupert's attitude towards education facilities. ELIZABETH KIRKPATRICK. FREDERICK SHAW. L. W. PATMORE. W. T. KERGIN.

MRS. CHARLIE CHAPLIN AT EMPRESS THEATRE "The Doctor and the Woman" is Play That Has Been Well Received.

Mrs. Charlie Chaplin will be seen in Prince Rupert tonight for the first time in the remarkable photoplay "The Doctor and the Woman." This play ran for two weeks at the Orpheum Theatre, Vancouver, and drew immense crowds. In addition to the feature the serial "The Fight for Millions," which was broken off owing to a strike, will be continued, commencing with the fourth episode. There will also be an Eddy Lyons comedy.

GOOD SUPPORT FOR LABOR DAY SPORT FEATURE

Many Prizes to be Given as Rewards for Varied Sports.

Collectors are now rounding up the citizens for prizes in connection with the Labor Day sports and all report excellent success. The businessmen seem to be generous and are giving cash prizes in most cases. The aim of the committees is to make the day such as has never been equalled in the history of the city and to this end they are working. Within a short time posters will be on the streets announcing to all the full course of events.

In the morning there will be the waterfront sports which always attract so many people and the fishermen's races which were so capably handled last year by J. H. Meagher and Captain J. W. Meagher are being arranged by the same men this year. The gear setting contest will be looked forward to with great interest as it will be remembered that on the last occasion of a race like this all sorts of fish were brought to the surface. The dory races will surely test the fishermen for with one dory pitted against the other the men on the oars will have to pull their best. Nothing mechanical about it, but a pure test of skill with the oars and endurance. A number of the trollers are going to be in port for that day and a race has also been arranged for them. All the above sport features besides being highly entertaining will be educational for it will give the land lubbers an opportunity of seeing just what the fishermen have to endure.

Children's Races. The children will have their fun in the afternoon and graded races for boys and girls will be their chief interest for the day. The little ones always turn out in great numbers when a holiday comes around and the large prizes which are to be given will delight many a heart at the close of events.

There are other sensational features in connection with the land sports. A tug of war will be staged and if it is as energetic as the tussle at the merchants' picnic the straining parties will surely give a fine exhibition. Putting the shot will be another open event and some of the husky chaps about the city who have been practising up are ready to challenge all and sundry. There will be the usual sprint races and jumping which call for the more skilled athletes.

Indian Events. In this year's program of sports a very prominent place has been given to the Indian events. There will be many in the city from the canneries about that time and friendly races among themselves always prove popular.

At the close of the day an informal dance will be arranged, when all fanatics of the terpsichorean art may disport on the well waxed floor till the duties of the coming day call them away.

STORY OF EARLY MORMON CHURCH

William Farnum at Westholme Theatre is Seen in "Riders of the Purple Sage."

Laid in Utah, in the days when unscrupulous leaders of the Mormon Church were trying to foist polygamy on their followers, the "Riders of the Purple Sage" has to deal with the abduction of a girl by a powerful dignitary of the church, the life-long hunt of her brother for the guilty man and the final accounting when Lassiter, as played by Mr. Farnum, avenges the great wrong on the honor of his sister in some of the strongest scenes ever shown on the film.

The closing scene of this thrilling drama of the great Western desert is staged in the mountains, in a spot of stupendous natural grandeur. To save a girl and her sweetheart from a force of pursuing Mormons, a huge rock is dropped down a sheer cliff, crushing to death many of the horsemen and sealing up the fleeing couple in a valley forever.

UNIVERSITY RETURNED SOLDIER STUDENTS

The University of British Columbia has provided means whereby those students in Applied Science who enlisted during their University course or during their matriculation year and have intentions of proceeding in the fall, may resume their studies during the summer months. This provision has been made at the suggestion of returned soldier students who are desirous of completing those studies which were interrupted by enlistment, so that regular courses may be continued without undue difficulty.

PUBLIC NOTICE

IN THE MATTER OF THE ESTATE OF RONALD C. FERGUSON, DECEASED. Sealed tenders will be received by the undersigned up to 12 o'clock noon of the 4th of August, 1919, for the purchase of lots eight (8) and nine (9), Block thirty-nine (39), Section five (5) in the City of Prince Rupert, in the Province of British Columbia. Tenders must be placed in an envelope securely sealed, addressed to me and marked "Tender Ferguson Estate" and accompanied by a marked cheque payable at par at Smithers for at least 25 per cent of the amount of the tender. The highest or any tender will not necessarily be accepted. The cheques of all unsuccessful tenders will be returned to them. TERMS—Cash on acceptance of tender. STEPHEN H. HOSKIN, Official Administrator. SMITHERS, B. C., July 17, 1919.

Sport

On Monday evening there was a very interesting match on the Market Place grounds between the Tiny Tims and the Nationals. The Tiny ones seem to have received new life after their recent dance and they engineered the baseball game just as well as their social hop. The teams were very evenly matched until the 5th when the Tims brought in 6 runs in the one inning. When the runs were totalled up the Nationals had lost by a score of 10 to 3.

Ed Ross who is at present in the hospital suffering from the effects of a broken leg received while playing football has other accomplishments besides being a dashing centre forward. In the evenings he entertains his ward mates with selections on the flute. He is not yet able to be up and as lively as before, but he expects to be soon round with his friends again. It is not likely that he will play any more football this season.

In the football game of Monday evening Harry Day formed a tower of strength for the Trail Club. Playing the important position of centre half he kept the ball in good play all the time. Checking well, he stopped many well formed rushes of the Sons' forwards. When Harry got the ball he did not get rid of it with a wild lunge to any part of the field, but watched his chance and got it out to one of the unchecked wings. Percy Tinker found that it was not a matter of lying well up towards the opponent's goal and beating the backs as was the case in the former game against St. Andrew's Society.

The interior baseball nine are practising steadily for the game to be played against the Rupert nine at the Barbecue to be held at Telkwa at the first of next month. A crack nine will be chosen and the coast boys who have been whitewashing everything in sight for the past few games may strike a snag when they start breezing around the pastures in the Smithers neighborhood.

Two specially chosen junior league teams are going to battle for honors on Labor Day. The names of the contending nines are Tigers and Red Sox. In reality it is a strife between two teams who have been battling for honors throughout the season, but as one had a none too pleasant name it was changed and the other followed suit. The same old rivalry underlies the match and boys who gave such a fine exhibition of the game on Dominion Day are very likely to excel themselves on September 1.

On Labor Day a team from Anxox will come here to play an all-star local eleven in a soccer match. The players have not been chosen here yet but it is expected that by the day of appointment the league members will have had sufficient opportunity to size up the good stuff from the aggregate teams. From the showing that the players have made already it is very certain that a good selection will be made.

On August 12 the grouse season opened in England with a great burst of enthusiasm following the dull days of the war. The King with his guns made for Balmoral and the rest of the sporting and social set made for the moors. London became a social wilderness as all the elite had gone to the country.

ACTIVITIES OF THE CATHOLIC LADIES

With the approach of the fall season, the Catholic Ladies are starting up again their social activities and their opening evening will be held on Friday night of this week in St. Andrew's Hall. This function will take the form of a dance, and the invitations are now being sent out. In previous seasons, the Catholic ladies have been noted for the perfection of the appointments of their entertainments, particularly at supper time, and having a reputation to live up to, the ladies are seeing to it that none of their guests shall be disappointed on this occasion.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wharf at Stewart, B. C." will be received at this office until 12 o'clock noon, Wednesday, August 20, 1919, for the construction of a wharf at Stewart, District of Skeena, B. C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer at Prince Rupert, B. C., at the Post Office, Vancouver, B. C., and at the Post Offices, Vancouver, B. C., and Stewart, B. C. Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p. c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount. Note.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$1.00 payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

Mrs. Forbes Makes Butter She calls it Economy Butter, and it is well named, considering the quantity she gets, and the low cost of the extra butter. To half a pound of butter, add one SMALL tin of Pacific Milk, in which has been dissolved a small pinch of baking soda. Whip 'till the butter has all been taken up and allow to set gradually in a cool place. It makes almost a pound of butter—good butter, too. Many will thank Mrs. Forbes for her kindness, as we do. Prevented by "Fruit-a-tives" The Wonderful Fruit Medicine

58 MAISONNEUVE ST., HULL, QUE.
 "In my opinion, no other medicine is so good as 'Fruit-a-tives' for Indigestion and Constipation.
 For years, I suffered with these dreaded diseases, trying all kinds of treatments until I was told I was incurable.
 One day a friend told me to try 'Fruit-a-tives'. To my surprise, I found this medicine gave immediate relief, and in a short time I was all right again."

FORMER CITY OFFICIAL IS APPRECIATED

Victoria Daily Times Speaks of Ability of E. D. Johnson Who Left Here Recently.

The Victoria Daily Times has an appreciative article on the appointment of Ernest D. Johnson, formerly city treasurer of Prince Rupert. It says:—
 Mr. Johnson is a native of Cheltenham, England, and was educated there, later taking a course in the Royal Agricultural College, Cirencester. In the earlier years after leaving college he was with one of the largest grain merchants in the United Kingdom, and for four years after that was inspector of branches attached to the Treasury Department. He came to Canada nineteen years ago, and farmed for four years.

Mr. Johnson then accepted an invitation from Frank Morse, at that time general manager of the Grand Trunk Pacific, and joined its staff in charge of the pay rolls, and later, as travelling accountant in charge of construction distribution.

Went to Rupert.
 Nine years ago he was moved to Prince Rupert in charge of accounts there and was also paymaster of the mountain division. While there, he originated methods of accounting and of cost accounting which remain the standard in use by the company.

In February, 1913, Mr. Johnson was selected by the Prince Rupert City Council for the position of auditor and reorganized the accounting system, following which he was appointed city treasurer. In that office he has remodelled the city's entire debenture debt, saving the taxpayers \$1,000,000 during the lifetime of the debentures.

His scheme in this regard received high commendation from the general manager of the Bank of Montreal and eastern bond houses.—The finances of the city were thus placed on a sound and permanent basis.

Well Known Figure.
 Mr. Johnson has always been a prominent figure in the Union of B. C. Municipalities as an authority on municipal financing, and he has been a member of the committee on that subject at several of the Union's annual conventions.

In addition to making a deep study of taxation in all its phases and its fiscal results and has opportunities of studying these problems in their practical working out in many large cities, notably in New York.

All his experience has been in large departmental work and the positions he has held have been chiefly executive. In the forthcoming consolidation of the Municipal Act and in the conferences which are shortly to take place, in accordance with the promises of the Premier and the Minister of Finance, with respect to municipal and provincial sources of taxation, Mr. Johnson's knowledge and experience are expected to be of especial value.

A Wide Choice.
 It is understood that there were an unusually large number of applicants for this new position, and these have been receiving the most careful consideration from the Minister of Finance and the Civil Service Commissioner for some time past. In making the recommendation they do to the

BASEBALL CLUB GAVE DANCE LAST NIGHT

Enjoyable Event With Good Music and Excellent Refreshments

The boys of the baseball club gave a most enjoyable dance at St. Andrew's Hall last night for the purpose of raising funds with which to pay the cost of bringing the visiting teams to the city recently. There was a good attendance and a most enjoyable time was spent. Gray's orchestra provided the music and it was augmented during the evening by Will Edmunds with his cornet. Delicious ice cream and cake were served by the members of the baseball team and this added to the pleasure of the event and also to the funds of the club.

Lieut.-Col. C. W. Peck has been offered and accepted the honorary presidency of the Prince Rupert Symphony Orchestra. The musical organization is honored in having the member for the district and a distinguished soldier for one of its officers.
