PRICE FIVE CENTS

HALIBUT BOAT IS TOTAL LOSS

BRITISH EXCITED OVER REPARATIONS SCHEME

American Tariff May Not Injure Northern B.C. to any Very Appreciable Extent

Mills Handling Cedar Will Feel Pinch If 25 Per Cent Duty Is Allowed to Remain; Shingle Mills Also Will Be Crippled

OTTAWA, May 8. — Party leaders of the Canadian parliament are guarded in their comment on the tariff bill introduced yesterday in the United States house. From a Canadian standpoint the feature seems to be that the high tariff provinces of the Dominion will be the ones hardest hit, whereas those provinces which have usually been on the side of low Canadian tariff will suffer but little. Should the United States bill become law, British Columbia, Ontario and Quebec would feel the increases most.

FISHING BOAT ONAH STRANDS

Pacific Salvage Co. Expects to Free Vessel From Metlakatla Passage and Mud Flat Today

While going out to the fishing grounds after having landed a catch at Prince Rupert, the American halibut boat Onah, Capt. Henry Selig, piled up at the high tide at midnight on a mud flat just this side of Metlakatla Bar. The Pacific Salvage Co. despatched the power tug Pachena to the scene this morning and expected to extricate the vessel without much difficulty and bring her back to Prince Rupert possibly this afternoon.

CHANGES TAX CHEAP STOCKS

OTTAWA, May 8.—An amendment to the resolution in the budget in regard to the tax on the sale of shares of stock was moved by Minister of Finance Robb in the House of Commons. Instead of a tax of one cent a share on all shares selling for under \$3 the amendment provides for a gradual scale. The tax on shares selling at under 50 cents will be one-tenth of a cent a share. Shares selling between 50 cents and one dollar will be a quarter of a cent. Tax on shares between \$1 and \$3 will remain at one cent per share.

CAPT. EDGECOMBE IS BRINGING PRINCE DAVID TO COAST

VANCOUVER, May 8.—The passenger steamer Prince David left Halifax on Monday for Vancouver and Prince Rupert under the command of Captain Edgcombe with Chief Officer Thomas second in command.

C. P. M. Goss, Seattle lumber man, who has been visiting here and in Alaska on business, sailed by the Catala last evening on his return south.

AMERICAN ROADS CUT FREIGHT RATES

CHICAGO, May 8.—A freight cut of from five and one-half cents to eleven and one-quarter cents per hundred pounds on wheat and wheat flour for export was announced yesterday by the Western Trunk Line railroads.

TEACHERS HEAR OF CONVENTION

Reports Given at Meeting of Federation Held Last Night in Booth School

VARIOUS SYSTEMS

Miss Mercer Tells of Attending the National Council of Education in South

The regular monthly meeting of the Prince Rupert Teachers' Association was held last evening in the Booth Memorial School, the president, J. S. Wilson in the chair. The program consisted of reports of the Eastern Convention at Vancouver and in addition a splendid account of "Impressions of the National Council of Education" by Miss E. A. Mercer.

The reports of the various speakers were all of real interest and the outstanding points in the different papers were productive of live discussions. Many new ideas were presented in regard to methods and ideas and ideals and the best of the newest theories will be used in teaching as a result.

Miss Lamb spoke on "The Detroit System of Teaching." In this, little interest is paid to phonics in the first year at school. There are several ideas of value in this method and many of these are already used in the daily work but it was generally felt that its value was limited and that phonics could not be replaced as the basis of teaching to read.

Primary number work and music in the primary grades were the topics of Miss Vickers' paper. The first dealt mainly with the understanding of the values of different numerical quantities and the necessity for the children's understanding of the relative values. Methods adopted to emphasize this feature were outlined. With the teaching of music in the primary grades new ways were mentioned and the relation of the success of demonstrations proved interesting.

Study of People
Mrs. Walker reported on "Teaching Geography or Teaching Pupils," an address by Mr. Lord of Vancouver Normal (Continued on page two).

BODY OF YOUNG MAN IS FOUND CLOSE TO GIRL

No Sign of Violence Indicated in Connection With Death of Miss Pitcher

MONTREAL, May 8.—The body of Miss Pitcher, first year arts student, who disappeared from McGill University about two months ago had apparently been in the water for some time when found by the police. It showed no signs of violence. The body of a young man, who had apparently been in the water only a few days, was found at the same spot.

PRICE OF WHEAT

VANCOUVER, May 8.—Wheat was quoted on the local exchange today at \$1.11 1/2.

WINNIPEG, May 8.—In a dull and featureless market the wheat prices today recorded net gains of 1 1/2 and 1 1/2 for the day.

FUEL ARRIVES HERE FOR SPANISH ROUND THE WORLD FLYER

Arriving from Vancouver on the steamer Prince George this morning was a shipment of airplane gasoline for Capt. Alda, Spanish aviator, who is essaying a round the world flight this year with a scheduled stop at Prince Rupert. No information is yet available as to the approximate date on which Capt. Alda may be here. He was supposed to have attempted a round the world flight last year but he did not get started.

WARREN STATES SMELTER SOON VANCOUVER ISD.

Consolidated Will Build in Comox Area if Power Developed

VICTORIA, May 8.—Construction of a copper smelter and refinery at some salt water point in the Comox area on the east coast of Vancouver Island will follow the acquisition of the Campbell River power rights by the Power Corporation of Canada. It was announced at the parliament buildings yesterday on the conclusion of a three-day visit of J. J. Warren of Toronto, president of the Consolidated Mining & Smelting Co., Ltd.

STOWAWAYS ON CORST AIRPLANE

"Alaska" Arrives at Cordova Making Non-Stop From Juneau

CORDOVA, May 8.—The first plane, the Corst Amphibian Alaska, to arrive here, landed in Cordova Bay late Tuesday, making the non-stop flight of 450 miles from Juneau in four hours twenty minutes.

Two women stowaways were found beneath the seats of the plane just before it left Juneau. They were covered with coats and had food and water with them. They were Mae Pauley and Lorraine McLeod.

TWO MONTHS HARD

Mrs. Maude Wicks, charged with bribing a police officer, was found guilty by Judge F. McB. Young in County Court this morning and sentenced to two months' imprisonment with hard labor.

Halibut Boat Burns to Water's Edge And is Total Loss

Roald Amundsen Sinks in Principe Channel but Captain and Crew Escape Without Injury

The well known Seattle halibut boat Roald Amundsen caught fire, and, after burning to the water's edge, sank, a total loss, in Principe Channel, about 70 miles south of Prince Rupert, between 9 and 10 o'clock on Sunday evening. Capt. Carl Angell, owner and skipper of the vessel, and his son, Ivor Angell, and nephew, Olof Angell, who made up the crew, escaped without hurt, although they lost all their belongings. The Roald Amundsen was running from Ketchikan to Seattle, where a new engine was to have been installed, when the accident occurred. She had been fishing on the way down the coast and had about 1000 pounds of halibut on board. The intention was to call at Butedale to take on bait in order to continue fishing.

The skipper had retired for the night and was called by the man at the wheel, who said that the boat was not making time and that he thought something was the matter with the engine. On going to the engine room, Captain Angell found the wooden floor on fire, so he immediately went to the pilot house to get an extinguisher and ordered the lifeboat to be launched. As the skipper got back to the engine room door an explosion occurred and the deck was virtually lifted. Captain Angell being knocked down by the impact. The other two men were forward by this time.

The vessel was thereupon evacuated and Captain Angell and the other two men from the dory witnessed her burn to the water's edge and sink. A tank containing 700 gallons of gasoline blew up.

The three men got what repose they could that night and the next day started a 40-mile row to Captain's Cove, camping ashore at night. Arriving at Captain's Cove yesterday morning, they encountered the Prince Rupert halibut boat Southend, which went outside and hailed the lighthouse tender Newington. Capt. Harry Ormiston, which brought them on into Prince Rupert, reaching here at 11 a.m. yesterday with only the clothes they stood in.

The Roald Amundsen, which was insured, was a vessel of 56 feet length with a 40 h.p. Frisco Standard gasoline engine. She was built in Seattle in 1913 and came into the possession one year ago of Captain Angell, who formerly owned the Alaska. She regularly carried a crew of five men, but had left two at Ketchikan after completing her last trip to the fishing grounds and before starting for Seattle.

Captain Angell and the two boys expect to proceed from Prince Rupert to Seattle.

OPIMUM SEIZED ON EMPRESS OF FRANCE

VANCOUVER, May 8.—A seizure of opium valued at something over \$7000 was made on the R. M. S. Empress of France today by officers of the customs preventive service, according to reports to that office. No arrests were made.

British Newspapers all Roused Today Over Turn in Reparations Proposals

LONDON, May 8.—London newspapers were aroused today by statements that the new reparations proposals of Owen D. Young, American delegate, involved alterations in the Spa reparations percentages by which Great Britain would be the loser in the proposed settlement. The consensus of opinion was that Great Britain could not and would not accept the plan.

PARIS, May 8.—Private talks between reparations experts concerning a proposal for settling the German reparations problem made by Owen D. Young went on this morning in a calm that contrasted strikingly with the exasperation shown in London despatches over the suggestions of the chief American delegate.

SPOKANE MAN ROTARY HEAD

VANCOUVER, May 8.—Dr. Arthur T. R. Cunningham of Spokane was unanimously elected the district governor at yesterday's northwest Rotary conference.

BODY OF CAPTAIN SUGURDSON FOUND

SEATTLE, May 8.—The body of Captain Fred B. Sugurdson, missing steamship owner, was recovered today from Lake Union here. He is believed to have fallen into the lake.

QUIETLY WED LAST EVENING

Mrs. A. L. Hills Becomes Bride of W. V. Tattersal at Interesting Ceremony

A wedding of interest to many friends of the contracting couple was solemnized quietly at 7:30 last evening at the home of the bride, Fifth Avenue East, when Rev. J. B. Gibson, rector of St. Andrew's Anglican Cathedral, united in marriage Mrs. Annie Lizzie Hills, widow of the late Capt. Charles Hills, to William Vaughan Tattersal, who is engaged in the joining business here and who is perhaps known better to many in his capacity as caretaker of the Masonic Temple. The couple were attended by Mr. and Mrs. Robert Gordon.

After the ceremony the bridal party repaired to the home of the bride's son-in-law and daughter, Mr. and Mrs. Sam Hougan, 1026 Ninth Avenue East, where a wedding supper was served with members of the families of the bride and groom in attendance. Mr. and Mrs. Tattersal will receive the felicitations of many friends on the occasion of their marriage.

JOSEPH GREER IS GYRO HEAD

Joseph Greer, who was chosen by the executive, was today installed as president of the Prince Rupert Gyro Club to complete the term of William Cruickshank, who has moved to Detroit. George Arseneau was initiated as a member of the club. Dr. Joseph Gosse was elected as Gyro delegate to the Prince Rupert Baseball Association, the club also deciding to purchase necessary equipment for its team.

Sawmill at Snowshoe Burned with Loss of \$100,000 but all Lumber in the Yard is Saved

Word was received in the city this morning that the sawmill and dry kiln of the F. G. Thrasher Lumber Co. of Snowshoe, east of Prince George, was destroyed by fire and also that cars on the siding were burned. The total loss is approximately \$100,000.

The fire is supposed to have originated from a bush fire in the neighborhood.

The lumber in the yard and buildings other than the mill and kiln were saved. This is the second fire at Snowshoe in four years. Three loaded cars were destroyed. The Canadian National sent a locomotive from McBride which pulled out three cars.

ICE WENT OUT AT DAWSON YESTERDAY AFTERNOON AT 2:33, BUT RATHER SMALL PRIZES WERE BADLY SPLIT IN BIG DERBY

DAWSON, May 8.—The big annual ice derby was decided yesterday at 2:33 p.m., when the ice moved out very quietly and everything connected with the guessing contest worked without a hitch. The electrical stop-clock worked with the utmost precision and accuracy.

The first prize, amounting to approximately \$7200, was split two ways, being won by Thomas Leach with guess 5623 and by Kennedy and Grace Stewart with guess 5748.

The first prize winners live at Anchorage. The second prize, amounting to \$1440, is split four ways, the winner being John Carboni, guess 13,817, of Walker's Fork; Edward Whitehead of Dawson, guess 21,171; Tom Wangele of Matanuska, Alaska, guess 5760; and George Kerr of Dawson, 21,295.

The third prize, amounting to \$960, was split three ways, going to R. Gooding of Stewart River with guess 16,644; R. Blake of Vancouver with guess, 13,860; Miss H. M. McKinnon of Vancouver, 3206. Real spring is now here and summer is close at hand.

MARION WILSON GOLF LEADER AT VICTORIA

VICTORIA, May 8.—Burning up the course of the Victoria Golf Club, Miss Marion Wilson started to the defense of her B. C. Women's golf championship on Tuesday by winning a qualifying round with a card of 80. She headed Mrs. Sweeney of Vancouver who was several times B. C. champion and Pacific Northwest title holder, and Mrs. Phil Brick of Victoria, Colwood Champion who had 82, by 2 points. Seven outsiders and nine local players are qualifying.

YESTERDAY'S GOLF SCORES IN SCOTLAND

GULLANE, Scotland, May 8.—With more than 100 cards in yesterday, Leo Diegel, United States, led the big qualifying field in the British open golf with 144 for 36 holes. Bobby Cruickshank, United States, with 147, was next. Cyril Tolley, British amateur, was third, with 150. Ted Jewell, who led the field Monday with 172, took 82 yesterday, for a total of 154. R. D. Matheson, Oxford University, scored a hole in one on the short fourth.

CUP WON BY FIRST FLIGHT

CHESTER, England, May 8.—Lady Scarborough's "First Flight" won the Chester cup today. Dark Hillock came second and Pomagne third. The betting was 9 to 1 against First Flight, 100 to 7 against Dark Hillock, and 33 to 1 against Pomagne.

TWO HOCKEY TEAMS FOR SALE

PORTLAND, Ore., May 8.—Anthony Nephach, principal stockholder of the Portland ice hockey team and president of the Coliseum Amusement Co., said today that the team is for sale and that Frank Patrick, president of the Pacific Coast Hockey League, holds the option on the Portland and Victoria teams.

PATRICKS TRYING SECURE FRANCHISE FOR CHICAGO TEAM

NEW YORK, May 8.—The Patrick family is trying to buy a second franchise in the National Hockey League for the city of Chicago. There are rumors of an alliance between them and Herman for a team to oppose the Black Hawks.

ENGLISH BOY BROKE RECORD GOLF COURSE

GULLANE, Scotland, May 8.—Percy Aliss, the young English professional from Wannsee Club, Berlin, scored 69 in the first round of the British open golf tournament today, breaking the Muirfield course record, which was smashed by Leo Diegel yesterday with 70. Leo Diegel and Jim Barnes of the United States were two strokes behind.

Sport Chat

The Junior Football League will resume activities at the Acropolis Hill grounds at 6:30 this evening with the meeting of High and Booth Memorial School teams. Booth is putting a strong team in the field in the hope of reducing the gap between itself and High School for first place. The Booth players will be: Eric Christensen, Walter Cross, Rudolph Nelson, James Greer, Mike Clifford, Clifford Bartlett, Alex Walters (captain), Bert Cameron, John Murray, Aubrey Iverson and Oscar Wingham with Stanley Lawrence and Bill Murray as spares.

A change in the aspect of the standings of the Big Leagues appears to be forthcoming. Various clubs are beginning to get into the season's stride and the teams should soon settle in more natural and expected positions although, of course, there may always be surprises. The veteran Boston Bruins, who have been more or less miraculously ensconced in first place since the opening of the season, appear to be slipping in engagements with teams of the western sector of the National League. St. Louis Cardinals or Chicago Cubs should soon be in first place. Pittsburgh has also been making a good showing the last few days. Better things are expected of the New York Giants who were relegated to the second division as a result of two defeats at the hands of the Cards over the week-end.

HALIBUT SALES TODAY TOTAL 119,500 POUNDS

Halibut prices here today were somewhat improved over yesterday. A total of 119,500 pounds was sold at the fish exchange this morning. American boats being paid up to 13.1c and 7c, while Canadian received as high as 11.8c and 6c.

Sales were as follows: American—Electra, 31,000 pounds, Booth Fisheries, 12.5c and 7c. 36,000 pounds, Booth Fisheries, 12.3c and 7c. Narrons, 14,000 pounds, Canadian Fish & Cold Storage Co., 12.6c and 7c. Sherman, 13,000 pounds, and Eureka, 6,000 pounds, Atlin Fisheries, 13.1c and 7c. Visitor, 3,000 pounds, Canadian Fish & Cold Storage Co., 13c and 7c. Canadian—Signal, 11,000 pounds, Canadian Fish & Cold Storage Co., 11.5c and 6c. D. S. T., 5,500 pounds, Atlin Fisheries, 11.8c and 6c.

WALTER JOHNSON III

WASHINGTON, May 8.—It is announced that Walter Johnson, who yesterday was unable to play on account of illness, would be laid up for a month.

TO PLAY FOR GILHULY CUP

This Will Be First Football Trophy In Competition This Season—Start Next Monday

The executive of the Prince Rupert Football Association, at a meeting last night, decided to play the Gilhuly Cup series first this year instead of the Stuart Shield competition as has been done in the past. The following fixture list was drawn up, the first game being contingent upon the grounds being ready by that time, failing which the match will be set over to the end of the schedule on June 10.

May 13—Thistles vs Regiment. May 16—Empress Club vs Thistles.

May 21—Regiment vs Empress Club.

May 24—Regiment vs Thistles.

June 4—Thistles vs Empress Club.

June 7—Empress Club vs Regiment.

The dates of May 27 and 30 are being left open for games with H.M.S. Colombo.

YANKEES HEAD THE AMERICANS

Babe Ruth Hits Homer and Is One Behind Gehrig

NEW YORK, May 8.—The Yankees are at the head of the American League today as a result of their defeat of St. Louis while Chicago was tumbling the Athletics. The Mackmen and the Browns are in a virtual tie for second place.

Babe Ruth made a home run with two aboard in the fourth. Bob Meusel made a pinch double in the ninth after Babe had walked and Gehrig has singled. Ruth now has five homers, one behind Gehrig.

Boston remained at the top of the National League by beating the Cardinals.

LOCAL CITIZENS ARE CHARGED WITH TRAFFIC VIOLATIONS ON STREET

Alleged offences under the city parking bylaw and the provincial Motor-Vehicle Act brought a number of well known citizens into city police court before Magistrate McClymont this morning.

Frank Cameron, for allowing his engine to run unattended, was fined \$5. H. B. Rochester, Thomas Trotter, Stanley Smith, M. H. Blott, Fred Turtle, Alex MacKenzie, G. H. Munro and Shelford Darton, charged with breaches of the city parking rules, were all remanded for eight days. Under the Motor-Vehicle Act, G. Lundie was fined \$10 for driving to the common danger, and S. D. Johnston and Mrs. Minnie Edwards were remanded.

With the rapidly growing popularity of the Talkies, many of the favourites of the silent drama are "trying out" before the microphones of modern moving picture studios; some are finding that their face is not their only fortune and are now fast capturing the favour of their audiences by their voice no less than previously they did by their silent acting. Above: We see June Collyer and George O'Brien, featured in Fox films examining the electrical recording device in their Hollywood studio. Behind them is the newest thing in screendom, the Movietone Recording Truck, which the Northern Electric Company is now supplying to its Canadian licensee producers for recording scenes for their news reels in various parts of the country. Left: The sound picture projector of today is a marvel of intricate apparatus but works as simply as a sewing machine. Right: a section of sound film showing the sound track at the left which in this case recorded the sounds of an aeroplane in flight.

TEACHERS HEAR OF CONVENTION

(Continued From Page 1)

School. In this connection the need for teachers to be up to date was stressed. Even text-books recommended by the Department of Education get out of date in a surprisingly short time. The need for the study of the people, their habits, methods of living and of working, their religion, educational methods and civilizations was of greater importance than the mere memorization of facts whether physical or political.

Miss Stewart reported on Dr. La Zerte's address on "Problems we face in Secondary Education," also on resolutions considered at the High School Teachers' Business meetings. The recommendation that the department issue a booklet yearly indicating the general types of errors made at the various examinations set by the department was provocative of lively discussion. Miss Stewart further reported that Mr. Stocks had been appointed as delegate from Northern B.C. to the High School section.

National Council Miss Mercer opened her talk by expressing her appreciation of the action of the Prince Rupert Board of School Trustees in offering her the opportunity to attend the National Council of Education meetings held in Victoria and Vancouver the week following the Easter vacation.

While the meetings were arranged by the Canadian Council of Education as a national convention it was truly international in character. Speakers from Australia and New Zealand were invited as representing the types of education in the youngest parts of the empire. Speakers from India and Japan spoke as representatives of the oldest educational systems. England and France sent speakers as they were the motherlands of the original colonists of Canada. Italy and Czechoslovakia interpreted the greatest realization of the value of physical games and exercises.

Miss Mercer emphasized the uniformly high standard of addresses given by all speakers. Each was a recognized authority telling of the work in his own land and equally desirous of learning of the trials and ideas of Canada. The speaker's personal experiences were most interestingly told. How the various speakers had appealed to her from their different characteristics or mannerisms. Sir Rabindranath Tagore made a lasting

impression. He was the living embodiment of his philosophy, "time is money, leisure is wealth" and he was wealthy. And so with intimate descriptions of the speakers, the recitation of their theories and beliefs, the record of accomplishments in their own lands Miss Mercer gave delightful resumes of the addresses.

All Had Benefitted The president gave a brief outline of some of the executive meetings and also referred to addresses by Dr. La Zerte, Mr. Milner of New Zealand, and Professor Quainton. Mr. Wilson expressed his pleasure at the large number of teachers who had attended the convention from Prince Rupert. It was indicative of the interest shown by the teachers in their desire to get the most progressive ideas in teaching and all had benefitted from the inspiration and enthusiasm of the convention. He felt that the honor done him in being asked to reply to the addresses of welcome at the Vancouver Convention was a tribute to the teachers of the north. Those present included Miss Mills, Miss Rivett, Miss Halliwell, Miss McKay, Miss McArthur, Miss Vickers, Miss Pierce, Miss Stewart, Miss Harrison, Mr. Stocks, Miss Mercer, Miss Rothwell, Mrs. Walker, Miss Easthope, Miss Garnett, Miss Mitchell, Miss Lamb, Miss Leitch, Mr. Halleran and Mr. O'Neill, secretary treasurer.

Get out your gingham dress and compete for the prizes at the Hayseed Dance. 106

Mr. and Mrs. S. Lewis and family were passengers sailing last evening on the Catala for Vancouver.

Mornin' Si, they do tell me that this here Hayseed Dance is goin' to be right smart, and there be some good prizes. 106

T. J. Shenton, inspector of mines, returned to the city on the Catala yesterday afternoon from a trip to Anyox on official duties.

C. W. Homer, provincial assessor, returned to the city on the Prince George this morning from a brief trip south on official business.

Mrs. Helen Nucinch of Alice Arm, who has been spending the winter in the south, is a passenger aboard the Prince George today returning north from Vancouver.

Mrs. Jessie Jacobs of the local Indian Agent's office returned to the city on the Prince George this morning after spending her annual vacation in Vancouver and Victoria.

Rev. Manley F. Eby, United Church at Port Simpson, and Mrs. Eby sailed last evening on the Catala for Vancouver where they will attend the forthcoming conference.

Mrs. C. P. Ashmore, wife of the manager of the Granby store at Anyox, is a passenger aboard the Prince George today returning to the smelter town after a trip to Vancouver.

Orville Williams, young son of Mr. and Mrs. Williams of Terrace, arrived on the train yesterday afternoon and was taken to the hospital by the ambulance, suffering from pneumonia.

Miss Cherry Campbell of Stewart is a passenger aboard the Prince George today going north to spend the summer holidays at her home after attending the University of British Columbia in Vancouver.

B. F. Messner, well known Smithers mining man, who has been on a business trip to Vancouver, arrived in the city from the south on the Prince George this morning and proceeded by train to the interior.

H. M. Stramberg, who has written a new version of "O Canada" which was published in this paper yesterday, is one of the pioneer high school teachers of this province and several years ago was located in Prince Rupert for some time as a representative of the Rothschild financial interests.

C. A. Banks, managing director of the B. C. Silver Mines Ltd., and also of the new Eastern concern which has taken over the Duthie mine, arrived in the city on the Prince George this morning from Vancouver and proceeded by train to Smithers to pay a visit of inspection to the Duthie property.

W. K. Gwyer, district engineer for the provincial department of public works, who is on a trip to the southern portion of Atlin riding looking into road requirements this season in that section, came down from Anyox to Mill Bay on the steamer Catala yesterday. He was accompanied by J. A. Anderson, road superintendent at Anyox.

Passengers disembarking here from northern points on the steamer Catala yesterday afternoon included: W. S. Fawcett, M. Koenigsberg, Mr. and Mrs. Geo. Hills, N. Lyngheim, A. Erickson and S. Lucich, from Stewart; T. J. Shenton, A. Norling, G. E. Gulick, L. Lightstone and N. D. Glass, from Anyox, and James Peacock, from Alice Arm.

WIFE OF RAILWAY OFFICIAL PASSES

Mrs. W. G. Manders, Who Died Suddenly in Calgary Yesterday, Was Here Ten Days Ago

Returning to her home in Winnipeg after a trip to the Pacific coast, Mrs. W. G. Manders, wife of the freight traffic manager of the Canadian National Railways, western region, died suddenly from appendicitis in Calgary yesterday morning, according to word received here. Mrs. Manders was born in Prince Rupert through visits here with her husband. She was here last only about 10 days ago. She was about 50 years of age and is survived by two grown-up daughters.

W. P. Jackson arrived in the city on yesterday afternoon's train from Saskatoon, where he has been for some time in the service of the Canadian National Railways, to join the staff of the city ticket office here, succeeding William Cruickshank

who was recently transferred to Detroit.

Mrs. F. W. Hart will sail tomorrow night on the Prince George for a trip to Vancouver.

John McRae was seized with a nervous attack while at work today in McRae Bros. store and had to be removed to his home.

Adam Mackle, inspector of fisheries for District No. 2, who has been relieving at departmental head offices in Vancouver for some time, arrived in the city from the south on the Prince George this morning and will return to Vancouver tomorrow night. He is here on departmental business.

OFFICIAL NOTIFICATION

VANCOUVER, May 8.—H. M. S. Colombo of the North America and West Indies squadron will visit Prince Rupert from May 27 to June 4.

DAILY EDITION  Wednesday, May 8, 1929

EITHER HIGHWAY OR NEW PROVINCE

No sooner had the paper gone on the street yesterday than a telephone message was received urging The Daily News to continue the campaign for the building of the highway and offering congratulations on the editorial article on the front page yesterday.

"We are all with you," the message said. "Let us have either a highway or a new province in which we shall be able to build our own highways. We cannot submit to the neglect of this part of the country which is indicated to be the government policy. Keep pounding away and count on every man in the community to help you."

It is encouraging to get assurances of this kind. We believe that, with the exception of a half a dozen politicians, the city of Prince Rupert is behind the movement to insist on either a road or a new province. If the people of the other communities along the railway, including Prince George, are of the same mind, we shall get the highway quickly. So much depends upon the attitude of the people and the determination with which they tackle this problem.

HOOVER GRATIFIED

President Hoover says he is gratified at the manner in which the United States suggestions have been received at Geneva and that prompt action will be taken to carry on the movement toward reduction of armaments. Other nations will also be heard from doubtless in the near future.

It is to be hoped that something definite will result within a few years.

TARIFF AND THIS DISTRICT

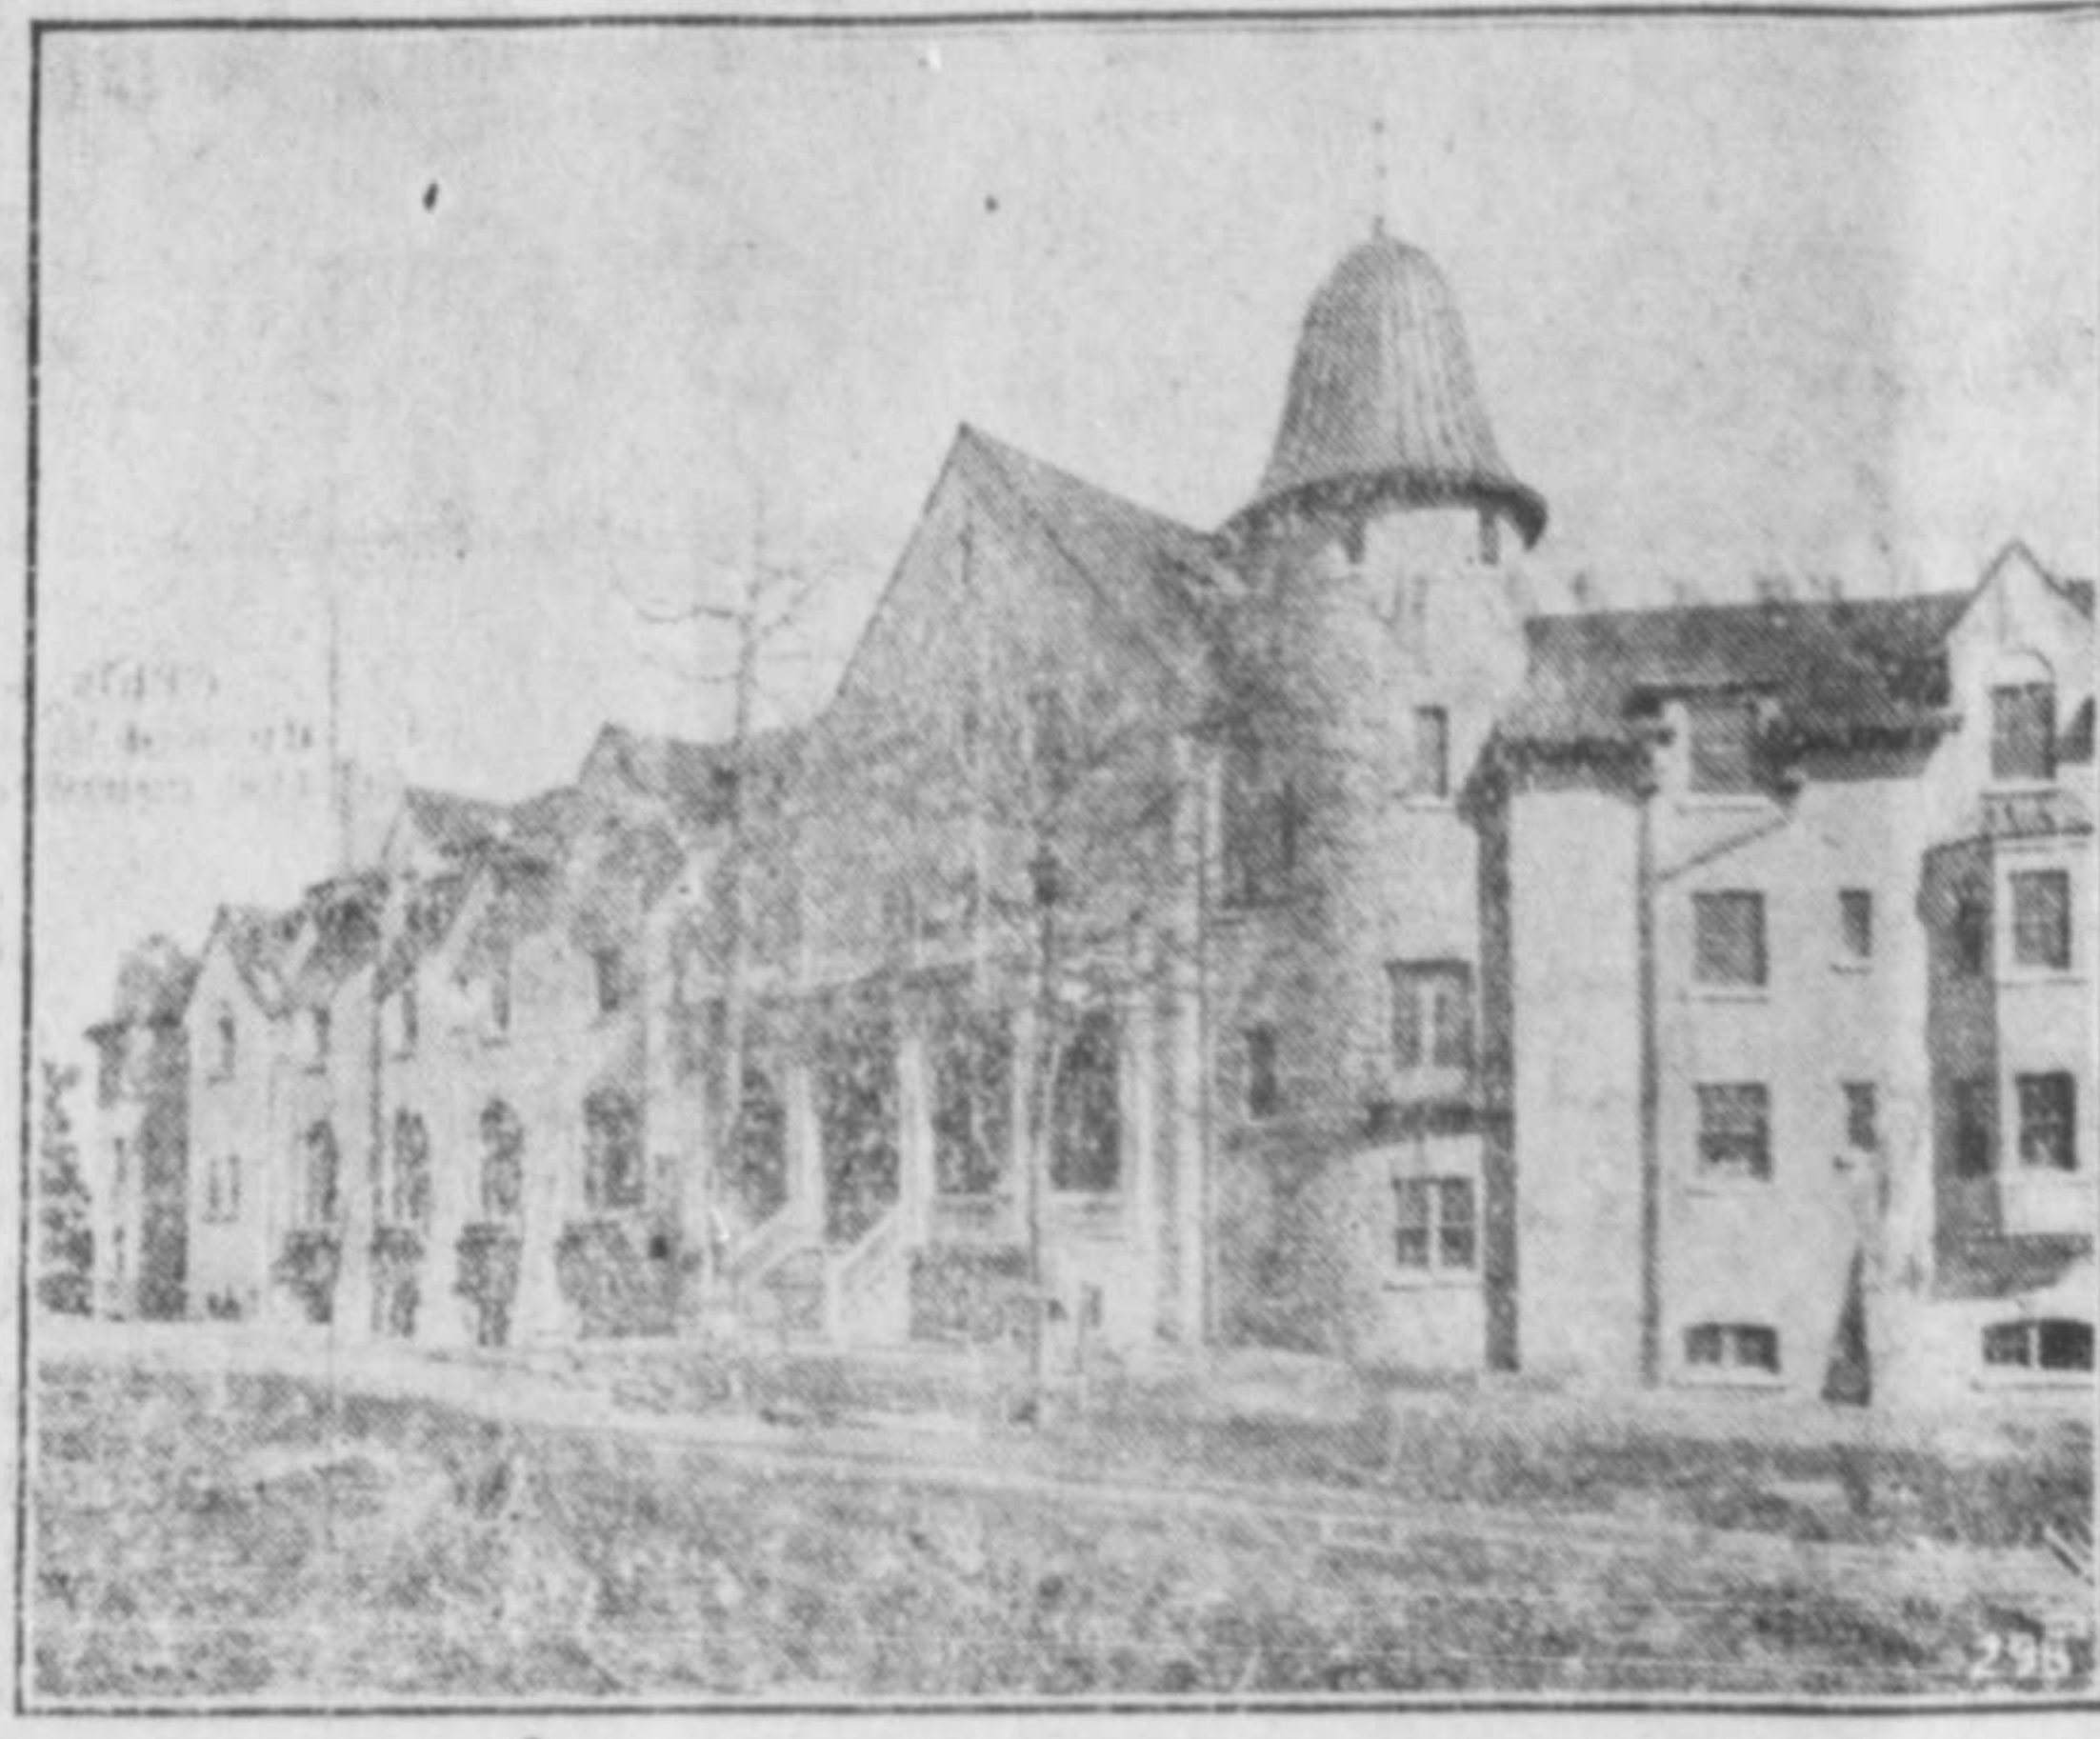

The United States proposed tariff, so far as can be seen from the brief despatches coming through, does not injure the lumber business of northern and central British Columbia to any great extent. While there is considerable cedar lumber here, most of the cut consists of spruce and hemlock, which, so far as indicated, is not affected, at any rate, not to any great extent.

The mills in the south that handle cedar lumber and shingles will be the ones to suffer most, if no change is made in the bill in its progress through congress.

There is a possibility of the tariff injuring the local pole industry, on which many people depend for a living.

DIFFICULT FOR PRESIDENT

We can quite understand how difficult it is for the president and the administration of which he is the head to control the forces which demand high protection. It is bad enough in this country, but in the states, where the principle of absolute protection is recognized rather than a tariff for revenue, any group of interests can usually secure sufficient following to enforce the raising of duties on the materials which particularly benefit them. The whole system is a selfish one and will some day go, but in the meantime we must look after our own interests and fight fire with fire.

Hotel Longfellow Built

This hotel, the New Pines at Digby, N.S., was built by Longfellow. Not, however, that he saw it, thought about it or even dreamed or imagined it. What he did do towards it was render immortal the Land of Evangeline, the beautiful Annapolis Valley of which Digby is the gateway, and so create a tourist lure.

The New Pines is being built by the Dominion Atlantic Railway to further aid in the development of tourist traffic in the Maritimes

CANADIAN CLUB NAMES OFFICERS

Local Women's Organization Closes Successful Year—Was Active During 1928

Mrs. R. F. McNaughton was unanimously elected president of the women's Canadian Club succeeding Mrs. J. C. McLennan at the annual meeting last night in the City Hall. Mrs. Robert Blance was elected secretary succeeding Miss Norah Rivett.

The complete list of officers for the coming year is as follows:

- Honorary president, Mrs. J. C. McLennan.
- Honorary vice-president, Mrs. S. P. McMordie.
- President, Mrs. R. F. McNaughton.
- First vice-president, Mrs. Joseph Greer.
- Second vice-president, Mrs. J. H. McLeod.
- Secretary, Mrs. Robert Blance.
- Assistant secretary, Miss Margaret Palmer.
- Treasurer, Miss Caroline Mitchell.
- Assistant treasurer, Mrs. A. B. Lizney.
- Executive, Miss N. E. Rivett, Mrs. M. H. Blott, Mrs. A. E. Bazett-Jones and Mrs. Olof Hanson.

The report of the retiring secretary, Miss N. E. Rivett, on the past year's activities of the club was as follows:

Secretary's Report

"Madam President and members of the Women's Canadian Club, I have the honor to submit to you my report for 1928-29.

"During the last year, our meetings, though maybe somewhat smaller in number, were all particularly interesting with speakers of a high order.

"On July 5, 1928, we held a combined meeting with the Rotary Club to her Robert Watson, a celebrated Canadian author and the President of the Western Branch of the Canadian Authors' Association. Despite the holiday season, fifty of our members attended this lunch and enjoyed to the full Mr. Watson's humorous reminiscences.

"On September 7, 1928, a banquet was held in the Commodore Cafe, to which were invited, the Bishop of the Yukon, the Rt. Rev. T. O. Stringer, and his wife, also Bishop Rowe of Alaska, Bishop-Elect and Mrs. Rix, and all the clergy of this city and their wives. After the banquet, to which husbands of members were invited, Bishop Stringer addressed us on his experiences during 36 years in the Yukon. Bishop Rowe gave a short speech, full of dry wit and entertaining reminiscence.

"On October 6, 1928, at a luncheon, Mrs. Geo. Black, of Dawson City, Yukon, gave us a most interesting talk on "Early Days in Dawson City." The lantern slides which illustrated the address were particularly good and both they and the address were thoroughly enjoyed by the large attendance.

"On January 26, 1929, Dr. H. T. James, resident mining engineer, addressed the club at a tea. He is a very able and pleasing speaker and his address was very interesting.

A Disappointment

"On April 10, we were promised a speaker by the National Association and made all arrangements for his reception, but, owing to the fact that the national secretary has mistakenly assumed that there was a daily train, he could not stay in the city. We were put to a great deal of inconvenience and expense. However, the National Secretary wrote, apologizing for the unhappy accident and offered to share the expense.

"Seven executive meetings were held during the year with an average attendance of six.

"One general meeting was held during the year on April 30, 1929, for the nomination of officers for the ensuing year.

"Sixteen new members were added during the year and we closed the year with a total of 114 paid up members.

"Forty-two letters were written during the past year and a number of postcards, closely numbering 300, were sent out. A new supply of membership cards was bought during the year and postcards were printed for use in notifying members of meetings.

"During the year the question of the increased affiliation fee came up. The fee was formerly 10c per head, but last year the executive of the National Association decided to raise it to 50c per member but, as our year had well commenced, the raised fee was not made compulsory, but left to the individual clubs to give what they could afford. This year the fee will be 50c. We had a voluminous correspondence on the subject with the National Office last December, but the executive felt that we had not fared very well in the matter of speakers and that the question of affiliation and the payment of the raised fee should be left till the annual meeting.

"The executive decided to add to the Club's shelf of Canadian literature in the local library—this being our third year of contribution, and the sum of \$75.00 was donated to this purpose. With the aid of the librarian, a selection was made of some thirty books of a wide range of interest, Sociology, Literature, Religion, History, Travel, Biography and Reference, and some for the juvenile section.

"The executive have supported their very able president loyally and energetically and the year now closing has been a very harmonious one."

The true purpose of a Budget

EVERY year you spend a large proportion of the money you get. So much for clothing. So much for shoes. So much for things to eat—for house furnishings, books and what not.

Here is the way to get the most for your money.

Keep a budget. Decide what you can afford to spend for each item, and hold yourself within this amount.

Then—to get the most for your budget money read advertisements carefully. The advertisements you read tell you what is newest and best. They give you the latest ideas and improvements. They help you to get more from each dollar you have apportioned in your budget—and so live better and dress better with the same income.

The true purpose of a budget is to enable you to spend wisely—and only by careful reading of advertising can you hope to accomplish this result.

Read advertising regularly. It points the way to better living.

WHAT WOULD BE THE BEST MEANS TO ADVANCE INTERESTS OF NORTHERN AND CENTRAL B. C.? PRIZES ARE OFFERED

The Daily News invites suggestions as to the best means of advancing the interests of northern and central British Columbia. As a recognition of our interest in the subject, we offer three prizes for the best suggestions put forward in a brief newspaper article not to exceed 500 words. First prize, \$5; second prize, a year's subscription to The Daily News; and, third, six months' subscription to the paper.

A school boy or school girl is just as likely to win the prize for this as a grownup. Write on one side of the paper only and mail addressed: Contest Editor, The Daily News, Prince Rupert, B. C.

The Weaver-Jackson Company

Hollywood's Famous Beauty Experts

advise daily use of Palmolive Soap

"Society here is very cosmopolitan. So is our clientele. We must know all the beauty treatments in vogue on the continent. Among these, the most famous is the Palmolive Soap treatment... used by famous beauties throughout Europe."

Weaver-Jackson Co.
By Willard Jones S.P.
HOLLYWOOD-LOS ANGELES-PASADENA

Interior of one of the ten famous Weaver-Jackson Shops in Hollywood—patronized by more than half of the celebrities of the moving picture world. The Weaver-Jackson Company Shops are known throughout Los Angeles, Pasadena and Hollywood.

Operators working in the Paris salon of L'Institut de Beauté, presided over by the distinguished Madame Valentin le Beau. Madame le Beau advises all her smart patrons to use one soap—and one only—Palmolive.

HOLLYWOOD, mecca of beauty, listens to its beauty specialists with the same respect that it accords to its physicians.

For in Hollywood, beauty means success, and a lovely skin means more than anywhere in the world. And what those experts say is vital beauty news!

Listen, then, to what the Weaver-Jackson Company experts say... who number among their patrons half of the famous stars of Cinema Land.

Where Hollywood is beautified

"Among our patrons are the smartest, the most fastidious, the most prominent women in Hollywood, Los Angeles and Pasadena. We take pride in serving fully half of the women in the motion picture industry.

"We operate a system of ten distinguished shops which form the largest one city beauty service unit in the world, and prominent among our shops is the world-known unit in the Ambassador Hotel.

"Society here is very cosmopolitan. So is our clientele. So we must know all the beauty treatments in vogue on the continent.

"Among these the most famous is the Palmolive Soap treatment. You take this soap which is made from the oils of the Palm tree and the Olive tree. You massage it gently into the face—so (with some warm water, of course), until you see the skin is clean. Then wash it off, still with gently warm water following with cold. There you have a beauty treatment used by famous beauties throughout Europe."

Dozens of experts in Hollywood recommend this famous treatment involving

Palmolive Soap! And over four thousand specialists all over the country give their patrons this same advice.

In Paris, home of beauty, all the experts tell you the same thing. Lina Cavalieri, for instance, the former opera star, who now tells the smartest women in Paris how to keep their priceless beauty; Madame Marguier, Brun, the acknowledged dean of all Parisienne beauty specialists; Massé, Vincent, Delord et Bion, Payot—all the beauty specialists of note in the beauty-loving capital of France recommend Palmolive Soap to their distinguished patrons; and in Vienna, Berlin, Budapest, Rome, Madrid, London—in all the great capitals of Europe you hear this same advice, "safeguard beauty with Palmolive Soap."

Pergola of the beautiful Ambassador Hotel, where one of the most celebrated Weaver-Jackson beauty salons is located.

Would Build Railways and Roads to Open Up Northern and Central British Columbia

(This is another of the articles received in the competition now being conducted by this paper to try to find a means of improving the position of this part of the country. Names of the writers are withheld until judging is completed.)

DEVELOPMENT OF NORTHERN AND CENTRAL BRITISH COLUMBIA

British Columbia has untold wealth which has not yet been touched, both in minerals and farming.

There is the Peace River block which has not yet been touched, then there is the Groundhog coal grounds, which only surveyors have explored.

The Pacific Great Eastern Railway should be continued from Quesnel, where it now ends, to Prince George, so that it could join the Canadian National Railways and then could run down the Canadian National tracks to Prince Rupert.

The railway from Stewart to Peace River, continued to the Peace River. This would not only help the Peace River, but also the Groundhog coal fields and the mines in the vicinity of Stewart.

A road which is now under construction from Prince Rupert will in time join up with the Pacific highway at Vancouver. This will open up the country around Bulkley and Nechaco valleys.

There are thousands of acres of unoccupied land in the Peace River area, both in British Columbia and Alberta.

In joining up the railway from Stewart to Peace River with the Edmonton, Dunvegan & B. C. Railway, it will make people occupy the farming land and thus increase the population and wealth of both the province itself

and the people.

Even with the talk of a railway from Stewart to Peace River, people have started to settle in the Peace River, but when the railway is built the land will all soon be occupied.

In the Caribou country there is both mining and cattle ranching.

There are hundreds of acres with nobody on them, most of this land is good arable farming land.

The population in Peace River is only a few thousand, but five years ago there was scarcely a thousand people.

On the whole, the Pacific Great Eastern should be continued to Prince George, a railway should be built from Stewart to the Peace River and the road from Prince Rupert should be continued down to Vancouver.

A FEW FACTS ABOUT PRINCE RUPERT

Prince Rupert is:

- The terminus of the Canadian National Railway.
- The Central administrative point for the whole of central and northern British Columbia.
- The nearest point in British Columbia to the Orient.
- The centre of the halibut and salmon fishing business.
- The centre of an extensive mining and lumbering district.

Prince Rupert has:

- One of the finest harbors in the world.
- The largest fresh halibut business in the world.
- The largest fish cold storage plant in the world.
- A large, strictly modern drydock and shipbuilding plant.
- A grain elevator leased to the Alberta Wheat Pool with capacity of 1,250,000 bushels.
- A large, modern ocean dock.
- A new modern lumber mill, planing and shingle mills and box factory with capacity output of 60,000 board feet daily.
- Fish reduction plant.
- A new mill at Porpoise Harbor and another building alongside it seven miles from the city.
- Railway shops employing about 75 men.
- Several ship sheds for building and repairing small craft.
- Provincial government district offices and court house.
- Dominion government fisheries, customs, and other offices.
- Marine department central station.
- Dominion government wireless station.
- Canadian National district offices.
- Dominion fisheries experimental station.
- B. C. Packers district offices.
- Consolidated Mining & Smelting district assay office.
- P. Burns Co., Ltd., modern abattoir.
- Several docks and wharves used by coasting vessels.
- Number of fish houses doing an export business.
- About twenty salmon canneries in the neighborhood.
- Several fishery supply and shipchandery establishments.
- Several wholesale houses doing a large business in the district.
- Fine modern retail stores.
- Good steamship services to Alaska and south to Vancouver and Victoria and west to the Queen Charlotte Islands.
- Three large oil and gasoline distribution stations.
- Good hotels and restaurants.

Prince Rupert has:

- Modern high school with first year university classes
- Four public schools with over thirty teachers.
- Seven churches representing the most important denominations.
- Paved streets and concrete sidewalks in the business section.
- Well kept gardens and pretty residences.
- Number of clubs and fraternal organizations.

Prince Rupert has:

- No severe cold in winter.
- No extreme heat in summer.
- No mosquitos or other insect pests.
- Great opportunities for boating, fishing and hunting.
- Fewer climatic or other disadvantages than most places in Canada.
- A harbor that never freezes.

LOCAL LIBRARY IS CONGESTED

Question of Housing the Books Is Becoming Serious Problem For the Board

SPLENDID DONATIONS
Women's Canadian Club Spend \$75 On Purely Canadian Books For Prince Rupert

The question of providing extra space for the public library to keep pace with the growth of the institution and particularly to accommodate the increase in the juvenile section was discussed at the meeting of the library board last night, Alderman Frank Dibb presiding, and there being also present Mrs. Kirkpatrick, James Black, V. Bass-Bert, H. F. Pullen, Secretary Lindzey and the librarian. It was decided to get prices on a new stack and also on putting an extra shelf on some of the book cases already there.

The librarian reported books taken out during the month included fiction 2,776 volumes, duplicate pay 192; non-fiction 415, and juvenile 1,091. The average daily circulation was 202.9.

During April 30 new borrowers registered, the number now on the list being 2,765.

Books were placed on the shelves 22 by gift and 56 by purchase, making a total library collection now of 6,706 volumes.

The Board, on motion of James Black passed a vote of thanks to the Women's Canadian Club for the donation of \$75 toward the

purchase of Canadian books. A list of proposed purchases had been submitted to the club executive by the librarian and approved and the books were ordered to be purchased. These include volumes on Canadian literature, sociology, history, travel, biography, reference and juvenile.

SEAL CATCH EAST COAST

NEWS OF NORTHERN B.C.

BURNS LAKE

Forest Ranger Walter N. Campbell made a trip to Fraser Lake last week on official business.

Fraser Lake is now free of ice and the Fraser Lake Sawmills are running at full blast in order to catch up with large orders for shipment.

James Baron has been appointed assistant forest ranger at Topley.

Burns Lake is free of ice now and boating is again the order of the day.

Eli Ferguson, Palling weather prophet, predicts that there will be abundant moisture this summer and that weather conditions will be propitious for the crops.

Miss Evangeline McCrea of Topley, who is recovering from a severe attack of rheumatism, is visiting here with Mrs. A. E. Kistock.

The Northern Garage has put in a filling station at the crossroads of Francois Lake and Endako highways.

Arrangements for the annual School Fall Fair here were initiated at a meeting last night in the Burns Lake school house.

Fred Fraser, government agent at Pouce Coupe, in a letter received here, states that settlers

are rushing into the Peace River district and that there is an unprecedented rush to file on land.

Forestry officials state that there will be rigid enforcement of the fire regulations in this district this year.

STEWART

Mr. and Mrs. A. Lindgard have been spending a few days in Prince Rupert.

Mrs. A. A. Frazier returned last week from a visit in California.

A new map of the Portland Canal district has been prepared by Dalby B. Morkill B.C.L.S. Mr. Morkill expects to be back in Stewart about the middle of the month.

F. C. Green B.C.L.S. expects to return to Stewart about the middle of this month and has a big season's work in hand.

P. S. Jack, local agent for Canadian National Railways, can now sell tickets for all stations east of Prince Rupert.

The provincial government has made a special grant of \$500 to meet a deficit in the operation of the Stewart Hospital during the month of April.

Matthew Little, well known mining engineer, returned to

Stewart last week from Victoria. A son was born recently at Nelson to Mr. and Mrs. L. T. Davis of Stewart.

Henry Brentzen recently found in the Babine Range a prospecting outfit which was left there sixteen years ago by Ernest Profit.

You can always depend on having interesting fellow passengers on the railways of Germany. Germans take twenty-three railroad journeys a year per capita, and only one-third have to pay full rates. The other two-thirds take trips for scientific, education and cultural purposes, or in some other way are able to take advantage of reduced rates.

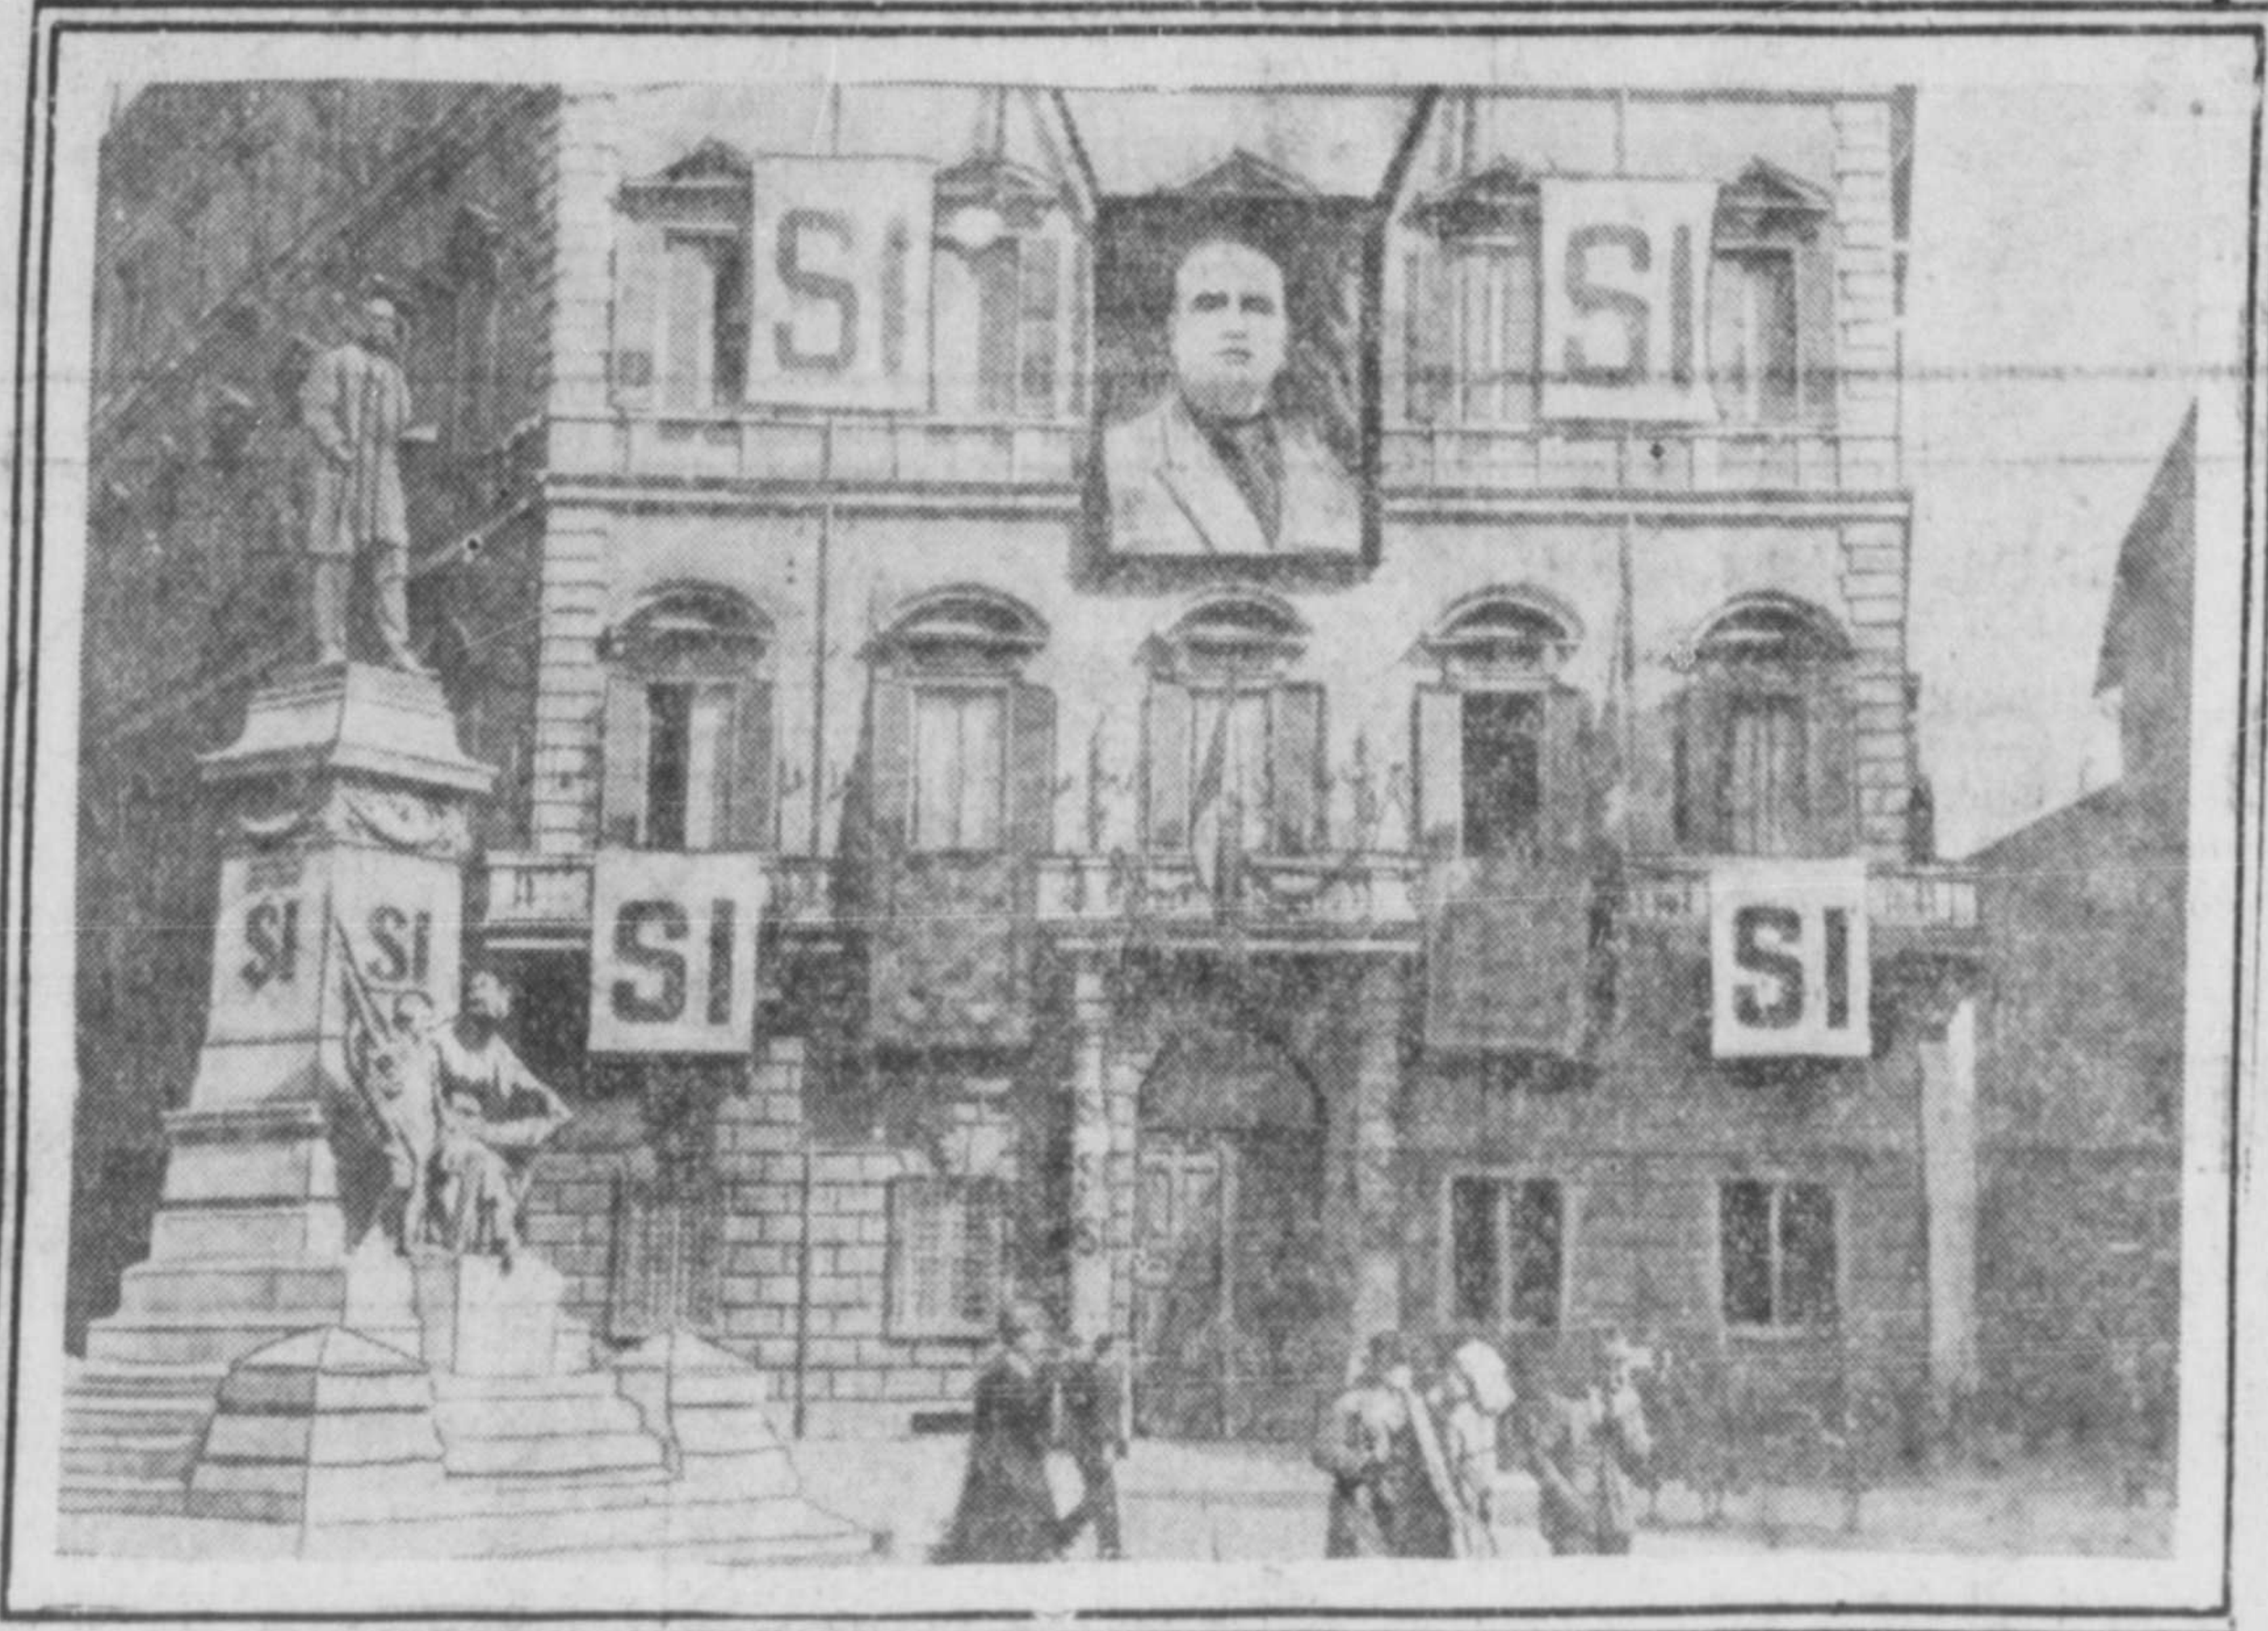

No jumpy feeling NOW when I drive through traffic

Nothing relieves tension so effectively as Wrigley's. The act of chewing, as motorists have discovered, has a gentle soothing effect. The healthful cleansing action of Wrigley's refreshes the mouth and steadies the nerves.

ELECTION DAY IN ROME

Propaganda for candidates running for office in Rome, approved by Premier Mussolini, spread over the front of public buildings throughout the city.

LOOKED FOR OIL ON NAAS RIVER

Report of Surveyor in 1914 Takes Prospector Into Remote Region of Aiyansh

S. C. Gordon, well known northern prospector, who was formerly engaged in ranching at Aiyansh and was at one time located at Alice Arm, arrived in the city on yesterday afternoon's train from Terrace. During the past three weeks Mr. Gordon made a trip from Terrace over the trail to Aiyansh, whence, in company with James Nick, who had traveled over the trail from Alice Arm to Anyox, he went on a trip 55 miles up the Naas River, past Cranberry and Cottonwood Creeks, to look into a report that was made in 1914 that seepages of crude oil had been encountered there.

The report to this effect was brought 15 years ago to Aiyansh by Ken Taylor, a provincial government surveyor, who lost his life in the great war. Gordon and

Nick prospected thoroughly over the country where the oil was supposed to have been located, but they failed to find any, and, judging from the nature of the country, are skeptical about it ever having existed.

Mr. Gordon sailed yesterday afternoon on the Catala for his home at Alert Bay, where he will spend at least part of the summer. He reported that spring has arrived in the Naas Valley and the weather in the hills was really warm. In the valley the snow has practically all gone, having disappeared weeks ago at Aiyansh, but there is still some on the hills. The country north of Aiyansh which he visited has seldom been penetrated by white men. There are some promising looking agricultural areas, with flat, clear meadows. The country is inaccessible, however, through lack of transportation.

Passengers going through to Vancouver from northern points on the steamer Catala yesterday afternoon included: T. Mochida, from Mill Bay; Miss Furlan and C. J. Fletcher, from Anyox, and G. A. Gorman, from Stewart.

News of the Mines

AROUND PRINCE RUPERT To Resume Development of Mona Mine, Near Burns Lake; Woodbine to Revise Finances; Silver Crest Capital Doubled

Active development of the Mona mine, about 10 miles south of Burns Lake, will be under way this month, it was announced. H. L. Batten, M.E., recently made an examination of the property and laid out a plan of development for the summer. The Mona was located in 1910 and development to date consists of open cuts and some tunneling. The ore is chiefly silver and values as high as \$79 per ton have been revealed. Veins appear to be parallel, striking northeast and carrying high gold and silver content. Work is to be continued on the main body of ore and steel tracks and dump cars will be purchased in order to speed up progress and allow trial shipments to be made this summer.

A general meeting of shareholders of the Woodbine Gold Mining Co., Ltd., will be held in Vancouver on May 15, when proposals for further financing will be dealt with. Representatives of the British shareholders will be in attendance. Complete reorganization of the capital structure is under consideration, much depending on results of first shipments to smelter. There are alternate proposals of converting common stock in the treasury to preference shares, increasing the capitalization of the company or issuing debentures.

It is reported that the Bayview Mining Co. may resume operations on its Portland Canal property this season. The company is reported to have ample funds on hand to continue work on this property as well as the Arlington group, near Nelson.

Silver Crest Mines, Ltd., has increased its capitalization from \$500,000 to \$1,000,000. Further financing was made necessary to complete the tramway at the Saddle property at the head of Hastings Arm and to extend the tunnel a further 230 feet to intersect the ore shoot exposed in the shaft workings, thus bringing the property to the productive stage. Negotiations are also under way by the company to purchase the remaining 30 per cent interest in the Saddle. Further money is also necessary to resume development of the company's property on Salmon River, Stewart. Operations of the company last year were confined to the Saddle property, where open cut work exposed the vein for 750 feet, ore averaging \$59.87 per ton. Work on the aerial tramway was carried on from May until fall when weather made necessary the suspension of work. The tram is all completed with the exception of the last tower and the unloading terminal and ore bins at the mine. The camp is well equipped. Development of the property at Stewart is also to be resumed this season. It adjoins the Silver Tip and Big Missouri properties.

Annual report of Bert F. Smith, assistant general manager of the Premier Gold Mining Co., on the property lends further light to a recent reported encountering of the vein on the Silverado property at Stewart. According to this report, the tunnel had advanced 412 feet by the end of last year and it was estimated that approximately 856 feet additional had to be driven before it could be expected to cut the first of the zones on the surface. "These new showings," said the report, "consisting of four or five mineralized shear zones closely grouped, show at one point on the surface an excellent grade silver-lead ore and good assays in other scattered locations."

The contract has been let to Patsy Hogan and associates for 500 feet of underground work in the Winkler tunnel of the Silver Tip property, near Big Missouri, at Stewart. The tunnel is now in 190 feet. A 200-foot cross-cut will be driven both ways to cut four different beds of tuffs under the surface, where work done last year exposed ore that assayed as high as 685 ounces in silver. The face of the tunnel is now in lead-zinc ore with good silver values. A three-horsepower engine and fan have just been installed and about 10 tons of supplies are being taken in by the Crawford Transport Co. There is sufficient

money in the treasury to complete the present plans.

W. B. George and P. Monckton, B.C.L.S., recently made a flight on the Yukon Airways & Exploration Co.'s plane Northern Light from White Horse to Telegraph Creek. After stopping at Telegraph Creek they continued overland into the Yukon district to investigate mining possibilities over certain areas. George will spend the summer in that district and plans on returning to Stewart in the fall over the projected railway route.

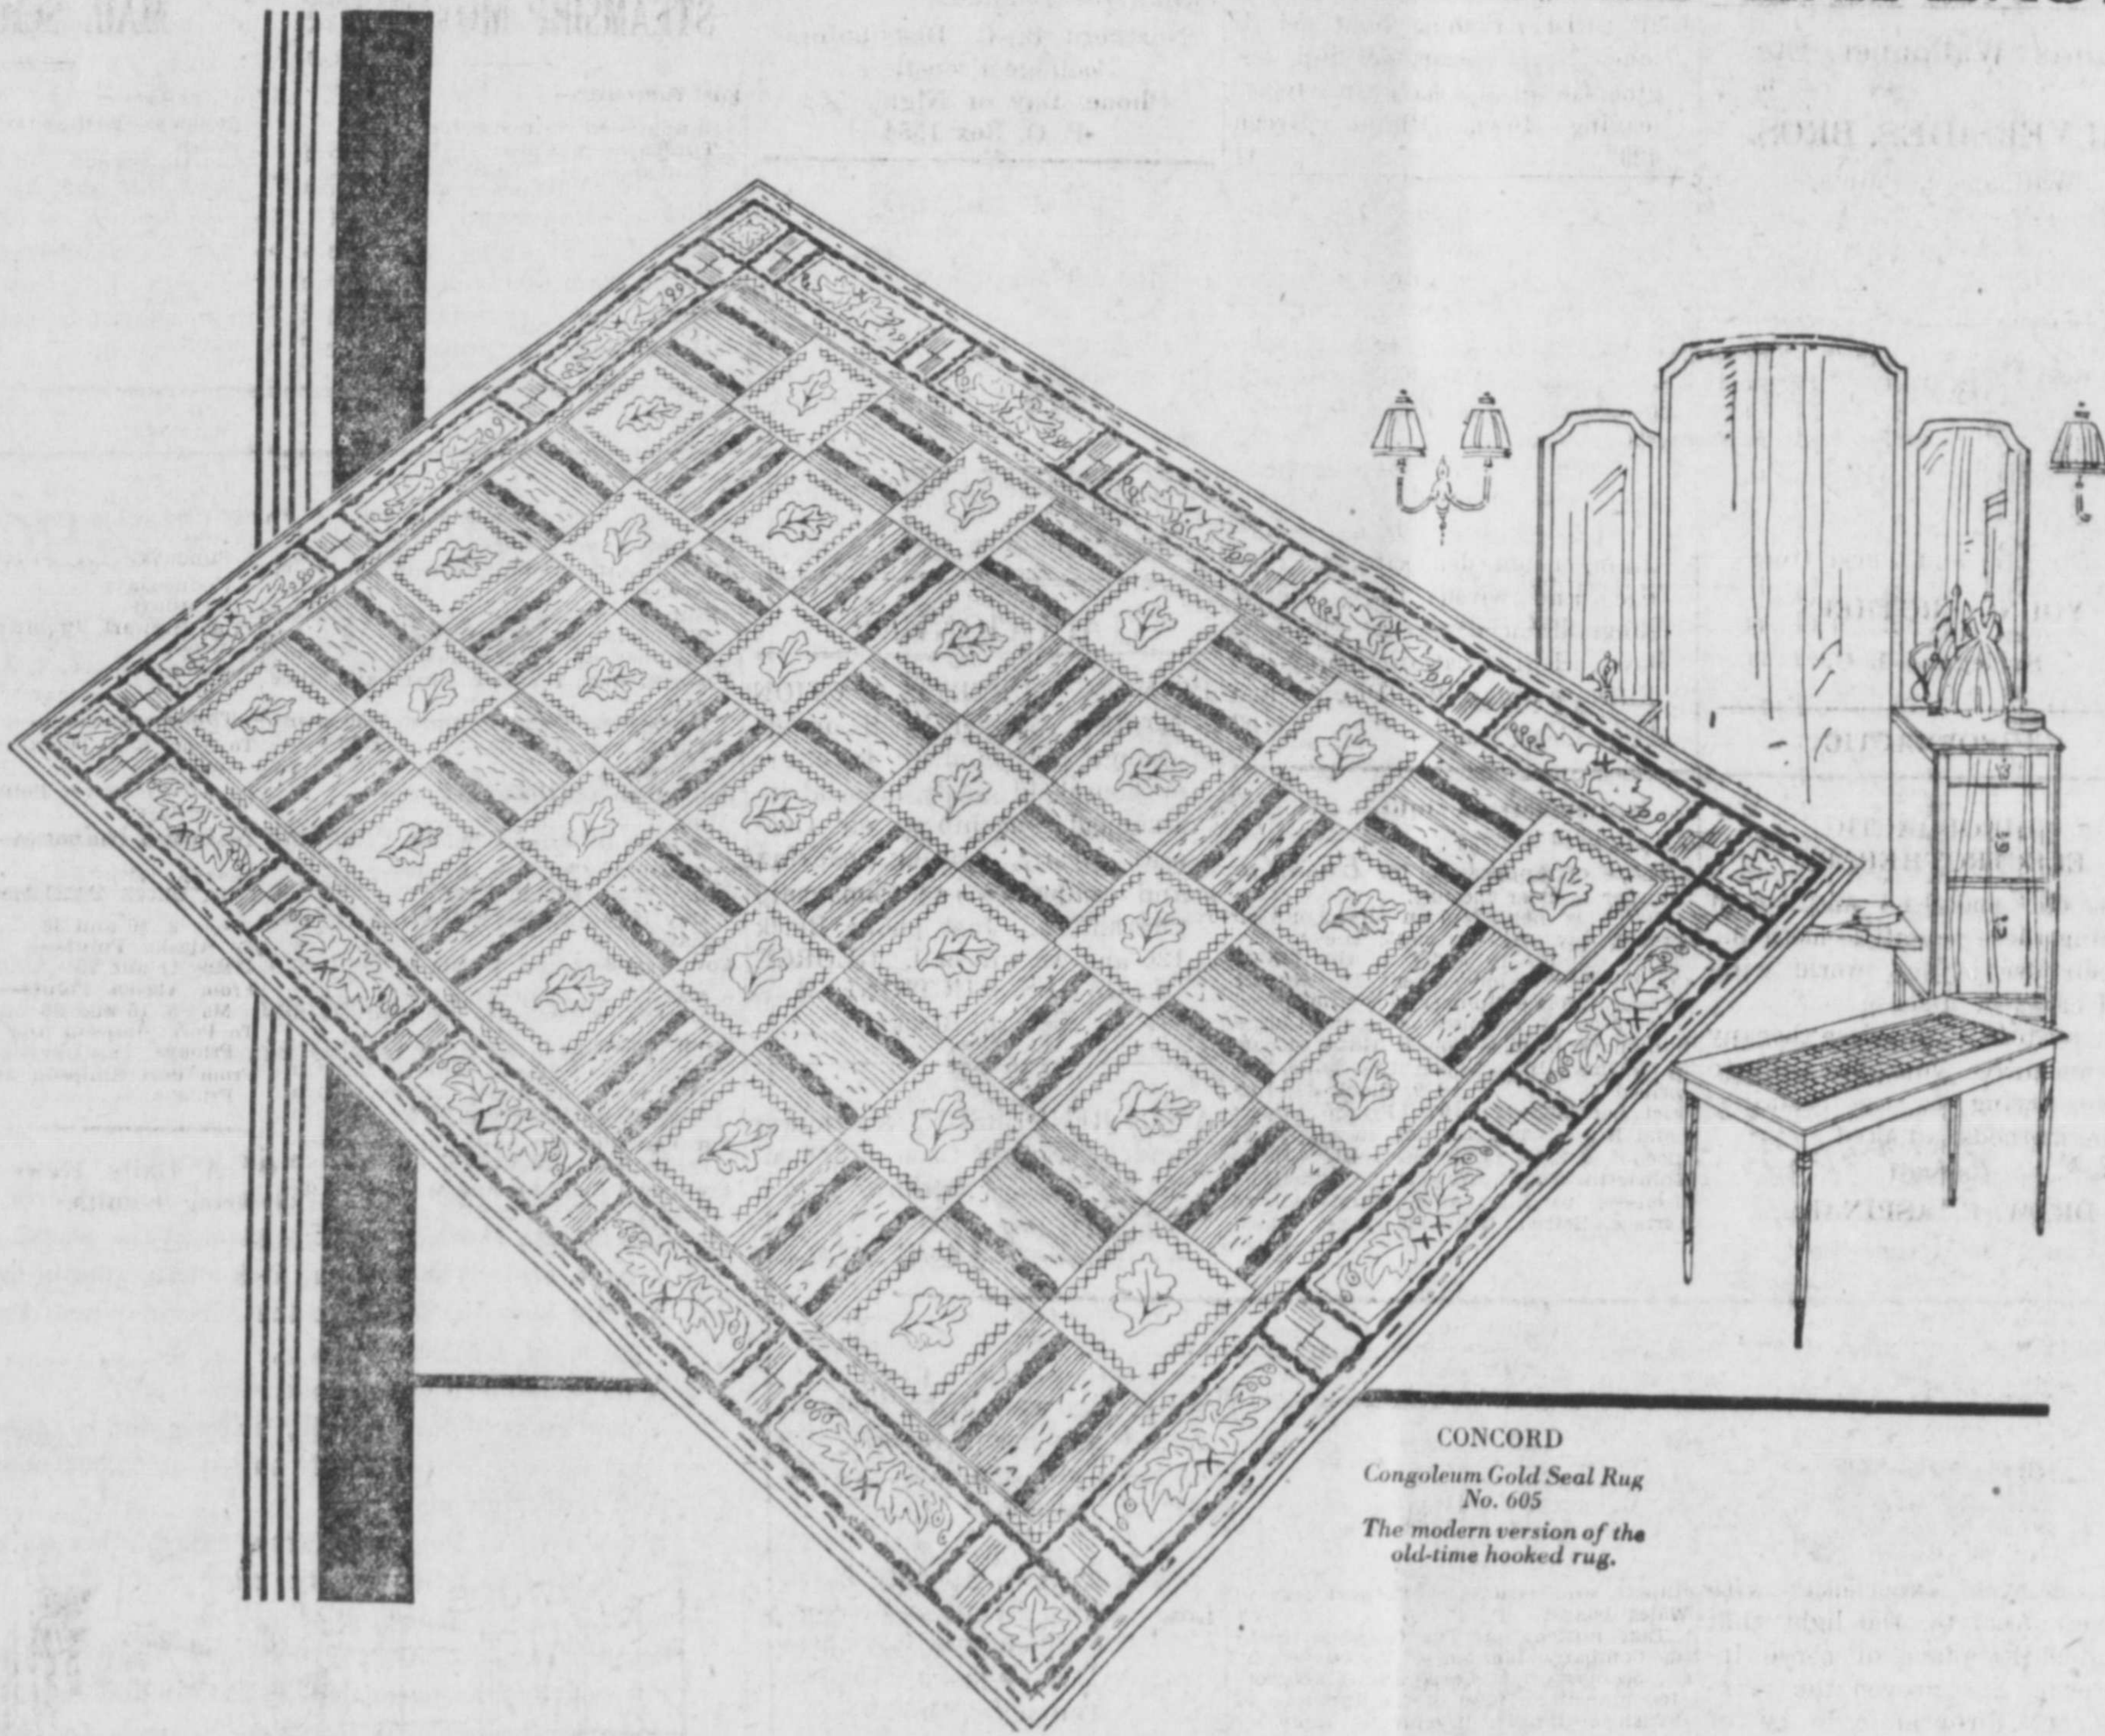

FAKE MEDIUM SHOWS TRICKS

NEW YORK, May 8.—Spiridistic tricks were performed recently by wireless, by Joe Dunninger, who makes a practice of exposing and duplicating the tricks of mediums.

Mr. Dunninger, who is the man of the science and investigation of physical research, catapalms to beat against a drumming made a skull's lower jaw move and down while encased in a glass box, caused writing to appear on two slates, a bell to be rung at a light to be turned on at will, and following additional stunts which a trumpet was blown without visible assistance and a pianoman moved up and down to rap a message from the ether. Dunninger disclosed his method, removing his coat and waist to reveal a series of batteries strapped about his waist, the controlling switches of which he had in his pockets. He explained that his apparatus was similar to miniature wireless sending and receiving end of which was contained in the base of the table on which were placed the slates to be controlled. A magnet in the receiving end of the set operated a piece of metal in the performer's object.

Mr. Dunninger repeated several of the experiments through a wooden wall from outside the room and added that if the sending apparatus were built up sufficiently a confederate could probably operate the set from a remote point. Mr. Dunninger said he knew of no medium who had employed wireless.

BRIGHTEN YOUR HOME NOW AT LITTLE EXPENSE

CONCORD Congoleum Gold Seal Rug No. 605 The modern version of the old-time hooked rug.

Visions of hoop skirts... curls... and the charm of spacious homes of Loyalist days... are brought to mind by the quaint pattern of this unusual Congoleum rug. The "Concord" revives the hand-made hooked rug in ultra-modern form.

Congoleum Gold Seal Rugs cost so little... and last so long. Wear-resisting... due to the new "Multicote" process... waterproof... and made in such a variety of attractive patterns. Orientals... florals... geometrics... brilliant colours and subdued effects... and the "Concord"... give wide scope for individual taste. A few dollars buys beauty for every room in the house.

Easy to clean... just a rub-over with a damp mop... and guaranteed. Every genuine Congoleum Gold Seal Rug has the Gold Seal on the surface... your guarantee of satisfaction and positive protection against inferior substitutes. Clip the coupon and send for the coloured pattern booklet. All the newest Congoleum patterns are shown in it.

How I Was Freed of Hemorrhoids

after 25 years of suffering

"I had protruding piles of hemorrhoids for over twenty-five years," writes Dr. H. S. Husell, Graduate Veterinary Surgeon, Upper Canada, N.B. "I bought medicines from all parts of the world and went under the knife twice—at Portland, Maine, and Sherbrooke, Que. I had spent hundreds of dollars and was about to go to the hospital at Campbellton, N.B., for another operation, but was in such a weakened condition that the doctor advised me to wait a few days.

"My wife happened to pick up Dr. Chase's Almanac and read about someone being freed of piles by using Dr. Chase's Ointment. I got a box, was so much better next day that I ordered three more boxes. In one week I was able to resume my practice. It is now four years since I have felt any effect of the piles, so I feel justified in believing the relief permanent."

Dr. Chase's Ointment is the standard, time-proven treatment for piles or hemorrhoids. Dr. Husell's experience is similar to that of many thousands of people who have been positively freed of piles by this soothing, healing, antiseptic ointment. All dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto, Canada.

Man in the Moon

Some people judge a party by the refreshments.

The dumb brutes shed their fur in summer, but the ones that continue to wear them are not dumb by any means.

Nature is in favor of war. Consider the bee that carries a weapon on all the time.

Women spend a good deal of their time preparing for the future life. They are continually hairing.

Sweetheart, darling,
Honey, love,
Like to angels
From above,
Won't you be
My honey bunch
Let me take
You out to lunch.

Ten Years Ago

in Prince Rupert

May 8, 1919

Lieut. Col. C. W. Peck V. C. and his men will arrive from the east on Sunday and proceed that night to Victoria. An elaborate civic reception is being prepared for them.

Mrs. Dalby B. Morkill will be soloist at a recital which is to be held tonight in the Westholme Theatre.

The Oddfellows' Lodge held a successful masquerade ball in St. Andrew's Hall last night. Prize winning costumes were worn by Mrs. Toomey, Dan Larsen and Mrs. I. Director. Arthur Brooksbank was master of ceremonies and Sol Musallem was cashier. Mrs. George Leek being in charge of refreshments. Judges were Mrs. A. Akerberg and H. F. Pullen.

REGINALD DENNY'S LATEST PICTURE IS SPEEDY FARCE

TWO ACTS OF VAUDEVILLE AT CAPITOL

"Charleston" Wright, Classy Step-Dancer Booked For One Week Commencing Tonight

Tonight's bill of entertainment at the Capitol will provide plenty of variation for in addition to Reginald Denny's new super picture "Red Hot Speed" and Ray Southard, "The Wandering Minstrel." Manager Art Easson has booked a very clever step-dancer in the person of "Charleston" Wright who comes highly recommended from the Capitol Theatre, Winnipeg. "Charleston" is as black as the Ace of Spades but he's "red-hot" when it comes to moving 'em feet around. "Charleston" calls himself "The Dark Cloud of Joy," which is just about right because he moves everything but his smile which won't wear off. Ray Southard, the other "black" man on the bill announces that he will sing tonight, "Ida, She's Sweet as Apple Cider" and "Lamb, Lamb, Lamb."

FORMER RUPERT MAN IS VERY MYSTERIOUS

An Eastern newspaper has the following in a recent number: "A mysterious Canadian has been tried at Meseritz, on the Polish frontier, on the extraordinary charge of trying to defraud an insurance company by putting three bullets into his own body and pretending that his wounds were the result of an attack by robbers. This man, who calls himself Eckoff, was sentenced to a year's imprisonment. A remarkable feature of the case was that one of the wounds if self-inflicted, could have been caused only by an expert contortionist. But among the many diverse callings said to have been practiced by the defendant is that of an 'Indiarubber man'."

"Red Hot Speed" is an Hilarious, Rushing, Headlong Comedy of Speeders and the Traffic Court

Without a doubt, "Red Hot Speed," starring Reginald Denny, at the Capitol Theatre tonight, is the funniest thing Carl Laemmle's favorite comedian has turned out for many months.

The idea of the picture is ingenious and entirely new for the screen. It's such an obviously clever idea that it's a wonder it hasn't been done before. The story concerns the misadventures of a young assistant district attorney attached to the speeder's court. He gets into trouble as a result of his public denunciation of a beautiful young speeder. The judge, possessed of a rare judicial sense of humor, paroles the young lady in his custody. There are lots of reasons why she doesn't want her father, a newspaper editor, to know that she was arrested, so she gives a false name.

Well, anyway, that gives you the idea around which Director Joseph Henabery has constructed a delightful romantic farce comedy. Reginald Denny is perfect in the part and Alice Day, as the youthful speeder, adds greatly to the attractiveness and humor of the photoplay.

SELLAR'S SPECIALS

- ORANGES—
Good size, 3 doz. \$1.00
Medium size, 2 doz.45c
Family size, 5 doz.95c
