

J. C. Brady in Speech at Ottawa Favors Closing Prince Rupert Against United States' Halbut

Discusses Budget and Comes Out Strongly in Favor of FLYING BOAT High Protective Tariff for This Country

OTTAWA, March 16.—Resuming the debate on the budget on Friday in the house of commons, J. C. Brady, Conservative member for Skeena riding, declared that the budget did not contain much meat for the lower paid class of workers in the Dominion. Canada was finding it more difficult to hold the nation-building value of her resources. Spent Last Night at Swanson In the nine months ending November 31 last Canada exported \$135,000,000 in either semi-raw or semi-manufactured iron ore products. During the same period importations of these items totalled \$437,000,000. That meant that from Seattle to Juneau whence

Jack Donnelly Who Was Found Dead Yesterday Escaped as by Miracle from Horrible Massacre

John (Jack) Donnelly winchman for the Booth Fisheries, and a resident of Prince Rupert for some 15 years, who was found dead in his cabin on the waterfront yesterday, having evidently suffered a heart attack, was the sole surviving member of a family in Bidulph County, near London, Ont., which 50 years ago was massacred by a vigilance committee which mistakenly searched the family home for a man who was not present. The deceased, then four years of age, saved his life by hiding under a bed.

In that pioneer agricultural district some one had been committing the offence of burn-"-

ing haystacks and maiming stock by cutting off the tails of the tails of the animals and otherwise abusing BROKE RECORDS them. The identity of the culprit became a mystery which the authorities could not solve, and finally, a vigilance committee was

essary for anyone bringing a libel suit to do so within three months after the event; and to give the newspaper an opportunity to retract if in error before suit can be brought and if a full retraction is made only actual and real damages may be claimed. The bill also makes law what has become a custom such as the right to publish reports of proceedings of legislative bodies, or government publications and the proceedings of law courts. It also provides for a judge asking security for costs in cases where such may seem necessary. This does away with the possibility of spite actions againt newspapers and is in line with requests made by publishers.

INHERITANCE TAX

The government is securing the passage of a bill in the legislature doing away with the tax on inheritances amounting to less than \$20,000. Possibly there is a good reason for this, but so far it has not become apparent. What is clear is that the government must raise approximately \$29,000,000 by taxation of various forms. One of these is the inheritance tax. When a man dies, a portion of his estate goes to the government. In Britain this inheritance tax is very heavy, but here it has never amounted to very much.

Those who inherit property or money have not earned it. It comes to them as a windfall and if they get \$15,000 instead of \$20,000 they have not lost anything. They only receive less than they otherwise would. It is different from a tax on income or industry. The ideal condition would be one where a large part of the estate after death reverts to the country or province, thus doing away with the advantage of accumulating. The danger of this is that it tends to exclude wealthy people from the province. If every country had the same inheritance tax, it would be a good thing to have it very high, especially on large estates. As it is, there is no tax which does so little injury to the individual as a tax on inheritance.

T. W. Brewer, who has been in was a novel and very interesting and method of planting bulbs for oyage?" w. J. MeCUTCHEON, DRUGGIST, charge of Forest Branch work in entertainment, there being a large early spring blooming was ex: "Well, mum," was Jane's reply, ORMES LTD.

VISITOR: "I think it's wonderful how you've worked for forty years and reared a family on fifteen shillings a week."

RUSTIC: "S-s-h-Not so loud, sir-she thought it was fourteen shillings and sixpence." -From Passing Show, London.

INVESTMENTS Head Office, Vancouver Block VANCOUVER, B. C.

TO OUR CLIENTS:-

When offering Reeves-McDonald to our clients last October we referred to the extraordinary success attained by Pend Oreille and predicted that Reeves-McDonald would prove to be of similar sterling calibre. This prediction has come true and many of our clients have made a lot of money. At the same time many were keenly disappointed in not being allotted the full number of shares applied for. Reeves-McDonald was oversubscribed several-fold. Added to the spectacular success of Pend Oreille and Reeves-Mc-Donald is Noble Five, which during the past few months has proven a sensational success.

Implementing our recent announcement, we are now presenting GALENA FARM CONSOLIDATED MINES LIMITED. The new company is a consolidation of the Galena Farm Mine and the Hewitt, both producing properties, together with the Hazard Group, which forms a connecting link and provides holdings of approximately 1000 acres extending for three and one-half miles along the proven ore-zone. A full description of the property, together with future plans of the company, was given in the March 15th issue of the Stock & Bond Report, a copy of which has just reached you.

Galen? Farm Consolidated operations will be under the direct personal supervision of Lt.-Col. H. H. Yuill, M.E., who as Canadian manager of the Victoria Syndicate, is playing an important part in the development of the mining industry in the Pacific Northwest. The directorate is in exceptionally imposing one, and includes, besides Col. Yuill: Charles B. Henderson, banker and former United States senator, San Francisco; W. T. Smith, director of Western Pacific Railway and Crocker First National Bank, San Francisco; W. L. Sheeler, M.E., who has been in charge of Galena Farm Mine and who will be closely identified with the new enterprise; and S. W. Miller, president of Miller, Court & Co., Ltd., Vancouver, B.C. With the combined experience and business ability of these men. the future of Galena Farm Consolidated is already assured.

In view of the heavy over-subscription of Miller, Court & Co., issues in the past, especially Reeves-McDonald, we strongly urge our clients to make application for shares in Galena Farm Consolidated without a day's delay. The issue of 400,000 shares at \$2.00 per share will be quickly oversubscribed and applications must be considered in the order received.

Story Told by Mrs. Barber at Missionary Meeting Proved Intensely Interesting

A wonderful story of experiences in the far north was told to the Baptist Women's Mission Circle at the home of Mrs. Judson Thurber last night, the president, Mrs. W. F. Price, presiding, when Mrs. Barber, wife of Corporal Barber of the provincial police, told of her trip to Fort Nelson and the life during the two years of their residence at that point. Corporal Barber was told to open up the district of Fort Nelson, 300 miles north of Fort St. John in the Peace River Block. The trip took four months and much of it was in winter when the thermometer was down to 50 degrees below zero. Mrs. Barber was the first white woman to visit the country and -she remained there with her husband during the two years he spent there. The story she told was full of thrilling interest.

Here's the magic recipe:

to Cake!

Change Bread [

Cut slices of day-old white bread 1/4 inch thick. Trim off crusts. Cut each slice into strips 3/4 inch wide by 2 inches long.

Spread these strips on all sides with Eagle Brand Sweetened Condensed Milk, covering bread well.

Roll strips in dry shredded cocoanut, broken very finz. Place in pan and brown very deli-cately on all sides under low gas flame, or toast on a fork over coals.

(Eagle Brand is a delicious blend of pure, fresh full-cream milk and finest sugar-velvet smooth and double rich-like heavy cream.)

ELICIOUS little cocoanut cakesmade from bread! You don't believe they taste like cake? ... They do! Like Angel Food Cake-creamily frosted-topped with the enticing crispness of delicately browned cocoanut. Try them! You can make them in less than ten minutes. They cost next to nothing ... This is the kind of recipe that comes along once in a blue moon!

Yours very truly, MILLER, COURT & CO., LTD. Per S. W. Miller.

Subscriptions for Miller Court's new issue will be received by us up to March 30th, on which date subscription list closes, in event of oversubscription shares will be issued on a pro rata basis. Applications and descriptive folders can be had on application.

Eagle Brand will cream-and-sugar your coffee deliciously-at half the usual cost!

Try Eagle Brand in your coffee. It costs only half as much as separate cream and sugar-and what rich creaminess, golden color and mellow flavor it gives! Remember, too, that coffee creamed with Eagle Brand is more digestible. It has been proved that Eagle Brand is easier to digest than any other form of milk or cream. Also, its food value is very great. It is rich in butter fat, in vitamins, in energy-producing carbohydrates. An important food!
