Lapointe Declaring High Tariffs Danger to Peace of World Quotes Findings of Economic Conference

OTTAWA, April 9. — A new note was struck in the budget debate yesterday when Hon. Ernest Lapointe protested against high tariffs on the ground that they endangered the peace of the world. The economic conference under the auspices of the League of Nations in 1927 found that international conditions would improve by removing trade barriers and the encouragement of the free circulation of the products of agriculture and industry, he said.

MORRISON IS CHIEF JUSTICE

Fisher Takes his Place as Puisne Judge of Supreme Court

OTTAWA, April 9.—An official announcement was made from the department of Justice today of the following appointments: Mr. Justice Auley Morrison as chief justice of the Supreme Court of British Columbia, and Alexander Fisher, of Fernie, as Puisne Judge of the Supreme Court. Mr. Justice J. A. MacDonald, under the statutes of British Columbia, becomes Chief Justice of the Province.

JAIL BECAUSE REFUSED OBEY

VICTORIA, April 9.—James Phoe Robert Sullivan and Pat Ward, three firemen on the steamer Canadian Seigneur, were sentenced to jail for two weeks' hard labor for failure to obey the command of Captain Fisher while the vessel was at sea. They refused to leave the lower bridge of the ship last Saturday night when ordered.

MIAMI, April 9.—The false bottom of a trunk landed here from Havana was found to contain very valuable diamonds and other jewellery apparently being smuggled into the country.

DISCOVERY WRECKED PASSENGERS SAFE BUT LOST CLOTHES

JUNEAU, April 9.—Passengers from the gas boat Discovery which was wrecked on Sunday night, are safe at Seldovia after taking to the lifeboats. Meagre reports here of the wreck said the passengers left all their possessions behind because of the haste in which they left the motorship. The Discovery struck a rock in Cook's Inlet early Sunday morning. She plies between Stewart and Iliamna and was commanded by Capt. Heidelberger of Ketchikan. The craft is 53 feet long.

AIRPLANE IS AGAIN REPORTED

Southern Cross Said to Have Been Found But Doubt Expressed

SYDNEY, N. S. W., April 9.—The airplane Southern Cross was reported by the Drysdale Mission Station in western Australia today to have been found on the coast 30 miles southwest of the station. A boat was standing by to take off the aviators, according to the mission report, which was forwarded by way of Derby. Caution in accepting this report, however, was urged by Captain Chater, who has been prominent in the search for the missing plane. He expressed some scepticism as to the authenticity of the message.

EVANGELIST'S MOTHER SUED

Damages For Breach of Promise of Marriage Claimed in Seattle Court

SEATTLE, April 9.—Another remarkable chapter in the history of Aimee Semple MacPherson and her mother Mrs. Kennedy was commenced yesterday when Mrs. Kennedy was made the defendant in a \$50,000 breach of promise case, damages to that amount being asked by a clergyman in this city. The filing of the papers in the local court caused a sensation here. The appellant is Rev. H. H. Clark, a middle aged Seattle clergyman of the Christian denomination.

The heart balm trial is likely to prove another sensation such as the defendant and her daughter the Los Angeles Tabernacle pastor seem to delight in.

DAWES MAY BE AMBASSADOR TO GREAT BRITAIN

WASHINGTON, D. C., April 9.—Although the White House is silent to inquiries, it was learned today that the name of Charles Gates Dawes has been proposed to the British government as ambassador to the court of St. James.

Canadiens Found Vancouver Hockey Team Easy Pickings Last Night

VANCOUVER, April 9.—The Montreal Canadiens last night defeated the Vancouver Lions 4 to 1. There was a capacity crowd of more than 10,000 persons who saw the contest.

The Lions scored in the first period. The Canadiens went into the lead in the second scoring two goals. In the third session the visitors had no trouble holding the Lions while they added two more counters.

CITY INDIVIDUAL BILLIARD MATCHES

William Mitchell and John May Enter Semi-Finals as Result of Last Night's Play

William Mitchell enters the semi-finals of the junior city individual billiard competition as a result of a close victory over C. L. Youngman last night in the first round. The score was 250 to 212. The high break of the match, which was close until it was made, was 42 which Mitchell ran toward the end of the game. Frank Aldridge was referee; R. Smith, marker, and J. Hillman, scorer.

J. May enters the semi-final as a result of W. E. Williscroft defaulting to him. Games in the first round of the junior competition tonight will be as follows: J. Hillman vs M. M. McLachlan; Bert Morgan vs Angus Macdonald.

Around The World With Sport Fans

The veteran J. B. Hobbs has made twelve centuries in test matches between England and Australia. Melbourne is obviously his favorite ground as he has made five on them there. After Hobbs' twelve centuries come the six by the late Victor Trumper, the world's greatest batsman in his day, and the idol of the Australian crowds, and the six compiled by Herbert Sutcliffe, the Yorkshire crack opening batsman. Hobbs' and Leyland's centuries brought the total number of centuries for the series to fifteen, which have been made as follows: England—Hammond, 4; Hendren, Sutcliffe, Hobbs and Leyland. Australia—Woodfull, 2; Hendry, Kippax, Ryder, Bradman and Jackson.

Members of the Toronto Board of education have expressed themselves in favor of boxing as a recreation for public school boys without, however, going so far as to add it to the curriculum.

It is not yet decided where the Wrigley Marathon swim will be held. Toronto is anxious to secure it once more, Chicago is making a big bid, Cleveland is advancing arguments and Vancouver hopes to get it. Some of them will be disappointed.

SEATTLE BEAT N. Y. AMERICANS

Sport Chat

Paul Waner, "Big Poison" of the Pittsburgh Nationals, was in uniform for the first time this year last Friday, when the Pirates met the Detroit Tigers in the second game of a three-game exhibition series. Waner has just signed a contract, after a conference with Barney Dreyfuss, president of the Pittsburgh club. He had been holding out for a bigger salary.

Grover Cleveland Alexander, in each of his 20 years in baseball, has won more games than he has lost and always had a better percentage at the end of the year than his club. His first engagement landed him with a tail-ender—Galesburg of the Illinois-Missouri league in 1909—yet he pitched .552 for that club. In two successive games that year—July 22 and 25—he did not allow a run, pitching a 2-0 no-hit game in the first and a 1-0 18-inning game in the second with 19 strikeouts. Alexander, at Syracuse in 1910, pitched 54 successive scoreless innings, his salary at that time being \$175 per month.

GRADS TO PLAY SEATTLE GIRLS AT BASKETBALL

EDMONTON, April 9.—The Grads basketball team is settling down to the steady grind which has for its object the retention of the International Championship—a title which they first won from the original Favorite Knits, of Cleveland, and defended successfully since that time. This time, the threat is from an entirely new direction—the Pacific coast—and the lassies who have the big Underwood Mug in prospect are the Gerald Cafe quintet, of Seattle, who have swept all opposition aside in their section of the States, and have also crossed the 49th parallel into British Columbia and returned with the scalps of the Meralomas, of Vancouver, dangling at their belts. The Seattle girls are coming on the sixteenth and their record of wins is an imposing one. Nothing would suit the fans of Edmonton better than to see some outside team live up to its advance record—and then some. The faithful followers of the hoop pastime who have journeyed out to the arena year after year in the hope of seeing a repetition of the nerve-wracking encounters between the Grads, the Chicago Brownies and the Cleveland Knits, are hoping that the Seattle aspirants will come within a point of knocking the Grads for a row.

M. C. S. destroyer Vancouver which included calls at Portland, San Francisco, San Diego, Magdalena Bay and San Pedro. He was away three months and reports having had a very enjoyable trip.

Sir Alfred Young, Chief Justice of the Fiji Islands, who has been spending several weeks in Victoria renewing acquaintances, has proceeded to England. Sir Alfred and his brother, Sir William Young, governor of the Falkland Islands, are cousins of George Bushby of this city. Sir Alfred entertained on two occasions while he was in Victoria in honor of Mrs. Bushby and her daughter, Miss Audrey Bushby, before the departure of the latter for England.

Len Bell, pioneer locomotive engineer on the railway out of Prince Rupert and now on a run out of Edmonton, paid a brief visit to town overnight and renewed a number of old acquaintances. He arrived yesterday afternoon and returned east this morning. Mr. Bell reports that it is expected to sell the seaplane Hazelton, which was formerly operated from Hazelton by the Railway Employees' Industrial and Development Association, of which he is head, and which has been lying idle for some time.

PAPER GIVEN BY CAPT. ANDERSON

Salvation Army Young People's Legion Had Interesting Meeting Last Night

At the regular weekly meeting last night of the Salvation Army Young People's Legion, a paper on "Young People" was read by Capt. E. Anderson, who treated her subject under four headings: 1, difficulties; 2, possibilities; 3, privileges; 4, influences. It was a very able paper and was followed by a general discussion.

There was a good attendance at the meeting, which was presided over by George Almon. Games and serving of refreshments brought the proceedings to a close.

M'ALLISTER SPOKE TO UNITED CHURCH Y. P. S.

The Young People's Society of the First United Church, George Stocks presiding, last night heard a paper by Rev. T. A. McAllister on "The Greek Conception of Life." It dealt with conditions as they existed about the fifth century before Christ, the speaker mentioning some of the features which might be emulated and also some of the limitations. A discussion followed.

POWER NEGOTIATIONS FINALLY SETTLED ON

Date of Transfer of Hydro-Electric System Set; Charges to Be Adjusted

On recommendation of the utilities committee, it was decided at last night's meeting of the city council that the transfer of the assets of the city hydro-electric system should be considered to have taken place on midnight March 21, on which day the total payment was received by the city from the Power Corporation of Canada, the agreement having been previously signed.

The chairman of the utilities committee was instructed to request the superintendent of the telephone department to take up with J. J. Little, manager of the Power Corporation, details of equipment of both departments, so that adjustment may be made on proper charges.

OBJECTION TO LURID TYPES OF MAGAZINES

Colored Supplements Also Come Under Ban of Educational Council

VANCOUVER, April 9.—Appeal will be made by the National Council of Education to Canadian newspapers to curtail the use of syndicate comics from the United States which feature crime, marital differences and violence as a step in the proposed endeavor to meet the challenge of what is considered the demoralizing influences of certain types of imported periodicals and newspaper feature services. A committee will be named by Dr. Leslie E. Piggeon, chairman of the morning session of the conference, and this body will bring back to a further meeting definite suggestions for action by the conference.

The main discussion of the morning centred about the flooding of the Canadian market with magazines of lurid type from across the border.

Fashion Fancies

For Winter Resort Wear the Calico Coat

Simplicity of line and gaiety of fabric design characterize the new fashions for summer and winter resort use. This is especially true of coats for wear with sleeveless dresses.

The model sketched here was introduced at Palm Beach recently, and is making a strong claim to popularity. It is of quilted calico in red and yellow, with a sprigged design. Quilted in yellow stitching, it would be especially chic worn over a yellow frock.

Have You a Scarf of Flat Fur?
 As substitutes for the popular fox, small scarves of fine, flat fur are being introduced. They must be soft and of such a quality as to facilitate draping. So far the favorites are galyak and Persian lamb.

IT'S AN ILL WIND

It's an ill wind that blows nobody good. Quite recently in Britain there was an epidemic of flu. The result was that a great many rich people died and the inheritance tax mounted to such an extent that Rt. Hon. Winston Churchill, chancellor of the exchequer, was able to declare a considerable surplus.

While in British Columbia the inheritance tax is being declared unjust and unwise, Britain is collecting four hundred million dollars from that source.

But Churchill found that there was a falling off in income from the tax on beer, wines and spirits. As a special despatch put it, "what the country gained by death it lost by sobriety."

INFLUENCE OF ONE MAN

As an instance of what one man can do if he really is in earnest in carrying it out is seen in the reform of the calendar movement which was originated by Moses Gotsdiner of British Columbia. He has convinced most influential people throughout the world that his calendar is the best that could be adopted and is now director of the fixed calendar bureau of the League of Nations. He predicts that the plan will be adopted within two years. It has already been approved by the assembly of the League of Nations.

The proposed calendar would divide the year into 13 months of exactly 28 days each with a year day which would be fixed as December 29.

CABARET AT SEATTLE MUST CLOSE AT NINE

SEATTLE, April 9:—The cabaret in the rose room of the Hotel Butler must in future close each evening at nine o'clock and remain closed until morning, is the decision of Judge Nederer.

The prosecution asked that the room be padlocked for a year because of the action of the management in allowing patrons to bring flasks with them and use them freely on the premises.

The judge in refusing the major plea said it seemed that all breaches of the law took place after nine o'clock. An appeal will be entered.

FRENCH TRAWLERS TO OPERATE NEWFOUNDLAND WATERS THIS SEASON

SYDNEY, N.S., April 5.—As a result of an experiment last summer by an independent company which sent a special trawler from France to test a scheme for landing Nova Scotian and Newfoundland fish in France in fresh condition, it was learned that the number of French trawlers operating off Nova Scotia and Newfoundland would be greatly increased this spring and summer.

The special trawler fished for 29 days on the Grand Banks of Newfoundland and in Nova Scotia waters, returning to France with the fish which were iced when caught. Examination of the steamer's cargo on her arrival found the fish to be practically as fresh as when caught. It was said that other French companies intended operating trawlers in the same manner this year.

AGRICULTURE in Canada . . .

CANADA'S greatest industry undoubtedly is farming. Man still finds one of his greatest rewards in planting seed and reaping grain. The farmer is now recognized by all classes of Canadians as the most important producer Canada possesses.

But, this recognition has come only after years of the most heart-breaking toil, and a personal and individual struggle with nature in her varying moods that has made the farmer the truly noble figure he is today.

Life on the farm has been rendered more agreeable since the introduction of electricity. This great force lights the house, the barn and the stables; runs the churns, thrashes the wheat, milks the cows and makes possible the telephone.

Electricity is the servant that never loses its temper, never resigns and never has to be discharged.

The Northern Electric Company manufactures and sells many of the adjuncts that lighten the work of farm life—cables, wires, telephones, electric ranges, electric washers, electric irons and many other units that make possible the application of electricity.

Radio Broadcasting

CHANGES ARE PROPOSED FOR RADIO CONTROL

Victor Radio Club Making Recommendations to the Commission on April 15

The local radio association has received a letter from the Victoria Radio Club enclosing a copy of their constitution and also a copy of the suggestion that club is making to the radio commission which sits there April 15. In the summary of the presentation, it is noted that radio broadcasting in western Canada is unsatisfactory in that, owing to the lack of quality in Canadian stations, people are forced to listen to United States programs. It suggests that conditions could be bettered by having Canadian stations owned or subsidized by the Dominion government.

It suggests that as the United States has monopolized the wave channels, leaving only six clear and six shared wave lengths for Canada, the only solution is to have a chain of six super-power Canadian stations with a minimum power of 50,000 watts operating on the six clear wave lengths. It also suggests the taking over of the Canadian National stations since they are at present holding the clear channels. The shared channels should be distributed among present broadcasters, the stations to have power not exceeding 100 watts and to operate dur-

ing the day only, or else when the key stations are not in use.

Each section of the country should be properly represented on the national programs.

Financing of the stations should be largely by means of licenses, which should be increased to \$2.50 with \$1 only for crystal sets. A minimum fine of \$25 should be levied on anyone one month or more in arrears in paying the license fee.

The use of oscillating sets on the broadcast should be prohibited and any such set be confiscated when found and the license of the owner cancelled.

An adequate system of inspection to be put in force for tracing interference, the inspectors to be given much more power than at present.

The final recommendation is that the manufacture, importation or sale of vibrating charges be prohibited, all electrical apparatus to be fitted with proper filter circuits for eliminating interference.

INTERVIEWED HEAD OF RADIO DEPARTMENT

Word has been received from the president of the Prince Rupert Radio Association, who is now in the south, that he has interviewed E. J. Houghton, superintendent of radio for the province at Victoria, and will report to the association later. He is expected home probably on Wednesday.

MORE PIANOS THAN EVER ARE MADE IN GREAT BRITAIN TODAY

LONDON, April 9:—Despite the popularity of the gramophone and the radio, the number of pianos manufactured in Great Britain last year was the largest recorded since 1913. The Federation of British Music Industries in its annual survey says this revival would seem to prove that gramophone and wireless music has stimulated public interest in music generally, with the result that there is an increased interest in the piano.

AMERICANS FOR ALBERTA LANDS

Advertising Is Bringing Results in Settlement of That Province

EDMONTON, April 9.—Stating that a large contingent of settlers will arrive from the state of Nebraska to take up land in northern Alberta, W. L. Stimsman of Max, Nebraska, accompanied by Mrs. Stimsman and three children, reached Edmonton on their way to High Prairie, where they will settle on the land.

The party arrived in a motor truck loaded with household equipment, and also sent forward two freight car loads of goods by rail. The car and effects were cleared through the customs office on Thursday, and the party will proceed to their destination by rail.

It was the intention of the new settler to make the journey by truck, but the recent snow has caused him to store it in Edmonton until the roads into the north are in better condition.

Mr. Stimsman is the first American settler to be cleared through the local customs this year, and immigration officials state that this season will see one of the heaviest influx of United States settlers in recent years.

According to Mr. Stimsman, the propaganda work that has been carried on by the publicity department of the department of agriculture has caused a large number of farmers to sell out their holdings throughout the middle west states and seek farms in northern Alberta.

News of the Mines

AROUND PRINCE RUPERT Big Finds on Owen Lake Property; Babine Bonanza Looking Good Under Development; Continuation of Ore at Topley Richfield

Operations to date on the property of the Owen Lake Mining Co. have disclosed no less than four surprise veins, these being parallel and evenly spread out with an average width of slightly over five feet. On each vein a small amount of drifting has been done to establish continuity. These veins were encountered in the course of the driving of a 7000-foot cross-cut tunnel to penetrate the entire Wrinch property and link up several veins, then continuing to prove at depth the rich outcrops on the Cole group. Backs and overheads indicate tremendous ore reserves which may be rapidly and economically developed owing to the favorable location of the property. A shaft is being sunk on promising ore on the Cole at the same time operations are proceeding on the Wrinch. Drifting has been carried out easterly and westerly with good ore all the way. It is understood that two of the largest mining companies in British Columbia are desirous of examining the Owen Lake property this season. The company's sawmill has resumed operations and will cut 300,000 feet of lumber for a big building program that is to be inaugurated. Many mine buildings and residences are to be erected. At present 51 men are employed at the mine. Construction of a road up the Morice River from Houston is expected to start soon. It is said that the Owen Lake property may ultimately rank as one of the largest mines in British Columbia.

As a result of important bodies of rich ore opened up in work now being undertaken, it is said that the Babine Bonanza property never looked more promising in its entire history than it does today. A small force has been carrying out work throughout the winter, operations at present being in charge of Charles Chapman. Main operations have centred on extension of the contact vein which has now been extended to over 200 feet, five feet of clean-silver-lead ore being penetrated since starting up the work. The present work is to link up with an earlier cross-cut and open up the huge ore zone which is known to exist in the area. A carload of ore from the Babine Bonanza is now at Telkwa awaiting shipment. Work in a shaft has also encountered some excellent ore and, with encouraging improvements in a number of workings during the past six weeks, everything is ready for the large scale operations planned by the company when they can get the machinery on the ground. It is believed that the provincial government can be induced to carry

out necessary improvements on the road which leads to the Babine Bonanza as well as other important properties in that section of the Babines.

Continuous ore for 100 feet in the north drift has been proven by work of the past few weeks at the Topley Richfield mine. This substantiates the high values in gold and silver shown by the diamond drill program of last summer. At no time in the course of extending this drift tunnel to link up the series of drill holes at depth has the tunnel been out of ore and the situation at the Richfield is said to be improving daily. At present the tunnel, which is run along the strike of the vein, is just at the second diamond drill hole. Some cross-cutting will be done at this point to determine the width of the vein. There are still the drill holes to be encountered, all of which showed ore with strong values. The tunnel will be continued well beyond the area of 1000 feet in which ore was located at depth by drills. With the good results disclosed by the present tunnel, it is said that rapid development of the property to the next stage of the company's plans is assured.

The Mohawk property, near New Hazelton, is looking more and more encouraging. The raise was recently completed and the tunnel has been going ahead at a good rate of late. It is reported that the ore in the face has increased materially and the outlook for the property is very encouraging.

Raymond Selye of Seattle has been awarded judgment in supreme court at Vancouver against A. A. McDonald of Usk and Albert John McDonald of Flat River, P.E.I., who have been ordered to transfer to the plaintiff the Shendam group of mineral claims near Usk. The action was for specific performance of an agreement entered into in 1926. The defendants retain 10 per cent interest in returns from the mine, which contains gold, silver and

PRINCE GEORGE

Another successful dance was held Friday night in South Fort George in aid of the community hall building fund.

Last Tuesday evening delegates to the teacher's convention were the guests of the Prince George school board at a reception and dance in the ballroom of the Prince George Hotel, the affair being a most enjoyable one.

Neil McBeath, a former resident of Prince George and employed by the Granby Co. at Anxox for seven years, paid a visit here last week while enroute on a trip east.

Rev. Peter Connal of the local United Church has started a series of sermons on letter box questions.

Mrs. George Caus of South Fort George died in a hospital at Edmonton last Tuesday after a brief illness. The body has been brought here for burial. Emil Caus, local trapper, is a son.

Robert McCombes and John G. McCombes, who are interested in the Duthie mine at Smithers, have been recent visitors here. They are planning a trip into the mining areas north from here.

Fred R. Murphy, official of the Shell Oil Co., announces that the company will open up here for business. It will be the third oil company in Prince George, Home and Imperial being already here.

AKIN TO THE LAW

A motorist was held up by a traffic policeman.

"What's your name?" demanded the cop. "Abraham O'Brien Goldberg," replied the motorist.

"What's the O'Brien for?" asked the officer. "For protection," replied Abraham.—New York Times.

The true purpose of a Budget

EVERY year you spend a large proportion of the money you get. So much for clothing. So much for shoes. So much for things to eat—for house furnishings, books and what not.

Here is the way to get the most for your money.

Keep a budget. Decide what you can afford to spend for each item, and hold yourself within this amount.

Then—to get the most for your budget money read advertisements carefully. The advertisements you read tell you what is newest and best. They give you the latest ideas and improvements. They help you to get more from each dollar you have apportioned in your budget—and so live better and dress better with the same income.

The true purpose of a budget is to enable you to spend wisely—and only by careful reading of advertising can you hope to accomplish this result.

Read advertising regularly. It points the way to better living.

Man in the Moon

Considering how many people there are in ruts it's a wonder the ruts are not too full for anyone else to get in.

The world is full of ruts my boy. Some shallow and some deep, and every rut is full of folks as high as they can heap.

Each one that's sprawling in the ditch, is growling at his fate and wishing he had got a chance before it was too late.

But here's the word of one that's lived Clean through from soup to nuts, The Lord does not send derrick round To lift folks out of ruts.

She—Did I ever show you the place where I hurt my hip? He—N-no. She—All right, we'll drive over there.

A special weather committee will meet at Little's cigar store this evening to decide what to do about it.

"Say, who was that peach I saw you with the other night?" "That wasn't a peach; she was a grapefruit." "Why grapefruit?" "Cause I squeezed her and she hit me in the eye."

IT is the double-richness of Carnation Milk which makes it so economical. So rich that it can be used in place of cream at one-third cream cost.

And it has the additional economy of keeping. None is wasted. It keeps several days after opening—indeinitely in the tin.

Carnation is just pure, fresh milk evaporated to double richness, kept safe by sterilization. Order from your grocer several tins or a case of 48 tins.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ont.

LINZEY SPEAKER AT MEETING LAST NIGHT

Addressed Fireside Club on Subject of Three Cities—Sodom, Capernaum and Prince Rupert

The principal feature of the monthly devotional meeting last night of the Fireside Club of First Baptist Church was an inspiring address by P. H. Linzey on the subject of "Three Cities—Sodom, Capernaum and Prince Rupert." Other items on the program were vocal solos by A. Hill-Tout, accompanied by Miss Aletta McKinley, and piano duets by Mrs. P. H. Linzey and Miss Aletta McKinley. Miss Agnes Dawson, the president, occupied the chair and there was a large attendance.

At the conclusion of the meeting, delicious refreshments were served by Mrs. Hill-Tout and Mrs. V. Houston.

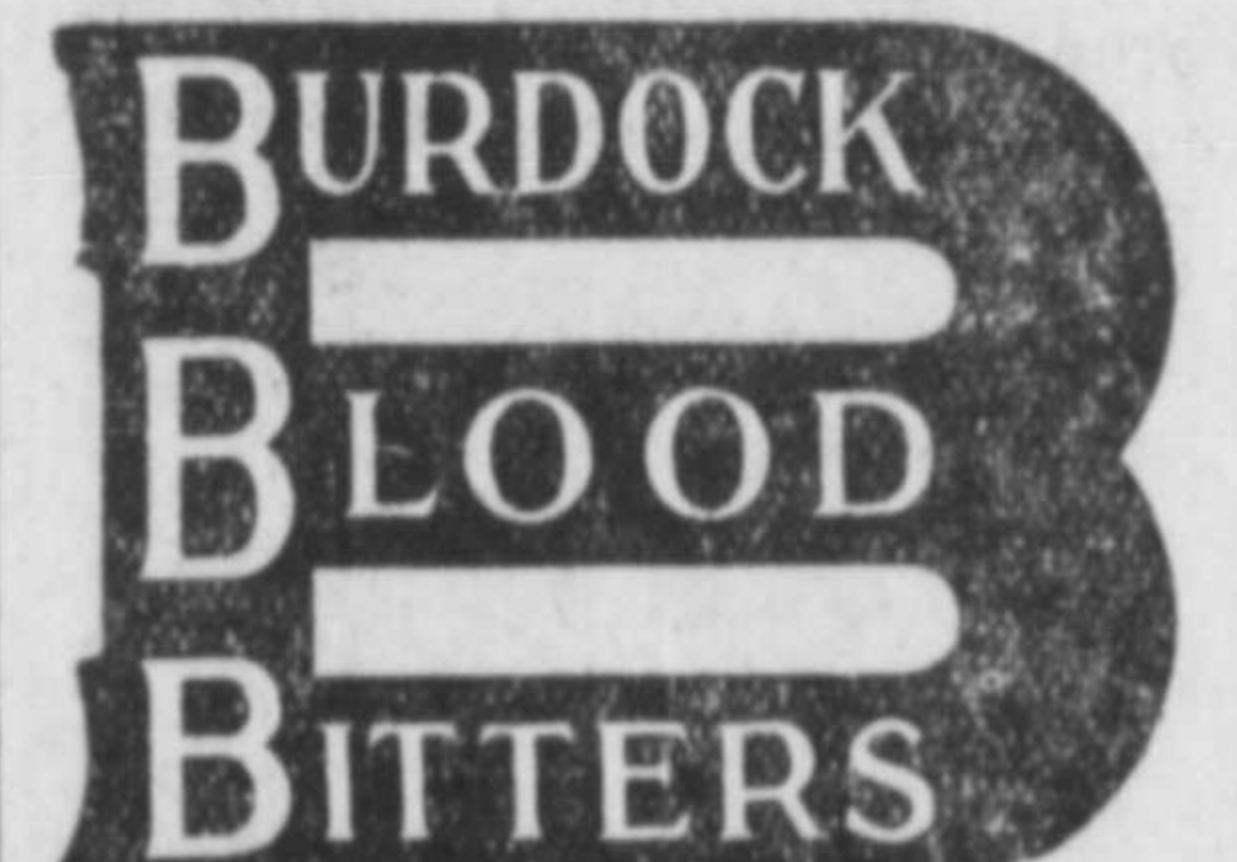

TWENTY YEARS AGO NEXT MONTH SINCE FIRST REALTY SALE

It will be 20 years ago next month since the first auction of Prince Rupert townsite lots took place here. The sale was held by the Grand Trunk Pacific Railway Co. in the office of the late David H. Hays, the same building which is now occupied by G. Percy Tinker and which then faced on Second Avenue. There was great competition, particularly for Section One property, and in many cases, probably the most of cases, more was paid for lots than can be realized for them today.

Making her first voyage of the season on the Skagway route, C.P.R. steamer Princess Alice is due in port tomorrow morning enroute to Skagway whence she is scheduled to call here south-bound next Sunday.

DAUGHTERS GIVE MOTHER BANQUET

Successful Affair Held Recently by United Church Canadian Girls in Training

The annual Mother and Daughter banquet of the Canadian Girls in Training of First United Church, under the leadership of the deaconess, Miss Eva B. Elliott, was held recently and was a great success. About forty-five persons were present, the mothers and presidents of every department of the church being guests of honor. Toasts were proposed to the various departments and responded to by the presidents. C.G.I.T. songs were also included in the program.

Miss Jean Smith acted as toastmistress. The toasts were as follows:

"To the King," proposed by Julia Thomas, responded to by Rev. T. H. McAllister.

"The Mothers," proposed by Maxine Hellbroner, responded to by Miss Barrie.

"The Church," proposed by Eleanor Tite, responded to by Rev. Alfred Wilson.

"The Sunday School," proposed by Edith Miller, responded to by Earl Barrie.

"The Guests," proposed by Linnea Hanson, responded to by Mrs. A. Wilson.

"The Women's Missionary Society," proposed by Elizabeth Wilson, responded to by Mrs. W. T. Kergin.

"The Ladies' Aid," proposed by Joan Arthur, responded to by Mrs. Frank Vickers.

"Junior and Senior Choirs," proposed by Connie Morgan, responded to by Miss M. A. Way.

"Mission Band," proposed by Jessie Brand, responded to by Miss Ruby Krikevsky.

"Young People's Society," proposed by Mabel Thompson, responded to by George H. Stocks.

"Trail Rangers," proposed by Evie Rivett, responded to by Bruce Stevens.

"Tuxis Boys," proposed by Helen Sim, responded to by Bob Irvine.

"Kindergarten Class," proposed by Beverly Jack and Nellie Gurvich, responded to by Miss Elliott.

Members of the C.G.I.T. who acted as serviteurs and assistants were Misses Florence Thompson, Margaret Van Cooten, Nellie Gurvich, Credwin Morgan, Phyllis Sloan, Annie Peotch, Minnie Fox, Dulcinea Guelpa, Ella Steen and Victoria Krikevsky.

Public Notice

Public notice is hereby given that I have been appointed a commissioner by the Minister of Marine and Fisheries of Canada to investigate and report upon whether or not it is in the public interest that trap nets for the capture of salmon should be authorized in the area in British Columbia that is adjacent to the northern boundary line between Canada and the United States.

A meeting of the commission will be held at Prince Rupert on Thursday, the 18th day of April next, at the Moose Hall, commencing at 10 o'clock in the morning.

All persons interested and who wish to give evidence relating to the matter so referred to me are hereby notified of the above sitting.

Dated this 4th day of April, 1929.
