## Terrific Storm Sweeps Ontario Damage Amounting to Million Dollars in Value is Reported

TORONTO, April 2.—The restoration of the crippled ines of communication last night brought report after report of damage done by a terrific windstorm Sunday. Indications are that the storm was one of the most vicious and widespread of many years.

Estimates of the damage compiled from fragmentary reports indicate that it may total a million dollars. Scarcely a town or city in the storm area escaped the severe damage to property, either through the flood of waters or the wind which approached a hurricane in force. Rain, snow and sleet accompanied the storm and temperatures fell rapidly to freezing point.

Though many persons received minor injuries, no deaths have been reported. The damage at Niagara Falls is estimated at \$100,000.

ST. CATHERINES, April 2.—The storm in Simcoe county is reported to have been the worst in memory of the inhabitants. Damage to the extent of \$50,000 was done at Port Dover harbor, the fishing docks valued at \$75,000 was also swept away and the dancing pier costing \$50,000 with all the concessions along the board walk were de-

All sections of the province told a story of widespread destruction and crippled communications. Early reports indicated the most havoc was in the Niagara peninsula. Trees were uprooted, roofs torn off and fences levelled all over the fruit belt.

Today the weather is fair and higher temperatures prevail.

## Schooner Doric Piled on Rocks at Kinahan Island Early Today

Inbound from the halibut banks with a load of fish, the Seattle halibut schooner Doric, Capt. O. B. Hanney, piled up on the rocks on Kinahan Island, near the entrance of Prince Rupert Harbor, in the blinding snow at 3 o'clock this morning. Early reports stated that the vessel was badly holed.

The Pacific Salvage Co.'s power tug Salvage Princess was sent out at 8 o'clock this morning to take the crew off the Doric and look into the possibilities of salvage. It was on a half flood tide that the Doris went up, so there is hope of the vessel being saved if she is not too badly damaged.

The Doric is one of the larger Seattle halibut schooners and was built only last year. She is a vessel of 47 net tonnage and carries a crew of 10

### ADVERTISING BY RADIO

It is suggested that it would be a wonderful advertisement for Canada if the federal government would install half a dozen powerful radio broadcasting stations at various centres in Canada which would send out all-Canadian programs and would not only supply the people of the sidered. country with the news of the day, but would also let the He dominated the whole house. people of the United States know that we are here and He was the one outstanding pertell them occasionally something about what we have sonality of the assembly. In the United States there are a number of big firms doing business from ocean to ocean and from Canada to Mexico. They can afford to put money into the big stations which we in Canada hear. The objection to them is that the entertainments are accompanied by advertising that sometimes proves objectionable. At any rate, it is not Canadian. If Canada led the way by installing a few large powerful stations, equal or superior to anything on the other side, it is possible that the American people, sion, when he exposed the governseeing the advantage of eliminating advertising from the ment's secret contract with a fisair, would follow Canada's example and instal state-owned cal agency to hand over the bond stations on the other side to replace those which now obtrude their advertisements on all and sundry.

"Merry Christmas" was the popular greeting on the street this morning as citizens plowed their way through four inches of "the beautiful."

He spoke as one having authority and he led his little band, dubbed his confident, clever, aggressive leadership with enthusiasm.

His tactics were politically sound and he proved himself a true leader of Liberalism in the best sense of the word. He was master of the situation at all times and he did not wait to find openings for at-

tack. He made them. From the third day of the sessales of the province to one group at a one per cent commission, he rose steadily in the esteem of the nembers and the public.

## DETERMINE THE WATER OF STREET WITH THE WOLLD

In value, Fisher Body superiority can be measured in actual dollars and cents. For instance, the upholstery cloth in any Fisher Body in a given price class is finer, more beautiful and more durable than the upholstery cloth in other bodies in that price class-and costs much more per yard. I Fisher uses finer carpets, genuine plate glass, more substantial roof construction and roof mate-

rials, sturdier frame construction, smoother steel paneling, richer, more beautiful finish, both inside and outside. In style, Fisher Body cars lead definitely in every price field. Fisher Body designs are fresh, authentic. Fisher designers are leaders in their professionfor Fisher, the world's largest builder of automobile bodies, is able to attract and does attract the best talent in the body industry. I You can obtain

Fisher Body style and value, of course, only in those cars included in the Fisher Body group listed below. When the time comes for you to buy your next car, be sure to inspect, first, the Fisher Body cars selling at the price you desire to pay. OFFICERS AND DIRECTORS EDSEL B. FORD, President

GEO. E. DICKERT, Second Vice-President WALLACE R. CAMPBELL, Vice-President and Treasurer P. E. MARTIN, Director

HENRY FORD, Director W. R. Campbell, Vice-President and Treasurer has submitted the following information:

Ford Motor Company of Canada, Limited was incorporated under the laws of the Dominion of Canada in 1911 with a capital of \$1,000,000.00, for the purpose of taking over a Company of the same name incorporated under the laws of the Province of Ontario in 1904 with a capital of \$125,000.00. In December, 1915, the capital of the Company was increased to \$10,000,000.00 of which \$7,000,000.00 was issued. In 1929 the shares were converted into no par value stock, each share of \$100.00 par value whether issued or unissued being converted into 19 shares of Class "A" stock and one share of Class "B" stock. The right to purchase two additional shares of Class "A" stock has been accorded the holder of each share of old stock of \$100.00 par value outstanding immediately prior to such conversion. Each original share in the old Ontario Company by reason of stock dividends and conversion is now represented by 1120 shares of the present capital stock of the Company, (1064) "A" and 56 "B"). The Company has no funded debt, or no securities ranking in priority to the shares now issued. The Company holds a contract with Henry Ford and Ford Motor Company of Detroit, dated the 10th day of August, 1904, whereby it obtains the benefit of his and its patents and inventions. Production at the present time averages in excess of 600 motor units per day, which constitutes a record in the history of the Company's operations.

FIELD OF OPERATION Ford Motor Company of Canada, Limited has exclusive manufacturing and selling rights of Ford automobiles and trucks throughout the British Empire, with the exception of Great Britain and Ireland. The Company's Head Office and Factories are located at Ford City, Ontario; Factories cover a ground floor space of 48 acres, and the Company gives employment at the present time to 8800 men. Branches are maintained at St. John, Montreal, Toronto, London, Winnipeg, Regina, Calgary, and Vancouver. The Company owns all the issued Capital other than Directors' qualifying shares of the following affiliated Companies: FORD MOTOR COMPANY OF MALAYA, LIMITED FORD MOTOR COMPANY OF SOUTH AFRICA, LIMITED FORD MOTOR COMPANY OF INDIA, LIMITED

FORD MOTOR COMPANY OF AUSTRALIA (PTY), LIMITED FORD MANUFACTURING COMPANY OF AUSTRALIA (PTY), LIMITED Messrs. Clarkson, Gordon, Dilworth, Guilfoyle & Nash of Toronto, the Company's Auditors, certify the following Balance Sheet as of December 31st, 1928, after giving effect to (a) the conversion of the old shares into shares of no par value on the basis of twenty new shares for each old share, (b) the sale of 30,000 "B" shares and 370,000 "A" shares, and deducting all fees and expenses in connection with the issue and sale of these shares and the re-adjustment of the Company's capital

structure. They also certify the earnings as shown below:

CURRENT OPERATIONS

Production of Model T Automobiles and Trucks was suspended in May, 1927 and quantity production of Model A was not reached until late in the year 1928. After following the Company's usual policy of making full provision for the cost of tools, dies, etc. required for the production of Model A, and after setting up the regular depreciation on all the assets of the Company, operations for the year 1928 showed a loss of \$4,583,487.74 less dividends of \$1,182,836.21 received from Subsidiary Companies.

W. R. Campbell, Vice-President and Treasurer states that the operations for the months of January and February, 1929 according to statements prepared by the Company's own Accountants, show net profits after depreciation in excess of \$1,500,000. From present indications the

These do not include Dividends received from Subsidiary Companies of \$144,950.00 in 1927 and \$1,182,836.21 in 1928. Clarkson, Gordon, Dilworth, Guilfoyle & Nash, Chartered Accountants.

## SOCIAL GATHERING BY MISSION BAND

Happy Affair Took Place Yesterday Afternoon in First Baptist Church

A delightful social gathering was held yesterday afternoon by the Senior Mission Band of First Baptist Church. A musical program consisted of piano solos by Misses Catherine Watson, Eileen Hamblin, Catherine McMeekin and Aletta McKinley. There was also community singing and games. Refreshments were served by Mrs. W. F. Price and Miss Aletta McKinley and a very happy time was spent by all present. S
