Antitoxin for Diphtheria is Being Carried to Two Northern Forts by Airplane Leaving Edmonton

EDMONTON, Jan. 2.—A Logan, Hudson's Bay factor of Fort Vermillion, is dead, and an epidemic of diphtheria is raging at Fort Vermillion and Little Red River Fort. The message was dated December 18 asking for help and brought by dog team from Little Red River to Peace River and wired from there. No details were given, but an airplane is leaving Edmonton today with a large supply of antitoxin which is expected to arrive at both forts Thursday.

CHANGES IN CONSTITUTION

Committee to Bring Important Matters Before Next Imperial Conference

LONDON, Jan. 2. — The remaining anomalies of Dominion statutes are to be considered by an expert committee representative of Great Britain and all the Dominions at a date yet undecided. It will be affected largely by the political situation here, but preliminary steps with a view to the committee's formation are understood to be underway. The idea is that the committee, which will consist of recognized authorities, will explore the situation thoroughly, making recommendations for the next imperial conference in 1929. Questions to come before the committee are existing statutory provisions requiring the reservation of Dominion legislation for the assent of His Majesty or authorization of the disallowance of such legislation; the present positions as to the competence of the Dominion parliament to give its legislation extra-territorial operation. Also the practicability of giving effect to the principle that each Dominion parliament should have power to pass extra-territorial legislation ought to be repealed or modified in the light of the existing relations between various members of the British commonwealth. It is unlikely the committee will begin work before the fall.

LEGISLATURE OPENS SOON

Government Working On Legislation to Be Submitted at an Early Date

VICTORIA, Jan. 2.—Preparations are being made for the opening of the legislature on Tuesday of next week. Premier Tolmie and his cabinet are busy preparing government bills for submission to the house. Some of these will be laid before the Conservative caucus as soon as the legislature assembles and will be passed on by them before being brought down. The general impression here is that T. D. Pattullo, member for Prince Rupert, will be leader of the opposition.

EFFIE MORRISSEY SAFE IN NEW YORK

Word has been received in the city of the safe arrival in New York on New Year's Eve of the auxiliary schooner Effie M. Morrissey, Capt. Robert Bartlett, which made a trip to the Arctic regions during the past summer with the Stoll-McCracken expedition. The vessel left here about October 20 for New York. Capt. Bartlett reported that all on board were well.

REVENUE FROM CUSTOMS LESS

Customs and excise collections at the port of Prince Rupert for the month of December amounting to \$13,509.47 brought the total for the year 1928 up to \$274,880.67 as compared with \$336,319.97 for the year previous.

EX-SALVATIONISTS ARE GIVEN DINNER

A supper was held last evening in the Salvation Army citadel for ex-salvationists, about twenty persons being present. After the dinner, there was a business discussion with a view to bringing about better harmony among the former Army soldiers. A recreational period followed this discussion.

SALVATION ARMY LEGION OFFICERS

The Salvation Army Young People's Legion met Monday night to discuss and prepare for the coming year. The new officers elected were as follows:
President—L. Pierce.
Secretary—Captain Anderson.
Treasurer—Mrs. Kerr.
Chaplain—D. Smith.
Arrangements were made for the month as to who was responsible for refreshments and games. Basketball was also discussed and it was decided to wait till next week and then arrange the teams.
A letter was read and passed to be sent to the absent members, asking them to join again, and the Legion is looking forward to a good year.

DR. MACLEANS POSITION

OTTAWA, Jan. 2:—The announcement from Victoria that Dr. J. D. MacLean has accepted an important post under the Minister of Finance has given rise to a rumor that he will be appointed first chairman of the new Farm Loan board.

General Meeting of the Radio Association will be held in the City Police Court on Friday, January 4.

LIFE TERM FOR MURDER

Mrs. Northcott Goes To San Quentin Following Sentence

SAN QUENTIN, Cal., Jan. 2.—Shielding her son to the last and picturing his accuser, Sanford Clark, as a "dirty rat, who ought to get it," Mrs. Sarah Louisa Northcott entered San Quentin penitentiary yesterday under sentence of life for the confessed murder of Walter Collins. She seemed relieved at the result of her confession on Monday. Following her confession and sentence at Riverside, Mrs. Northcott attempted to strangle herself with a towel in the county prison, but was overpowered by Mrs. Sweeters, wife of Sheriff Clem Sweeters.
"I got a square deal," the prisoner told the newspapermen, "if they will just be good to my boy; if they just won't hang him."

RE-ELECTED MAYOR

TORONTO, Jan. 2:—Samuel McBride was re-elected mayor of Toronto on Tuesday over ex-aldermen Brook and Sykes.

GOUIN IS NEW LEUT. GOVERNOR

Gets Appointment for Quebec Following Active Political Life

OTTAWA, Jan. 2.—Sir Lomer Gouin has been appointed lieutenant-governor of Quebec, effective January 19, it is announced.
Sir Lomer was premier of Quebec from 1905 to 1920, when he resigned undefeated. He then took an interest in federal affairs and became minister of justice under the King administration and represented Canada at the Geneva conference. He resigned his portfolio in 1924, but kept his seat in the house.
Sir Lomer is one of the type of strong silent men. One of the well known statements attributed to him is the following:
"May I tell you that my compatriots are a sober, thrifty and honest race; that if they are jovial and relish a good laugh, they are also laborious and singularly well disciplined, and that they bear an innate respect for the laws and institutions of their country. They stand at all times for law and order, and no socialist theories, however alluring, could ever appeal to them."

Worst Believed to be Over in Sickness of King George Who Still Steadily Is Improving

LONDON, Jan. 2.—There was an optimistic note in today's news regarding the King's condition. In spite of a restless night he has retained improvement, it was reported last night, but progress is necessarily slow. It is understood that a new calcium treatment for toning up the blood is being continued and further benefits from it are hoped for.

Sir Joynson Hicks, home secretary, announced today that before leaving for southern France he believed the worst over and he feels free to take the trip after a consultation with physicians.

This morning's bulletin states: "In spite of a restless night, the condition of the King remains unchanged from last evening."

LONDON, Jan. 2:—The King's doctors at 3:15 p.m. said the King had had a restless day and there was a slight improvement in his general condition. The administration of calcium based on the chemical examination of the blood is producing beneficial results. This was signed by Sir Kenneth Digby, Dawson and E. C. Dodds.

This evening's bulletin reads: "The King passed a good day and there is a slight improvement in His Majesty's condition."

FIRE LOSS IN 1928 WAS LOW

Only About Ten Per Cent of Damage Done in 1927; More Calls, However

The sum of \$25 would cover loss which was caused by fire in Prince Rupert during the month of December when seven alarms were turned in, all conflagrations being of minor nature. Fire loss for the year 1928 is estimated at \$820.50 as compared with \$7,214.98 in 1927 when the chief cause was the destruction of C. N. R. Wharf shed No. 1.

QUIET WEDDING ON NEW YEAR'S NIGHT

Miss Margaret Jones United in Marriage to Leslie Horning Last Evening

A quiet though interesting wedding took place at 8 o'clock last night in the United Church parsonage, Rev. Alfred Wilson officiating, when Miss Margaret Ann Jones was united in marriage to Leslie George Horning. Witnesses of the ceremony were Miss Jean McKinley Redpath and John Ellis Morris.
The bride has for many years been a member of the Boston Cafe staff and is popular among many friends. The groom is butcher for the Mussallem Grocery. Mr. and Mrs. Horning leave this afternoon on the Princess Mary for a honeymoon trip to Seattle.

Ward Heeler—You promised me a job.
New Mayor—Well, I told my secretary to give you one.

Ward Heeler—But he wanted to put me to work!—The Worker.

WALLACE DIES AT VANCOUVER

Man Who Completed Steamers Here and Headed Vancouver Concern Passed Away

Word has been received in the city of the death last night at Vancouver of Andrew Wallace, founder of the Wallace Shipbuilding and Drydock Company. Mr. Wallace is known in Prince Rupert because of his activities here in completing two steamers for the Canadian government, which were partly built by Newman Erb of Ann Arbor, Michigan, who failed to go through with the contracts. He finished the work promptly and satisfactorily and later made an offer to take over and operate the shipyard here, but could not come to terms with the government.
Mr. Wallace was born at Brixham, Devonshire, England, in 1864.

FOUND STILL WAS KILLED

Mounted Policeman Lost Life Result of Wound Received in Struggle

WINNIPEG, Jan. 2:—While visiting the farm of William Eppinger, pioneer farmer of Molson, 38 miles east of here, Monday morning in search of an alleged still, Sergeant R. H. Nicholson of the R.C.M.P. was wounded in his side while struggling with Eppinger for the possession of a gun and died seven hours later due to a clot in the brain the effect of the nervous shock and exposure.
Eppinger escaped but was captured by a posse on Tuesday morning and held on charge of causing the death of Nicholson. Following the shooting it was discovered that Eppinger's alleged still had been dismantled.

MRS. M'INNES 101 YEARS OLD

VANCOUVER, Jan. 2.—Mrs. Martha MacInnes, widow of Dr. Thomas R. MacInnes, former lieutenant-governor of B. C., died at New Westminster on Monday night in her 101st year, following an attack of pneumonia. She and her husband came west in 1874. Former county court Judge W. B. MacInnes is their son.

BASKETBALLERS OFF FOR ANYOX

Senior Men's and Ladies' Select Teams to Play Games at Smelter Town

An all-star senior league basketball team left early this morning aboard the halibut boat Takla for Anyox to meet smelter town players in a series of games tonight and tomorrow evening. The players making the trip are Dido Gurvich, Bill Lambie, Bill Mitchell, Spiro Gurvich, Poli Howard, Eddie Smith and Tom Kelsey. Among those accompanying the party are F. W. Allen and Dick Woods, officials of the Prince Rupert Basketball Association.

A select team representing the local Ladies' League will go north on the Prince Rupert tonight to play a game tomorrow night, returning home on the same steamer Friday morning.

The lady players going to Anyox will be Miss May Thompson, Miss Lillian Lowe, Miss Nellie Gurvich, Miss Helen Sim, Miss Evelyn March and Mrs. George Hills.

A return series is being arranged to take place here next month.

SPORT CHAT

With Christmas and New Year festivities now over, winter sports will soon be getting under way again, and, in the various lines, some rather interesting contests are being anticipated. It may be a couple of weeks, or so before the basketball leagues start up again owing to the inability to adequately heat the Exhibition Hall for the comfort of the fans. Whether or not the badminton league games will be resumed has not yet been decided. Some of the other clubs feel that, from now on, they would be able to give the Prince Rupert club a better run now than they did before Christmas. The scheduled for the second half of the Cribbage League should soon be forthcoming. The team coming at the top between now and spring will meet the Prince Rupert Hotel, winner of the first half of the season, in a post-season play-off to decide the city championship. The Whist leagues will soon be resuming activities again as well as the first and second division billiard leagues.

Tex Rickard says Stribling would make a fine champion to take Tunney's vacant place, writes Bob Edgren. He says he isn't sure but that Stribling is the best heavyweight in sight. Tex would like to think so. Stribling is a handsome fellow with nice manners outside the ring, almost as good looking as Tunney, and much more gracefully built. He'd be a pretty champion. Has color, too. Always had color. Stribling's parents were trapeze acrobats. He and his brother grew up in the circus, doing a kid boxing stunt. He developed like a Greek athlete. There's no finer physical specimen, of his weight, in the ring. He made a tremendous hit in New York right after jumping into fame by fighting Mike McTigue at Columbus, Ga., when Mike was light-heavyweight champion.

RECORD SCORE TEST MATCH

MELBOURNE, Australia, Jan. 2.—Walter Hammond, great Gloucestershire batsman, playing Wednesday in the first English innings in the third cricket test match against Australia, completed 200 runs before being dismissed. As he scored 251 runs at Sydney, he thus creates a world's record in international cricket by making two successive totals of 200 each in test matches.

VICTORIA LOST HOCKEY GAME AT NEW YEAR

VICTORIA, Jan. 2.—Goals by Beatty in the first period and McAdam and Bennan in the second gave Vancouver a three to one victory over Victoria on New Year's afternoon.
Runge scored Victoria's goal in less than two minutes after the start of the game. Captain Bill Borland of the Cubs was cut by a skate in the second period when he went down while checking Beatty and had to have six stitches in his forehead. He was out for the rest of the game.

CLUB DANCE VERY SMART

Gay Affair Given New Year's Night at Prince Rupert Club

The Prince Rupert Club was the scene of a gay dance New Year's Eve, about forty couples taking part in the festivities there. The affair was in the hands of a committee consisting of Colonel Nicholls, F. E. Robertson and Percy Tinker. W. O. Fulton was master of ceremonies and Smalls' five-piece orchestra provided excellent music.

The rooms were very tastily decorated, this work being in the capable hands of W. H. Tobey, Lionel Holtby, Mrs. Fulton, Mrs. Thomson, Mrs. Holtby, Miss Norah Carter and Miss Rivett.

Refreshments were served after midnight, the tables being very pretty. The committee in charge of this department consisted of John Dore, B. J. Meliish, D. Thomson, J. A. Pillsbury, C. C. Mills, P. M. Ray and J. W. Scott.

All the ladies were presented with souvenir spoons and natural rosebuds very tastily wrapped. Dancing was kept up to a late hour and all much enjoyed the occasion.

NEW YEAR'S EVE JAMBOREE HELD

Large Crowd in Attendance at Frolic, Banquet and Dance by Elks' Lodge

The Capitol Theatre was practically filled on New Year's Eve for the midnight frolic under the auspices of the Elks' Lodge. A good program of vaudeville was rendered during the hour around midnight and many novelties went to heighten the enthusiasm.

After the show a banquet was held in the Boston Cafe with 300 persons in attendance. This was followed by a lively dance which was in progress until 4:30, splendid music being furnished by the Prince Rupert Capitoliens. Mike Budnich and Kenny McQuaig were masters of ceremonies and other members of the committee responsible for the success of the evening's proceedings were Eddie Clapp, W. D. Vance and Art Eason, manager of the Capitol Theatre.

HOW GIRLS WON AT BASKETBALL

In a fast, hard game Rupert High School girls won 17-9 from Anyox in the final game of the series. Checking was close and Anyox, after several minutes, scored from a penalty by L. Dresser. Excitement was high, but Rupert guards cleared finely, and a side shot from J. Walters nullified. Once again M. Gilchrist and E. Steen were tried and again cleared to J. Walters, who passed to M. Ness for a count. Rene Macdonald eluded her check and cheered Anyox by her splendid score.

The second quarter was all Rupert's, with exceedingly fast play and hard checking. May Ness scored twice from close in and a long shot from centre by Sue Boddie put the score 10-3 at half time.

In the second half Anyox tried hard, but Rupert guards were safe. From an assist of J. Walters, Sue Boddie scored one of her long shots. Anyox secured a score by F. Cameron's fast dribble. After see-sawing back and forth, J. Walters got the ball from M. Ness to score. M. Cloak returned with a score from Anyox.

In less than a second after the loss in the last quarter, May Ness scored. During a general mix-up Anyox fouled Ella Steen, who made the penalty count.

Play was hard on both sides and checking even. Rupert found he heated building somewhat a handicap. Just before final whistle M. Clark again scored for Anyox 17-9.

M. Lazarik made a fair and efficient referee.

HOGMANAY WAS WELL OBSERVED

Two Hundred Persons Attended Dance by St. Andrew's Ladies on Monday Evening

Hogmanay was fittingly observed on Monday night with a dance in the Moose Hall under the auspices of the Ladies' Auxiliary to St. Andrew's Society, over 200 persons being in attendance. There were old time Scottish and modern dances and music was furnished by an orchestra consisting of Mrs. J. S. Black, J. Campbell, J. S. Sturgeon, F. Williams, A. Paton and H. Smith. Piper Sturgeon played solos and Piper Hugh Smith led the Grand March. At the midnight hour, the entire assemblage encircled the hall with joined hands and sang "The Guid New Year" and "Auld Lang Syne." Delightful refreshments were served under the direction of Mrs. Robert Wiggins and the affair came to a close at 2:30 a.m.

J. S. Irvine and Howard Steen were masters of ceremonies and the committee in charge consisted of Mrs. J. S. Irvine, convener, Mrs. M. McRobbie, Mrs. Howard Steen, Mrs. J. Watson, Mrs. G. Geddes, Mrs. A. Guyan and Mrs. Bert Cameron. Presiding at the door were A. Clapperton and D. Finlayson.

There was a large congregation in attendance at St. Andrew's Anglican Cathedral on New Year's Eve for watchnight services which were conducted by the rector, Rev. J. B. Gibson.

1928 LIQUOR PROFITS UP

City Also Received More From Motor Licences, Tough Less From Pari-Mutuel

The city of Prince Rupert has received the sum of \$13,548.54 from the provincial government during the past year as its share in the distribution of liquor profits, as compared with \$11,502.30 for the year previous. City Treasurer D. J. Matheson stated this morning. From motor licences the sum of \$7,721.79 has been received, as against \$7,260.48 while the distribution of pari-mutuel for 1928 was \$3,202.89, as compared with \$3,300.70 in 1927.

DOUG FRIZZELL HAS ANNUAL NEW YEAR'S DAY DIP IN HARBOR

Doug Frizzell took his annual New Year's Day dip in the waters of the harbor yesterday. He swam about 100 yards out and, while stating that the water was not uncomfortable, decided against attempting any cross-harbor swims.

Young people's organizations of the United and Baptist Churches will resume weekly meetings next Monday night following the Christmas and New Year intermission.

The regular monthly session of the County Court for setting of January cases will be held next Monday.

1928 WEATHER WAS SUPERIOR

Year Was Milder Than 1927 With Less Rain and Also Less Sunshine

Prince Rupert had much less rainfall during the year 1928 than in 1927, while there was also less sunshine. The total rainfall for 1928 was 80.84 inches, as compared with 88.17 inches in 1927, while the sunshine for 1928 aggregated 1158. hours, as against 1174.4 hours.

The finest month of the year was June, while October and November ran close for the most rainfall. There was less snow in 1928 than in 1927 and the year just past was milder, though not so warm, as that previous.

Weather figures for December, 1928, were as follows:

Highest barometer, 30.66, on December 18.

Greatest velocity, 64 miles per hour, on December 22.

CINCINNATUS UP TO DATE

He was the last word in picturesque rusticity, the gnarled and weather-beaten old man in the potato field—at least, that is what the young novelist thought. "Good morning!" cried the man of letters. "What a lovely day!" "Ay," answered the rustic, pausing with his fork and looking up at the sky. "But there's a shower a-coming. The scribe was delighted. "How do you know?" he asked. "Red sky at morning the shepherd's warning, eh?" "Dunno nothing about that," replied the ancient. "But it were announced on the wireless last night and it's in all the dailies this morning."—Answers.

ADVANCE NORTHERN B. C.

This is the beginning of the year 1929 and in it there will be many battles to fight, many problems to solve and many a crisis to face. We shall need all the courage, diplomacy and tact possible to get best results. Often in our desire to do something to improve conditions we take steps which are not calculated to bring about the best results or that are not ethically right.

By the last mail we received a letter from the Queen Charlotte Islands making suggestion for the improvement of conditions there. One is that they have a fisheries department distinctly their own instead of being grouped with the rest of northern British Columbia. Owing to the relatively small importance of the island fisheries through the fact that there are no rivers of importance there, this would be folly on the part of the Fisheries Department at Ottawa. It would be just beating the air to try to secure it.

Another proposal is that net licenses for fishing should be limited to those living north of the 52nd parallel. Such a regulation would be contrary to the constitution of Canada and would quickly be thrown out by the courts. We have a similar condition on the Skeena River. People come there for the summer fishing and in the fall go away taking all their earnings and all their salmon with them. They have a right to do this, but we have a right to use any influence we may possess to prevent it, although we have no rights at law, neither can laws be passed regulating such a matter.

A suggestion that the government might stock the islands with muskrat, mink, beaver and reindeer is more practicable, but governments usually prefer to leave such matters to private enterprise. Doubtless the government would be willing to grant leases of large tracts of land for fur farming purposes or for grazing reindeer.

Other suggestions made are that a lighthouse and fog horn should be placed at Lawn Hill and a light at the end of Sand Spit. Also a cable to connect Sand Spit with the telephone line. These are matters worthy of consideration by the marine department.

We agree that the Queen Charlotte Islands have an ideal climate and great natural resources and it is somewhat a tragedy to think they have made no advancement in twenty years. It is certainly up to the people on the islands to set forth what they have and to bring them to the attention of outsiders who may develop them, and also it is their right and duty to take every possible means to induce governments or others to help in this work. That the timber is taken away to be manufactured in the south, some of it in the United States, is something to be counteracted as far as possible; that the fish is also taken away to enrich others and that the minerals, including possible oil deposits, are not worked are all problems to be worked out and the people on the islands are doing well to consider ways and means, but they must do it legally and constitutionally just as we all have to do.

We suggest to the people of Prince Rupert and other parts of the district that they take more interest in the development of the islands than is done at present. There should be more energetic steps taken to open up the islands and bring their possibilities before the rest of the world.

THE ATTRACTION HERE

The Financial News, published at Vancouver, says: "The Power Corporation of Canada is attracted to the Portland Canal district and Prince Rupert by the virtual certainty of great progress to come in those areas."

The opinion is generally prevalent that there will be big developments at Prince Rupert in the near future. With that opinion we agree. We have waited long and perhaps too patiently for developments, but now they seem to be at hand. The difficulty with most of us is that we want all these things at once. We are not willing to wait.

CANADA'S 1928 Export Sales Review

Canada Enters 1929 with Hopes Well Grounded

TO-DAY the great race among the aggressive nations of the world is for export trade.

What is Canada's position in this far-flung competition? Though ranking **28th in population**, this New Year finds Canada:

- Fifth in total exports
- Third in absolute trade balance
- Second in per capita exports
- First in per capita trade balance

For the year ended November last Canada's export trade amounted to **1,349 million dollars**. The favourable trade balance at the end of November was **162 million dollars**.

In six years Canada's export trade has grown from **754 million dollars to 1,349 million dollars**—a business achievement in which all Canadians can take pride.

A recent survey shows **6,500 groups** of articles, fully or partially manufactured in this country, while approximately **1,600 Canadian firms or corporations** are active exporters.

Canada can look forward with confidence to a still further increase in export trade. Almost daily our Trade Commissioners, located in the world's strategic business centres, tell of growing demands for Canadian products.

During the past year the Department of Trade and Commerce has made intensive efforts to demonstrate to Canadian manufacturers and producers their opportunities abroad. Many of the Trade Commissioners have been brought home for a few weeks to interview personally Canadian firms with respect to varied export problems. They have shown that to be successful every Canadian entering export trade should:

1. Maintain quality standards.
2. Make the articles required by the importer.

3. Pack in the manner the importer desires.
4. Deliver promptly.
5. Maintain contract dates.

Additions have been made to Trade Commissioners' staffs. Trade enquiries and trade trends from abroad have been given wide publicity in Canada. Canadian products, displayed prominently at numerous exhibitions in Great Britain, have excited unusual interest. Buyers in other countries have been shown what Canada has to sell.

Steamship services from Canada to foreign lands, particularly to South America and the British West Indies, have been greatly augmented.

THE RESULTS ARE BECOMING CONSPICUOUS.

Again the Department of Trade and Commerce wishes to emphasize the importance of export trade to the prosperity of this country:

1. It stabilizes employment.
2. It lowers production costs.
3. It keeps our dollar at par.

Canada now has **25 Trade Commissioners' offices** abroad. Men trained in the Commercial Intelligence Service have headquarters in these offices. They are acquainted with the requirements of the people in their territory. They will conduct preliminary surveys regarding the marketability of any Canadian product. They will put the Canadian exporter into touch with reliable representatives, or introduce his travellers to reputable trade houses. They constantly help in maintaining business contacts.

These Trade Commissioners communicate the latest trade developments in their fields to the Commercial Intelligence Service of this Department. The information they gather is at the disposal of every Canadian exporter or every Canadian interested in export trade.

Write to-day to the Commercial Intelligence Service, Ottawa, about your products and your capacity to participate in export trade. A big opportunity may be yours.

DOCTOR JAMES RESIGNS POST

Resident Mining Engineer to Join Service of Granby Co.

Dr. H. T. James, resident mining engineer for the provincial government, has resigned his position to become engineer for the Granby Consolidated Mining, Smelting & Power Co. His resignation is to take effect as soon as his release from the government service can be arranged.

Dr. James has held the position of resident mining engineer, with headquarters in Prince Rupert, for about a couple of years. He has been an efficient and popular official and it is generally gratifying that his new duties will keep him in the most of the time in this district.

DEFENDS ROAD Q. C. ISLANDS

Magistrate Mallory Says Good Work Was Done by Engineers and Workmen

That the road connecting Port Clements and Tlell is a very good one considering the circumstances although no one claims it is completed, is the opinion of A. R. Mallory J. P., of Port Clements, who was here for a visit and who said he thought criticism appearing in this paper in the form of an interview with a local man was very misleading.

Mr. Mallory says people cross regularly between Tlell and Port Clements and often the trucks carry a ton or very nearly that much. The settlers are particularly pleased with the work done, which, he suggests, reflects great credit on the engineers and others responsible for it. He says it was never built to carry heavy loads such as the machinery from the barge that was wrecked recently. This machinery could not be hauled over this road or over most roads in the country. The road was built to serve the settlers and it is already filling that purpose. Doubtless it would be completed and improved but that would take time. With the money at their disposal he thought very good work had been done.

Reconstructs Continent's Oldest Music

DR. HEALEY WILLAN.

The oldest music hitherto recorded on the American continent has been unearthed and reconstructed for production at the forthcoming Sea Music Festival at Vancouver. These are three song-dances ascribed to the Indian Chief Mambertou by Marc Lescarbot, the young lawyer from Paris who in the year 1609 published an entertaining account of the life of the French garrison at Port Royal in Nova Scotia. Lescarbot, like all educated men of his day, was something of a musician, and wrote down in solfa notation the melody of songs he heard this Indian chief sing, but no modern historian appears to have realized the importance of this notation. However, in reconstructing an English version of "L'Ordre de

Bon-Temps" written in French by Louis J. de Montigny, J. Murray Gibson of the C. P. R., was struck by the possibilities of this music, and suggested to Dr. Healey Willan, of the Toronto Conservatory of Music, that he should arrange it for modern production. To an Indian, the melody is only half the music, and the problem was to discover the original rhythm. Fortunately after considerable study, Dr. Willan was able to find in the traditional tribal music of the Mellette Indians, who are descendants of the Souriquois of Lescarbot's time, three traditional dance rhythms which exactly fit the melodic line of the notes recorded by the French historian of three hundred years ago. In this manner three

delightful song-dances have been reconstructed and have been incorporated in the ballad opera "The Order of Good Cheer," which will be produced on January 25th at Vancouver. Hitherto the oldest song identified with Canada has been the hymn "Jesus Abanonia," which Father Brebeuf translated into the Huron dialect about the year 1642 for the Indian converts at Quebec. The song-dances of Chief Mambertou are, however, native to Canada and were noted by Lescarbot in the year 1606. The probability is that they were old even at that time, as folk-songs are handed down by Indian musicians from generation to generation.

Canada's new Radio Commission, which will investigate the whole question of radio broadcasting for the Dominion, will leave for Europe about the middle of January, to visit Great Britain, France, Germany and possibly Belgium, the whole trip to occupy about six weeks. They will examine the government control system of broadcasting in vogue in England and compare its working with that of France, where broadcasting is partly by private enterprise and partly under the Government. The Canadian Commissioners, shown above, are, left to right: C. A. Bowman of Ottawa; Sir John Aird, Chairman; and Augustin Frignon, General Director of Technical Education for the Province of Quebec.

RADIO LICENSES

Local listeners in a day or two ago heard an announcement from Winnipeg that the law compelling receiving stations to take out a license would be enforced. Prosecutions are to be entered, it was stated, without further notice.

RECEPTION BAD LOCAL RADIO INTERFERENCE

Disturbance in Downtown Area Almost Total Bar to Reception

"The reception has never been as bad as it is today," declared a local radio fan. He said that he appreciated the efforts of the Daily News to help out the radio fans and hoped they would be continued until the situation was cleared up. Yesterday it was almost impossible to get anything on the downtown stations. "Something must be done at once if it is to help us this season," this fan declared. "Pretty soon we shall have spring coming and general reception will not be as good as it is today."

Another owner of a receiving set remarked: "This is the worst town I've been in, and I've been in several. Either the city is careless in its utilities department or else someone is allowed to hog the air. The reception was good Monday evening for about two hours, showing that the local conditions are not bad if this interference could be definitely located and then cleaned up."

"No reception was ever as bad as it is today," remarked a third fan. "It is just in the last month or two that it has become so bad. There must be some new disturbance and I'm inclined to think it's in the city power lines. However, there is an instrument on the way for locating the disturbance and I think they should get busy and find out the cause."

RADIO RECEPTION AT PORT CLEMENTS GOOD

"Port Clements is a great place for radio reception," declared A. R. Mallory of that place. "We get all the large stations on the continent and there is absolutely no local difficulty to overcome such as you have here. It is one of the greatest things invented for those living in outlying sections of the country."

Mr. Mallory says they get good afternoon as well as evening reception.

"What time shall I report for work in the morning?" asked the college youth.
"Oh any time you like," replied the office manager. "as long as you're here before 8."—Progress.

Man in the Moon

Ever since I woke this morning I've been wondering what day it was yesterday. I think it must have been Hogmanay judging by the large number, who were making hogs of themselves.

Our Mary had a little hog. She kept him in the sty, And then when New Year came around She increased his supply.

He drank and drank and drank some more And then he drank again And swore that he would get as drunk As those booze-swilling men.

I sometimes take a nip myself but I know when I've had enough. If I don't know at night, I know in the morning.

Dan—Where are you off to, Ben?

Ben—I'm goin' to see the doctor. I don't like the look of my wife.

Dan—I'll come w' ye—I don't like the look o' mine either.

Ten Years Ago in Prince Rupert

January 2, 1919

Robert Grant, manager of P. Burns Co. Ltd., dropped dead in his room at the Prince Rupert Club yesterday, his remains being discovered by H. F. McLeod with whom he was to have gone to a dinner party at the home of Mr. and Mrs. D. G. Stewart. The late Mr. Grant was 57 years of age, a native of Ontario and was in the Kootenay country before coming here.

Hill 60 Chapter, Imperial Order, Daughters of the Empire, held a highly successful tea dance in St. Andrew's Hall yesterday. There was a large attendance at the function which continued into the evening.

Fred Shaw reported to the executive of the Labor party yesterday on a recent trip to Vancouver and Victoria. The organization is planning to start a brass band here.

FUNNIEST FILM AT WESTHOLME

Beautiful Laura La Plante to Be Seen in "Finders Keepers" Tonight and Tomorrow

When the beautiful Laura La Plante becomes a private in a man's army, you've got the makings of "Finders Keepers"—one of the funniest films of the year. It is to be seen at the Westholme tonight and tomorrow.

The story is by Mary Roberts Rinehart and is a splendidly executed bit of entertainment. No dull moments, lots of laughs, a good share of thrills and a cast of real actors.

This picture, in theatrical parlance, "clicks," and that is, it's a great success. Everybody likes it and tells their friends with the result that coins are continually clicking in the box office and the manager wears a prosperous look because he is filling his house and his patrons are going away with a smile, feeling that they have more than got their money's worth. In other words, everybody's happy.

And Laura La Plante is the cause. She has never been photographed better. The entire picture is an artistic creation. It is comedy on a grand scale. And, if you doubt that comedy is art, just see "Finders Keepers."

John Harron is appealing in his role and adds many laughs to a mirthful film. Harron played opposite Miss La Plante in her recent picture "Silk Stockings," which, by the way, was also directed by Wesley Ruggles, a very successful trio.

ESSINGTON HAS BIG CHRISTMAS

Festivities Include Many Church Affairs and Carol Singing

ESSINGTON, Jan. 2:—The Port Essington native people spent a busy Christmas season at several events planned for their pleasure.

On Friday, Dec. 21 the Day School pupils and the little tots on "next to" school age were given a surprise party and treat by their teacher. The afternoon was spent by all the children joining heartily in plays and singing games.

Carol singers, directed by Willie Spalding, sang several hymns and anthems on Christmas Eve. That the people appreciated them was shown by their generous offerings.

The Christmas Day services, forenoon and evening, were well attended.

Wednesday evening, Dec. 26, the Sunday School children and their parents were entertained at their usual Christmas party. Gifts and treats were given the mothers and children. A short musical program was given by the carol singers and others. Arthur Stevens and Mark Bolton spoke. They told of the many advantages the native people are enjoying since the advent of Christianity. The privilege of a good education was dwelt upon, especially. The children were congratulated upon their success in obtaining so many prizes at the Prince Rupert Fair.

A pleasing feature of the evening was the displaying of the new church carpet donated by the native women and children in commemoration of the Jubilee of Port Essington Mission. The women were commended on the success of their efforts. The carpet replaces the one given by their grandmothers over forty years before.

The allotment assigned Port Essington Mission by the United Church is fully contributed this year, \$160 of which was given by the native people.

GRAIN OUTPUT PACIFIC PORTS

(Edmonton Bulletin)

Official figures covering the calendar year up to December 12 show that 93,000,000 bushels of grain were received at the port of Vancouver, against 34,000,000 bushels against last year. During the calendar year up to December 18, the port of Montreal received 217,000,000 bushels, of which 152,000,000 bushels were Canadian grain. Last year the total receipts at that port were 194,000,000 bushels. Vancouver, will be noted, is this year receiving and shipping three bushels of Canadian-grown grain for every five which go to Montreal. And the Vancouver receipts are between one-third and one-half the total amount of Canadian and United States grain that finds its way to the eastern port.

The figures for Prince Rupert are not given. Unless business there has been phenomenally slow they should bring the total receipts at Pacific ports pretty close to the 100,000,000 bushel mark. Practically all this grain was grown in Alberta. The figures are equally impressive as showing the growth of grain production in Alberta and the growth of the

grain export trade through the Pacific ports. They suggest as well that only a small proportion of the Alberta crop can be flowing eastward this season. The shorter and cheaper route to the sea is coming into its own, with advantages alike to the Pacific ports and the Alberta farmers. Should there be a proportionate increase in receipts at both ports next year, more Canadian-grown grain will go through the elevators at Vancouver than the total Canadian and United States grain which will go through the elevators at Montreal. The westward route may soon be the biggest "out" of the Canadian "hopper."

Prince Rupert Amusement Co. Limited

7 PER CENT FIRST MORTGAGE BONDS
Dated September 1st, 1928 Due September 1st, 1943
PRICE: 98.90 and INTEREST
Yielding 7.12 Per Cent
Trustee:—Montreal Trust Company
Denominations \$500 and \$1,000

Principal and interest are payable at any branch of the Royal Bank in British Columbia.
Bonds are callable at 105 on any interest date on sixty days' prior notice.
A Sinking Fund of \$3,000 per year will be paid to the Trustee who may invest same in these bonds if procurable at 105 or less, but if not, then it shall be invested in Trustee Securities.

The Prince Rupert Amusement Company was organized for the purpose of operating a moving picture theatre in the City of Prince Rupert. Up to the present the Company has operated in a rented building but has now completed construction of a very fine building on the main street of the City at a cost of approximately (including value of land) \$109,000. This building has been leased to B. C. Paramount Theatres Limited for 15 years on the following terms: Rental \$8,000 per year, together with one-half the net profits remaining after payment of such rental and other operating expenses. The Lessor also gives to the Lessee an option for three years to purchase the said property for \$150,000. If this option is not exercised then the Lessee will, during the balance of the term pay \$12,000 per year rental in lieu of \$8,000 and one-half the net profits.

According to official records, five-sixths of the issued capital of B. C. Paramount Theatres Limited is issued in the name of Famous Players Canadian Company Ltd.

Interest and Sinking Fund on these bonds will amount to \$6,850 per year. This amount is fully taken care of by the rental to be received from the Lessee without taking into consideration any revenue to be derived from profits.

In addition to the above, the Prince Rupert Amusement Company will have a rental of about \$2,500 per year from three stores in the new building. This will be more than ample to take care of all real estate taxes and incidental expenses.

THESE BONDS IN DENOMINATIONS OF \$500.00 AND \$1,000.00. BONDS MAY BE PURCHASED AT THE OFFICE OF ANY OF THE FOLLOWING DEALERS:
