HARD BLOW TO CREDIT

Liability of English Firm Something Like Hundred Million

LONDON, Oct. 16 (by Mail):-With liabilities estimated at \$100, 000,000 and assets that are largely problematical, the failure of the Hatry group of companies is by far the worst blow suffered by the London Stock Exchange for over half a century. But heavy though it is the financial loss is not the weightiest part of the calamity. Hatry and his associates have surrendered themselves to the authorities and are now the subject of a state prosecution. The charges against them, as formulated by the Crown, involve the forgery and uttering of scrip cer-

tificates to enormous amounts. "Such transactions," said counsel, in opening the case for the Director of Public Prosecutions. "deliberately carried out in the City of London by persons entrusted with the issuing of loans to municipal corporations is, I believe, unprecedented." It is: and the loss likely to fall on the general public will probably be small as compared with the suffering by the Banks and the members of the Stock Exchange, who are legally bound to give good title to all securities passing through their hands. It is this aspect of the matter which is having a serious repercussion on financial business. It is obviously impossible to subdocument. Something must be left at the moment, have been badly

RAILWAY TO PEACE RIVER

At a meeting of the joint committee appointed by the Board of Trade and City Council to carry on the work of securing rail connection for Prince Rupert with the Peace River country held last night, it was decided to form an association largely for the purpose of financing the organization which will carry on the work of education the public in the possibilities of Prince Rupert as the port of export for Peace River wheat. Members of the association will pay one dollar each and the city will also make before he started on his journey a donation toward the work.

Having faith in the loyalty and enthusiasm of the peo- islands succeeding H. M. Towner, ple of Prince Rupert and surrounding territory, the committee last night decided to proceed with the organization. A big banquet will be held in the near future at Better Manners which there will be a few brief speeches and at which the movement will be formally launched. It is expected to have at that banquet all citizens who are keenly interested in the movement. Possibly the Retail Merchants Association may arrange their monthly dinner for the same time opinion of Venerable Canon Newand the service clubs will be approached with a similar view. One big event would give the movement an impetus that would be a great help in carrying on.

PRINCE RUPERT'S BEST BET

Direct connection with the Peace River is Prince Rupert's best bet just now. Also, it would be the best thing personage belonging to what used that could happen to the Peace River. It is the east and west line as opposed to the north and south. It is the best and most economic route and undoubtedly the one that should be followed. Already the railway is running into brated his eighty-fifth birthday white Canons settled at Warbur-Prince Rupert and all that is needed is a line from the the other day, and who has been ton, and the date of the timber-Peace to connect with the C.N.R. at Hazetlon or some other point.

HIGHWAY ENDORSED

Yale Hoists and Trucks

For practically every job of lifting and moving material -raw, in process or completed-there's a Yale Unit that will do the work quickly, easily and safely. There are many Yale Hoists both hand and electric powered, Yale overhead trolleys carry big loads quietly and easily, and Yale Electric Trucks and Trailers are quick to transfer material. Yale margins of safety are unusual, and Yale controls are simple, safe and easy to operate. Let us study your material moving problems - in many cases our engineers have made real savings with Yale equipment.

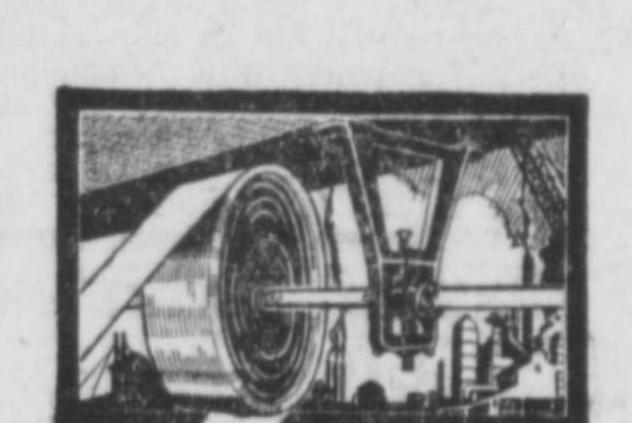

Fairbanks Scales

For almost a century Fairbanks Scales have been known for their enduring accuracy, and each one of the many types has been perfected in design and build, to weigh not only accurately but also to register clearly at the utmost speed. From tiny delicate balance up to huge track scale, the Fairbanks line includes scales for practically every weighing purpose.

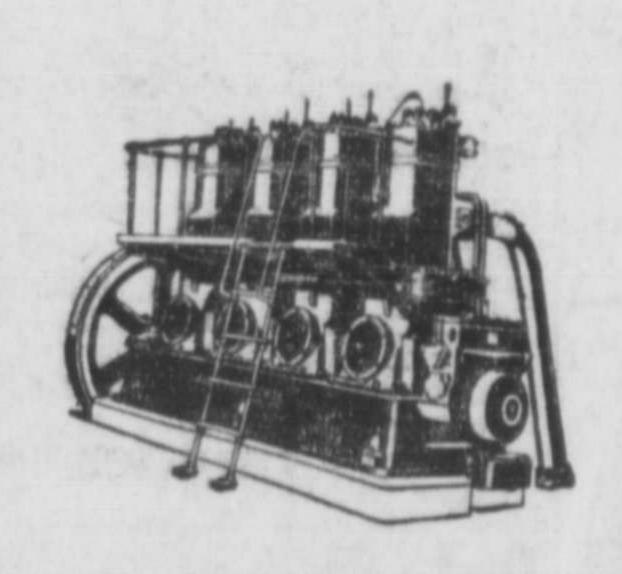

Fairbanks-Morse pumps and motors

"A pump for every purpose"—for water, sand, air, sewage or stock, we can supply the special type of pump best suited for the service required. Fairbanks-Morse Pumps, either separate drive, or direct-connected to Fairbanks-Morse Ball Bearing Motors, have made unusual records for efficiency and dependability.

Transmission Equipment

To ensure the steady and economical flow of power from drive to machine, proper shafting, hangers, bearings, pulleys and belts are essential, and here you will find Graton & Knight Leather and Dick's Balata Belting. Fairbanks Wood Pulleys, Barry Steel Split Pulleys, Hyatt Roller Bearings, as well as all the numerous appliances necessary for the transmission of power.

F-M. Stationary Diesel Engines

For isolated power plants where electric power is not available, and for standby service, Fairbanks-Morse Diesel Engines have proven thoroughly dependable and remarkably low in power, operation and maintenance costs. In mine, mill, grain elevator, railway yard, town and city light, power and pumping plants, in countless instances they are giving entire satisfaction using cheap low grade fuel oils. They are made on the 2 cycle principle in a wide range of sizes from 25 to 840 H.P.

Are the New British Dirigibls Obsolete

All England is wondering whether or not the new giant airship, the R-101, is a gigantic success a dismal failure. So much mystery has surrounded the construction of the craft and the sister the R-100, that outside of those in the know at the Air Ministry very little accurate data as to its pected performance has been avaiable. Commander Sir Charles Burney, top, left, in charge of construction of both ships, has no / bluntly told the public that the airships are of little comment value as they are too slow and do not possess enough lifting power. Top. right, is the R-101 just fore she was completed. She is expected to have her first trial flight in the near future. Below, shows a close-up of one of the streamline gondolas of the R-101.

SIFIED ADVERTISEMENTS -- FOR SALE, FOR RENT

THIS IS THE PAGE WHICH MOST PEOPLE READ BECAUSE IT IS FULL OF HUMAN BUSINESS INTEREST

This is the time to go aviating. Very soon it will be difficult to remember the rules of the air and there will always be some young fool who has been drinking who may run into you.

High hatting never pays. See what happened to the Jews in Jerusalem.

as long as you have it in the manent waving and all kinds of morning.

No, Jake, no, it was not a Scotchman who bought a loaf at the Electric Bakery and wanted it wrapped in today's Daily News. I ELITE BEAUTY PARLOR refuse to tell who it was because I'm an Englishman myself.

Willie Willis says that girls are water waving. Face massage and like your stomach. The more scalp treatments. things you give it the worse it

It must have been in Prince Rupert that the Scotchman left the roof off one of the rooms in order to use if for a shower bath.

Gone are the days of swimming With mist on the heat waves

For this is now dull October. Alas for September morn.

Ten Years Ago in Prince Rupert

October 16, 1919

The Great War Veterans' Association, at their semi-annual meet- P. O. BOX 120 ing last night , lected officers as follows: honorary president, Lieut. Col. C. W. Peck V.C., M.P.; honorary vice-president, Capt. John Kerr; secretary treasurer, D. S. Cameron; executive-J. Cragill, A. J. Galland, J. Campbell, W. G. Dennis and Hubert Ward. sum of \$1,430 was reported on hand in the memorial fund.

Mrs. E. C. Cotes, whose husband is an extensive owner of real estate here, calls Prince Rupert a city of distinction in an article appearing in the Toronto Globe.

F. G. Dawson, returning yesterday from a trip to Vancouver and Victoria, stated that Liberals in the south were enthusiastic about Hon. W. L. Mackenzie King as the Made and repaired for any kind of new leader of the party.

WATER RIGHTS BRANCH

Department of Lands Province of British Columbia CERTIFICATE OF APPROVAL OF UNDERTAKING

WHEREAS the Northern British Columbia Power Company Limited is a For the East+ company incorporated under the Companies Act of British Columbia and is duly empowered to construct and op- From the Easterate works for the generation and distribution of electrical energy.

AND WHEREAS the said company has applied for a licence to divert and use six hundred cubic feet of water per second from Falls River for the generation of electrical energy and to store thirty thousand acre-feet of petitioned for the approval of its undertaking in respect of the said appli-

cation. AND WHEREAS it appears in the public interest to grant the prayer of the said company's petition.

THIS IS TO CERTIFY that the undertaking of the Northern British Columbia Power Company Limited relative to the diversion of six hundred cubic feet of water per second from Falls River for the generation of electrical energy and the storage of thirty From Stewart and Premierthousand acre-feet of water in the undertaking is outlined in the petition of the said company filed with the Comptroller of Water Rights on the To Naas River and Port Simpson- miles above the mouth. 26th day of July, 1929, is hereby ap-

shall be limited to expire fifty years from the date of issue of the licence From Anyox and Alice Arm-

ditions:

Comptroller of Water Rights;

AROUND PRINCE RUPERT

Hastings Arm Strike Rich; Porter Bonds Kenneth Group at Stewart; Marmot Engineer Promising

The recent discovery of gold ore on the Elkhorn group at Hastings Arm gives promise of being the richest ore find ever made in Northern British Columbia. Returns from samples that were recently assayed gave values of \$8441 in gold, and, in addition to the gold, the ore also carries silver and lead. The owners are busily engaged in stripping the vein and plan to take out as much ore as possible this fall before snow conditions render surface work impossible. Those who have visited the property say that the possibilities for a large tonnage of rich ore are excel-

C. H. Hayes, Vancouver mining surface exposures being hidden by engineer, recently inspected the Mohawk mining property at Alice Arm. He was greatly interested in the possibilities of the camp with of gratification to the managewhich, he said, he would keep closely in touch.

The Kenneth group of seven banded into various sections, each claims near the head of the south distinct in itself, but all associated fork of Glacier Creek at Stewart into one big body and all appearing has been bonded by Clay Porter from the owners, H. P. Gibson and Louis Legge. The Kenneth was formerly known as the Mobile propcrty, having been developed in manner in 1920 by the Mobile Mining Co. under the supervision of Roy L. Clothier. During the course extracted and a shipment made to Swansea, Wales, the result of which tory to the management. Mr. Por-ter and Dalby B. Morkill, B.C.L.S., by a short tunnel driven on one of the veins by the owners, two assays on fourteen inches of ore giving resilver being visible in native form. Next season, it is expected, an terests.

With about three hundred feet sults of the drilling. of underground work done, development work on the Marmot Engineer property (Portland Canal) has camp of the associate editor, A.G been temporarily suspended at an interesting point, the lead which was the tunnel's objective having been encountered. The compressor Missouri region in the Bear River was badly in need of overhauling valley is described in detail. The when the lead was reached but, Premier mine is also described and nevertheless, the manager, George Mr. Langley is of the opinion that fore suspending operations. The been expected. vein, however, proved too large for this to be done and, after crosscutting twenty-one feet, suspension became imperative. The width of the vein cannot be foretold from surface indications, parts of the
