PRINCE RUPERT, B. C., WEDNESDAY, APRIL 3, 1929

PRICE FIVE CENTS

PRINCE RUPERT TAXES TO BE LOWER DISPOSAL OF MONEY FROM POWER COMPANY ARRANGED

Tax Rate of 45 Mills Recommended Council School Rate Criticized

Special Meeting of City Council Called For Next Monday to Deal With Matter After Explanations Made

At last night's council meeting, Mayor McMordie presiding and all the aldermen present, the finance committee recommended the striking of a mill rate of 45 mills made up as follows:

- General expenditure for the year, 16 mills.
- Levy to cover fixed charges, 13 mills.
- Rate to cover school expenses, 16 mills.

It was explained by Mayor McMordie that the rate would have been much higher had it not been that some money from the sale of the power utility was being used to pay off city bonds and thus reduce the interest charges. It was a slight decrease on last year, but the decrease would have been greater had it not been for the unwarranted increase of three mills in the school rate. The city unfortunately had no control over these expenditures. While the council had been trying to keep down the rate, the school board pushed their's up. The increase was almost 25 per cent and was altogether out of proportion to the expenditures in the remainder of the city.

CAPITAL FOR PEND O'REILLE

VANCOUVER, April 3.—Announcement was made today that the Pend O'Reille Mining Co. had been fully financed by United States capital and a big program of construction and development will be undertaken on this property and on the adjoining Reeves-McDonald controlled by Pend O'Reille. A new company, the Pend O'Reille Mines and Metals Company, is being formed.

BRACKEN SAYS NO CORRUPTION

WINNIPEG, April 3.—Appearing for the first time before the Seven Sisters royal commission, Premier John Bracken today denied the corruption charges against his Manitoba administration. No promise or understanding existed, testified the premier, prior to March 20, 1928, when the lease negotiations with the Winnipeg Electric Company were completed.

JUDSON MAYOR JUNEAU TODAY

JUNEAU, April 3.—Thomas B. Judson was re-elected mayor of Juneau yesterday, defeating Henry Rodden, attorney, by 178 votes. D. M. Bothwell and Lockie MacKinnon were elected councilmen on the Judson ticket, while G. E. Krause on the Rodden ticket won third seat by defeating Warner, a Judson man.

IS SALVAGING WRECKED DORIC

Is Abandoned By Owners and Attempt Will be Made to Tow Her Here

LIGHT BADLY NEEDED

Accident Might Have Been Avoided if Needed Aid to Navigation Was There

The halibut schooner Doric is a total wreck abandoned by the owners and will be floated and brought here by the Pacific Salvage Company for the underwriters who have \$25,000 insurance against the vessel. She will be floated by putting 40 empty drums inside her and then towed to the drydock here. In order to do this some rock has to be blasted.

Capt. Paul Armour, who has charge of the work says he intends to draw attention of the authorities to the need of a light on the outside of Kinahan Island. Had there been a light at that point the Doric would not have piled up on the rocks yesterday morning. The fishermen have been asking for this light for years.

The Doric is reported to have her bottom virtually torn out. Her cargo of halibut is flowing out into the water through the sides. The vessel is partially submerged at the high tides. The surf is gradually piling her up further onto the rocks.

The crew was brought to the city aboard the Salvage Princess yesterday afternoon. It is believed that all the fish on the vessel will be spoiled.

Capt. O. B. Hanney, part owner of the Doric, was on watch when the vessel struck. He was groping his way through a blinding snowstorm at a very slow speed.

WILKINS PLANS POLAR WORK IN A SUBMARINE

SOUTH PLAINFIELDS, New Jersey, April 3.—Sir George Hubert Wilkins, before leaving here for San Francisco in a plane, spoke of his plans in the southern polar regions. He emphasized that the life was not dangerous. In the submarine in which it was planned to travel they would be kept comfortably warm. They would be just below the icebergs.

Sir George has just returned from flying across the southern polar regions and previously from Point Barrow in the north polar regions to Spitzbergen.

BRACKEN GOVT. IS SUSTAINED

WINNIPEG, April 3.—By a vote of 31 to 19, confidence in the Bracken Government was expressed by the Manitoba Legislature last night when the Labor resolution demanding investigation of the Seven Sisters Falls power agreement by a committee of the house was defeated.

King George Recuperates Slowly

Slowly recovering his strength at Bognor, England, the photo shows King George in a wheel chair with Queen Mary at his side, during one of the frequent strolls which His Majesty enjoys, now that he is throwing off the terrible effects of the sickness which almost proved fatal.

City Decides How to Dispose of Money Received for Power Plant; Will Purchase Own City Bonds

At the meeting of the city council last night the report of the finance committee dealing with the money received from the power company was adopted. It follows:

"Your finance committee recommends that the balance of money received from the sale of the power plant after the amount of \$228,000 has been deposited with the Montreal Trust Co. be placed in a special city trust account with the Royal Bank of Canada, and that city of Prince Rupert bonds to the amount of approximately \$128,000 be purchased from this account, and that approximately \$17,500 be paid from this fund each year up to and including 1935 and thereafter \$10,000 per year shall be used from this account to pay off Prince Rupert bonds."

It was also reported that the papers had now all arrived and the city council at its meeting Monday night would decide definitely at what date the property passed to the power company and arrange any other details.

Quotations have been received for suitable debentures which the city might purchase and the finance committee has been given power to act in this regard.

FIFTH VISIT OF LINDBERGH TO MEXICO

MEXICO, April 3.—Lindbergh arrived here yesterday by airplane on his fifth visit and was met by Miss Morrow. He will stay at the Embassy while here.

SNOW FALLING

Snow was falling this morning at Terrace, Rosswood, Alyansh, Hazelton, Smithers and Vanderhoof, according to the Government Telegraphs report.

Slight Clue Found of Capt. Kingsford Smith and Southern Cross

SYDNEY, New South Wales, April 3.—One clue came out of the wild Australian bush today to guide the searchers for the airplane Southern Cross, which vanished on March 31 with Captain Charles Kingsford Smith and three companions, who were on the first lap of a flight to England.

The Drysdale River mission station this morning signalled Captain Chateau, Australian royal air force aviator, on the searching expedition, that an airplane passed over the station March 31, heading southwest. It was the slenderest of threads, but the first definite trace of the flyers since they vanished after sending a radio message that their motors were failing and that they were coming down in a blinding rainstorm into the bush about 100 miles east of Wyndham.

The vast labyrinth of western Australian bush is one of the most savage stretches of country left of the habitable part of the earth. Prospects are anything but cheerful. Torrential rains in New South Wales, Queensland and the northern territory today flooded the aerodromes and prevented the departure of planes to search the bush.

The aviators had little food and they were likely to meet with short shift from the hostile inhabitants of the uncivilized bushmen and even cannibalistic pygmies.

MAN MISSING
ON LONG ROW

Frank Rothery Left Zayas Island Three Weeks Ago For Warke Canal in Nine Foot Boat

Frank Rothery, who was visiting with a friend at the Zayas Island sheep ranch, has not been heard from since about three weeks ago when he put off from there in a nine foot rowboat with Warke Canal as his destination. A storm arose soon after he left and the belief is that he may have perished in Chatham Sound. Zayas Island is some thirty miles from the mainland.

Several parties have searched for trace of the missing man but without success.

TO REPORT ON UTILITIES TO CITY COUNCIL

At the city council meeting last night the city treasurer was instructed to make a report on the city utilities to show whether the city had ever received any money from the alleged profits on these since 1920 or whether the city had had to put up money to keep them going. This was done on the recommendation of Mayor McMordie when Alderman Brown asked that the profits of the telephones be looked after by the utilities department so that they should not have to ask the city to put through bylaws when they needed money.

Mayor McMordie hinted that the report of the city treasurer would be an eye-opener to the council.

REBELS DRIVEN FROM JIMINEZ

Mexican Federal Troops Gain Notable Victory Under General Almazan

MONTEREY, Mexico, April 3.—General Almazan, commander of the federal column attacking Jiminez, for whose possession battle has been waged with severe casualties for the past few days, entered Jiminez last night.

Despatches stated that the rebels evacuated Jiminez in six troop trains.

INVESTIGATION OF TRAP NETS

Session of Special Commission to Be Held Here by Judge Ellis

VANCOUVER, April 3.—Appointment has been made of County Court Judge J. N. Ellis of Vancouver by Hon. J. P. A. Cardin, minister of fisheries, as a commissioner under the Dominion Inquiries Act to investigate trap net fishing in northern British Columbia waters contiguous to the Alaska boundary.

Judge Ellis is authorized to inquire into the question of whether it is in the public interest that trap nets for the capture of salmon should be permitted in that part of British Columbia.

His honor will leave here on April 15 and hold the first sitting in Prince Rupert. He will then return to Vancouver to take additional evidence.

IRELAND DRAWS WITH WALES IN RUGBY INTERNATIONAL

This photograph was taken during the rugby match between Ireland and Wales, at Belfast, which ended in a drawn game. The player with the ball is W. C. Powell of Wales, who is just starting his magnificent run, which ended in a try for the wearers of the leek.

LIONS ARE NOW HOCKEY CHAMPS

Win Third Straight Victory Against Seattle Eskimos

VANCOUVER, April 3:—The Vancouver Lions won the Pacific Coast Hockey championship here last night by defeating Seattle 4 to 2, to take a three straight in the title series. The Lions had the game in hand from the start, until, in the last few minutes of the final period, when they led 4 to 0, the Lions eased up and in the dying moments of the game the Eskimos scored twice. The Lions took the lead in the first period with two goals and added another in the middle session and a fourth in the third.

ST. ANDREW'S BOWLING

Jack McLean's Rink Beat George Scott's Last Night by Score of 14 to 8

Jack McLean's rink beat George Scott's 14 to 8 in the St. Andrew's Society carpet bowling tournament last night. McLean's rink is now second in the team standing. C. Taylor and J. Watson rinks will meet tomorrow night in the next game.

Sport Chat

The big question of whether the New York Yankees will batter their way to another pennant and pot of world series dough next October is the ever present question of the ability of Babe Ruth's slender underpins to stand up under another campaign of 154 games. The Babe's legs were in bad shape the last two months of the 1928 race and he barely staggered into the world series on them. Whether a winter's rest and lots of golf this spring has restored them sufficiently to last another six months is a question. Many believe that Ruth will not play over 100 games this year. This is all conjecture, however, as the Babe says that his legs are in good shape and he expects them to support him in the style he has been accustomed to for five more years in the majors. And when he leaves the American League his ambition is to play five years in the National League with the Chicago Cubs to take advantage of the short right field fence.

COAST LEAGUE BASEBALL

The following were the Coast League baseball scores yesterday: Los Angeles 7, Hollywood 6. San Francisco 1, Missions 3. Seattle 7, Oakland 1. Portland 13, Sacramento 2.

TIDE TURNING AGAINST REBELS

Government Forces in Mexico Report That Insurgents Are Surrounded

MEXICO, April 3:—The tide of war is turning against the rebels according to reports received here through government sources. At Hermanes the insurgents are encircled by a ring of fire and it is only a question of hours how long they can hold out. The rebels lost three hundred yesterday and an equal number the previous day. The Government forces say nothing about their own losses except that 25 were killed when withstanding a cavalry charge against immense odds.

NAGO, Arizona:—The man who was killed by a bomb from across the line was Harry Baker, a motion picture operator, who was struck on the head.

WASHINGTON, D.C., April 3:—No additional troops will be sent to Arizona as a result of the recent bombing. It is announced in Government circles that the troops now there are sufficient to deal with the situation.

FISH PRICES ARE LOWER HERE TODAY

Total of 110,500 Pounds Sold at Exchange This Morning With 13.8c and 7c High Bid of the Day

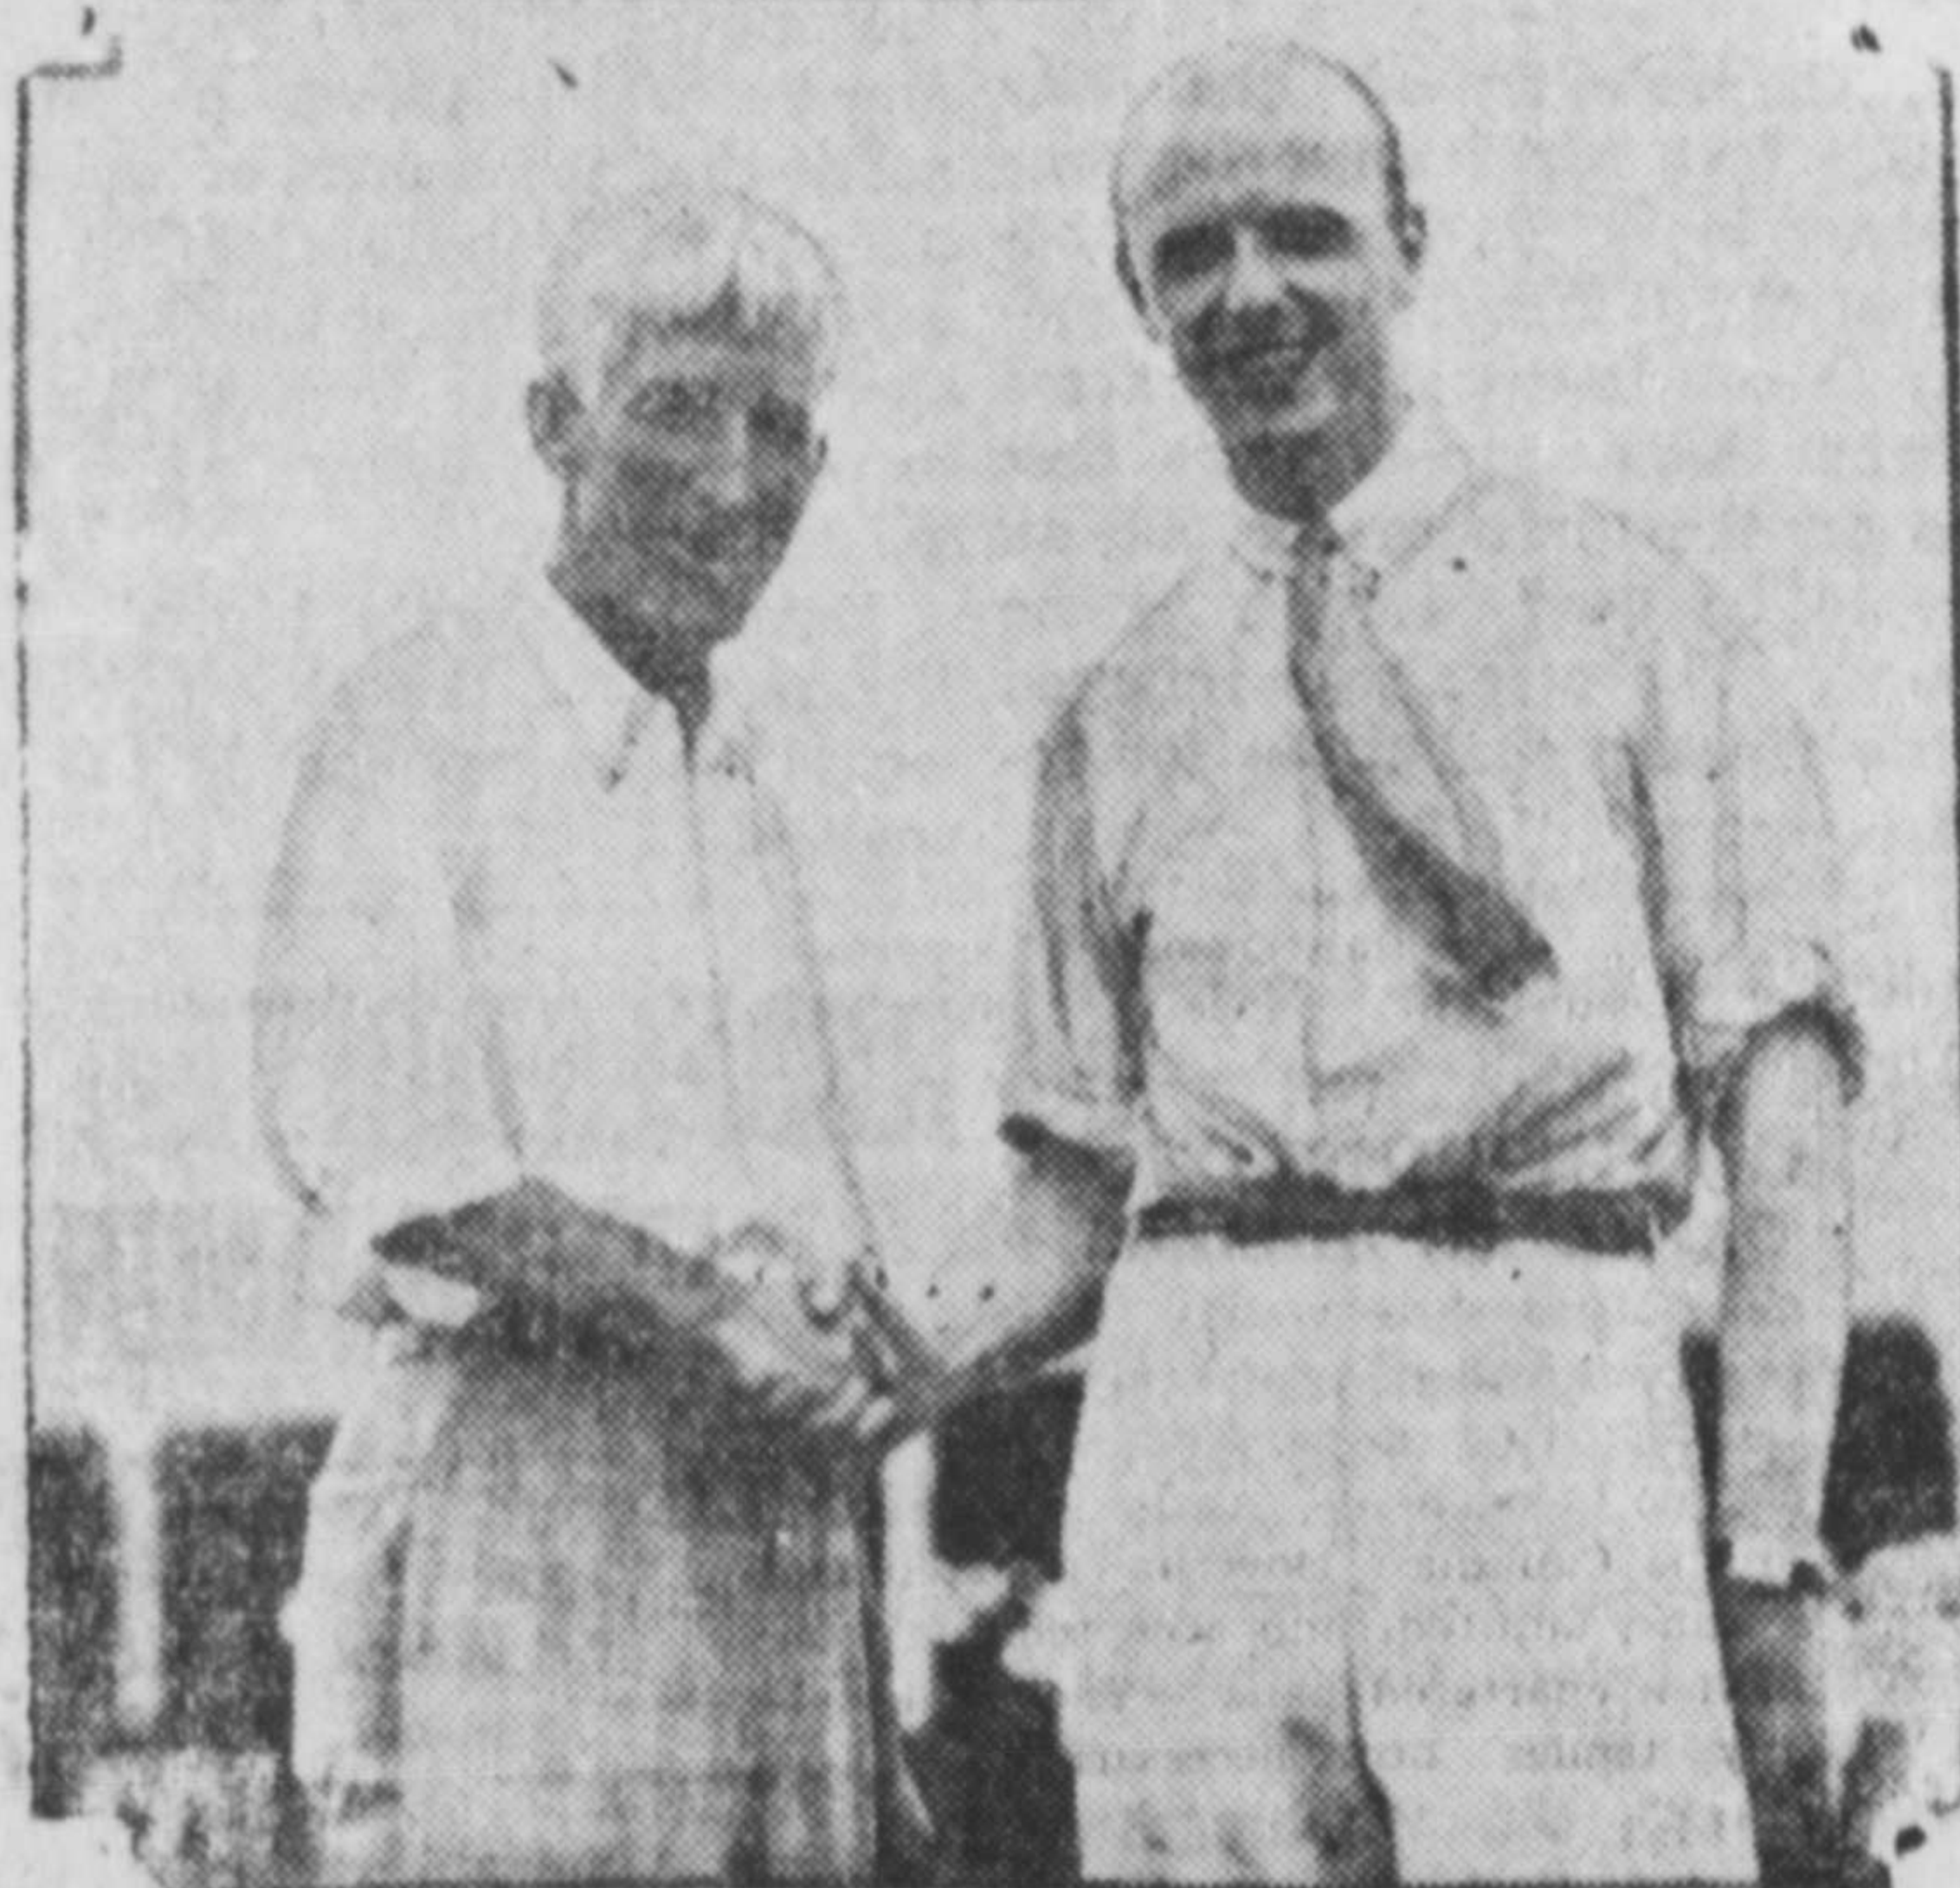

Halibut prices took a drop on the local fish exchange this morning. American boats were paid up to 13.9c and 7c for 8,500 pounds, while 11.8c and 6c was received by three Canadian boats with 21,000 pounds. Two American schooners, the Celtic and Daily, proceeded to Seattle with catches of 40,000 and 22,000 pounds, respectively.

Sales were as follows: American—Eagle, 26,000 pounds, Booth Fisheries, 13.5c and 6c. Sunset (K), 28,000 pounds, Atlin Fisheries, 13.6c and 6c. Federal, 10,000 pounds, Pacific Fisheries, 13.9c and 7c. Anna J., 11,000 pounds, Atlin Fisheries, 13.7c and 7c. Sunset (P), 12,000 pounds, Pacific Fisheries, 13.7c and 7c. Cora, 2500 pounds, Canadian Fish & Cold Storage Co., 13.3c and 7c. Canadian—Zapora, 15,000 pounds; Dundas, 3000 pounds; and J. R., 3000 pounds, Canadian Fish and Cold Storage Co., 11.8c and 6c.

LIONS TO PLAY LES CANADIENS

VANCOUVER, April 3:—The Vancouver Lions and the Canadiens of the National Hockey League will play a series of three games here commencing on Friday for the professional hockey championship of Canada.

SEGRAVE WINS SPEEDBOAT CHAMPIONSHIP

Major Segrave, right, holder of the world's auto speed record, beat Gay Wood, left, in the first heat of the speedboat race, and thus won the world's title for Britain. Although there are two heats for the championship the winner of the first heat gets two points while the second heat only concedes one point to the victor. Although the two speedboat drivers are deadly rivals, they are very friendly, as the above picture shows.

AID IS GIVEN B. C. STUDENTS

Fellowships, Bursaries and Studentships Granted to U. B. C. Scientists

OTTAWA, April 3:—The National Research Council of Canada has granted either fellowships, studentships or bursaries for 1929 to 60 applicants.

The purpose is to assist in the building up in Canada of a corps of trained research workers capable of undertaking and directing scientific research on the Canadian industrial problems.

The following were the successful applicants from the B.C. University and the line of research will follow:

- Fellowships: William Chalmers, Organic Chemistry. Studentships: W. J. Allardyce, biochemistry; Miss A. Berkeley, marine biology; Miss M. H. Campbell, zoology; L. E. Howlett, physics. Bursaries: J. A. Allen, cellulose chemistry; M. K. McPhail, bio-chemistry; H. D. Smith, physics; H.R.L. Street, cellulose chemistry; R. H. White, physical chemistry.

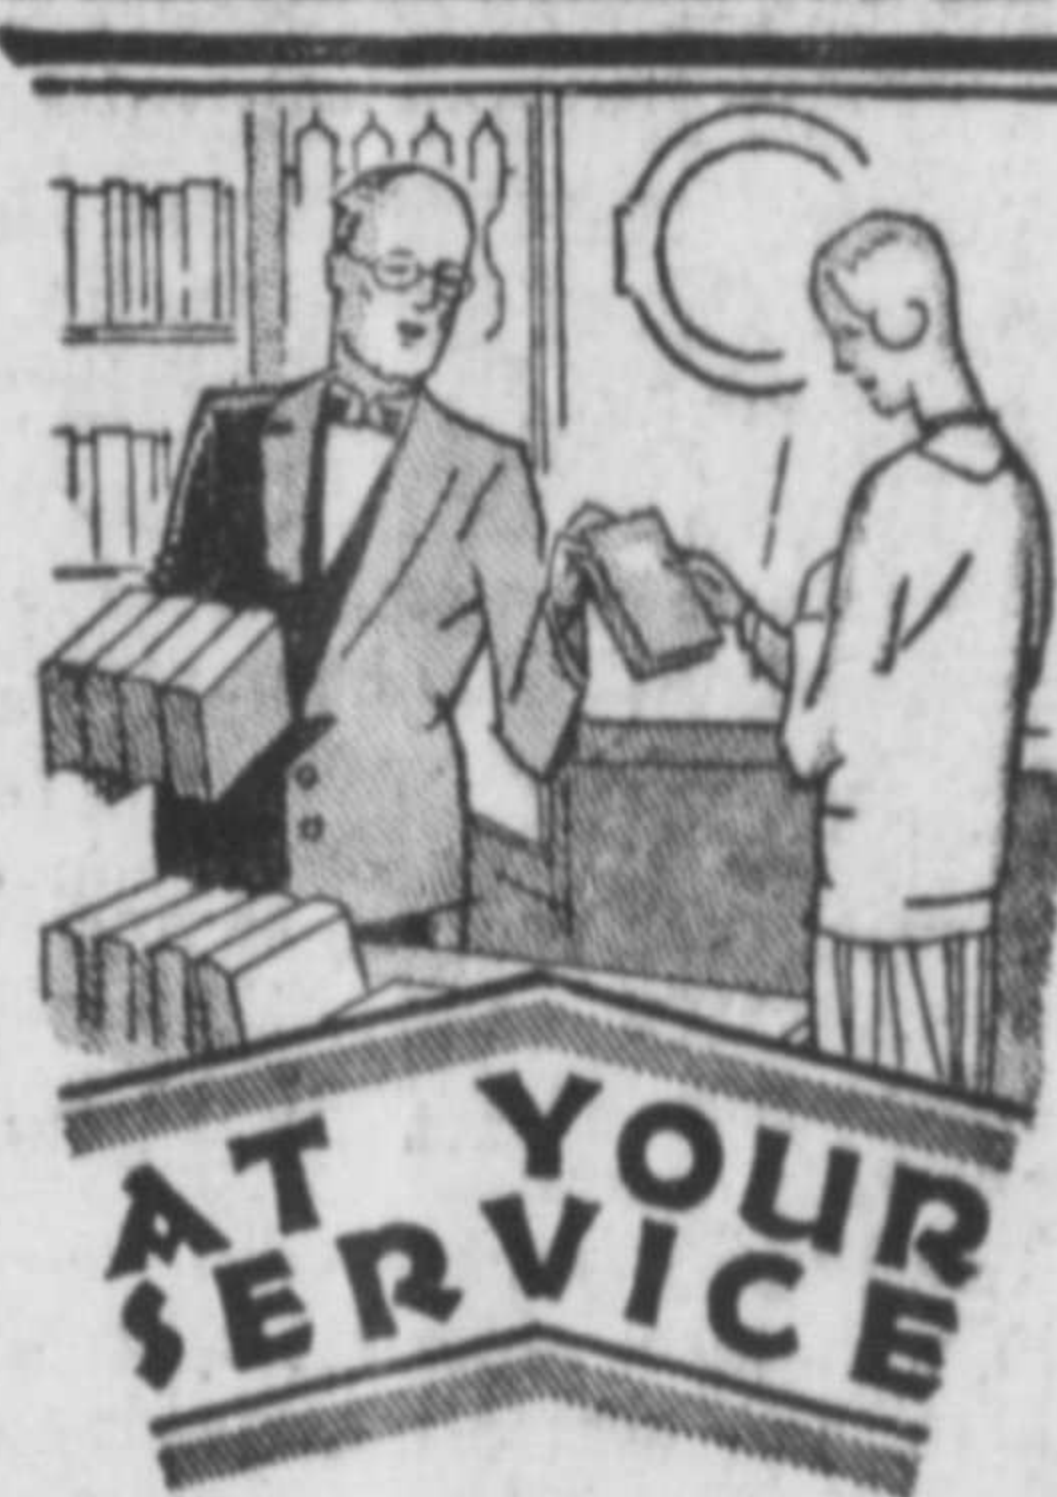

U. S. TREASURY IS BULGING

What to do With the \$100,000,000 on Hand is Being Discussed

WASHINGTON, D.C., April 3:—Authorities here are discussing what to do with the \$100,000,000 surplus which the treasury has on hand. A considerable part is likely to go toward reducing the war debt. It is prophesied that there will be no tax revision as asked by a section of the people. It is pointed out that the surplus was largely due to taxation of the profits on a rising stock market but that prices which go up also come down. Increased appropriations during the present year will take care of a large part of the money.

TRUNK SEWER OVERCHARGE

At the city council meeting last night some discussion took place over the proposal to provide through a bylaw for the overcharges on the Hays Creek Trunk sewer. Alderman Prudhomme wanted a definite statement as to the cost of the work. It was stated that the overcharge already was \$18,000. It was decided to pass a bylaw to place before the people, to provide for it, the exact sum to be determined before the vote is taken.

CITY TO HELP FAIR BOARD TO EXTENT \$1200

Mayor McMordie Tells Delegation He Thinks They Will Also Donate a Vacant Lot

A delegation from the Fair Board consisting of H. F. Glassey, Ray Love and W. Sherman jr. asked the city council at its meeting last night for the annual grant and also to make them a donation of a lot, the two mentioned being Lot 21, Block 12, Sec. 1 and Lot 53, Block 34, Sec. 1. Mr. Glassey was spokesman for the delegation.

Mayor McMordie assured the board of the enthusiastic support of the city council. Last year \$1200 was given and a similar amount was placed in the estimates this year. He also thought the city would give the lot. The request was referred to the finance committee for report.

WELLAND CANAL

The freight traffic on the Welland Canal, Canada, during 1928 reached a new high record of 7,439,617 tons.

BUILDING HERE IS VERY SLACK

Permits For March Amount Only \$800, Bring Total For Year to Date to \$10,310

The month of March this year was a very slack one in local building, the value represented in three small permits issued being only \$800. This brings the total building for the first three months of 1929 to \$10,310. In March last year the \$80,000 permit for the Capitol Theatre was taken out. Had it not been for that this year's building would have shown an increase over last year which was \$87,425 for the first three months.

The following permits were granted during March this year: Consolidated Mining & Smelting Co., Third Avenue, assay furnaces, \$550.00. W. Gratton, Third Avenue, galvanized iron garage, \$100.00. J. W. McKinley, Sixth Avenue West, general alterations, \$150.

A. C. H. Gerhardt, formerly managing director of the Toric Mining Co. at Alice Arm, is reported to have left recently for South Africa on mining work.

Charles Lee, until recently foreman at the Tiger mine at Alice Arm for the Utility Mining & Finance Co., is a visitor in the city, having arrived yesterday from the north.

Union freighter Chilliwack, Capt. John Muir, sailed at 5 o'clock yesterday afternoon for the south after having loaded a cargo of Terrace cottonwood logs at the dry dock for delivery to the Laminated Materials veneer mill at New Westminster.

Dr. H. T. James, formerly mining engineer for the provincial government and now field engineer for the Granby Consolidated Mining, Smelting & Power Co., is a passenger aboard the Prince George today going through to Anyox after a trip to Vancouver.

Having been delayed in leaving Skagway owing to an exceptionally heavy freight cargo, C. P. R. steamer Princess Mary, Capt. C. C. Saintey, is not expected to arrive here from the north before late tonight or possibly tomorrow morning. Up to this afternoon, the vessel had not reported when she might be expected. This is the last trip this winter of the Mary on the Alaska run. Next trip she will be replaced by the larger steamer Princess Alice.

Fire loss in the city during the month of March amounted to \$55, fully covered by insurance, according to a report presented to the city council last night by Fire Chief D. H. Macdonald. There were five calls during the month and all the damage occurred at the home of George Hill jr. Expenditures of the department for March amounted to \$1138.95, including \$1077 in salaries. The usual inspections had been made of equipment which was found to be in good order.

Canadian Government Merchant Marine, Limited FOR SALE BY TENDER

Sealed tenders will be received by the Undersigned as Agents for the Owners at 384 St. James Street, Montreal, until noon April 22nd, 1929, for the purchase of the following steamers: tenders to be based on acceptance of the respective vessels in their present condition and located at Vancouver, B.C. Any stores or bunker coal that may be on board excluded:

- S. S. "Canadian Coaster," ascertained deadweight capacity 3939 tons, built 1921.
- S. S. "Canadian Rover," ascertained deadweight capacity 3920 tons, built 1920.
- S. S. "Canadian Observer," ascertained deadweight capacity 3982 tons, built 1920.

CONDITIONS:—
Tenders may be submitted for one or more of the three vessels. Tenders must be accompanied by cheque for five per cent (5%) of the amount of the tender, cheque to be made payable to the order of the Canadian Government Merchant Marine, Limited, and accepted by a Canadian chartered bank. The highest or any tender not necessarily accepted. Plans and specifications of steamers can be seen and particulars of delivery ascertained on application to the Undersigned, or Mr. B. C. Keely, Pacific Coast Manager, at Vancouver. Name of vessels must be changed before the transfer is completed.

D. O. WOOD, Acting General Manager, Canadian Government Merchant Marine Limited.

MAY CALL FOR TENDERS WHEN CONCRETE LAID

Alderman Prudhomme Offers to Do Work For Half Estimate of Engineer

It seems very probable as a result of last night's city council discussion that tenders may be called for the construction of concrete sidewalks in the city and if private contractors can do the work for less than the city they may be given the contract. Several Aldermen expressed themselves last night as being in favor of that line of action and in the meantime the bylaws for laying five different sections of sidewalk in the business district was passed.

When the bylaws were brought forward, Alderman Prudhomme was at once on his feet to protest. He objected to the estimate of 70c a square foot, claiming that he was willing to take the contract for the work himself for half that amount. He said it was three or four times higher than was being paid in Vancouver. Something was radically wrong. The estimated cost of this work was \$38,240 when it could be done for \$15,000. He asked that information be secured as to the cost in other cities before the work proceeded, and moved to that effect.

Ald. Dibb thought they should avail themselves of Ald. Prudhomme's offer.

Suggested Tenders
Alderman Macdonald explained that the statements of the alderman placed other alderman in a peculiar position. Possibly the way out would be to call for tenders. While he agreed that it was worth more to do the work in Prince Rupert than in the south, if they called for tenders they would get a fair and intelligent estimate. He wanted to protect himself.

Mayor McMorde reminded the council that an alderman could not take contracts from the city. Alderman Brown objected that Alderman Prudhomme had done nothing but "bawl out" the engineer since he had been in office. He had heard enough of that sort of thing.

The Mayor said he did not think Alderman Prudhomme intended to mislead. The cost of 15 1/2 to 16 cents a foot quoted in the south was only for laying concrete and did not take into account preparing the bed. Preparing this was more expensive than the actual laying of the concrete.

Ald. Macdonald: "Calling for tenders would satisfy the critics."

Alderman Rudderham said he was prepared to support the calling for tenders.

Alderman Brown said it would not be fair to call for tenders unless they were prepared to let the work.

Ald. Prudhomme said he thought the bylaws would be defeated unless this matter were settled. He criticized the work of the rock crusher work of last year.

It was decided to proceed with the bylaws and to consider the matter of tenders later.

J. A. Hinton has accepted the presidency of the Esperanza Mining Co. to which office he was elected following the annual meeting of the company in Prince Rupert last week.

Wash Away That Itch

With a Penetrating Antiseptic

Now you can stop burning itching skin torture. Apply the pure cooling liquid D.D.D. ITCHING STOPS INSTANTLY. The healing elements penetrate the skin and soothe the irritated tissues. Eczema, pimples, ulcers, rashes, all forms of skin trouble quickly yield to this famous antiseptic. A 25c bottle gives the merit or your druggist gives your money back. D.D.D. gives skin health. (Use D.D.D. Soap).

ASK INSPECTOR OF RADIO FOR NORTH B. C.

At the meeting of the city council last night endorsement was given the request that a radio inspector be allocated to cover the northern and central portions of the city. The request for endorsement came from C. G. Ham, secretary of the Radio Association and Alderman Dibb, moved that endorsement be given.

C.N.R. steamer Prince George, Capt. Harry Neddin, arrived in port at 10:45 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon from Anyox and Stewart, returning here at 7:30 tomorrow evening and sailing south at 10 p.m.

DAILY EDITION Wednesday, April 3, 1929

GETTING READY FOR TOURISTS

In order to make the city look attractive to tourists and in order to increase our self-respect, it would be wise to begin the work of cleaning up the yards, improving the gardens, and painting the buildings that are needing it. So much can be done by individual effort to make things brighter and better. It is the little things that count. Making big plans do not amount to much. A little place well kept is far better than a big place run to seed. It is suggested that a spring slogan should be: "Prince Rupert, the city beautiful."

REGISTERING AS A VOTER

People who failed to vote at the last provincial election will have to register if they wish their names kept on the list. It is now the time when they are about to be struck off unless they take this action. While there is no election in sight just now, it is just as well to keep on the list so that when the time comes all will be in readiness. There are always a number of people who wish to vote, but who are not allowed to do so just because they have failed to register.

DOING USEFUL WORK

Many people do very useful work and yet they never get their name inscribed upon the tablets in the hall of fame. Their useful deeds go unrecorded. Just recently a man died on Vancouver Island who was a celebrity because he had devoted himself to a line of activity and had done it well. The man was "Dad" James, the cougar hunter. He is said to have killed hundreds of cougars, thus riding the farmers of enemies which did an immense amount of damage. If a sheep was killed, the farmers sent for Dad and put him on the trail of the beast. He invariably brought home the pelt. He went about the work systematically, trained dogs to the hunt and the result was that no cougar could live in peace within 50 miles. He excelled in his work and his name is known among hunters and farmers on the island and will be remembered for many years.

Fashion Fancies

Irregularity is the keynote to Chic

Here is proof that fashion is still being faithful to the irregular line. It is the printed chiffon afternoon dress sketched above, which has a long-on-one-side berth.

A Formal Evening Gown of Unusual Grace

Here is a chiffon dance frock in a deep evergreen shade, cut on fall lines. A circular berth flows from the low décolletage in back and ends in a train effect at the heels. The hips are molded and two circular flares make a long-in-back skirt. This is the type of dress that looks perfectly gorgeous when its wearer is "in action."

The Ravelled Edge Costume Makes Its Appearance

And now ravelled edges for sports. This is a smart innovation which shows every sign of becoming extremely popular. It adds that note of carelessness which is so essential to the informal mode. This ensemble of spring green kasha has a three-quarter length coat which uses ravelled fringe about one inch deep for all its edges. A single row of machine stitching holds the ravelled intact. The blouse, of white silk crepe, has a scarf neck that repeats the ravelled motif.

GOVERNMENT WILL NOT PAY TAXES TO CITY ON ITS VACANT PROPERTY

At the meeting of the city council last night a letter was read from H. Cathcart on behalf of the Provincial Government department of lands in reply to a request that they pay taxes on the Government block in the centre of the city, especially that part which is being rented. The letter said that the department would not do this.

SUBDIVISION PLAN RAILWAY LOTS ON G. T. P. HOTEL SITE

At the meeting of the city council last night Frank Rice on behalf of the Canadian National Railways asked approval of a subdivision plan of Block E from Little's news stand and including the old G.T.P. hotel site. The application was referred to the city engineer and board of works for report.

DISAPPEARING BARGE SUBJECT OF FAMOUS ARTIST'S STUDY OF LIFE

J. H. Amshewitz, noted English artist, chooses the almost extinct, but infinitely picturesque, barge as a subject for his studies from life. Power-driven barges are fast replacing the old regime.

S. PESSL

of VIENNA and BUDAPEST—head of the famous House of Pessl, beauty advisors to the aristocracy for over 100 years—

advises this one way to skin beauty

This celebrated expert emphasizes the importance of washing for beauty and warns against the ill-effects of soaps not specially made to retain the bloom of a good complexion.

S. PESSL, head of the celebrated House of Pessl, which has ministered to the beauty needs of Royalty for over 100 years. Monsieur Pessl is court hair-dresser, today, and has as patrons the Ex-Empress of Austria and many of the Queens of Europe.

"I earnestly recommend to my clients that they use only the soap blended of palm and olive oils. The use of Palmolive is especially important because its gentle action leaves the skin in a healthy, smooth, normal condition which is the very foundation of a beautiful complexion."

S. Pessl.
 VIENNA I,
 KAERTNERSTRASSE 28

Above the doorway of the Pessl Shop, across from the opera house in Vienna, may be seen crests of some of the celebrated Royal houses to which the House of Pessl has acted as Beauty Advisor

IN gay Vienna, where the women are enchanting; in romantic Budapest, on the Danube—there is one name in beauty culture which has been recognized for over a hundred years—the name of Pessl!

Today, in the celebrated shop across from the opera in Vienna, S. Pessl carries on the tradition of the Pessl name. The crowned heads to which he has ministered are evidenced by the royal crests authorized to display above the windows of his typically Viennese shop.

To his select patrons, Pessl recommends a very simple treatment for retaining youthful loveliness . . . the same treatment advised by the outstanding beauty specialists of Paris, Berlin, Rome, London, Geneva—everywhere.

Palm and olive oils in soap

"I should naturally have been led, by my knowledge of the complexion effects of palm and olive oils," says S. Pessl, "to have invented a soap made exclusively from them."

"As these oils are already combined in Palmolive Soap," Monsieur Pessl explains, "I earnestly recommend to my patrons that they use only this soap. Its gentle action cleans the skin thor-

oughly and, at the same time, leaves it in a healthy, smooth, normal condition which is the very foundation of a beautiful complexion."

The famous "international" treatment for a lovely skin

The poisonous and dangerous secretions of dirt and dust, of make-up and cream which find their way deep into the pores must be removed. Palm and olive oils, as they are blended in Palmolive Soap, act to soften the skin, to cleanse the pores, to refresh the natural coloring.

To get the utmost benefit from Palmolive Soap, you are urged by all the experts to follow this treatment, twice a day: with both hands make a rich lather of Palmolive Soap and warm water. Massage it gently into the skin, permitting it to penetrate the pores, to free them of all impurities. Then rinse, first with warm water, later cold. An ice massage is invigorating.

M. Pessl's advice is echoed by such famous specialists as Lina Cavalieri, of Paris; Elise Bock, of Berlin; Bertha Jacobson, of London. Wherever women seek the best skin care they are told: wash for beauty with Palmolive Soap.

A priceless formula embodying the precious oils of palm and olive, famous since the days of Cleopatra for prolonging health and beauty. Retail Price 10c

NEWS OF NORTHERN B.C.

SMITHERS

There have been a number of liquor cases in police court here during the past week or so. Two Smithers residents have been sent down for terms in Okalla for supplying.

District visitors in town during the past week have included: I. Gould and A. Hindle of Rose Lake, J. B. Nolan of Topley, John Bersten of Perow, and Chris Barber of Barrett Lake.

Ed. Eby is building an addition to his store here.

Duncan McGibbon left last week for Ootsa Lake where he will spend the season on his mining claims.

The grader has been put on the road to the Duthie mine which has been in rather bad shape. Traffic is lightened through the fact that ore shipments have been suspended until June.

Mr. Cotton of New Westminster is coming here to become assistant district engineer for the provincial department of public works instead of Mr. Tassie who was at first named.

Smithers merchants are paying the farmers 45c a pound for butter and 39c a dozen for fresh hen's eggs.

BURNS LAKE

Miss Dora Brunell returned home last week from a trip to Prince Rupert.

Members of the boys' and girls' basketball were entertained at an enjoyable party Wednesday night at the home of Rev. W. R. Ashford.

Mrs. H. C. Shinn of Southbank spent a few days in town visiting with Mrs. V. Schelderup and Mrs. H. Linton.

A football team is being organized here and already sixteen players have joined up.

Mrs. O'Hara was an afternoon tea hostess last Tuesday in honor of Mrs. Schelderup and Mrs. H. C. Shinn.

Miss I. M. Marshall is spending the Easter holidays at Aleza Lake visiting with her sister.

J. H. Johnson is expected back this week from an extended tour of the United States for the purpose of making arrangements for

the shipping of fresh fish from this district.

H. C. Shinn, Phil Brunell and Sivert Anderson were visitors in Prince Rupert last week on business in connection with the tie industry.

John Yool, manager of the Loyal Bank of Canada here for five years, has been transferred to Mission and will be succeeded here shortly by Mr. McLeod.

VANDERHOOF

Douglas Lay of Hazelton, resident mining engineer for the northeastern mineral survey district, gave an illustrated address here recently under the auspices of the Vanderhoof and District Board of Trade, dealing with mining developments in Central British Columbia.

A representative of P. Burns Co. Ltd. is due here within the next few days to make arrangements for the re-opening of the local creamery about the middle of the month.

There was a special Easter festival in the local United Church on Sunday. The church was decorated by F. Bowman and W. J. Bowman.

The Vanderhoof and District Board of Trade has written to the Western Canada Airways of Vancouver pointing out the advantages of this place as a base for any aerial transportation service that may be instituted in Central British Columbia.

Mrs. T. Porter is now convalescing following a recent illness.

Mrs. Henry Strangrebe has returned home from the Prince George Hospital and is much improved in health.

There are 122 pupils enrolled in the local public school now and the average attendance in March was 115.8.

PRINCE GEORGE

Sam Sulyma has joined the staff of the Corless service station here.

Ensign Boyes of Wrangell has taken charge of the Salvation Army work here during the illness of Capt. McEachern and Lieut. Munro.

The Giscome Conservative Association has elected officers for the year as follows: president,

W. C. Hodgson; vice-president, Oliver Krog; secretary treasurer, D. B. Jennings; executive, Lars Landstrom, R. C. Miller, William Burnett and George Hartley.

The Alexander Sawmills Ltd., building a sawmill on the Nechako River just outside the city limits, has been incorporated with a capitalization of \$40,000.

A. F. Green is making a satisfactory recovery in the Prince George Hospital where he has been confined for the past two weeks with an attack of pneumonia.

Rt. Rev. W. R. Adams, Bishop of Cariboo, has been holding confirmation services at various points in the district this week.

L. E. Jones of Edmonton has arrived here to engage in the business of painting and decorating.

The Isle Pierre Conservative Association has elected officers as follows: president, A. M. Dore; vice-president, H. G. Anderson; secretary treasurer, E. S. Baptiste; executive, A. G. Abery.

John Blackburn, Thomas Mathers and D. J. Gunn.

The Prince George Women's Institute held a successful bridge party in the Elks' Hall last Tuesday night.

Word is received from the Mayo Clinic at Rochester, Minn., that Ald. A. B. Moffatt is making satisfactory progress but that his stay in the east may be somewhat longer than was at first anticipated.

STEWART

United States Commissioner and Mrs. W. C. Arnold of Hyder left last week for Ketchikan where Commissioner Arnold has been appointed to a similar position. He is succeeded by A. W. Fox of Ketchikan.

Yale Rosenstein, Hyder merchant, left last week on a business trip to Seattle.

Bishop G. A. Rix has assured the congregation of St. Mark's Anglican Church here that the best man available will be sent to

Stewart this spring to take charge of the local pulpit.

The Morning Post and Financial News, two influential London papers, have devoted considerable space recently to the Canadian North Eastern Railway.

V. S. Moore, local automobile dealer, returned to town last week from a business trip to Vancouver.

Provincial Constable P. B. Smith left last week for Okalla where he will take a two months' course of instruction.

Approval is expected to be given by the provincial Department of Lands to the application that is being made for a watershed on the mountainside west of town in connection with the extension of the local water system.

L. C. Bigham, owner of the Chinook group on Rainy Mountain, returned last week from a trip to Vancouver.

Mr. and Mrs. Whitehead returned last week from Vancouver

where they spent the most of the winter.

William McGrew returned last week from a business trip to Vancouver.

Jack L. Sansum, school teacher at Premier, has left for Vancouver to spend the Easter holidays.

ALICE ARM

Mrs. Craig left last week for Vancouver where she will spend a holiday.

Inge Fiva has arrived here from Norway to join his brother, Jack Fiva.

J. A. Anderson, road superintendent, was a recent visitor here from Anyox on official duties.

PROOF POSITIVE

An Aberdeen half-wit was taken to the police office on a charge of begging in Union Street. His lawyer explained that his client was mentally deficient. "If he wasn't daft," he argued, "do you think he would beg here?" The case was dismissed.

NOT THE SAME PERSON AT ALL 'Fruit-a-tives' Stopped Pain and Terrible Dizziness

Mrs. GODIN

It seems almost a miracle—the way "Fruit-a-tives" benefits women suffering at the change of life. "I was obliged to go to bed because of the terrible dizziness, pain and weakness," writes Mrs. Onesime Godin of Paquetville, N.B. "During this trying time 'Fruit-a-tives' proved a godsend to me, and now I am in perfect health. Every woman should follow my example and take 'Fruit-a-tives,' and they would surely get the wonderful relief that I did." Try it. Your dealer has this wonderful 'fruit medicine'—25c. and 50c. a box.

SOME FACTS ABOUT THE NEW FORD

Production and Demand for New Ford Exceeds All Previous Records

The manufacturing schedules of the Ford Motor Company of Canada, Limited, have been steadily built up until a new daily record for Canadian automobile production has been reached.

Despite this peak output, orders for the new Ford keep uniformly ahead of the rising tide of manufacture. It is therefore necessary to continue a high rate of production. To this end a steady flow of material from more than 385 Canadian sources streams into the Ford plants. And here, with more than 10,000 men on the payrolls (almost double the previous employment record) these materials are converted into New Ford cars.

Ford Quality of Manufacture Has Been Strictly Maintained

In the effort to build enough New Ford cars to meet requirements, no deviation from the high standard of Ford precision has been permitted. This standard, unbelievably strict, was set before the car was placed upon the market, and it has since been rigidly adhered to.

In the New Ford car 40 different steel alloys are used. Each is chosen for the specific use for which it is best adapted. In the transmission gears alone there are seven different kinds of alloys. Likewise, the forged steel spring perches, hardly bigger round than a man's thumb, will withstand a strain of 15,000 pounds. This is 30 times greater than the strain put on them in ordinary use.

The excellence of materials used is matched by the careful precision of its manufacture. For example, the eight valve guides in every engine may deviate from perfection only by 1/30th of the thickness of the average human hair.

The simplicity and soundness of Ford design is unparalleled. Such manufacturing methods ensure a

high degree of satisfactory performance over a long period of years.

Ford Performance is the New Standard for Judging Automobiles

The rapidity of get-away and acceleration of the New Ford is a by-word. Its endurance, which

permits sustained driving at the higher speeds hour after hour, is little short of marvelous. The ease with which steep hills are climbed in high gear is equally as impressive. Shifting gears, steering and handling the car under the most trying road conditions are exceptionally simple. 25 to 30 miles per gallon of gasoline and remarkably low oil consumption give a worthwhile operating economy.

In city traffic and on country highways, the New Ford performs as well as and often better than considerably heavier and higher priced cars. In the light car field it is absolutely without equal.

By these marks of Ford performance other motor cars are being judged. It simply means that price is no longer the gauge of automobile quality.

Ford Beauty Is More Than Skin Deep

On the surface the New Ford car is all that you want it to be. Beautiful low lines, harmonious color combinations, sparkling nickel, sturdy steel spoked wheels and balloon tires all play their part in making this a car of graceful proportion and handsome appearance.

But its real beauty is invisible. The quality of materials; careful workmanship; correctness of design; the things that really matter—these are the points in which the New Ford is exceptional.

Windshield of shatterproof glass and a six brake system, fully enclosed, safeguard occupants in any emergency. Four efficient shock absorbers in conjunction with the best proven light car spring system, give matchless riding comfort. All models are completely equipped to provide the ultimate in comfort, convenience and safety.

If you have not ridden in the new Ford car, or experienced the thrill of driving it, there awaits you the knowledge that car values have actually changed; that a really fine car has come into the light car field; and that values offered by the new Ford cannot be duplicated anywhere. Your local Ford dealer will prove these statements by demonstration.

FORD MOTOR COMPANY OF CANADA, LIMITED. FORD, ONTARIO

PROMINENT MEMBERS QUIT BRITISH POLITICS

When the present British House of Commons dissolves in a few weeks' time sixty or more of its members will retire from politics. The more prominent of these include Rt. Hon. W. Bridgeman First Lord of the Admiralty (left); Sidney Webb, famous Fabian leader (lower right), and Mrs. Hilton Phillipson, who represents Berwick-on-Tweed, formerly her husband's seat, (top right).

Inhabitants of the Mexican Imperial Valley passing the border, marked by the fence, from Mexico to the safer climate of U.S.A.

WAS ARRESTED HERE ON TERRACE CHARGE

H. Graham Taken to Interior Where He Will Answer to Fraud Complaint

Local police officers last night placed under arrest H. Graham who is wanted at Terrace on a charge of fraud, the allegation being that he skipped out without paying his hotel bill. The man was taken this morning by Staff Sergeant Alex McNeill to Terrace where he will take trial before Stipendiary Magistrate E. T. Kenney.

News of the Mines

AROUND PRINCE RUPERT
Important Developments in Central Interior; Duthie in Good Shape Now; Lorraine Copper Silver Getting Started

The salient features of the year's happenings, as far as central interior mining is concerned, have been the marked increase in lode mineral production and the extraordinary interest displayed by large operating companies and the general public in the suggested mineral wealth, says Douglas Lay, resident engineer for the northeastern mineral survey district. The interest of the companies has been apparently justified in that they have secured options on a very large number of properties. Mr. Lay refers particularly to the interest shown in the district by the Consolidated Mining & Smelting Co., which has induced this company to supplement the work of its field force by keeping an examining engineer in the district for the greater part of the year. Outstanding developments have been the improvements at the Duthie mine and the establishment of a mill on the Silver Cup. Mr. Lay refers to the lode mining possibilities of the district as one vast mining prospect. He feels that last year's falling off in placer mining will be made up for this season. One of the most pleasing features of interior mining has been the employment of the highest quality of engineering skill. The Duthie Silver Cup and Ferguson mines are mentioned as accounting in no small measure for the interest now attaching to the mineral possibilities of the district.

Mr. Lay generously commends F. H. Taylor of the Topley-Richfield for the activities he had displayed in the development of the Topley field and the sound judgment shown in the choice of engineering assistance. Other properties mentioned by Mr. Lay as adding to the mining importance of the district are the Rocher de Boule, Cronin, Babine and Copper River coal fields. Mr. Lay is now on a tour of various interior points giving lectures to the prospectors and the public.

With the strong condition of the copper market, considerable interest is being taken in the Rocher de Boule property in the Hazelton district and other mines which it is possible may be opened up once more. The Aurimont Mining Co. has had experts recently examining the Rocher de Boule which it has under bond and other representatives of the company are expected to look it over shortly. Major C. B. North and J. D. Boulding of the Duthie mine also examined the property recently.

The Duthie mine is said to be in better shape today than it has ever been and prospects for the future of the property are very bright. Just recently the cross-cut tunnel from the 500 foot level encountered the Ashman vein and opened up eighteen inches of fine ore that runs 236 ounces of silver while the ore on this vein 500 feet above only ran 120 ounces in silver. In the main operations a shaft is being sunk. It is in about 75 feet now and at the 100 foot level a station is to

be cut and operations continued from there. The new plant recently installed is now in operation and the mill will start running about June 1. It will be in shape then for continuous operation.

The Lorraine Copper Silver Mines Ltd., which was recently organized in Vancouver to develop and operate the Victory group in the Babine Range, is getting work started without undue loss of time. The company is now hauling timber, camp equipment and supplies to the property over the Cronin road and a start has been made on the construction of camp buildings. As the present condition of the road to the property will not permit of the large compressor being moved out to the claims, a contract has been awarded to Paddy Higgins for driving a 500-foot cross-cut tunnel to develop the main vein at depth. As soon as possible, the machinery will be taken on to the ground. The company has applied to the Department of Mines for an appropriation to improve the road, agreeing to pay half the cost of same. Assays would indicate that the property has great potential values, these running as high as 1.60 ounces in gold, 1064 ounces silver, 21 per cent lead and 52.8 per cent zinc. In the driving of the present cross-cut tunnel, a vein not formerly known to exist was cut, this being mineralized with iron sulphides and quartz. A sample taken across six feet of this vein gave a total value of \$23.80 in gold and silver. The discovery of this vein would indicate that the mineralization of the Victoria is much more extensive than heretofore thought.

Development work by the Owen Lake Mining & Development Co. is showing fine ore in the veins cut by the long tunnel of the Wrinch property. It is predicted by some who have seen it that this property will stand out in the province and that this will be proved soon.

PUNISHMENT FOR LIE

"Look here, Wilkins, why don't you pay me that ten dollars you owe me?"
"It's your own fault, old man. Last time I paid you some money I owed you, you said you'd forgotten all about it." - Humor.

HEAVY FALL OF SNOW RECORD

Prince Rupert People Travelling Difficult Today After Nine Inch Fall

Prince Rupert's heaviest fall of the year continued incessantly throughout yesterday and last night, on some occasions assuming blizzard like proportions. It was still going on at 8 o'clock this morning when the snow after that hour there was clearing up. Since the snowfall started at midnight the total of about nine inches fallen, it was stated this morning by H. D. Tee, Dominion meteorologist. It was also fairly last night, the thermometer registering 29 above at 8 o'clock this morning.

The barometer has been on the last two days and it is probable that there may be a continuation of snow conditions. When the thaw comes, Prince Rupert people will find it harder travelling in the snow than they thought it was going to be in the snow banks.

MAY BE NEW DEAL ROCHER DE BOULE

Duke Harris in Town From Known Hazelton Copper Property

W. S. (Duke) Harris, known Hazelton mining man, has recently been in charge of operations at the Rocher de Boule mine for the Aurimont Mining Co., arrived in Hazelton from the interior on yesterday afternoon's train and will be here for a few days on business. Reports that a number of interesting veins are interesting themselves in this well known old property and it is expected that mining operations on it will shortly be resumed.

The Greatest Man in the World

TO those dear to you, you are the greatest man in the world . . . the wisest and the most far-sighted. They trust you to protect them from hardship and privation. And to the best of your ability you would do so.

Yet there may come a day when you will no longer be here to shield them . . . to provide for their needs. Will their faith in you then be justified?

You realize that their confidence challenges you to greater vigilance in their behalf. Have you made the provision for them that you know to be

necessary? Is your Life Insurance sufficient to meet their needs? Do you realize that \$5,000 invested at 6% yields an income of less than \$6 per week?

For the sake of those who love and respect and trust you . . . those to whom you are the "greatest man in the world" . . . take pencil and paper, and figure how much you have done toward the building up of an estate. Then call in the representative of any Life Insurance Company and learn how little is the cost of adequate protection.

Life Insurance Service

The Love That Never Dies

LET NOT YOUR RIGHT HAND KNOW

Uncle Sam: "Pleased to meet you, Peace. Say, you and me should get together on this proposal of mine, regarding outlawing war. . . . But hold on a minute till I give this lad a sock on the jaw."
—From The Bulletin, Glasgow.

Man in the Moon

This is the weather when even very modest people can make considerable splash.

The golfer's favorite song is "After the Ball."

"Tidd" says a lawyer is like a sick man. First he lies on one side and then on the other.

A schoolboy when asked to define miscellaneous said it was the greatest man in Italy. That's a Duce of a joke.

Girls who are looking for a man who counts, should marry a cashier or a time-keeper.

It's all very well to make jokes about the weather, but this weather is no joke.

The editor says he has had to put off publishing a garden page this week because there was so much snow on the ground.

Ten Years Ago in Prince Rupert

April 3, 1919 The Rod and Gun Club, at its annual meeting last night, elected officers as follows: honorary president, Major George B. Hull; president, Ben Self; vice-president, G. A. Bryant; secretary, treasurer, R. H. Shockey; executive, W. E. Willis; W. E. Thompson, W. Reid, D. C. Stuart, Frank Foster, Oliver, Rogers, W. Alexander and W. W. Wrathall.

Dr. S. F. Tolmie and J. C. McIntosh, federal members, have received assurances from the Ottawa government that a dry dock will be built at Victoria.

Permits will be taken out within a week for fifteen new houses that are to be built under the locally organized housing commission.

WATER NOTICE

Diversion and Use TAKE NOTICE that Alfred H. Bryant, whose address is 509 Bank of Nova Scotia Building, Vancouver, B.C., will apply for a licence to take and use one thousand miners inches or 23 c. f. s. of water out of Buck Gulch Creek...

The water will be diverted from the stream at a point about three-quarters of a mile from Dease Creek and will be used for hydraulic mining purposes upon the mine described as Ready Money Lease, Sunrise Lease No. 103 and Creek Claims Daisy and May Blossom.

Water to be diverted from Buck Gulch at a point at lower end of canyon of said creek and carried by ditch and flume over benches to point of use.

This notice is posted on the ground on the 21st day of December, 1928. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Telegraph Creek, B.C.

The date of the first publication of this notice is March 11, 1929. ALFRED H. BRYANT.

CORPORATION OF THE CITY OF PRINCE RUPERT

TAKE NOTICE THAT:

1. The Council of the Corporation of the City of Prince Rupert intends to construct a pavement sixteen feet wide on Ambrose Avenue beginning at a point where the centre line of 6th Avenue intersects the centre line of Ambrose Avenue thence along the centre line of Ambrose Avenue to the intersection with the centre line of 8th Avenue, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work, except such portion of the cost as is incurred at street intersections.

2. The estimated cost of the work is \$12,002.34, of which \$3,000.00 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is \$4.4612. The special assessment is to be paid in 10 annual instalments.

3. Persons desiring to petition against undertaking the work must do so on or before the 8th day of May, 1929. E. F. JONES, City Clerk. Dated this 2nd day of April, 1929.

GETTING POWER OFFICE READY

City Light Consumers Will Pay Their Accounts Direct to Corporation Soon

The Power Corporation of Canada is getting its organization in readiness for the handling of the municipal light and power business. Offices have been established in the Exchange Block and, after this month, local consumers will go there to pay their bills.

While J. J. Little, former superintendent of utilities, is Northern B. C. manager of the Power Corporation, W. H. Wilson Murray, formerly of the City Hall staff, will be directly in charge of the office to the staff of which Miss Kathleen Stork and Miss Lorna McLaren have been appointed.

SLIGHT DELAY IN AUTHORIZING WORK LAYING WATER PIPE

A discussion took place at the city council meeting last night in regard to the laying of new water mains. It arose on a suggestion that tenders for the supply of pipe be opened. Alderman Brown suggested that the work should be done under a bylaw and that in the meantime the tenders be returned unopened.

Alderman Rudderham argued strongly for immediate action and after considerable talk it was decided to return the tenders and await the action of the Board of Works in regard to preparing the bylaw, it being pointed out that it was proposed to extend the scope of the work to include other streets. The estimated cost so far was \$6,000.

"LILAC TIME" IS SUPER-SPECIAL PHOToplay

Colleen Moore in Greatest, Most Lovable Role of her Screen Career

Against the thunderous background of war-torn France, with flying aces zooming in the air overhead and the backwash of the world's most terrible conflict bringing panic to the peasantry, a little slip of a girl in simple frocks takes you to great emotional heights, brings a heart-throb here and a tear there, as you follow her through one of the greatest romances ever told.

That, in a sentence, is "Lilac Time," First National's great new special picture starring Colleen Moore at the Capitol Theatre tonight, Thursday and Friday.

"Lilac Time" is truly great, and Colleen Moore is brilliant in a role that rises to emotional heights. This clever little comedienne, who sprang to fame in the flapper pictures of a few years ago, is justly entitled to a niche among the best dramatic actresses of all time as the result of this great role in the picturization of the stage play by Jane Cowl and Jane Muffin.

As Jeannine, the little French girl who lives within hearing of the rumble of the great guns, who hides her tears behind a smile as her sweetheart goes away to almost certain death, Miss Moore

that establishes her as a consummate actress of dramatic strength and power. Gary Cooper, who sets the role of her war ace sweetheart, is an ideal leading man. Aside from good looks and likeable personality, he is an excellent actor and gives a brilliant performance.

Not a War Picture

"Lilac Time" is not a war story. Jeannine would have no part in a "war story," at least no major part. Rather, "Lilac Time" is a "heart story"—a romance supreme, a gripping, poignant, compelling human narrative that has the background of the World War—a conflict that swirls and eddies behind this frail lass of Sunny France.

FINE PARTY BY ROYAL PURPLE

Two Hundred Persons Helped Local Ladies' Organization Celebrate Eighth Anniversary

The local Ladies of the Royal Purple, of which Mrs. W. E. Willis is the honored royal lady, celebrated the eighth anniversary of their organization with a highly successful and enjoyable whist and bridge party and dance in the Elks' Home last night. There were about 200 persons in attendance. The hall was tastefully decorated for the occasion in the colors of the order.

There were twenty-eight tables of cards and prize winners were: Whist—Ladies' first, Mrs. Iverson; second, P. D. Cameron; men's first, Mrs. C. Brewerton; second, Mrs. Phillipson.

Bridge—Ladies' first, Mrs. J. E. Jack; second, Mrs. L. C. Eby; men's first, George Howe; second, Alex. McRae.

After the playing of cards, dainty refreshments were served during which time selections were played by Al Small's Orchestra. Prizes were presented to the winning card players by P. A. Mi-quelon of Calgary, grand organizer of the B.P.O.E., who spoke briefly.

Many people took the floor for the dance which started at 12 o'clock and lasted until 2 a.m.

The committee responsible for the success of the affair consisted of Mrs. G. E. Gulick, convener, Mrs. L. M. Fuller, Mrs. K. A. Rood and Mrs. George Frizzell. W. D. Vance was in charge of the bridge tables and Harvey Fraser, for the whist. K. S. McQuaig was master of ceremonies for dancing. Mike Budnich and W. E. Willis presided at the door.

Mrs. Angelo Astori was the winner of a \$5 gold piece which was raffled in connection with the sale of admission tickets. Her number was 19.

Dry, Hacking Cough Was Caused By A Bronchial Cold

Mrs. A. Primeau, 26 Ingram St., Chatham, Ont., writes:—"I am pleased to take this opportunity of telling you of my experience with

"Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough. After being bothered with it, both day and night, for some time I had a professional nurse recommend the above cough syrup which I took with wonderful results, and, now, it is the only remedy I ever use for colds."

Price 35c a bottle; large family size 60c. at all druggists or dealers. Put up only by The T. Milburn Co., Ltd., Toronto, Ont.
