## Canada will Ratify Peace Treaty at Coming Session And Deal with Prohibition

### Nothing to Indicate Senate will Change its Mind on Liquor Question; Revolt of Straight Conservative from Union Domination is Mentioned in Connection with Call For Convention.

(Special to The News via G. T. P. Telegraphs.)

Ottawa, August 26.—There is little speculation here as to the work of the coming session of the Dominion Parliament. It only one week away yet it has aroused but little interest.

The chief item on the program will be the ratification of the Peace Treaty. Canada being given the standing of a nation will be one of the signatories. A few measures will be incorporated into a bill empowering the Government to carry them on until their functions have been fulfilled.

A prohibition bill will likely be introduced, but there is no reason for believing that it will share any better fate when it reaches the Senate than did the one introduced last session. There is a possibility of a compromise, however.

There has been a lot of talk about a revolt of straight Conservatives in the Government from Unionist domination. The reason for the cry for a Conservative convention.

Winnipeg, August 26.—At the meeting of the South Winnipeg Conservative Association, Hon. Robert Rogers defeated Right Hon. Sir Robert Borden by a vote of more than two to one for the position of patron.

## REPARATIONS FOR MUSICAL ACTIVITIES

Plans Made to Bring Famous Soprano From Vancouver For First Concert.

With the approach of autumn signalling the shortening of the hours of daylight, evening activities for the season were discussed last night by the executive of the Prince Rupert Musical Society. It was decided to start the practices at the earliest possible moment, which will be on the first Monday after the Labor Day holiday, to get ready for the first concert which will be given on December 8.

The executive have been very busily engaged during the summer making selections for the season's program and have secured Mrs. Herbert S. Woods of Vancouver, a soprano of note, for the first concert, of which "St. Cecilia's Day," a most tuneful story of old Rome, will form the main part. There will also be other numbers.

Although the season is yet early, already there have been inquiries as to when the society would start up its regular meetings, and from the number of new members already in line, the society expects to put in another successful season this winter. The secretary is getting names of new members every day for the choral, while the orchestral side of the society is more enthusiastic than ever.

Those who wish to see Prince Rupert prosper will vote for good schools.

## REFUSE TO ACCEPT PEACE CONFERENCE TERRITORIAL RULING

(Special via G. T. P. Telegraphs.)

Paris, Aug. 26.—The Roumanian cabinet has refused to accept the decision of the Peace Conference relative to the division of territory on the Benat and Temesvar between Roumania and Serbia.

Serbia is considering a general mobilization of her army.

## SOLDIERS' HOUSING SCHEME PROGRESSING

Twenty Applicants for the Remaining Seven Loans—One House Practically Completed.

The present status of the returned soldiers' housing scheme was discussed by the City Council last night. The mayor said that the good progress had been made but there had been a lot of red tape between the Government and the City. Some of the houses had been commenced and one was nearly finished.

The mayor said that the final agreement had not yet been passed by the Provincial Government, but he had told the men they could go ahead and drive the piles. "Most of the people who had obtained loans had added considerable of their own money as it was found that the loan would not provide for the requirements."

For the remaining seven houses the mayor said there were twenty applicants.

## WOULD APPOINT AN OUTSIDE FOREMAN

At the meeting of the City Council last night Alderman Casey suggested that an outside foreman should be appointed who would also act as sanitary inspector. He said that the two officials who were at present doing the work were drawing down \$13 a day between them and it would pay the city to employ a thoroughly competent man to supervise and lay out the work of the public works department. The matter was allowed to lie over for a week.

## MINING MEN WERE BACK FROM STEWART

Think There Will Be Many Changes in That District Soon.

Among those arriving back in the city on the Prince John on Sunday evening was a party of mining men who accompanied J. J. Connors, a well known claim owner in the Stewart district. The members of the party, who are all interested in mining operations in this part of the country, were Geo. T. Jackson, general manager of the Alaska Gastineau Mining Company; James Freeburn, general manager of the Chicago Mining Co., and George Swell, general manager of the Ebner Mining Co. The party had a most successful trip and returned to Juneau on the Princess Alice yesterday morning.

In speaking of the possibilities of Stewart, Mr. Connors estimated that it will only be a matter of a few months when very great changes will be in evidence there. Rumors of the changing hands of many claims, giving more capital for working, is a very sure sign of certain development. With a few repairs the townsite as it exists today could be very much improved. The streets and roads are in rather a delapidated condition and it was only the other week that a man was drowned when he fell from one of the bridges. Mr. Connors thinks that it will be only a short time when such holdings as the Bear River properties will soon rival the deposits across the mountain.

## QUANTITY OF FISH SOLD HERE TODAY

Prices Range From 11.5 to 12.4 a Pound for Best Quality.

The following fishing boats sold their catches at the Fish Exchange this morning: Todd, 17,000; Holdal, 5,000; White Star, 11,000; Tatoosh, 6,000; Emblem, 6,500; Success, 7,000; Alameda, 8,000; Valid, 8,000; Saturn, 6,000; Nollad, 5,000; Pair of Jacks, 9,000; Alliance, 18,000; Rosepit, 6,000; Mayflower, 6,000; Verna, 4,000; Viola, 3,700.

The prices ranged from 11.5 to 12.4 with 6c. for second class.

## GERMAN ZEPPELIN MAKES BIG FLIGHT

(Special via G. T. P. Telegraphs.)

Berlin, August 26.—A new Zeppelin airship in her maiden trip from Frederickshaven to Berlin covered the 434 miles in little more than six hours with a maximum speed of 74 1/2 miles. The big balloon accommodates thirty-five passengers.

Women property owners, don't forget the school bylaw tomorrow.

## VOTE ON SCHOOL BYLAW TOMORROW

Property owners in the city will have a chance tomorrow to vote for the building of a permanent school on Acropolis Hill. The school trustees spent a long time deciding on the best possible site. The members of the city council also took an interest in the matter, when it came before them, and discovered that Acropolis Hill was the only site available.

E. D. Johnson, former city clerk, stated before leaving, that the payments on a permanent building would not be as high as on a wooden structure. He is an authority on municipal matters and strongly advocated the erection of a permanent building.

Already the schools are overcrowded and people are coming in every day. As Prince Rupert must have schools if she is to prosper, there seems to be but one thing to do and that is to vote for the bylaw.

It would be a disgrace to have to tell the world that a large number of children were unable to secure an education owing to the lack of accommodation in the city. It would be a black eye to Prince Rupert. All ratepayers are urged to turn out and vote.

## MINISTER OF AGRICULTURE GIVES ADDRESS

Advocates Mixed Farming and Development of Stock Raising And Catering to British Market.

(Special via G. T. P. Telegraphs.)

Calgary, August 26.—Dr. S. F. Tolmie of Victoria, the new Minister of Agriculture in the Borden Government, was the guest of honor at a luncheon given by the Calgary Board of Trade yesterday. He gave an interesting address in which he pressed for devoting more attention to mixed farming and the cattle industry.

The minister also emphasized the necessity of paying more attention to the British market in the future than has been done in the past and also of catering to the business across the Pacific.

## ARMY TRANSPORT CREW ON STRIKE

(Special via G. T. P. Telegraphs.)

San Francisco, Aug. 25.—The army transport D-6, carrying 1,500 troops for Siberian replacement, has been delayed by a strike of the crew. The men demand a wage increase to equal the remuneration received by shipping board sailors.

## SANDIT CHASE FAILS

(Special via G. T. P. Telegraphs.)

El Paso, August 25.—The bandit chase in Mexico is ended. The withdrawal of the American troops was effected on Sunday night when further search for the outlaw band seemed futile.

Mrs. A. D. Matheson of Port Essington, is a visitor in the city for a few days.

## Ten Hour Wage for Eight Hour Work

### Offer made to Men is not Accepted and President Wilson Declines to Intervene. Men ask for 17c. Increase.

(Special to The News via G. T. P. Telegraphs.)

Washington, August 26.—A postponement of the settlement of the wage demands of the union until the economic position is restored is announced by President Wilson as the policy which the administration will pursue with such questions, particularly those affecting railroad workers.

The demands of the railway shopmen are a 25 per cent increase. They have been asked to accept an adjustment on the basis of ten hours' pay for eight hours' work. This means an advance of the basis of pay from 68 cents to 72 cents an hour, whereas an increase of 17 cents an hour was demanded, bringing the wages up to 85 cents an hour.

Vancouver, August 26.—Authority to charge seven cent fare on city lines is sought by the B. C. Electric Railway Company if the new wage demands of the men are conceded.

## SURF RIDING ON LABOR DAY

Novel Sport to Be One of the Attractions on Big Holiday.

Last evening there was a general meeting of the committee in charge of the Labor Day sports celebration. The Finance Committee reported that their canvassing for contributions was very successful and the result is that there will be many first class prizes offered for the events on that day. The program has been drafted in a rough way and every minute is filled with some feature or other. A full list will be published within a few days and hand bills will also be distributed for show among the stores.

Two especially new and interesting events will be the surfing exhibitions to be given by a lady and the gear setting contest by the long line halibut boats. Last year an exhibition of fishing out of dories was given and this year the public will be further enlightened along the ways and wiles of the fishermen in the other common way of catching halibut. This does not eliminate the dory races, however, which are always so much enjoyed as they are purely a test of strength and endurance.

## FUEL ARRIVES HERE ON TANKER MOFFETT

Relieves Scarcity Just in Time to Prevent Business Going Elsewhere.

Just after dusk last evening the Standard Oil tanker J. A. Moffett arrived here with a cargo of fuel oil for the Imperial Oil Company, the Canadian branch of the big American concern. She brought in 60,000 barrels, or approximately 12,000 tons.

There had been a scarcity of fuel oil here and the arrival of the big boat was very welcome as boats would have had to go elsewhere to get their supply had she not arrived.

## MINISTER OF PUBLIC WORKS RETURNS FROM VISIT TO ALICE ARM

Hon. Dr. J. H. King, Minister of Public Works, returned this morning on the Camosun from Alice Arm where he had been on an official visit accompanied by F. H. Mobley, the member for that district. He visited the Dolly Varden mines while there and also attended a meeting of the Alice Arm Commercial Club.

The Tillamook returned to port yesterday afternoon and is discharging at the Grand Trunk dock this morning.

## AIR FLIGHT FROM TORONTO TO NEW YORK

Sgt. Frank Coombs Gets in First, Arriving at Mineola in 6 hrs. 11 mins.

(Special via G. T. P. Telegraphs.)

Mineola, N. Y., Aug. 26.—Three fast airplanes completed the first leg of a round trip flight between Toronto and Mineola in the first international air flight on record. Sergeant Frank Coombs, flying a 400 horse power, was the first arrival, landing at 7:11 o'clock, six hours and eleven minutes from the time he started on his 500-mile course from Toronto. The actual flying time was only three hours and thirty-five minutes, stops having been made at Buffalo, Syracuse and Albany.

## SOLDIER LOANS

(Special by G. T. P. Telegraphs.)

Ottawa, Aug. 25.—Over \$23,000,000 has been loaned by the Soldier Settlement Board to returned soldiers. Up to July 31, 7,939 individual loans were granted and 1,632 refused. More than 1,000 are pending.

## BASEBALL

American League—New York 6, Chicago 5; St. Louis 4, Washington 3; Cleveland 13, Philadelphia 0; Boston 5, Detroit 4.

National League—Cincinnati 7, Philadelphia 3; other games postponed, rain.

DAILY EDITION. Tuesday, August 26, 1919.

Children are Rupert's Most Valuable Asset.

The most valuable asset a community has is its children. If there is anything on which money might be spent, perhaps extravagantly, it would be on institutions for caring for the children. Prince Rupert children have been pretty well looked after except in the matter of playgrounds. Now it is proposed to build them a good school alongside a first rate playground. The building will be high class but not extravagant. There will be a distinct saving, however, in having the playground all ready.

Tomorrow the ratepayers will be asked to vote on the bylaw to raise money for the new school building. Only those who own property have the right to vote, but it is hoped that those who have the right will exercise it and will give every consideration to the cause of the children.

Houses to Rent Are Very Scarce.

"Why do you invite people to come to Prince Rupert if you have no accommodation for them when they arrive?" That was the question asked by a lady in the News office yesterday who was looking for a place to live. It was very difficult to find either housekeeping rooms or a house and she and her husband did not like living at a hotel.

The problem of housing is still with us and likely to be for some time to come. Looking at it from the point of view of the inexperienced, it seems as if the rents should be high enough now to make it profitable to build small cottages.

Fraser Fisheries Are Depleted.

The Skeena cannerymen seem to have justice on their side when they ask that the Fisheries Department of the Dominion Government refrain from taking the salmon eggs from the Skeena and use them to restock the Fraser for the benefit chiefly of the American fishermen. The Americans refuse to regulate their fisheries so why should the river be stocked by Canadians at the expense of the Skeena canneries.

If the canneries on the Fraser were regulated there would be no need to come north for eggs. The difficulty is that when passing up the Straits of Juan de Fuca and the adjoining waters the salmon swing over to the American side and are caught in the American traps. There are two or three traps at Sooke, but the number of fish they take is very small compared with what are taken on the American side.

There was a time when the run of fish on the big fourth year up the Fraser was so great that the cannerymen were unable to cope with the business. Now all that is simply a matter of history. The fisheries have been depleted.

There was an occasion a few years ago when the United States Government offered to establish hatcheries on the Fraser. The offer was refused as allowing a foreign nation to establish anything of that sort would be giving them a right in the country which might in later years cause complications. Again and again, however, the Canadian Government has agreed to a system of regulating the fisheries, only to have it turned down by the state of Washington.

Senate Committee And Treaty Change.

The Senate Committee does not see why the United States should do something which is wrong in order that Japan may air her pride in righting it. Japan is very proud and she is anxious to be treated as one of the first class nations of the world. She took Shantung from the Germans and did other useful work during the war. As a reward she asked that Shantung be given her when peace was declared. China was the real owner, however, as the territory had been taken from her when she was powerless to prevent it. The Powers were strong for giving the place to China so Japan then said she would be willing that China should have it as long as Japanese honor was satisfied by handing it first to her, thus giving her the right to act magnanimously and give the territory back to its lawful owner.

China expostulated and as a result started a boycott which is still causing Japan much loss of trade. Now the United States Senate Committee recommends that the camouflage be eliminated and that Japan be allowed to pocket her pride.

LIFE INSURANCE Opening

One of the oldest and strongest Canadian Life Insurance Companies has an opening for a thoroughly reliable and energetic agent to act in Prince Rupert. Please address applications to

Box No. 292 The Daily News Office

CITY OF PRINCE RUPERT

TAKE NOTICE that a vote of the ratepayers will be taken on the following bylaw, in the Council Chamber, City Hall, on the 27th day of August, 1919, between the hours of 9 a. m. and 7 p. m.

A BYLAW OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE REPAIRS OF CERTAIN PLANK ROADWAYS IN THE CITY OF PRINCE RUPERT, AS HEREINAFTER SET OUT, INCLUDING RESURFACING WITH TWO-INCH FLANKING, AND REPAIRS OF SUPERSTRUCTURE WHERE NECESSARY, AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF COMPLETING SUCH WORK, AMOUNTING TO THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00).

AND FURTHER TAKE NOTICE that ERNEST A. WOODS has been appointed returning officer to take charge of the said vote.

ERNEST A. WOODS, City Clerk.

A BYLAW OF THE CITY OF PRINCE RUPERT TO PROVIDE FOR THE REPAIRS OF CERTAIN PLANK ROADWAYS IN THE CITY OF PRINCE RUPERT, AS HEREINAFTER SET OUT, INCLUDING RESURFACING WITH TWO-INCH FLANKING, AND REPAIRS OF SUPERSTRUCTURE WHERE NECESSARY, AND TO CREATE AND SECURE A DEBT FOR THE PURPOSE OF COMPLETING SUCH WORK, AMOUNTING TO THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00).

WHEREAS the Municipal Council of the Corporation of the City of Prince Rupert has determined to resurface the following plank roadways in the City of Prince Rupert, namely:—

Section Six—Fulton St. and 8th Ave. W. Section Six—4th Ave. E. Hays Cove Circle and Hays Cove Bridge. Section Seven—6th Ave. E. Section Eight—Conrad St.

AND WHEREAS for the purpose of such resurfacing it will be necessary to incur a debt to the extent of Twenty-Five Thousand Dollars (\$25,000.00).

AND WHEREAS the City intends to issue Serial Debentures to raise the said sum of \$25,000.00, payable in five (5) years from the date of issue of said bylaw, and bearing interest at the rate of six (6) per centum per annum.

AND WHEREAS it will be necessary to raise each year during the period of five (5) years, by special rate, the sum set out in the schedule to this bylaw, for the payment of the principal and interest of said debt.

AND WHEREAS the value of the whole rateable land and improvements and real property of the Municipality, according to the last revised Assessment Roll, being the roll for the year 1919, is \$21,051,580.00.

AND WHEREAS the whole debt of the City of Prince Rupert, not including for local improvements and school purposes, is \$860,476.26 which is not twenty (20) per centum of said assessed amount.

AND WHEREAS this bylaw cannot be altered except by the consent of the Lieutenant Governor in Council.

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE CITY OF PRINCE RUPERT, ENACTS AS FOLLOWS:

1. It shall be lawful for the City of Prince Rupert to resurface the plank roadways herein referred to, and also make repairs to the superstructure where necessary, such work to be executed under the supervision of the City Engineer.

2. For the purpose of paying for the said work hereby authorized it shall be lawful for the said City of Prince Rupert to create a debt to the amount of \$25,000.00, which debt shall be payable in five (5) years from the date when this bylaw takes effect, for which debt Serial Debentures may be issued to be secured as hereinafter mentioned.

3. The Mayor and Treasurer of the City of Prince Rupert may, and they are hereby authorized and instructed to sign, and the holder of the Corporation, to each of the debentures hereby authorized to be issued.

4. The said debentures shall be in denominations of not less than the Two Hundred and Fifty Dollars (\$250.00) each, and shall be payable at the office of the Bank of Montreal, at Montreal, Canada, or, at the office of the Bank of Montreal in Toronto, Canada, or New York City, New York U. S. A. or at the City of Prince Rupert, Canada.

Made in Canada

**To the Ratepayers of the City of Prince Rupert:  
Re Proposed New School**

We, the undersigned members of the Prince Rupert Board of School Trustees desire to draw the attention of the Prince Rupert ratepayers to our reasons for recommending that a permanent public school building, costing approximately \$435,000, be erected on Acropolis Hill.

(A) As to the site, our reasons for choosing Acropolis Hill are:

1. Two-thirds of the school children now attending school live to the south of McBride Street, according to figures supplied by the public school principal. The one-third living north of McBride already have the King Edward School.

**For Section 2.**  
2. It is necessary to have a public school building which will accommodate the school children from the southerly parts of Section One and any from Section 2, and Acropolis Hill will be central for years to come until it is necessary to build a school in Section 2.

3. The only other school-site at all centrally situated for the present school-going children is the Ninth Avenue site, and the medical authorities advise against this site as being unhealthy in comparison with Acropolis Hill.

4. Acropolis Hill already has a \$35,000 playground which will be available for the Acropolis School House and this asset alone should win universal support for the Acropolis site, as it is impossible to make a good playground of sufficient size on the Ninth Avenue site.

**Only Suitable Site.**  
5. The only other available site as the school reserve near Hays Creek, but this is only several blocks from the King Edward School, and it would be manifestly unfair to erect another public school so near the King Edward, and force children from the southerly limits of the city to go so far. Moreover, the Hays Creek site is a very central one for the townsite as a whole, and for that reason should be retained for the site of our future High School.

6. If we look at a map of the townsite, it will be seen that schools built, one in Sec. 2, one on Acropolis Hill, one on the present King Edward School site and one where the present Seal Cove School is, will divide the townsite from south to north in approximately equal distances, and looking to the future, this is as it should be.

**Protect Children.**  
7. Answering the objection that Acropolis Hill is difficult for little children to climb in rough weather, we propose erecting a hand rail from the bottom of the hill, which will assist the children in windy weather, and in any event the climb is only several hundred yards further than they have at present to go on Borden Street.

8. Answering the objection that there will not be good water pres-

sure in case of fire, it is our purpose to install an electric pump to give this pressure, this pump only to be used in case of fire. A tank under the roof will provide sufficient force for water supply in the school. The city engineer and our architect have both declared this to be feasible.

**Cost of Wood.**  
The architects have advised us that a twelve-room frame school house will cost approximately \$100,000, as against \$135,000 for a permanent school building, and the city treasurer has shown us that the annual payments to be made for this frame building will be considerably greater than for the permanent building, for the reason above stated. Mr. Johnson states that the carrying charges for this permanent school (reckoned at \$150,000) will only amount to an added three-quarters of a mill to our tax rate, while a frame structure at \$100,000 would mean an added 1 1/2 mills to the tax rate.

In a permanent building we will have greater security from fire, and much less cost for fire insurance, repairs and general upkeep, and we think the time has come when, as a city, we should commence to get away from so much temporary, make-shift erections, and thus avoid the necessity of having to be continually renovating and rebuilding as the old temporary structures become delapidated.

**Defeat Detrimental.**  
Finally, we desire to impress upon the Prince Rupert ratepayers, in the most forcible manner, that the defeat of the present Bylaw will result in a delay detrimental to the best interests of public school education in the city. The school physician is already complaining about the effects upon the eyes of the children of the rented temporary premises now in use, and as the school population is steadily fast increasing the situation, from the standpoint of school room accommodation, will be desperate before the new building can be utilized.

**Should be Permanent.**  
(B) As to the erection of a permanent building, our reasons are:

We should have a permanent structure erected out of brick, hollow tile, stone, concrete or a combination of these, for the reason that the city can obtain thirty to forty years to repay the bond issue which will make the payments very light upon the present ratepayers; lighter in fact than the payments for a frame structure, the bonds for which would have to be redeemed in ten years' time.

For this and other reasons, Mr. Johnson, the present city treasurer, who is an authority on these matters, strongly recommends the building of a permanent and not a frame building.

**Needed at Once.**  
We need a schoolhouse of 12 class-rooms for the reason that we will be able to fill at least eight class-rooms as soon as the school is ready for occupancy, and we should have a few rooms in reserve so that we shall not be compelled to build another school as soon as we have this one completed, which will be our predicament if we build a temporary six or eight room frame structure as some have suggested. At the present time we have all the available room taken in the Borden Street High School, and we will, in September, have at least three class-rooms rented outside of our schools and scattered about the city, with the consequent injury to the health of the pupils caused by inadequate lighting and ventilation of these places. Without a twelve-room schoolhouse we will be unable to cope with any reasonable increase

**Brilliant Player Coming for Callies**  
Jock Campbell Expected to Arrive About the End of September.  
Friends of Jock Campbell will be glad to hear that he is expected back in the city about the end of September. In Prince Rupert Jock's renown was particularly noted for his tactics as outside right of the Callies' football team. He left here for Victoria and joined up with the 58th Gordon Highlanders for home service. Later he transferred to the Royal Army Medical Corps. Since his return to Scotland from France he has been with the Port Glasgow Athletic Juniors and to all reports is playing a brilliant game.

Lately he paid a visit to Dan MacIrvine, formerly of this city and also a great football man. He also visited Mungo McClure, whom it will be remembered carried off so many honors in the 1913 sports. It was a grand re-union of St. Andrew's boys, under circumstances very different from what there used to be in the old club rooms in this city.

**WON ROAD RACE**  
(Special via G. T. P. Telegrams.)  
Elgin, Ill., August 25.—Tommy Milton, veteran driver, won the seventh renewal Elgin road race of 301 miles yesterday at 4.05 p. m. He made an average speed of 73.5 miles an hour.

A letter was read to the City Council last night from William Denholme to the engineer asking that the sewage from Eighth St. be diverted from crossing his lot. The matter was referred to the proper department for report.

**NEW FOOTBALL TEAM MAKES A GOOD SHOWING**

Beaten by Score of 4 to 2, But Held Opponents Down During Second Half.

In last night's football game the Sons of England were victorious over the newly-formed Grand Trunk team by a score of 4 to 2. At the outset the fans were beginning to think that their might be even a greater difference of score as the Englishmen started off at a great speed and shot 3 goals shortly after the game commenced. The train men were purely on the defensive and the lack of a good half back line put the burden of play on the backs and goal keeper. Another detrimental feature was that they had only ten men on their line-up.

Playing a man short all evening, the Grand Trunk team showed up very well and especially in the second half when they took the offensive while playing up hill. At the whistle for half time the score stood 4 to 1 in favor of the Sons.

**Strong Opposition.**  
In the second half the losers began to pick up and with the changing round of a few of the players began a very strong opposition and after some very nice passing carried the ball into the net. More than once did the railway men's goal keeper save what appeared to be a certain goal. Waldorf played very well after the first few minutes when luck seemed to be against the team and the big big back on his own side always getting in his way when the ball was coming. Hughie Hamilton played an excellent game last evening and formed a tower of defence against the ever aggressive Sons' forward line. The Sons played together very well and Tinker, their goal getter, showed up a bright red in his usual brilliant centre forward line.

**Referee.**  
J. Day Bell was referee and under his eye the play went ahead last night without any undue cause for grievance for any team. Heretofore with many of the referees whenever the crowd yelled he would blow his whistle and stop the play. Last night he did not toot his alarm indiscriminately, with the result that there was a better game of football than there has been so far. The players played for all they were worth and didn't stop and hold up their hands and let a goal be shot while trying to convince the referee that a play some minutes past was off side.

**GOLF CHAMPIONSHIP IS WON BY HERRON**

(Special via G. T. P. Telegrams.)  
Pittsburg, Aug. 25.—S. Dawson Herron, 22 years of age, and representative of Oakmont County, Colorado, won the national amateur golf championship of the United States.

**LAND REGISTRY ACT**  
(Sections 36 and 43A.)

Re Application No. 11,044-1. File 6,198.  
E. that application has been made to register Jim Postulu of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 19th day of December, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot seven (7), Block twenty-five (25), Section seven (7), (Map 923); You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by Publication in a daily newspaper), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom: "and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever stopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a certificate of indefeasible Title to the above-mentioned lands, in the name of Jim Postulu,  
AND WHEREAS on investigating the title it appears that prior to the date of October, 1917 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Jim Postulu unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 19th day of August, A. D., 1919.  
F. MACLEOD,

**Mrs. Forbes Makes Butter**

She calls it Economy Butter, and it is well named, considering the quantity she gets, and the low cost of the extra butter.

To help a pound of butter add one SMALZ tin of Pacific Milk, in which has been dissolved a small pinch of baking soda.

Whip till the butter has all been taken up and allow to set gradually in a cool place.

It makes almost a pound of butter—good butter, too.

Many will thank Mrs. Forbes for her kindness, as we do.

LAND ACT

BEKRA LAND DISTRICT—DISTRICT OF CHARLOTTE ISLANDS

TAKE NOTICE that Mark Smalley, of Great Falls, B. C., is applying to the Registrar of Titles for a Certificate of Title to the following described lands:

Commencing at a point plotted at the west end of a small bay on the north shore of Bekra Island, and extending north westerly to the high water mark, thence north to the high water mark, thence north to the high water mark, and containing 140 acres more or less.

MARK SMALLEY,  
Date: July 24th, 1919.

**"LION AND MOUSE" IS A FIRST RATE PLAY**

Big Attendance at the Empress Theatre for Famous Picture.

There was a large attendance at the Empress Theatre last night for the opening of "The Lion and the Mouse".

This comic dramatic story is familiar to millions. For the picture is an adaptation of the famous stage success of the same name written by the late Maurice Klein. Also plays scenes which are considered her greatest scenes triumph as Shirley Rosemore, the girl, who brings to his knees the most powerful man in the world, who yields to ruin her father, a Federal judge, because he issues an injunction against the mother-in-law of her father's next-of-kin attorney.

**"MANTLE OF CHARITY" SATIRE ON FASHION**

Margaret Fisher Shown to Advantage in play at West-Home Tonight.

Plenty of humor prevails in the photogenic "The Mantle of Charity" which was shown last night at the Westhome Theatre. The picture of fashionable life were illustrated in a humorous way and Margaret Fisher made a great hit with the audience.

This story is very wide in its appeal, as fact everyone likes it. It will be repeated at the West-home tonight.

\*\*\*\*\*  
**IN THE LETTER BOX**  
\*\*\*\*\*  
**REPLY TO MR. ALDER**

Editor of Daily News,—  
I wish to correct some incorrect statements made by Mr. Alder concerning the proposed school site.

He states the location is on a blind road and criticizes its accessibility. The school site fronts on Summit Avenue, if this is on a "blind" road, and we have chosen enough ground for the site so that we can approach the school from all sides. Surely there is plenty of room on Acropolis Hill.

As for lack of sewer, this is in contrast, as we can connect either with the Sixth Avenue sewer or with the Borden Street sewer, this being possible owing to the high elevation of the school site, whereas the Ninth Avenue site would have sewer connections for years to come.

As for the difficulty of climbing the hill, we do not think that this argument will be taken seriously. It certainly will not by those who have seen the little ones running up to the ball grounds. It is only a few hundred yards further than the present Borden Street school, and as for the extra climb, those of us who used to walk three miles to school, when we read such piffle, wonder how we ever managed to do so. Moreover, we intend to erect a hand rail from the foot of the hill to the school to protect the little children in windy weather.

**No Alternative.**

Mr. Alder does not suggest anything in place of the Acropolis site, and this naturally leads us to wonder why. He also does not say he is going to vote against the bylaw, but leaves us to draw that inference, and as it said, if Mr. Alder can defeat the bylaw by fighting it on the ground of the site it will be an excellent method of keeping down the tax rate, even though we have no schools for our children.

It should be clearly understood that the situation is desperate from the standpoint of school accommodation, and will be worse before the new school building can be completed, and unless this bylaw is passed, the present school board does not see how it can possibly cope with the situation. A perusal of the published statement of the school board will show the ratepayers why there is no alternative to building the proposed school on the Acropolis site.

To those who are interested in the welfare of our schools remember that tomorrow, Wednesday, is the day to vote.

Yours truly,  
**L. W. PATMORE.**

Passengers from the south on the Princess Alice yesterday included Mr. and Mrs. A. H. DeForest of Tacoma, Wash., who are visiting in this city for a short time.

**Public Notice**

IN THE MATTER OF THE ESTATE OF ROBERT J. FERRISS, DECEASED.

TAKE NOTICE that the undersigned will be received by the undersigned on the 21st day of August, 1919, at the office of the Registrar of Titles, in the City of Prince Rupert, B. C., at the hour of 10 o'clock a. m.

TAKE NOTICE that in order to carry out the provisions of the will of the deceased, the undersigned will be required to pay to the Registrar of Titles the amount of the estate tax of \$1,000.00.

THE REGISTRAR OF TITLES,  
VICTORIA, B. C.,  
July 17, 1919.

**WATER NOTICE**  
DIVERSION AND USE.

TAKE NOTICE that M. F. Ouse, whose address is 27th Street, Prince Rupert, B. C., will apply for a licence to take and use for a certain purpose a quantity of water out of the water out of the Tumbler Creek, also known as the Gual Creek, which flows westerly and southerly into the Kilditch river, about 27 miles from its mouth at head of the inlet of Alice Arm.

The water will be diverted from the stream of a point about 20 chains easterly from S.E. corner Lot 25, Range 3, Coast District, and will be used for mining purposes upon the mine situated on the North Star Mineral Claim, Lot 25, Range 3, Coast District.

This notice was posted in the ground on the 20th day of July, 1919.

A copy of this notice and an application pursuant hereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Registrar of Titles, Victoria, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is July 25, 1919.

**LAND ACT**

PRINCE RUPERT LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE NOTICE that E. M. Laidlaw, of Queen Charlotte City, occupation teacher, intends to apply for permission to purchase the following described lands:

Commencing at a point plotted on the south shore of Neade Island, about 100 feet east of the S.E. corner post P. E. No. 154; thence north 25 chains; thence east 20 chains; thence south 20 chains to point of commencement.

# NO MORE KIDNEY TROUBLE

## Since He Commenced to Take "Fruit-a-tives"

78 LEES AVENUE, OTTAWA, ONT.  
 Three years ago, I began to feel run-down and tired, and suffered very much from *Liver and Kidney Trouble*. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising.  
 "I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."  
 WALTER J. MARRIOTT.  
 One a box, 6 for \$2.50, trial size 25c. All dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, OTTAWA.

 TIMBER SALE X 1805.

# TRY TO BREAK LOCAL BYLAW

## John W. Miller of New Windsor Notifies City of Intention To Proceed.

At the meeting of the City Council last night a letter was read from John W. Miller notifying them that he would take proceedings in the Supreme Court to set aside the recently passed by-law in regard to the licensing of barmaids and preventing juniors from entering poolrooms.  
 The letter said that some sections of the bylaw were ultra vires of the city in that it was not illegal for a person under eighteen years of age to enter a poolroom, they had no power to debar women, and no power to issue permits or prohibit girls from acting as barmaids.

The Mayor explained that Miller was the proprietor of the New Windsor Cabaret and he was the man who had put up the bail for Smith recently.  
 Alderman Perry suggested that they were already beginning to miss Mr. Peters. He thought the appointment of a city solicitor should be considered soon in order to save themselves expense and embarrassment.

Alderman Casey said he had not questioned the legal aspect of the bylaw because he assumed it was laid before the acting city solicitor, Mr. Williams. He said that one result of the operation of the law had been to force out of employment the girl who was working for Killas' and who had refused to submit to the license.  
 Alderman Perry said he sympathized a good deal with Alderman Casey's view. He thought five years was a long way to go back into a girl's record.  
 The letter was eventually referred to the solicitor for report.

# PRISON QUARTERS FOR WOMEN IS DISCUSSED

## City Council Wrestle Once More With Difficult Problem and Notice of Motion Given.

At the meeting of the City Council last night Alderman Perry took exception to the keeping of prisoners in solitary confinement while in jail. He thought they should be allowed a reasonable amount of exercise. He suggested that the mayor should take a recommendation to the Police Commission in regard to the matter. He also brought up the question of quarters for women.  
 The mayor said that the local provincial authorities had reported against the use of the provincial building for jail purposes. They claimed that they required it for their own use. The quarters in the city building could not be used for women. When the new telephone system was installed there would be more room.  
 Alderman Kirkpatrick moved, seconded by Alderman Perry, that the city hire a building for the occupancy of female prisoners. The mayor ruled this out of order and said he would take it as a notice of motion for next meeting.

# METHODISTS WILL HOLD RALLY HERE

## George Bell, M. P. P., Who is Coming is One of Leading Laymen of Church.

There is to be a big rally of Methodists here this week. Geo. Bell, M. P. P., is expected to be present and address the gathering and among the Methodist parsons that will foregather will be Dr. Spencer, Dr. Large, Rev. Geo. Raley, Rev. J. H. Young, Rev. J. R. Hewitt, Rev. W. H. Pearce.  
 The forward movement, under which this rally is held, is right in line with the church union movement and George Bell is its active head for this province. Mr. Bell was recently in New Zealand campaigning for prohibition, which was defeated by the soldier vote. He is a good speaker and is one of the leading laymen of the Methodist Church.

The sister of Geo. Edward Boyle is searching for some trace of him. He is aged 35 years, hair red, eyes grey, height 5 ft. 6 in. He originally came from Ottawa, Ontario, was in the Canadian Engineers, C. E. F., discharged March 3rd, 1919, and stated his intention of proceeding to Vancouver, B. C. Since then no trace of him has been found. If any information is received notify R. N. W. M. Police, Prince Rupert.

### AYLESWORTH DEAD

(Special via G. T. P. Telegrams.)

Toronto, Aug. 25.—Major Allan Aylesworth, son of Sir Allan Aylesworth, former minister of justice, died here.

W. D. Griffith's massive production "Hearts of the World" at the Westholme Theatre Friday and Saturday.

A recent building permit issued by the city is to A. Montesano for alterations to a dwelling house to the extent of \$300.

The Women's Auxiliary of Seil Cove will hold a cake and apron sale at the home of Mrs. Charles Hills, Tenth and Bacon Streets, tomorrow afternoon from 3 till 6 o'clock.

There is considerable activity at the coal dock this morning, where a large scow load of lumber is being unloaded. The cars are standing near by and the lumber is placed aboard and raked for shipment to the east. Many car loads have been shipped during the past few weeks.

There are many preparations in the City Council Chamber today for the voting on the bylaws tomorrow. The booths have been erected and the scrutineers' places allotted. A large vote is expected as there is considerable interest among the ratepayers in regard to the proposed new school.

At the meeting of the City Council last night, the question of the extension of the telephone system was mentioned, and Ald. Casey said he had been informed that the capacity could be doubled by expending only about two thousand dollars. The mayor explained that before any action was taken a competent telephone engineer would be employed to report.

In the police court this morning Tom Hanson was fined \$15 or fifteen days in default of payment. He has been an offender previous to this on the same charge of drunkenness before the magistrate. The fine was stiffened a little as he had forgotten his warnings. It is very likely that the cash will be furnished as the man is in a hurry to get over to North Island before he misses too many fish.

Just arrived, a car of Beaver Board. A. W. Edge Co., distributors.

### Notice to Advertisers

- Casual advertisements for insertion same day should be in the Daily News office before 10 a. m.
- Changes in advertisements should be on hand before 5 p. m. on previous day.

### Houses for Sale

Four-roomed house, Fifth Avenue, Section 5, \$1,600.

Five-roomed house, heating plant, fireplace, Sixth Ave., near Drydock, \$2,500.

We also have a number of lots near Drydock for building purposes.
