CALLS FORCES WINNING IN CIVIL WAR

PASSAGE OF VALIDATION BILL IS DELAYED AT VICTORIA

Cities Being Recaptured and Government Forces Break Down Revolution in Southern Mexico

NEW YORK, March 7.—The complete breakdown of the revolutionary movement in Vera Cruz and other parts of southern Mexico is reported today, while the rebels in the north continue to drive toward Jaurez, where a handful of federal troops await them.

General Jesus Aguirre, the rebel commander in Vera Cruz, is believed to have fled by the sea after the fighting yesterday, which ended when the consular corps secured an armistice to avoid further bloodshed.

The cities which the government forces have recovered are Monterey, Cordoba, Saltillo, Orizaba and Jalapa, while Vera Cruz is virtually re-captured.

The naval forces are said to have notified the government of President Portes Gil of their loyalty.

RUM RUNNERS ARE TAKEN AT SAN FRANCISCO

SAN FRANCISCO, Mar. 7.—San Francisco rum runners were seized and a truck load of 5,000 cases of choice wines and liquors was captured at the same time at Santa Rosa. The police are of opinion that they have secured the leaders of one of the largest rum running groups in the States.

The men on the truck had machine guns and following them in a sedan were three men also with machine guns. The latter could not use their guns for fear of hitting their comrades ahead. Two other trucks escaped.

FARM LOANS FOR PROVINCE

VICTORIA, March 7.—Farm loans should be available to B. C. agriculturists by May 1, according to an announcement made by Dr. J. D. McLean, chairman of the federal farm loan board. Mr. MacLean stated that nominations for places on the provincial board had been made by the provincial government and will be considered by him and his colleagues immediately. Names of the nominees were unannounced.

LONE BANDIT ROBS A BANK

DENVER, March 7.—A lone bandit entered a bank yesterday at Inglewood, near here, backed the cashier and other members of the staff into the vault and locked them in, getting away with \$3500. In the vault were large sums of currency which the bandit might have had if he had known.

WEALTH OF CANADA AGGREGATE BIG SUM

British Columbia Leads in Proportion to Population

OTTAWA, Mar. 7.—The aggregate national wealth for Canada for the year 1926 was \$26,691,482,000 says the report of Dominion Bureau statistics. This is exclusive of undeveloped natural resources. The largest single item for 1926 was agriculture with a total of \$7,917,718,000. Ontario ranked first in wealth with \$9,130,189,000.

British Columbia leads in per capita wealth with \$3,844. British Columbia's total wealth was \$2,185,210,000.

GOVERNMENT MOVES TO BORROW TWELVE AND HALF MILLION

VICTORIA, Mar. 7.—The government is moving in the legislature to borrow \$12,500,000 this year. Nine and a half million will be for roads and \$3,000,000 to make up deficits.

BILL TO BORROW IS INTRODUCED BY TOLMIE GOVERNMENT

VICTORIA, March 7.—A bill introduced by the legislature last night will give the government power to borrow \$9,500,000 for the purpose of carrying out public works during the coming year.

GASOLINE PRICES

Fishing boats arriving from Ketchikan report that gasoline is being sold there for 9c a gallon. Local companies are charging 21 1/2c.

LIQUOR PROBE

VICTORIA, Mar. 7.—The commencement of the enquiry into the appointment of Liquor Board officials under the former Liberal government has been postponed from today until Friday. The investigation will be open to the public.

OFFICE HUNTERS AT WASHINGTON PESTER PRESIDENT

WASHINGTON, Mar. 7.—The life of the new president is being made uncomfortable here by the large number of office seekers who beset the place. Most of them are men or women who supported Mr. Hoover in the election campaign last year and who have come looking for their reward. Not an office in the gift of the government but has its swarm of applicants and some of them are very insistent.

WATER SHORT AT ROSSLAND

ROSSLAND, March 7.—Fire Marshal J. A. Thomas of Victoria conducted a court of inquiry into the Rossland fire of last Saturday. The session was short and the fire marshal came to no decision.

Witnesses stated that Rossland had trouble with its water system for some time during the winter owing to the shortage of water. The intake to the mains at the reservoir was frozen and of little use.

Further Information About Debentures is Asked by Legislature

Power Deal Here Held Up in Meantime by Public Accounts Committee; Municipal Inspector to Enquire

VICTORIA, March 7.—Information on debentures still outstanding will have to be secured by Robert Baird, inspector of municipalities, before further progress can be made with the legislative bill to ratify the sale of the Prince Rupert hydro-electric system and franchise to Nesbitt-Thompson Co., of Montreal, it was decided in the private bills committee of the legislature this morning. The amount of the outstanding debentures is placed at \$218,000. It was felt that a sufficient sum should be placed in the sinking fund of the city to take care of the interest and principal of debentures.

H. R. Robertson, representing the city of Prince Rupert, and Mr. Baird will draft a wire to Prince Rupert asking what the city intends to do with the proceeds of the sale.

The city's sinking funds were in excellent shape, the committee was informed.

Meantime, the final closing of the deal between the city of Prince Rupert and Nesbitt-Thompson awaits the passing of

LARGE SUM FOR STEWART LINE

Sum of \$300,000 to Be Spent Re-construction and Surveying

VICTORIA, March 7.—In moving the second reading of the bill to amend the Canadian North-eastern Railway Act in the legislature, G. A. Walkem stated that arrangements had been completed for the expenditure of \$300,000 on the re-construction of the existing line of the railway from Stewart and for surveys of the proposed extensions this year. The bill failed to pass for a second reading. Mr. Pattullo adjourned the debate.

BRANCH LINES ARE APPROVED

OTTAWA, March 7.—The Canadian National branch line program to build approximately 700 miles of branch lines at an estimated cost of \$28,000,000 was approved in full by the railway committee yesterday. The branch line program of the Canadian Pacific for approximately 1100 miles was approved except for the proposed line from Melfort to Sutherland, Sask., in the area under dispute with the Canadian National. This line will be considered further tomorrow.

RESOLUTION REGARD PRAIRIE WATERPOWERS

OTTAWA, March 7.—The house yesterday passed an amendment of Hon. H. H. Stevens to a resolution of J. S. Woodsworth respecting the disposition of unalienated waterpowers in the prairie provinces, giving the same status as those within the railway belt in British Columbia.

PECK VOTED WITH PATTULLO

Favored Amendment Against New Telephone Company Getting Right Increase Capital

VICTORIA, Mar. 7.—By a vote of 27 to 16 the amendment to the bill to incorporate the Northwest Telephone Company, providing that the share capital of the company could not be increased without the consent of the Lieutenant-Governor in Council, was defeated. The amendment was moved by T. D. Pattullo and in his address he won the support of several of the Government members who voted for the amendment which was supported solidly by the opposition. Conservatives who supported the amendment were Messrs. Rutledge, Peck Hayward, Dick and McNaughton.

ONE MILL LEVY FOR ALL RURAL SCHOOLS

VICTORIA, March 7.—The provincial government decided to modify its plan to levy three mill school tax in the rural school districts by reducing the levy to one mill.

CAPT. SAUNDERS PILOTAGE HEAD

Will Act Temporarily as Superintendent for Vancouver

OTTAWA, March 7.—The marine department will implement practically all recommendations of Mr. Justice Morrison in the B. C. pilotage inquiry, it was announced yesterday. Captain F. T. Saunders of Prince Rupert will temporarily act as pilotage superintendent at Vancouver.

VANCOUVER WHEAT

VANCOUVER, Mar. 7.—Wheat was quoted on the local exchange today at \$1.26 3/4.

Condition of Marshal Foch Regarded as Hopeless

Since his remarkable recovery from a severe heart attack a few weeks ago, Marshal Foch was considered to be on the road to rapid recovery. His condition now is reported to be very serious, however, and two of his five physicians in attendance on the great soldier regard the case as virtually hopeless. He is slowly sinking from an illness with lung, heart and kidney complications. The above photographs of the former generalissimo of the allied armies show him, left, leaving the British War Office, and, right, sitting in the grounds of his beautiful chateau "Claire Fontaine" in Brittany, with grandchildren.

WILL LOG ON WEST COAST Q. C. ISLANDS

A. P. Allison of the Allison Logging Company, who has just returned from a trip to the Queen Charlotte Islands, told the Daily News that he was arranging for the first logging that had ever been done on the west coast of Queen Charlotte Islands. A number of small loggers will get out some of the timber in the inlets on that part of the coast and they will be picked up by one of the big barges and taken to the market.

Next week Mr. Allison is bringing a load of logs to Prince Rupert for the Big Bay Lumber Co., from Massett Inlet. He also buys logs at various points.

MINERALS OF THE STIKINE

Dr. F. A. Kerr Tells Mining Convention of Winnipeg About Riches of B. C.

WINNIPEG, Mar. 7.—The Stikine River in British Columbia provides access to more than 200,000 square miles of unexplored mineral area, it was stated by Dr. F. A. Kerr of Vancouver during yesterday's session of the Canadian Mining Institute in convention here.

Dr. Kerr spoke on the development of the mineral resources of Northern B. C.

The territory made available for prospecting by the river comprises a portion of one or two of the main mineralized zones in B. C. The mineral in the area had already been proved.

WATER BOARD AS UTILITY CONTROLLER

Proposal Objected to By Power Companies and May Be Changed

VICTORIA, Mar. 7.—The Provincial Water Board is to be given the job of controlling the public utility company operations in British Columbia for the present year under the plans laid before the power companies by the government in conference.

Hon. F. P. Burden, said, however, that the legislation as now drafted was subject to amendment. Following are the protests against some part of it by the power companies:

In effect the legislation as drafted would force any power company to supply electricity to any consumer who desired it, provided the consumer guaranteed to pay the cost of connection, other incidental costs and tolls. In case of dispute it would be subject to adjudication by the water board. Power interests asserted that it was "flagrantly unjust" to demand they supply power anywhere, at any cost, without being guaranteed full returns for their money.

Scottish Humor

Imported direct from the Aberdeen Joke Factory

A DEAD LANGUAGE

Aberdeen Lary (to Schoolmaster): "I've come to see if you wad teach my boy Latin."
Schoolmaster: "I shall be delighted, but why Latin, that is one of the dead languages?"
Aberdeen Lady: "I ken that. You see, he's to be an undertaker like his father."

HOW PRINCE RUPERT RANKS IN REGARD TO SCHOOL POPULATION

In public school population Prince Rupert, having a total of 776 pupils enrolled, came ninth among the cities of the province last year, according to the annual report of the superintendent of education. Prince Rupert, with 161 pupils enrolled, came tenth in number of high school pupils. City high schools having a larger enrollment than Prince Rupert were Chilliwack, Cranbrook, Kamloops, Nanaimo, Nelson, New Westminster, Vancouver, North Vancouver and Victoria.
Leading this city in public school enrollment were Nanaimo, Nelson, New Westminster, Trail, Vancouver, North Vancouver, Vernon and Victoria.

PORT CLEMENTS SCOUTS ACTIVE

PORT CLEMENTS, Mar. 7.—The Boy Scouts had a very enjoyable hike to Mayer Lake on the pole track. The Mayer Lake people gave them a very warm reception.
Scouts Pelton and Tingley have passed their tenderfoot and the Scoutmaster is trying to enthuse the others to move faster.
Plans are being made for a church parade on Easter Sunday which every Scout is asked to attend, for a Scout social on April 6 and for a summer camp later.
Fire Chief D. H. McDonald is in receipt of a letter from his son, Angus, who is studying at Vancouver College, stating that Jack Sargent, son of Mr. and Mrs. R. S. Sargent of Hazelton, recently distinguished himself in a debate with University of British Columbia students on the subject "Resolved that Federal Control should be Paramount in Conservation of Canada's Natural Resources." Sargent led in the affirmative argument for Vancouver College.

NEWS OF NORTHERN B.C.

SMITHERS

Zona, five year old daughter of Mr. and Mrs. Ed Eby, succumbed Saturday night to pernicious anemia. She was about to be taken to the Prince Rupert General Hospital. Business in town was practically suspended when the funeral was held on Tuesday by Father Vallieres.

Extensive alterations are being made around the local provincial government buildings. Living quarters upstairs may be converted into offices to keep pace with the growing requirements of the district.

Dr. J. McIntosh Bell, C. A. Banks and other officials are on a visit of inspection to the Dutchie mine.

Six or eight men are engaged under A. Roy McDonnell in the work of putting in a fish ladder at Moricetown Falls on the Bulkley River. An appropriation was made by the Department of Fisheries for the work which is expected to greatly assist the propagation of salmon in the upper reaches of the Bulkley River.

A popular local couple were united in marriage last Monday evening when Miss Sybil Sonstane Ashwell, for two years identified with the Post Office staff, became the bride of Clifford Gregg Barrett of the C.N.R. roadmaster's department. The ceremony was performed at the home of Mrs. D. C. Sangster by Rev. J. T. Smeeton. Mr. and Mrs. Barrett have left to take up residence at Prince George to which point Mr. Barrett has been transferred.

An executive meeting of the Associated Boards of Trade of Central British Columbia is to be held in Smithers on March 13.

PRINCE GEORGE

George Milburn registrar of voters for this district, has served notice upon one thousand voters that their names will be struck off the list unless they make application for reinstatement.

The British Columbia Central Teachers' Institute will hold its annual convention here during the Easter vacation. Thomas S. Carmichael of Prince George is president of the organization; F. G. Cook, Vanderhoof, vice-president and Mrs. Luella Martin, secretary.

The Prince George Board of Trade last week passed a resolution asking the legislature to oppose the granting of a charter to the Canadian Northeastern Railway to build a line from Stewart into the Peace River country.

Mrs. R. W. McLeod left last week for New Westminster to join Mr. MacLeod who has been transferred to that point in the service of the Dominion Fisheries.

Mr. and Mrs. R. G. Sutton and family left last week for New Westminster where they will take up residence. Mr. Sutton having been transferred to the Fraser Valley as district horticulturalist for the provincial government.

VANDERHOOF

The Cariboo Presbytery of the United Church of Canada has elected officers as follows for the year: chairman, Rev. Cecil Lancaster secretary, Rev. H. T. Allen; convener of home missions, Rev. P. Connal; chairman of the maintenance and extension fund, Rev. David Donaldson.

George Snell shipped a carload of grain to Otway last week.

Sir John Pitka of Stuart Lake was a business visitor in town last week, it being his first visit here in two years.

The Women's Auxiliary to the local Anglican Church has elected officers as follows: president, Mrs. Otto Hammond; vice-president, Mrs. Harry V. Taylor;

secretary treasurer, Ms. Roy M. Taylor.

Mr. and Mrs. H. Richmond of Asquith, Sask., are visiting with their daughter, Mrs. R. H. Moore.

W. H. Miller spent a few days in Prince George last week receiving medical treatment.

Miss Grace McIntosh, who is practically recovered from severe burns she sustained some weeks ago while cleaning clothes with gasoline, is visiting in town with Mr. and Mrs. Robert Reid.

John Hoskins, after having been a resident of Vanderhoof for eight years, left last week for Prince Rupert.

BURNS LAKE

Word has been received here of the recent death in Seattle of Mrs. Ross, mother of Mrs. J. H. Gain, who formerly resided on the north shore of Francois Lake.

Mrs. F. Carroll and Mrs. P. J. Carroll and daughter, Patricia, are visiting at Decker Lake.

Axel Nelson is receiving treatment in the Burns Lake Hospital for injuries sustained while working in the Roberts tie camp at Colleymount.

Harry Karlson, who sustained injuries in Kurt Unger's tie camp at Lippincott Bay which necessitated the amputation of two toes, is a patient in the Burns Lake Hospital.

Miss Christina McLeod has arrived here from Prince Rupert to take a position as bookkeeper in the Burns Lake Garage.

The Letter Box

Sacramento, Calif.,
 February 28, 1929.

Editor, Daily News:

Most thrilling is the news, just received, that your new quota system of immigration has, with statesmanlike vision, been made an actuality. Of course, this will stimulate certain reactions. A few will insist that they want a type of "cheap" labor that is cheap in every sense of the word. The good sense of the vast majority of Canadians must prevail herein. Canadians will remember that the cost of "cheap" labor, like the cost of war, is borne by taxpayers for many future years. Your natural resources are yours. They will remain yours with ever increasing values, whether you exploit them today or tomorrow.

Of course, there is herein really but one issue at stake, Canada's British-Nordic culture is endangered because of the differential birth rate. One Latin American family boasts of 25 living children from a marriage contracted 28 years ago. At this rate this couple would eventually have 625 grandchildren. Their competitor, the old-stock Anglo-Saxon father who must rustle to feed, clothe and educate a brood of 3, can expect at his rate, 9 grandbabies. 625 to 9 is an extreme case. But there is a vast difference between the British-Nordic and the Mediterranean, also the Alpine birth rate. Such a competition means Canada's sinking to Latin America's level.

A descendant of Yorkshire forbears, dare not the writer suggest that your Quota came none too soon!

Very earnestly,

IMMIGRATION STUDY
 COMMISSION

By C. M. GOETHE,
 President.

Canada sends about 30,000 tourists to visit Great Britain every year, while about 90,000 leave the United States annually for the British Isles, according to official figures sent to the Institute of Foreign Travel by the British Board of Trade.

Get This Fact Straight

WHAT you eat at breakfast determines the kind of day you will have. Lack of balance in essential food elements results in heavy, listless mornings that unfit you for work or play. Eat Quick Quaker because it has the perfect balance. The oat contains 16% protein, which is more than any other cereal, and protein is needed to build tissue and stamina. Carbohydrates, 65%, for energy and heat. Minerals for blood and bone. Vitamin B to help assimilation. Enough roughage to make artificial laxatives unnecessary.

Only carefully selected oats go into Quick Quaker. The cream of the oat crop and the most expert milling give Quick Quaker a deliciousness that everybody relishes. It's a breakfast you never tire of.

Be sure to ask your grocer for Quick Quaker. Packages contain coupons with which you can secure silverware and other useful articles. Big, family package, wrapped and sealed.

Make a Collection of Dainty Chinaware
 Each package of Quick Quaker Oats marked "Chinaware" contains a piece of pretty China. Delicate blue and gold pattern. China you will be proud of. These pieces include cups, saucers, tea plates, slightly larger plates, porridge bowls, sugar bowls, children's mugs and other dishes.

Eat More Milk

by Mary Blake

I sometimes think that if milk were as rare and expensive as luxury as caviar or paté de foies gras, we would really appreciate it, justifying ourselves in paying prodigious prices for a spoonful or two by explaining its unrivalled food value. As it is, milk is such a common place in our daily menus that we almost ignore the fact that no other single food can compete with milk in nourishment value. Complete in itself, it supplies everything needed for bodily health, growth and activity, contributing more food value for the money than any other article in our diet.

Do you wonder that I urge you to eat, as well as drink, more milk? Give it a prominent place in every meal. Use it in cream soups, creamed vegetables, milk desserts, cream sauces on fish and meats. They all contribute generously toward the "quart a day" requirements for health.

The best milk for ALL cooking

For cooking of every sort, Carnation Milk is better than even the best of bottled milk. It is completely dependable—its quality, cream content, purity, of controlled uniformity. It is simply whole milk of the highest grade, evaporated to double richness and sterilized for safekeeping. It is also "homogenized"—the cream content broken up into minute particles and distributed throughout the milk, giving every drop its generous double-share of enriching cream. Soups are richer, sauces creamier, cakes finer-textured, ice creams smoother, candies and puddings more delicious because of these extra-fine cream particles.

You will find, moreover, that Carnation is more convenient and economical than milk in any other form. Send for free Carnation Cook Book. Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Chicken a la King

2 tbs. butter or chicken fat, 1/4 green pepper, shredded, 1/4 cup mushrooms, chopped, 3 tbs. flour, 1/4 pimento, shredded, 1 cup chicken broth, 1 cup Carnation Milk, salt and pepper, 1 1/2 cups cold chicken. Sauté the green pepper and mushrooms in the butter until tender (about 10 minutes), keeping covered while cooking. Remove and blend flour and seasonings with fat left in pan; add broth and Carnation and cook until thickened, stirring constantly. Place chicken, cut in 1/2 inch dice, pimento, green pepper and mushrooms in top part of double boiler. Pour over this the sauce; continue cooking over hot water 10 minutes. Serve in patty shells or on toast.

Carnation Corn Chowder

1 1/2 inch cup fat salt pork, 1 small onion, diced, 2 tbs. butter, 2 tbs. flour, 4 cups raw potatoes, diced, 2 cups Carnation Milk, 2 cups water, 1/4 tsp. pepper, 8 crackers, 1 No. 2 can corn, 1 1/2 tsp. salt. Cut pork into small pieces and fry out fat, add onion and cook until brown. Strain fat into saucepan, add potatoes cut in 1/2 inch cubes, 2 cups boiling water, and 1 tsp. salt; simmer until tender. Add white sauce made of the butter, flour, seasoning and Carnation diluted with the water. Add corn and heat mixture to boiling point. Serve immediately.

Milk in Its Best Form

Carnation Milk is always pure, always sweet, always uniform in quality. It is doubly rich in cream, and "homogenized" to break up the cream into finest particles. That's the secret of the velvety texture it gives everything.

News of the Mines

AROUND PRINCE RUPERT

Good Ore on United Empire; Ore Bodies on Sunrise at Alice Arm; Joe McPhee to Develop Red Bluff

The United Empire Mines property, back of the town of Stewart, lying about two and a half miles from tide-water and half a mile from the Canadian Northeastern Railway, is said by officials to have ore of a similar nature to that of the Silverado. Assays across four and a half feet taken from the face of a 140-foot drift show \$1.20 in gold, \$30.60 silver, \$6.50 in lead, \$11.09 zinc, or a total value of \$49.47. The vein is six feet wide at this point and the depth is approximately 100 feet. The vein extends on the surface a distance of 450 feet beyond this point and shows high-grade for the greater part of this distance. Approximately 400 feet of depth will be obtained when the drift reaches the point below the last high grade outcropping. On the tunnel being extended 60 feet further on the vein, better ore than is at present shown is expected, as the outcroppings on the surface give assays of 200 ounces silver and 30 in gold, lead and zinc, making a total value of \$150. As values have so far been better in the drift than on the surface, it is expected that good shipping ore will be encountered here. The depth at this point would be approximately 200 feet vertical.

The long tunnel which is being driven by the Kitsault Eagle Silver Mines Ltd., on the Sunrise group on McGrath mountain at Alice Arm is now in 550 feet. It is to be driven 1000 feet, the objective being to tap one of the ore bodies at a depth of 500 feet below surface outcroppings. Another ore body will be tapped at greater depth. During the driving of the tunnel two ore bodies have been encountered which show good mineralization. One was at a distance of 150 feet from the portal and the other 400 hundred feet. The first was five feet wide and the second nearly six. Although the ore bodies of the Sunrise have been classified as zinc, the ore located underground also carries silver and lead. Neither of the ore bodies encountered were indicated on the surface. The first ore body that is being driven for should be located during the latter part of this month. Before the 1000-foot objective has been attained, it is expected the second ore body will be located at depth. This is the only tunnel that has been driven to any real depth on McGrath mountain and its result is being watched with keen interest. Should success be attained, it will greatly expedite the development of this area. Surface showings on the mountain indicate the presence of large ore bodies that have been favorably commented upon by several mining engineers. Two shifts are being worked on the Sunrise tunnel under the direction of A. McGuire and good progress is being maintained.

A syndicate has been formed by the owner, J. N. McPhee of Butedale, to develop Red Bluff group at Alice Arm this year and work is expected to be started in April with Mr. McPhee personally in charge. The capital of the syndicate is limited to \$100,000 and is divided into 10,000 \$10 units. The stock is already finding a ready sale. The Red Bluff group consists of five claims and is located about seven miles northeast of the head of Alice Arm. Reports of geologists and mining engineers have all recommended that development work be done. R. G. McConnell of the Dominion Department of Mines, who examined the property, reported the mineralized area to be very large, fully a thousand feet in width and traceable on the surface for a long distance up the steep slopes of the mountain. There is a large pyritized area the economic importance of which is uncertain. The presence of rich silver mineral pyrazurite, even in small quantities, is important. The property has also been reported favorably upon by George A. Clothier, former resident mining engineer, and John E. Stark of Alice Arm. Owing to its close proximity to tide water, the Red Bluff can be developed cheaply. Transportation facilities are excellent and there is an easy grade. High grade ores could be cheaply shipped and secondary ores milled close to tide-water.

James McDonald has brought into Stewart some fine specimens of ore from the Mogul property

on Bulldog Creek which was staked last fall by himself and Frank Sullivan. The ore is peculiarly complex, being a mixture of black silver sulphides, fine grained galena and native silver in a matrix of pinkish crystalline quartz. Associated with the sulphides is iron which is something new in this section although common enough up Bear River. Sullivan has sold his interest in the property to Jack Coughlan, Harry Comer and

Charles Beale. Little work has been done on the property, not enough to determine the width of the vein although McDonald says he knows it is six feet wide and possibly twenty, a ten foot tunnel having determined this much. The property consists of six claims and is located about one mile from tidewater on Bulldog Creek. It is felt that this discovery may possibly move the authorities to getting a trail up this creek to the Gloria property which has been closed down for over a year owing to lack of transportation facilities and upon which many thousands of dollars have been spent in development work.

FIVE PER CENT TAX BANKS IN WASHINGTON

OLYMPIA, March 7. — A five per cent tax on the net income of banks and other financial corporations has been finally decided upon by the legislature of the state of Washington.

LAD WAS LOST IN SEATTLE

Parents and Police Sought Everywhere They Could Think of And Finally Located Kiddie

SEATTLE, Mar. 7.—When little Ernest Swain, nine years of age, living at 726 Seventh Ave. South, awakened in his porch bed feeling cold and went off to locate a warmer place he had no idea he would cause such a stir as that which followed his disappearance. When the empty bed was discovered a hunt was organized for the lad and at once the police were notified and hounds were put on the scent. Kidnapping was suspected and the story got into the newspaper headlines. After all the ingenuity of the police and parents had been about exhausted, the little fellow was discovered in the morning sleeping soundly in the basement of the house whither he had found the warmer place which he had sought.

PRESBYTERIANS ARE PLANNING TO FREE WOMEN

PHILADELPHIA, March 7. — The elimination of the present ban on women in the Presbyterian Church may be lifted. The general council of the church in session here has passed a recommendation to the general assembly, which meets May 23, and which, if carried, will then be dealt with by individual Presbyteries. It is proposed to remove all disabilities, giving women exactly the same status in the church and ministry as men.

HOOVER DOES NOT NEED PHYSICIANS AT WHITE HOUSE

WASHINGTON, D.C., March 7.—Herbert Hoover intends to live the healthy life unaided by physicians except in case of special need. The two physicians attached to the White House have been released from their duties, one going to the president's yacht.

YOUNG ROCKEFELLER BOUGHT RECEPTION

JERUSALEM, March 7.—John G. Rockefeller received an enthusiastic welcome here because he had donated two million dollars to the Jerusalem library.

MOOSE LODGE HOLDS DEBATE

Speakers in Favor of Married Life Over Single Are Winners, It Is Decided

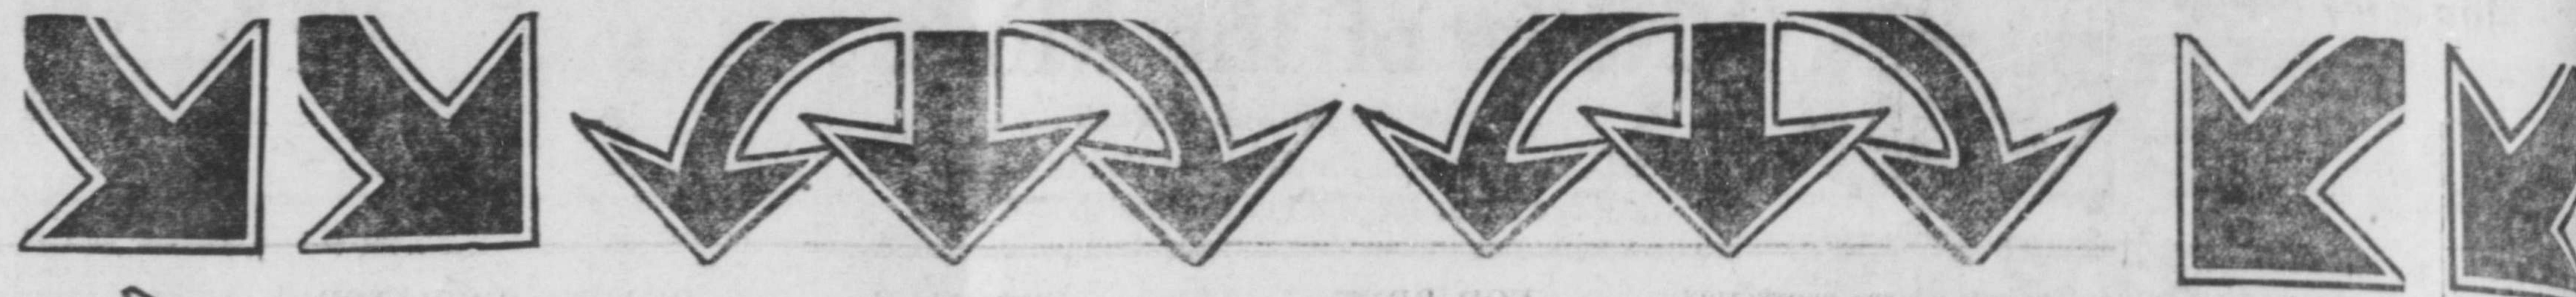

An interesting debate took place last night at Moose Hall following the regular Moose Lodge meeting, with D. C. Schubert in the chair, when it was proved conclusively that married life was better than single. Also, early marriages were strongly advocated by the speakers. Those on the affirmative side were B. M. Simpson and P. Cameron and against were Fred Serjden and Jack Judge.

Since this debate was so popular it has been decided to hold another on March 20, the leaders being Alderman G. Rudderham and Bob Phillips, each of which is to choose his second. The subject of this occasion will be "Which would be more advantageous to Prince Rupert, the Peace River railroad outlet or the completion of the Skeena river highway?"

If the interest in the debates continues as is expected, a separate debating club in connection with the lodge will be formed.

It is planned to hold a musical evening and supper next week following the initiation of nine new members.

The judges of the essay competitions on the same subject announced that the winner was Miss Enyd Morris and a box of chocolates was presented to her as a prize.

Frizzell's Dry Goods--Mighty \$10,000 Stock Clean Sweep Sale

OLE SAYS HE WOULD YUMP FROM THE TRAIN

(W. A. deGraves in Edmonton Bulletin)

The worst story I heard today was told by Bill Lampshire, Canadian National engineer, who commutes between Edmonton and St. Paul with the St. Paul flyer. Bill says he remembers when he started in to railroading down in the "Jim Hill school," where the foremen were everlastingly ding-

donging at the boys for wasting material. In the same round-house as William was Ole Oleson, a young Swede whose ambition, later realized, was to be engineer of one of the crack trains of the system. Ole was continually on the carpet in the foreman's office.

Don't waste a drop of oil, Ole; oil costs money. And don't waste the waste either; it's getting mighty expensive," were two of the facts Ole had continually pounded into him.

In time Ole was promoted to be a fireman, and the day before he

went out on a freight engine the foreman was posting him as to his duties through a series of questions. This was the last question:

"Now, Ole, suppose you are on your engine; you go around a curve and see rushing toward you on a single track a fast passenger train. What would you do?"

Ole never hesitated. "I grab the dam oil can; I grab the dam waste and I yump," he said.

OILS CONTINUED ON DOWNWARD COURSE

VANCOUVER, Mar. 7.—Oil issues continued downward yesterday, losses ranging from 10 cents to \$1.45. Mine issues, with more interest developing in that quarter, were generally steady with a few of the minor issues showing strength.

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.

C. P. R. MUST REACH COAST SHORT ROUTE

(Financial News)

The C. P. R. must have northern lines and it must, sooner or later—and probably sooner than most people think—have a westward outlet to the Pacific coast across Northern British Columbia.

It will be somewhat surprising if that Stevens charter, by some means or other, does not pass into the hands of the Canadian Pacific Railway Company. For, by a recent interview granted a newspaperman in Montreal, E. W. Beatty, president of the great transportation company, reveals the fact that he recognizes the possibilities of an east-west line connecting northern Alberta and the Pacific coast by the shortest route and the best of all transcontinental grades, with its terminus at Stewart.

NO WAR TALK MEXICO SAYS MR. McNULTY

"There seems to be more excitement in Prince Rupert about the war in Mexico than there was in the northwestern part of the country itself three weeks ago," states James McNulty, who returned to the city yesterday after having spent four months in Southern California. Mr. McNulty, while in the south, made frequent visits across the Mexican border to Tia Juana and three weeks ago went down the west coast of Mexico to Ensenada to visit United States Consul E. A. Wakefield, formerly of this city. There were but the vaguest rumblings of war in that part of the country at least at that time. There was little talk about an impending conflict and no excitement. Of course, more recent developments may have made the air more tense. In any case, there is little fighting in that part of the country.

Mr. and Mrs. McNulty spent much of the time while south in San Diego. They met such former residents as J. W. Potter, C. D. Newton and Chester Clapp and E. Hannan of Seal Cove, who is holidaying there. Among other people, they met C. E. Bainter, who is doing well in the insurance business at Longbeach.

Mr. and Mrs. Wakefield are enjoying good health. Their son, Bartlett, who was recently injured in an airplane accident at Los Angeles, is now practically recovered.

CUP RECEIVED BY SEA CADETS

Presentation Made to Them by T. H. Johnson on Behalf of Navy League

SPORTSMANSHIP EXTOLLED

Good Wishes Extended To Mr. Johnson on His Coming Trip to Europe

At the regular drill of the sea cadets last night, a presentation was made to the units on behalf of the Navy League by T. H. Johnson, the president of that organization. This was a silver cup to be used as a trophy to be competed for annually on the miniature rifle range.

Mr. Johnson in a brief address to the boys impressed on them the benefit of always doing their best in everything and explained that good sportsmanship at all times is the best asset any boy could have.

The cup was then handed to Lieut. Robert Blance in trust for the cadet corps. Mr. Blance thanked Mr. Johnson on behalf of the boys and also extended to him their best wishes for a pleasant trip to Europe. Three cheers were given by the cadets, 31 of whom were present on parade under Instructor Young.

THIRD AVENUE

STRICKEN DOWN IN PRIME OF LIFE

"FRUIT-A-TIVES" Rid Her of Crippling Rheumatism

How terrible it is to think of men and women stricken down with disease, just when they should be enjoying life to the full. How wonderful to know, however, that such dangerous disorders as Rheumatism, Pain in the Back, Irritated Bladder, Indigestion, Biliousness and other troubles of the Stomach, Liver, Kidneys and Bowels are quickly relieved by the wonderful medicine, "Fruit-a-tives."

From Enderby, in the beautiful Okanagan Valley of British Columbia, Mrs. E. Drasching writes: "I have received great benefit from 'Fruit-a-tives,' especially when I had Rheumatism very badly some years ago. I keep 'Fruit-a-tives' always in the house, as I think they are a wonderful medicine."

For more than a quarter of a century "Fruit-a-tives" has been Canada's dependable home remedy. 25c. and 50c. a box—at dealers everywhere.
