## PRINCE RUPERT THOUGHT IDEAL LOCATION FOR SMELTER

### Mining Men of Interior Think Consolidated Will Build Their New Smelter Near Prince Rupert

They Point To Large Number of Properties in Which Big Company Is Interested and Economy of Mouth of Skeena Site

That the neighborhood of Prince Rupert is likely to be the location for the coast smelter to be built by the Consolidated Mining & Smelting Company is the opinion of a number of interior mining men who arrived in Prince Rupert yesterday and proceeded this morning south to Vancouver. It is stated by them that everything points to this part of the coast as a location. They say that the Consolidated is already interested in a great many mines

### LABOR GAINS TEN SEATS IN BRITISH HOUSE

LONDON, Feb. 8.—By-elections since the 1924 election in Great Britain total 56. The government won 29, Labor 19 and Liberal 8.

The Labor party has gained 10 seats and Liberals one, making the present house standing: Conservatives 408, Labor 160, and Liberals 41.

Two Conservative seats are vacant through deaths today of Col. Sir Alex Sport of North Lanark and Arthur Dean Holland of Lincolnshire.

in the interior as well as on Portland Canal and this is the logical point where rail and water meet and it would be accessible to all at the least possible cost. They say it would have to be at some point on navigable water and on the C.N.R. main line. This being a C.P.R. controlled company, it would fit in well with the suggested move of the C.P.R. to interest themselves in the railway running into Prince Rupert. The probability is that it would be located at the mouth of the Skeena River.

Going further into detail, the visitors spoke of the recent bonding by Consolidated of the D. W. Mines Ltd. operating the Seven Sisters group out of Cedarvale. This is known to have the makings of a big mine and is likely to be operated in a big way. There are also four copper-silver properties which they have been developing

### Work to Commence at Once on Dock for Home Oil Distributors Sum of \$25,000 to be Spent

The contracts have been let to the Drydock for two tanks and work on the building is commencing at once for the Home Oil Distributors, the sum of \$25,000 to be spent, and everything so far as possible to be purchased in Prince Rupert, is the announcement made by Leslie J. Martin, marine, sales and engineering manager for the Home Oil Company of Vancouver.

The company which is coming here, Mr. Martin states, is 100 per cent Western Canadian. It has for its officers the following:

President—W. J. Blake Wilson. Vice-president—Major Austin Taylor. General Manager—H. G. Fowler.

Secretary—W. W. Boulbee. Directors—George Harrison, George Kidd, Victor Spencer, C. V. Cummings.

A dock 300 feet long with a warehouse 80 by 30 feet, a pumping shed and garage is to be built. The business will commence with two tanks, one 2,500 barrels capacity and the other 600 barrels. Everything, even the truck, is to be bought in Prince Rupert.

The work here is being rushed so that the new company may be able to cater to the fishing and other boats right from the beginning of the season.

The contract was let this morning to Mitchell & Currie for the wharf and buildings.

### OLCF HANSON AFTER FLOATS

Has Interviewed Ministers and Reports Favorable Prospects

OTTAWA, Feb. 8.—Olof Hanson, Liberal candidate for Skeena at the next election, has been here for several days and has already interviewed a number of the members of the cabinet, for the purpose of trying to induce the government to build floats for the fishermen at this port. He has been pressing them very hard and has to see them again before a final decision can be arrived at.

Mr. Hanson reports the outlook very favorable and is planning to stay on the job until he gets a definite answer.

### PIONEER WOMAN OF CITY PASSES

Mrs. J. A. Meeker Succumbed Early This Morning After Many Months of Suffering

After a lengthy illness which gradually became worse until recently no hope for recovery could be entertained, Mrs. Nellie E. Meeker, wife of John A. Meeker, well known pioneer woman of this city, passed away at 1:20 this morning at her residence in the Meeker Block, Third Avenue. Born at Pike's Peak, Colorado in 1860, the late Mrs. Meeker had lived continuously in Prince Rupert since she came here in April, 1910. She was a woman of genial and kindly disposition and was highly respected by many friends. She was active in the local Christian Science Society in which she was reader for some time. She also belonged to the Royal Neighbors Society, an auxiliary to the Modern Woodmen of the World.

Besides the widower, to whom she had been married for forty-nine years, the late Mrs. Meeker is survived by four sons: Glen Meeker, Chicago; Alfred Meeker, Seattle; Vernon Meeker, Sioux City, Iowa; and Gilbert Meeker of this city. The son from Seattle will arrive in the city from the south aboard the steamer Princess Royal this afternoon. To the mourning family will be extended the general sympathy of the community.

### DIED IN ENGLAND

At Perkins of the Caledonia Hotel, Port Essington, today received the sad news of the death of his mother, aged 83, a resident of Essex, England.

### DENBY DIES

DETROIT, Feb. 8.—Edwin Denby, former secretary of the Navy, died this morning aged 62 from a heart attack.

### PROMINENT CANADIANS GO ON AFRICAN CRUISE

Sir Douglas and Lady Hazen of Saint John, N.E., are here seen on board the Duchess of Atholl at New York a few minutes before the vessel sailed on a cruise to South America, Africa, and the Mediterranean Sea.

### Freighter Alloway in Distress Taken in Tow When Near Rocks off the Coast of Alaska Today

SEATTLE, Feb. 8.—The freighter Alloway with a crew of 42 was drifting helplessly with disabled engines in a heavy southeast gale 300 miles southwest of Dutch Harbor, Alaska, today, radio messages reported.

The freighter Montauk reported that the Japanese steamer Yogen Maru was standing by. The Montauk reported the Alloway out of fresh water and the food low. Later messages picked up at Bremerton said that the Alloway had asked the Kobe Maru for towage, saying that she was nearing rocks.

The Alloway was en route from Seattle to Japan to be scrapped.

### WILLOUGHBY TORY LEADER CAN. SENATE

OTTAWA, Feb. 8.—Senator W. B. Willoughby of Moose Jaw was elected Conservative leader in the Senate it was announced this afternoon at the conclusion of a lengthy caucus of Conservative Senators.

Four names were placed in nomination, J. A. Calder of Regina, G. D. Robertson of Ottawa and Senator McMeans of Winnipeg being the others. On the first and second ballots the last two were eliminated leaving Willoughby and Calder. The majority for the winner was not disclosed.

Senator Willoughby was formerly Conservative leader in Saskatchewan Legislature. He was born in 1859 at Charlestown, Ont.

### FUNERAL YESTERDAY

The funeral took place yesterday at Terrace of R. R. Henderson of Usk who died suddenly there recently. The B. C. Under-Navy, died this morning aged 62 from a heart attack.

### EAMON DE VALERA GETS ONE MONTH IN NORTH IRELAND

BELFAST, Feb. 8.—Eamon de Valera was sentenced to one month's imprisonment today for attempting to enter northern Ireland in contravention of an order of seven years standing. The magistrate said that de Valera was really trying to flout the law of Ulster.

### HINDUS KILLED IN RIOTING

BOMBAY, Feb. 8.—Six Hindus were killed in a fresh outbreak of the Pathan-Hindu rioting this morning. This is the sixth successive day of disturbances. Today's dead brought the casualties to 47 dead and 345 wounded, of whom many may die.

### FUNERAL NOTICE

Funeral service for the late Mrs. J. A. Meeker will take place at 2:30 on Sunday afternoon in the Hayner Bros. Chapel, Rev. A. Wilson, United Church, officiating.

Remains will be shipped at 11 o'clock Monday morning to Sturgess N.D. where burial will take place.

### To Spend Million and Half Between Prince Rupert and Stewart

A. J. Nesbitt, President of Power Corporation of Canada, Tells People of Montreal of Plans for Development

MONTREAL, Feb. 8.—There is a development program of \$1,500,000 on hand for the development of hydro-electric at Prince Rupert and Stewart, according to an interview given here to the Montreal Standard by A. J. Nesbitt, head of the firm of Nesbitt, Thompson & Company of this city and president of Power Corporation of Canada. This is part of a huge program of development for the one company amounting to \$50,000,000. The interview in the Standard follows:

"Canada, from coast to coast, is in a period of industrial development and expansion which will far exceed anything in the past," declared A. J. Nesbitt, of Nesbitt, Thomson & Company, Montreal, to a representative of the Standard, on his return to the city from a trip to the West, and the Maritime Provinces.

As an example of this development, both industrially and in the hydro-electric field, Mr. Nesbitt declared the power companies, in which the Power Corporation of Canada—of which company he is the president—was interested in, or controlled, had a development program on hand of more than \$50,000,000.

This big total includes the Power Corporation's new hydro development at Bridge River, \$15,000,000, and at Lower Stave River at Ruskin, \$8,000,000; at Prince Rupert and Stewart, B.C. which the Power Corporation recently purchased, \$1,500,000; the North Western Power Company, Seven Sisters Falls, a subsidiary of the Winnipeg Electric Company, \$13,000,000; the Montreal Island development, at Back River, Montreal, \$10,000,000; East Kootenay Power, \$1,000,000; and several others, including the Bathurst Power & Paper Company, which is shortly to install another unit.

In the industrial field, Mr. Nesbitt mentioned the McColl-Frontenac Oil company, which will spend from \$3,000,000 to \$5,000,000, of which \$1,000,000 is to be spent in the Maritime provinces.

The company has already purchased four sites in St. John, N.B., for a bulk station and service stations and will build others in other cities and towns of the Maritimes.

In Northern Quebec and Ontario, where the mines are served by the Canada Northern Power Company, great development is taking place, particularly at Rouyn, Quebec, and Kirkland, Ontario.

"This is also the case in Manitoba and British Columbia," says Mr. Nesbitt, "and we believe the development of minerals and precious metals in Canada is only in its infancy and will no doubt, surprise even the people directly connected with the industry.

"We believe," concluded Mr. Nesbitt, "that there are greater possibilities in Canada today for young men who will work, and are not afraid of work, than any country of the world."

Peck vs. Peck—divorce trial, February 14, in United Church.

### KING LEAVING SOUTH ENGLAND

LONDON, Feb. 8.—If the weather is favorable, the King will be taken to Craigwell House, near Bognor, tomorrow morning. The bulletin this morning said: "A radiograph taken this morning confirms the clinical evidence that the condition of the lungs is now normal."

The trip of less than 70 miles is expected to take three hours in an easy-going ambulance with every provision against jolting.

### REORGANIZING BRITISH FIRM

LONDON, Feb. 8.—Proposals for financial reorganization of the Armstrong Whitworth's great armament building firm are as drastic as any that have been made in Britain's heavy industries. No less than \$70,000,000 in capital and other losses will be written off the books, although the issued preferred and common stock total only \$50,000,000.

### LABOR LADY IS ELECTED

BISHOP AUCKLAND, England, Feb. 8.—Labor won its third by-election when Mrs. Clara Hugh Dalton was elected yesterday in the by-election of Bishop Auckland over Conservative and Liberal opponents.

The death of B. E. Spoor, Labor candidate, occasioned the election. Mrs. Dalton is the wife of Hugh Dalton, Labor member for Peckham, London.

## CANADIAN CURLERS TAKE PART IN GIANT BONSPIEL

More than seven hundred curlers from various parts of Canada will take part in the second annual Toronto Bonspiel which will be held from February 18 to 23. The Spiel will be under the supervision of Mr. Charles M. Harris, Secretary of the Manitoba Curling Association. Above is a picture of Mr. Harris, and the new Ryrie-Birks Curling trophy, which is to be competed for the first time and is open to all Canada.

## PERCY AGAIN SHOWS HEELS

### Williams Races For First Time Without Spikes and Wins

NEWARK, N.J., Feb. 8.—Percy Williams of Vancouver, Canada's great young sprinter, running without spikes for the first time in his career, won a special invitation 60 yards dash indoors in six and one-fifth seconds, one-fifth of a second behind the world's record.

The Vancouver boy gained inch by inch on his opponents, who had one yard handicap, and flashed across the line a couple of inches ahead of Bob Weise of the New York Athletic Club.

## Sport Chat

An open city elimination badminton tournament is to be commenced next Monday by the I. O. D. E. Badminton Club. There will be ladies, men's and mixed doubles events and entries, which are being received by F. W. Allen, will close tomorrow evening. Substantial prizes are being arranged for and it is expected that competition will be keen. Admission will be free to all games except the finals to enter which a small fee will be charged.

They, that is the good people who saw Max Schmeling schmeer Johnny Risko for the evening in Madison Square Garden, went away into the night babbling incoherently about having just seen the next heavyweight champion, writes Andy Lytle in the Vancouver Sun. "The Dempsey of the Deutschlands" is what sports writers are calling him today, and New York writers have almost exhausted the unabridged extolling his amazing speed, skill and sock. Four times Schmeling had Risko on the Wilton and probably no other heavy in the ring today would have arisen as Risko did after those stunning smashes.

Davis J. Walsh, who has been peering intently at all the big fights in the east for some years writes that the fight was nothing short of a ring masterpiece; a saga of glorious courage that filled the eye and gladdened the heart. Risko furnished much of this with his last game stand against the inevitable but Walsh says Schmeling was the great lion-hearted fighter who turned in a tune that sent the boys gibbering in the glare of Broadway. Schmeling is a young husky from Germany whose fights on this continent haven't been over three yet. The ringworms laugh heartily and make poor puns about his name but their faces change to stark admiration when he begins throwing gloves.

## FIRST DIVISION BILLIARD MATCH

### Fixture of Week Before Last Is Finally Completed in Favor of Grotto

The first division billiard fixture of the week before last was finally completed last night when Don Brown, Grotto, defeated W. J. Nelson, Grand Terminals, by a score of 250 to 165 in an outstanding game. The aggregate score for this fixture is thus 1185 to 986 in favor of the tobacconists.

No games were played last night in this week's first division fixture between Grand Terminals and Canadian Legion.

## MINING MEN OF INTERIOR THINK CONSOLIDATED TO BUILD NEW SMELTER NEAR PRINCE RUPERT.

(Continued from page one)

out of Pacific and which they control. They are developing the Harvey group and several others in the Babine range about 14 miles from Smithers and the work on the Harvey group is continuing all winter. The Duchess and Contention groups both silver-copper properties are being developed in the Telkwa range from 20 to 25 miles from Telkwa. In addition the Consolidated engineer has spent the whole of the season making a systematic examination of all properties in the district.

As is well known the Consolidated control the George Copper, the Big Missouri and other mines in the Portland Canal region and the output of all these properties would most conveniently be handled at this central point, the coal and coke being supplied from Copper River or Telkwa.

The smelter would do custom work and would cater to the business of the whole north country. Trail being much too far away to be used economically.

While, so far as known, no definite steps have been taken by the Consolidated, the natural location it is thought would be at the mouth of the Skeena River.

Open Badminton Tournament, I.O.D.E. Hall. Ladies' mixed and men's doubles. Entries must be in by February 9. Frank W. Allan, secretary. 31

## ENGLAND IS THE WINNER AT CRICKET

### Has Margin of Only Twelve Runs in Final Test Match in Australia

ADELAIDE, Aus. Feb. 8:—The touring English cricket team won the fourth test match against a representative Australian team today after an exciting finish in which the home team came only twelve runs short of the required number to register a win.

Yesterday at the close of play Australia had 89 runs to make and four wickets to fall. The total scores for the match which commenced last Friday were England 717, Australia 705.

England has now won all four test matches, but at each the Australians improved their play and came closer to making a win until in this final game they almost overcame the visiting eleven.

## GROTTO STILL LEADS WHIST

### Confirmed Hold on First Place Last Night by Winning Over Knights of Pythias

Grotto confirmed its lead in the men's section of the Fraternal Whist League by winning 6 to 3 over the Knights of Pythias last night. Moose, by winning 6 to 3 over Seal Cove, went into second place ahead of the New Empress Athletic Club, which lost 5 to 4 to St. George's Society.

Standings to date:

## OVERTIME IN HOCKEY MATCH

### Portland Loses To Vancouver in Close Contest on Home Ice

PORTLAND, Feb. 8.—Vancouver triumphed over Portland in a two to one game last night in the Pacific Coast Ice Hockey League, but it required overtime period to do the trick.

Neither scored in the first period and both registered a goal in the second, the third failed to see the puck netted and 10 minutes overtime was required to break the tie. With just 12 seconds to go Jerwa sent the rubber into the Portland net for the winning tally.

## COLD STORAGE WINS BILLIARD FIXTURE

### Defeated Grand Terminals in Second Division Tournament by a Score of 863 to 828

This week's second division billiard fixture was completed last night with an aggregate score of 863 to 828 in favor of the Cold Storage over the Grand Terminals.

Individual scores were as follows:  
E. Fenelon, Grand Terminals, 200; J. Hillman, Cold Storage, 177.  
W. H. Jarman 158, W. Bailey 200.

Frank Williams 200, Charlie Baptie 86.  
C. L. Youngman 128, J. Campbell 200.  
John Bulger 142, A. Macdonald 200.

## LEADERS TIE HOCKEY LEAGUE

### TORONTO, Feb. 8.—The New York Americans drew abreast of the Canadiens last night for the leadership of the international section of the National Hockey League by defeating Chicago while Canadiens were drawing with Detroit.

Ottawa, with Frank Nighbor, star center, back, was a transformed team and defeated the Rangers. In the last place they were not out of the running.

The following were the scores:  
N. Y. Rangers 1, Ottawa 2.  
Detroit 2, Canadiens 2.  
Chicago 0, N. Y. Americans 1.

## ST. ANDREW'S BOWLING

### McLean's Rink Beat That of Watson by Score of 12 to 8 Last Evening

J. McLean's rink beat J. Watson's by a score of 12 to 8 in the St. Andrew's Society carpet bowling competition last evening. On Monday night rinks of George Scott and Jack Frew will meet.

The standing of rinks to date is as follows:

	W	D	L	Pts
C. Taylor	1	0	0	2
B. Dalgarno	1	0	0	2

and it gave him great relief, and before using the contents of the second bottle the cough had completely disappeared." Price 35c. a bottle; large family size 60c. at all druggists and dealers. Put up only by The T. Millburn Co., Ltd., Toronto, Ont.

## NORTHCOTT IS FOUND GUILTY

### Jury Says He Murdered Two Winslow Boys and Mexican

RIVERSIDE, Feb. 8:—The jury returned the verdict of death against Gordon Stewart Northcott last night on a charge of slaying the two Winslow boys and an unidentified Mexican.

The jurymen were out three hours and thirteen minutes and Judge Freeman asked Northcott if he wished to poll the jury. "A poll is entirely unnecessary, your Honor," Northcott said, rising calmly and speaking in an unquavering voice. "I wish to thank the jury," he said a moment later, "for the attention it has given me." Northcott's iron control amazed the sheriffs who had massed around him in preparation for an expected "break."

The court has set Monday at 10 a.m. for sentence. It is understood that Northcott will file an appeal.

## NEW YORK STOCKS

NEW YORK, Feb. 8:—Speculation died down considerably today with prices turning irregular after the opening display of strength.

St. Andrew's Church (Church of England) Men's Annual Banquet, Tuesday, February 12, at 7 p.m. in Church Hall. Tickets one dollar.

A. R. Holtby, superintendent of the C.N.R. bridges and building department, returned to the city on yesterday afternoon's train from a trip to the interior on official duties.

F. M. Dockrill, well known Telkwa rancher and Conservative candidate for Skeena riding in the recent provincial election, arrived in the city from the interior on yesterday afternoon's train and sailed this morning on the Prince Rupert for Vancouver where he will attend a dairy-men's convention.

D. B. Finn sailed this morning on the Prince Rupert for the south. He will attend a Pan-Pacific scientific committee meeting in Vancouver and also pay a visit to the biological station at Departure Bay, near Nanaimo, after which he will proceed to Winnipeg where he will spend three months engaged in research work at the department of bio-chemistry in the medical college of the University of Manitoba.

Angus McDonald of the Esperanza Mining Co., sailed this morning on the Prince Rupert for Vancouver.

Col. J. W. Nicholls, comptroller of the Canadian Fish & Cold Storage Co., sailed by the Prince Rupert this morning on a business trip to Vancouver and other points in the south.

C. H. Sawle, editor of the Omineca Herald, arrived in the city on yesterday afternoon's train from New Hazelton for a brief business visit and will return to the interior tomorrow morning.

Capt. L. H. Lindsay, examiner of masters and mates, after having spent the past few days in the city conducting navigators' examinations, sailed this morning by the Prince Rupert on his return to Vancouver.

Thomas W. Brewer of the Forest Branch service at Smithers arrived in the city from the interior on yesterday afternoon's train and sailed this morning by the Prince Rupert on a trip to Vancouver and Victoria.

Austin M. Brown, former resident of the city and now located in California, will sail by the Prince Rupert tomorrow night on his return south via the Queen Charlotte Islands after having spent the past month renewing acquaintances in the city.

A class of six new candidates was initiated at a meeting of the local Eagles' Lodge last night. A drive for new members is about to be initiated. The lodge, though only recently organized, is in a flourishing condition.

Thomas McMeekin is leaving tomorrow on a two weeks' business trip to the interior. Owing to his departure, the school board, of which he is chairman, will hold its regular monthly meeting tonight instead of next Wednesday, the scheduled date.

Orders are being awaited before loading of the Swedish steamer Sydland with a full cargo for the United Kingdom or continent commences at the local elevator. The movement of wheat to this port continues light, grain originally destined for this port being diverted to Vancouver owing to the tie-up on the main line of the Canadian Pacific Railway.

C. V. Evitt sailed this morning by the Prince Rupert on a business trip to Vancouver.

C.P.R. steamer Princess Royal, Capt. Albert Rippon, is due in port at 5 o'clock this afternoon from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

J. R. Tully of Smithers arrived in the city from the interior on yesterday afternoon's train and sailed this morning by the Prince Rupert for Vancouver. Mrs. Tully is already in the south.

DAILY EDITION Friday, February 8, 1929

**ROAD CONSTRUCTION**

The Board of Trade received a very evasive reply to its request for action on the highway toward Terrace. It seemed to indicate that not very much might be expected. It is to be hoped that the impression conveyed is a wrong one.

When Dr. Tolmie was campaigning here, he made it very clear that work on the road would be continued. He was very emphatic that the district would in no way suffer as the result of a change of government, if it came. We hold the premier to what he said. When the Liberal government was in power we urged again and again, persistently, that the road should be built. Now that the government has changed will make no difference to our policy. We think the provincial government will be making a grave mistake if it does not continue the work as projected.

**MEMBER IN LEGISLATURE**

The member for Prince Rupert is very much in the limelight just now as leader of the opposition in the legislature. It is his duty to search out weak points in the provincial legislation and expose them and try to get them strengthened, and also to carry on a general survey of the work of the administration, in order that the people may know what is going on and be guarded against any impositions. He seems to have started out pretty well in his new role. He will expect to be voted down, for the government support is very strong, but he will do a service to the province if he keeps on the job persistently and insistently. That, we believe, he will do.

**ORDERS-IN-COUNCIL**

One of the fights being put up by the opposition leader is that all orders of the cabinet, when signed by the lieutenant-governor, should be open to the public. The press should have access to them so that the people may know what is being done. They are doing the people's business and the people should know what it is they are doing. That seems reasonable.

Tom Uphill, the Labor member for Fernie, accuses the new government of Star Chamber methods. He also is asking for a full and complete publicity for all acts of the government. The Labor demand seems reasonable. Why should there be anything to hide?

**The Colonel talks on Protection**

"Don't you believe in protection for cigars?" I asked my friend Taylor. "Oh, let's not talk politics," said he. "I don't mean that kind of protection. I mean protecting the flavor of the tobacco—protecting the cigar from breakage—protecting it against drying out—protecting . . ."

"Oh, certainly, I believe in that kind of protection," said Taylor. "Well then, what you should smoke is a foil-wrapped Marguerite cigar in the handy pocket packs of 5 cigars, for if ever a cigar was well protected, it's the Marguerite."

**FIRE SEASON IN DISTRICT**

Conditions Last Year Were Extraordinary and Hazard Very High, Says District Forester's Report

The fire season of 1928 may be termed extraordinary, being generally considered more hazardous than any other since the season of 1925, says the annual report of the district forester. Unusual circumstances produced the greatest degree of hazard before July first and after August 15. The midsummer period was not attended with the starting of any of the most serious outbreaks.

The spring season was a backward one, thus delaying the leafing of vegetation, which condition combined with many dry winds, brought the ground cover into a very inflammable state. About July 1 there were improvements in the weather from all points of view; fine summer weather began with occasional showers and cool nights with heavy dew, all of which kept the relative humidity fairly high. Later, at a date when it would usually be expected that the most dangerous periods had passed, conditions took a turn for the worse, and, from August 15 until late in September, there was an unbroken spell of extreme hazard with low relative humidities. Winds, time and again, took fires across guards which would ordinarily have been considered safe. For this reason a major proportion of our fire costs and damages were incurred after September 1. As such conditions were unique, the public were less vigilant, which further added to the risk of outbreak.

**Mainly Responsible**

Campers and travellers were again responsible for more fires than were attributed to any other single cause. The intensity with which prospecting took place in all parts of the district tended to spread the outbreaks to outlying points, thereby increasing the difficulty in coping with many fires.

Industrial activities, railways, and road construction are very minor sources of fire. Such unorganized agents as travellers, smokers, etc., are responsible for the greater proportion, from which it would appear that education rather than legislation is much more necessary to solve the fire prevention problem.

Fire costs for the season were about double those of 1927. Damage to merchantable timber, reproduction and stock range were many times greater than last year. Other forms of damage also showed a marked increase. The increase in the above items is the result of fires in the eastern portion of our district which occurred in September at a period generally conceded by the public to be a safe one. Many burning permits are usually issued after the first of September, for land clearing purposes, but only a very few were written last September. Nevertheless, we believe a considerable number of fires were started close to existing fires with which they joined. Efforts were made by the Provincial Police to obtain definite proof of incendiarism, but to date no satisfactory information can be laid against any individual. There is no doubt that unauthorized burning for land clearing was the cause of the greater portion of the expense and damage for the latter part of the season.

**Public Education**

Canadian Forest Week was celebrated in about the usual manner, lectures being given at practically all schools throughout the district, also to the Service Clubs in Prince Rupert. Fire Inspector Leighton lectured at twenty towns between Prince Rupert and Vanderhoof while travelling on the Canadian Forestry Association-Car.

The system of issuing Camp Fire Permits and the results obtained seem to be satisfactory and justify the innovation. From year to year we intend to enforce more strongly the regulations.

**SOUNDS IMPROBABLE**

A motorist recently stopped by the police for speeding said he had an appointment with his dentist. It sounds like a very improbable story.—Oral Health.

**ENGINEER FROM D. W. MINES WAS IN THE CITY**

Arriving on the train from the interior yesterday was S. B. Davies, an engineer, who has been in charge of development work on the D. W. mines on the Seven Sister's mountain, near Cedarvale, on which work closed some time ago for the winter.

This is the property recently bonded by Consolidated from Governor Davy and associates and which is said to promise exceedingly well.

An interesting feature of this mine is the fact that it is a silver-lead mine, whereas practically all the other mines in which Consolidated is interested in the north are copper mines. This means

that if the company builds a smelter near Prince Rupert, it will have to handle lead as well as copper.

Mr. Davis went south this morning.

**SAMPLES FROM USK PROPERTY**

J. M. Hoard, from the Emma group of mining properties a mile and a half from Usk, who has been in charge of work for Mr. Lowrie of Seattle, was in the city last night, and this morning left on his way to Seattle. This is the mine that is under option to Mr. Lowrie from L. W. Patmore of this city. The visitor was exhibiting some high-grade copper-silver ore from the latest workings. The tunnel is now in 280 feet from the portal and has a depth of 270 feet of ore.

**Roads and Bridges**

ROADS and TRAILS	
1916	26,220 MILES
1926-7	31,900 MILES
BRIDGES: The present valuation of 63 miles of Bridges is \$8,845,000	

**UPON** the arteries of communication depend the settlement and growth of the nation. First the trails . . . then the rough oxcart ruts . . . the wagon roads . . . the automobile highways.

The scattered population of British Columbia has made the construction of roads between centres a matter of vital importance, yet one of almost insurmountable difficulties.

Mountain sides have to be blasted away . . . clefts and chasms tresselled . . . rivers bridged!

With the opening of the Cariboo Highway through Fraser Canyon in 1926, the last link of British Columbia's great arterial highway . . . a highway unexcelled the world over as an engineering feat and one of unmatched scenic beauty . . . was forged.

Eastern British Columbia greeted its western brothers! Markets and railways were brought closer to the farmer, the miner, the industrialist. New fields for agricultural and trade development were opened up.

For the ten years just past, an aggressive highway programme has been carried out. Thousands of miles of good roads and dozens of sturdy bridges have been built.

Our roads system now totals 31,900 miles . . . an increase of over 5,000 miles during the last ten years. Of this mileage, 12,000 miles are earth roads; 4,000 gravel roads; and 1,000

macadam, bituminous, concrete and cement concrete. The 5,000 miles which were added to our roads system include: 884 miles of main trunk roads, 602 miles of lateral roads, 281 miles of industrial and mining roads, 1,133 miles of settlement and farm roads, and 2,900 miles of ordinary and mining trails.

During the years just before 1917, a large number of bridges had been constructed in the Province, nearly all of which were temporary timber structures. Since 1917, the problem of maintenance and renewal of these structures has been a serious one, involving a large expenditure, particularly between the years 1920 and 1927.

The policy has been to improve design of and workmanship on temporary bridges and to renew all the large bridges on main highways over the principal rivers with concrete and steel.

Today, the valuation of our 63 miles of bridges is nine million dollars.

This construction activity has distributed wages and salaries over our whole Province and has been a material aid in bringing about the current period of British Columbia's prosperity.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

**BRITISH COLUMBIA'S PROGRESS**

Fine statue of Abraham Lincoln whose birthday will be celebrated by good Americans next week. The martyred president was one of the greatest factors in the movement to abolish slavery in the United States.

### FILM LECTURE IS INTERESTING

Scenes of North Shown and Described by Adjutant Kerr of Salvation Army

Of outstanding interest was an illustrated lecture entitled "Prince Rupert to the Klondyke" which Adjutant William Kerr gave before an audience which crowded the Salvation Army Citadel last night.

The proceedings opened with the singing by the audience of "Onward Christian Soldiers" Bishop G. A. Rix then led in opening prayer.

The illustrated lecture started from Vancouver and showed scenes on the Inside Passage to Prince Rupert. Portions of the Skeena River were portrayed as well as salmon fishing and handling of halibut at Prince Rupert. Capt. E. Anderson sang a solo during an intermission and then the audience was taken by picture to Skagway and over "The Trail of '98." An appropriate poem from Robert W. Service was read by Ian Fraser. The pictures then moved on to Dawson and old and modern methods of mining were illustrated. Finally there were pictures of the Arctic coast and of "The Midnight Sun."

Rev. W. F. Price of First Baptist Church gave the benediction with which the proceedings closed.

### BOYS' BAND TO BE REORGANIZED

A meeting, called by Acting Mayor Theo Collart, was held yesterday afternoon to deal with the local Boys' Band situation. It was decided, on resolution, to appoint a committee of three to draw up a new constitution and bylaws and reorganize the band following the recent resignation of officials. This committee consists of Ald. Theo Collart, chairman, John Dore and Frank Derry.

Present at the meeting were Ald. Collart, Ald. Dobb, W. H. Tobey, William Cruickshank, John Dore, Frank Derry, William Gilchrist and N. Mussaliem.

### Lingering Colds Play Havoc in System Weakened by Flu

Physicians advise that the chief danger of this year's epidemic lies in the after-effects. Colds attacking the weakened system so often lead to bronchitis, sinus trouble, pneumonia, or even meningitis. This is especially true of children or old folks.

These colds must be checked immediately. And yet to much dosing is already disturbed by the toxins of influenza.

Vicks VapoRub is especially valuable here. As it is applied externally, it can be used freely at the first sign of a cold without upsetting the most delicate digestion. Just rub it on the throat and chest at bedtime.

### COURT OF REVISION IS CONVENED TODAY

Adjournment Taken Until Next Wednesday When Railway Representative Will Be Here

Court of revision on the municipal assessment roll convened this morning and adjourned until next Wednesday afternoon, by which time R. R. Nichol of Winnipeg, assistant taxation commissioner of the Canadian National Railways, will be here in connection with the appeals of his company.

No cases were taken up at today's session. Mayor McMordie was named chairman of the court and Ald. Theo Collart, secretary. Other members are Ald. Frank Dobb, Ald. C. H. Orne and Ald. M. Brown.

continue an investigation into matters affecting both the American and Canadian departments.

The Ladies' Aid of St. Paul's Lutheran Church met yesterday afternoon at the home of Mrs. F. W. Hart, Sixth Avenue West. Mrs. J. H. Hanson was appointed to the Ridley Home committee. There was a brief program of missionary readings and singing and delicious refreshments were served.

President Gonzales of the Board of Trade has appointed a special committee to investigate the advisability of publishing a booklet this year advertising the city of Prince Rupert and district. The committee consists of Thomas McClymont, Frank Dobb, H. F. Pullen and R. F. McNaughton. They will report to the next meeting of the board.

### Local Items

Union steamer Cardena, Capt. A. Johnstone, is due in port at 6 o'clock this evening from the south and will sail at midnight on her return to Vancouver and waypoints.

E. M. Goddard, assistant executive officer of the Alaska Game Commission, and other officers of the department, who have been here for a day or so, left this morning aboard the commission's power vessel Seal. They were accompanied by a representative of the B.C. Police and will con-

### COMMITTEES OF TERRACE BOARD

Complete List Appointed at Meeting Held Last Week Under Presidency E. T. Kenney

#### PUBLIC BEACH ASKED

Government Requested to Set Aside Area on Lakelse Lake and Build Road to It

TERRACE, Feb. 8.—The regular monthly meeting of the council of the Terrace Board of Trade was held on Tuesday evening with the new president, E. T. Kenney in the chair. A welcome was extended to E. D. Judson and R. Daley, new members of the council.

Standing committees for the year were set up, the president naming the convener, and the vice-president, O. T. Sundal, choosing a second. These two on each committee are to choose one or more others to assist them in their department. The committees named are as follows:

- Public Works—J. K. Gordon, A. A. McDonald (Usk).
- Membership—O. T. Sundal, T. M. Turner.
- Civic—Rev. Wm. Allan, Geo. Little.
- Agriculture—N. Sherwood, H. A. Swain.
- Mining—F. Nash, J. Couture.
- Lumbering—Geo. Dover, C. L. M. Gigrey.
- Publicity—H. Halliwell, C. H. Sawle.
- Entertainment—R. W. Riley, J. McLaren.
- Reception—E. D. Judson, Rev. A. W. Robinson.
- Golf—C. R. Gilbert, A. Attree.
- Railway—W. H. Burnett, J. W. Willman (Usk).
- Finance—A. H. Barker.

The secretary was asked to draw up guides for the various committees before the next meeting, setting forth general ideas of what was expected of them in order to aid them in their work.

At the annual meeting in January a committee composed of W. H. Burnett, Rev. Wm. Allan and F. Nash was appointed to look into the suggested playground scheme at Lakelse Lake, and report.

As a result of their investigations the following report was adopted, and will be placed before the district engineer, with a request that action be taken in the matter at as early a date as

possible.

"This committee recommends that the Terrace Board of Trade request the government to reserve the beach, known as 'Grouchie Beach,' adjacent to Lot 3981, Range 5, Coast District, at the north end of Lakelse Lake, as a public bathing beach, and take the necessary steps to acquire sufficient land adjoining this beach to provide a road, public camping, and auto parking grounds. We believe that this is the most suitable beach on Lakelse Lake for this purpose and that it comprises favorably with any similar beach in northern B.C. It is about one half a mile from the present end of the Terrace and Lakelse road, and would make an excellent site for conducting public educational camps, such as are organized in other parts of the province during the summer months. We are confident it will soon become a very popular centre for holidaying camps as it is already well patronized, owing to the beach being naturally adapted for bathing purposes."

A review of the public works improvements already asked for, for 1929 was taken and the secretary was instructed to write the house member, Dr. Wisch, the public works engineer and F. M. Dockrill, urging upon them the necessity of striving for as large an appropriation of moneys for this district as possible.

A member reported having heard on good authority that no work was to be done on the highway this coming year between Usk and Cedarvale, and after discussion it was decided to give J. K. Gordon, who is leaving shortly for the south, the necessary credentials to approach the proper authorities, on behalf of the Terrace Board of Trade, and urge the continuation of the highway at all points, as well as pressing for general public works needs throughout the district.

A Daily News want-ad will bring results.

### TEMPORARY DELAY IN COLUMBIO MINES IN NEIGHBORHOOD OF USK

A temporary delay has occurred in the development of the Columbio mines, four and one-half miles from Usk, according to F. J. Hickey, who came in yesterday from there and proceeded to Vancouver. This mine is in the Klooza Creek section.

Development of the mine is proceeding under Capt. John Willman. Two tunnels are being driven this winter financed by Toronto capital, which was arranged by Mr. Hickey, who is a mining engineer, and is well pleased with the result of the recent work. The delay is caused by the breakdown of the compressor and is quite temporary. Twenty men are employed in the mine.

**POST NUPTIAL  
RECEPTION AT  
RECTOR'S HOME**

Rev. and Mrs. J. B. Gibson Received Several Hundred People Last Evening

Something like 300 people attended the post nuptial reception at the home of Rev. and Mrs. J. B. Gibson. The rooms were artistically decorated with pink carnations and daffodils and the whole presented a gay scene. Those who assisted in entertaining the guests were all connected with the congregation of St. Andrew's either in an official position or otherwise.

Those who poured tea and coffee were Mrs. G. A. Rix, Mrs. R. L. McIntosh, Mrs. H. C. Cross and Mrs. Thomas Andrew. Cutting the ices were Mrs. Ralph Lapine and Mrs. Lionel Holtby.

Sub-hostesses were Mrs. George Woodland and Mrs. G. W. Tucker, assisted by Misses Audrey Bushby, Muriel Collinson, Molly and Frances Cross, Dorothy Creech, Evelyn Dalby, Mary Easthope, Laura Frizzell, Annie Gilchrist, Alberta Hill, Hifae Hira-

no, Tomi Katsuyama, Edith Kelsey, Molly Lawrence, Gertrude Mackenzie, Lucy Pillsbury, Vera Smith, Laura Stephens, Jean Watkinson and Rosemary Winslow.

During the evening there were musical numbers, including vocal solos by Mrs. F. W. Allen, Mrs. Earnest Anderson, Mrs. C. Culkin, Mrs. H. Forrest, Miss A. Dalby, Miss Halliwell, Miss Thorsteinson and W. C. Orchard; a duet by Mrs. R. Blance and Mrs. F. Darton and piano music by Miss Marjorie Lancaster. The accompanists were Mrs. Blott and Miss Lancaster.

**ADDRESS GIVEN  
ON ROBT. BURNS**

Rev. T. H. McAllister Spoke at Rotary Club Luncheon Yesterday Afternoon

One of the finest addresses heard by the Rotary Club in a long time was that delivered yesterday afternoon on the poet Burns by Rev. T. H. McAllister, pastor of Rupert East Church, Jarvis McLeod presiding. It was an oration of high quality and was much enjoyed by members of

the club and visitors at the luncheon.

Mr. McAllister spoke of the brilliancy of the Scottish poet, who had achieved undying fame through his ability to express the human emotions which had caused his name to be inscribed in the hall of fame forever. His favorite themes were personal freedom and the brotherhood of man. He believed that man was the greatest of God's creatures. He told a story to illustrate his point. His life was a struggle against selfishness.

Speaking of the reverence of the poet for nature, Mr. McAllister mentioned a number of Burns' nature poems which showed the utmost sympathy and compassion. Cut off in early life the poet's end was hastened by his own actions. In spite of his weaknesses he never abandoned his scheme of self support and devotion to his art. The courage of the man was almost infinite. Scotland would continue to honor his memory and value his contributions to the world's life and thought.

Among the visitors present were Capt. F. T. Saunders, superintendent of Marine; R. L. McIntosh and Jim Gibbons a Rotarian of Bangor, Maine, brother of the late E. C. Gibbons.

This finest blend will be your final choice

**MISS WOOD MARRIED  
IN REGINA RECENTLY**

(Regina Leader)

A quiet wedding was solemnized at Metropolitan United Church, Lorne Street, on Tuesday, January 29, when Alexina Wood, Prince Rupert, B.C., became the bride of William Baxter Cook, Gravelbourg, Sask. The bride was very lovely in a heavily beaded gown of white crepe de chine, and a bridal veil of Spanish lace. She carried a bouquet of white carnations and Ophelia roses. Mrs. Harold Nugent and Stanley Johns-

on attended the nuptial ceremony. Mrs. Nugent wore a costume of bos de rose crepe carrying a bouquet of carnations. Mrs. Wood, the bride's mother, was becomingly gowned in grey satin. Following the ceremony, a wedding dinner was served to the bridal party and Mrs. Cook are spending a few days in the city before proceeding to Gravelbourg, where they make their home.

It is expected that daily service on the local line of Canadian National Railway will be resumed about May 15, same time as last year.

**FASHION FANCIES**

In chiffon, georgette, satin or any of the other near silk fabrics so popular this season, this dress is the last word in fashion. Note the broad flower design extending from the waist upward, with buckle design in front. Also the uneven hemmed skirt with numerous flounces. Sleeves are tight and long, while the neck is plain with lace yoke.

**DAILY NEWS'  
SHOPPING SERVICE  
for Out-of-Town  
Subscribers**

To serve its women readers, and particularly those who live at a distance from a retail centre, The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched—or a piece of embroidery thread—or the thousand and one things that make up the difference between a woman's wants and a man's.

**The Prince Rupert Merchants  
Carry between them Stocks  
running up to \$2,000,000**

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.

**This Service Free**

to our women readers and is the outcome of many individual requests made to our staff on their travels through the district in seasons past. This service has been appreciated in these individual cases and is now extended to all with the hope of the same appreciation.

**So Do Not Hesitate**

Do not think you are imposing upon The Daily News. Our shopper is awaiting your requests.

**THE DAILY NEWS  
PRINCE RUPERT B. C.**

### Man in the Moon

Clothes make the man; lack of it the woman.

Jake says clothes may make the man but cosmetics make the woman.

The natural patriot is the man who thinks his radio set is the best in the world, his car can beat any other on the road, his gramophone has a finer tone than any other, his piano is the only one of its kind and his wife has every other wife in the country beat a million miles.

The difference between a car and a horse is that the car has deteriorated at least five hundred dollars in selling value at the end of the first week.

Business is good at a drug store when there is a big demand for postage stamps.

### Ten Years Ago in Prince Rupert

February 8, 1919

The Dolly Varden mine at Alice Arm is already to start shipping ore but arrangements will have to be made for completing the railway before any ore can go forward. Settlement of financial difficulties is being awaited.

Twenty-four new members have been enrolled in to the Board of Trade as a result of the efforts of a special committee consisting of George Frizzell, G. W. Nickerson, M. P. McCaffery and F. G. Dawson.

A resolution was passed at last night's meeting of the Board of Trade expressing the opposition of local business men to a proposed increase in express rates on the G.T.P. Railway.

### LAND ACT

Notice of Intention to Apply to Lease Land

In Prince Rupert Land according to the Act of the Legislature of the Province of British Columbia, 1912, and in accordance with the provisions of the said Act, I, the undersigned, intend to apply for a lease of the following described lands:

Commencing at the northeast corner of Lot 6335, Range 5, C.D., thence southerly 35 degrees 10 minutes east 600 feet, more or less, to low water mark; thence southerly along low water mark to a point due east on the most easterly point of an unnamed island; thence northerly following the sinuosities of the island to the most northerly point of same; thence in a northerly direction to the northerly point of an unnamed island; thence northerly to high water mark; thence in a northerly direction along high water mark to the G.T.P. Railway; thence easterly along the southern boundary of the said right-of-way to the northwest corner of Lot 6335; thence following the sinuosities of the said lot to the point of commencement.

BILLMOR SPRUCE MILLS, LIMITED. B. E. MORGAN, Agent. Dated December 22nd, 1928.

### WATER NOTICE

Diversion and Use

Take notice that Billmor Spruce Mills, Limited, whose address is 211 Bowers Building, 470 Granville St., Vancouver, B.C., will apply for a licence to take and use 100,000 gal. of water out of an unnamed stream, which flows southerly and drains into the head of Porpoise Harbour, half mile northeast of Lot 6335, Range 5, C.D. The water from the said stream is to be diverted from the stream at a point about half mile distant from its mouth and will be used for industrial purposes upon the land described as Lot 6335, Range 5, Coast District.

This notice was posted on the ground on the 22nd day of December, 1928. A copy of this notice and an application therefor and to the "Water Act" will be filed with the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

BILLMOR SPRUCE MILLS, LIMITED. Applicant.

BY B. E. MORGAN, Agent. The date of the first publication of this notice is January 5th, 1929.

## AIR CIRCUS GRIPPING FILM

Audience Kept Guessing Right Until the End With Many Incidental Escapades

"The Air Circus" is a picture that grips one's interest with the opening scene and never releases it. This one, unlike many plots, is unfolded in such a manner as to keep one guessing right down to the final fadeout. David Rollins, around whom the major portion of the story revolves, captivates with his boyish wholesomeness, and exceptional handling of this opus by Howard Hawks and Lew Seiler, the directors, keeps Rollins' victory over fear of the air encountering so many obstacles that it seems doubtful, until the last few minutes of the picture, whether it will be victory or failure.

Sue Carol does admirable work as the sister of the aviation school owner, played by Charles Delaney. Sue is an air instructor and it falls to her lot to teach Rollins and his pal, Arthur Lake, how to fly a plane. Young Lake takes to flying like a duck to water, but Rollins, who, theoretically should excel Lake because Rollin's brother scored success as an overseas ace, develops fear of the air, which is accentuated when Rollins cracks up in two attempts to handle a plane in the air. Delaney, the owner of the school, and his sister who helps him, both are anxious that Rollins give a creditable performance as a flyer, but their hopes seem destined to go unrealized. The final scene is unexpected and thrilling.

## FULTON AGAIN HEAD OF CLUB

Re-elected President of Prince Rupert Club Last Night; Directors Named

W. O. Fulton was re-elected president of the Prince Rupert Club at the annual meeting last night. F. E. Robertson is vice-president and Walter Hume secretary.

## CONSTIPATION THE CAUSE OF BAD SKIN

Get Natural Relief With Kellogg's ALL-BRAN

Rid yourself of constipation! The longer it lingers, the greater the poisons it sends through your body—poisons which can undermine your health and lead to many serious diseases.

The work of constipation shows in the face—pimples, pasty or sallow cheeks, dark circles, it brings headaches, causes spots before the eyes, unpleasant breath. But you can get prompt relief and prevent it! Begin eating Kellogg's ALL-BRAN today.

After all else has failed, thousands have regained their health with Kellogg's ALL-BRAN. Because it is 100% bran, it is 100% effective. Part-bran products bring only "part" results.

Doctors recommend it—and Kellogg's ALL-BRAN is guaranteed. Just eat two tablespoons daily—chronic cases, with every meal.

Ready-to-serve with milk or cream. You will like its crispness and flavor. Use it in cooking. Sprinkle into soups. Made by Kellogg in London, Ontario. Served by hotels, restaurants, dining cars. Sold by all grocers.

## SUCCESSFUL TEA AND SALE HELD THURSDAY

About \$25 Realized At Function of Adair Carss Chapter at Home of Mrs. S. V. Cox

A very successful tea and sale of home cooking was held yesterday afternoon by Adair Carss Chapter, Imperial Order, Daughters of the Empire, at the home of Mrs. S. V. Cox, 533 Seventh Avenue West, a sum amounting to about \$25 being realized.

Mrs. D. Orchard McLeod, regent of Adair Carss Chapter, received with Mrs. Cox and Mrs. W. A. McLean, Mrs. Bert West and Mrs. W. W. C. O'Neill acted as serviteurs. Mrs. J. Murray was in charge of the home cooking table and Mrs. J. Ratchford was cashier.

Mrs. J. A. Teng was in charge of the raffle of two blankets and the winning number was 15, which is held by J. Burns. If the prize is not claimed within 10 days, it will go to the holder of a second number which was drawn.

## FINED FOR TRADING IN FURS WHILE NOT POSSESSING LICENSE

C. A. Jensen, watchman at the Canadian Fishing Co.'s cannery at Wales Island, was convicted by Stipendiary Magistrate H. F. McLeod, in district police court yesterday afternoon, on a charge of trading in furs without a license, a fine of \$200 being imposed, or, in default, 30 days imprisonment. Staff Sergeant Alex McNeill conducted the case for the crown, while John V. Clyne appeared on behalf of accused.

The case resulted from combined activities of Alaska game commission officials and the B. C. police.

## BIG SHOW AT THE CAPITOL

Week-end Program Includes Two Feature Pictures, "Tarzan" and One Act Vaudeville

A unusually big show has been arranged for Capitol patrons this week-end, with an exceptionally fine program of pictures including Geo. O'Brien and Lois Moran in an immensely colorful and entertaining film "Sharpshooters," also the well known favorite Madge Bellamy in "The Play Girl," a clever and delightful photoplay in which laughter and romance lead the way.

Then there is the fourth chapter of "Tarzan, the mighty" in another exciting encounter with the wild animals of the forest. The big show concludes with a vaudeville number by Fred Wells and Art Easson in a zylphone and sax duet, playing the popular Al Joison song hit, "Sonny Boy."

### ARRIVES IN PORT

C.N.R. steamer Prince John, Capt. Neil McLean, arrived in port at 1 o'clock this morning from Vancouver via the Queen Charlotte Islands and will be here until 10 o'clock tomorrow night when she will sail on her return south over the same route. The Prince John brought a light passenger list here and her cargo includes some 300 tons of Vancouver Island coal for the city's power plant at the dry dock.

## Intelligent Battery Service

Let us take care of your battery problems this winter and you'll find an end of "cussing" at the car that won't start when the weather is cold.

We repair and service old batteries, and can sell you the finest new ones made.

## BAD EYES

Are your eyes peculiar—a little different? Harder to test than many?

That is the kind we take a special interest in and usually satisfy our customers.

In fact, if the eye is not diseased, and glasses are really what is needed, we are sure we can suit you.

Lenses ground specially for each eye when necessary. Many pleased customers in Prince Rupert
