## Bennett Also Favors Empire Co-operation Against U.S. Tariffs

TORONTO, June 24.—Canada's answer to the United States tariff now before Congress would be the promotion of trade within the Empire and the establishment of the British Empire as the greatest economic unit the world has ever known, Hon. R. B. Bennett said Saturday when addressing meetings at Port Credit and Oakville. He said within six months of his being elected to power he would summon an Empire economic conference.

## CONVENT OF SACRED HEART IS DESTROYED

Struck by Lightning Yesterday  
Afternoon; Loss About  
Million Dollars

MONTREAL, June 24.—Struck by lightning Sunday afternoon, the convent of the Sacred Heart at Sault au Recollet, near here, known all over the North American continent for its educational facilities, was destroyed by fire. The damage is estimated at a million dollars and is covered by insurance to the extent of \$200,000. Four firemen were injured, one seriously, but all the inmates escaped.

## GREAT CROWDS AT BALL GAME

At New York 184,000 Attend in Three  
Days; Gehrig Ties Melott  
For Homers

NEW YORK, June 24.—The Athletics made it three out of five over the Yankees by winning the concluding match of the series yesterday, 7 to 4. But while the Yankees lost the series and their pennant chances are now gloomy they triumphed financially as more than 184,000 paid their way at the gate in three days. The final game was a triumph for Howard Ehmke, the veteran right-hander although George Earnshaw had to be called in the eighth to put down a Yankee uprising. Home runs were made by Simmons, Fox, Haas, while Lou Gehrig hit his twentieth, placing him in a tie with Melott of the Giants for the Major League leadership.

The champions dropped into a tie with St. Louis for third place. Weekend scores follow:

## NO DELEGATE FROM STEWART

Mining Camp by Majority of One  
Against Coming to Convention

(Stewart News)  
Considerable opposition developed at the meeting of the Stewart Board of Trade Tuesday night to a proposal to send a delegate to the convention of the Associated Northern B. C. Boards of Trade to be held shortly in Prince Rupert. The first show of hands resulted in a tie, 9-9, but on the second count the motion to send a delegate was defeated, 10-9.

The Board evidently remembered incidents of the past when after a long

## STORM HITS MONTREAL

Almost Cyclone Follows Eight  
Days of Sweltering Heat

MONTREAL, June 24.—In a storm of cyclonic intensity here Sunday afternoon several lives were lost by drowning and fatalities also occurred earlier in the afternoon as persons were driven to the water in search of coolness. The storm was the climax to eight sweltering days.

At the summering place of St. Anne de Vaudreuil two men lost their lives when boats fell a prey to the sudden fury of the storm.

## W. S. FIELDING DIED SUNDAY

Canada's Great Statesman Passed  
Away After Long Illness

OTTAWA, June 24.—The Dominion of Canada was last night bereft of one of her most distinguished statesmen when, following a stroke which three days ago projected him into a state of coma, Rt. Hon. W. S. Fielding lost his long-drawn-out battle waged for the past five years and died at 10:25. Beside him when the life of Canada's great public servant flickered out were four children. His wife pre-deceased him about ten months ago.

Mr. Fielding was born in Halifax, Nova Scotia, on November 24, 1848. He was premier of Nova Scotia from 1884 to 1896 when he entered the federal cabinet as minister of finance, holding the position for fifteen consecutive years. In 1897 he introduced the Imperial British preference tariff.

The funeral will take place Wednesday.

## Youthful Bank Bandit Gets Five Years and Ten Lashes After Pleading Guilty Today

VANCOUVER, June 24. — Arthur Thomas, the 19-year-old bandit who held up the Grandview branch of the Royal Bank of Canada on Commercial Drive, escaping with \$4000 last Tuesday, was sentenced to five years in the penitentiary and ten lashes by Magistrate Shaw in the police court this morning. Thomas was captured in New Westminster a few hours after the robbery, pleaded guilty and elected for summary trial.

"You have pleaded guilty to a very serious crime, one which might have led to murder," the magistrate said. "It is a wonder murder was not committed. In determining the punishment I must consider not only what is necessary for you, but to deter other youths who may be contemplating a similar crime."

## Nechaco Valley Looks Best in History and Prince George Busy

F. G. Dawson Tells of What He Saw on His Annual Trip  
as Far as Prince George

The Nechaco valley never looked so well as it does today following recent rains there, declared F. G. Dawson, director of the Canadian National Railway, on his return from an annual tour through the country between Prince George and Prince Rupert. The Bulkley valley did not get as much rain and consequently did not look as well. The city of Prince George is a very busy place, busier than it has ever been. The lumber business in the neighborhood is good and a number of survey parties are outfitting there which bring a great deal of business. Two new saw-mills have been erected right in the city and there is prospect of another large one. All this makes the citizens very optimistic and with good reason.

Mining throughout the whole of central B. C. is very active. Mr. Dawson visited the Dubie and Topley mines and at the latter particularly a great deal of development work was being done. He thinks both of these mines will soon be producing heavily. News received of other activities indicated no slackening in actual mining work.

Mr. Dawson said there would be good representation of the Boards of Trade from all centres for the convention here this week of the Associated Boards, Vanderhoof in particular being very keen. Becoming reminiscent, Mr. Dawson said the first trip he made through the country was with Archie McGinnis of North Bulkley, who then had two children, one a baby in arms. This week the baby of that day, Miss Ivy McGinnis, is to be married. Mr. Dawson has been through the valley every year since that time and has seen some wonderful changes.

## BOOTH MEMORIAL SERVICE IS HELD

A memorial service was held in the Salvation Army Citadel here last night in connection with the death of the late General Bramwell Booth. There was a large congregation.

The service opened with the singing of "Rock of Ages" and Andrew Martin and John Joyce led in prayer. Adjutant William Kerr gave the Bible reading and Capt. E. Anderson sang, "Some Day We'll Understand," also spoke briefly. Mrs. Kerr sang, "Only Remembered by What We Have Done," and Adjutant Kerr gave an address, dealing with the life and works of the late General Booth. The meeting closed with the singing of "When I Survey the Wondrous Cross."

**DOCK IS A DANGER**

The dock which has been allowed to go out of repair on the waterfront is undoubtedly a menace. If it is to remain in its present condition it should be well fenced off. Complaints have been made of this to The Daily News at various times, but never mentioned, as it was thought it was private property and the business of no one but the owners. When it becomes a public menace it is time something was done.

**INTERESTING FORWARD STEP**

According to a despatch received Saturday, the Canadian Government has already communicated with the other Dominions suggesting that there should be a closer trade pact. While these Dominions may feel that this was not done until Canada was forced into it by the United States, they will also see that a British preference has for many years been a Canadian policy and that a treaty has been in force with Australia for some time. The proposal is just a natural extension of a settled policy.

There are a good many supporters of the present Government who think there should also be a revision upward of some of the duties on importations from United States, but the difficulty in commencing this is to know when to stop.

**RELIEVE LABOR CONDITIONS IN GREAT BRITAIN**

Proposal to Secure Co-operation of Other Parts of the Empire

LONDON, June 22.—Schemes for development to relieve the British unemployment problem may reach to the Dominions, it is believed. There is authority for stating that Friday's meeting of the Labor cabinet ministers on unemployment produced proposals for an inquiry concerning large works of general utility and development which may desirably be undertaken in any part of the Empire, including the Dominions, as well as the crown colonies.

The Dominions, according to the scheme, will be asked to what extent they will be prepared to guarantee employment to British labor and manufacturers in such work if the British Government offers certain financial inducements. Inquiries on the matter will reach the Dominions immediately.

**UNITED STATES IS ADVISED ON TARIFF EFFECT**

Not Likely President Will Take Action to Modify Terms Is Suggested

WASHINGTON, June 22.—The United States Government is fully informed of Canadian sentiment concerning the tariff, it was said at the state department Friday. Reports of the attitude of the Dominion as reflected in the editorial columns of the press are being continually received here from the office of United States Minister Phillips at Ottawa. The administration is completely cognizant of Canada's attitude and it has been the subject of discussion between cabinet members and between the members and Congress.

The possibility of action being taken by the president looking toward a limitation of the tariff on farm products is discounted here.

An average sugar maple tree produces from four to eight pounds of sugar.

**FAREWELL TO REV. W. ALLEN AT TERRACE**

Presentations Made in Recognition of Excellent Services Rendered

TERRACE, June 24.—A large gathering was present at a farewell social in Knox United Church on Thursday evening to honor Rev. and Mrs. Wm. Allan and family prior to their departure from this district. R. W. Riley presided over the gathering.

Early in the evening Miss Lillian Christy presented Mrs. Allan with a beautiful bouquet of roses donated by Mrs. Braun from her own garden. A splendid program had been arranged, those taking part being:

Address—Canon T. J. Marsh.  
Piano Solo—Miss Annie Allan.  
Vocal Solo—Mrs. C. C. King.  
Vocal Solo—Rev. A. W. Robinson.  
Vocal Solo—Mrs. Allan.  
Address—Rev. A. W. Robinson.  
Recitation—A. Attree.  
Vocal Solo—Rev. Wm. Allan.

During the program E. T. Kenney, on behalf of church members and friends, expressed regret at losing Mr. and Mrs. Allan and family from the district and also extended to them the good wishes of hosts of friends here for their future success and happiness in their new field of work. As a token of appreciation of their work here he then presented Mr. Allan with a club bag, Mrs. Allan with a handsome hand bag and purse of money, and Miss Annie Allan, for her services at the church organ, with an ivory toilet set.

Mr. Allan appropriately and feelingly responded.  
Refreshments were served and a social hour enjoyed.

**WINNER OF YACHT RACE NOT DECIDED**

JUNEAU, June 22.—Never headed in the entire distance of the capital to capital, Olympia to Juneau race, the yacht Kloss of Shelton, Washington, was eliminated from competition in the final count when Captain Reed of the yacht announced his engine had turned 1200 revolutions over the route and gives his boat a speed of seven and one-half knots instead of seven knots at which the little 30-footer was rated.

The victor will not be determined until the handicaps have been figured out.

**THE FORD CAR STEEL BODY**

**Combines Strength with Beauty**

THE high grade steel used in building Ford car bodies gives maximum driving protection. Beauty of design has been combined with rugged strength in these all-steel bodies. The wood parts shown in the diagram are used only for attaching the interior trim and roof material.

If this body—that of the Tudor Sedan in this instance—mounted on a Model "A" chassis, were turned over and resting on the roof, it would support the chassis, engine and all without even bending the narrow window pillars. Such is the strength and high safety factors of Ford engineering.

Vision obstruction is reduced to a minimum by the use of narrow steel pillars. Lower rear panels, including the wheel housing, are made in one piece. This unusual feature on body construction gives additional strength.

Electrical welding adds greater rigidity and reduces the possibility of squeak and rattle. Panels and frame sections are welded or riveted. In assembly of large units where bolts are necessary, strips of anti-squeak material are used between sections. Sound deadening material is also used. Soft roof construction, of heavy padding over galvanized mesh wire, provides an additional element of quietness.

# FINE YACHT IS SUNDAY CALLER

Capt. Hancock at Los Angeles Here Yesterday With Palatial Cruiser Veleron

Capt. G. Allan Hancock, millionaire tomato grower, railway owner and sportsman of Los Angeles, who visited Prince Rupert last year and the year before with his steam yacht Oaxaca, which was sold last year in Wrangel Narrows and subsequently sold was here again yesterday in the course of a cruise to Alaska on his electric diesel yacht Veleron, the largest and most palatial power cruiser to be seen here yet this season. Accompanying Captain Hancock was a party of eighteen persons.

The Veleron arrived in port at noon from the south and after spending two days here will proceed tomorrow to Alaska. The vessel tied up at the floats of the Pacific Salvage Co. where it was admired by many passersby on the waterfront. She is 120 feet long and equipped with all the latest navigation devices as well as elaborate and handsome passenger accommodation. In general design the vessel somewhat resembles a small steamer with her deck houses, bridge, two rakish masts and dunny funnel. There is radio equipment and all the latest yachting conveniences and facilities. Power is derived from two 175 h. p. diesel motors. On board is a fully fledged skipper to assist Captain Hancock, himself a qualified navigator, as well as a crew of about a dozen.

Captain Hancock is at present having an even larger yacht built in Los Angeles. He was much in the public eye two years ago as backer of Capt. Kingsford Smith's trans-Pacific flight.

# Sport Chat

Events scheduled for the coming week are as follows:  
Monday (tonight) — Dominion Day Cup football: Empress vs Regiment.  
Tuesday—City Baseball: Gyro Club vs Native Sons of Canada.  
Wednesday—Canadian National Softball first half of season play-off: Station vs Superintendent's Office.  
Friday—City Baseball: Elks vs Gyros.

Sufficient entries have now been received to make the two day race meeting in Prince George in connection with the Dominion Day celebration the most successful in the history of that city and the Prince George Derby the most outstanding event in the entire interior. Horses are being entered from far afield including stables at Edmonton, Rumbay, Alta, Kersley, Alta, 141-Mile House, Penitence and Kelowna as well as local horses. The Prince George Derby will be for a large silver cup presented by Hon. F. P. Burden and a \$600 purse.

**FOOTBALL TEAMS**  
The Regiment will field the following team in tonight's Dominion Day Cup football game against the Empress Social Club: Brand, Kelsey and Ross; Edgcombe, Hadden and Burdette; Wilson, Murray, Russell, Tinker and Norington; spares, Strachan and Underwood.

# NO DELEGATE FROM STEWART

(Continued from page one)  
and bitter fight our delegate succeeded in getting a resolution through favorable to this district, and that was the end of it. The whole situation seems to appear that Stewart, although having greater potential possibilities in his hinterland than any other town of Northern B.C., must fight its own battles, and this appears so far enough because Stewart will be reaping its own reward. The point that seems to be overlooked by the other towns, however, and especially by Prince Rupert, is that the building up of Stewart is going to benefit the whole of Northern B.C. as well as the larger commercial centres such as Vancouver and Victoria.

# ELKS WINNERS OF BALL GAME

Defeated Gyros by Score of 5 to 4 Yesterday

Yesterday's city league baseball game between the Elks and Gyros was tucked away in to the win column by the angered tribe by the narrow margin of one run. The final score was 5 to 4, and the game was another nip and tuck affair such as have been seen all season.

The Elks collected their runs in two innings—the second and seventh while the Gyros bunched their hits in the seventh, sending over four counters. The four runs the Gyros collected would have been enough to win the game had it not been for some sloppy ball in the field in the seventh inning that handed the Elks at least two of their runs. The Elks were on their toes on the bases at this time and took full advantage of the error, and deserve full credit for their win.

The hitting and fielding star of the game was Joe Gosse, who, after some ordinary work so far this year, blossomed into a star by his play yesterday. If Joe can keep this up the Elks have a valuable man in him. His two hits were of the clean cut variety, and his catch of Haveland's drive in the ninth robbed Ollie of a triple, and saved the game.

The Gyro infield pulled off two snappy double plays to break up two batting rallies, while the Elk infield too, got everything that came anywhere near them.

Loblick and Haveland again were the opposing moundsmen, the former having a little edge on Ollie this game, sending more men back to the bench via the strikeout route.

Ratcliff and Laporte umpired the game.

League standings:

	W.	L.	Pct.
Native Sons	3	1	.750
Elks	2	2	.500
Gyros	1	3	.250

# GLEE SINGERS COMING AGAIN

Will Give Another Concert in City Following Alaska Trip; Fine Reception Saturday Night

So great enthusiasm has been aroused as a result of the opening appearance that the Moose Hall was again packed Saturday night to hear the splendid Westminster Glee Singers, whose visit here under the auspices of the Gyro Club has been a memorable event in local musical affairs. The program was almost a complete change from the first, except for one or two numbers, including the wonderful "Bells of St. Michael's Tower." The hall was about half full for the special children's matinee on Saturday afternoon and even the children were so entranced that one could have heard a pin drop, as far as they were concerned.

Many local music lovers attended both the Friday and Saturday evening concerts and some took in the matinee as well, the program for this having been arranged specially for the children.

On Saturday evening an announcement was received with gratification that the Glee Singers would make another one-night stand here on July 6 after their Alaska tour. This morning the troupe sailed on the Princess Louise for Ketchikan, where they will open a two-night engagement tonight. Later they will visit other Alaska cities. After their second visit in Prince Rupert they will proceed to Prince George, Laurence A. Lambert, their general manager, leaving on tomorrow's train to make arrangements for their recital at the interior town.

Officers of the Prince Rupert Gyro Club has been showered with congratulations during the past few days on their enterprise in having made it possible for the Glee Singers to be heard locally.

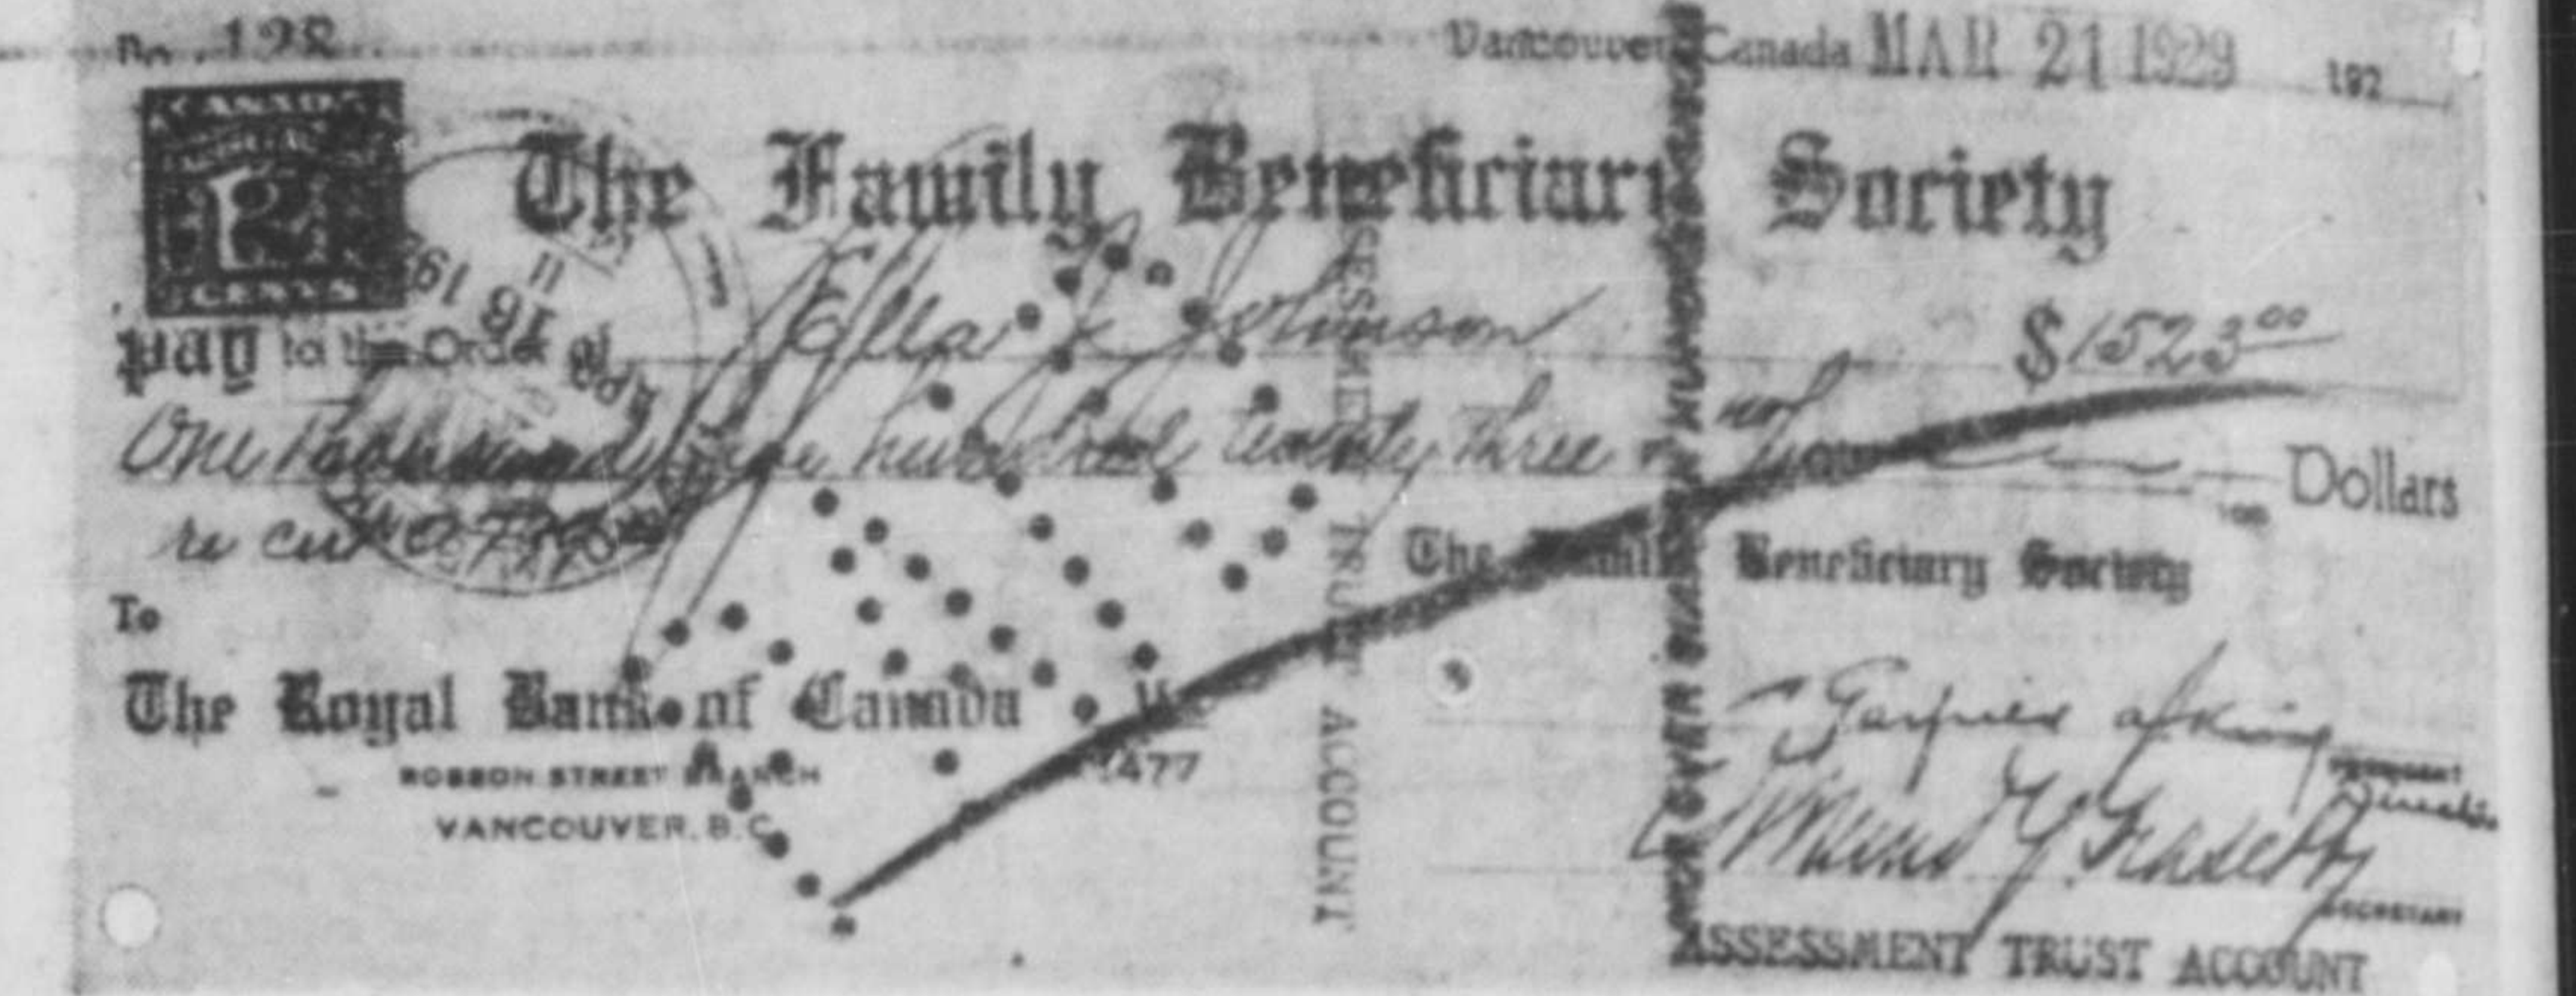

Mrs. Fred Roberts and son, Gerald, returned to the city on Saturday afternoon's train from a trip to Guelph, Ont.

Miss M. B. Henderson of the local high school teaching staff sails tomorrow afternoon on the Catala for Vancouver where she will spend the summer vacation.

Fred McLeod, of the city telephone staff will sail tomorrow afternoon on the Catala for a holiday trip to Vancouver.

Mr. and Mrs. G. A. Woodland left on Saturday for Hazelton whence they will leave for a motor tour of the central interior, having shipped their car ahead of them.

The Family Beneficiary Society  
553 Granville Street  
Vancouver, B. C.

Dear Sirs:—

I am very pleased indeed to acknowledge receipt of the Society's cheque to-day in full settlement of my claim. I wish to thank the Officers of the Society as well as all the members. It is indeed a marvelous thing when one considers that I am receiving this money from hundreds of members from every part of British Columbia and to think that two years protection has only cost such a small sum.

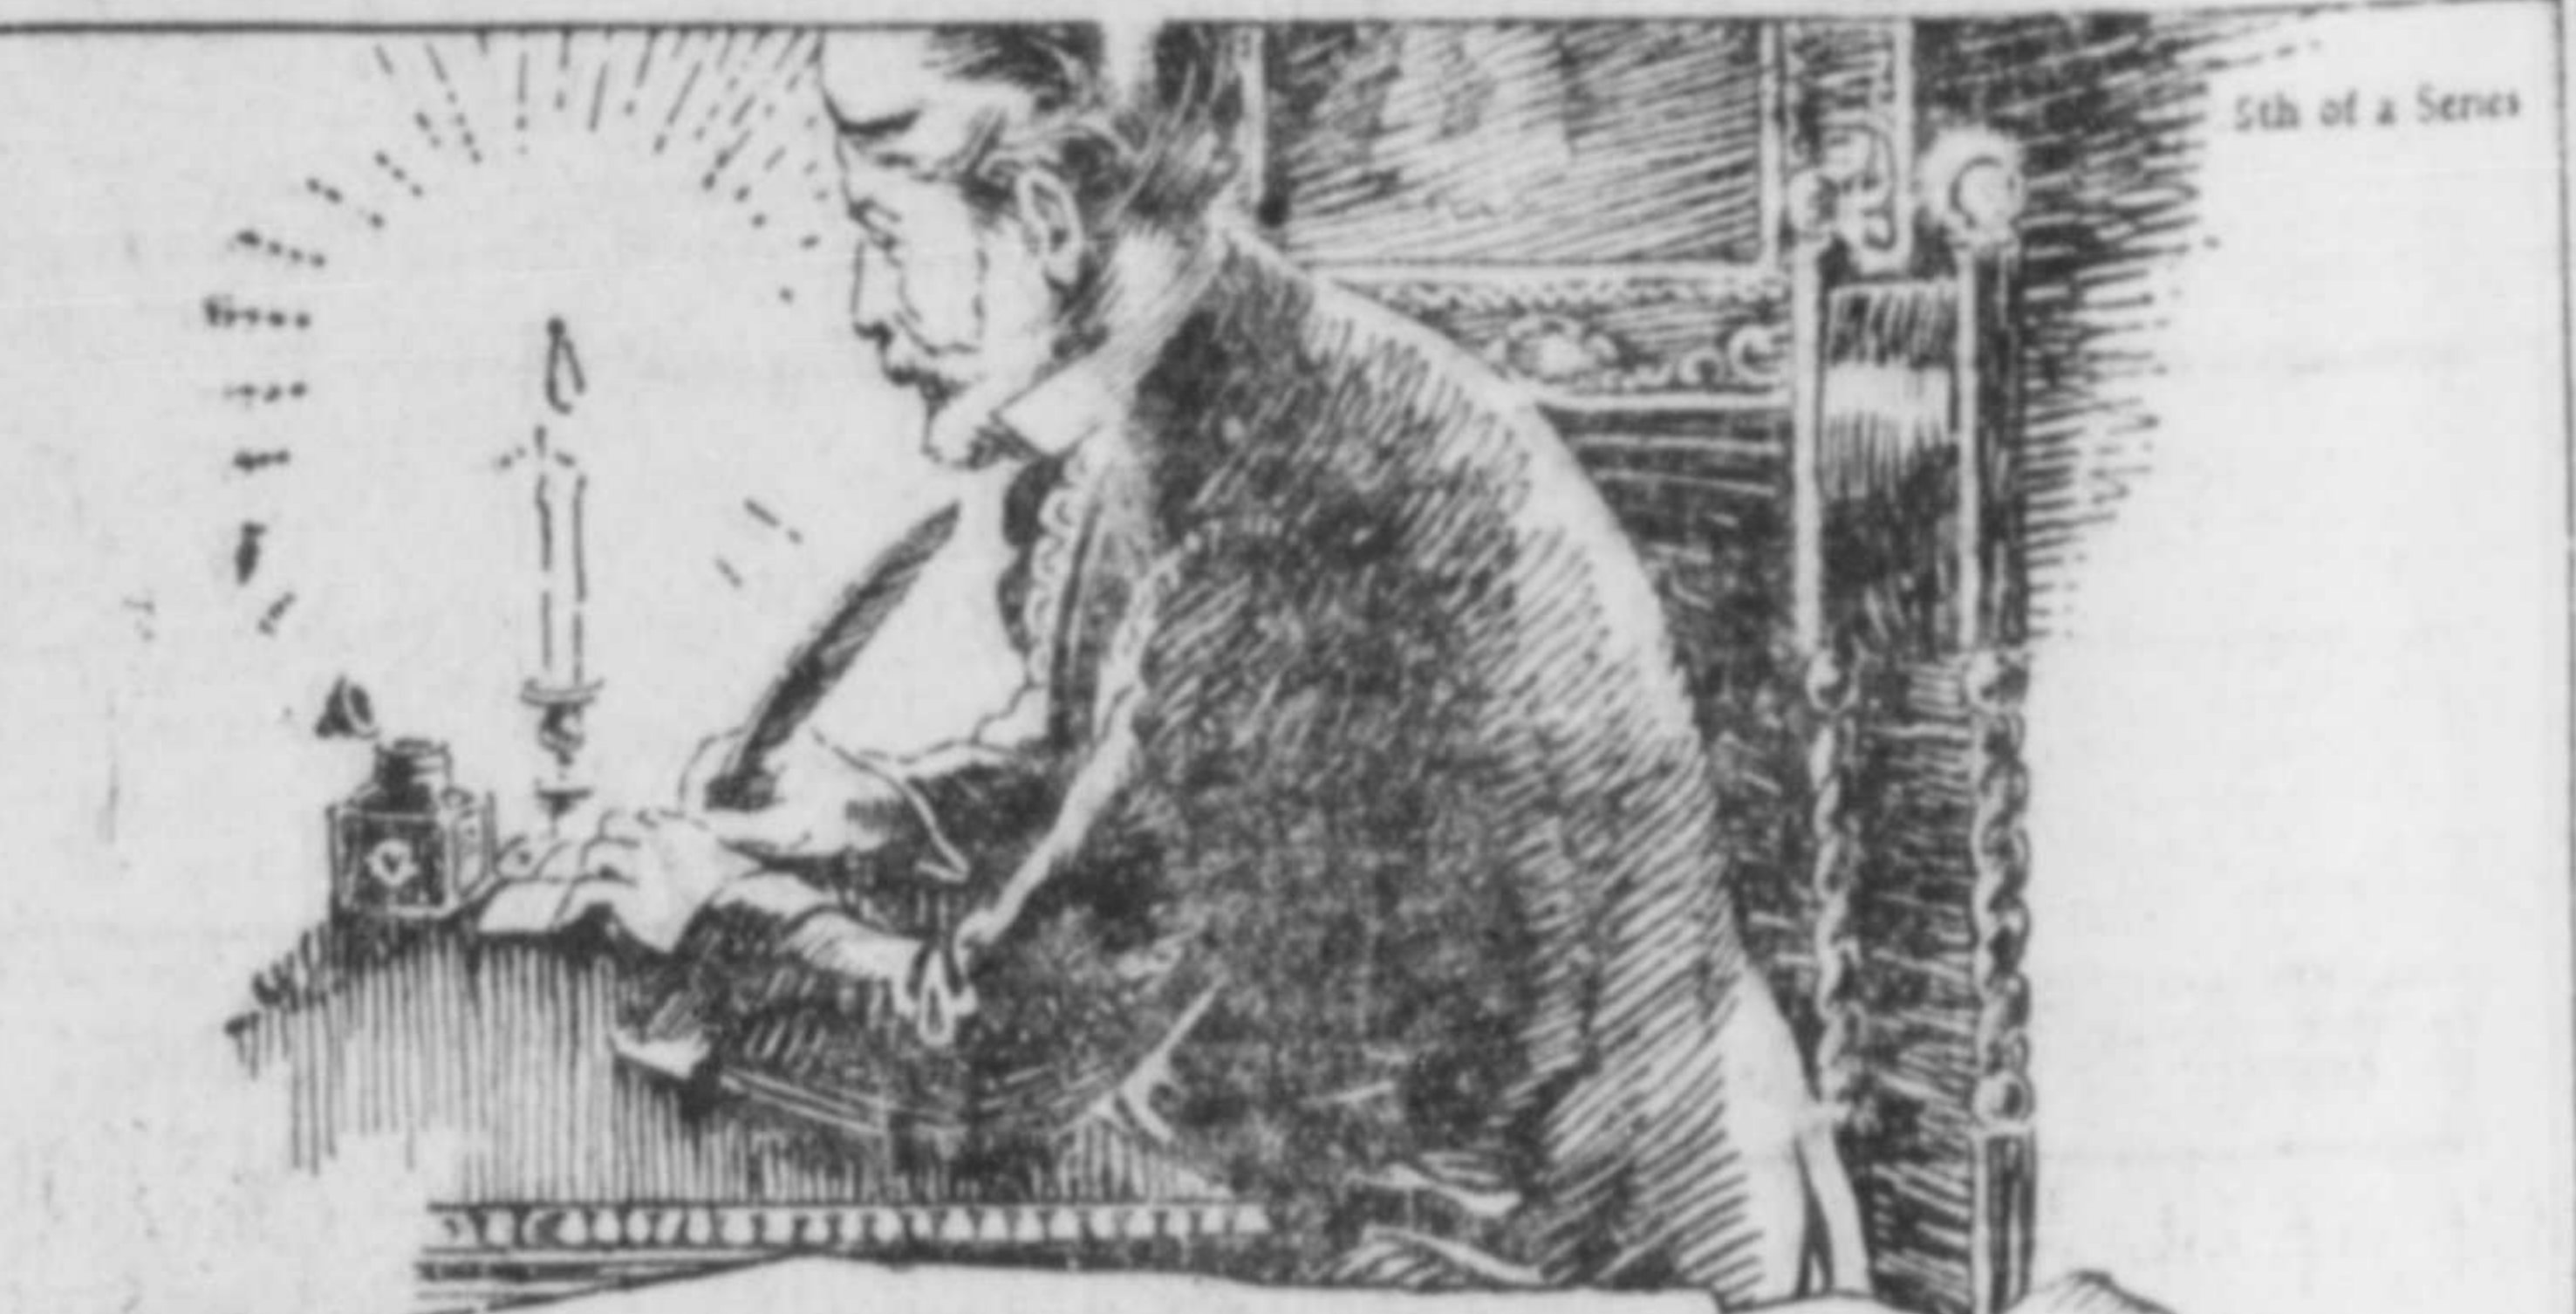

Sincerely yours,

Ella H. Johnson

In order to correct a rumor which appears to have reached some members of the Society in Prince Rupert, the above fac-simile of the check paid by The Family Beneficiary Society to Mrs. Ella Johnson, widow of the late Thor Johnson, is published, together with her letter of acknowledgment and commendation. Mr. Thor Johnson was a member of this Society for 2 years, during which time this protection cost him \$23.75.

### PAPER MILL AT PRINCE GEORGE

Minister of Lands Still Hopeful for Enterprise; McArthur Mill Application Made

Paying a brief visit recently to his home constituency of Fort George while en route from Victoria to Ottawa to attend an inter-provincial conference on forestry matters, Hon. F. P. Burden, minister of lands, stated that, on his return west, he hoped to have some announcement to make with respect to the projected pulp and paper mill in the vicinity of Prince George. He is still very optimistic respecting the intentions of the Fraser Timber Syndicate and believes that the local enterprise would be good business owing to the cheap cost of delivering logs down the Fraser or Nechako Rivers to Prince George.

Mr. Burden also stated that he had received official notice of the intention of the Northwest Lumber Co. to proceed with the erection of a large new sawmill on the Hudson Bay addition, near the city of Prince George. This had come from the promoters of the enterprise in the form of a request for the securing of a timber supply for the mill.

### TO OPEN UP LOGGING CAMP FOR SUPPLYING NEW INTERIOR MILL

A. M. Dore, who is establishing the Alexander sawmill practically in the city of Prince George, has made arrangements for the opening up of a large logging camp at Nichol. During the winter he expects to employ a crew of from 60 to 65 men in getting out logs for the operation of the Alexander mill next summer.

### SCHOOL EXAMS ARE HELD HERE

Thirty Students Writing Entrance Tests, Thirty-five Junior Matric and Ten Senior

Under the general supervision of School Inspector H. C. Fraser various government examinations are in progress in the King Edward high school here this week.

Entrance examinations, commencing tomorrow, will be presided over by Miss Winnie Rushforth and about thirty students are to take the tests, including recommended pupils who are trying for medals, some pupils from Booth Memorial and Borden Street schools, who were not recommended by their principals, and eight pupils from the Catholic school.

Thirty-five scholars are taking the junior matriculation examinations which started Friday and at which Miss Jessie Rothwell is presiding examiner. Ten pupils have been writing the senior matriculation examinations which concluded today and at which Mrs. James Haddon has been presiding examiner.

The list of pupils from Booth Memorial and Borden Street schools who have been recommended by Miss E. A. Mercer and Miss S. A. Mills, principals, as qualified for high school entrance will be issued tomorrow by Inspector H. C. Fraser.

### DEEP SEA FISHERMEN'S AGENT AT SEATTLE WAS BURIED ON SATURDAY

John Morrison, local agent of the Deep Sea Fishermen's Union, received word today that the remains of Roderick MacDonald, agent for the Deep Sea Fishermen's Union at Seattle, were recovered from the bay Friday and owing to the condition were buried Saturday. The funeral was attended by a large number of friends and there were large numbers of flowers.

P. B. Gill, secretary at Seattle, speaks most highly of the deceased agent.

Dr. Armour of Toronto and Rev. Nelson Harkness of Vancouver Preached Yesterday in Local Churches

Following a tour of the central interior, Rev. Dr. J. B. N. Armour of Toronto, general secretary for the Dominion of the Canadian branch of the British and Foreign Bible Society, and Rev. Nelson Harkness of Vancouver, secretary for the society in British Columbia, arrived in the city on Saturday afternoon's train and occupied the pulpits in local churches yesterday.

Dr. Armour preached at St. Andrew's Anglican Cathedral in the morning and at First Presbyterian Church in the evening. Mr. Harkness was at First United Church in the morning and at First Baptist Church in the evening. Both speakers were also at Sunday schools in the afternoon.

Ald. F. G. Dawson returned to the city on yesterday afternoon's train, following a fortnight's business trip by motor to various central interior points between Hazelton and Prince George.

C. S. Caldwell Was Member of Cassiar Prospecting Expedition; Captain Jervis Came With Willingdon

Colin S. Caldwell, noted Canadian pilot, who lost his life in an airplane crash at Montreal last week, was well known in Prince Rupert through having been here in 1925 as navigator of a Vickers Viking flying boat in which Col. J. Scott Williams and Archibald Little, the latter a Detroit mining engineer, made an aerial prospecting expedition into the Cassiar district. Many people who became acquainted with Mr. Caldwell while he was here have been shocked to learn of his untimely demise. His career as a flyer was replete with many notable exploits, including numerous hazardous flights into the northland and aerial prospecting for the Newfoundland sealing fleet. He was commonly known as "Lucky" Caldwell. But 26 years of age, he had been married less than a year.

Capt. the Hon. J. C. Jervis, M.C., is also remembered as a visitor in Prince Rupert, having been here two years ago

as aide-de-camp to Lord Willington, governor-general of Canada. Both Mr. Caldwell and Captain Jervis were identified with the service of Canadian Vickers, Ltd., at the time of their death.

### INTERIOR BOUNTY CASE DISMISSED

Dudley Roy Stein Acquitted at Prince George on False Pretences Charge

Dudley Roy Stein was acquitted at the Supreme Court Assizes in Prince George on a charge of obtaining money from the provincial government by false pretences. Stein was charged by the crown with making an arrangement for the collection of bounties upon skins of animals which had been killed in the United States. Stein successfully showed that he had not been a party to such an arrangement.
