## Speech From Throne Outlines General Scope of New Legislation Coming Up At Present Session

number of Laws to Be Amended; P. G. E. to Receive Attention and Marketing Branch to Be Organized

VICTORIA, Jan. 22.—The speech from the throne, read to the legislature yesterday afternoon by Lieutenantovernor Bruce, said the legislature would be asked to conider legislation intended:

To give assistance to the establishment of an iron and teel industry in the province.

To extend exemptions under the Succession Duties

To amend the Minimum Wage Act, the Companies Act, he Mineral Survey and Development Act, the Public chools Act.

No particulars were given in the speech recording urther progress toward the restoration of the railway elt or Peace River block.

The speech mentioned that the future of the P.G.E. vas receiving attention.

The government is seriously considering the question f land settlement and has appointed a commissioner of mmigration and colonization.

The government contemplates the immediate organizaon of a marketing branch of the department of agricul-

An audit of the public accounts is being made.

In view of the growing importance of the public utilies question, the advisability of providing some measure stricter control is receiving consideration.

Provision will be made to meet the province's immedite needs in connection with highway facilities.

Arrangements are now being entered into between anada and United States for a conference concerning onservation of salmon.

The government is carrying out a thorough survey of he provisions of taxation to the end that the incidence of axation should be modified.

Leader of the Opposition and thief critic of the Government.

## HERRING RUN HASBEGUN

The herring run in waters contiguous to Prince Rupert is rather earlier than usual in commencing this year. This morning, Capt Ole Skog with the seineboat Zanardi took 100 tons in Port Simpson Harbor -the first catch of the season. There are reported to be plenty of the fish, though they are swimming deep.

Capt Skog has contracted to fish for the Canadian Fish & Cold Storage, and, now he has made his first catch, the packers, W. R. Lord and Grier Starrett, are going out tonight to start bringing his fish in to the local plant, where they will be stored for bait purposes.

On the run starting, the Dominion fisheries is also sending out a patrol boat.

## March on London of Unemployed Starts From Scotland and is to be

Recruited from Number of Points

GLASGOW, Jan. 23.—The march of unemployed men on London began today, when 150 Scottish shipyard workers and miners left here. Similar parties plan to start from other parts of Scotland and South Wales, converging on London with the hope of influencing the government to increase the assistance to those without work.

The Trades Union Congress is officially discouraging the march. It is stated that the journey in bad weather entails great hardship on the men already suffering from the effects of long unemployment and is likely to achieve no useful object.

## HON. SIMON FRASER TOLMIE Guns Boom and Soldiers Parade as Legislature Opens At Victoria

VICTORIA, Jan. 23.—The legislature of British Columbia was opened yesterday by Lieutenant-Governor Bruce with the traditional ceremony, thus commencing the first legislative labors of the new Conservative regime. Spectators filled every corner of the legislative chamber and crowded the steps of the parliament buildings when the lieutenant-governor started the session on its way. His Honor, dressed in Windsor uniform, drove to the

buildings at 3 o'clock attended by his secretary, aide de camp and personal guard of naval and military officers. ## Cubs Hold Lions to Draw Last Night After Beating Them Well On Previous Evening at Hockey

VICTORIA, Jan. 23.—The Victoria Cubs are threatening the supremacy in the Pacific Coast Hockey League of the Vancouver Lions. Last night, for the second time on successive nights, they battled into overtime but failed to settle the argument, even though they played 10 minutes extra according to the regulations. At the close of last night's game the score was two goals all.

This game produced the fastest and most thrilling and best hockey played here this season. The Vancouver stick handlers put up a gallant fight to stop the Victoria onslaught. So well did the Cubs play that local spectators are enthused over the possible prospect of a Victoria championship at the close of the season.

The draw puts Victoria in a tie with Portland for second place in the league standing.

### LIFE'S LITTLE IRONIES

(Toronto Globe)

When Robert Burns lay on his death-bed in Dumfries he is said to have declared to his wife: "I will be better known a hundred years from now, Jean, that I am today." More prophetic words were never uttered. The poet who died tormented with a debt of \$50 hanging over him that he was unable to meet is known everywhere today, while the sale of one copy of an early edition of his poems 1928, 47.8 per cent of them were brings enough money to have kept Burns in affluence found to have some physical deall his life. It is worth while recalling these things in fect, according to the annual review of the despatch from New York which states that a port made to the Edmonton public copy of Burns' poems, a second-edition volume, was sold Dr. D. ### SELF-PROTECTION

It is being recommended to a committee of Congress that British Columbia lumber should be taxed on entering the United States a sufficient amount to prevent it being used there. The States have a perfect right to take such action if they so please. So has Canada a right to prevent the export of logs, pulpwood or other raw material to the United States. We suggest that in self-defense Canada stand firm and if this country is to be gradually shoved off the business map we take such steps as shall be found necessary to protect ourselves.

## Fairbanks Scales

For almost a century Fairbanks Scales have been known for their enduring accuracy, and each one of the many types has been perfected in design and build, to weigh not only accurately but also to register clearly at the utmost speed. From tiny delicate balance up to huge track scale, the Fairbanks line includes scales for practically every weighing purpose.

### Steam Equipment

The phrase "for quality steam equipment - Fairbanks-Morse", can only suggest the large and varied assortment of steam goods stocked by our twelve branches.

Fairbanks and Pratt & Cady Valves - Foster Regulators - Burt Exhaust Heads and Oil Filters - Strong Traps, Durabla and Palmetto Packing are lines that have won a high recognition.

And each of the hundred and one articles in our steam equipment department, be it pipe or pump, gauge or gasket, wrench or vise, torch or fire pot, has been selected for its dependable service.

## Morton Grinding Wheels

For quickly removing metal, for cutting off, for producing a high finish on any material, for any service where grinding wheels can be used, you will find a Norton Wheel that will cut quicker, or produce a higher finish, or turn out more pieces at a lower cost. Norton Wheels are carried in stock at all branches and at your service are men who have made a study of removing metal by grinding. They will tell you the right wheel to produce the most work at the lowest cost.

## Transmission Equipment

To ensure the steady and economical flow of power from drive to machine, proper shafting, hangers, bearings, pulleys and belts are essential, and here you will find Graton & Knight Leather and Dick's Balata Belting, Fairbanks Wood Pulleys, Barry Steel Split Pulleys, Hyatt Roller Bearings, as well as all the numerous appliances necessary for the transmission of power.

## Fairbanks-Morse pumps and motors

"A pump for every purpose" - for water, steam, sand, air, sewage or stock, we can supply the special type of pump best suited for the service required. Fairbanks-Morse Pumps, either separate drive, or direct-connected to Fairbanks-Morse Ball Bearing Motors, have made unusual records for efficiency and dependability.

In our twelve Branches you will find stocks of mechanical equipment and shop supplies that for variety and quantity are unequaled in Canada. Aside from the many lines made by us, we have been selected to represent many of the world's outstanding makers of machine tools, machinery, equipment and supplies. Our general catalogue shows clearly how wide a service we provide for Canadian industry. A copy will be mailed without charge.
