POWER AGREEMENT FINALLY PASSES

INTENSE COLD THROUGHOUT EUROPE CONTINUES TODAY

Revised Power Agreement Passed at Special Meeting of the Council and Will be Voted on Very Soon

Considering suggestions made by E. C. Mayers, K.C., Vancouver lawyer, and Milton Gonzales of this city, as well as those offered by the Ontario hydro-electric power commission, and making a few more or less important amendments which it was deemed necessary, the city council, in a special one-and-a-half hour session last night, gave its final stamp of approval to the agreement with the Power Corporation of Canada before submitting the by-

HOME OIL IS SELLING STRONG

VANCOUVER, Feb. 14.—Home Oil was the big feature on the stock market yesterday, closing 91 cents stronger at \$6.88 after selling to \$7.

MARKET BRANCH OF B. C. GOVERNMENT

VANCOUVER, Feb. 14.—It is officially announced that the Provincial Government will shortly establish a market branch. This announcement was made by Premier Tolmie at a banquet last night, here, of the Western Canada Dairy Convention.

Annual Meeting of Fair Ass'n. Heard Reports and Nominated Board for the Coming Season

Nominations for 1929 directors of the Prince Rupert Exhibition were received at the annual meeting of the Northern British Columbia Agricultural & Industrial Association in the city police court last night and the election will take place at a more representative meeting to be held at a later date. There were 16 present at the meeting last night and business included the presentation of the report of the president, M. P. McCaffery, as well as the financial statement which shows a surplus on the year's operations of \$200.77 contingent upon the successful collection of certain payments for advertising space, outstanding subscriptions and all of which are considered good.

GIRL GUILTY SAFE ROBBING

SAN FRANCISCO, Feb. 14.—A beautiful 19-year-old girl, Margaret Oxford, confessed to the San Jose police that she and two male companions, Hatfield and Ryan, had been guilty of a number of robberies, including the breaking of safes and robbing of banks.

VANCOUVER WHEAT

VANCOUVER, Feb. 14.—Wheat was quoted today on the local exchange at the high price of \$1.31.

SLAUGHTER IN CHICAGO

Five Gangsters Trap Eight Others and Shoot Them Dead

CHICAGO, Feb. 14.—Eight members of a powerful North Side gang headed by George Moran were trapped in their North Clark Street headquarters today by five gunmen who lined them up with their faces to the wall and shot them all to death.

This wholesale killing was the most sensational in all the bloody history of Chicago gang warfare and was carried out with precision by the five executioners wearing stars and posing as police officers.

WELL-KNOWN WOMAN DIES

Mrs. A. H. McPherson Was Respected Pioneer Resident of Prince Rupert

Another well known and respected pioneer woman resident of this city passed away at 10:15 last night when death came suddenly to Mrs. Emma McPherson at her home, 446 Eighth Avenue West. Though her health had not been of the best for many years and a heart attack last October, following a trip with her husband to Ontario, had caused her to be confined to bed for seven weeks, Mrs. McPherson had been able to be around of late. Last night as she was taking a drink of water she collapsed and died in her husband's arms.

Born in Iceland sixty-one years ago come March 11, the late Mrs. McPherson came to Canada at the age of six years with her parents who took up farming in Manitoba. Later the family moved to North Dakota. Twenty-eight years ago last November 13, Mrs. McPherson was married. She lived in Vancouver for six years before coming to Prince Rupert nineteen years ago. Since that time she had resided in this city continuously.

Besides the widower, who will have general sympathy of many friends in his bereavement, deceased is survived by a sister, Mrs. Stuart Burrows, in Saskatchewan and an aunt in Glaston, North Dakota. The late Mrs. McPherson's only son, Garnet, was killed in a tragic accident in Borden Street School fourteen years ago when 12 years of age. Funeral arrangements are in the hands of Hayner Bros., undertakers, and interment will take place on Saturday afternoon. It is being requested that no floral offerings be made.

PROBLEMS BETWEEN POPE AND ITALIAN STATE SOLVED

Above are the three principals who are responsible for the clearing up of the long controversy. Left, Pope Pius XI, Premier Mussolini and King Emmanuel of Italy.

Salmon Fisheries on Coast Be Divided in Seine Areas Chief Inspector Announces

Major Motherwell Makes Announcement of Policy of Department of Fisheries in Regard to This Coast

VANCOUVER, Feb. 14.—Division of the salmon fisheries of British Columbia into seining areas as a means to control conservation will be enforced by the Dominion department of fisheries during the coming season opening on June 20, it is announced by Major J. A. Motherwell, chief inspector of fisheries, who is back from a trip to Ottawa. Seines will be limited in the respective areas and, unless the regulations are observed, the district defaulting will be closed at the discretion of fisheries officers.

Major Motherwell expects to leave Friday evening for Prince Rupert.

High Council of Salvation Army Chooses Commissioner Higgins Succeed Gen. Bramwell Booth

SUNBURY-ON-THAMES, England, Feb. 14.—The high council of the Salvation Army last night elected Commissioner Edward J. Higgins general of the Army, succeeding General Bramwell Booth, who was yesterday adjudged unfit for the position and deposed. In the vote which took place Evangeline Booth secured only 17 votes to 43 given to Higgins. Following the election the high council dissolved.

Commissioner Higgins has heretofore occupied the post of chief of staff and has been in close touch with international headquarters in London. He is regarded as highly acceptable to the American commissioners, as he lived for eight years at Mount Vernon, New York, and knows conditions in the United States.

Members of the Booth family refused to comment on the outcome, but it is understood they have not given up the fight for control.

Intense Cold Causes Sickness and Suffering In all Parts Europe

Cardinal Bourne Grants Dispensation to Catholics in England, Absolving Them From Fasting Owing to Sickness

LONDON, Feb. 14.—In view of the severe weather and the prevalence of flu and other sickness, Cardinal Bourne today granted a dispensation to British Catholics absolving them from fasting during Lent. Sunday was made the sole exception to the special dispensation.

Temperatures over Europe have been in many cases without precedent and lower than for 200 years. In Budapest suffering men and women stormed the coal depot and 50 persons were sent to hospitals with sprains, cuts and frozen hands as a result of the ensuing riot and conflict with the police.

In Vienna Chancellor Seipel ordered parliament to be suspended for two weeks, in order to save five tons of coal daily. Austria's coal supply has sunk from 125,000 to 20,000 tons. In Czechoslovakia miles of coal-laden freight cars were frozen fast to the track. In Poland rationing of coal has had to be resorted to.

In Cattagat and the Sound between Denmark and Sweden 130 steamers are frozen fast. Bitter cold prevails in England and many rivers are beginning to freeze. While London is free of snow, there are heavy drifts elsewhere and the roads are impassible.

The canals and lagoons at Venice are completely frozen over for the first time, it is said, since the eighteenth century. Estimates of deaths from the cold in central Europe ran as high as three hundred today.

Death Plot Between Man and Woman Resulted in Murder of Miss Baglole

It Was Arranged That Denis Barclay Was to Kill Her and Then Commit Suicide, Says a Witness at Inquest

VANCOUVER, Feb. 14.—Pearl Baglole, art teacher of Vancouver high schools, who was found dead in a room of the Melville Apartment House on Monday morning, came to her death at the hands of Denis Barclay, the coroner's jury declared on Monday afternoon after hearing a number of witnesses tell of the events surrounding the tragedy.

Dr. W. A. Hunter, coroner's physician, testified that the death was due to asphyxiation, resulting from strangulation. He declared that there was every evidence of a struggle. The dead girl had four bruises on her skull, double hemorrhages in the right breast and minor hemorrhages in the brain.

There is no evidence that she had been criminally attacked, he said.

Barclay, who was charged with the murder, was not present at the inquest. He was held at the hospital for medical examination. A story of a death pact between Miss Baglole and himself was recited in the city jail by Barclay to Andrew Simpson, a fellow prisoner, according to Simpson's evidence at the inquest. He testified that Barclay told him on Monday afternoon that the whole thing had been pre-arranged. It was planned, Barclay said, according to Simpson, that he was to

(Continued on page two.)

REBEL LEADER AFRICA KILLED

KHARTOUM, Egypt, Feb. 14.—Information was received yesterday of an attack on a column of British troops by Neuer tribesmen near the pyramid of Denokur on the Upper Nile.

The tribesmen were repulsed and among their 18 dead was Gwek Wonding. As he has been the instigator of numerous disorders, it is thought that the killing of Gwek will end most of the trouble in the Neuer country.

Death of Mrs. A. H. McPherson

At her residence, 446 Eighth Avenue West on Wednesday, February 13, Emma McPherson, wife of A. H. McPherson. Funeral to take place on Saturday from Pentacostal Mission. No flowers by request.

ANOTHER EFFORT TO NEGOTIATE A DISARMAMENT PACT

LONDON, Feb. 14.—It was learned in well-informed circles today that proposals for a new approach to a settlement of the disarmament problem may be made by the British Government to the United States in the near future.

News and Views In The World of Sport

GYMNASIUM IS PROPOSED

Gyro Club Decides to Make Effort This Year to Obtain Establishment

Initiation of efforts towards establishing a community gymnasium in Prince Rupert was chosen by the Gyro Club, at its regular business luncheon yesterday, as its objective in public service for the year 1929. The Gyro Club executive is taking the matter in hand and will call together representatives of other organizations of the city with a view to obtaining concerted efforts in bringing the project to fruition. The minimum estimated cost of building and equipping a gymnasium is estimated at \$12,000 and, inclusive of a swimming tank, \$25,000. Failing successful carrying through of the gymnasium project, the establishment of a bowling green or removal of stumps from Morse Creek skating rink were suggested as objectives. In the matter of the Morse Creek skating rink, a formal opening is to be arranged to take place shortly.

It was announced that proceeds for the Gyro playground fund as a result of the recent presentation by the Players' Club of the play "The Saving Grace," amounted to \$129.59.

It was decided that the next hoedown dance for the playground fund would be held on April 5 or 19.

One of the pleasing features of the luncheon was presentation of a handsome mantel clock to W. M. Watts in view of his recent marriage. The presentation was made by Douglas Stork.

L. W. Waugh was raffle winner at the luncheon.

GERMAN HEAVYWEIGHT WINS BY TECHNICAL KAYO!

Sending Johnny Risko canvas-kissing three times in the seventh, eighth and ninth rounds, at Madison Square Garden, Max Schmeling, German heavyweight, scored a decisive technical knockout over his rival. The referee stopped the battle in the ninth round. The photo shows Risko taking a count of nine in the ninth as Referee Donovan motions Schmeling to a neutral corner.

TENNIS COURT FOR NURSES

Proposal Again Made at Hospital Board Meeting and Referred To Committee

Another effort is being made to secure the building of a tennis court for the use of the nurses of the hospital. The matter came informally before the hospital board last night and was referred to grounds committee for report. Miss Harrison, lady superintendent, is very anxious that the girls shall have a court for recreation and health purposes.

It is suggested that a site might be secured on the harbor side of Fourth Avenue northerly from the Nurses' Home on C.N.R. land. The place is already partly cleared and a court could be built there without any great cost.

HOCKEY TEAMS TO VISIT WEST

New York Rangers and Les Canadiens Will Play Series in Los Angeles and San Francisco

LOS ANGELES, Feb. 14.—The New York Rangers and the Canadiens of Montreal have accepted an invitation to play hockey at the ice palace here and also at San Francisco in April. They will go to each city.

While it is not yet known whether these will be the winners of their respective league sections in the National Hockey League, they are outstanding teams and will make the visit in any case.

Around The World With Sport Fans

(By The Tramp)

Quite a problem for Canada and the United States is presented by the Davis Cup draw. Canada and the United States are due to meet in the first round, while conditions state that the second-round ties must be completed on or before May 8. In order that this latter condition is complied with, it will be necessary for the Canada-United States matches to take place during the month of April. The vagaries of the April weather of the past few years make outdoor tennis a very difficult matter to arrange in advance on this continent during the showery month. Time was when the April airs were balmy but of late years they have been most chilly. Cuba and Mexico are to battle for the right to meet the winner of the United States-Canada tie and should have no difficulty as to weather. Canada, as a result of being drawn against the United States, faces almost certain elimination in the first round. The class of tennis played in this country, although steadily improving, does not measure up to that in the country to the south of us.

Sport Chat

Mechanics won the first half of the Senior League basketball schedule at Anyox by winning 24 to 16 over the Beach last Monday. The Mine Ladies are at the top in the Ladies' League. The boys' basketball teams of the High and Public Schools at the smelter town are playing weekly games for prizes put up by the Parent Teachers' Association.

Pete Sandnes, winner of the Hanson Cup in the recent Burns Lake ski tournament, has left for Banff and Revelstoke where he will compete in various ski jumping events and cross-country ski races, and will represent the Omineca Ski Club. Mr. Sandnes was winner of the King's Cup for ski jumping in Norway and is a first class man, both in ski racing and jumping.

N. Nelson, world's champion ski jumper, who was defeated in the Burns Lake ski carnival by Pete Sandnes was very eulogistic about the work of the committee that laid out the 12-mile cross-country run. He claims that it is the best laid out course he has seen and far superior to those of many of the large points where he has competed. He also stated that the ski runway and landing was planned better than any of the eastern ones where he had competed.

GROTTO LEADING OVER GRAND TERMINALS IN BILLIARD TOURNAMENT

Four games were played last night in the week's second division billiard fixture between Grand Terminals and Grotto as a result of which the tobaccoists are in the lead by a score of 735 to 698 to date. Frank Williams, Grand Terminals, and W. E. Williscroft, Grotto, are expected to meet tonight in the final game.

Scores of last night's games were as follows:

- E. Feneion, Grand Terminals, 133; M. M. McLachlan, Grotto, 209.
- W. H. Jarman 165, Joe Beesley 200.
- C. L. Youngman 200, George Howe 173.
- John Bulger 200, M. J. Dougherty 162.

No games have yet been played in last week's scheduled fixture between the Grand Terminals and Canadian Legion in the first division. Grand Terminals and Grotto are scheduled to meet tonight in this week's first division fixture.

LABOR STILL HOLDS NORTHUMBERLAND SEAT ENGLISH PARLIAMENT

WANSBECK, Northumberland, Eng., Feb. 14.—The Labor party retained their hold on the seat here in the by-election, G. W. Shield being elected over the Conservative and Liberal candidates.

SEMI-FINALS AT BADMINTON

Number of Games Played at I.O.D.E. Hall Last Night in Tournament

A large number of badminton games were played last evening at the I.O.D.E. Hall in the open tournament which is in progress there, play being continued until around midnight. Two games were eliminated owing to Mrs. Long injuring herself. Following is the list of scores:

Ladies' Doubles
Semi-finals—Miss Caroline Mitchell and Miss Frances Cross beat Mrs. C. J. Norrington and Miss M. Astoria, 15-8, 15-7.

Mixed Doubles
First round—Mrs. V. Long and S. Darton beat Miss Ellett and H. R. Cross, 15-4, 15-14.
Second round—Miss F. Cross and Alf Slocum beat Mr. and Mrs. J. V. Clyne, 15-14, 15-10.
Miss Molly Cross and Allan Cross beat Miss Palmer and Roger Wright, 15-0, 15-7.

Semi-finals—Mrs. Shadwell and C. J. Norrington beat Miss Molly Cross and Allan Cross, 15-13, 15-7.

Gents' Doubles
Second round—J. V. Clyne and R. Bartlett beat R. Stuart and C. Youngman, 15-14, 15-4.

Alf Slocum and Carl Brand beat Morris Blott and Frank Allen, 15-2, 15-2.
Semi-finals—J. V. Clyne and R. Bartlett beat A. Slocum and Carl Brand, 15-14, 15-10.
S. Darton and C. J. Norrington beat H. Cross and Lyman Hinton 14-15, 15-6, 15-10.

The semi-finals will be played next Monday evening and the finals on Tuesday.

BRAVE RESCUE 35 JAPANESE OFF ALEUTIANS

Crew Taken From Meiya Maru Pounding on Small Island in North

SEATTLE, Feb. 14.—Pulled through a pounding surf that was starting to break up their ship, on a small Aleutian Island, the crew of 35 were taken from the Japanese freighter Meiya Maru late last night.

Contradictory and broken messages received here reported both the S.S. Illinois and the freighter Nank-Ho Maru both of which have been standing by made the rescue. It is assumed that the Japanese sailors were taken off without mishap. A Lyle gun was brought into action when the seas continued to be too mountainous to permit the launching of lifeboats. Breeches Buys dipped into the surging sea the men who had battled the Alaska storm for two days without success.

ACTIVITIES OF LEGISLATURE

Radio Telephone Bill up For Second Reading and Proposal to Allow Sale of Game

VICTORIA, Feb. 14.—The companies act received a second reading in the Legislature yesterday. Minister of Public Works Lougheed explained the Ferry Act in its second reading to extend the time of the contract from five to ten years. The second reading was also moved to ratify the agreement between the P.G.E. railway and West Vancouver.

The second reading of a private bill to incorporate the Northwest Telephone Company came up. This private bill gives the B. C. Telephone Co. the right to extend its system throughout the province by wireless.

A proposed amendment to the Game Act would allow the selling on the public market of game birds and a bill to amend the Civil Service act were passed through the committee.

A third reading of the bill will rectify irregularities in appointments said to have been made in the past in that an applicant for the appointment had not been made to pass an examination.

MORE DETAILS CRUEL MURDER

Ravinsky Says Man Named Brown Was Instrumental in Killing of Kates

BURIED HIM ALIVE

Clothing Salesman Hit on Head With Shovel When He Showed Signs of Life

VANCOUVER, Feb. 14.—"A man named Brown" was named as the slayer of Dave Kates of Pictou, Ont., in Saskatchewan last June in the confession of Herman Ravinsky, who surrendered himself here last Saturday according to the police. Ravinsky states in his story that he, Kates and Brown were driving in an automobile between Gull Lake and Tumpkins at the time of the crime and Kates' body was buried in the sand dunes about ten miles from the highway. Ravinsky said that he got out to look at a flat tire and, when he got back to the automobile, Kates was semi-conscious. Later he was stripped of money, jewelry and papers and his body buried. When Kates showed signs of life as he was being buried he was struck over the head repeatedly with a shovel, Ravinsky said.

Ravinsky is being held here pending arrival of officers from Swift Current, Sask., where a charge of complicity in the murder was laid against him yesterday. All efforts to find any trace of the "man named Brown" or evidence that he travelled with Kates and Ravinsky failed, the police say. Kates was a clothing salesman and Ravinsky was employed by him.

Weak and Run Down Didn't Want to Eat Could Not Sleep

Mrs. D. Leons, Sault Ste. Marie, Ont., writes:—"I was weak and run down; did not want to eat, and could not sleep. I felt tired of living and often longed for death to free me from my terrible misery as I felt I would never be strong again. I thought I would try

kill Miss Bagloe and then hang himself. He had gone outside to hang himself, but was interrupted with. He then tried to drown himself, but hadn't time. Simpson said that Barclay had him that he had been hypnotized by a Dr. Cranch or Crouch, all the time punctuating his remarks with reference to the death pact. "God had married Barclay and the girl and from that marriage was to come a second Christ. The had been married before God last Thursday, he told me," said Simpson.

Other witnesses included Sidney Lebell, connected with the Alameda Science Cult, in which Bagloe and Miss Bagloe were interested. Miss Charlotte Chapman, former room mate of the dead girl, and others.

FEW CHANGES IN TAXATION

Only Two Appeals Allowed by Municipal Court of Revision at Session Yesterday

R. R. Nichol, assistant taxation commissioner for the Canadian National Railways, asked the municipal court of revision yesterday afternoon for a blanket reduction of 45 per cent in the assessment on the company's acreage in the city instead of the 21 per cent reduction granted by the assessor. Mr. Nichol based his appeal to this effect on the ground that a 45 per cent reduction had been made last year and he felt that this should be done again. Mr. Nichol stated that, since 1920, the company had paid \$53,000 in taxes on this acreage which could not be sold for \$96,000.

J. C. McLennan, assessor, stated that he had endeavored to make a fair reduction this year. The value of one parcel had been reduced 8 1/2 per cent, another 27 per cent and others 20 per cent and 25 per cent. This, he considered, was a substantial reduction.

While Grand Trunk Pacific Railway property was covered under taxation agreement, Mr. Nichol stated that he had certain protests of a formal nature to make, one of these was against dry dock property valuation, which had been increased from \$465,000 to \$1,092,500. The most of the property here consisted of the floating dry dock which was personal property and not taxable in any case. Mr. Nichol stated that the company was desirous of coming to an amicable arrangement with the city in the matter of taxation and asked that the court consider its decision before Saturday morning when he would be leaving for the east.

Mayor McMordie assured Mr. Nichol that the city was also desirous of settling the matter harmoniously. The court later reached a decision to reduce the assessment on the G.T.P. Development Co. acreage for the year of between 26 and 27 per cent. This settlement was suggested by Mayor McMordie. No change was made in the dry dock valuations.

Besner Lots Reduced
 At the suggestion of the assessor who stated that an error had been made, the court reduced the assessment on the two lots occupied by Besner Block at

the corner of Third Avenue and Third Street from \$6,000 and \$4,500 to \$5,700 and \$3,780 which were the 1928 valuations. This and that of the Grand Trunk Pacific Development Co. were the only two reductions allowed by the court, all other appealed valuations being allowed to stand. John V. Clyne acted as counsel for N. M. McLean who asked for a reduction from \$5,050 on the waterfront property at Seal Cove occupied by his boatbuilding establishment. The tax of \$233 on this property was exorbitant for a small man engaged in an industry which should be encouraged, Mr. Clyne contended. The court felt that the assessment was fair for a piece of waterfront of this kind.

Charles Haecker appeared before the court and asked that the assessment on lots on the Prince Rupert Boulevard valued at \$100 and \$85 be reduced. The court found that the assessment was equitable. With revisions as decided upon, the court of revision adopted the 1925 assessment roll, concluding its session at 4 p.m. after sitting from 2:30. The court consisted of Mayor McMordie, chairman, Ald. Brown, Ald. Collart and Ald. Orme, who acted as secretary.

CANADIAN FLAG IS ADVOCATED

(Winnipeg Free Press)
 The proposal to come before the Canadian parliament at this session to authorize a Canadian flag is of national interest.

The time is ripe for action. Failing anything better, the present Canadian ensign—the Union Jack with the Canadian coat-of-arms in the fly—should be made official. It is probable, however, that something much better can be designed. The Canadian flag should have something to make it distinctly Canadian and to have the Union Jack as a symbol of Canada's partnership in the British Commonwealth. When this is done, Canada will have placed herself on an equality with Australia, New Zealand, South Africa and the Irish Free State.

The proposal will be opposed by super-loyalists who will produce their usual balderdash about Canada trying to slight the Union Jack. The proposal contains nothing of the sort. Canada should have her own official flag, and Canada some day will have her own official flag. Those who fume against it may delay action, but in the end they will be swamped by a growing Canadian opinion.

GEORGE SCHNABEL
 Sought by the police in connection with the death of his wife in Montreal. Mrs. Schnabel's body was found in the canal at Cornwall, Ontario, and buried in the Potter's Field, unidentified. Later the body was exhumed and traces of poison were found by the Montreal authorities.

H. J. Macdonald, manager of the Silver Island Mining Co., made a business trip to Smithers last week.

R. G. Stearns of Tintagel was a business visitor in town last week.

On recommendation of the local Conservative Association and the Canadian Legion, Harry Nicholls has been appointed liquor vendor here. Charles Hutchinson of Alice Arm is remaining here for a while until Mr. Nicholls familiarizes himself with his work.

The Burns Lake Melody Orchestra has been reorganized with Mrs. H. J. Jewell as president.

R. G. Stearns has started cutting lumber with his portable sawmill on his ranch at Tintagel.

WHIPPING POST BEING URGED

Judge Cavenaugh of Chicago Says Whip Is Always Feared by Criminal Class

CHICAGO, Feb. 14.—The whipping post is strongly advocated for gunmen of this city by Judge Cavenaugh as the best means of ridding the city of lawlessness. He stated that the whip was always feared by members of the criminal class and pointed to the example of other states and Canada. No form of punishment was too severe, he said, for the man who toted a gun.

AIR LICENSE

NEW YORK, Feb. 14.—Russell Thaw, son of Evelyn Thaw, yesterday secured a license as air pilot.

EUROPE STILL IN ICE GRIP

Harbors and Rivers Frozen and Navigation Is Stopped and Industries Closed

LONDON, Feb. 14.—With the thermometer 30 to 40 degrees below zero in many parts of Europe today, there is much distress and many industries are shut down. Navigation is seriously impeded through the freezing of rivers and harbors. Sixty vessels are icebound in Danish waters and throughout the Baltic navigation is at a standstill.

John E. Moran, well known Atlin mining man, was a passenger aboard the Princess Mary yesterday afternoon going to Vancouver.

Immaculate but perspiration odour is no respecter of persons

To perspire is natural, every one does . . . one to two pints daily say the doctors . . . but perspiration need not be offensive, not while there's Lifebuoy Soap for face, hands and bath.

This delightful aid to a beautiful skin is more than an exquisite toilet soap; its mild, antiseptic lather cleanses and purifies the pores and keeps them sweet from bath to bath.

There's no price penalty, because Lifebuoy costs no more than the toilet soap you have been using.

Lever Brothers Limited, Toronto

LIFEBUOY HEALTH SOAP

Purifies and Protects

The World's treasure house!

TWENTY years' mining in British Columbia have yielded nearly \$800-million dollars. The last ten years have increased production by 58.9 per cent.

The value of all Canada's production is \$25.70 per citizen, British Columbia's production today, if distributed, would mean \$111.96 per person annually! Our mined and treated tonnage of metalliferous ores reached a record of more than 5-million tons for 1927.

The value of the mining industry to the Province is in the distribution of money in wages, supplies, transportation services, etc. And in this respect, 1927 was a record year!

The 14,000 employees of the mining industry were paid wages totalling 23 million dollars . . . or nearly \$1,700 each . . . the highest average for any Canadian Province.

During the year, distribution of eight million dollars was made in dividends!

British Columbia mines approximately 40 million dollars worth of copper, zinc and lead, a year . . . more than the rest of Canada. In gold and silver, our production ranks second . . . in coal, third; our total annual mining production today being exceeded only by Ontario.

Sound legislation, good mining laws and low fees have encouraged this development and stimulated growth. Although the provincial

mining area has only been superficially prospected within the transportation belt, new fields are developing, new roads and trails constantly being built.

Chattering drills sink deeper and deeper into the hills . . . heavy ores rumble through the concentrators . . . fortunes come tumbling from the treasure chest of British Columbia! What was once only imagined about our mining potentialities, is now proven knowledge. Mining has become our third largest industry . . . showing over 67 million dollars revenue a year . . . proof that prosperity flourishes in British Columbia.

Capital from Eastern Canada, the United States, Great Britain, France . . . seeks investment. Our great wealth of production, developing so steadily during the past ten years, has established confidence and aroused keen interest in British Columbia's mining future the world over.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

REVISED POWER AGREEMENT PASSED AT SPECIAL MEETING

(Continued from page one)

the legislature might rise as early as February 21. In this case, it would be necessary that all speed be exercised in getting the bylaw through, else a whole year might be lost. Mr. Mayers having advised that the city had no power to give effect to the transfer without this validating act being passed. Every minute was thus precious and he urged that the council act as quickly as possible in getting the bylaw before the people. The legislature, he felt, would not consider a validating act until the

deal had been approved by the ratepayers. Already an effort was being made to have the period for advertising reduced from ten to five days. Mr. Patmore stated that he and Mr. Pawson were prepared to deal immediately with any contentious matters in the agreement.

Proceed Immediately

After certain discussion, the council decided to proceed at once with consideration of the agreement and this was done. Mayor McMorde pointed out that, to date, as fast progress as possible had been made with the putting through of the agreement. It had taken time to secure the advice of Mr. Mayers and the Ontario Commission. The suggestions of the Commission had only just come to hand.

On the suggestion of Mr. Mayers one amendment was made to the draft delegating the city engineer to be the sole judge as to whether the level of the water at Woodworth Lake was being maintained by the company so as not to endanger the municipal water supply.

The clause providing for the \$150,000 trust fund from the purchase price against indebtedness of the city on the light plant was retained in the agreement although Mr. Pawson stated that this would not be necessary on passage of the validation act. The Montreal Trust Co. was named as trustee.

The matter of rental of poles came in for considerable discussion. In view of the fact that poles could be erected for \$35 and their lifetime was up to 18 years, Mayor McMorde thought that a rental of \$2.50 annually was exorbitant. In view of the fact that the city would be renting more poles from the company than the company would be renting from the city, His Worship suggested that the rental figure be reduced or the city erect its own poles. The outcome of this matter was that Mr. Pawson agreed upon a rental of \$2 which was acceptable to the council.

Concession to Company

In the clause providing that the company shall proceed with all possible despatch with its 5000 horse power development scheme other than at Woodworth Lake, Mr. Pawson insisted that a clause be inserted to the effect that the company would be excused for "any cause over which the company has no control." Mr. Pawson declared that the company intended to proceed with all good faith and he also pointed out that it had a reputation to sustain. There might be unavoidable physical circumstances however, which would cause delay and, in such case, the company would have to be definitely protected against the \$1000 a day penalty. Without this, the company could not accept the agreement. After considerable discussion, the council allowed this concession to be made. Other causes for which the company may be excused in the matter of delay of construction include "Act of God, fire or King's enemies or expropriation proceedings." In the matter of expropriation proceedings, Mr. Pawson pointed out that there would be lands at Khtada Lake or Falls River which the company would have to obtain and it was possible that expropriation proceedings might have to be resorted to.

Ald. Prudhomme endeavored to have a clause inserted that would protect the city against the company giving lower rates outside the city than within the corporate limits. Mr. Pawson had no objection to regions being established but he warned the council that there was a possibility such a clause might drive industries away. In any case, the council was holding the rates within the city down to a minimum and there was not much probability that the company would give lower rates outside the city limits. There might be such a thing as a smelter being established not in the city but close to it, Mr. Pawson suggested. "I think you can safely leave the matter in our hands," he said.

In the event of the city deeming it advisable at any time that additional development should be undertaken by the company, or in the event of the company making a default, it was agreed that such matters might be adjudicated, first, by the water board of the province; second, by a public utilities commission should such com-

DIES IN ITALY

Lady Elizabeth Carnarvon, widow of Lord Carnarvon and sister of Sir Esme Howard, British Ambassador to the United States, who, according to reports from Italy, died after a lingering illness near Naples. Her explorer husband was associated with Howard Carter in the discovery of King Tut-Ankh-Amen, in Egypt, over the entrance to which was graven a prediction of death for those who might open the vaults.

TOWN OF BARNESLEY WENT INTO MOVIES BUT LOST MONEY

LONDON, England, Feb. 14.—The Corporation of Barnesley, the mining town in the west riding of Yorkshire, has quickly repented of its venture into the movie business. After a run of some 10 weeks, in which \$50,000 is estimated to have been lost, the enterprise has been closed down. The public hall which was allocated by the corporation for the enterprise was formerly rented to a private concern, but the town council, with a Socialist majority, decided to exercise their parliamentary powers and use it for the presentation of films. Though the lowest prices were charged, with special rates to the unemployed, the enterprise was not successful. The mayor, Alderman F. J. Broley, in an interview, said that he did not regret that the experiment had been made.

into being; or, third, by arbitration.

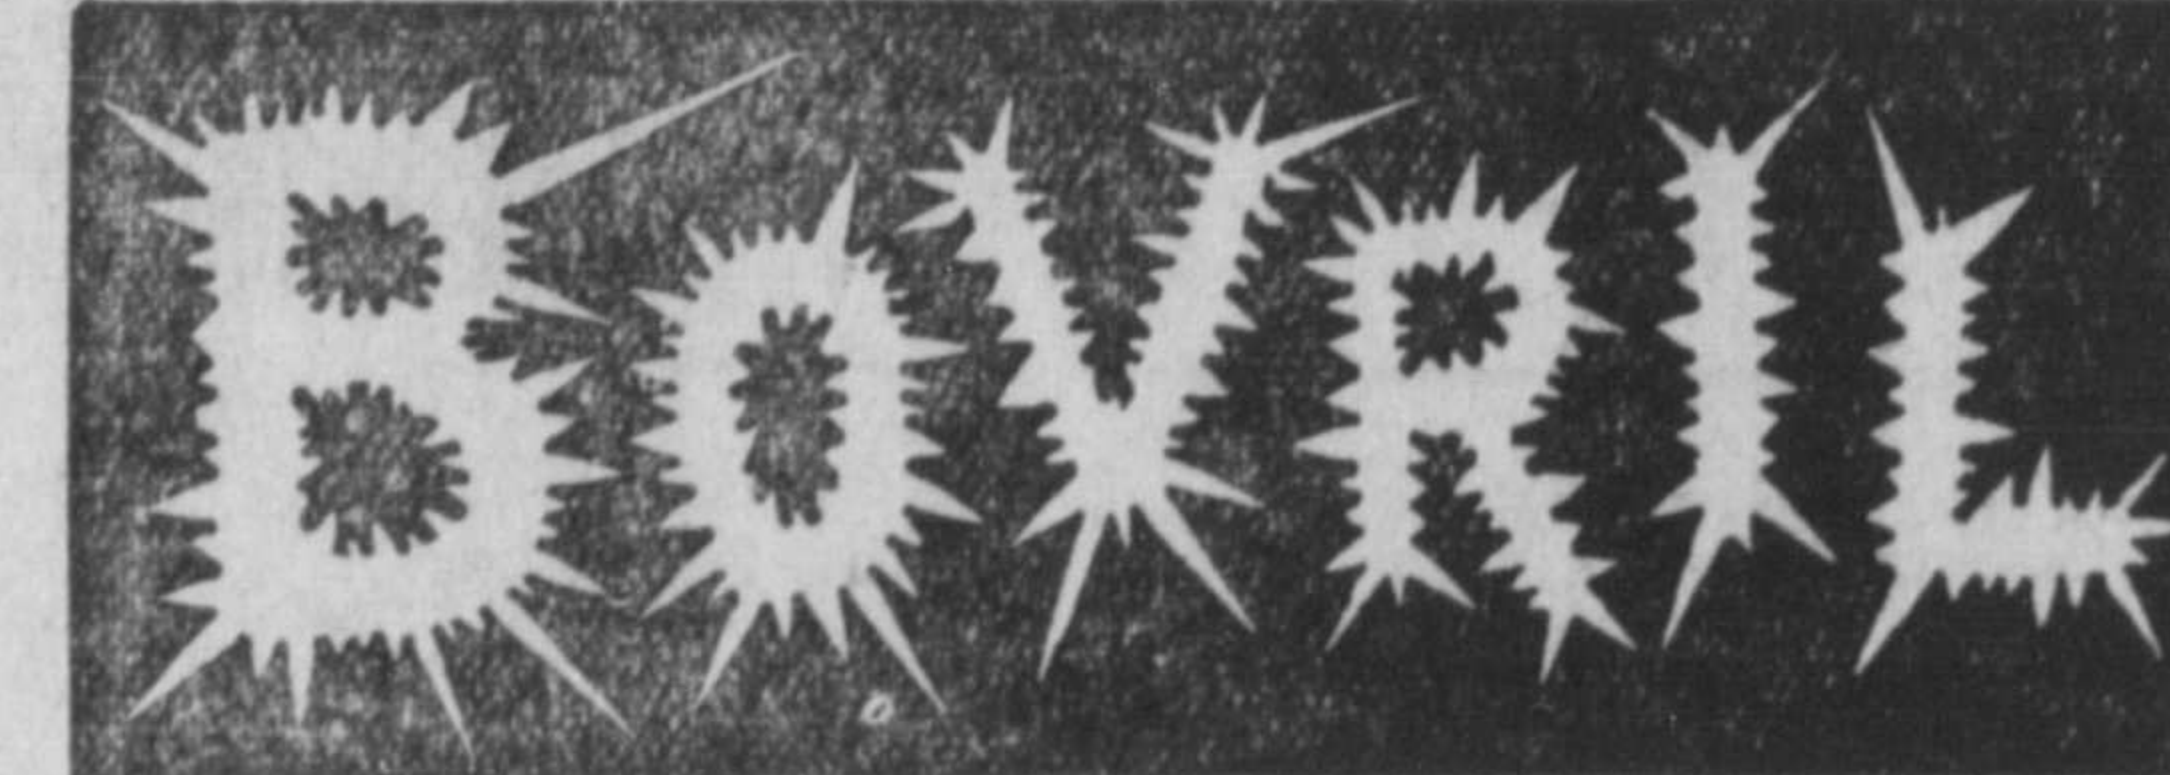

The city's right at the end of the 25-year period to buy from the company all the company's property situate within the city, together with the property at or near the Woodworth Lake development, was made subject to "at least 12 months" instead of "at least three months" notice on suggestion of Ald. Collart, who pointed out that, in the event of the city resuming its own power supply, adequate time would have to be allowed to make arrangements for the establishment of a power plant, etc. Mr. Gonzales pointed out that the city might find itself at the end of 25 years without a power plant.

Assigning Agreement

In the event of the Power Corporation desiring to assign the agreement, an additional phrase providing that "consent shall not be unreasonably withheld" by the council was inserted after some discussion. Aldermen supported by Mr. Gonzales' opinion, were inclined to feel that the company was adequately protected in this matter by the words "provided that the assignee satisfies the council of its financial responsibility and its ability to carry out the agreement." Mr. Pawson pointed out, however, that this might still leave an arbitrary power in the hands of the council. He explained that the Power Corporation was but a holding company and it was the intention to float an operating company to take over the agreement and its operation.

After having dealt with the agreement clause by clause, the council gave the bylaw its statutory readings up to the point where it has to be approved by the people, after which it will be finally reconsidered and adopted by the council as the final step toward actual execution.

Our Mining Industry

WHAT romance and what solid wealth! First, the prospector with pick in hand, pack on back, an example of adventurous and ever-youthful pioneer spirit. Then comes the development of the property. Money, men, engineering skill, electricity must all be put in before the treasure can be drawn out. Again, an example of enterprise and courage.

Behind all this activity stands Canada—matchless, limitless, unexplored—ready to pay back a thousand-fold what it costs the fearless, self-sacrificing and faithful to develop her mineral wealth.

Without the application of electricity, modern mining would be an impossibility. The Northern Electric Company desires to pay tribute to those who are developing our natural resources and without whose help Canada would not be in the enviable position she holds today.

This company takes great pride in manufacturing some of the necessary adjuncts to the successful application of electricity in this field of Canadian development.

News of the Mines

AROUND PRINCE RUPERT
Esperanza Mine and Management Lauded; Granby to Diamond Drill Hanna Property; Further Details of Toric Deal

The tonnage of ore developed, the capable manner in which the work is being done and the favorable location of the mine are much better than he anticipated, stated W. Leinss, who recently examined the Esperanza mine at Alice Arm on behalf of 40 shareholders in Trail. Mr. Leinss stated that he believed the Esperanza would become a big producer, and, due to its ideal location so close to tidewater, should be a financial success. A large amount of ore in the mine is held by people of Trail, Rossland and Nelson. After examining the mine Mr. Leinss attended an emergent meeting of the shareholders of the company which was held in Prince Rupert. Development work at the mine is proceeding with all possible speed. The newly discovered big ore body is even larger than was expected.

William Hanna's property, which adjoins the Hidden Creek mine at Anyox and which was acquired last fall by the Granby Co. will be diamond drilled this spring. This decision has been reached following a radio electric prospecting campaign which was carried out last fall. A geological survey will be made of this as well as the Hidden Creek mine.

The offer of the Russo-Asiatic Co. puts a price of \$1,050,000 in cash and stock on the Toric mine at Alice Arm, an increase of \$200,000 over the Britannia deal and giving much more favorable conditions to the shareholders, who will receive about 80c on the dollar on Toric stock. Agreements of the transfer have been forwarded from London to Vancouver for the B. C. directors to sign. The majority of British shareholders have accepted the offer. The passing of the Toric mine to this big concern is welcome news for Alice Arm district, as it means that ample funds will be available for development work and equipping the mine with a mill, power plant, etc., large enough to make it possible to treat a large tonnage of ore economically. A. C. H. Gerhardt, former managing director of the Toric mines, Ltd., is understood to be identified with the new purchasers of the property. He is dropping a suit of \$23,000 which he launched when the Britannia company became interested in the property recently.

The Woodbine Gold Mining Co., Ltd., at its annual meeting in Vancouver on February 22, will consider a proposal regarding the future of the property at Stewart to continue operations providing a satisfactory agreement can be made with the vendors and to

change the constitution of the company, giving it the powers of an investment trust company and to utilize a portion of its funds for the purchase of shares in other companies. The directors, in their notice to the shareholders, say that, while the possibilities of the Woodbine property have not been exhausted, the heavy payments required under the bond, the large capital that should be on hand for development and the poor showings to date make the development of the property by the present Woodbine company out of all reasonable question. The directors have asked the engineers upon what terms and conditions they are prepared to recommend a continuation of work. In seeking for the creation of powers to act as an investment company, the directors think that they can use the remaining funds to good advantage. The work done on the property to date, says the report of R. H. Stewart, H. L. Batten and associates has not demonstrated the occurrence of any commercial ore bodies and the recommendation is made that the company should not incur further expense in prospecting this property, but that arrangements should be made to stop all prospecting operations as soon as possible. It is pointed out by the directors, however, that only part of the area constituting the company's holdings has been prospected, this being the section where exposures indicated the best possibilities for the occurrence of ore bodies. Expenditures on prospecting other parts of the property might be justified in the case of a company with adequate financial resources, but is not justified in the case of the Woodbine Gold Mining Co., Ltd., on account of the very limited funds available.

MUCH ICE TAKEN FROM SASKATCHEWAN RIVER

EDMONTON, Feb. 13. — Over forty million pounds of ice will have been taken out of the Saskatchewan river when this winter's harvest finishes, it is estimated.

During the coldest weather this year, ice cutters missed only one day's work. A dozen men and 20 sleighs are employed by P. Jeilssen for the Arctic Ice Co., in the work now going on near the Mayfair Golf Club.

There are distinctly different grades of ice, and this year's crop will grade No. 1, the men on the job report. It averages 30 inches in thickness and is free of sediment.

ACTRESS OFFERS TO PAY TAX ON DOGS

LONDON, England, Feb. 14. — An actress in a popular piece now running in London who offered to pay the license fee of \$1.85 for 20 poor people who would otherwise have to suffer the loss of their dogs finds herself overwhelmed with applicants for her generosity. Many of the letters she has received are from wives of unemployed men, who say the children could not be happy if the dog were taken from them.

Several letters came from disabled soldiers, ex-service men unable to work, cripples and widows whose dog was their only pal.

POWER CURRENT RAN THROUGH THE GROUND

LOS ANGELES, Feb. 14. — When a high tension line broke and fell here yesterday, the current ran 20 feet through the damp ground and killed three men.

A Daily News want-ad will bring results.

AIR SERVICE IN SUMMER

PORTLAND, Ore., Feb. 14. — Charles V. Eakins, president of the Union Air Line, announced yesterday that the coast air service will be extended to Ketchikan and Juneau next summer. Three flying boats have been ordered, seating 16 passengers and carrying a total payload of 6000 pounds.

OIL COMPANIES ARE FIGHTING EACH OTHER

SAN FRANCISCO, Feb. 14. — There is a bitter fight raging between independent oil operators and the big companies. The independents with between three and four thousand stations declare that they can deliver gasoline wholesale by water route at 9 1-2c and by rail at 11c, which would enable the retailers to undercut anything the other companies could offer.

DAILY NEWS' SHOPPING SERVICE for Out-of-Town Subscribers

To serve its women readers, and particularly those who live at a distance from a retail centre, The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched—or a piece of embroidery thread—or the thousand and one things that make up the difference between a woman's wants and a man's.

The Prince Rupert Merchants Carry between them Stocks running up to \$2,000,000

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.

This Service Free

to our women readers and is the outcome of many individual requests made to our staff on their travels through the district in seasons past. This service has been appreciated in these individual cases and is now extended to all with the hope of the same appreciation.

So Do Not Hesitate

Do not think you are imposing upon The Daily News. Our shopper is awaiting your requests.

MUSIC CLUB AT HOUSE MEETING

Southern Music the Subject of an
Afternoon With Mrs. Mc-
Intosh Presiding

A very enjoyable and instructive meeting of the Ladies' Music Club was held yesterday afternoon at the home of Mrs. Richard Moore, Fourth Avenue East, with Mrs. R. L. McIntosh presiding and Miss Lennox acting as secretary in the absence of Mrs. Anderson. The subject for the day was "Southern Music" and Mrs. Moore read an interesting paper on the life and work of Stephen Foster, the composer of many southern songs, including "The Old Folks at Home," and "My Old Kentucky Home."

The president welcomed Mrs. A. Eason as a new member of the club.

The program was as follows:
Program—Southern Music
Song, "Old Black Joe," Mrs. Jarvis McLeod; violin solo, "Carry Me Back to Old Virginia," Mrs. William Millar; song, "Mah Lindy Lou," Mrs. S. Johnston; piano solo, "Swanee River," Mrs. E. Marentette; paper, "Stephen Collins Foster," Mrs. R. E. Moore; song, "A Little Coon's Prayer," Mrs. J. J. Muldoon; song, selected, "Sweet Miss Mary," Mrs. W. Cruickshank.

Railway offices this morning reported some sixty cars of grain west of Jasper Park bound for the local elevator. No wheat arrived during the past twenty-four hours.

WEEK AT THEATRES

Wednesday and Thursday
Westholme: Phyllis Haver in "Chicago."
Capitol: Greta Garbo in "The Mysterious Lady."

Friday and Saturday

ANNUAL MEETING OF FAIR BOARD HEARD REPORTS AND NOMINATED BOARD FOR THE COMING SEASON.

(continued from page 1)

door entertainment is featured, and I am of the opinion that had weather conditions been satisfactory during 1928 exhibition, we would have shown a larger balance. However, it is gratifying to be able to report that we show a favorable balance.

"We found the business people and citizens generally generous, as usual. The city donated \$1200, and also a lot, the proceeds from the sale of tickets for the lot being very satisfactory.

"You will note that the amount spent on building and grounds, is one of the largest expenditures this year.

Regarding the Rodeo: After careful consideration your 1928 directors decided to put on the rodeo, owing to the fact that the sum of approximately \$2000 had been spent by the previous board on fences, etc., for this kind of entertainment and thought it advisable to make use of that investment by putting the show on another year. This part of the program was a financial failure on account of weather conditions.

"In view of the uncertain weather conditions, I would like to suggest to incoming boards that they try to have the fair held a little earlier, possibly the latter part of August, and also endeavor to bring in features for entertaining inside the building.

We went into the question of getting here an aeroplane to perform stunts in the air, but owing to accidents occurring, we were unable to carry this out, and would like to suggest that something in the way of a parachute drop be entertained by future boards, as great development is taking place along these lines in the outside world today.

"Outside points were visited, namely Ketchikan and Smithers, with an endeavor to interest outside people to come here for the fair, but we were not successful. It appears to be a very difficult task, and it will be up to the new board to devise some way to get people from other points interested to come here during the fair, and make this the centre we expect it to be."

Financial Statement

The financial statement included the following items of revenue and expenditure:

Revenue

VALENTINE TEA AND SALE IS HELD TODAY

Members of Ladies' Aid of First
Presbyterian Church Hold-
ing Function Today

The Ladies' Aid of First Presbyterian Church is holding its annual Valentine tea and sale of home cooking in the church hall this afternoon.

Mrs. D. C. Stuart, president of the Ladies' Aid, is receiving the guests and Mrs. J. G. Steen has charge of the tea room. Mrs. B. M. Simpson and Mrs. W. L. Sandison are in charge of the home cooking table and Mrs. Joseph Greer and Mrs. J. W. McKinley were responsible for the decorations and program.

Mrs. J. Watson and Mrs. J. W. McKinley are pouring in the tea room and Mrs. J. O. Reddie is cashier. Assisting in serving are Mrs. W. D. Vance, Miss Watson, Mrs. J. J. Little, Mrs. Dan Jacobson and Mrs. Thomas McMeekin, while Mrs. P. W. Anderson, Mrs. R. W. Cameron and Mrs. R. J. D. Smith are in charge of the kitchen.

The musical program follows: Ewart Lyne, piano solo; J. de Jausserand, violin solo; Wisner Bryant, accompanied by Jimmie Bryant, violin solo; Mrs. J. J. Muldoon, vocal solo; Mrs. H. C. Fraser, piano solo; Mrs. Karl Dybbavn, vocal solo in Italian.
