# FLOODS LATEST EUROPEAN SCOURGE

## LIBERALS MAY HAVE TO ADOPT NEW POLICY SUGGESTED

### Floods Follow Extreme Cold Over a Large Part of Europe and Death Tolls Expected Heavy

LONDON, Feb. 19.—Flood terrors replaced the rigors of bitter cold over a large part of Europe today. It is feared that the death toll of the inundated territory when complete will equal or surpass that of the cold. The Danube and her tributaries swelled over the banks, forcing many from their homes. Melting snow and ice caused disastrous floods in Macedonia and Thrace. The Bavarian rivers overflowed, while the rising temperatures in northern Italy foreshadowed a rapid swelling of the rivers there.

### LEGISLATURE DOES NOT SIT

Illness of Premier and His Ministers Holds Up Business  
VICTORIA, Feb. 19.—Owing to the illness of Premier Tolmie, Minister of Finance Shelly and Minister of Agriculture Atkinson, it has been decided to postpone the sittings of the legislature until Wednesday. Mr. Shelly's budget speech which was to have been delivered today was postponed.

### HALED INTO COURT FOR NOT FILING RETURN ON INCOME

A number of taxpayers yesterday appeared before J. C. McLennan, judge of the court of revision, in response to summonses served in connection with delinquent provincial income returns. Those who failed to file returns as previously instructed were ordered by the court to have them ready for presentation at the adjourned sitting on Wednesday afternoon next and were warned that failure to comply with this order would result in further and more drastic court action.

### Two Manitoba Ministers Resign Because They Traded in Stocks Affected by Government Action

WINNIPEG, Feb. 19.—Attorney-General W. J. Major, K.C., for Manitoba, proffered his resignation, it was announced in the legislature by Premier Bracken yesterday. The resignation of the Hon. W. R. Clubb, minister of public works, was handed in on Friday. The premier intimated that the resignations had not been accepted and that the government had decided to make a statement of the case and ascertain the views of the house.

### PRINCE WILL VISIT CANADA VERY SOON

LONDON, Feb. 19.—While visiting the Canadian section of the British industrial fair today, the Prince of Wales said that he intended to visit Canada in the near future.

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.

### RELIEF WORK IS DISCUSSED

City Council Makes Explanation In Regard to Suggestion of Unemployed Men  
Several unemployed men attended last night's council meeting and, just before adjournment, one of them suggested that a mistake was being made in the distribution of relief work. Some men were getting five or six days' work a week while others only got half a day. Quite a few men were actually hungry and it was suggested that there be more rotation in giving employment. Ald. Brown felt that there was some misconception among the unemployed. He pointed out that the Municipal Act would not permit relief work on such local improvement construction as the trunk sewers. For this work, only the best men could be employed. The city had been endeavoring to spread out the relief work as far as possible. Mayor McMordie gave assurance that the city was making every possible effort to meet the situation and provide work for those who really were in need of employment.

T. B. MACAULEY

President of the Sun Life, Canada's largest insurance company.

### PROHIBITION PARTY ASKING FOR ABOLITION

Would Have Vote Taken in the Province on General Question

VICTORIA, Feb. 19.—A referendum on the broad question of preventing the total importation of liquor into British Columbia and its manufacture was the chief proposal laid before the cabinet yesterday by a delegation from the British Columbia Prohibition Association. A verdict in favor of elimination would mean the end of the Government's liquor business after the existing stocks are consumed. Other requests were for scientific instructing, advertising and the abolition of the system by which liquor profits are earmarked for municipalities and a referendum in Greater Vancouver on the continuance of beer parlors. Rev. R. J. McIntyre for the delegation proposed that the legislature petition the Canadian parliament for legislation under which the vote would be taken here at the next federal election. Only the Federal government authorities can arrange for the ballot covering manufacture and importation, it was explained.

### TRADE COMMISSIONER

MELBOURNE, Aus., Feb. 19.—The commonwealth government has appointed R. A. Haynes managing director of an Adelaide firm, Australian Trade Commissioner in Canada at a salary of 3,000 pounds, with headquarters in Toronto.

William Murray Johnson, an elderly man who has been in the Prince Rupert General Hospital for some time, will sail this afternoon on the Camosun for Vancouver enroute to Kamloops where he will enter the Provincial Home.

### SHIPS SHOULD DOCK IN NORTH

Prince Rupert Liberal Association Expresses Resentment at Present System

### RESOLUTION URGES CHANGE

Olof Hanson to Take Matter up With Department at Ottawa While There

The following resolution was passed unanimously at a well-attended meeting of the Prince Rupert Liberal Association held last night in the Metropole Hall, on motion of Jack Judge: "RESOLVED that we, the Prince Rupert Liberal Association express our disapproval of the attitude of the Canadian National Steamship Co. in having the ships of their company which ply these northern waters, overhauled and dry-docked at the city of Vancouver. "Whereas: This territory, giving as it does the tonnage to these ships to maintain their operation, should have due consideration shown in so far as the overhauling and dry-docking is concerned, especially when their company are operating the dry dock at this port. "That a copy of this resolution voicing our resentment of the attitude of the officials who are responsible for this arrangement be forwarded to Mr. Olof Hanson at Ottawa with a request that he voice a protest against the continuation of this arrangement, and that he take steps with the department concerned to have such work carried out at the dry dock of Prince Rupert, from where their tonnage is secured."

### OFFICERS OF IRISH ARMY RESIGNED

DUBLIN, Feb. 19.—General Daniel Hogan, chief of the staff of the Free State army, has resigned. Colonel James Fitzmaurice and 12 other officers resigned last Friday. None of the resignations were explained.

### THREE LIFERS MAKE ESCAPE

COLUMBUS, Ohio, Feb. 19.—Three life term murderers, including Pat McDermott, the slayer of Don Melett, a Canton publisher, and two other prisoners, who saved their way to freedom from the state penitentiary here today. They have not been recaptured.

### PREMIER TOLMIE AGAIN LAID UP AND TWO MINISTERS

VICTORIA, Feb. 19.—Premier Tolmie, Hon. W. C. Shelly and Hon. William Atkinson are all laid up with colds and it is likely that Tuesday's budget speech will be postponed.

### Local Liberal Sounds Tocsin to Fight the Tariff of U.S. Against Canada

At the annual meeting of the Prince Rupert Liberal Association last night, L. W. Patmore, one of the prominent members of the association, declared that the only cloud on the Liberal horizon was the matter of the tariff. He declared that if the United States closed her markets against Canada, then Canada should put up a retaliatory tariff. If the United States thought they could retain the valuable Canadian market and at the same time forbid her markets to Canadians, the Liberal party would have to face the issue and adopt a different policy in regard to the tariff. If the farmers of the west demanded it, he thought the Liberal government would change its policy. Should they decide not to do so, there would be troublesome times ahead.

### RESEARCH LAB. WILL BE BUILT

OTTAWA, Feb. 19.—Tenders are to be called for next week for the construction of a new national research laboratory at the cost of not less than \$2,000,000, it was announced by H. M. Tory, president of the national research council. The building will be classical in design and overlook the Ottawa River near Rideau Falls.

### BUILDING UP LAST SEASON

OTTAWA, Feb. 19.—The value of building authorized by 63 cities in 1928 was considerably greater than in any other year since the record commenced in 1928, aggregating more than \$219,000,000, compared with more than \$184,500,000 in 1927. British Columbia aggregated \$24,465,614, or 14.8 per cent over 1927.

### Estimates Show Sums for Floats at Rupert and At Essington

J. C. Brady, M.P., Takes Up With Government Matter of Slow Grain Movement Through Port of Prince Rupert This Season

A telegram has been received from J. C. Brady, M.P., at Ottawa stating that he brought to the attention of the government yesterday the serious situation of the grain movement through the port of Prince Rupert. He pointed out that no cargoes were available and that a grain boat had been waiting in the harbor for ten days. He asked the government to act immediately and see that there was a change in conditions.

The minister of trade said he regretted the inability of the government to improve conditions, as the contract did not stipulate the quantity of grain to pass through the elevator.

Mr. Brady asked for a copy of the contract in notices of motion which will be available in a day or so.

Mr. Brady says he persistently and repeatedly demanded appropriations for public works for the Skeena constituency and these were placed in the main estimates which were brought down yesterday morning. They are as follows:

- Prince Rupert floats, \$16,000;
- Port Essington floats, \$4100; new Massett wharf, \$2500; Alice Arm wharf, \$1400; Bella Coola wharf, \$10,000; Digby Island floats, \$8500.

Mr. Brady further says that the amounts for a breakwater and other works throughout the constituency for which he is pressing may appear in the supplementary estimates.

ARTHUR B. WOODS

Vice-president of the Sun Life.

### GRAIN ON WAY

Railway offices this afternoon reported about 100 carloads of grain on the territory west of Jasper Park bound for the local elevator. Wheat is being delivered here about three times a week now.

### PRICE OF WHEAT

VANCOUVER, Feb. 19.—Wheat sold today at \$1.31.

### NEW OFFICERS LIBERAL ASSN.

H. F. Glassey President For Coming Year and Jack Lindsay First Vice.

Officers elected for the coming year by the Prince Rupert Liberal Association last night were as follows:

- Hon. Presidents, Premier Mackenzie King and T. D. Pattullo.
- Hon. Vice-presidents, Olof Hanson, A. M. Manson and F. G. Dawson.
- President, H. F. Glassey.
- First vice-president, J. A. Lindsay.
- Second vice-president, John Currie.
- Treasurer, Lieut. Col. S. P. McMordie.
- Secretary, Douglas Stork.
- Executive: W. T. Kergin, L. W. Patmore, J. McNulty, J. Judge, M. M. Lamb, Thomas Watt, A. Ivarson, Harvey Fraser and S. E. Parker.

### HALIBUT FOR LOCAL EXCHANGE

Helen II. Comes With 2000 Lbs. and Holds Over Until Tomorrow

The first halibut boat of the season to arrive with a catch for sale on the fish exchange is the local boat Helen II, which reached port at 4 o'clock yesterday afternoon with 2000 pounds, coming in with engine trouble before her catch was complete. Sale of the Helen's catch is being deferred until tomorrow when it is possible other boats may be in.

The Helen II, is now commanded by Capt. John Hanson, her owner and regular skipper, Capt. Chris Hovmuller, being at present on a trip to Denmark.

# News and Views In The World of Sport

## WARMING UP FOR FIGHT

W. L. "Young" Stribling boxing a few rounds at his Miami Beach camp in preparation for his world's championship elimination with Jack Sharkey at Miami on Feb. 27.

## Sport Chat

Pete Sandnes of Burns Lake won the cross-country ski run at the Revelstoke carnival last week by four minutes over Nels Nelson who was the runner-up. In the forty-mile cross-country run at Banff Sandnes came fourth and had the same position for the "combined" championship at the famous Rocky Mountain resort. Sandnes will now go to Portland, Ore., to compete for Pacific coast ski championships.

The British Columbia ski championship meet will be held at Burns Lake next year it has been decided while the Western Canada amateur ski championship meet will be at Revelstoke. Banff probably get the Dominion championship meet while Vancouver will be the venue for the Pacific Coast championships. R. J. Verne of Vancouver has been re-elected president of the Western Canada Ski Association and V. Schjelderup of Burns Lake has been elected vice-president.

## ANYOX BEAT PORT SIMPSON BASKET BALL

ANYOX, Feb. 19.—Anyox defeated Port Simpson 22 to 21 in one of the fastest and cleanest basket ball games ever played in Anyox. Simpson scored two baskets at the end of half time due to the Anyox players not getting on the floor in time.

The lineup was: Anyox—McLeod 1, McDougall 13, Evans 2, McLaughlin 4, Dean 2. Port Simpson—A. Westley 4, Robert Shankey 8, Robert Knott 0, Paul Brentzen 8, H. Bryant 1.

## NEW EMPRESS STILL LEADING

Have Four-Point Margin Over C. N. R. Operators in Crib League

Prince Rupert Cribbage League results last night were as follows: Prince Rupert Hotel 12, Canadian Legion 15. C. N. Mechanics 12, Grotto 15, Knights of Columbus 10, C. N. Operating 17. Cold Storage 10, New Empress A. C. 17. Eagles 14, Native Sons of Canada 13. Moose 16, Orange Lodge 11.

League Table	M	W	L	P
New Empress	7	110	79	110
C. N. Operating	7	106	83	101

Orange Lodge	7	85	104	85
K. of Columbus	7	84	105	84
N. Sons of Canada	7	80	99	80

## WILLIAMS IS DEFEATED

NEW YORK, Feb. 19.—Percy Williams of Vancouver was beaten last night in a 60-yard dash by Jack Elders of Notre Dame University at the New York Athletic Club's indoor track and field match. Williams was slow in getting away and could not overtake Elders, finishing half a yard in the rear. His time was six and two-fifths seconds. Johnny Fitzpatrick of Hamilton, Ont., was third.

## COUNCIL SYMPATHIZES WITH FISHERMEN VIEWS

Fisheries Committee Authorized to Assist in Protesting to Ottawa Against Proposed New Regulations

The subject being introduced by Ald. Macdonald, the city council, in a rather lengthy discussion last night, expressed sympathy with representations which had been made by the Northern B. C. Salmon Fishermen's Association against proposed changes in the fishing regulations, such as compelling fish to be manufactured in the same seining area in which it was caught, which had been proposed to the fisheries department by the cannery interests.

Pending receipt of a resolution from the salmon fisheries committee of which Ald. Rudderham took a prominent part, that the co-operation of the Board of Trade and Trades and Labor Council be obtained in any protests that might be made.

## ORE DISCOVERY IN TWO MINES

Georgie River Jumps Ten Points and Noble Five Goes up Five Points

VANCOUVER, Feb. 19.—A huge ore discovery has been made at Georgie River Gold mines near Stewart with the result that the stock jumped nearly ten points this morning touching a high of 65 1/2 during the morning session.

A tremendously important ore body is also reported to have been found at Noble Five mines in the Slocan and the stock jumped five points.

## PLAYERS FINED HOCKEY GAME

Vancouver Wins From Portland but Game Very Strenuous

VANCOUVER, Feb. 19.—The Vancouver Lions over whelmed the Portland Buckaroos in a Pacific Coast Hockey League game here last night 6 to 2. Although defeated by a wide margin, the Buckaroos were in play throughout, and had Jackson, the local goalie, busy all the time. The Lions had breaks and took advantage of them. Two major penalties were handed out in the third period to Cummings and Pratt, who were also fined \$10 each.

## CLUB HOUSE AT COLWOOD BURNS

VICTORIA, Feb. 19.—A fire late last night destroyed the club house and country club known as the Golf Club at Colwood. It was valued at \$50,000 and insured for \$30,000.

## OLD COUNTRY FOOTBALL

Scottish League, Division 1 Cowdenbeath 4, St. Mirren 1. Celtic 3, Hamilton Academy 4.

## ELKS' WHIST

In the weekly whist tournament of the Elks' last night, Mr. A. E. Alexander won the battle prize with a score of 215, one of the highest yet made in the competition, while W. D. Vance took the men's prize with 198.

C. G. S. fisheries patrol steamer Malaspina, which has been in port since yesterday, will sail at 5 o'clock this evening for Vancouver, having on board Major J. A. Motherwell, chief inspector of fisheries.

In the last thirty-five years over two hundred million pounds of "SALADA" Tea have been consumed, but it took only the last seven weeks to sell the next two million pounds.

## FINALS COMING IN BADMINTON

Championships to Be Decided Tonight in Various Classes in City Open Tournament

Finals in the I.O.D.E. city open badminton tournament will be played tonight, the finalists being as follows:

Ladies' doubles—Miss Caroline Mitchell and Miss Frances Cross vs. Mrs. H. L. Shadwell and Miss Margaret Palmer.

Mixed doubles—Miss Caroline Mitchell and Frank Russell vs. Mrs. H. L. Shadwell and C. J. Norrington.

Men's doubles—J. V. Clyne and Robert Bartlett vs. Shelford Darton and C. J. Norrington.

Last night, in a mixed doubles semi-final, Miss Caroline Mitchell and Frank Russell eliminated Miss

## OTTAWA WILL KEEP SENATORS

Hockey Team Will Remain in Capital at Least Another Year

OTTAWA, Feb. 19.—The Ottawa Senators in the National Hockey League will be purchased by the Auditorium Company, Ltd., and will remain in Ottawa for another year at least. This announcement was made yesterday on the heels of a statement by Frank Ahearn, president of the club, that he had offered the club to the Auditorium firm for \$100,000 plus this season's losses, estimated at \$20,000 to date. He said that he had had offers from outside interests as high as \$300,000.

Frances Cross and Alf Slocumb by a score of 15-12, 14-15, 15-8.

## JOCK McLEAN'S RINK TAKES BOWLING LEAD

Won Over George Abbott's Rink in Close St. Andrew's Society Contest

Jock McLean's rink took the lead in the St. Andrew's Society bowling competition last night by winning a close game from George Abbott's rink by a score of 11 to 10. The game was followed with interest by quite a large number of spectators.

Rink standings to date are as follows:

C. Taylor	1	1	0	2
B. Dalgarno	1	0	0	2
J. McLean	2	0	0	4
J. Frew	1	1	0	3
R. Cameron	1	1	0	2
G. Scott	0	0	2	0
J. Watson	0	0	1	0
G. Abbott	0	0	2	0

## LOOKOUT DIDO! FRED'S COMING

Will Toronto Boy's Right Spoil Show Next Wednesday Evening?

Fred Parker, who is to box Dido Gurvich on Wednesday of next week in a ten round bout, showed his wares Sunday and Monday to about three hundred fans at the Empress Athletic Club and his heavy hitting has been the chief topic of conversation. He showed himself to be about the hardest hitter and all around strong boy who has shown here. The only trouble is he may have to stop training for lack of sparring partners who don't like to take the chances Parker can't help offering them. Already he has mused a couple of them up rather badly.

They say that Dido will have to be very elusive to keep away from Parker's powerful right which is liable to spoil a nice evening's entertainment if it lands.

The boys are working out every night.

## GRAND TERMINALS HAVE BIG VICTORY OVER VETS

Won First Division Billiard League Fixture by Aggregate Score of 1210 to 1069 Last Evening

The Grand Terminals displaced the Canadian Legion from first place in the first division billiard league standing and themselves went into second place not far behind the leading Grotto as a result of the playing last night of the week before last's deferred fixture which resulted in an aggregate score of 1210 to 1069 in favor of the Terminals over the returned men.

Individual scores were as follows:

- W. H. Long (Grand Terminals), 250; F. G. Pyle (Canadian Legion), 148.
- C. P. Balagno, 250; J. Andrews, 202.
- W. J. Nelson, 214; A. Murray, 250.
- Frank Williams, 246; M. Andrews, 250.
- Will Mitchell, 250; G. P. Tinker, 219.

A. C. Small of the Swift-Canadian Co. returned to the city on the Camosun this afternoon from a brief business trip to Anxox and Stewart.

Alex Clapperton was able to leave the Prince Rupert General Hospital for his home at the Government Wharf on Saturday afternoon after having been a patient in the institution for a week.

Thirty property owners concerned, petitioned the city council last night to reopen the street on the north side of Hays Cove Circle which has now been closed for some years to vehicular traffic. They pointed out that the present route to Hays Creek bridge was found about and inconvenient and the traffic thereon was dangerous to children going to and from Booth Memorial School. The petition was referred to the Board of Works for report.

On recommendation of the finance committee, the city council last night decided to sell lot 16, block 1, section 6 to William Putnam for \$220.58 which figure covers all charges against the property. Mr. Putnam made an original bid of \$180 but the council decided that the full charges should be met. His offer was accompanied by a deposit of twenty-five per cent of the bid which the council decided would have to be submitted with all future offers to purchase reverted property.

### Dry, Hacking Cough Was Caused By A Bronchial Cold

Mrs. A. Primesau, 36 Ingram St., Chatham, Ont., writes:—"I am pleased to take this opportunity of telling you of my experience with

"Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough. After being bothered with it, both day and night, for some time I had a professional nurse recommend the above cough syrup which I took with wonderful results, and, now, it is the only remedy I ever use for colds."

Price 35c a bottle; large family size 60c. at all druggists or dealers. Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

I.O.D.E. City Open Badminton Finals, I.O.D.E. Hall at 8 o'clock tonight.

Union steamer Camosun, Capt. James Findlay, returned to port at 1:30 this afternoon from Anxox, Stewart and other northern points of call and will sail at 3:30 p.m. for Vancouver and waypoints.

Unemployed meeting to be held tonight in the Grain Handler's Union Hall, at 8 o'clock. It will be to the advantage of all idle men to attend. All parties interested are welcome. Signed, A. Morrison.

C.N.R. steamer Prince George, Capt. Harry Nudden, which has been tied up all winter at Vancouver, is coming north tomorrow in place of the steamer Prince Rupert which has now been withdrawn at Vancouver for her annual overhaul.

Tenders for a large quantity of pipe for the continuation of the new trunk sewer in Section 5 were opened at last night's council meeting and, in view of the fact that the pipe will soon be needed, were referred to the Board of Works with power to act. Albert & McCaffery quoted a total price of \$10,368.51 and C. Ketchum, \$12,372.85, a third tender from Philpott & Evitt not being totalled. The Ketchum bid was the only one that was accompanied by the required certified check so, on motion of Ald. Prudhomme, seconded by Ald. Brown, it was decided to notify the other two tenderers that their bids would not be considered unless their checks were forthcoming immediately.

Little hope of the provincial government disposing of Block 21, Section 1—the old Court House square—was offered the city council in a communication from Hon. F. P. Burden, minister of lands, which was read at last night's meeting. The council decided unanimously, however, to continue its efforts to have the property placed on the market or at least, being revenue-bearing, become subject to payment of municipal taxes.

The letter from the minister of lands acknowledged the resolution which had been received from the council on the matter. The minister pointed out that the block had never previously been offered for sale and that some of the buildings on it were now rented. As for the building which had formerly been occupied by the St. Andrew's Society, other organizations were negotiating to obtain it. The block had never been subdivided and buildings had been erected without regard to lot lines. There had been no real demand for the property and it might be difficult to dispose of it. Under more favorable conditions, however, the government might consider putting it on the market. The minister asked for further suggestions in connection with the matter.

## NO SALE YET OF CENTRAL BLOCK

### Government Not Inclined to Dispose of Property in Centre of City

Mayor McMordie pointed out that, although efforts had been made annually by the council, a sale was, apparently, no closer.

Ald. Brown pointed out that one building had already been sold and moved out. The idea of the government seemed to be to hold on to the property until enough could be obtained from it to pay for the Court House building which was this city's due. He moved that the government be again asked to sell the buildings and put the property on the market.

This motion was seconded by Ald. Orme.

At the suggestion of Ald. Collart, an alternative was incorporated in the motion that, failing the sale of the property, the government consider its duty to pay taxes upon it since it was bearing revenue.

Harry Robinson Frost of Massett has been appointed a justice of the Peace.

N. B. Walton, formerly assistant general superintendent here for the Canadian National Railways and now general superintendent at Winnipeg, and Mrs. Walton will be in the city tomorrow in the course of a holiday trip to the Pacific Coast and, doubtless, will be heartily welcomed by many local friends. They will be making the round trip north from Vancouver to Prince Rupert, Stewart and Anxox on the steamer Prince George.

George J. S. Anderson, son of Mr. and Mrs. William Anderson, Taylor Street, who was lately transferred from the local branch of the Bank of Montreal to head office in Vancouver, has now been promoted to the position of accountant of the Granville and Nelson Street branch in the "out" city. As a teller here, Mr. Anderson was very popular with local patrons of the bank and many congratulations will be offered him on his appointment to the new position.

## CANON RUSHBROOK FIRESIDE SPEAKER

### Spoke Interestingly Last Night on Aborigine Life; Other Items on Program

Rev. Canon W. F. Rushbrook gave the Fireside Club of First Baptist Church, at its regular weekly meeting last night, a very interesting address on early aborigine life in northern British Columbia, illustrating his remarks with a number of curios. The program also included scripture reading by James Walton and vocal solo by Miss Bessie Derry, accompanied by Mrs. Rolf Walker. Miss Winnie Collinson occupied the chair and there was a good attendance.

At the conclusion of the meeting, delicious refreshments were served by Misses Nancy and Ellen Armstrong and F. Burdette.

## UNITED CHURCH YOUNG PEOPLE HAVE MEETING

### Gathered Last Night at American Consulate, Where Duncan Miller Gave Paper on China

The Young People's Society of First United Church met last night at the home of Mrs. H. M. Harper at the American consulate, where the second of a series of papers on China was read by Duncan Miller, whose subject was "A Great People in a Great Land." The speaker examined the educational systems in China, ancient and modern, and described some of the difficulties in the changing over. He referred to the beneficial influence of the Christian missions. The meeting was presided over by the president, George H. Stocks, and there was a good attendance.

After the paper, games were played, one of the prize winners being Miss Lucy Gain. Delightful refreshments were served by the hostess.

## ALD. COLLART IS CITY APPOINTEE FOR BOYS' BAND

Ald. Collart was appointed by Mayor McMordie at last night's meeting of the city council as representative of the city on the new Boys' Band committee.

The appointment followed an explanation by Ald. Collart of steps he had taken as acting mayor during the mayor's absence to keep the band going after the bandmaster and former committee had resigned.

The mayor approved the action that had been taken by Ald. Collart and urged the desirability of keeping the band in operation.

## ASKS COUNCIL FOR REMISSION OF TAX

### Canon Rushbrook Explains Difficulties in Getting to His Residence on Overlook Street

Rev. Canon W. F. Rushbrook petitioned the city council last night to remit for a year or term of years the taxes on lots 16 and 17, block 4, section 7, and lot 64, block 3, which he owns, and to bear some part of the expense incurred in the construction of an approach to Overlook Street.

Canon Rushbrook's letter explained that, in order to have access to his residence on Overlook Street, it had been necessary for him to purchase a few months ago lot 64, for which he had paid \$100, the said lot being now assessed at \$175. It was also necessary for him to pay a yearly rental to the Canadian National Railways for right-of-way across the reserve. A 500-foot piece of walk had also cost him \$100 for lumber and it was the third walk he had put in since 1912; the lumber on one having been stolen outright. The walk was a popular one for mothers and children desiring to go to the high land in the east end of town overlooking the harbor and this year, the petitioner stated, he intended putting in seats and conveniences in order to encourage the use of so pleasant and safe a resort.

The petition was referred to the board of works for report.

## Heart Palpitated Nerves Bothered Her Sleep Was Broken

Mrs. Fred A. Pugsley, East Southampton, N.S., writes:—"I was bothered very much with my nerves and palpitation of the heart, and my sleep was broken at night."

I decided to try

and after I had taken six boxes I found that they had done me so much good I will gladly recommend them to all those who are troubled with sleeplessness caused by their heart and nerves."

Price 50c. per box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

SEVENTH AVENUE WORK PROTESTED

English Hill Residents Opposed to Excavation of Street Behind Them

Six residents of English Hill presented a petition to the city council last night protesting against the proposed excavating out of Seventh Avenue, West to McBride Street.

The petition held that such an excavation, in the nature of a deep trench, would be dangerous to residents of English Hill and would not give them the benefit of any outlet.

Ald. Brown pointed out that the council had already decided to move the rock crusher and proceed with the work in question.

The mayor suggested that the petition might be referred to the Board of Works.

Ald. Rudderham could see nothing to be gained by referring the matter to the Board of Works. The council was as familiar with the subject now as it would be later. In any case, Dunsmuir Street would have to be opened up before work of Seventh Avenue could proceed and that work alone would justify the moving of the crusher.

Ald. Collart felt that the Board of Works should consider the petition.

Ald. Macdonald explained that it was not the intention to open up Seventh Avenue at once. It had been decided to move the crusher there in order that rocky might be more economically obtained. Just before coming to the meeting, he had received telephone messages protesting against this petition. He saw no reason why the council should

not stand by its former decision. Though he thought the petition should be considered, he was not in favor of holding up the work. It was moved by Ald. Collart that the petition be referred to the Board of Works. Ald. Prudhomme seconded the motion, explaining, however, that he was not in favor of delaying the moving of the rock crusher or the holding up of the work in question.

Would Stop Work
If the petition went to the Board of Works, it would hold up the moving of the rock crusher until decision had been made with regard to it. Ald. Brown felt it would mean the holding up of the work for two weeks. The petition had been signed, he pointed out, by only a few residents of English Hill who at present used a lane to get to McBride Street.

Mayor McMordie felt that the petition should not be ignored. He enquired what work would be held up if the crusher were not moved.

City Engineer McLean stated that about 600 yards of crushed rock was required in street repair work. Already a start had been made in stripping Dunsmuir Street.

Various aldermen were agreeable to considering the petition. Ald. Prudhomme did not think that, to do so, would delay the work of moving the crusher to Dunsmuir Street.

Ald. Rudderham felt that all the necessary consideration had already been given the matter. He was opposed to delaying the work by referring the petition to the Board of Works.

Ald. Orme could see no necessity for again referring the matter to the Board of Works.

On taking of the vote, Ald. Collart, Ald. Prudhomme, Ald. Macdonald and Ald. Brown voted in favor of referring the petition to the Board of Works and Ald. Rudderham and Ald. Orme voted against. Ald. Dibb and Ald. Macdonald were not present, both being out of town.

TRANSFER OF PARK SPACE

Forty Acres of Land in McClymont Subject of Letter to Council From Lands Minister

The city council last night received a letter from Hon. F. P. Burden, minister of lands, who stated that he had no record of any intention on the part of the provincial government to convey to the city some 40 acres of land west of McBride Street in McClymont Park for park purposes.

The government might favor, however, disposing to the city of the land, which had been received from the Canadian National Railways, at a fair valuation.

Mayor McMordie stated that he had been informed by R. R. Nichol, taxation commissioner for the C.N.R., that this land had been transferred by the railway company to the provincial government on this understanding.

TO LOWER SEWER PIPE TO EXHIBITION HALL

Cost of \$100 Will Be Deducted by Council From Year's Grant to Fair Board

A recommendation from the board of works, that the sewer along Summit Avenue to the Exhibition Hall be lowered at an estimated cost of \$100 which should be deducted from this year's ap-

propriation to the fair board was adopted by the city council last night.

Ald. Brown explained that the sewer in question was several feet above the ground and, passing close to the Summit Apartments, might prevent access from that building in case of fire. The sewer had been put in by the fair board.

Ald. Prudhomme agreed that it was an eyesore and a nuisance and should be removed at once.

SUN LIFE ASSURANCE COMPANY OF CANADA

A TOWER OF STRENGTH

1928

Table with financial data for 1928: Assurances in force, (net) \$1,896,915,000; An Increase of \$408,925,000; New Assurances Paid for 441,244,000; An Increase of \$112,836,000; Total Income 144,747,000; An Increase of \$41,972,000; Surplus earned during the Year 40,264,000; Payments to Policyholders and Beneficiaries 49,920,000; Surplus and Contingency Reserve 66,933,000; An Increase of \$9,157,000; Total Liabilities 422,020,000; (Including paid up Capital); Assets, at December 31st, 1928 488,958,000; An Increase of \$87,652,000; Rate of Interest earned on mean invested assets (net) 6.58%; DIVIDENDS TO POLICYHOLDERS INCREASED FOR NINTH SUCCESSIVE YEAR; The Company has also inaugurated the practice of paying a special maturity dividend on participating policies, ten or more years in force, terminating by death or maturity

EXTRACTS FROM DIRECTORS' REPORT

... After deducting amounts re-assured, the total assurances in force now amount to \$1,896,915,934.57, an increase of \$408,925,254.48. Policies in force number 633,240, and in addition 136,293 certificates of assurance are held by employees of corporations and firms under the group plan.

While every field of operation contributed its full share to these impressive advances, the rapid development of our business in Great Britain and the United States is especially noteworthy. The generous reception of our Company in countries served by powerful domestic institutions is particularly gratifying, as testifying to widespread appreciation of our record and services.

... The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from them in premiums by \$111,370,229.10.

The strength and resources of the Company have been still further enhanced.

The net rate of interest earned on the mean invested assets, after making provision for investment expenses, has risen to 6.58 per cent. Dividend increases, bonuses and stock privileges, accruing on many of the Company's holdings, contributed substantially to this gratifying result.

A net profit of \$11,028,854.59 has been realized from the redemption or sale of securities which had risen to high premiums.

The securities listed in the assets have been valued at figures substantially below the values placed on them by the Government. This under-valuation of our securities represents an important safeguard against possible adverse market fluctuations, additional to the reserves specifically provided against that contingency.

We are again able to report that on the bonds and preferred stocks listed in the assets not one dollar, due either as interest or as dividend, is in arrear for a single day; while the dividends accruing to common stocks exceed by several million dollars those payable on the same stocks at the time of purchase.

The surplus earned during the year, based on the values given in the accounts, amounted to \$40,264,088.52.

\$10,000,000. has been deducted from the already heavily marked-down value of securities, as additional provision against possible fluctuations, increasing the amount so set aside to \$20,000,000.

The special amount set aside as a liability to provide for unforeseen contingencies has been maintained at \$12,500,000.

\$15,822,339.65 has been paid or allotted as profits to policyholders during the year.

After making all deductions and allocations, \$9,157,966.34 has been added to the undivided surplus, bringing the total over liabilities, contingency accounts, and capital stock, to \$54,438,862.48.

The continued prosperity of the Company enables your Directors to announce, for the ninth successive year, a substantial increase in the scale of profits to be distributed to participating policyholders during the ensuing year.

In addition, your Directors have inaugurated the principle of granting a Special Dividend on participating policies maturing after having been in force ten years or longer. This new bonus will enable policyholders or beneficiaries whose withdrawal is occasioned by the maturity of policy contracts, to participate in the accumulated surplus which it has not as yet been considered prudent to divide.

The effort to provide life assurance at the lowest net cost obtainable has been increasingly appreciated. Our policyholders will be gratified by this further evidence of our desire that the Company's prosperity shall be fully shared by its members.

# Radio Broadcasting and Reception

## KOLSTER RADIO

THE NEW HOME MAKER  
RADIOS ARE GREATEST OF ALL ENTERTAINERS AND EDUCATORS  
KEEP FAMILY AT HOME

The radio is becoming almost generally used in this northern country. Many in the homes and camps are now enjoying entertainment that even a few months ago was not thought of as in the realm of probability.

The Radio is one of the best means produced to keep the young people at the home fireside at night. It also keeps "the old man" in at night and home life is coming back.

The Radio is not only a great entertainer—it is also a great educator. Every home should have a radio, particularly in this part of the country where reception is improving, and where many forms of musical and educational programs are few and far between.

The family sit in their easy chairs near the fire and music, play or lecture comes in over the air; no effort is required to enjoy the program.

The Radio is a real service and source of enjoyment—ask any owner.

Kolster Radio is recognized as one of the best on the market.

**S. E. PARKER, Ltd.**  
KOLSTER DEALERS

### SQUEALING SETS FOR RECEIVING

Radio Association Discusses Nuisance at Recent Meeting and Makes Suggestions

The question of how to eliminate the annoyance of the small regenerative radio sets was discussed at some length at the last meeting of the local Radio Association. It was said that this was now the worst local interference they had.

One suggestion was that the owners of such sets should be taught how to tune them in without causing the whistles and squeals which are so annoying to everyone within a considerable radius. Another opinion was that the only way to deal with them was to throw them in the harbor.

A suggestion was made that by the addition of another tube the sets could be prevented from becoming such an annoyance. This would cost pretty nearly \$20.

It was decided to secure a list of all sets of that nature operated in the city and to conduct a campaign of education against them.

### DIGBY CABLE BROKEN AGAIN

Old Spark Wireless Set Used Interferes With Local Reception

Prince Rupert radio fans will wonder, perhaps, why they have had Digby Island wireless station interfering with their reception. The reason is that the power cable connecting Digby with Prince Rupert broke or has a bad short circuit with the result that it is out of business and it will be several days before repairs can be made.

In the meantime the old spark set has to be used and that is the one that gives the trouble. All that is needed this week is a little patience. Reception Sunday night was not very good anyway and last night it was not very much better.

### RADIOPHONES FOR THE COAST ARE SUGGESTED

U. S. Coastguard Already Uses Them With Great Advantage Says Unalga Skipper

KETCHIKAN, Feb. 19.—After reading the views of Governor George A. Parks on the great need of increasing radio communication facilities in Alaska Commander Edward S. Addison of the coastguard cutter Unalga said it was his opinion that the solution of the inter-communication problem lay in the radio telephone.

"The coastguard," explained Commander Addison, "has some 500 radio-telephone sets manufactured in 1924 by the Western Electric Company, which sets, ever since their installation in coastguard units both afloat and on shore have been highly satisfactory."

These radio-telephone sets cost about \$1700 each, and can be worked from 50 to 800 miles, although it is now established that they have been worked over a distance from 200 miles to 1000 miles with the voice and can be worked further with a key.

Once properly installed and set for the correct wave length, they are practically fool proof and need no attention other than the preservation and charging of ordinary storage batteries. Where there is no electric current available, a reasonable additional cost for a very small Delco generator or Starnes generating unit run by gasoline or water power should be added to the original cost.

The Unalga is equipped with a regulation western electric coastguard telephone set, adapted to either battery or generator current supply, and operating on three wave lengths, which have been assigned to the coastguard by the federal radio commission.

These wave lengths could not be used by private concerns, but the radio commission would undoubtedly assign a frequency to private sets. If canneries in Alaska have somewhat similar units they could be in communication with each other and with the outside world throughout the year instead of just during the summer months, declared the commander.

Cannery watchmen then could operate these sets and the money saved by dispensing with the services of radio operators during the active season would pay for the highest priced radio-telephone sets in two seasons.

The set on the Unalga is in touch with the other coastguard units and it is through it that her officers and crew hear the Associated Press dispatches every night.

It was only a few years ago that a company of midshipmen of the naval academy won a competitive infantry drill, in which, as far as the spectators were concerned, there were no commands of any kind given. Each midshipman had a radio-telephone concealed in his cap, by which orders were received from a concealed broadcasting station.

## Announcement!

WE NOW CARRY A FULL RANGE OF VICTOR RADIO

# Victor Radio

After comparing all the different makes of Radios, we find that in appearance, ease of operation, performance, quality of workmanship and value, none can compare with Victor, the perfect set. We have chosen to handle Victor against all other makes of Radio. Every Victor Radio is a perfected radio, representing most advanced design, A-C tube operation, single control illuminated dial, velvet-like volume regulation, single switch space electrical control, smart cabinets. There is a model to suit every purse and purpose.

The above advertisement of the well known house of Mason & Risch appeared in a recent issue of the Vancouver Province. After an extensive Radio experience of many years, this is their pronouncement and without reservations we endorse every word.

SOLD ON EASY MONTHLY PAYMENTS

McRae Bros. Ltd

### CHURCH ORGAN INTERFERENCE

The radio users at their meeting a few days ago decide to investigate the church organs as a possible source of Sunday evening interference. It was reported that while services were being conducted there was considerable noise in some of the sets which ceased as soon as church came out.

It was suggested by one good

churchman that they should all go to church, but the others did not agree. They wanted to hear other sermons or other kinds of music and the churches were interfering.

### CLEVER JACK

Muriel—Jack is so appreciative.  
Marie—I suppose you mean about that tie you gave him for his birthday.  
Muriel—Yes. The dear boy said, "No other eyes but mine shall feast themselves on this loveliness.—Boston Transcript.

The New Plug in!

# Victor Radio

has conquered the Dominion

—conquest by "peaceful penetration." Since the first Victor Radio announcement August 10th, thousands of owners have brought the joy of the New Victor Radio into their homes. They are proud of their sets.

And why? Because in designing this New Victor Radio, the well-known Victor standard of "quality first" was observed to the letter, and the purchasers profited by it. This standard has resulted in world leadership for Victor products. Where music is known - Victor comes first. Statistics prove it.

HIGHBOY MODEL

Authorized Victor Radio Dealers are offering the Highboy cabinet, specially designed for them, with super-electric-dynamic speaker, the New Victor Radio, complete set of tubes and "plug-in" cord, ready to plug in to the electric socket, for

# Bulwark of \$100,000,000 Protects Sun Life Investments

Unique Financial Position of Company Discussed by  
President Macaulay in Annual Address

MONTREAL, Feb. 19.—The phenomenal growth and success of the Sun Life Assurance Company of Canada lends widespread interest each year to the annual address of the President, Mr. T. B. Macaulay.

The annual meeting, which has just been held, disclosed a continuation of this expansion, but it was more noteworthy still for an announcement, almost startling in character, by Mr. Macaulay regarding the financial strength of the Company. He stated that so carefully had the directors anticipated every possible adverse contingency in the money market that even a panic which would reduce the value of the assets by one hundred millions of dollars, would still leave untouched and unimpaired the shown surplus and reserves of the Company.

Mr. Macaulay dwelt as well in a most interesting and illuminating manner upon the relative merits of the varied securities in which insurance companies invest their funds, and of how traditional views on investment have altered owing to the changed conditions of modern business. He said in part:

"It is a great pleasure to move the adoption of this report, for the record it sets forth is a remarkable one.

"A mere statement of the increases over the figures of the previous year is impressive. Income the increase is \$41,972,000; in assets \$87,650,000; in surplus \$9,157,000; in new assurances \$112,836,000; and in total in force \$408,925,000. A company with total business equal to these increases would be a large and powerful institution. It is but three years since we rejoiced at passing the milestone of \$1,000,000,000 of assurance in force, and yet already we are nearing \$2,000,000,000, while at this moment our assets exceed \$500,000,000.

"But there is another feature even more striking and important. Advance figures indicate that the increase over the previous year in the new business written by the combined life companies of the continent was approximately 8 per cent., and the increase in the combined total in force approximately 9 per cent. Against these percentages let me place the figures of the Sun Life: our new assurances increased 34 per cent., while our total in force increased 27 per cent.

"I need not further emphasize the rapid expansion of our business. It is but a continuation, though in accelerating degree, of our normal condition. That the Company is extraordinarily popular with the insuring public is evident. But people will hardly show so pronounced a preference without reason. That reason unquestionably is the great strength of the Company, and its unusual profit-making power. The earnings announced in the report are slightly in excess of \$40,000,000; but it is clearly intimated that had we desired to do so we could have taken credit for a much larger amount. We, however, follow our conservative policy. We always have before our minds the possibility of a business depression, which might occasion heavy shrinkage in market values of all classes of securities. Mortgage securities may at such a time become totally unsaleable, but that fact is not patent; while every fluctuation in the prices at which stocks and bonds can be turned into immediate cash is quoted on the Stock Exchange.

### Securities Heavily Under-valued

"I have decided to take our policy-holders into our confidence in the most complete way, so that they may realize how fully our directors have provided against any contingency of this kind. You will notice that we say that the values quoted are those given by the government department or lower. There is much in those two words. They mean that the values given in the report are approximately \$62,500,000 less than the actual current values of those securities on the Exchanges. Then we have the additional deduction from market values of \$20,000,000, referred to in the report, and also the special contingency reserve of \$12,500,000. These items total \$95,000,000, and our unlisted assets and other margins raise the amount to \$100,000,000.

"This means that the market values of our securities could shrink by \$100,000,000 without reducing our surplus by one dollar. Such a shrinkage is almost inconceivable. I indeed doubt very much if even the catastrophe of another world war could produce so drastic a depression. Supposing it did, we would still have intact our undivided surplus of over \$54,000,000. We are hardly likely, I think, to be criticized for lack of conservatism. I do not know any other financial corporation which has its assets so protected. I imagine we are more likely to be told that we have been too conservative; if so, that is a criticism we must endure. Our safety margins may perhaps be unnecessarily large, but safety must be our paramount consideration; and if, as we confidently anticipate, the margins prove not to be required, they will in time be available for distribution among our policyholders. And what possibilities for our policyholders do these margins represent!

### Praises Canadian Law

"But let us look further into our earning power. There are many contributing factors: energetic, yet cautious economical agency management; careful selection of risks; conservatism in always retaining a considerable proportion of our earnings to

build up protective reserves; and, above all, specialization in the safe and profitable investment of the funds.

"Our investment policy is in fact a distinguishing characteristic of the Company. Our development and prosperity would have been impossible but for our investment policy, and our investment policy could not have been pursued but for the wise investment provisions of our Canadian Insurance Law. That law stands before the world as a monument to the wisdom of our Dominion Parliament. Companies of many other lands are either permitted unwise freedom, or are hampered by restrictions, equally unwise, which prohibit investment in many of the most desirable securities. The Canadian Act, by contrast, permits reasonable freedom to the companies, while fully safeguarding policyholders.

### Investment Provisions

"It may be timely to summarize briefly the provisions of our law. They permit investments in:—first mortgages (up to sixty per cent. of the appraised value); government and municipal bonds; corporation bonds secured by mortgage; preferred stocks of corporations which have paid dividends for the preceding five years; and common stocks of corporations which have paid dividends for the preceding seven years, such dividends being not less than four per cent. per annum, or \$500,000 per annum in amount. These provisions avoid the extreme both of unwise freedom and of harmful restriction. To my mind they are almost ideal.

"Our list of assets shows that we own securities of large amount in all classes authorized by the Act.

"With the great growth of the Company, the problem of investing its constantly increasing fund becomes more and more important. What avenues are open to us? As for mortgages, we are most unwilling to establish agencies in distant centres, of whose real estate values, conditions and dangers, we know nothing. That would be to entrust the safety of our investments, even to a large extent the safety

of our Company, to the judgment of strangers. Government and municipal bonds yield but low rates of interest. As for bonds of corporations, we must face the fact that apart from occasional railway and public utility issues, the strongest corporations are rapidly redeeming their obligations, and no longer need to borrow. Desirable bonds therefore represent a constantly decreasing field.

"For a very considerable part of our investments we must, consequently, look to those classes of common stocks which are authorized by our Canadian Act. Fortunately, when the same degree of care as is necessary for safety in selecting mortgages and bonds is applied to the selection of common stocks, especially within the conservative limits laid down by the Act, these selected securities are, in the judgment and experience of the thoughtful and well-informed, among the choicest and safest of all investments and by far the most profitable and desirable.

### No Magic in 'Bond'

"Consider mortgages. What company has not suffered losses, and sometimes very heavy losses, on its mortgage investments. As to bonds, some people seem to consider that there is magic security in the label 'bond.' This popular belief is not supported by experience. The surplus earnings and margins of many companies, over and above the dividend requirements of their stocks, are much greater than the surplus earned by other companies in excess of the interest requirements of their bonds. Few experienced financiers would claim that the bonds usually offered are safer than, or even as safe as, stock of such companies as the Montreal Light, Heat & Power, American Telephone and Telegraph, Commonwealth Edison, and many others I could name. The payment of the interest on the bonds is certainly no more sure than the payment of the dividends on the stocks. In the very unlikely event of the dividend on any such choice stock being reduced, it would be certain to be far more than offset by increases in the dividends or others. Our own average interest rate has been steadily mounting year after year, due solely to increased dividends and bonuses received on our stocks beyond the rates payable on those stocks when we purchased them. As an illustration, take the common stocks purchased by us in 1923: the actual cash yield from these in 1928, represented a return of 2.38 per cent. on the purchase price greater than the dividends payable on these stocks at the time of purchase, while the average value of the rights and bonuses received during the intervening five years has amounted to a further .38 per cent. per annum.

### Only Tested Securities Purchased

"Our Canadian law wisely excludes stocks of all companies that do not have a long record of dividend paying and prosperity. But we go much further than that. We limit ourselves almost entirely to corporations that have attained outstanding financial strength, with great reserves and resources already established, that supply some product or service essential to the life of the community, and that usually are dominant in their respective spheres. Such corporations have their roots deep in the life of the nation they serve, and are almost part of the nation itself. The nation cannot grow and prosper without their growing and prospering. The operations of such corporations can hardly fail to expand, and their profits increase, surely and steadily; and this is but another way of saying that the stocks of such select and outstanding corporations can hardly fail to be of greater intrinsic value five, ten and twenty years hence than they are to-day.

"Let me repeat what I have already said on many occasions. We do not speculate. We buy to keep. We never sell the stock merely because it has risen to a high figure. Stock exchange quotations influence our decisions as to whether we should buy a security, but not as to whether we should sell. If quotations be high, we can ignore them, and, in fact, do ignore them.

### Policyholders' Profits Again Increased

"There is no department of a Company's business which de-

serves closer study and investment than the investments of its funds. No other department will give such a generous return for the attention devoted to it.

"It is to its investments that our Company owes its impregnable position, and the magnitude of the profits in which our policyholders rejoice. Many years ago I expressed the hope that I would be able to announce an increased scale of profits every year for at least ten years. We now make that announcement for the ninth successive year, and I certainly cannot say that I expect the increases to stop with even the tenth announcement. Our profits are accumulating as never before, and it is inevitable that a larger and larger proportion will be disbursed to our policyholders with the passing years.

### A Company with a Soul

"But there are other features to which my mind reverts with pleasure. One of the most delightful compliments I ever received was when I was once introduced to an audience as the president of a corporation that had a soul. That this was no mere phrase is shown by the sympathetic comradeship that exists between all ranks of the Company's service, both at head office and in the field. It is seen also in the enthusiastic support accorded us by our legions of policyholders. Our relationship with them is something more than that of mere business co-operation. The sense of mutual confidence and mutual appreciation is so strong as to be akin to friendship, and it is as our friends I like to think of them. This delightful relationship is the reward of unwearying and successful service on their behalf and it is a reward which is greatly prized.

### The Bill Before Parliament

"I will now say a few words about the Bill we have before Parliament. There has been so much misunderstanding and misrepresentation about it that I think you would like a plain statement of the facts.

"The original Charter, granted in 1865, authorized the Company's capital at \$4,000,000. An amending Act passed in 1871 contained a somewhat ambiguous clause, which has been interpreted in some quarters as limiting the capital to \$2,000,000. Five eminent legal authorities to whom we submitted the question assure us that the original authorization was unaffected by that amendment, but advised us that it would be well to have the matter put beyond doubt by a brief clarifying act of parliament.

"We do not ask that the capital be increased; we merely ask that our right to issue stock up to the amount originally authorized be freed from legal ambiguity by a simple declaratory clause.

"But why do we require a larger capital than the present \$2,000,000?

### Chiefly for two reasons:

"(1) Because the present capital is manifestly out of all proportion to the magnitude of the Company's operations. It is absurd that a Company, whose assets are already \$500,000,000, should be controlled by a capital of \$2,000,000.

"(2) Because we wish to ensure that this great Company shall never fall into undesirable hands. We cannot alter the status of our existing shares, but we can impose restrictions on the transfer of the new shares which will be an effectual safeguard.

"It has been said that such an increase would divert from the policyholders profits properly belonging to them. This is the exact opposite of the truth.

"The Insurance Act allows stockholders to receive ten per cent. of the profits distributed from the participating branch. Our stockholders long ago reduced their share to five per cent. All our contracts for thirty years past have been made on the agreement that the participating policyholder shall receive ninety-five per cent. of these profits, and that right any of our members could enforce in any court of law.

### Policyholders to Benefit by Bill

"The amount of profit accruing to shareholders cannot be increased or in any way affected by higher capitalization. It is impossible that any increase in capital could injure the policyholders; on the other hand, every additional amount paid in by the shareholders gives additional security. And no additional cap-

ital will be issued except in return for actual cash.

"The small percentage of profit allowed to the stockholders is their share or commission for guaranteeing and managing the Company. Under the management of the stockholders, the Sun Life Assurance Company of Canada has grown to huge proportions, and it has done much to make Canada known and honoured around the world. It has become one of the greatest financial corporations in existence. Its policies protect hundreds of thousands of homes. That its operations have been conducted to the great advantage of its policyholders is sufficiently evidenced by this report. And, as I have said, our policyholders may confidently anticipate even greater benefits in the future.

"For another reason, however, our policyholders have the strongest interest in desiring the Bill to pass, for, should it succeed, our directors have agreed to recommend to the stockholders that their proportion of profit be reduced to four per cent., thus increasing the policyholders' proportion to ninety-six per cent.,

and correspondingly increasing their individual profits.

"I can think of no proper objection to the Bill. It will injure nobody, and will help everybody; policyholders most of all; I am very sure that our policyholders throughout the land will agree with us.

"I apologize for speaking at such length, but it appeared to be necessary.

"I now move the adoption of the Report. It is, I venture to think, one of the most eminently satisfactory and noteworthy reports ever presented at an annual meeting. It records the transactions of one of the greatest, strongest and most beneficent corporations in the world, and it is worthy of the Company."

To replace one which Ald. Macdonald explained had been demolished in a gale last fall, the city council last night adopted a report from the utilities committee recommending that, in view of the urgent need, a new fire hose reel house be built at the corner of Eighth Avenue and Conrad Street by Mitchell & Currie at a cost of \$65.

Advertise your wants in the Daily News classified columns.

# DAILY NEWS' SHOPPING SERVICE

## for Out-of-Town Subscribers

To serve its women readers, and particularly those who live at a distance from a retail centre, The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched—or a piece of embroidery thread—or the thousand and one things that make up the difference between a woman's wants and a man's.

## The Prince Rupert Merchants Carry between them Stocks running up to \$2,000,000

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.

## This Service Free

to our women readers and is the outcome of many individual requests made to our staff on their travels through the district in seasons past. This service has been appreciated in these individual cases and is now extended to all with the hope of the same appreciation.

## So Do Not Hesitate

Do not think you are imposing upon The Daily News. Our shopper is awaiting your requests.

EMBARRASSING MOMENTS JUST AS YOU CLAIM YOUR BALL - YOU NOTICE THE TRUCK DRIVER'S "BLACK EYE"?

The Pledge of the Newlyweds Fact and Fable Both MARRIAGE Bells! There's a home to be planned, each room to equip and arrange, none plans to discuss, consultations with contractors, many stores to visit and many visits to stores. To the newlyweds these are the spending days of a lifetime -days of joy and thrills buying for the home to be. But still another pleasure they have added to these memorable shopping hours-a pride in demanding first the products of their homeland. "Because our mutual progress through the years to come depends on the prosperity of our country, we will build our house and make our home with the products of our local industries."-This is the pledge of the newlyweds.

SOUND ADVICE Young married people will easily recognize the importance of the "Buy B.C. Products" idea. The prosperity of both depend on the young husband's progress in his vocation. As the demand for the manufactured articles of British Columbia increase so will the young husband's position be made more secure and his advancement more certain. Obviously we should demand first and always the B.C. Product.

## NOBLES HONOR RALPH LEPINE

1928 Class of Shrine Candidates Express Appreciation For Efforts on Their Behalf

As a token of their appreciation for his untiring efforts and unstinted work in connection with their trip to the Victoria ceremony last fall, the 1928 class of candidates from northern British Columbia who were initiated into Gizeh Temple of the Mystic Shrine presented Noble R. V. G. Lepine with a handsome suit case at the regular monthly dinner of the Prince Rupert Shrine Club in the Commodore Cafe last evening. The presentation was made on behalf of the new nobles by S. E. Parker, president of the Shrine Club, and was accompanied by an appropriate letter. Mr. Lepine replied suitably.

Those signing the letter were E. R. Johnson, Peter Lorenzen, David Taylor, E. R. Checkley, Austin Goodenough, H. F. Noel, W. J. Sweeney, W. J. Crawford, R. E. Allen, Arthur Brookbank, G. J. Dawes, G. A. Lackey, J. A. Swanson, C. E. S. Gow, E. T. Kenney and J. W. Thome.

## ESTIMATES OF SCHOOL BOARD

Educational Budget Includes \$84,055 for Ordinary Expenditure and \$5900 for Extraordinary

Estimates of the school board for the year 1929 presented to the city council at last night's meeting include a sum of \$84,055 for ordinary expenditures and \$5900 for extraordinary. An increase over last year is shown in each case, owing to the unexpected increase in school population. In 1928 the ordinary estimates were \$77,080 and the extraordinary \$1400.

The council has no option but to pass the ordinary estimates, but may, if it sees fit, pare the extraordinary appropriations. The estimates were referred to the finance committee.

## BAD EYES

Are your eyes peculiar—little different? Harder to test than many?

That is the kind we take a special interest in and usually satisfy our customers.

In fact, if the eye is not diseased, and glasses are really what is needed, we are sure we can suit you.

Lenses ground specially for each eye when necessary.

Many pleased customers in Prince Rupert

## BRASS BAND MET BISHOP AT MASSETT

Class of Seventy Confirmed at One Time and Choir of Thirty Sang

MASSETT, Feb. 19.—On the last trip of the S.S. Prince John to the Queen Charlotte Islands, it arrived at Massett before daylight and the passengers were awakened by sounds of good music. On rising to investigate, they discovered the dock crowded with residents of the village who were accompanied by their brass band.

They were there to welcome the Bishop on his first Episcopal visit. A procession was formed which led the way to the church where formal addresses were read and a presentation made.

A communion service was held at 11 o'clock and a confirmation service at 2:30 p.m., when a class of candidates was presented, numbering seventy-seven. Perhaps, never in Northern B. C. was there a larger number of young people admitted to the church at one time, nor could there be a more interesting class both as to appearance and intelligence.

The evening's congregation filled the church to overflowing. At all the services there was a choir of about thirty which rendered several anthems in a most acceptable manner. The day will be remembered at Massett as one of the red letter days of its experience.

The "Twenty Years Ago" column of the Vancouver Province last Friday told how, on February 15, 1909, a thousand people gathered on the hills at Prince Rupert to watch a huge blast which was successfully fired on the Grand Trunk Pacific right-of-way. Some 80,000 yards of rock were moved, nearly forty tons of dynamite and black powder, costing \$15,000, being used.

## LENTEN SPECIALS

IT WILL PAY YOU TO STOCK UP ON THESE PRICES

- CLAMS—3 tins .....50c

## BIG WEEK AT CAPITOL

Great Program of Picture Arranged For Entire Week

This week's pictures at the Capitol are among the finest productions of recent months and present an assortment of comedy and drama that would be difficult to surpass.

Tonight—Dolores Del Rio  
"Revenge" won a big reception last night. Dolores Del Rio in the leading role of a gypsy girl, in a colorful and romantic story of gypsy life, gave a performance that is probably her best since her entry into the silent drama three years ago. "Revenge" will be given its final showing tonight. "Abie's Irish Rose," Wed.-Thur. "Abie's Irish Rose," the motion picture supreme, Broadway's biggest sensation for five years, seen on the stage by over eighteen million people, acknowledged one of the greatest stories ever told, comes to the Capitol for two days, Wednesday and Thursday. Special Matinee Thur., 3:30 p.m.

In order to accommodate all who wish to see this greatest stage play of all time, a big special matinee will be given on Thursday afternoon at 3:30 p.m.

Fri.-Sat. Is "Oh Kay"  
For those who like a bit of fun "Oh Kay" is O. K. and finds petite Colleen Moore in an uproarious farce comedy in which her ever delightful saucy personality dominates the humorous action throughout. "Oh Kay" is a great week-end feature and will conclude a wonderful week's bill at the Capitol.

## COW BAY AGAIN IN LIMELIGHT

A letter from G. R. Naden, deputy minister of lands, which was read at last night's council meeting, requested the city to take the necessary steps toward giving its assent to the filling in of Cow Bay for permission to carry out which work the Canadian National Railways were now applying to the railway commission.

The letter drew attention to a previous arrangement in which the provincial government had agreed to accept waterfrontage outside of Cow Bay in exchange for that inside in order that the railway company might proceed with the filling in. This, however, was subject to the city giving its consent.

Mayor McMordie referred to the fact that the city had agreed to give its consent providing fishermen's floats were provided.

The question was referred to the finance committee for report.

## Intelligent Battery Service

Let us take care of your battery problems this winter and you'll find an end of "cussing" at the car that won't start when the weather is cold.

We repair and service old batteries, and can sell you the finest new ones made.
