Progress Made At Kaesong Armistice Parley

Momentous Parley is Concluding Late Today

Proceedings Are Closely Guarded—Newsmen Barred
SEOUL (CP)—Cease-fire representatives today "made progress toward agenda to discuss an armistice," United Nations representatives said tonight.

The discussions will end at 10 a.m. Wednesday (5 p.m. Tuesday Pacific Daylight Time) in Communist-occupied Kaesong. A communique, issued by headquarters of United Nations commander General Matthew W. Ridgway said that the two opening sessions on Tuesday were held in "open and formal atmosphere."

At the outset of the talks, Vice-Admiral C. Turner Joy, head of the five-man United Nations delegation, announced that discussions would be restricted to military matters in Korea. He said the Allies would not talk about anything else—no politics, no economics, no military affairs elsewhere.

Allied war correspondents were not permitted in Kaesong. Brigadier General Frank Allen, chief of information, announced plans to send 16 correspondents to Kaesong Wednesday were cancelled because General Ridgway "will do nothing to jeopardize the success of the conference." He said that newsmen would be sent to Kaesong "after the conference is on the track and there is assurance that it will stay on the track."

A report on Tuesday's sessions was given to the press by an Army officer who had not been at the four-hour Kaesong meetings. He said the Communists had designated a "United Nations House" in the war-ravaged city for use of United Nations delegates.

The Allies returned Tuesday night by helicopter to their "peace camp" at Munsan without comment. When they arrived in Kaesong in the morning, the briefing officer said, United Nations officers were met by American jeeps which preceded them there.

Helicopter pilots reported the delegation was met by 15 jeeps loaded of Chinese, including some bearing sidearms. They said that armed Chinese stood guard around the field where helicopters were parked throughout the day.

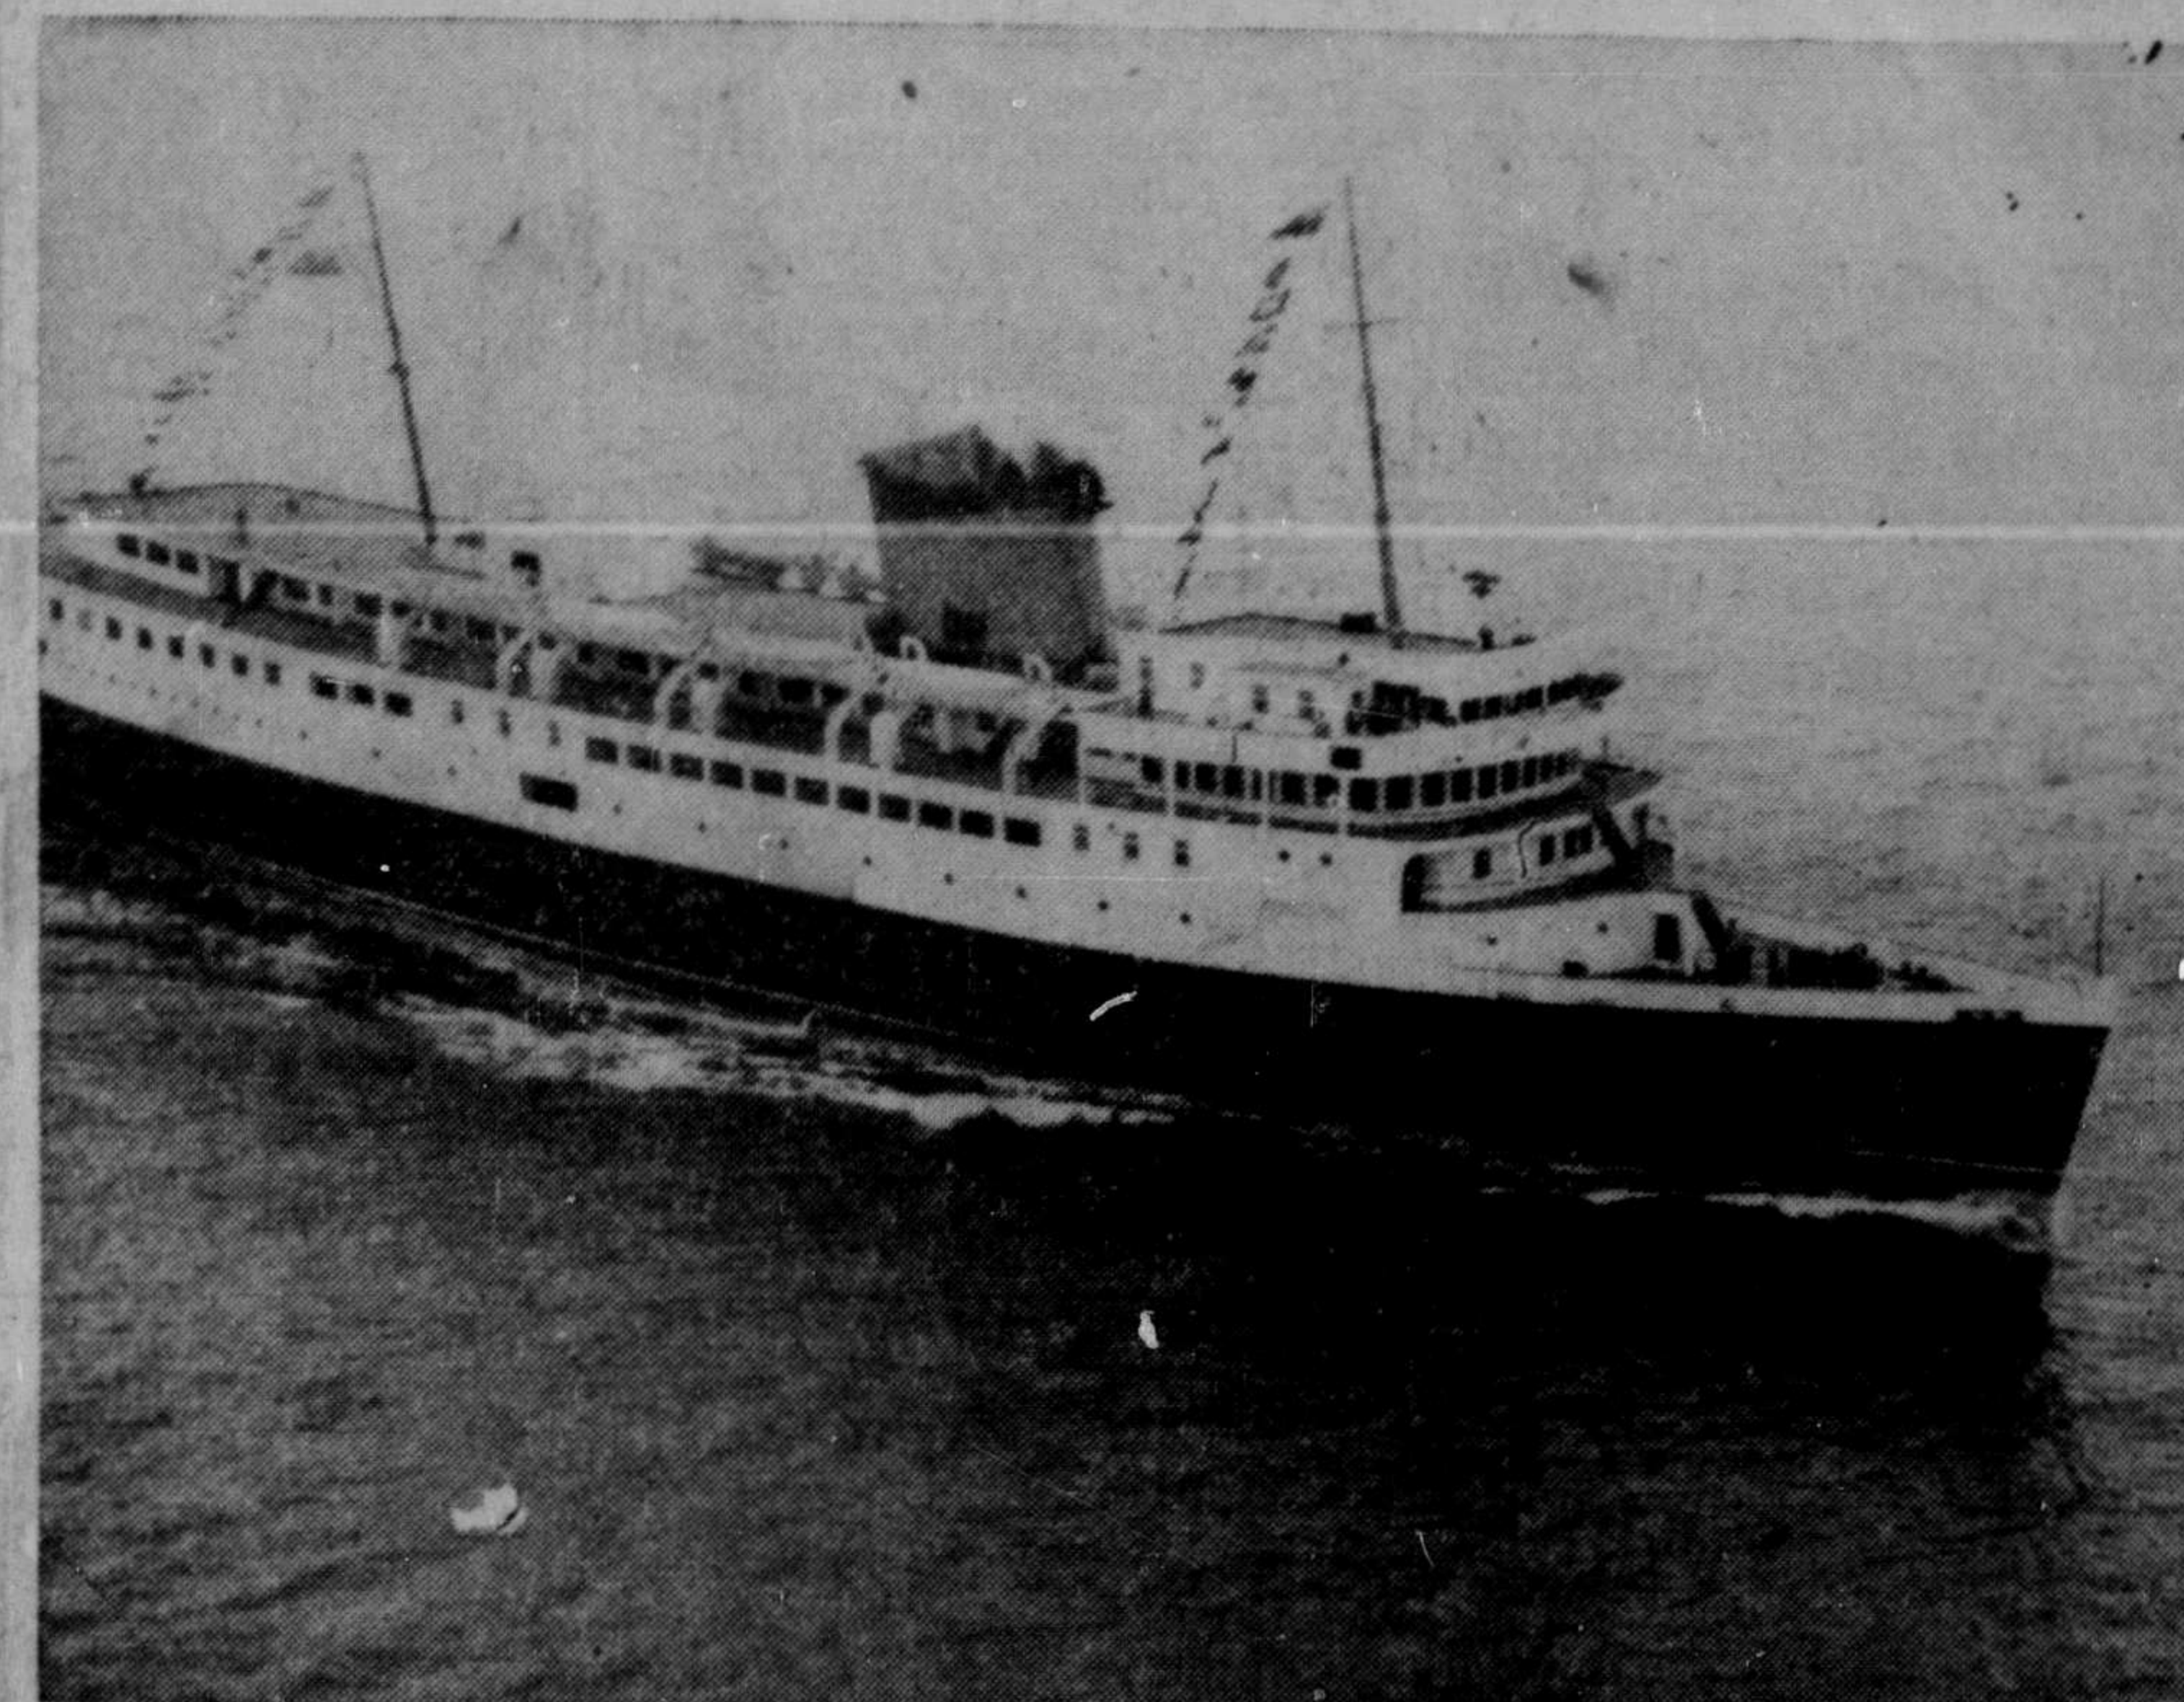

RED STATEMENT
As the briefing officer was making his report, the North Korean Communist radio at Pyongyang said withdrawal of all foreign troops was one of the conditions of a peaceful settlement of the Korean war.

The Red radio said that eventual settlement of the Korean problem should be left to the Korean people themselves. However, the Kaesong talks, as outlined by Admiral Joy for the United Nations viewpoint, will be restricted entirely to military matters.

In his opening statement, Admiral Joy called on the five Red generals to show good faith in the negotiations and pledged United Nations delegation would do the same. This, the Admiral said, would generate an atmosphere of confidence.

Exhibition Gross Take \$14,000

Executive of the Prince Rupert Civic Centre, at a meeting last night, heard that the gross take from the Exhibition (carnival) last week had been some \$14,000. Last year with a gross of \$13,000, the carnival cleared about \$2800 so it is felt that the net return this year will be at least that good.

NEW LUXURY SHIP on the B.C. coast is the Canadian Pacific's "Princess of Nanaimo," now in regular service between Vancouver and Nanaimo. Built in Scotland, the 7000-ton vessel has space for 1,500 day passengers and 130 automobiles. A busy summer is seen for her in view of the growing traffic between the mainland and Vancouver Island.

Alcan Heads Coming Here—To Visit Terrace, Kitimat

Top officials of the Aluminum Co. of Canada will be here at the end of the month and Minister of Lands and Forests E. T. Kenney is coming north from Victoria to meet them. R. E. Powell, president of Alcan, and McNeely Dubose, vice-president, will be in the party.

Terrace will be the rendezvous point for the executives with Mr. Kenney who has advised J. D. McRae, MLA for Prince Rupert, with the suggestion that he also be there to meet them.

The special visit to Terrace lends support to the generally accepted belief that there will be early developments in connection with the building of a highway or railway or both from Terrace to Kitimat, the site of the great aluminum plant.

From Terrace, the party will come on to Prince Rupert to embark here by private yacht for Kitimat.

West Berlin Is Grateful

BERLIN (CP)—A grateful West Berlin today immortalized 51 American and British fliers who gave their lives to the mighty air lift that broke the back of the Soviet blockade two years ago.

West German and Allied officials joined in dedication of a memorial to the men who died in crashes during the 11-month siege in which West Berlin was fed by air transport alone.

US Production Chief Fears Red Manoeuvre

WASHINGTON, D.C.—Charles E. Wilson suggested last night that the Communist truce bid was a "manoeuvre" to induce the United States to drop its guard.

"Why did the Russian representative to the United Nations—Jakob Malik—make his cease-fire proposal just one week before the Defence Production Act was due to expire?" the mobilization director asked in a country-wide radio and television broadcast.

Wilson said he was "shocked to learn" there was a movement to "wreck, even before true arrangements, the country's defence program."

"I can't believe that Soviet Russia, in coming out for a truce in Korea, has altered its long-term plans. I can only believe that it is but the latest manoeuvre in a series of actions designed to weaken the free world."

City Gets Cut of Tax Meion

First half of this year's three per cent sales tax returns, totalling \$55,595.96 has been received by the city, Mayor G. W. Rudderham announced at council meeting last night.

"This is well above our estimate," said the mayor. "A similar amount is expected in December."

"I move we receive the check with thanks," proposed Ald. T. B. Black.

Nationals Winners of Star Game

DETROIT (CP)—The National League cannonaded its way to victory in the eighteenth annual all-star game today, defeating the American Leaguers 8 to 3 on mighty home runs by Stan Musial, Bob Elliott, Gil Hodges and Ralph Kiner.

Vic Wertz and George Kell responded with base-empty homers for the American League and set six big blows for a new all-star mark.

Losing pitcher was Ed Lopat of the Yankees, off whom Musial, Cardinal slugger, belted one into the second deck of right field stands in the fourth.

Elliott, pride of the Braves, followed up with a blast over the left field screen with Hodges on base in the same inning.

Batteries:
National—Roberts, Maglie (3), Newcombe (6), Blackwell (9) and Campvannella.
American—Garver, Lopat (4), Hutchinson (5), Parnell (8), Lemon (9), and Berra.

Leonard Favored

HAMILTON (CP)—The Canadian Professional Golfers' Association championship tournament winds up today with Stan Leonard still favored to retain his title.

The draw was called for Leonard to make a late start on the final 36 holes of the 54-hole event.

Leonard was matched in a threesome with Arnold McLean of Montreal who shot 71 in yesterday's opening round and Fred Wood of Vancouver whose initial card was also 71. Leonard himself posted a 71 yesterday, playing under overcast skies and hampered by stiff southwest wind. That was a stroke behind the leader, Stan Horne of Montreal, who made only a par score in the first eighteen holes.

2 Killed in Jasper Bus

JASPER, Alberta (CP)—Two American women died and five persons were seriously injured while 21 others required hospital treatment after a sight-seeing bus tumbled off a road yesterday near this Rocky Mountain resort town.

An embankment gave way while the bus was passing another car.

Former Officer at Smithers Moves Up

Sub-Inspector J. Henry, at one time sergeant in charge of the British Columbia Police at Smithers, has gained promotion with the federal force. He is now stationed at Fredericton, the capital of New Brunswick, in charge of the RCMP in that part of the Maritimes.

Don Forward Resigns as Manager of Civic Centre

E. D. (Don) Forward, who has been general secretary and manager of Prince Rupert's Civic Centre since its inception in 1946, resigned last night.

Around of general regret and personal tribute and appreciation was expressed by Dr. R. G. Large, chairman, and other executive members as the resignation was accepted.

The resignation is effective at the end of September but Mr. Forward promised that he would continue to take an active interest in the carrying on of Civic Centre affairs. Applications for his successor are being called.

Mr. Forward, who has been engaged in this type of work for twenty years, first came to Prince Rupert in 1944 as senior secretary of the Young Men's Christian Association War Services, which originally erected the present Civic Centre building here. Following the war he left for a short time, returning to the city after accepting an invitation to become general secretary of the Civic Centre. The duties of that post he has since carried on with exceptional success.

RESIGNS—Don Forward, general secretary Civic Centre.

City Paving is Shelved

No Gravel so Work Cannot Proceed—Heated City Council Meeting Here

A \$15,000 paving program of city streets is on the shelf. Reason that no paving will be done this year is lack of gravel.

In a heated debate at city council meeting last night, aldermen aired the subject and decided also that council might force the issue of obtaining gravel under a contract with Wood & McCloy but that would mean "no Port Edward highway this year."

Only suppliers of gravel in the district are Wood & McCloy Ltd., the board of works said, and the company is under full contract by the Provincial government to supply it with 30,000 tons of gravel for paving the highway.

Ald. Don Fitch, works chairman, said in October the company had been asked to supply gravel to the city in exchange for rental on city equipment. It had been a "verbal contract," he said.

Mayor G. W. Rudderham said that week and had been told the company could not release gravel to anyone else before their contract with the government was filled. And the suppliers had had considerable trouble with equipment and machinery, causing unexpected delays.

"We wouldn't be able to get any gravel from them until September," said the mayor.

Naas Seining Opening Soon

Salmon purse seine Area 3 (Naas seine area) opens midnight, July 15, department of fisheries announced today. Since the seiner tie-up was called off last Saturday, vessels already have proceeded to the fishing grounds which opened July 1.

Meanwhile, some 100 gillnetters have left the Prince Rupert vicinity to fish in the Rivers Inlet area due to reports that the sockeye run there was twice as heavy as it has been here.

Gillnetters in the Naas and Skeena river areas are averaging about 35 fish daily in good weather, while reports indicate Rivers Inlet fisherman are averaging as high as 75.

Canada Ends German War

OTTAWA (CP)—Canada today ended her formal state of war with Germany—a state of war which began in September 1939 and ended with the publication of a royal proclamation in the official Canada Gazette.

Great Britain, Australia and New Zealand formally ended the war yesterday.

President Truman has asked Congress formally to end the war with the United States.

An independent daily newspaper devoted to the upbuilding of Prince Rupert and Northern and Central British Columbia.

Peace in Korea

THE cease-fire talks in Korea may be inconclusive. There is a feeling that the Communists are not sincere and that the whole thing is but a Soviet propaganda move.

Be that as it may, there is a definite diminution of the enthusiasm for the war in Korea. But it is to be hoped that the apathy towards the continuation of the war there is not merely on our side.

There is need to guard against smart strategy on the other side at this time. Maybe it would be clever and profitable tactics in the insidious Communist game to change the war in Korea from a hot to cold one—particularly since the Communists have not been doing so well in the fighting to date.

Everyone hopes for a cessation of the conflict and putting an end to the fighting with as little delay as possible so that not one more life than necessary be lost.

But still, it is no time to let down our guard. There is such a thing as slackening off now, only to suffer much heavier losses a little later.

Don Forward

IT WILL be difficult to replace Don Forward, who resigned last night, as general secretary (which amounts to the general managership) of the Civic Centre. To say that is one way of acknowledging the outstanding service he has rendered in that capacity since the Civic Centre here came into being in 1946.

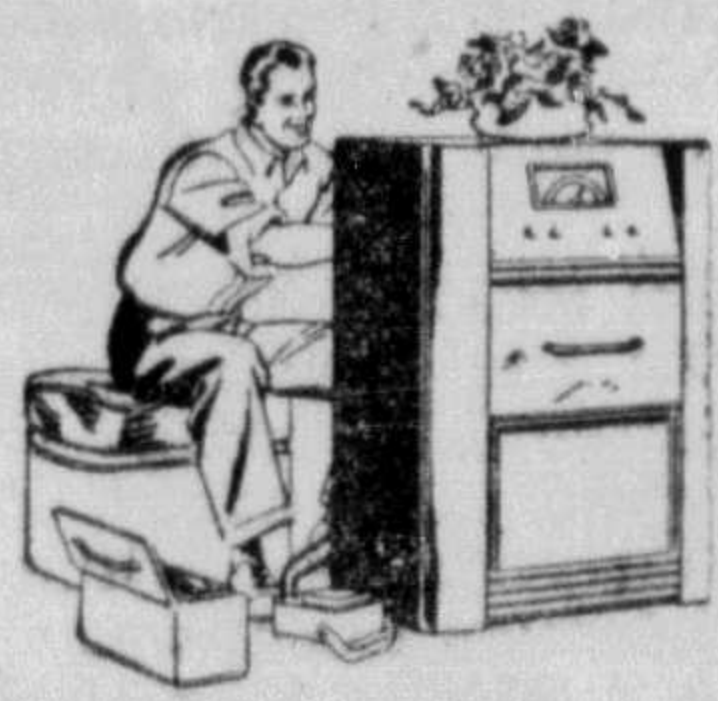

Possibly no other citizen in those five years has given Prince Rupert a greater and more consistent modicum of public service than he. He has combined unique qualifications to meet the many duties and problems entailed in an exacting and demanding position. He has been exposed to the public in a way that is required of few people but, through it all, he has maintained the admiration, respect and friendship of all. And we would say that that, in itself, is a real accomplishment.

It is satisfactory to know that Mr. Forward is remaining in Prince Rupert. He does not need to tell us that he will continue to take an active part and interest in Civic Centre affairs. That could be taken for granted. After so many years identified with that kind of work, he just could not drop out. And, continuing, he will be a tower of strength.

Expressions of appreciation to Mr. Forward for the fine job he has done at the Civic Centre will be combined with confident best wishes that, in the career as a private business man in which he is to essay, he will meet with complete success. If good friendships are any harbinger, he should get along very well indeed.

Reflects and Reminiscences

ONLY WITH YOU

Did you ever stop to think that in all the world there is only one newspaper that is really concerned with YOU? And it's your home town paper.

It has been suggested that, under Canada's amended plan, future pensions should be described as "national dividends."

ON HIS WAY

He was speaking in a low tone about something or other as we turned from the breakfast plate on the counter to look and listen.

"What was it you were saying?" "I want to go to Port Clements."

"But where is it? How do you get there?" "It all had to be explained. One felt glad to do a little job like that. It was so unusual. And one never knows."

OLD TIMER NO MORE

Meanskinisht has lost its church and the Skeena River region a landmark that cannot be restored. It had the spell of age and a touch of glamor. But first of all, there is Meanskinisht? Sounds Indian and, doubtless, has its full meaning. The location is between Terrace and Hazelton.

LITTLE MILL

Dr. Tomlinson labored in the mission field long before the coming of the railway. He must have been a man of great zeal and sincerity. To build a church on the shore of a remote mountain stream more than half a century ago meant careful planning and determination.

MEAN NAGS ARE OF SOME USE

EDMONTON — There's one thing about horses that can't be said for humans, says Herman Linder. The really bad ones have a use. They end up with careers as bucking stock in rodeos.

Summer Bible Classes Start

Two summer vacation Bible classes got under way Monday morning. The First United Church and the St. Paul's Lutheran Church both are sponsoring courses in Bible instruction for children aged 4 to 14.

How long Meanskinisht was known as the "Holy City" does not appear to be common knowledge, but it can't be denied the appellation described the hamlet with considerable truth. The site is opposite the CNR station of Cedarvale or roughly 40 miles from Hazelton.

Driver Kills Two Bandits

CHICAGO (CP)—A Brinks Express driver, slugged over the head by robbers with a jammed shotgun, yesterday shot to death two well-known Chicago hoodlums in an attempted hold-up of his truck.

Grand Guardian Visits Bethel

A special visit by grand guardian of British Columbia, Mrs. Beesie Anderson, featured a meeting last night of local Job's Daughters.

Members of Prince Rupert Film Council felt so too, especially when "so many people" asked to see the Nechako (Alcan) Survey picture time and again.

Other members of the executive, Sgt. L. A. N. Potterton, president, and Mrs. Greissel, secretary, arranged and organized the show.

"We think it gave the people something for their money. They are some of the best pictures we have ever had here," said Council members.

Thousands See Fair Pictures

More than 2000 people attended showings of natural resources films at the seven-day Prince Rupert Exhibition and thought the films were a major part of the show.

Members who took turns voluntarily projecting the films were David Fyfe, E. A. Evans, Mrs. Evans, Charles Young and Rupert Greissel.

Governor's Reception

City To Put On Complimentary Dinner

A dinner will be held for Lt. Governor Clarence Wallace and his official party when he arrives in Prince Rupert July 21 on a coast tour aboard HMCS Ontario.

Ald. T. B. Black, reporting for the entertainment committee at city council meeting last night, said dinner would be at the Canadian Legion auditorium, preceded by a reception.

Attendance at the civic affair would be by invitation only, he said.

"As this is a rare occasion, I think we should be able to foot the bill," Mr. Black said, but total expenses of the entertainment had not yet been estimated.

Ald. Darrow Gomez is in charge of sports for the visiting crew of the training cruiser which brought Rear Admiral W. B. Creery on an inspection tour here last month.

MADE IN CANADA—Canadian fashions on sale this Fall will include the frontiersman jacket at left. For sports and outdoor wear, it will appear in red, cinnamon, green or beige fringed English suede. For wet-weather wear is the raincoat at right, either full-backed or belted, with matching rain hat with soft-tailored crown. A wide range of colors will be available, from bright green to different shades of brown. (CP PHOTO)

Former Relief Share Asked

Prince Rupert city council will endorse a resolution of the Union of B.C. Municipalities to demand the Provincial government return to the "80-20 per cent basis" regarding payment of social assistance.

In a letter read to city council at the meeting last night, UBCM stated that several attempts had been made to approach the government directly with a delegation.

But since the annual conference was near at hand now, it would be taken up at that time and asked Prince Rupert council to support it.

No "Strings" On Contract

Mayor Outspoken in Deal on Rushbrooks Heights Work

No contract "with any strings attached" will be signed by the city—"not as far as I'm concerned," Mayor G. W. Rudderham declared last night at city council meeting.

Wood & McClay Ltd. will be given "ten clear days" in which to sign a "slightly amended" contract for construction of streets on Rushbrooks Heights. (Their tender of \$43,000 was accepted two weeks ago.)

Under fire was proposal of the company that several changes be made in the contract.

"We have given them two concessions already," Ald. Don Fitch, works chairman, said. The contract calling for delivery of all material even in excess of the company's original estimate would remain, as well as the penalty clause.

Wood & McClay suggested that, if the supply of gravel exceeded an estimate of 3000 tons, extra payment should be made.

"We are through with paying extras," said Mayor Rudderham. "Either they sign the contract the way it is or they can go to heck."

Funds to Reopen Seal Cove School

School Board was granted permission by city council last night to use unexpended bylaw funds for restoration of the Seal Cove school for use next term.

Total cost of repairs would be \$9,000, 50 per cent of which would have to be carried by the school board, council was advised by letter.

Furthermore, the school building, which had been returned to the city when the school was closed down, was given back to the school board last night.

"It is only a matter of releasing funds; the school board has which had not been spent last year," said Ald. T. B. Black, finance chairman. "There is no obligation to the city."

Reason the old school is being reopened is the large increase in new enrolments expected next term, the School Board's letter said.

Illegitimate Child Rights

NEW WESTMINSTER — Legal history was made here when Mr. Justice A. M. Manson ruled that an illegitimate child has equal rights under the Family Compensation Act with a child born in wedlock.

Bill Norrie is Dead in South

William G. Norrie-Lawenthal, who for many years acted as a consulting mining engineer at Hazelton and elsewhere in the interior, is dead in Vancouver and his funeral took place there today. He was 68 years of age.

Lodges to Join In Terrace Meet

Two lodges of the Oddfellows, Terrace and Prince Rupert, will get together next Saturday at the interior town for a joint installation of officers.

District Grand Deputy A. E. Woods expects about 16 lodge members from Prince Rupert will attend, but not all the newly elected officers will be able to get away.

A further installation will be held here for local officers.

Dream Scheme

This is the sort of bedroom where you'll "wake up and sing". It's so "chintzy" and cheerful. And the floor covering, too, will win admiration, for a Gold Seal Congoleum rug stays so new-looking so long! The reason for that is Congoleum's wear layer of heat-toughened paint and baked enamel... equal in thickness to 8 coats of the best floor paint applied by hand! Gold Seal Congoleum freshens up prettily with just the swish of a damp cloth. Be sure to look for the seal when you buy. It carries the famous money-back guarantee of satisfaction! See your house furnishing dealer soon. You'll be delighted with how much long-lasting beauty you can get for so little.

IMPORTED LARK—Husky quarterback George Ratterman, formerly with New York Yankees of the National Football League, raised an international furore when he signed with Montreal Alouettes of the Big Four. Yankees claim Ratterman is bound by a three-year contract which still has a year to go; Ratterman and his lawyer say he's a free agent. Ratterman, left, is shown with Montreal coach Lew Hayman, and his new contract. (CP PHOTO)

Fall Designers Favor Tartans

TORONTO—A suit of corduroy velvet with separate "party" skirt for special occasions will be found in milady's wardrobe if she trends the Canadian fashion trend this fall. The suit, plus coat styled for "double duty" were among the models displayed at advance showings of fall styles by Toronto designers. They were two of the highlights the experts have planned in their effort to provide clothes within reach of the average office-girl's budget.

The coat is complete with fur collar and chamois lining. Both can be removed, leaving a gently tailored number ideal for wearing either to the office or late-season football games. It also comes in a variety of shades although manufacturers claim Canadian girls are conservative in their color choice, clinging chiefly to greys and blacks. The suit comes only in black, embroidered with red and white squares, Swiss style. The separate "party" skirt makes this practically an all-occasion outfit.

Tartans promise to highlight next season's sportswear. Several tartan skirt and vestee combinations will be seen on this fall's market.

Bright spot for a rainy day will be the full-backed (or belted) raincoat complete with rain hat with softly tailored crown. This comes in a wide range of colors, varying from bright green to different shades of brown.

There's also a frontiersman jacket in red, cinnamon, green, beige and of fringed English suede. This is ideal for the outdoor type of girl.

DECEASED.
TAKE NOTICE that as Administrator, duly appointed by the court of the estate of Marie Cedar, who died at Stewart, British Columbia on the 17th day of February, 1951, I require all creditors and others having claims against the said estate to send the same to me, properly verified, at the address mentioned below, on or before the 15th day of August, 1951, after which date I shall proceed to distribute the estate to those entitled by law, having regard only to such claims of which I shall then have been notified.
AND FURTHER take notice that all persons indebted to said estate are required to pay their indebtedness to me forthwith.
DATED at Prince Rupert, B.C., this 30th day of June, 1951.
Gordon Fraser Forbes,
Official Administrator,
Prince Rupert, B.C.
(J.S. 4, 10, 11)

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
IN THE MATTER OF THE ESTATE OF NARCIA NELLIE HARLAN (otherwise known as NELLIE KILBY) — and —
IN THE MATTER OF THE "ADMINISTRATION ACT"
TAKE NOTICE that by Order of the Honourable JUDGE W. G. FELTON, made the 27th day of June, A.D. 1951, I was appointed Administrator of the Estate of NARCIA NELLIE HARLAN (otherwise known as Nellie Kilby), deceased, late of Prince Rupert, in the Province of British Columbia.
All parties having claims against the said estate are hereby required to furnish same properly verified to me on or before the 15th day of August, A.D. 1951, after which date claims filed may be paid without reference to any claims of which I then had no knowledge.
All parties indebted to the said estate are hereby required to pay the amount of their indebtedness to me forthwith.
DATED at the City of Prince Rupert, in the Province of British Columbia, this 28th day of June, A.D. 1951.

Strike-Out Total High

In a league softball game featured by a new high strike-out total and a long home run, the Firemen defeated the Hawks 5 to 3 last night at Gyro Park. Art Olsen of the Firemen struck out sixteen Hawks in seven innings while yielding only one walk and 3 hits. One of the hits was a long drive into deep centre field by Martin which was good for four bases for the Hawks.

The Hawks drew first blood when, with two out in the first inning, Larry Matthews singled over third. Then Frency Vigar and Smith got in via errors to score Matthews.

Firemen came back in their half of the first inning to notch three runs when Buddy Ratchford walked, Holmes was on by an error, Schwab doubled to score two and Art Olsen lined out a single to score Schwab.

Firemen scored again in the second when, with two out, Ratchford singled, stole second and scored on a single by Holmes.

The Hawks got one back in the fourth when Smith struck out but got aboard on a missed third strike and scored when Tommy Sedgwick's grounder was kicked around.

Firemen also scored one in the fourth on Tschahold's grounder which was kicked and a drive by Holmes. In the sixth inning

Martin drove out his home run for the last score of the game.

One of the feature games of the season will be held on Wednesday night when the Columbia Cellulose and Rupert Radio meet. On two previous encounters this year these teams are even, each winning one game so this is the rubber.

Olsen struck out 16, walked one and gave up three hits. Tyseland struck out 3, walked 1 and gave up 5 hits. Lhati struck out 4, walked 1 and gave up no hits.

Two-base hits: Schwab.

Home runs: Martin.

Umpire: Reg. Wilson. Time of game, 1 hour, 5 minutes.

BATTER UP

(By LARRY STANWOOD)

The good crowds that attended the international baseball series here over the Dominion Day holiday week indicate that Prince Rupert people are little different than most Canadians and Americans. They like a good ball game.

But how was that series made possible? Only by the support that baseball fans have given the Prince Rupert Baseball Association. Playing baseball costs money. Equipment today is priced at an all time high. Balls cost \$30 a dozen and at least four are used at every league game.

Ten balls were used in the two-day international series.

It cost the Association some \$500 to get Ketchikan to come down and play ball here—and they had the money, too, because of the good attendance at the games. The Association netted something like \$540, but baseball isn't over in Prince Rupert. It has just begun.

Yet last Sunday it looked as though fans had enough of ball-playing. By the collection, which netted less than \$15 from 150 adults in the bleachers, it looks like it's awfully hard for people to part with much more than a dime if they're not asked outright for it.

Well, a baseball league cannot be run that way. Players in all three teams in

CHAMPIONSHIP FORM—Jack Burke Jr. of Houston, Texas, lays into a drive on the final round of the Canadian Open Golf Championship at Toronto Mississauga. Burke started the day with a 64-hole total of 204—two less than defending champion Jim Ferrier of San Francisco who retained the title. (CP PHOTO)

the league don't get anything but the exercise and fun of playing ball when they're giving Prince Rupert a high class show as is found anywhere in amateur sport. If people want to see a ball game on Sunday, why not support it? It can't be otherwise.

Certain softball enthusiasts have drawn it to our attention that they thought we were unfair to softball.

We had no intention of playing anything but fair in our column. It is, of course, devoted more to upbuilding baseball but we support all sports.

In its own element, softball is a vigorous sport and has reached an overwhelming popularity in many centres the last few years.

It is a game of keen competition and its players find a prominent listing in the world of amateur sport. But we maintain, however, that playing softball won't make a better baseball player—no more so than will a bronco-buster make a better jockey, even though they both deal with horses.

Each game has a technique of its own—and, in order to become proficient, concentration must be centred on one technique at a time.

If you want to sell it, advertise

New Grains Weatherproof

Millions of Dollars May Be Saved Farmers

SASKATOON—Farmers may be saved millions of dollars by the results of a University of Saskatchewan research project to "weatherproof" grains.

D. J. B. Harrington, head of the field husbandry department, says new varieties of grain developed after 15 years of laboratory and field research will prove invaluable in the fickle climate of the prairies.

Grains have been developed which yield well and are still highly resistant to spring frost, sprouting, shattering, bleaching and drought.

He referred to the development as "weatherproofing" and said this was the first time plant breeders had worked toward improving grain development in the spring rather than in the fall—the purpose of the early-maturing varieties.

The field husbandry department imitated various weather conditions by installing controlled freezing chambers and glass houses—a controlled climate system which greatly speeded up the experimental work.

Apex wheat and Fortune and Valor oats have resulted from the experiment.

Special grants from the National Research Council and the Saskatchewan Government financed the project.

Physical Ed Team Leaves

Following their highly impressive stand here during Exhibition Week, Keith Maltman and the Vancouver Pro-Rec team left by car yesterday for Terrace where they appeared last night. Now they will visit Hazelton, Smithers, Vancouver, Prince George and on into the Cariboo enroute home. Mr. Maltman, who has been appointed district director of physical education for the provincial government, is to make his headquarters at Prince George.

DISCUSS SCRIPT—Franchot Tone, Hollywood movie star and native of Niagara Falls, N.Y., is star of "The Second Man," first play of the season at the Niagara Falls, Ont., Summer Theatre. Shown with Tone discussing the script are: Barbara Payton, left, Hollywood actress, Tone's fiancée and leading lady in Second Man; and Anna Cameron of Toronto, a member of the cast. (CP PHOTO)

Gardening....

QUICK FREEZE MAY SPEED FLOWER SEED GERMINATION

To grow difficult flower seeds does not require any magic skill, but chiefly patience, plus the knowledge of what special environment these seeds require. Seeds want to grow, if you can provide a place where they can do so.

For example, trollius, hardy phlox, dictamnus, irises, peonies and some lilies prefer to be frozen before they start to grow, and may be sown in a flat, or flower pot, and left outdoors in a sheltered place over winter.

A substitute for this lengthy treatment can be used by any owner of an electric ice box. Take an ice tray from the refrigerator and fill it half full of water. Float a few seeds on the water in each compartment, and freeze it. Then fill the trays completely with water and freeze again. The seeds will then be encased in ice and may be left there several days, and planted when thawed out.

With other slow germinating subjects taking 30 days to a year to start, use the following method. Fill a flat or the shallow pot which florists call a pan, with potting soil, firm the soil and broadcast the seed, then covering lightly and firm again. Place the receptacle in a shaded location where there is free circulation of air. During spring, summer and fall, water often enough to prevent drying out. A mulch of peat moss will help retain moisture. In winter place in a protected place outdoors.

and cover with leaves. A place under the eaves of the house on the side away from the prevailing wind is good; or a cold frame may be used. Eventually the seeds will sprout and the seedlings will appear. They should be transplanted when they make true leaves to large flower pots, nursery rows or permanent location.

Experienced gardeners seldom discard a pan or flat in which slow germinating subjects have been sown until at least a year has been given for the seedlings to appear.

When moss appears on the surface of the soil in pots and pans, sprinkle fresh earth over it.

Some varieties of perennial flowers grow better after they are frozen.

Blackwood on Bridge

By Easley Blackwood

Mr. Champion was in an extremely jovial mood when this hand was played. It was the seventh deal of the rubber and he and Mr. Abel had already picked up three nice penalties—one of 500 points, one of 1100 points and one of 1000 points.

These juicy sets resulted from a combination of Miss Brash's overbidding and some pretty bad luck for the Meek-Brash team.

As Mr. Champion picked up his cards he gave out with the sarcasm, "Well, what shall we get them for on this hand, Abel?" he jeered. "Let's make it an 800-point set. We haven't had one of those yet."

"And the rubber isn't over yet," added Miss Brash. Mr. Champion roared with laughter. "If I had my way," he said, "this rubber would go on forever."

"Laugh while you may, my fine feathered friend," Miss Brash retorted. "You may be as jolly as a radio Santa Claus now, but it's just barely possible that we'll shove a couple thousand of those points down your throat."

With all this brave talk by his partner, Mr. Meek looked as despondent as ever. He opened the queen of hearts against Mr. Abel's four spade contract. Miss Brash unblocked by playing the queen, and the trick was won by the ace in the closed hand.

Mr. Abel wanted to take the spade finesse and the only suit by which he could gain entry to the board was clubs. He didn't want to give up a possibly winning club finesse by going up with dummy's ace, so he led a small club and put in the 10 from the board.

Miss Brash won with the king and returned the four of hearts. Mr. Meek cashed two heart tricks and then led his fourth heart. Dummy ruffed but Miss Brash over-ruffed for the setting trick.

Having discarded a club on the third round of hearts, Miss Brash now led her last club which was won by dummy's jack.

North dealer
Both sides vulnerable

North (Mr. Meek)	South (Mr. Champion)
S-K 7	8-6 5 2
H-Q J 10 9	H-8 5 3
D-7 5 3 2	D-K Q 9
C-8 5 3	C-A Q J 10

West (Mr. Abel)	East (Miss Brash)
S-A Q J 9 4	S-10 8 3
H-A 7 6 2	H-K 4
D-A	D-J 10 8 6 4
C-7 4 2	C-K 9 6

The bidding:

North	East	South	West
PASS	PASS	PASS	1 S
PASS	2 NT	PASS	3 H
PASS	3 S	PASS	4 S
All pass			

At this point Mr. Abel pulled a trump from the board, finessed the queen in his hand and Mr. Meek won with the king. When Mr. Meek shot back a club Miss Brash ruffed again for the third undertrick.

As you have undoubtedly noticed, the hand is easily makeable. At trick two Mr. Abel should have cashed his ace of diamonds, crossed to dummy's ace of clubs, led the two high diamonds and discarded two hearts from the closed hand.

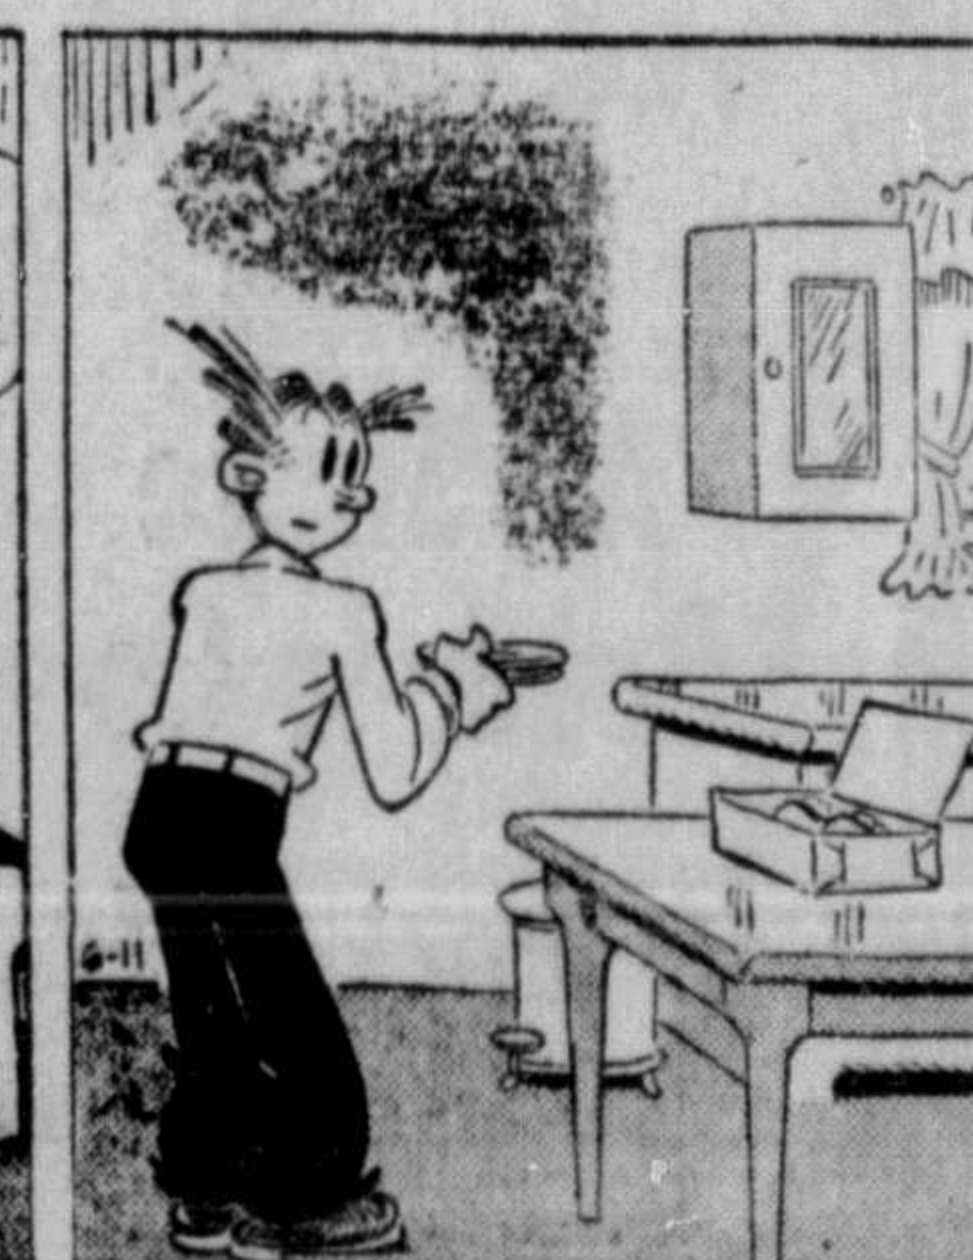

Thus he would have held his losers to one trick each in hearts, spades and clubs. He shouldn't have tried for the maximum on the hand. He should have made certain of the game.

As the score was entered, Miss Brash turned to Mr. Champion and said sweetly: "How do you like it now, Santa Claus?"

Condemned Sewer Being Replaced
Construction bylaw for a new sewer on Fifth Avenue West from McBride street was introduced and passed at city council meeting last night.

Sewer of that area recently was condemned by a sitting of the Board of Health.

Garden Hints

Tobacco users should not handle tomato plants with unwashed hands. Tobacco mosaic virus persists in the cured leaf and can be carried to a tomato plant on the hands of a smoker. This also applies to eggplant and peppers.

Do not save the seed of hybrid vegetables, as the second generation seed will not reproduce the variety uniformly. Hybrids are bred from two parent strains and only the first generation has hybrid vigor.

Like modern architecture, the newer ideas in garden design are functional. First consider the use you will make of a garden, then plan it in the way that will best further this use. Naturalistic design, which seeks to produce an effect as nearly like nature as possible, does not often serve a functional purpose.

Discoveries made by research workers have taken much of the hard labor out of home gardening. Many traditional practices have been outmoded.

Sunshine in homes and gardens is as valuable as on the beach; and a surprising amount of it is available to those who seek it. Avoid overplanting with tall plants that shade the home grounds unduly, especially in planting near the house.

Annual flowers have been improved by plant breeders more than any other group of plants. The fact that a new generation grows each year is responsible for quicker improvement than is possible with slower growing perennials.

You will enjoy the beauty of flowers this summer all the more if you grew the plants from seed. There is deep satisfaction in thus helping to create beauty.

Sergeant Piper At Abbotsford

John Piper, formerly stationed here as corpora with the Royal Canadian Mounted Police, is now located at Abbotsford in the Fraser Valley. Now promoted to the rank of sergeant, he is in charge of a district there.

It is estimated that more than 1500 separate trades are carried on in Birmingham, second largest city in England.
