All Night Debate on Treaty of Peace in the Commons; the Amendment Defeated

W.S. Fielding wishes to add to Resolution that Autonomous Authority of Dominion Should not be Affected; Was Voted down on Straight Party Lines.

(Special to The News via G. T. P. Telegraphs.)

Ottawa, Sept. 12.—Throughout the night and until early morning the debate on the Peace Treaty continued in the House of Commons.

In the afternoon the first amendment to the motion of Sir Robert Borden "that Parliament do approve of the Treaty of Peace between the allied and the associated powers and Germany."

An amendment was introduced by W. S. Fielding that this clause be added to the resolution: "That in giving such approval the House in no way assents to any impairment of existing autonomous authority of the Dominion but declares that what part, if any, the forces of Canada shall take in any war, actual or threatened, is one to be determined at all times by the people of Canada through representatives in Parliament."

Colonel C. W. Peck, V. C., asked if Canada's sacrifices in the field had not given her rights at the Peace Conference and if Canada had no concern in the settlement.

Mr. Fielding replied that "our sacrifices had not given us any claim to make ourselves ridiculous by pretending to deal with affairs of which we knew nothing."

"The bonds of Empire," said Col. Peck, "are not created by laws or statutes. They exist in the hearts of freedom." He regarded the League of Nations as a great step towards perfect Christianity.

The House divided at 1:15 a. m. on the Fielding amendment with the result, against 102, for 70, majority against the amendment, 32. It was a straight party vote with no switches.

Sir Robert Borden's motion was then declared carried.

LARGE CROWD AT THE RINK LAST NIGHT

Expected that Record Attendance For Crowning Piece of the Chautauqua Festival Will be Tonight.

The second day of the Chautauqua, like the first, was an unqualified success. There was a large crowd at the Skating Rink last night to hear the remarkable lecture of Captain Wood Briggs and the music of the Chautauqua Artists' Trio, both of which captivated the audience and were given fine receptions.

Captain Briggs is a born story teller, and while his lecture last night was of a somewhat serious nature, yet it was interspersed and enlivened here and there with anecdotes and brightened with original turns that kept the audience on tiptoe. The whole tone of the entertainment was high-class.

The musical numbers were excellent and especially the young lady who played the xylophone. She is but sixteen years of age, yet she has been playing the instrument for the last ten years and is now a master of the art.

Tonight is to be the crowning piece of the festival. The Serbian Tamburica Orchestra has not yet been heard here. It is reputed to be a fine musical organization and gives a concert that everyone will enjoy. Those who have not yet attended any of the entertainments of the Chautauqua should certainly go tonight. It will be the last opportunity to enjoy one of the high-class entertainments of the festival.

This afternoon Miss Attiyeh is lecturing on Turkish Customs and the Craven Company is giving one of its inimitable concerts.

PRETTY DANCE IN HONOR OF VISITORS

Chautauqua Performers Entertained at St. Andrew's Hall Last Evening.

There was a very pretty dance last night at the St. Andrew's hall given in honor of the visiting Chautauquans and a very enjoyable time was spent. A commencement was made immediately after the closing of the Chautauqua entertainment at the rink, Harvey's orchestra providing the music.

Prominent among the dancers were Miss Mason, advance agent of the Chautauquans, and Capt. Wood Briggs.

Supper was served shortly after midnight and dancing was kept up until well on into the morning.

The members of the Chautauqua executive who were responsible for the happy idea are to be congratulated on the success of the event.

IMPEACHMENT OF WILSON CALLED FOR

(Special by G. T. P. Telegraphs.)

Washington, Sept. 11.—An excited crowd called for the impeachment of President Wilson in the auditorium during the time that Senators Borah, Johnson and McCormick discussed the ratification of the peace treaty.

LOST LEG AS THE RESULT OF AN ACCIDENT

Ernest Vaughan, Engineer on the G. T. P., had Close Call Last Night.

As a result of an accident late last night Ernest Vaughan, an engineer on the G. T. P., lost a leg and came near losing his life. He was walking in front of his engine when his foot caught in a frog. With great presence of mind he realized his position and threw himself clear of the rails, the engine passing over his ankle.

After the accident Mr. Vaughan still kept his head and directed the men who came to his aid where and how to apply a tourniquet in order to stop the bleeding. A taxi was called and he was rushed to the hospital where shortly after midnight the leg was amputated.

Mr. Vaughan is well known all up the line between here and Prince George. Besides being an engineer he is an expert piano tuner and acts as tuner for the Prince Rupert Music Store. His wife who is now in Seattle taught dancing here during last winter under her maiden name of Miss Mona Bushnell.

OFFICIAL IS VISITING CITY

H. Hulatt, Manager of G. T. P. Telegraphs, Sees Road to Real Prosperity.

H. Hulatt, manager of telegraphs for the Grand Trunk Pacific Railways, with headquarters in Montreal, Que., accompanied by W. J. Rooney, division superintendent of telegraphs in charge of lines in Alberta and British Columbia, arrived in the city yesterday and registered at the Hotel Prince Rupert.

Mr. Hulatt is on a trip of inspection and has visited all the important prairie cities. He states that he is much pleased with business conditions and is returning east much more optimistic regarding general prospects. While undoubtedly the most urgent matter in order to restore normal conditions, is for the government to take drastic action to reduce the cost of living, yet there is an undoubted obligation on the part of all citizens to do their utmost to increase production, and this can only be brought about by the co-operation of sane labor and sane capitalists. Extremists, either on the side of labor or capital, should be told plainly that if they want to enjoy real prosperity and freedom they must mend their ways and "get on the rope."

Mr. Hulatt, prior to being transferred in 1915 to Montreal to assume his present position, was commercial and traffic superintendent of the G. T. P. Telegraph Co. located at Winnipeg, and is widely known throughout western Canada.

WAR VETERANS FORCE DEMAND

While They Fail to Secure Royal Commission From Government They Get Substitute.

(Special via G. T. P. Telegraphs.)

Ottawa, Sept. 12.—The Borden Government has given way and something in the form of a compromise has been reached in connection with the demands of the Great War Veterans for a royal commission. Instead of a royal commission, the Government has decided to appoint a Parliamentary Commission before which the evidence will be heard.

SUGAR STEAMER DOWN TUESDAY

Foundered off Coast of Florida in Hurricane Which Was Reported Yesterday.

(Special via G. T. P. Telegraphs.)

Miami, Sept. 12.—Twenty-seven members of the crew were drowned when the Ward Line steamer Corydon, carrying 23,850 bags of sugar, foundered in Sahania channel on Tuesday. Nine survivors drifted ashore at Cape Florida. They had been without food or water since the vessel went down.

The lifeboats of the vessel were pulled down by the suction of the sinking ship as they were being launched.

The vessel was caught by the hurricane which did so much damage and which was reported yesterday.

LABOR UNION STOPS STRIKE

Danger Deferred in Connection With Policemen's Dispute At Boston—Specials Recruited.

7,000 STATE TROOPS PATROLLING THE CITY

(Special via G. T. P. Telegraphs.)

Boston, Sept. 12.—Action by the central labor union tonight deferred the danger of a general strike of united labor in sympathy with the striking policemen. It did not, however, entirely dissipate that danger.

The entire state guard has been called to the city for duty and recruiting for volunteer police proceeded until the officials announced that they had one thousand men available for this purpose.

Boston, Sept. 12.—(Noon). Seven thousand state troops are patrolling the city. The governor of Massachusetts is in control and quiet has been restored pending a decision as to a general strike.

GENERAL SMUTS ASKS PASSING OF TREATY

(Special via G. T. P. Telegraphs.)

Capetown, Sept. 11.—General Smuts, the new premier of the Union of South Africa, told the House that they would fail to do their duty if they accepted any amendments that would postpone the ratification of the Peace Treaty.

MINE WORKERS OF AMERICA CONVENTION

Pass Resolutions Endorsing the Nationalization of Mines and Six-Hour Day for Coal Miners.

GO ON RECORD AGAINST ONE BIG UNION AND I. W. W.

(Special via G. T. P. Telegraphs.)

Cleveland, Sept. 12.—Nationalization of mines as a general principle has been approved by the convention of the United Mine Workers of America with but one dissenting voice. The convention also voted with the same unanimity for a six-hour day and five days work a week in all coal mines.

The Mine Workers' convention also went on record against the One Big Union, the I. W. W. and kindred movements.

HUNTERS ARE READY FOR THE FRAY TOMORROW

Season Opens With Plenty of Game and Prospects of Large Bags are Good.

Once more the opening day of the hunting season approaches. Tomorrow will see many heading forth for distant shores and favorite spots where in days of yore they have been favored by perhaps catching a glimpse of the fleeting two-year-old buck. That spirit of adventure and of expectation which creeps upon the solitary hunter as he toils through the underbrush returns, and in the evenings he takes down the good old "thirty-thirty" and starts oiling her up. All the parts are taken apart and carefully examined and the barrel polished to rustless bright. Perhaps, too, the trophies of other expeditions are looked at and the memories of former thrilling episodes spur him on to the warpath.

The excited hunters are just as much duffed for they will have the opportunity of putting into practise all those schemes for blinds which had been discussed with cronies during the summer months. He hurries away in his launch to get to the head of that particularly secretive inlet where he is sure the mallard abounds. The little skiff is towed behind for it is in this that he intends to get the winged prize as they fly out of the inlet overhead. The shot gun has been taken down from the rack in the attic and stands alongside an outfit kit in all readiness for the owner when he has finished up his business on Saturday afternoon.

Persons in authority report that deer and duck are both very plentiful in the vicinity this season.

Boat Repair and Building Industries.

The increase of the fishing fleet at this point has led to a great deal of activity among those who do business with the fishermen. Not only are there improved facilities for doing electrical work and an increase in the number of firms doing business along that line, but the boat repair firms and machinists are also increasing in number and in the efficiency of their plant.

Yesterday announcement was made of a new marine ways which is to be erected at Shawatlans Passage alongside the site for the new government dock. It is to be used for handling such boats as are considered too small for the drydock.

Those who have been around the waterfront must have noticed the large number of new boats that are being built at this port. Some of them are fine craft. The boat building industry is just in its infancy. There should be many small vessels built here especially for the fishing industry.

Strike Leaders Treated Like Other Offenders.

It is for a court of justice to decide whether or not the strike leaders who were arrested at Winnipeg are guilty of an offence under the law. They were refused bail, a course of action which under present conditions does not seem to have been wise.

POOR TIRED FATHER

Children, hush! for father's resting; he is sitting, tired and sore, with his feet upon the table and his hat upon the floor. He is wearied and exhausted by the labors of the day; he has talked about the tariff since the dawn was cold and gray; he has lost eight games of checkers, for his luck today was mean, and that luck was still against him when he bucked the slot machine; so his nerves are under tension, and his brow is dark with care, and the burdens laid upon him seem too great for him to bear.

Andrew Carnegie

One of the world's richest men was the son of a poor Scotch weaver. He early learned the advantages of economy. At the age of 10 he saved a few shillings—enough to buy a box of oranges—which he quickly peddled at a profit of 100 per cent.

While yet a young man, he managed through thrift to accumulate \$500, which he invested. His first dividend inspired the remarkable achievements of later years.

But the seed of his prosperity was sown when he began his first savings.

ANOTHER WIN FOR CALLIES IN THE LEAGUE

Scotchmen Beat Trail by Score of 2 to 0 in Fast and Close Game Last Night.

Last evening's football game between the St. Andrew's Society and the Trail Athletics ended by a score of 2 to 0 in favor of the Scots. The game was fast throughout and was one of the closest exhibitions of football since the league commenced. The Trail boys only fielded ten men but these played a brilliant game and particularly noticeable was the good work of their backs. Very seldom did the Callie forwards break through the excellent defence work of Harry Menzie and Harry Day.

The game started off with the blazers kicking down the slope. A heavy wind in their face prevented the Callies players from punting the ball away up the field. The goal kicks very seldom went across the half line, as the ball seemed to rise in the air and then stop just at the feet of the Trail boys who were off at once and kept pounding away at the half-backs of the thistle defenders. It was in the first half that Goalie Jack Clapperton made such a good showing, for many times did he save the ball from passing through. There was no score before the whistle blew for rest.

The second half was characterized by the same gusto amongst Harvey's boys. They were fighting hard and the Callie forwards seemed to be unable to do much in spite of the repeated advances by the defence men. At last Tommy Black broke away and scored. A short time after Bill Murray got another goal on a penalty and then the game began to settle and many erratic kicks sped away the time. The last few minutes were rather dead and alive but the Callies still pressed to make the score a little surer. J. Day Bell was referee last evening and closely followed the play throughout.

The line up for the Callies was as follows: Clapperton; Bill Murray and Jimmie Currie; Mitchell, Bennett and Danny Main; Willis-croft, George Sellars, Tommy Black, Bobby Wiggins and Bob McLean.

Trail: Winsby; Harry Menzie and Harry Day; C. Watman and G. Shaw; W. Anderson, V. Menzie, S. Hardy, Clayton and Ed Craggs.

Sport Briefs

Before the game last evening, Harry Day was punting the ball around and had not had occasion to take off his hat. When the game started he removed his lid and a sight was revealed to the crowd which caused some consternation. The sturdy back of the Trail builders had a close hair-cut, and the broad expanse was rather unusual for Rupert's great baseballer.

Fans are still wondering what sudden impulse seized Mitchell last night when he knocked the ball from Harry Menzie's hands on a throw in. Jimmy was confident that it was the Callie ball, but a frown from the linesman, Doc Clapperton, satisfied the eager youth that he was in the wrong. A very tense situation was relieved, as the unwarranted attack by the Scotchmen's half-back might have led to terrible complications, if Harry had made very strenuous objections to the seizure.

Tickets are now selling very well for the smoker, which is being given on Monday evening by the football association. An excellent and varied program is promised, with a three-round boxing match as a head-liner. Other phenomenal features will be the juggling and conjuring acts. Dancing and singing have a prominent place for the night.

According to a despatch received from Cleveland today, Johnny Kilbane, the featherweight champion of the world, will retire from the ring.

On Wednesday afternoon there was a meeting in Calgary of the Rugby Football Union which went out of existence after the first year of the war. The meeting was specially called for Deacon

White of Edmonton who was visiting in the city at that time. He is one of Alberta's chief rugby promoters.

Local boxing fans are now taking great interest in the approaching matches to be staged for the Dempsey-Carpentier fight. Many are of the opinion that Carpentier is too clean a fighter to be pitted against this American wonder who seems to have the inborn instinct for landing a punch and guarding himself at the same time. As for a match with Beckett, it is thought that it would be wholesale slaughter for the English pugilist to be set against the American winner.

Notice is hereby given that on and after the 15th day of September next all fishing for salmon with gill-nets, purse and drag seines is prohibited in the following described waters:—

All those waters in and adjacent to the Islands and Mainland of the Coast of British Columbia lying south of the north end of Porcher Island and extending south to a straight line drawn from Swanson Bay to the north end of Aristabel Island.

This order does not include the Skeena River, Arthur Passage, Telegraph Pass, and Queen Charlotte Islands.

WAS ON WRECK OF STEAMER B. X.

W. J. Pittman had Interesting Experience on Fraser River When Going to Quesnel.

A Prince Rupert man, W. J. Pittman, of the Prince Rupert Music Store, was aboard the river steamer B. X. when she touched a rock on the Fraser River and had to be beached and later went to the bottom. He arrived home last night and talked interestingly of his experience.

Mr. Pittman said that there were only four passengers aboard the big stern wheeler at the time of the mishap. She was loaded down with freight, however, chiefly cement, and that seemed to be the cause of the trouble. The boat was carrying freight for the bridge work on the P. G. E. The rock was submerged and she simply skimmed over it, touching several times and knocking gently. She continued her voyage as if nothing had happened and had proceeded something like a mile when one of the men reported to the captain that she was settling down. At once her nose was put ashore and she was run on the beach. There she swung around and after some of the more valuable part of the cargo had been discharged she settled down and sank.

With Captain Brown and the purser, Mr. Pittman rowed down the river sixty miles in a boat to Quesnel and the captain returned to Prince George in an automobile and secured a launch to take away the rest of the crew and the other passengers. Mr. Pittman spent a week in Quesnel and then returned to Prince George in a launch. He says that the owners of the steamer have put the Express, another large stern wheeler, into the water and will operate her for the rest of the season.

LUNCHEON IN HONOR OF MRS. AIVAZOFF

Friends Gather to do Honor to Departing Lady Before Leaving to Make Her Home in the South.

A very delightful luncheon was given by Mrs. G. A. Bryant on Thursday in honor of Mrs. Aivazoff who is leaving shortly for Vancouver.

Mrs. Aivazoff will be missed very much by musical circles in which her charming voice has been heard to advantage and also by L'Aliance Francais, of which she has been the president.

Mrs. Bryant was assisted in receiving by Mrs. David H. Hays.

The guests included Mrs. Patmore, Mrs. P. W. Anderson, Mrs. Fred Stork, Mrs. A. R. Lord, Mrs. Starr, Mrs. McClymont, Mrs. A. M. Manson, Mrs. L. W. Kergin, Mrs. Eggert, Mrs. Greer, Mrs. Burritt, Mrs. W. E. Williams, Mrs. G. W. Nickerson, Mrs. Healey, and Mrs. Walker.

"THE MISSING LINKS" IS GREAT PHOTOPLAY

Such interesting events as a college escapade, an elopement, a murder mystery and its happy solution take place in "The Missing Links," at the Empress tonight. Robert Harron, who stars as the young collegian, gets caught while engaged with some students in a hazing party and is dismissed from college. When he gets back to his native town, he is contrite to the point of tears and wins over his father. He soon shows the benefit of college training by winning Norma Talmadge, the co-star of the play, away from Elmer Clifton, who is cast as the brother of Harron.

Harron's love affair is a pretty little small town romance. He sees the beautiful girl sitting on a nearby seat in church and can't help keeping his eyes from her charms. She demurely notices him with some interest, and when the service is over, she is introduced to Robert by Elmer. His fascinating manners prevail, and Robert sees the girl home. Then Robert woos Norma at her home, and the interest begins.

The football association has charge of the arrangement of the football games for the fair. No definite plans have been drawn up so far, but with due consideration there will be announcement made in a short time.

DEVELOPMENT DEPENDS UPON THE PEOPLE

Keynote of Success Lies in Co-operation, Says Member for District.

GOVERNMENT CAN ONLY LEAD AND DIRECT

Hon. T. D. Pattullo was seen yesterday by a Daily News representative and asked if he had anything to say in regard to the development of this central part of British Columbia. He said: "The development that has taken place in Northern British Columbia is very gratifying. I have recently covered the greater portion of the province and while in all parts development is very marked, in no part is it more remarkable than in Northern British Columbia.

"Everyone recognizes that we have wonderful resources in the province, but it is quite evident that these resources are of no value unless they are developed. The only way to develop them is to get people into the country.

Make Conditions Right.

"It is not sufficient, however, to get people into the country. We must try to make conditions so favorable that those who come may be readily assimilated. The real development of the country after all, depends upon the people. What the government can chiefly do is to lead and direct. In this, I venture to think, the government is doing capable and efficient work. In respect to the opening up of our lands, the extension of markets for lumber; the encouragement of the pulp industry; the development of our water powers; the protection of irrigable lands; the increase in stock breeding and the encouragement of mining development, all of these are being handled by the government comprehensively and very splendid progress is being made.

"This year Northern British Columbia has received more attention than ever before, and I think the people of the south of the province realize, as they never did before, the possibilities of this part of the province.

"We must all keep up the good work, for the keynote of success lies in co-operation."

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.
