## Seoul— Back Capital

(CP) — Five Korean patrols entered the capital tonight and raised the national flag over the parliament building.

The Eighth Army communiqué said that the Communists will stay there if they can hold it. The Communists have been reported withdrawing all the 10-mile Korean front.

At the 25th Division east of the city crossed a river one week ago and 10 miles northward steadily weakening Communist opposition. These are already northeast of where the Reds today are delaying action on the east-central front.

where the Reds today are delaying action on the east-central front. The Communists have been reported withdrawing all the 10-mile Korean front.

## Gov't Butter Disappears

OTTAWA (CP) — The government's ice-box soon will be bare of butter. Eager buyers, clamoring for supplies, have purchased all of the government's 35,000,000 pounds in storage.

Agriculture Minister Gardiner told Commons yesterday the dairy products board now has allocated the remaining stocks. They will be distributed during the next two weeks.

Mr. Gardiner was replying to J. A. Ross (PC—Souris). He gave no indication of what action the government proposed for the new butter year opening May 1.

But outside the House, some agriculture officials said they understood the question of price support now is under consideration. It appeared possible, they said, support might be granted at a higher rate than that which prevailed in 1950-51.

Floor price currently is 53 cents a pound and it was suggested the government might increase it to as high as 60 cents in the new butter year. Final decision, however, is not expected until about a week before the season begins.

## Boosts for Officials

VICTORIA (CP) — Salary increases for certain key men in civil service were shown in estimates for the coming year presented in the Legislature by Finance Minister Herbert Anscomb.

Salary of J. V. Fisher, deputy minister of finance and financial adviser to the government, is raised from \$7500 to \$12,500. Increases from \$7500 to \$9000 are to be made in salaries of Col. Eric Pepler, K.C., deputy attorney-general; Dr. G. F. Amyot, deputy minister of health; George Melrose, deputy minister of lands, and Dr. C. D. N. Orchard, deputy minister of forests and chief forester.

Salary of Neil McCallum, chief engineer of the public works department, is to increase from \$6600 to \$9000. He will continue to receive \$3400 as chairman of the highway board.

Lloyd Detwiler, hospital insurance commissioner, will receive an increase from \$7050 to \$8500. His assistant, who holds a medical degree, Dr. Donald Cox, receives \$12,000.

## Sen. Vandenberg Is Near Death

CHICAGO — The condition of Senator Arthur Vandenberg, ranking as one of the nation's outstanding Republicans and long prominent in foreign affairs was reported low last night. Death, it was said, might come at any time.

# To Expand Prince Rupert Cellulose Plant Because of World Demand

## FLASH

**TO STOP AT 38TH**  
WASHINGTON — It was stated on good authority here today that United Nations military action in Korea would cease at the 38th parallel.

**SUBS OFF EAST COAST**  
HALIFAX — Vice-Admiral Harold Grant, chief of Canada's naval staff, said today that there have been new and unconfirmed reports that Russian submarines are off the east coast.

**EXPLOSION IN EUROPE**  
LONDON — Millions of persons in northern Europe were terrified today by violent thundering of the earth's crust which some thought might have been caused by an atomic explosion inside eastern Germany. However, seismologists believe it to have been an earthquake.

## Train Hits Bus— Five Are Killed

FARMVILLE, Virginia (CP) — A passenger train struck the rear of a crowded school bus at a grade crossing west of here late yesterday, killing five Negro children and injuring at least 10 others—one seriously.

There were 44 children aboard the bus when it was hit at the crossing about 14 miles west of here.

Police quoted driver of the bus, John Oscar Robinson, as saying he did not see the train coming.

## Defi For Laborites

**Australian Prime Minister Wants to Clear Political Air**  
CANBERRA (CP) — Prime Minister Robert G. Menzies yesterday urged an Australian general election to end what he called "a political farce."

He challenged the Labor opposition in Parliament to use its senate majority to throw out the government bill which would wipe out the last vestiges of an attempt by the former Labor government to nationalize the banks.

This would clear the way for dissolution of both houses of Parliament and an election on the stormy issue—anti-Communist legislation. A government act to outlaw the Communist party has been declared unconstitutional by Australian high courts.

## Canadians Move Ahead

**Have Commanding Lead Now in World's Amateur Hockey Championship**

PARIS (CP) — Lethbridge Maple Leafs last night took an imposing lead in the goal-average standing of the world hockey championship, burying Britain under a 17-1 avalanche.

The Leafs aiming for the title won for Canada last year by Edmonton Mercurys, have posted 33 goals for two against them. Their nearest rival is Switzerland, with 19 for three; Sweden has 18 and three.

All three have won three games straight for a point-total of six. The goal average system decides the tie in the event of the teams ending the tournament tied in points.

ACRES OF CARS—Shortage of box-cars in the Windsor, Ont., area has forced automobile manufacturers to store new cars in factory lots. With a production of about 1,100 vehicles a day, dealers have been flying drivers in from all parts of the country to deliver the cars. An increase in the number of box-cars is expected to ease the situation, but meanwhile this photo of cars awaiting shipment from Ford Motor Company of Canada is reproduced all over the city. (CP PHOTO)

## Block Signal— No Accident Train Hits Bus— Five Are Killed

PRINCE GEORGE (CP) — Testimony that a block signal arrangement probably would have averted the Canoe River train wreck was given yesterday at the preliminary hearing of a young man charged with manslaughter in the tragedy.

Alfred John Atherton, 22, former Canadian National Railway telegrapher, is alleged to have relayed a train order incorrectly, resulting in the head-on collision November 21 at Canoe River, in which 21 soldiers and civilians died.

Mrs. H. L. Alexander arrived in the city on the Prince Rupert today from Vancouver for a visit with her sister, Mrs. W. J. Scott, Fourth Avenue West.

Mrs. L. M. Felsenthal returned to the city on the Prince Rupert yesterday from a trip to Vancouver.

## Appropriation for Level Crossing on Waterfront

OTTAWA (CP) — Estimates tabled in the House of Commons by Finance Minister Douglas Abbott included \$29,000 for the building of a level crossing roadway over the Canadian National Railway tracks at Prince Rupert to the Fairview Bay fishermen's floats, the contract for which work has already been let.

Renewal of fishermen's floats is also included in the appropriation which includes a re-vote of \$14,000.

Other appropriations for Central British Columbia include: Prince George, public building, \$100,000 (re-vote of \$50,000); Smithers, public building, re-vote of \$50,000.

Quesnel, new public building, \$50,000.

Port Essington, replacement of approach, floats and ice shield. Masset, seaplane landing, re-vote of \$17,000.

## MERCY FLIGHT—

## Newly-Born Terrace Twins Being Flown to Vancouver

A mercy flight plane was heading northward from Vancouver to Terrace today to pick up two prematurely-born twin babies—a boy and a girl—who were born Saturday and take them to Vancouver where it is believed by their doctor, Dr. May, that they will have a better chance of survival.

Terrace is ridden with an influenza epidemic, according to word received by The Daily News this afternoon. Even the doctor is stricken.

A Vancouver report said they were blue babies but The Daily News Terrace correspondent said this was incorrect.

Parents of the babies are Mr. and Mrs. Thomas Bilton of Lakelse.

## Peter Lien Appointed

City council Monday night confirmed appointment of Peter Lien as accountant, assistant treasurer and collector for the city. Mr. Lien, former senior clerk at City Hall, fills the position left vacant by R. W. Long, recently appointed city clerk.

## THE WEATHER

**Synopsis**  
There were gales off the north coast this morning. These strong winds accompany a storm which will move inland over the coast tonight. Rain, occasionally mixed with snow, is falling on the north coast while in the northern interior there is snow. Rain will spread southward along the coast this morning, reaching the lower mainland early this afternoon. Temperatures are expected to range in the forties throughout the province today. Tonight is expected to be somewhat milder in the interior with little change in coastal minimums.

## GALE WARNING

North Coast Regions — Gale warning continued. Rain, occasionally mixed with snow today. Cloudy with showers tonight and Thursday. Little change in temperature. Wind southeast (40 mph), shifting to southwest (25) this afternoon, and northwest (25) tomorrow. Lows tonight and highs tomorrow—at Port Hardy, Sandspit and Prince Rupert, 34 and 42.

## Hockey Scores

**Pacific Coast**  
New Westminster 3, Tacoma 4  
Vancouver 1, Victoria 4  
Victoria leads league by one point. Victoria and New Westminster have two games each left to play.

**Mainline-Okanagan**  
Nanaimo 2, Vernon 1 (Best of five series tied 1-1).

## Will Help to Meet Cellulose Shortage

## Additional Activities Make Enlargement Necessary

The Columbia Cellulose plant near Prince Rupert will be expanded as soon as it has reached full production, Harold Blanche, president of the Celanese Corporation of America, parent company, said in New York today. The plant, which has now been brought almost to completion, must be enlarged "due to many additional activities that are planned," Mr. Blanche said.

The plant "should go far to relieving the world-wide shortage of high grade cellulose," he said.

Celanese Corporation of America net income in 1950 amounted to \$40,361,166 after charges and taxes, a new record figure compared with \$20,640,826 in the preceding year and \$39,464,000 in 1948, the former peak earnings year, Mr. Blanche reported. After providing for preferred stock dividends, net income was equivalent to \$6.38 per share of common stock outstanding at the year-end, contrasted with \$3.19 and \$6.61 in 1949 and 1948, respectively, when a lesser number of shares were outstanding.

Sales last year were \$232,483,942, an all-time high, compared with \$171,292,005 in 1949 and \$230,384,672 in 1948, the annual report revealed.

Federal taxes on income amounted to \$41,000,000 in 1950, compared with \$17,093,288 distributed to stockholders as dividends and \$59,756,051 paid out to employees in wages and salaries. Last year's total direct taxes paid by the company to federal, state and local governments were equal to \$7.82 per share of common stock, Mr. Blanche said.

**NEW ERA.**  
Celanese Corporation of America is at the threshold of a new era of development, not only in the United States but in Canada and other countries in the Western Hemisphere, according to Mr. Blanche. Installation of new productive capacity during the year and additional building now under way places the company in an advantageous position to initiate a new program of plant expansion, he said, and plans have been drawn for new plant facilities which will provide a large scale increase in operations.

Plans have been made for additional chemical facilities in Texas to meet the greatly increased demand for industrial chemicals for both civilian and military uses.

"As another step in our program to assure continuing and expanding sources of raw materials," Mr. Blanche continued, "the cellulose plant near Prince Rupert, British Columbia, has been brought almost to completion by our subsidiary, Columbia Cellulose Company Limited. Production from this plant, which is scheduled to begin operations soon, should go far toward relieving the world-wide shortage of high grade cellulose."

"Another significant development was the extension of our operations in Latin-American countries, particularly Mexico and Colombia."

"A further development in Canada was initiated late in the year with the organization of Canadian Chemical Company Ltd., with the object of producing chemicals and cellulose acetate on a large scale, near Edmonton, Alberta, and utilizing natural gases drawn from the extensive oil fields in the province."

"Construction was started on an acetate staple fibre unit at the Celriver plant which is scheduled to come into production late in 1951. The completion of this unit will increase the output of staple fibre substantially."

"Since June 1950, the entire output of our present facilities for the production of Fortisan, our strong yarn, has been allocated for defense purposes. The maximum production possible with our present facilities falls far short of satisfying military requirements."

**EXPANSION HERE**  
"As a result of the many additional activities that are planned, an expansion of the cellulose plant near Prince Rupert becomes essential as soon as the plant reached full production."

"This far-reaching program of expansion is directed at meeting the needs of a peacetime economy, as well as the requirements of industrial mobilization for defense and the economic development of other countries of the free world."

## Kills Wife, Hangs Self

MONTREAL (CP) — Police last night found the battered body of Mrs. Vladimir Semensky, 30, in the blood-smeared hall of her home. Swinging from a clothesline in the kitchen was her 32-year-old husband.

They described the double death as a murder-suicide, the culmination of a series of bitter fights between husband and wife over the husband's alleged wanderlust.

The 91 daily newspapers in Canada now have a total circulation in excess of 3,400,000.

## Card of Thanks

It is with the sincerest gratitude that we express to our many friends, our appreciation of their kind expression of esteem in the floral tokens and words of sympathy which came to us in our bereavement in the loss of a beloved son and brother. These tangible expressions of sympathy have helped to lighten our burden of sorrow.

—Mr. and Mrs. D. Santurbane and Ernest (11c)

## High Finance

LESS good times and more hard work with possibly some austerity in the bargain are forecast in the important financial statements from Ottawa and Victoria which were reported upon in the Daily News yesterday.

Mr. Anscomb at Victoria told of the high figures into which social services, municipal assistance and education are mounting and spoke of the necessity of more encouragement to matters productive so that an even economical keel might be maintained. The minister of finance reasonably enough pointed out that only with the promotion of industrial expansion, producing the potential for public revenue, can great humanitarian services be maintained and protected. Even the CCF, with their argument that the welfare state should be financed from the great natural wealth of the country, agree with that. And that is where the hard work comes in for we cannot have the cake of good times and eat it too without doing something about replenishing it.

At least, Mr. Anscomb's budget did not provide for any new important items of taxation as some might have been fearful of.

If Mr. Anscomb's budget may have looked like big business, what of the estimates of Finance Minister Douglass Abbott at Ottawa? They are really developing into something. Defence spending is getting deep into the bottom of the public pocket these days and is going to reach farther. Gone are the easy sunshine days of the great expansion era of the last few years. There will, no doubt, be further expansion but its benefits are not going to go into further comfortable living but into the fund for defence. We may not like it but we are going to have to take it. Mr. Abbott's estimates are only a grim preview of what we may expect when the budget comes around next month. We are piling up huge bills which will have to be paid. Mr. Abbott will not be able to escape the necessity of increasing taxes in his budget. In the federal field we will be paying our premiums by the taxation route.

## ray..

### Reflects and Reminisces

Edmonton's market includes horse meat. Albertans, one of these blithe spring days, will doubtless be feeling their oats.

#### WE KNOW IT, ANYHOW!

It has been estimated enough timber has been destroyed by fire in North America to build a five-room house every hundred feet on each side of a road between Prince Rupert and Winnipeg. Why not build a few, instead of writing and talking about it. Some could be found very useful without leaving the city limits.

Already aluminum's impact is being felt on the coast—although years from the plant's completion. Yet, it's coming, and when it does the Age of Aluminum moves into the mountains of Central British Columbia. It sounds like work and wages.

#### FEEL FINE OF COURSE!

Once again, raffles and lotteries have been pronounced "out." This was at the recent annual meeting of the New Westminster Diocesan W.A. A resolution spoke of the ever-increasing practice of gambling, in the raising of money. Therefore, this was to be discouraged. It

might be asked where is the parish in B.C. where raffles have never been heard of. And speaking of gambling and hospitals, how'd you feel if you hit the Irish sweep bullseye within the next few weeks?

"My favorite definition of old age," says Dr. Martin Gumpert, the commentator, "is doing more and more things for the last time, and fewer and fewer things for the first time." He's not missing much.

#### 50,000 PEOPLE THERE

A large write-up, descriptive of Regina whose history dates back to the early eighties, says the average summer is extremely hot. It has hit 114 in the shade. The five months of winter are often sub zero. Fifty below is not uncommon and added to this is an almost constant whistling wind. Perhaps it will be just as well to think of this when sitting around feeling sorry for ourselves when it's a shade showery in Rupert.

#### ANY DIFFERENCE TODAY?

"They would bring us a polar despotism—tyranny such as the world has never known, silent as darkness, rigid as ice, insensible as bronze; decked with an outer amiability and glittering with the cold brilliance of snow, slavery without compensation or relief: that is what they would bring us. We never said that about Soviet Russia and Russians in this, the year of Our Lord 1951. But it was said in 1821 by the Swiss philosopher Henry Frederic Amiel.

## As I See It

by  
Elmore  
Philpott

### IN HOSTEL FOR MP'S

DELHI, INDIA — Through a very good friend in the Indian government service, I got myself installed in Constitution House, a service-at-cost hostel for MP's in the Indian Parliament.

This is one of several such built by the American forces in the Second World War. It covers a vast space, and is built in wings on both sides of a covered corridor. There are about 200 rooms or suites, and each room shares a bath with the next-door neighbor. That's tough on the roommate if your next-door neighbor is a fellow like me who bolts him out of the bathroom, then goes out and forgets to unbolt.

The main drawback I found at first was that you freeze to death at night and morning. But now I am learning the ropes. For an extra rupee (about 22 cents) you get a cute little boy... black as his own coal, but with teeth like ivory, to put on a grate fire. The boy, by the way, wears shirt and shorts—that is, is bare-legged and bare-footed, with the thermometer around 40 degrees.

I THINK ONE COULD SPEND a whole year in this place and meet a most interesting new family every day. I sit at table, for instance, with P. Bassi Reddi, MP, who is an advocate or lawyer by profession. He is a slim, dark, wavy-haired man of 38—certainly handsome enough to be in the movies. He wears a long grey tunic above white slacks. He does not take the ordinary menu—which is very good, by Western tastes, except that they do not serve beef or pork.

Mr. Reddi eats Madras food. That is, he gets a big dish of plain rice, surrounded on a tray by about seven saucers of relishes. He mixes his food on his plate, and eats with the fingers, till he finishes his first course. He darts out to wash his hands, then returns for his dessert.

He talks with down-to-earth common sense on the bills now pending before parliament.

A VERY DIFFERENT personality is another table companion—the chief whip of the Congress Party, Mr. Satyanaran Simba. He got to know several of the Canadian MP's at the Commonwealth Parliamentary Conference this past winter, when it was held in New Zealand. Among several others, he mentioned John Diefenbaker and Senator Arthur Roebuck.

"Is John Diefenbaker a typical Canadian Conservative?" he wanted to know. He had impressed the Indian statesman as most liberal.

My answer was "No," he's more liberal than most Liberals.

#### THERE IS ANOTHER Canadian

staying in the hostel—Mrs. Pandia, wife of the Indian, Dr. Pandia, who did so much to ease through the final passage of the franchise for persons of Indian ancestry in Canada. They have a darling little daughter.

There is a Mohammedan professor, Abdul Majid Khan, who is treating me to an Indian movie, plus chicken dinner tonight.

There is a remarkable woman, Mridula Sarabhai, who was once the general secretary of the Congress Party, but is now out of party politics and devoting her magnificent organizing ability to the rehabilitation of the refugees who were uprooted by the partition of the country.

I had already heard of her wonderful work, especially in the restoration to their families and proper homes of the many thousands of women who were abducted during the violent disturbances.

This is one of the projects on which both the Pakistan and Indian governments have co-operated.

#### IN THIS HOSTEL YOU MEET

the best of the political brains in the present Indian parliament.

You also see and hear something of the poverty of the people. Take the case of a bearer, or room attendant. Mint is a fine-looking, friendly man in his 30's (name Bari, from Mysore). His pay is 60 rupees per month—that is less than \$15. On that he must try to keep a wife and four children. He tells me his children have never had milk because they can't afford it. The family lives on rice, wheat (chapatty) pancakes and vegetables. Perhaps I should say exists, for on 60 rupees a month you could hardly call it living—even if the rent for the shelter is only seven rupees out of the 60.

POLITICAL POW-WOW—Three prominent members of the Liberal party discuss politics following a luncheon during the annual meeting in Ottawa of the Advisory Council of the National Liberal Federation. Mrs. Louis St. Laurent, wife of the prime minister, centre, was the guest of honor. Flanking her are Mrs. W. T. O'Regan of Ottawa, left, president of the National Federation of Liberal Women, and Mrs. C. J. Embree of Halifax, vice-president. (CP PHOTO)

## Chinese Communism is Not All Too Bad Says Recent Arrival

Chinese communism is an asset to the working people of China, according to Mrs. Robert Whitmore who recently arrived here from the Orient.

Having lived in China since her birth, raised and taught in the British schools and of British ancestry, Mrs. Whitmore recalls the hard life under Chiang Kai-shek rule.

"Chiang's reign was bribery and corruption," said Mrs. Whitmore, in her perfect English.

"The Red soldiers are better paid and fed than the nationalist troops," says Mrs. Whitmore comparing the Chinese soldiers.

"And the Communist troops are very well behaved. When they came into Shanghai after the last war, hardly a shot was fired—many of the national troops joined their ranks," recalled Mrs. Whitmore in an interview with the Daily News.

As an example of the careful behaviour of the Chinese Communist troops Mrs. Whitmore said: "If one of them kills a civilian in a car accident, the soldier who was driving is immediately shot. The Communists are very careful not to do things too quickly. The Chinese are still able to follow their religions—the pagans going to their temples and the Christians to the churches," she explained, even though Communist troops use the temples for billets.

"Up to the time we left we were able to attend our Anglican church, and there are many Catholic priests and Anglican's still staying on there," said Mrs. Whitmore. She arrived here with Maureen, 8, Beatrice, 3, and Andrew, 5, to join Mr. Whitmore who is employed here with the

accounting branch of the Columbia Cellulose Company.

Mr. Whitmore, also raised in China, was employed with the Jardine-Matheson, a British import and export concern.

It was a month's crossing for the Whitmores who left the Orient for San Francisco on the Norwegian freighter "Idabakke." Maureen, who is in Grade Three, has been attending school in Vancouver while Mr. Whitmore was getting settled in Prince Rupert. Andrew, his mother finds, is not able to attend school until next year. Just five years old, he, hopes to enjoy living here.

"The Chinese Communists have started cleaning up the country. They are taxing from top to bottom. Even the Chinese street hawker is taxed but I think it will straighten out after they have tried it out," said Mrs. Whitmore. She said that there were no luxuries shipped into the port of Shanghai, except those smuggled through the barricade.

"The good-old days when everything was cheap are over," said the new Canadian, who is glad to get to Prince Rupert, and hopes to enjoy living here.

## An important discovery

## in the RELIEF OF PAIN...

Science progresses... for 50 years we have used little white tablets—acetylsalicylic acid—for relief of pain. Today this familiar pain killer is available in a new form without the disadvantages of acidity, insolubility and bitter taste. It is called DISPRIN and is sold at druggists everywhere.

DISPRIN is soluble and substantially neutral. When

taken in water as recommended, it enters the stomach as a true solution and not as undissolved particles. It is therefore less liable to cause stomach discomfort.

DISPRIN is readily absorbed. Because it definitely dissolves (not merely disintegrates) DISPRIN permits speedy absorption and gives quicker relief.

DISPRIN is palatable. Even children will take it readily.

Science steps forward with

## LETTERBOX

### HOSPITAL POWER

Editor, Daily News: My understanding of Ald. Whalen's reference at Monday night's council meeting was that the bill for energy supplied to the hospital in 1950 was 100 percent above that for 1949.

Actually, the bill to the hospital for all their energy supplied was \$3102.85, exclusive of three percent provincial tax.

This represented approximately eight percent above the 1949 bill. The consumption in 1950 was 20.9 percent above that in 1949, and the rate charged was 10 percent less than in the previous year.

In effect under the proposed rate schedules I have every reason to believe that the hospital will pay less for power supplied than in the past.

Should the hospital instal its

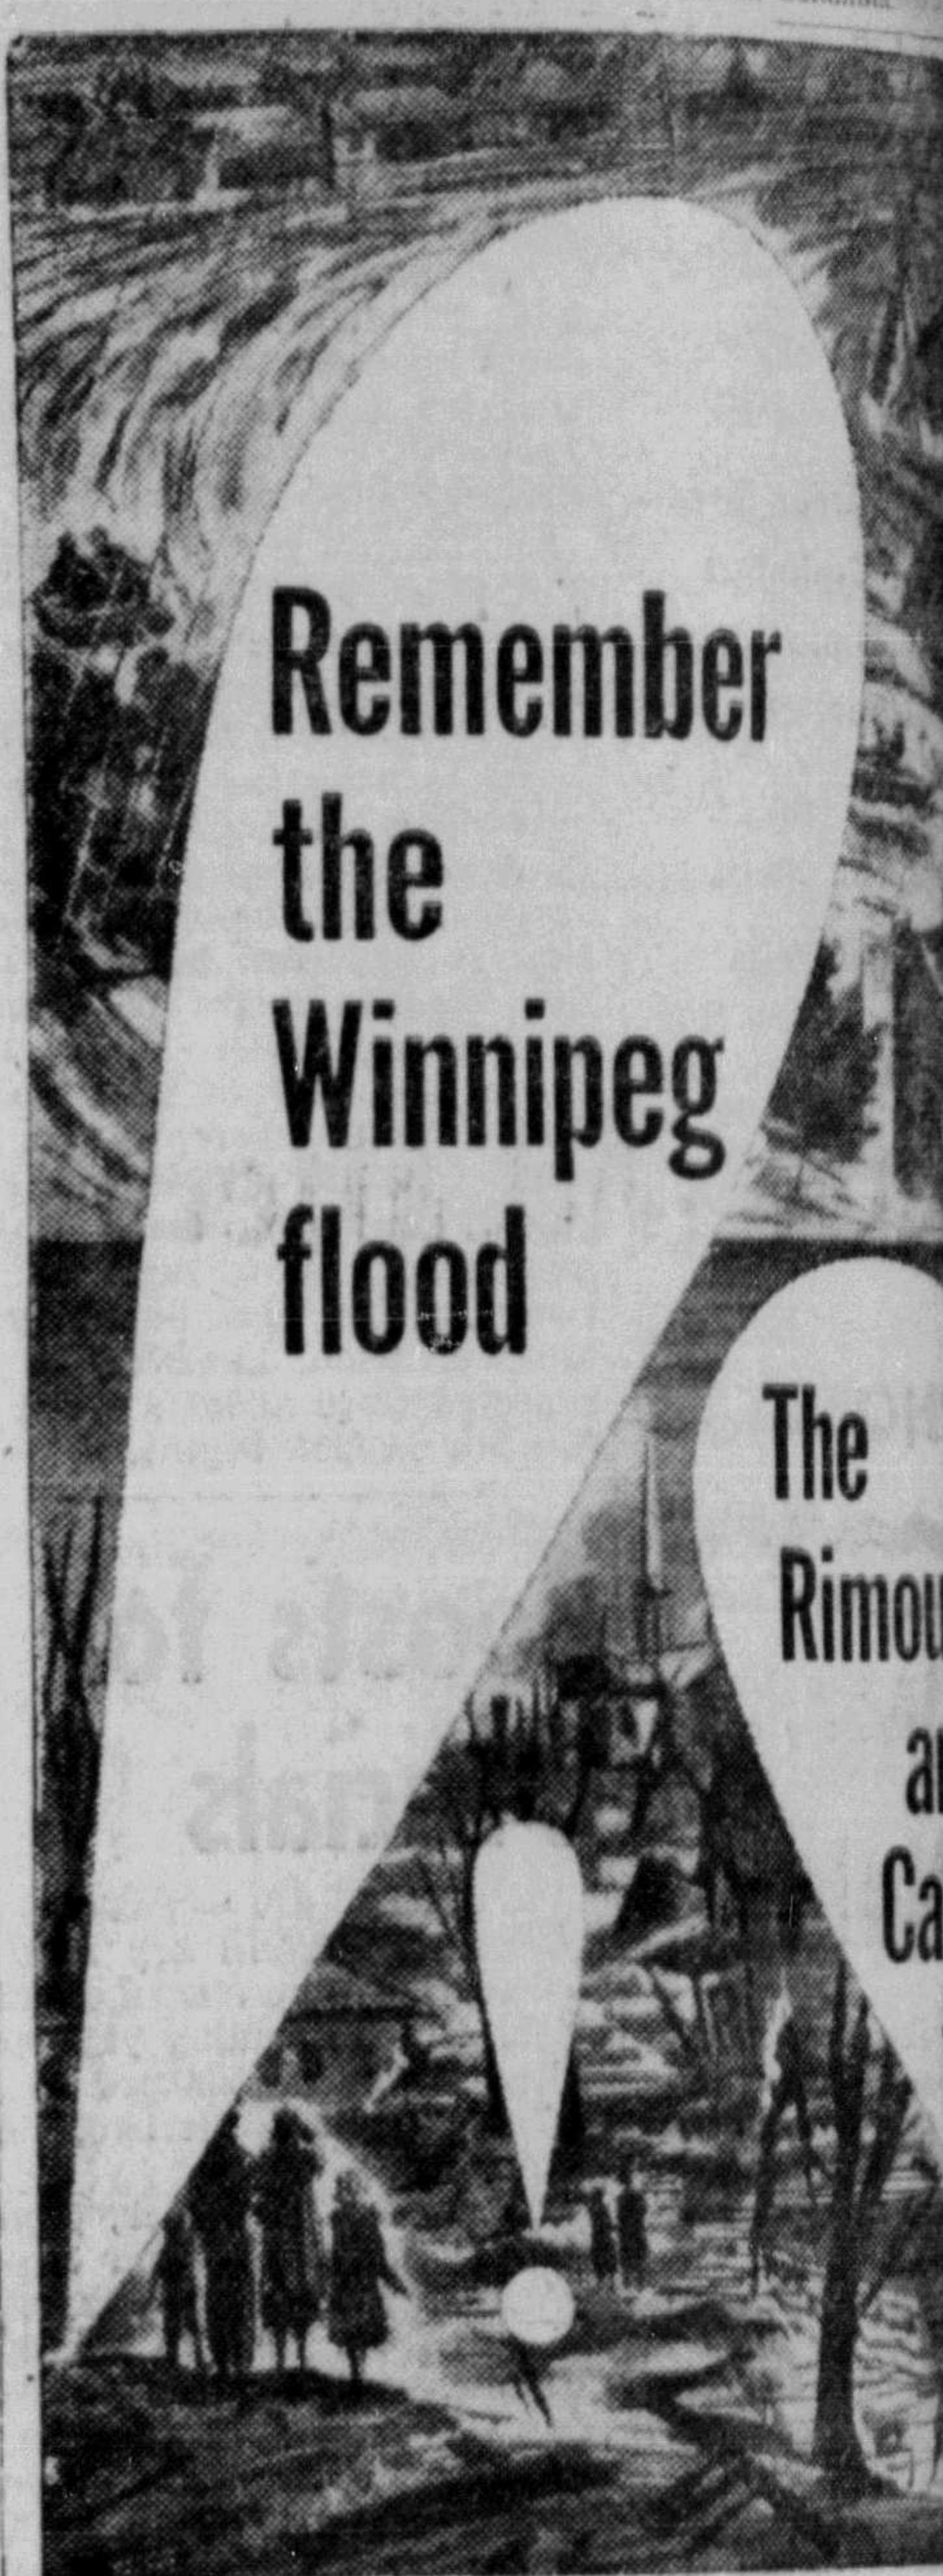

own substation, as was before the new power built, and as a result Northern B.C. Power was willing to construct various accommodations buildings in the area and cover same under contract. This offer is NORTHERN B.C. POWER T. B. Black

## Remember the Winnipeg flood

The Rimouski and Cabot

CANADA has suffered a major share of disasters during the past year. Floods, fires, blizzards, explosions... have been constantly in the news. Who can say when they will strike next, or where? In the first grim hours and days of any such disaster, when hundreds of thousands have been driven from their homes and deprived of even the bare necessities of life, immediate help is needed. And happily for Canadians, immediate help is always at hand!

## RED CROSS DISASTER SERVICE

Red Cross Disaster Services stand on a constant around-the-clock alert, organized to provide immediate assistance wherever and whenever disasters strikes. Almost as the news of such happenings reaches the public, the Red Cross is already on the scene, providing clothing and shelter, food, medical supplies and other necessities to the stricken.

In this, as in the many other humanitarian services it performs, the RED CROSS is really YOU offering the willing helping hand that YOU would offer if you were there.

The work of Mercy never ends.

Give to the RED CROSS

● There will be a meeting of the Ladies Auxiliary of the United Fishermen and Allied Workers Union Wednesday, March 14th in the Metropole Hall at 8:00 p.m. All members and ladies interested in becoming members please attend. (62c)

### City Banker's Mother Dies

Mrs. Kate Blackaby, mother of G. R. S. Blackaby, manager of the Prince Rupert branch of the Bank of Montreal, passed away at midnight last night at her home at Buckhurst Hill, Essex, England. She had reached the ripe age of 91 years.

News of his mother's death was conveyed to Mr. Blackaby in a cable received this morning.

Predeceased by her husband, Joseph Alfred Blackaby, who died in 1937 at the age of eighty-seven years, Mrs. Blackaby is survived by three sons in England and three sisters.

Deceased was born in Plymouth, England. Her father was a veteran of the Boer War and she came of a seafaring family.

G. R. S. Blackaby last saw his mother when he visited her in England in 1930.

### Four Lots Are Sold by City

Four lots were sold last week by the city. Two—lots 1 and 2, block 29, Section 1—were purchased by James and Eunice Perry for \$275; one each by A. E. Waterman—lot 17, block 38, Section 7—for \$70, and William Lund, for \$135—lot 24, block 28, Section 8.

## Co-op Now 20 Yrs. Old

Increased Production Held  
Necessary—Bakery  
Mortgage Paid Off

The directors' report, presented at the annual general meeting of the Prince Rupert Fishermen's Co-operative Association in the Oddfellows' Hall Monday, pointed out that it is now 20 years since the first group of Prince Rupert fishermen joined together to form what is now the Prince Rupert Fishermen's Co-operative Association. Much experience has been gained over the past 20 years in overcoming many problems and the association expects continuation of this growth.

The necessity for increased production through the association was impressed upon the members in order to maintain the reputation of a variety of quality products.

Appreciation of the conservation work carried out by the Department of Fisheries was voiced by the meeting which urged continuation of this good work.

The members heard that the Masset Co-operative had a very successful year and was now looking forward to continued growth and expansion.

K. F. Harding, secretary-manager, reported on behalf of the board of directors that the bakery mortgage has now been completely paid off. This is the only co-operatively owned bakery in British Columbia.

The meetings conclude today.

## Ted Forman To Kingston Shoot

Off to Kingston, Ontario, to compete in an inter-college shoot, George E. (Ted) Forman, 20, of Prince Rupert, left Victoria last week with seven other members of Royal Roads Naval College.

The team of eight small arms marksmen represent the college's best shooters. The competition between the senior Kingston college and Royal Roads is an annual affair.

Forman, in his second year as naval cadet, won a Navy League of Canada scholarship two years ago when a member of Prince Rupert's Captain Cook Sea Cadets Corps. He plans to take two more years of naval training at Kingston, from where he can graduate to a lieutenant in the Royal Canadian Navy, said his father, James Forman, of this city.

## Sons of Norway To Floor Hall

Like an old-fashioned barn-raising, the Sons of Norway will meet a week Monday to lay the floor of their hall, it was decided at a meeting Monday night.

Equipped with maple flooring from the old United States Army warehouse, the men will lay the new floor in short order, it is expected. The women of the club will stand by with hot coffee, "to keep their spirits up," said Mrs. O. Gliske.

John Fredheim, president of the S.O.N., was in the chair and refreshments were served at the regular business meeting.

## Local Pastor To California

At a special meeting of the St. Paul's Lutheran Church on Tuesday, the resignation of their pastor, Rev. Earl Soiland, was accepted with regret.

Mr. Soiland was installed as pastor here by the president of the Pacific District Dr. H. L. Foss of Seattle, on June 15, 1947. The Soiland family moved to Prince Rupert in September 1947. Mr. Soiland has been called to serve the church at Napa, California and plans to leave Prince Rupert for his new field some time in June.

The successor to Mr. Soiland here has not yet been named. Departure of Mr. and Mrs. Soiland and daughter, Mardele, will be regretted by many friends. Mrs. Soiland and Mardele have been particularly active in musical circles and, like Mr. Soiland, have worked devotedly in the interests of their church.

### NOTICE

Notice is hereby given that the Annual General Meeting of the Prince Rupert General Hospital Association will be held in the Civic Centre, Common Lounge Room, on Tuesday, March 20th, 1951 at 8:00 p.m.

## With North

## Local People to Visit Britain

Many of the old sources to this city they have an evening with the rush days.

The sudden death of Monaghan of Gillis Royer with the colorful north was ended.

who was born and in Quebec, was 70 years old. He worked for the Besner and Block right up to death.

was found in the room of the Besner at 2:00 p.m. Monday (Mickey) O'Toole, who lives in the Besner and First Avenue, was talking to Mr. Royer when he was found. Royer had mentioned that he was not feeling well. That afternoon, when no heat was entering the apartment, Mr. O'Toole went upstairs to see the furnace.

finding the deceased in the furnace room, he called police and the city fire brigade but, upon arrival of the physician, he pronounced dead of asphyxiation.

MR. KRON

During the life of the deceased, Mr. Royer had been farming, in the Yukon in 1901. At 20 years of age, he followed the Gold Rush to Dawson, where he had previously left to work at mining.

He returned from the Yukon from 1901 to 1902, where he worked for a while as a miner. He then went north in 1900.

He was next to Royer's, in 1909.

He was next to Royer's, in 1909. He was next to Royer's, in 1909. He was next to Royer's, in 1909.

Reddy Kilowatt says:  
"Everyone's talking about  
the CONVENIENCE and  
LOW COST of ELECTRIC  
COOKING"

Meet any woman who has an electric range and, give her half a chance, she'll tell you she wonders how she ever got along without it. Good cooking is so sure, and so effortless, with electricity. You set the clock and are certain of just the right heat, maintained evenly as long as you need it. Then it shuts itself off. Cool! No more cooking the cook! Clean, too—no dust and fumes to soil paint and drapes.

IT'S THRIFTY Cooking with electricity costs so little. Sample bills for all the electricity used for all purposes in an average home using electric light, electric cooking, electric appliances and an electric water heater, run to only about \$2.00 a week! Drop in and see the latest models... or see your electrical appliance dealer.

FAVORITES WERE SECOND—The Manitoba rink was favorite in the Dominion Curling Championships at Halifax but finished runner-up. Representing the province is this Winnipeg Strathcona Curling Club team: left to right, Arthur Meers, lead; Alister McDeimid, second; Lorne Stewart, vice-skip; and skip Roy Forsyth. (CP PHOTO)

## BASKETBALL—

## Fashion Wins in Play-off

Fashion Footwear took a big Intermediate League playoff victory from High Gold last night when they pulled a surprise basketball win by a 38 to 30 score. Fashion outscored and outplayed High Gold all the way as they turned in their best game of the year.

Jim Hebb led the scoring parade with 10 and both Joe Haugan and Danny Bill scored 9 points. Joe Walsh played a marvellous game on both offence and defence and was largely instrumental in the sparking of the Fashion team to victory.

Bill McChesney was top man for the losers with 10 points.

The Golds did not have their usual drive and failed to find the hoop. They have outplayed Fashion all season and it will be interesting to see what happens when these teams meet in the second game of the two of three series which will take place Saturday night. One thing is certain—High Gold cannot be counted out at this time.

## JUNIOR

Prince Rupert Hotel won their second Junior League semi-final game in a row by a 20 to 14 score over Cooks. They now move into the finals against High School Jr. which will start on Saturday night.

Cooks gave the Hotel boys quite a scare as they held even with them in the first period, outscored them by one point in the second and went into the final period with the score all tied at 11-11.

In final quarter Rupert Hotel's superior weight and experience gave them the edge as they outscored Cooks 9 points to 3.

Ten fouls were called on the winners and 7 on the losers by Referees Carlson and Teng.

McKay was high man for the winners with 11 points and D. Findlay was high man for Cooks with 6.

## JUVENILE

The Juvenile players had their first opportunity to play a night game before spectators when the top place Annunciation team met the fourth place Booth 4 squad. Annunciation took an early lead in the first quarter by a 6-2 score but Booth came right back in the second quarter to score 10 points while holding Annunciation to no score. In the third period Annunciation again gained control and scored 10 while Booth put in one lone free shot. The fourth period was also Annunciation's when they outscored 6-2 to win the first game of the Juvenile semi-finals.

Fitzgerald scored 10 for Annunciation and Amstutz did likewise for Booth 4.

**INTERMEDIATE**  
 Fashion—Haugan 9, Bill 9, Hebb 10, Smith, Hill 4, Walsh 6. Total—38.

**High School Gold**—McChesney 10, Ratchford 5, H. Blackaby, Kristmanson 4, Simonson 1, Letourneau 2, Nickerson, Morrison 2, Young 5, A. Blackaby. Total—30.

**JUNIOR**  
 Rupert Hotel—McFarlane 3, McIntosh, Smith 3, Stacey, Parnell, Sankey 2, McKal 11, Helin 1, Donaldson, Leighton. Total—20.

**Cook Jewellers**—Stewart, Eirickson, Hodgkinson 3, Jeffrey 2, Sedgewick 3, Findlay 6, Black, Wing. Total—14.

**JUVENILE**  
 Annunciation—Fitzgerald 10, Lyons 6, Dumas, Letourneau 2, Toth, W. Smith, Turcotte 2, Prystay, Bury 2. Total—22.

**Booth IV**—Amstutz 10, Strand 5, Nelson, Forward, Berg, Carlson, Davidson, McLeod. Total—15.

## Junior Scoring—

## One Player Dominates

Raynold McKay of Prince Rupert Hotel far outdid all other players for individual performance in the Junior Basketball League during the past season. He amassed the greatest number of points by a long margin over his nearest rival. His total was 155. He made the most points for any one player in a single game—20—also the most field goals in one game—nine.

The team to make the most points in one game was High School with 49. High School also making the most field goals in one game—21. Prince Rupert Hotel and Cooks made the most points in one game—61 between them.

The Junior League scoring records for the season were:

	FG	FT	Pts
Mackay (PRH)	70	15	155
Ciccone (HS)	39	9	87
Christensen (HS)	39	11	89
Mathews (HS)	27	17	71

## Assault Costs Richard \$500

MONTREAL (CP)—President Clarence Campbell of the National Hockey League gave the wings of high-flying Maurice (Rocket) Richard of the Montreal Canadiens a \$500 clipping yesterday.

The reason: Conduct prejudicial to the welfare of hockey.

The cause of the trouble was a scuffle in New York's Piccadilly Hotel on Sunday morning, March 4, when Richard, incensed over what he figured was an undeserved game misconduct penalty in Montreal the night before, grabbed Referee Hugh McLean by the neck or tie, being restrained from actual punch-tossing but blistering the air with bad language.

## Commissioner Out—

## Chandler Is Ousted

MIAMI BEACH, Florida (CP)—A. B. (Happy) Chandler lost his final bid for a new term as commissioner of organized baseball yesterday and indicated he might resign before his contract expires April 30, 1952.

Needing 12 votes for re-election, Chandler was able to muster only a 9-7 edge on a secret ballot at a meeting of the 16 Major League club owners.

Chandler was repudiated by the same count at a joint meeting last December 11.

"I will make no further effort to be elected commissioner," said Chandler. "It's definite that I am not going to be commissioner."

# SPORTS

## SPORT SHOTS

## Frank Almond Wins by TKO

Muscles, larynxes and posteriors well-enough oiled now, the Major-League teams have started the spring exhibition baseball schedule. Pitchers and catchers in Florida, Arizona and California have been rounding into shape since mid-February and should have a jump on the infielders and outfielders who weren't due to report until March 1, official opening date for the spring exercises.

The long exhibition schedule will see rookies and veteran minor-leaguers drawing most of the starting assignments. Many prospects will be cut from the squads before opening day in mid-April. Some will show enough to stay up for at least 30 days of the regular grind but only a few are expected to last through the campaign.

Two important changes in the spring exhibition grind this season involve the Brooklyn Dodgers and the world champions New York Yankees. The Dodgers will play 14 of their scheduled 18 games in the million dollar Miami, Fla., stadium at night. The Yanks switched training sites with the New York Giants this year, moving from St. Petersburg, Fla., to Phoenix, Ariz.

In addition to the rookies much interest will centre on the performances of Ted Williams and Lou Boudreau of the Red Sox, and Joe DiMaggio of the Yanks. All three are question marks. In the case of Williams the question is, "Has he recovered completely from the broken left elbow he got in last year's all star game?" The uncertainty about Boudreau is whether he will play as he did in 1948 when he snatched Cleveland to the world championship. The question about DiMaggio: "Is he completely cured of the bad injury that's bothered him in the last few seasons?"

Canadian Banks now hold \$4,700,000 in unclaimed bank balances awaiting proof of ownership.

VANCOUVER (CP)—Cool, methodical Frankie Almond, Vancouver, stabbed Oliver Breton, Toronto, into a bleeding heap Monday night to retain his Canadian featherweight boxing title.

Almond won by a technical knockout in the end of the eighth round of a scheduled 12-rounder. It was Almond's first defence of his title since he took it from Lou Alter, Montreal, a year ago.

Breton collapsed for an eight-count just before the end of the eighth. When the bell rang, the referee lifted Almond's arm.

SPORTSMAN M.P.—Frank Eaton Lennard, 58, is Progressive Conservative member of the Commons for Wentworth. He is a past president of the Canadian Rugby Union and the Ontario Rugby Football Union. First elected in 1935, he was defeated in the 1940 general election, but was returned in 1945 and 1949.

## First Car In— Mishap Here After Drive Thru Snow

Probably the first car to make it over the highway from Prince George to Prince Rupert this year came in to the city over the week-end.

"After punching the road between here and Terrace, I ran into an icy stretch just this side of Galloway Rapids bridge and slid into a rock bank," says John Walker, driver of the car.

Mr. Walker, a salesman, has travelled from the Fraser Valley to Prince Rupert by road. With snow recorded over six feet deep between here and Terrace, the highway has been officially closed since December.

Driving a modern Ford sedan, loaded with samples and using nobby tires, Walker "just made it under the line," said the department of public works here. They explained that the road might have been open for a bare 20 minutes in some places before it filled over with snow.

Expressing regret that, after having come so far without mishap, he should have suffered over \$100 damage when almost in Prince Rupert, Mr. Walker filed accident papers at the city detachment of the RCMP yesterday.

Although the car can still be driven, it is knocked out of line by a severe blow to the right front fender and frame, the driver said.

But Mr. Walker and his wife, who travelled with him, said that they are pleased to be back in Prince Rupert.

"It was 10 years ago since I was here last—and by just looking at the Daily News and other Prince Rupert business, I can see a lot of changes—almost unbelievable in 10 years' time," said the traveller.

He will have his car shipped south to Vancouver, where repairs will be made.

## "GOVERNMENT LIQUOR ACT"

(Section 25)  
NOTICE OF APPLICATION FOR  
CONSENT TO TRANSFER CLUB  
LICENSE TO OTHER PREMISES

NOTICE is hereby given that on the expiration of this advertisement, the undersigned intends to apply to the Liquor Control Board for consent to transfer Club License No. 2198, issued in respect of certain premises situated at the corner of 2nd Avenue West and 3rd Street, in the City of Prince Rupert, in the Province of British Columbia, upon lands described as Lots 1 and 2, Block 20, Section 1, Map 923, Prince Rupert Land Registration District, to certain premises situated at 312 Third Avenue West, in the City of Prince Rupert, Province of British Columbia, upon lands described as Lot No. 16, Block No. 20, Section 1, Map 923, Prince Rupert Land Registration District, in the Province of British Columbia.

DATED at Prince Rupert, British Columbia, this 1st day of March, 1951.

## What CITY COUNCIL Did

Tendered a vote of appreciation for speedy and efficient action of the Fire Department in the recent Third Avenue fire. Helpful citizens and RCMP were also thanked.

Approved re-zoning of First Avenue, Sixth to Eighth Street, from maximum density residential district to a minimum density commercial and industrial district.

Authorized purchase of lumber amounting to \$3000 from Prince Rupert Warehouse Company, and other materials for the public works department amounting to \$427.

Granted trade licences to Vera Morse, hairdressing, and R. F. Lovin, saw-filing.

Approved payment of \$514.87 for police work.

Decided not to comply with a request from Burnaby district that a person there receiving social assistance from Prince Rupert be given another \$2.66. Burnaby recently raised by five per cent the municipality's share of relief payment. They requested Prince Rupert comply with this increase for the one person residing in Burnaby but under social assistance from Prince Rupert.

Sold three lots totalling \$480. Appointed committee of Ald. T. D. Black, Ald. D. F. Fitch and Ald. H. S. Whalen to look after entertainment of Hon. T. A. Hislop, New Zealand's high commissioner to Canada, who arrives here March 20.

Tabled for study by finance committee estimates of the Public Library for \$6000 and a request from Prince Rupert Shrine Club Band for a grant of \$100.

Instructed City Clerk R. W. Long to write direct to the federal government inquiring about a promised grant in lieu of taxes for the grain elevator. Six months ago the government was billed \$12,000 as then instructed.

Decided to take half a page of advertising in a special industrial edition of the Daily News, to be published coincident with official opening of Columbia Cellulose Company pulp mill. Also took a page and a half of advertising with Canadian Pulp and Paper Industries, a trade magazine.

Instructed city clerk to write Central Mortgage and Housing what plans had materialized for housing in Prince Rupert.

Heard a suggestion by Ald. Doug Frizell that Hays Creek Bridge be replaced by a fill if such a plan was feasible.

## Teachers' Pensions Discussed

Legislation affecting British Columbia teachers' pensions to be brought up at the present session of the Legislature came under discussion at the meeting of Prince Rupert Teachers' Association Monday night.

The government proposes to reduce its contribution to the Pension from 7 per cent to 6 per cent because that fund has been shown recently by an actuary to be in a healthy condition. Teachers here and elsewhere in the province consider this a breach of faith on the part of the government. When the Pensions Act came into effect in 1940 Hon. John Hart, then Minister of Finance, said the government's contribution would be 7 per cent. Voluntarily, the teachers agreed to stabilize the fund by adding 1 per cent of their salaries. They have done this since that time. It is due partly to this action that the fund is now looked upon as if it had a surplus.

Teachers contend that pensions payable to retired teachers in British Columbia are at present entirely inadequate—indeed, the lowest paid to teachers in Canada. This Association resolved that there must be no thought of reducing contributions until the fund is able to pay adequate pensions.

The amount of the Government's contributions does not represent money actually paid out in present pensions, the teachers hold. It is a contribution to a reserve fund. The very existence of this reserve fund is of benefit to the government itself. The reserve is invested in British Columbia government bonds and this greatly facilitates the government's own financing and bolsters the province's credit position.

The meeting was advised that the local Teachers' Executive had

## Boom Boats For Skeena

Since the week-end two small boats left Prince Rupert Yacht Club floats with a roar and a swirl of white water behind them, headed for Watson Island. The 14-foot, all steel vessels are known as "boom-boats" and were built for one special purpose.

Skippers were Harold Budden, lately from Iron River, Vancouver Island, and Norm Carey, Terrace. Budden has handled this type of boat for several years "down south," he says, but those had wooden hulls.

"These steel tubs are about the handiest things I've seen," he said, leaning out of the cockpit with a grin. "They'll turn on a dime and give you change if it's the low draft on them, you know."

Budden, originally from Newfoundland where he built boats himself, explained how the boom boat was used. It was ideal for breaking up "jack-pots"—log jams—because "you can run into a pile of logs full speed ahead." Budden figured the boat would take the place of four to five men, saving a lot of pike-pole work.

Carey, the other skipper, has been operating a similar boat, all of them built in Prince Rupert since last summer. He's just as convinced of the worthiness of the little vessel.

Five boats of this type will be used by Columbia Cellulose Company to sort out and handle the millions of feet of logs they will use in their pulp mill operation.

telegraphed J. A. McRae, M.L.A. for Prince Rupert, and had his reply promising assistance in this matter.

**EDUCATION WEEK**  
R. H. Davidson reported on Education Week activities, emphasizing the co-operation his committee had received from local organizations and particularly from the Daily News and Radio Station CFPR.

G. R. Wietts, principal of Port Edward School, was present at the meeting and reported that 35 interested parents visited his school last Wednesday on Open House Day.

**B.C.T.F. CONVENTION**  
J. R. Wilson and L. E. Matthews of Booth Memorial High School, and Miss J. Barclay of Conrad Street School were appointed official delegates to the annual general meeting of the British Columbia Teachers' Federation to be held in Vancouver March 26-29.

Resolutions to be brought up at the convention were discussed and delegates instructed on use of proxies.

Chairman of the meeting was F. R. Wright.

## Premium Hike Is Protested

A motion of severe criticism against recent British Columbia Hospital Insurance premium increases was passed by the fishermen's local of the United Fishermen's & Allied Workers' union meeting Sunday.

Over 70 percent of the membership attended the meeting held in the Metropole Hall to discuss price demands for salmon this coming season.

"A fairly large increase over last year is expected," said R. L. Gardner, acting secretary, in the absence of Thomas Parkin, who is attending the southern convention. Definite word is expected on the new prices for net caught salmon following the provincial convention next Monday, the executive said.

In regard to the B.C. Hospital Insurance, Mr. Gardner said that it will most likely be discussed at the convention.

Paul Taraszer, president of the Shoreworkers' local, was in the chair in the absence of Clarence Callow, president of the fishermen's local.
