London Explains Meyer Release

Given Seven-Day Leave On Compassion Grounds

LONDON.—British authorities explained today that former German Major-General Kurt Meyer had been released from prison for seven days on urgent compassionate grounds. He had not seen his wife and family since 1942 and had a number of domestic matters to attend to. Prison regulations provided for such leave on urgent grounds, it was stated.

Tourists are Big Business

VANCOUVER (CP)—Hon. Leslie H. Eyres, minister of trade and industry, said Monday night that British Columbia's tourist industry, if handled properly, can be developed to where it will play a major role in "supporting a large percentage of our ever-growing Canadian population." He thought the province took the tourist industry "too casual-ly."

"It is true that it has no smoke stacks like our expanding industrial industries," he added, but, with careful guidance, "I believe it can be developed to a point where it will play a major role in supporting a large percentage of our ever-growing population."

In 1950 British Columbia's tourist revenue was conservatively estimated at \$60,000,000. Mr. Eyres detailed how the tourist dollar was spent in an average British Columbia community:

- Retail and department stores—25 cents.
- Restaurant and food stores—22 cents.
- Hotels, resorts and tourist camps—17 cents.
- Service stations and garages—12 cents.
- Movies, entertainment and recreation—9 cents.
- Train, steamship, motor coach and plane fares—7 cents.
- Refreshments and roadside purchases—5 cents.
- Novelties, souvenirs and incidentals—3 cents.

Tourist travel is a question of "bringing the market to the goods, rather than taking the goods to the market." Catering to tourists is similar to the exporting of any commodity. In providing the visitors with these goods and services it follows that there must be a second benefit to everyone—profit—for all the goods supplied and all the services rendered—those who provide them—the manufacturer, the wholesaler, the jobber and the retailer—each in turn makes his modest share of profit, which, when totalled, adds many millions of dollars to British Columbia's prosperity each year.

Another source of revenue from the industry seldom recognized is that accruing from the field of taxation. At every level this is an important factor.

STILL PREMIER—Leslie M. Frost, wearing a white fireman's helmet, waves to cheering crowds in his home town of Lindsay, Ont., during a victory parade following his re-election in Thursday's Ontario general election. The Progressive Conservative leader saw his party win 79 of the 90 seats in the province. (CP PHOTO)

Council For New Census

Co-operation of Service Clubs Sought—Criticism Resented

City of Prince Rupert will ask service clubs to co-operate on a voluntary basis to take a new census of the municipality. Question of the census figure—8,635—officially released by Ottawa, started a fiery session at last night's council meeting highlighted by Mayor H. F. Glassey's voiced resentment at criticism levelled at him personally.

Mayor Glassey was appointed census commissioner before his election as mayor.

Ald. T. B. Black, finance chairman, who introduced the question of the census, said that, according to domestic utilities accounts, there should be 9,000 people at least.

"And that is discounting those who reside in commercial premises," Ald. Black said that, if a higher population could be provided by names, "it would assist us financially to quite an extent," and he thought both provincial and federal government would recognize a new census.

Mayor Glassey said he knew that his enumerators—10 of them in the city—that been "very conscientious" and would not have missed names on purpose.

"I know some who have gone back to homes 10 to 15 times in order to find someone in."

"And I resent certain criticism and innuendoes which have appeared in the press and levelled against me, namely by Douglas Frizzell," Mr. Frizzell also had stated that his family wasn't listed in the census, said Mayor Glassey, referring to a story in the Daily News.

"I have affidavits that swear Mr. Frizzell's family was taken in the census."

The mayor said also he was not responsible personally for the census of the city itself.

Ald. George Hills said he thought "undue criticism" had been levelled at the council by a press editorial for last night was the first time council had opportunity to discuss the census.

Fire-Blast In Montreal

MONTREAL (CP)—More than 25 persons were injured Monday when an explosion, swiftly following an outbreak of fire, ripped open the front of a mid-town building and blew some of the injured through to the sidewalk. Pedestrians were knocked down by the blast and showered with debris.

Ambulances took 25 persons to hospitals. Some were released after treatment for burns, cuts and shock.

The cause of the fire in a stationery and printing shop was not established but an explosion is believed to have been set off by build-up of smoke and fumes or when the fire reached an oil stove.

Heavy falling snow and the five o'clock homeward rush hour hampered the firefighters in their work.

Liberals Win In Newfoundland

ST. JOHN'S, Newfoundland.—Liberals have won six seats in which counting has been completed following the general provincial election yesterday. The Liberals are leading in another.

The government won four of 25 seats by acclamation.

Stormy weather with a 65-mile an hour gale has delayed the gathering up of the ballot boxes which must be assembled at a central point in each riding before counting can commence.

It may be late in the week before it is definitely decided whether Premier Joseph Smallwood's government is re-elected.

US Sulphur Gets Scarce

MONTREAL (CP)—Arrangements have been made for sulphur supplies from the United States to maintain Canadian newspaper production for at least the first quarter of 1952. Canada's newspaper production director announced Monday. No reduction during that period is contemplated.

R. M. Fowler, director of the Pulp and Paper Division, Department of Defence Production, said that 1952, particularly the first six months, appears the most critical for sulphur supplies.

Much of Canada's defence effort is "closely related" to the defence program of the United States and a major part of American requirements of newsprint and chemical pulp, comes from Canada.

Egyptians Throw Acid

ISMAILIA—British soldiers in the Suez Canal zone are wearing eye shields today after Egyptian terrorists yesterday threw oil in their faces.

Tragedy at Alert Bay

One Fisherman Drowned And Another Missing

VANCOUVER (CP)—Body of a log comb, drowned during the week-end storms which lashed coastal waters, has been recovered on a remote beach and the Royal Canadian Mounted Police at Alert Bay searched today for his missing companion, also feared drowned.

Part of a dinghy and a small gillnet were found beside the body of George Macdonald, aged 34, at Mitchell Island, when it was washed ashore at Donegal Head, Malcolm Island, near Alert Bay.

Still missing is Barry Belveal, also of Mitchell Island.

Czech Vice-Premier Out

Former Communist Hatchet Man Arrested for "Activities Against State"

LONDON (CP)—Moscow-trained Rudolf Slansky, one-time hatchet man of Czechoslovak communism, has been fired as vice-premier and arrested for "activities against the state," the Prague radio announced today.

Arrest of Slansky was ordered by Communist President Klement Gottwald at the suggestion of Premier Antonin Zapotocky, the announcement said.

"Investigation into activities of subversive groups" brought out the facts which convicted Slansky, it was stated.

Slansky was removed from his job as secretary-general of the Communist party in Czechoslovakia last September in a move by western observers to Moscow orders to Czech Communists to tighten ranks against inroads of Titoism.

Truce Talks Strike Snag

MUNSEAN—A snag has developed in the Korean truce negotiations over the supervision of the cease fire agreement.

United Nations negotiators demanded inspection privilege behind the Communist lines so that no invasion army could be built up.

The Communists object.

St. Thomas Hotel Fire

ST. THOMAS—The Talbot Hotel here was destroyed by an early morning fire Sunday with damage estimated at \$300,000. Guests were asleep when the fire started but all got out safely, it is believed, although six were injured.

Iran Would Sell Oil to Russia

TEHRAN.—If the western nations will not buy Iranian oil, this country will sell to the Soviet bloc, Premier Mossadegh's right-hand man, Hussein Fatemi, said today.

Fatemi accompanied Mossadegh on his recent unsuccessful trip to the United States to try to get oil contracts.

R. E. Gladding left on today's plane for a business trip to Vancouver.

WEATHER

Synopsis
The third in a series of Pacific storms moved inland over the north coast last night and the south coast this morning, causing southeast winds of 40 miles per hour with gusts from 60 to 80 miles per hour ahead of it. Moderate winds are expected along the coast today and tomorrow. Skies will be cloudy both days with some decrease in shower activity for tomorrow. In the interior skies will be cloudy today and tomorrow. Rain showers are expected in the southern section today with mixed rain and snow in the Cariboo and Prince George districts.

Forecast
North Coast Region—Cloudy with showers today and tomorrow. Little change in temperature. Wind—Southwest (20) today, west (15) tomorrow. Low tonight and high tomorrow—Port Hardy, Sandspit and Prince Rupert—38 and 45.

To Discipline Police Officers

VANCOUVER (CP)—Disciplinary action will be taken against police officers who did not notify a man of his son's death although they knew the man's identity, Mayor Fred Hume said Monday night.

A police commission meeting was called by Mayor Hume after William C. Down of suburban Burnaby accused police of "gross negligence" in not contacting him.

Down's son, 28-year-old David Courtenay Down, was pronounced dead on arrival at hospital June 13.

To Run for Mayoralty

Ald. Harold Whalen and Ald. H. M. Daggett resigned at city council last night in order to enter the mayoralty race in the December 13 civic elections. Resignations are effective December 31.

This makes six aldermanic seats vacant.

Meanwhile, two aldermen, of the four whose terms expire at the end of this year, will remain in the race. Ald. Mike Krueger announced today he would run for a two-year term and Ald. George Casey again will be a candidate.

Ald. T. B. Black said he would "definitely not run again."

Ald. Don Fitch said he was "quite sure" he would not be a candidate.

No other candidates have declared their intentions as yet although it is reported the CCF is planning a slate.

Mayor H. F. Glassey announces he will seek re-election.

Lower Pension Age Advocated

OTTAWA (CP)—Universal pensions for all at the age of 65 without a means test were advocated yesterday in the House of Commons by Leon David Crestoal, Liberal, Montreal-Carrier. Stanley Knowles, CCF, Winnipeg, agreed.

Sees St. Lawrence as World's Industrial Centre and Canadian Population of Thirty Millions

Forecasting a population of 30 million people in Canada, W. C. R. Jones, plant manager of the Columbia Cellulose Co., predicted last night that the industrial centre of the world in 50 years would be in the St. Lawrence River area following the heavy and power development there and the full utilization of the great natural resources of the area.

Who Will Supply Power?

Following is another of a series of articles designed to help the Daily News readers a better understanding of what is before them when they vote in the city plebiscite tomorrow night: Are you in favor of asking B.C. Power Commission to supply electric energy to this area? These articles will give you the views of Northern B.C. Power Company Ltd., of Prince Rupert, and the Commission.

One thing is certain—an extra power plant will have to be built to take care of an upward surge in electrical energy demand in Prince Rupert "regardless of who builds it," says Tom Johnstone, assistant secretary-treasurer of Northern B.C. Power Co. Ltd.

As demand of power in Prince Rupert is surging, we can see the demand now, but it is not clear how long it will last. The demand could be do so within a few years if this demand keeps growing. We can't see any change in trend," said Mr. Johnstone.

"The Falls River hydro project is working at full capacity, and as the Shawatians Lake dam is augmented at peak loads, we are unable to supply the diesel plant to supply the 6,000 horsepower."

Northern B.C. Power Co. was launched on a new power plant.

Such a plan, he said, would mean that a transmission line would have to be completed between Kitimat and Falls River so that extra power could be switched in when needed. But whether it would be possible to erect such a transmission line due to the difficult terrain, would depend on the survey.

"Of course, all future plans will depend on the way the people vote," said Mr. Black.

Meanwhile, a city alderman who has fought for several years for a chance to ask the B.C. Power Commission here, outlined...

Civic Interest Needed

CIVIC nomination day is less than ten days distant and two weeks from this Thursday the election will take place.

But there is a deplorable lack of interest. Two mayoralty candidates are definitely in the field and at least two more names are being prominently mentioned.

Nobody seems to be taking much interest in the aldermanic contest and that is too bad because one alderman is just about as important as the mayor in directing the serious business of the city.

The mayor might be called the front man (or woman) of the city and, in view of that, it is, of course, important that we have a good, capable, personable mayor with executive ability and personality.

But the mayor has to answer to his council. That is why it is important there should be good timber individually in the council which really decides the policy of the city and to considerable extent directs it.

It is all very well to criticize the city council, talking about what it does or does not do. Some of those who are the loudest in their criticism are, we have noted, those who are the most diffident about getting in there and taking a hand in the work.

So it is important that we should have good material not only on the city council but on the very important school board as well as the parks board which also is in a position to do very important work for the city.

It is to be hoped that good men will enlist themselves in the conduct of city affairs by offering their candidature.

Then when election day comes it is also desirable that there should be a big turn-out of citizens to express their preferences.

However, if we do not have some advance enthusiasm as can only be occasioned by good, healthy discussion among the candidates, there is little chance of enthusiasm at the polls.

It is indeed too bad that, with the rising importance of this city and the many civic problems that beset it, there is not a more active interest in the highly important business of civic government.

We may think our own personal and business affairs demand all our time and attention but we should also remember that, as goes the business of the community, so goes our own business.

It is to be hoped the next few days will see a lively awakening of interest in civic affairs.

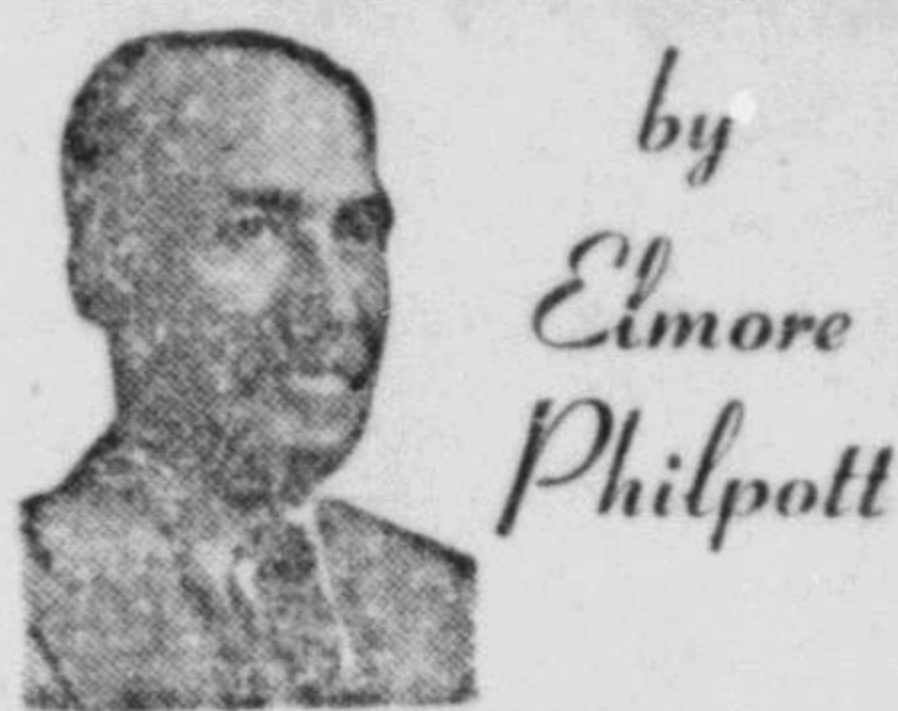

Why Peace Delay?

IT is a little difficult to understand, if the cease-fire line can be settled and tacitly agreed upon as the line of demarcation after the armistice in Korea, why it should be necessary for the hostilities to go on for another 30 days, even if they are on a reduced basis.

It seems like going on with the killing and wounding after the most important part of the argument has been settled. If that is one of the formalities of modern warfare, it seems ridiculous.

Of course the truce and the armistice may not mean an end to the great ideological warfare of which Korea is only a small part. But the cold war will never be settled as long as the hot war goes on.

As I See It

Nix on Price Fix?

MANUFACTURERS are descending on Ottawa like angry bees these days. For our parliament is toying with the idea of passing a law saying, in effect, "Nix on price fix."

For once, I am on the side of SOME of the manufacturers—not all. For it seems to me you just can't say no manufacturer may fix the price at which the retailer is to sell his product. There are two sides to this story.

IT IS 30 years since I began to write in Canadian newspapers. In that whole time all the different papers for which I have written have been subject to the keenest competition. Yet the selling price of the papers was always printed on page one and I fancy any newsie who tried to sell those papers for less than the going rate would have had a hard time getting a future supply.

Before that I sold vacuum cleaners, from factory to dealers. We charged the retailer about \$50 for the machine no sold to the public at \$75. We would not permit any retailer to sell for less than the going rate—for obviously that would have worked havoc amongst all the other dealers. Yet we faced fierce, steady competition every day.

One wouldn't think political affairs in a distant country and a far-away province could have any bearing on affairs in B.C. But they do. People have a tendency to get on the bandwagon. It's odd, but it's true. British Columbia isn't going to have a dull minute from now until election day, whenever that will be.

VICTORIA REPORT

... by J. K. Nesbitt

Herb Anscomb Happy—Coalition Split and Election by September

VICTORIA.—Conservative Leader Herb Anscomb is walking in the clouds these days. He can hardly believe all the wonderful news—Winston Churchill and his Conservatives back in power in Britain; the Conservative party of Ontario swept back into office with a tremendous majority.

Anscomb's positive now that his B.C. Conservatives will sweep the province at the next general election.

Meanwhile he's doing lots of spade work, repairing his political fences, telling his followers to get out and organize and be all ready for the fight. It would appear he's doing a better job of organizing than the Liberals who are bickering and fighting among themselves.

The talk in legislative corridors now is that the Coalition will go through next session, make an attempt to get back in the good graces of the public (throw out the Milk Board, remove the ban on coloring of margarine, fix up hospital insurance). The Liberals and Conservatives will then split up and go their separate ways to the polls in a general election about September.

It must be admitted Herb Anscomb has reason for buoyancy as he looks at Britain and Ontario. Just the same, this observer would bet (if he had any money) that the Liberals, under Boss Johnson, will be able to take the government in the next provincial general election.

Really down-hearted these days are the CCF'ers. They don't admit it in public, being always hopeful that their cause will win in the end. But the practical wiping out of the CCF from Ontario has been a bad blow. The Socialist defeat in Britain, too, was a great disappointment to the CCF.

One wouldn't think political affairs in a distant country and a far-away province could have any bearing on affairs in B.C. But they do. People have a tendency to get on the bandwagon. It's odd, but it's true. British Columbia isn't going to have a dull minute from now until election day, whenever that will be.

Were You Missed in 1951 Enumeration?

The Daily News check on the 1951 census, which is being challenged for its short count of 8,465, may prove useful as a basis in any new count which may be made to find city residents who were missed by the enumerators.

People who were missed are being asked to communicate the omission with as little delay as possible so that basis may be established for the contention that there was a serious short count. The city has enlisted the co-operation of service clubs in a new count.

LETTERBOX

SEATTLE APPRECIATION Editor, Daily News: From the mad vortex of fevered commercialism in whose enslavement struggles this rich American metropolis of Seattle, Washington, it was heartening to read in your Daily News of November 13 the timely editorial entitled "Killing Christmas." Not many little papers in this country would so dare flaunt their principles in the face of an insatiable and ever-encroaching commercialism that would make of Christian aspiration a ribald mockery and of our greatly-vaunted democracy but another victim to the fever of human greed. So, thanks again for the editorial. And I hope that you will continue to print material not entirely enslaved to the loud-sung dictates of the dollar. "Thou shalt have no other gods before me."

Further about "Killing Christ-

PROTECTION AGAINST INFLATION. Ask your Investment Dealer for the above folder and prospectus of I CANADIAN INVESTMENT FUND. CALVIN BULLOCK Ltd.

Then \$17.00 an ounce!

Ninety-three years ago, Queen's University, Kingston, gave a medal to its first graduate in chemistry. The medal was made of aluminum—which then cost \$17.00 an ounce.

Today aluminum costs only slightly over one cent an ounce.

The price has been brought down by mass production in huge plants using the electrolytic process discovered twenty-eight years after the Queen's medal was presented.

By developing some of Canada's waterpower, previously running to waste, Alcan has succeeded in making this country the world's most efficient producer of aluminum, giving employment to many thousands of Canadians and through exports of "packaged power" aiding Canadians in acquiring the imports needed here. Aluminum Company of Canada, Ltd. (Alcan).

mas" I am enclosing an item from the Seattle Times of this day November 25. Here is an item so pertinent to the situation that it might read well as a follow-up to your earlier piece on the editorial page. All best wishes to the Prince Rupert Daily News. A paper serving an emerging community that has behind it one of the most richly endowed regions that remains largely unravaged and undestroyed by the rapacious hand of man. If you are able to cherish and protect clean northwest country unbridled acquisition has lain waste the great indeed will be a good-wiser counsel it would find than to go on with this world there is everyone's need—enough for everyone. PHIL PRICHARD 1412 Summit St. Seattle, 22, W.

When you add it all up

WHEN you consider the men, women and money needed to operate 3,700 branches you see what is involved in looking after the greatly increased demands made by Canadians upon their chartered banks.

In ten years... with bigger staffs and higher wages, payrolls have jumped from \$40 million a year to \$102 million

... taxes, federal, provincial and municipal, have risen from \$9.5 million to \$20.7 million a year

... interest paid to depositors has increased from \$22 million to \$57.8 million a year.

And these are only three of many expenses. Yes, today more than ever, it costs money to run a bank.

One of a series by your bank

Happy Christmas Darling!

And with love... from Mother and Dad... a very special present, her own bank book showing a Christmas deposit.

Think about giving the "Juniors" at your house a "Commerce" account of their own. You'll see what a happy gift it is. Your teen-agers will feel so grown-up and important. You'll know what a good gift it is—a personal account encourages them to save for what they want.

Remember, money-wise boys and girls are more understanding of their parents' planning, better prepared for their own future responsibilities.

It's simple when you know

Canada Sees French Art Exhibit

MONTREAL — France, long recognized in the fashion world, now has taken a bow in arts and handicraft.

Some 3,000 objets d'art, including items ranging from jewelry and accessories to ceramics, tapestries, silverware and stained glass, are on exhibition here until November 29.

Referendum Goes Thru

Final adoption of the power referendum bylaw was given by city council last night but not without stiff opposition. Voting was three against, four in favor with Ald. T. B. Black, general manager of Northern B. C. Power Co. Ltd., not voting.

Aldermen Harold Whalen, Mike Krueger and Don Fitch opposed the referendum on the grounds that it was "arbitrary and gave the people no choice."

Referendum will ask people at the December 13 elections whether they are in favor of the B. C. Power Commission supplying power to Prince Rupert following expiration of the power company's franchise in March, 1954.

Ald. Black also spoke against the referendum. He said he was speaking as an alderman, when he said:

"The Public Utilities Commission governs the rates of any private utility company but it does not govern the rates for the B. C. Power Commission. When the Commission's rates are set, you have to accept them. You have no choice, nor any court of appeal."

"The service of the Commission also has suffered in areas where it operates. And I'm sure the Northern B. C. Power Co. can supply power cheaper than the Commission."

Ald. Krueger wanted wording of the referendum changed. He wanted a provision in it whereby the city could negotiate with "any other company" besides the Commission.

Ald. H. M. Daggett, utilities chairman, who introduced the bylaw, would not consider this. Ald. George Casey called the opposition views "delaying tactics."

Asked Ald. Whalen: "Why is Ald. Daggett then so inconsistent? He has a bargaining clause in the telephone referendum."

The telephone referendum asks citizens whether the city shall open negotiations "with Automatic Electric (Canada) Ltd. or any other company..." Ald. Daggett said he did not word the telephone bylaw.

Formerly in Fish Employ

Before the late Ernest Fred Read became employed by the local theatres, he was in the service of the Pacific Fisheries and the B. C. Fisheries in 1911 and 1912, and for a while he worked for the Post Office. After this he became permanently identified with the theatres.

His home was in or near Grimsby, England. He was a nephew of Sir Geo. Moody, prominent in the fishing industry, in which business his father also held a foremost position.

Timely RECIPES

ELEGANT WALDORF SALAD

- 1/2 cup roasted blanched almonds
- 2 cups diced apple
- 1 cup sliced celery
- 1/2 cup whipping cream
- 2 tablespoons lemon juice
- 2 teaspoons granulated sugar
- 2 tablespoons mayonnaise
- 1/2 teaspoon salt
- 1/2 teaspoon grated orange rind

Letuce cups
Chop almonds coarsely or split into halves. Combine apple, celery and almonds, reserving a few almonds for garnish. Whip cream until stiff and blend in lemon juice, sugar, mayonnaise, salt and rind. Pour over apple mixture and toss lightly. Serve in lettuce cups. Sprinkle with reserved almonds. Serves 4 to 6.

Mrs. Fred Waring Compares Blue Bonnet — Likes It Best

Mrs. Fred Waring wants to share a discovery with you. Compare BLUE BONNET Margarine with any spread at any price. Like the wife of the famous band leader, you'll love the delicate, sunny-sweet flavor of this fine-quality all vegetable margarine. You'll appreciate BLUE BONNET's nutrition. And you'll welcome its real economy! So buy BLUE BONNET and get "all 3" — Flavor! Nutrition! Economy! Use it in cooking, on vegetables, as a delicious spread.

BLUE BONNET Margarine is sold in two types — regular economy package with color water, and also in the famous YELLOW QUICK bag for fast, easy color.

Higher Taxi Fares Sought

An application for higher taxi fares from Prince Rupert Taxi Owners' Association was referred by city council last night to the police and licensing committee for report.

Taxi owners ask for 25-cent increase, upping minimum fares from 50 to 75 cents.

This application stipulates a request that this rate be a minimum and a maximum for city trips, "so that no taxi can cut rates."
Costs of operation are nearly double since the 50-cent rate was fixed in 1947, the association claims. President H. L. Knutsen submitted the request supported by 15 signatures. Some taxi operators here do not belong to the association.

Flaky COFFEE CAKES

These toothsome Flaky Coffee Cakes are a sample of the superb results you get with new Fleischmann's Fast Rising Dry Yeast! No more anxiety about yeast cakes that stale and weaken! Fleischmann's new Dry Yeast keeps full strength, fast-acting without refrigeration — get a month's supply!

FLAXY COFFEE CAKES
● Scald 2/3 c cream, 2 tbs. granulated sugar, 1 tsp. salt and 3/4 c. shortening; cool to lukewarm. Measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar, stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes. THEN stir well.

Add cooled cream mixture and stir in 3 well-beaten eggs. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 1/2 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Mix 3/4 c. granulated sugar and 2 tps. ground cinnamon; sprinkle half of this mixture on baking board. Divide dough into 2 equal portions and turn out one portion onto prepared board. Roll out into a 12" square; fold from back to front and from one side to the other. Repeat rolling and folding 3 more times, flouring board lightly if it becomes sticky. Seal edges of folded dough and place in a greased 8" square cake pan and pat out to fit the pan; butter top lightly and press walnut halves well into the dough. Sprinkle remaining sugar and cinnamon mixture on board and treat second portion of dough same as first portion. Cover and let rise until doubled in bulk. Bake in a moderate oven, 350°, 15 mins. while preparing the following syrup; simmer together for 5 mins. 1 c. granulated sugar, 1 1/2 tps. grated orange rind, 1/4 c. butter or margarine and 1/4 c. orange juice. Quickly pour hot syrup over the 2 partially-baked cakes and bake cakes about 15 mins. longer. Stand baked cakes on cake coolers for 20 minutes, then loosen edges and gently shake from pans.

EASTERN BEAUTIES—Not to be outdone by the pretty western girls who came east to cheer the Saskatchewan team to victory, eastern cheerleaders were included in the Grey Cup parade in Toronto Saturday. This is one of the Toronto floats with Toronto and district cheerleaders aboard. (CP PHOTO)

Women Cagers To Pay Chile Visit

WICHITA, Kansas. — A picked United States team is slated to compete in the first women's basketball world championships in Chile in March.

Mrs. Irvin Van Blarcom, national women's basketball chairman for the Amateur Athletic Union, said "we will probably select the strongest team of the current season to represent the United States."

MISS GREY CUP—She's never roped a steer nor harvested wheat but Myrtle Bainbridge, 17-year-old Regina student, looks mighty appealing under that stetson. As Miss Saskatchewan Roughriders, she won out over seven other contestants for the Miss Grey Cup title and was crowned during half-time ceremonies at the game in Toronto Saturday. (CP PHOTO)

Canadians In Hitler's Barracks

(By DOUGLAS HOW) Canadian Press Staff Writer

WITH THE CANADIANS IN GERMANY — Thanks to Hitler, Canadian soldiers have never lived in better barracks or surroundings than their new quarters in Germany.

The Fuehrer built them after 1933 in line with his prophecy that the Third Reich would live 1,000 years and on the theory that nothing was too good for the forces that would make his dream come true.

Canada has nothing like them, British officers say they haven't either. Canada built her war-time barracks to last for 15 years. Hitler built his to last far longer than that, and he built them superbly.

It is not only the quality of the buildings but the neatness and the character of the grounds themselves that have impressed the 27th Brigade soldiers who have inherited them from British occupation troops.

The buildings are large, handsome, four-storey grey structures of stone and cement with red-tile roofs. The main Canadian base is on the northeastern outskirts of Hannover but officers say the other quarters at various places over a general area of 40 to 50 miles are just as good and just as permanent.

At the Hannover base, where nearly half of the 5,500 men will be garrisoned, there are about 25 of these buildings in a barracks area that even in wet, black November is trim and attractive.

Here and at the other places British engineers and German

Five Committees Formed by Curling Club

First work on the refrigeration unit for the new curling rink has begun as welders are cutting and joining the lengths. The 16,000 feet of two-inch iron pipe will provide enough ice for a three-sheet rink, according to plans provided by the Curling Club.

Meanwhile, the following committees have been appointed for administration:

Finance and membership—Earl Gordon, chairman; Scott McLaren, sub-chairman; R. Rudolph, E. Gladding and M. Gormely.

Ice and house committee—Dr. L. M. Greene, chairman; A. Wales, R. Collinson, J. Lindsay and W. G. Murray.

Draw and competitions committee—Jack Laurie, chairman; R. Evans, W. Jennings, G. Mitchell, J. Scott.

Umpire and rules committee—T. G. Bateman, chairman; R. Jones, W. Landon, Dr. R. E. Whitmore, J. Webster, G. C. Soames.

Special construction committee—Joint chairmen, Harold Thom, refrigeration, and William McKenzie, construction; E. Boulter, co-ordinator; M. Mathews, L. Eby, J. Barbour, V. Grant, A. Burnip, E. Elkins, G. Martin, G. Holliston and E. Barr.

Switch in Fight Card Line-up

There has been another change in the Prince George boxing line-up, due here to meet Prince Rupert boxers in the Elks' fight card November 30. Two entries from Wells, B.C., cannot come, says Nick Schmeling, Prince George trainer, and he has replaced them.

In place of Ray Fogarty, Elks' Charlie Place will fight Ben "Farmer" McEwan, 138 pounds. Replacing "Chubby" Stacey's opponent will be Roy Davies, 149 pounds.

Elks' trainer and matchmaker Joe Ward has included the following two bouts in preliminaries:

Dick Bury vs. Billy Watmough, both 80 pounds; Billy Saunders vs. Lloyd Prystay, both 60 pounds.

Remember when?

The late Eddie Gerard, formerly a noted Ottawa hockey star, accepted terms 27 years ago to become the first coach of the newly-formed Montreal Maroons entry in the National Hockey League. The Maroons retired from the league in 1938, having won the Stanley Cup in 1926 and 1935.

Port Royal in Jamaica in past centuries was a notorious headquarters for pirates and buccaniers.

Grain Ship Skipper is Given Hat

Captain Kunio Mishima, of the Japanese freighter Kiokawa-Maru loading grain here, will be wearing his new hat at "big occasions" back in Japan. It's the hat Prince Rupert Chamber of Commerce presented him with Sunday afternoon as a token of welcome.

A delegation of Mayor H. F. Glassey, Chamber Vice-President T. Norton Youngs and George Mitchell made the presentation aboard ship at 3 p.m. Capt. Mishima extended the hospitality of his ship and said he expected to return, perhaps in February. The Kiokawa Maru will sail from here to Los Angeles to fuel, then return to Japan.

Meanwhile, S. Komori, representing the grain buyers, C. Itoh & Co. Ltd., says five more cargoes have been bought by his company and he expects two ships will arrive next month.

Loading of the ship from the grain elevator began at 2 p.m. yesterday. It will take some 20 hours to load, not including interruptions due to tides.

Loading isn't possible at high tides, say elevator officials.

Vessel for Kitimat Run

To serve in freight and passenger carrying from Prince Rupert to the Aluminum Co. of Canada projects at Kitimat and Kemano, the former fisheries patrol vessel Nitinat is now on her way up the coast from Vancouver. In command is Capt. John Vosper, veteran master of steam and sail.

Capt. Vosper, who served in many famous sailing vessels during his younger days, has recently been in command of Canadian Transport Co. vessels.

The Nitinat, in addition to carrying freight, has been licensed to carry fifty passengers.

She is being operated by the Morrison-Knutsen contracting concern.

To Break Ice To Alcan Job

An ice-breaker will be put into service by Morrison-Knutsen, contractors, to keep river mouth waters open this winter in the Douglas Channel and Gardner Canal area as the great Alcan developments continue.

The ice-breaker will be the veteran Petrol. She was built in 1906 at Victoria. The Petrol will be used in general towing work.

AERIAL RECORD?

CORDOBA, Argentina (Reuters)—The instructor of the Aero Club of the town of Huinca Renanco, Senor Maciel, claims to have set a world's record for looping the loop. He made 1,090 consecutive loops in a Piper Cub plane.

Endako Women's Institute Elects

ENDAKO—North Fraser Women's Institute, meeting at the home of Mrs. F. Johnson, elected Mrs. Ponsford as president.

Other officers are:
Vice-President—Mrs. H. Foote.
Secretary—Mrs. P. Leslie.
Directors—Mrs. C. Hickenbotham, Mrs. Leslie and Mrs. Plozman.

Entertainment committee—Mrs. Hickenbotham, Mrs. J. Johnson and Mrs. C. Plozman.

An enjoyable afternoon included serving of delicious refreshments.

The North Fraser Lake Women's Institute includes members from North Fraser, Fraser Lake and Endako.

Smallest Park is Tiny Indeed

Mrs. E. Vann in her "Central Interior Diary," made a statement recently about the smallest park being in Burns Lake. The smallest park is in Moncton, New Brunswick. This park is on the main street and is 18 inches square. It is planted with grass and flowers and called Stanley Park in honor of one of the city's policemen, Stanley Richard.

Rats Arouse Garbage Men

Unless something is done soon about the rat menace here it is likely the city will find itself without a domestic garbage collection service.

This was indicated last night by Angus Gillis, superintendent of garbage collection, who laid a complaint of rats in garbage cans to mayor and aldermen after city council meeting.

"Our men don't want to go on working at this job with rats crawling all over them," said Mr. Gillis, after he told how rats—as many as six at one time—infested garbage cans throughout the city.

"When a man picks up a garbage can, takes off the lid and a rat jumps out at him—it's not a very comfortable feeling. My men asked me to appear here to lay a complaint. And I don't blame them."

To support Mr. Gillis, a garbage collector showed aldermen a tin can in which there were three dead rats. These he had killed that morning, he said, before emptying a garbage can.

"But there were six of them in the can—the others got away."

Aldermen realized the seriousness of the situation.

CO-OPERATION NEEDED

"The only way we can combat this menace is with the assistance and co-operation of the public," said Ald. T. B. Black.

Mr. Gillis suggested several points householders might follow to co-operate with garbage collectors: Cans should be scrubbed or rinsed, then sprinkled on the inside with kerosene, stove oil, or creolin. This method, he thought, would help to keep rats away.

Householders should make sure to keep lids fastened.

Mr. Gillis also mentioned the problem of water in the cans following a rain when lids have been left off. Both these problems could be remedied if lids were securely fastened.

Mayor H. F. Glassey assured Mr. Gillis of the co-operation of the city. Ald. Don Fitch, chairman of the health and licensing, said his committee would work with the board of works on the matter.

GROWING PAINS

STEVENAGE, England (C)—One of Britain's model "new towns," this Hertfordshire community, has a labor problem. It is short of men to collect garbage since rents are high and garbage collectors are paid only £7 a week.

BIG CHIEF

Jupiter was chief of all the gods in Roman mythology, the lord of the heavens who punished offenders with his thunderbolts.

Indian Mine Takes Claims

Directors of Indian Mines, whose property has now been connected with the Silbak-Premier mill, advise they have decided to acquire for the company three additional claims and one fraction which are known to carry the extension of the ore zone to the north. The acquisition is protected by option agreement. The additional claims comprise Payroll No. 3 and 4, Boundary 2 and the Missing Link fraction.

Henry L. Hill, consulting engineer, has reported that the Indian ore zone, some 3000 feet north of the Indian tunnels, has been developed by a number of open cuts spaced over a length of 400 feet. On basis of samples assayed by Silbak-Premier, Mr. Hill has stated:

"Values on the Payroll claims indicate the Indian ore zone is apparently continuous and contains good values some 3000 feet north of the Indian workings."

Masset Band Master Buried

MASSET—Rev. Montagu S. Young, local Anglican rector, conducted the funeral at Old Masset of George Price who passed away recently at Prince Rupert General Hospital and whose remains were brought here aboard the motor vessel Adelaide J., Capt. Peter Jones.

Deceased had been bandmaster of the Masset Concert Band which was in attendance at the service.

Endako News

The Hotel Annan, now owned and operated by Mr. and Mrs. W. Minogue, has been remodelled and renovated. Considerable improvements have been made to dining room and men's and ladies' tavern.

Eleven witnesses were called to Prince George yesterday for the Thorsen preliminary murder hearing.

Robert Mavoy has returned to his duties as operator for the Canadian National Railways at the station here.

Erling Berg is moving his sawmill from Fraser Lake to Latin Lake, north of Endako.

Anyone old enough to be called to fight in Korea should not be penalized for drinking a glass of beer and that seems a sound conclusion. Anyway, it's what Judge F. J. Smith of Oakland, Cal., who suspended sentence against 19-year-old Bill Diaz, says. "To me," says the judge, "it's odd that young men are old enough at 18 to be drafted and sent to Korea to fight and maybe die, yet they are not old enough to drink beer here." California's legal drinking age is 21.

ST. LAWRENCE
(Continued from page 1)

French-Canadian people. As for himself, he had never found them to be anything but hospitable and friendly, co-operative in industry and business. Sometimes uncharitable remarks were heard about the French-Canadians but he could say they would always go half-way.

"There is no need to worry about working with the French-Canadians. They are no problem unless you want to make it one."

Possibly, there was lack of understanding by those who rely did not know the French-Canadians.

Mr. Jones contrasted the current "hardships" of having to await the completion of an apartment building or living for a while in a basement with the adventures which the pioneers of Canada had to endure and concluded with: "How fortunate to be in a country that has so many undeveloped possibilities and opportunities both east and west as Canada has today."

Fred Conrad, who had been elected president of the Men's Club during the evening in succession to Robert Eby, was in the chair.

Mr. Jones was introduced by M. E. Martin and thanked by Andrew Wyatt.

A guest of the evening was Robert Armour of Kimberley. Serving of refreshments and a social hour brought the proceedings to a close.

Bogart Rugged As Test Pilot

Humphrey Bogart plays the part of an intrepid jet plane test pilot in the up-to-date action picture "Chain Lightning" which comes to the Capitol Theatre here this Wednesday and Thursday.

Providing the love interest is beautiful Eleanor Parker who plays the part of a Red Cross girl in England who meets Bogart, an Army pilot during war. When, after the war, talents are needed to test the fastest type of fighter plane, Bogart is called to his first great film action.

Humphrey is his usual rugged self. He and Miss Parker supported by Raymond Massey and Richard Whorf in lead roles.
