## Hunters Rescued From Week-end Flash Flood

### Three Feet of Water Came Over Highway At Some Points Near Prudhomme Lake

A hunting trip was thwarted and three men were frightened but uninjured by a flash flood in Prudhomme Lake area Friday night which reached as much as three feet of water over highway at some places.

Ray Jonason, CNR bus driver for Columbia Cellulose Co., a man with a cast leg using crutches were on the flooded road at 11 p.m. Friday which called the police constables and a party with a boat, who until 3 a.m. Saturday to the stranded trio to the

men's plight was first seen by Richard Kraupner, 72, with his wife on a boat near the lake, and with his brother-in-law, Mrs. Hugo Kraupner, aided the trio with crutches and worded directions to reach dry land.

Mr. Kraupner, he heard cries for help from the direction of the road. It was hard and storming night it was our son Hugo who had come for his father is visiting us here," Kraupner Saturday.

Hugo Kraupner and the man with a flashlight and crutches and they themselves wading well over the knees." The Cayuga bridge they were struggling figures, being another, on crutches, tied to them and found as not Hugo."

by the flashlight Mr. was carrying, all three to reach dry land after through the icy waters than half a mile.

While the elder Mrs. called Prince Rupert on the radiotelephone in the house. Unable to speak in English, she just cried "The operator called Kraupner, after determining the source of the emergency

Kraupner telephoned a friend, Terry McNeice, works officials also were called. A boat was obtained from Warden Ed Martin, the rescue party set out for the scene.

ing the boat through the water, aided by the crew who waded into the water with flashlights, reached the end of the area, which stretched about a mile." There they men, still in the water, in that darkness, with rain down in buckets, it seemed miles," McNeice said

RESCUED  
Jonason, who had been in the Kraupner house, the boat finally rowed back to whence they were taken. Continued on page 5.

# Suez Situation Called Dangerous

INDIAN CEREMONY—Ritual dances and songs of Vancouver Island Indians featured visit of Princess Elizabeth and the Duke of Edinburgh to Thunderbird Park in Victoria. Royal couple is seen in the stands as braves danced in an lent masks carved and painted to represent lightning snake and thunderbird, figures in tribal mythology. (CP PHOTO)

## Election Near Says Anscorb

DUNCAN.—Minister of Finance Herbert Anscorb told a meeting here that an election in British Columbia was "not very far off."

Anscorb was speaking to a meeting of the Nanaimo Progressive-Conservative Association.

The Conservative leader in the coalition government said that poll captains are to be appointed immediately and plans are being made for a "close-knit, active and extensive organization for the election."

## Smooth Over With Winch

Premier Assures CCF Leader Of Government Co-operation With BCHS Inquiry Board

VICTORIA (CP)—Premier Johnson gave Opposition leader Harold Winch assurance today that the hospital insurance inquiry board will receive complete co-operation from now until the spring session of the Legislature.

Winch had a lengthy meeting with the premier Monday during which the CCF leader told him "in my opinion the board has been sabotaged in its work."

## Franchot Tone Spits in Lady's Face—Is Jailed

HOLLYWOOD, Cal. —Franchot Tone, movie actor, was jailed today, accused of spitting in the face of movie columnist Florabel Muir.

The incident occurred at Ciro's Club. Miss Muir told police that Tone said: "I am so mad, I could spit in your face. As a matter of fact, I will."

## Delicate Political Air Over Hospital Insurance

VICTORIA (CP)—In a front page story, the Victoria Daily Times today says that a delicate situation has been created on the British Columbia political scene as a result of a sharp clash between the Legislature's special hospital insurance inquiry board and the provincial cabinet.

## Turnbull Is Not Quitting

VICTORIA.—Hon. A. D. Turnbull, minister of health and welfare, said yesterday that he had given no consideration to resigning.

The young minister also denied reports that a group of Liberal members of the cabinet had asked him to refrain from making further statements in regard to hospital insurance.

The statement of the minister came after Harold Winch, CCF leader of the Opposition, had said that the minister should resign or call for the resignation of the inquiry board of the Legislature which had criticized, in its interim report, the operation of BCHS. Winch said it had found conditions "without rhyme or reason."

## Atom Blast Is Biggest

LAS VEGAS (CP)—The third atomic detonation in the Atomic Energy Commission's current test series—a bright glow in the sky northwest of here—went off at 7 a.m. It was the largest in the present series.

It was a double blast that could be heard 60 miles away. A minute after the flash, a column of mushrooming cloud shot into the sky.

No shock was felt in Las Vegas although at points farther removed it shook buildings.

## Montreal All Out

Canada's Largest City Gives Greatest Reception to Royal Couple

MONTREAL.—Canada's greatest city went all out today and gave Princess Elizabeth and the Duke of Edinburgh the greatest welcome so far in the royal tour.

It was a tumultuous reception such as only a vast and cosmopolitan community like this can accord. Two million people, it is estimated, gathered in the city.

The arrival at Dorval airport was followed by a 14-mile drive through the various towns along the way, culminating with the arrival at Windsor Hotel, the royal headquarters during the stay here.

The royal couple dined privately and their only activity of the evening was attendance at a National Hockey League game, specially timed for the occasion, when the Canadiens defeated the New York Rangers 6 to 1.

## Feel of Winter in Morning Air

Early this morning saw a sky full of glittering stars and skims of ice over every pool, as well as an air sharp enough to encourage brisk walking, in case one didn't feel like driving the car. It is not skating time but it appears to be gradually working that way although the weather man predicts a change and rain by tonight.

## Britain Moving More Forces to Middle East

LONDON (CP)—Great Britain has ordered the Third Infantry Division to the Middle East and the aircraft carriers Illustrious and Triumph are on the stand-by to assist in movement of forces to the Suez area if necessary.

Sir George Erskine, British general, said that the situation was dangerous and instructed the troops to handle the situation with firmness and reasonably.

## Communists Stiffening

UNITED STATES EIGHTH ARMY HEADQUARTERS IN KOREA —Fresh Chinese defenders still-armed Allied tanks and infantry probing around battered Kumsong Monday and launched furious attacks of their own near the Korean central road centre.

Elsewhere in Korea United Nations forces gained less than one mile on the eastern and western fronts.

Four Allied tanks prowled into "No Man's Land" city of Kumsong again Monday and ran into heavy Red mortar fire. They turned back toward Allied lines.

At least one new division of Chinese fighters has been moved into the Kumsong area for stiffening defence.

## Deadlock in Korea

MUNSAN —A new and long-drawn out deadlock confronted Korean truce negotiators today unless they can come up with an unexpected quick answer to the snarled question of where to draw the buffer zone.

The current series of talks, which began smoothly late Thursday after a 64-day suspension, appear to be slipping rapidly into the old pattern of uncomplaining haggling.

A three-and-a-half hour session Monday at the wayside village of Panmunjon was described by the United Nations command as "fruitless."

The Allies have proposed a buffer zone 2½ miles wide along the present line of battle contact, mostly well inside North Korea.

The Reds demand a zone of varying width that would require Allied troops to retire southward five to fifteen miles.

## Government Sympathetic

Ootsa Lake People Not Given Cold Shoulder, Says Kenney

VICTORIA.—Hon. E. T. Kenney, minister of lands and forests, in a statement yesterday said that the government was very sympathetic with Ootsa Lake settlers who are appealing for better treatment from Aluminium Co. of Canada in connection with flooding of their lands.

However, Mr. Kenney said that reports that the Ootsa Lake people had been given the cold shoulder by the government were wrong. This was the first time they had asked the government for help in getting better treatment.

## WEATHER

Synopsis  
A polar air mass covered all of western Canada this morning. Clear skies prevail in most regions of British Columbia but some cloudiness persists in the southern and southeastern interior. A little snow fell in the valley of the Kootenay—the only precipitation in the province. Sharp frost occurred in the central interior regions and ground frost touched Vancouver Island and the lower mainland. A very weak disturbance in the Gulf of Alaska will bring some increase in cloudiness to the Queen Charlottes but it is unlikely to extend over much of the mainland. Southern coast and all interior regions are expected to remain relatively clear.

Forecast  
North coast region—Clear this morning, clouding over during the afternoon. Variable cloudiness tonight. Cloudy Wednesday, not quite so cold tonight. Winds light, increasing to southeast (15) near the Queen Charlottes this afternoon. Lows tonight and highs Wednesday—at Port Hardy 35 and 48; Sandspit 40 and 48; Prince Rupert 32 and 40.

## Barge Blast Kills Seven

BUFFALO —At least seven men were killed and five are missing today after a collision of three vessels in Buffalo Harbor.

The freighter Penobscott rammed a loaded oil barge, the Morania, and the barge exploded, showered the freighter and a tug which was pushing the barge.

Embargo on Meat Urged  
OTTAWA (CP)—The federal government was told yesterday that an embargo on Canadian meat exports to the United States and larger loans to farmers for production improvements could help to reduce the cost of living in this country.

## Survive Plane Crash After Hanging Night Upside Down

PORT TOWNSEND, Washington (CP)—Two persons were found alive and two others were dead in the wreckage of a plane missing Sunday night on a flight from Bellingham to Seattle.

Pilot Richard George Mortensen, aged 33, of Seattle died in the crash as did his son, Russell, 8.

FEWER TOURISTS  
OSLO (CP)—Preliminary estimates made by the central bureau of statistics reveal that for the first eight months of 1951 persons visiting Norway from other countries totalled 396,387 compared with 413,849 in the corresponding period last year.

Larry Stanwood left today by air for Vancouver on private business.

A Little Rain, So What?

FIVE inches of rain in thirty-six hours was quite a little precipitation but it went off our backs like it's supposed to do off the back of the proverbial duck. And who suffered much anyway, even if a few people had an anxious time for a while as they got trapped on the highway?

Still and all, Prince Rupert does not know and never has known the shock of really damaging floods —not even like they had once in Winnipeg, another time in the Fraser Valley and which seem to be regular occurrences in some parts of Eastern Canada and the United States.

Yes, it was probably about the worst rainstorm we ever had but still we are singularly blessed in our weather.

And, after that exceedingly fine summer, something that even more vaunting parts of British Columbia could envy, why should we complain about a few big rainstorms and even a few cold winter days?

They all go for meteorological variety. It would be just as monotonous if we had all sunshine as if we had all rain. We can thank the weatherman for interesting fare.

BCHIS Quarrel

EVIDENTLY, it is not all a happy family in Victoria over the matter of British Columbia Hospital Insurance Service. The special inquiry board has presented a unanimous report and the minister, Mr. Turnbull, has chosen to show some sarcastic indignation over some of it, notwithstanding the fact that the majority of the members of the inquiry board were coalitionists.

In spite of the latest quarrel, however, the minister still expresses assurance that the Act will yet work out with satisfaction to all parties concerned, particularly the large majority of the hospitals which feel they have been done badly by.

The public are already impatient. A few months, unless things start working pretty well, the minister and the government will really be on the spot.

LETTERBOX

"KIDS" ON STREET

Editor, Daily News:  
The letter by an Eighth Avenue East mother, prompts me to write another which I promise to be the last.  
To say they aren't allowed out on the street until the age of three, is a flat falsehood. I've walked down the street and seen the grimy little things with runny noses, not a day over a year. Often, it would take only a little elbow grease on the part of the man of the house to put a fence of some sort around the yard. But, oh no, their children are just not that important to them.

Saturday's letter suggested I look around me. Of the 21 families with children, in my vicinity, 5 mothers work. If only they could see what their offspring do while they're away. I'm sure they would stay home and look after them. There is one family out of these 21, which has well taken care of children. That's about the percentage for all of Prince Rupert—5%.

I laughed outright at the Parent Teacher President who is

GRATEFUL TO RESCUERS

Editor, Daily News:  
In your Saturday edition of the Daily News, you carry a story of three unidentified travellers that were stranded in the flood waters near the Prudhomme Lake district. And after a two day rest, myself and the two other "unidentified travellers" wish, through the medium of your paper, thank those kind and courageous people who saved our lives.

To the Kraupners go our heartfelt thanks and appreciation for their assistance in guiding us to higher ground and eventually to communicate our difficulties to the police at Prince Rupert and Port Edward. As one of us was on crutches with a broken leg it would have been hopeless to swim either way without the assistance of the RCMP.

These gentlemen waded and swam nearly a mile and a half over the flooded road to get to us and after getting us to safety, went back once again to assist others across the flooded area.

I wish to make sure that these

VICTORIA REPORT

... by J. K. Nesbitt

Taking Notes in Premier's Office—Why Politicians Are in Bad Repute

Most heated argument in the recent old-age pension session of the Legislature was between Premier Johnson and Coalition rebel W. A. C. Bennett. Mr. Bennett said that a recent delegation to see the Premier who called it cheap, had not been allowed to write down what the Premier said in his office to the delegation. This statement enraged the Premier who called it cheap, adding that it was just the kind of cheapness everyone would expect Mr. Bennett to indulge in. All this brought up an interesting point. Should delegations to see the Premier and cabinet ministers be allowed to sit around taking down everything that's said? This observer thinks they shouldn't. Not that what the Premier and cabinet ministers say is usually confidential. It isn't. It's public business. But wouldn't it be downright rude if you went to see a business man and sat across his desk from him taking copious notes? Of course it would. The Premier is quite right when he won't permit such note-taking in his office. He told the House that if there's to be any note-taking in

Reflects and Reminisces

NOT MINUTE'S DELAY

Mrs. Margaret Burnett, shopping in New York on September 25, took time to give a pint of blood. Then she drank coffee and went home. The bottle of whole blood was numbered 727-11A and sent to Korea. Pvt. Richard Gilley, wounded on October 4, needed whole blood and it was

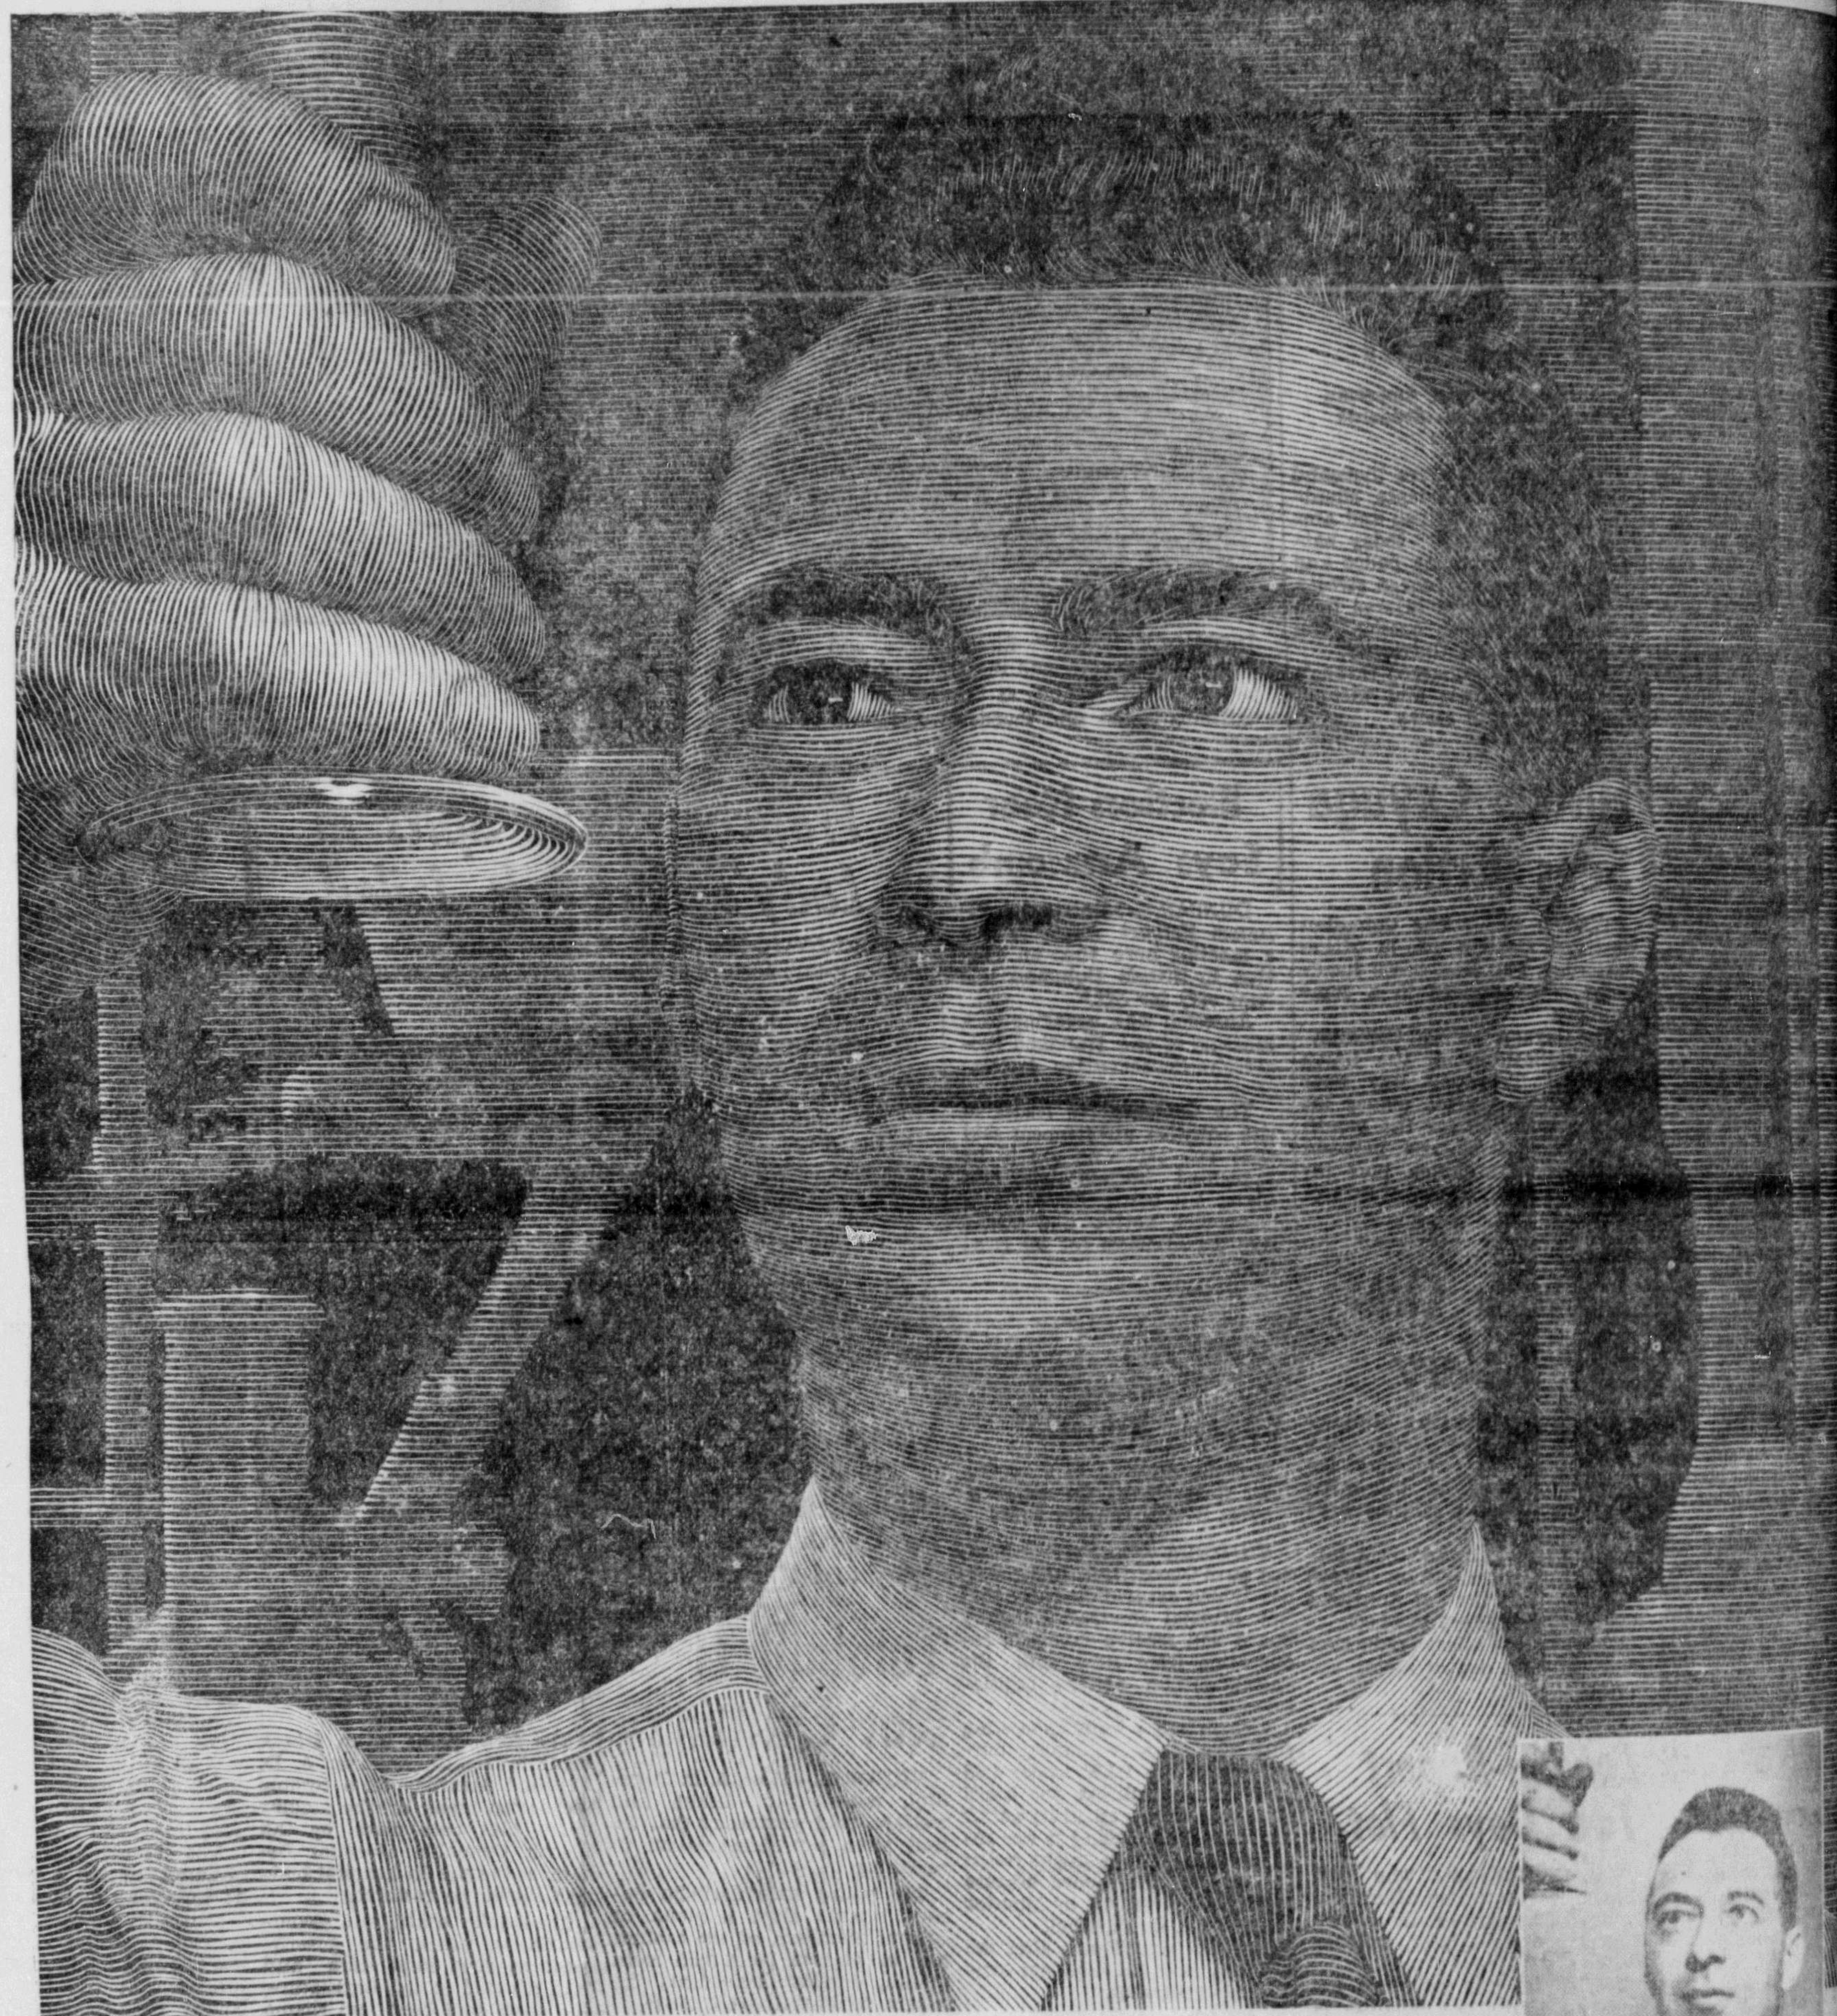

given him at once. It was drained from a bottle just delivered and numbered 727-11A. Half way around the world in nine days!

NOT THAT DESPERATE

Every day, somewhere, there are strikes, wage scale arguments, overtime disputes, job stoppages and other kinds of industrial differences. However, why weep? We're not back on the twelve to fourteen-hour basis for a dollar a day. Yet, it was that way once.

Now that Royalty has left the west, the press feel it is timely to remind the brass hats of what the newspapers had expected but did not receive. All they asked

for was opportunity to hear—which was made operation but given in a duty doubly difficult sense of snobbishness. FEELING IMPATIENT We're fed up! Let's go Gibraltar to North Atlantic twenty-five minutes from Europe with the revel in another civilized tourists see relief on their hands shepherds tending the caravans going to the (Continued on page 4)

\*MR. MARCEL TREMPÉ . . .

Mr. Trempe, I understand you are a regular purchaser of Canada Savings Bonds. Why do you buy them?  
They're all for my boys, later on.

Did you buy your bonds at work? I mean from deductions from your pay?

No, I bought them from my bank. I transferred the money from my savings account into Canada Savings Bonds. I always work to a budget for the sake of my family; that is, so much is for living expenses, so much for clothing, and so much for recreation and vacation, and so much for savings. I think Canada Savings Bonds provide the best way to save. I paid cash for my bonds and they are there, safe, for when I need them.

Do you figure they will come in handy in case of sickness in the family, or perhaps to help you in your old age?

Not for me. I have the hospital plan for sickness and accident protection, and the old age pension

plan, too. No, I have all that. My Canada Savings Bonds are all for my boys, for their education. The interest from the bonds will help with the expenses of ordinary schooling, and then the bonds themselves will provide the money for the boys to go to university. I want them to have the best, and with the bonds, I am budgeting for it now.

NOW BETTER THAN EVER

- Canada Savings Bonds—6th Series—mature in 10 years and 9 months from date of issue and bear ten 3 1/2% coupons. The first coupon covers 1 year and 9 months and is payable on August 1st, 1953; subsequent coupons come due August 1st yearly thereafter until maturity. If cashed before August 1st, 1953, simple interest is paid at 2% per year, calculated monthly. If held to maturity the overall yield is equivalent to 3.21% per year. The limit for holdings in any one name is \$5,000 in the 6th Series. The bonds are cashable at full face value, plus interest at any time at any bank in Canada. They are registered in the owner's name. They are non-assignable and non-transferable.

\*Mr. Marcel Trempe, at 31, is the father of three small boys of pre-school age. Mr. Trempe and his pretty brunette wife live in a smartly furnished upper flat at 1651 Lajoie Street, a pleasant suburban avenue in Trois Rivières, Quebec. Mr. Trempe is a laboratory technician working on production controls in the Wayagamack paper-making plant, a job he has held for ten years. He is one of more than a million Canadians who save regularly with Canada Savings Bonds.

forty children get-train here, being Hazelton. They are in two special coaches escorted by Wallace the local Indian office escort from the agency.

children who left Hazelton are principally from River villages and would have gone to the school at Edmonton ready to receive

## Moose Enjoy Celebration

Members of the Moose Lodge celebrated Mooseheart Day Friday night with cards and dancing in an atmosphere of friendship and good will. Of the 17 tables engaged in cards, winners were:

Ladies—Mrs. Nancy Kennedy, first; Mrs. Gertrude Haugan, second.

Men—H. Deane Freeman, first; and E. McGlashan, second. Pool was won by Mrs. Pearl Horne, of Vancouver.

Dancing was enjoyed to the music of Mrs. Anda McDonald, piano, and Mrs. Dorothy Thomas, accordion. Several solos were rendered by Mrs. J. Andrew for added entertainment.

## Funeral Of Little Girl

Funeral of Hester Bertha Stewart, five-year-old daughter of Mr. and Mrs. Matthew Stewart, Port Edward and Kinloch, who died last Monday in New Westminster, was held this afternoon. Body arrived by boat Sunday.

Services from Granville Funeral Chapel were conducted by Rev. Basil S. Prockter.

## Air Passengers

To Vancouver (today) — C. Wells, K. Gamble, C. P. Root, Miss M. Atkinson, Mrs. Ostby, Mr. Empey, P. Husoy, V. Miller, A. Young, D. C. Coen, A. MacDonald, Mr. Jenks, L. Stanwood.

To Sandspit (today) — W. McKinnon.

## Personals

J. B. Scott returned to the city on last evening's delayed train from a trip to Terrace on Forest Branch business.

Indian Superintendent F. E. Anfild returned to the city on the Princess Louise Saturday afternoon from a business trip to Juneau.

Dr. Joseph T. Mandy, who has been spending the past week at Stewart on mining consulting business, arrived in the city on the Coquitlam this morning from the north and will proceed by train to Usk and Terrace.

Mr. and Mrs. David Jones and child, who have been in Vancouver for the past few weeks, are expected back by the weekend. Noel Jones, who was recently operated on in Vancouver, is understood to be still in Victoria.

Oscar I. Smith, collector of customs at Prince Rupert, and Mrs. Smith are on vacation in Victoria. They arrived there about in time to experience plenty of rain, as well as gales. Weather, in fact, has been unsettled for quite a while.

## SMALL START

Historic records show Canada had a population of 79 whites and an unknown number of natives in 1604.

## Increase For Nurses Here

Prince Rupert General Hospital nurses will get a basic salary increase of \$20 a month beginning January 1, 1952. The raise to \$210 was approved last night by a meeting of the hospital board.

The subject was brought up when a letter was read from Prince George hospital saying it intended raising nurses' salaries there to \$200. But now that Vancouver General Hospital has approved \$200 basic salary for its nurses, the board felt the \$10 "Northern differential" should be adhered to. Yearly increments amount to \$10 for these years.

Nurses here are not organized for bargaining for wage rates, said D. C. Stevenson, hospital administrator.

"They have never asked us for a raise. The board has always beat them to the punch."

Three registered technicians employed at the hospital—a dietitian, X-ray and laboratory technicians—will receive the same raise.

Meanwhile, a committee of T. W. Brown, C. A. Berner and Earl Gordon was appointed to negotiate a new wage agreement with operating engineers, to have power to act within "the reasonable limits of the cost of living."

## Funeral Of Little Girl

Funeral of Hester Bertha Stewart, five-year-old daughter of Mr. and Mrs. Matthew Stewart, Port Edward and Kinloch, who died last Monday in New Westminster, was held this afternoon. Body arrived by boat Sunday.

Services from Granville Funeral Chapel were conducted by Rev. Basil S. Prockter.

## Peanut Day Washed Out

Heavy rain Saturday spoiled the plan of city Kinsmen to hold a Peanut Day for funds to provide Halloween entertainment for children.

"But what's that? We'll have the parties anyway," said President Stan Saville today. Yesterday, a dozen members spent several hours collecting wood for the three bonfires which will be held at Conrad Street School, Gyro Park and Totem Park Wednesday night.

"It rains practically every time the Kinsmen want to do anything," said another member, Bill Long, this morning.

"Our May Days are rained out, it has rained every Peanut Day and yesterday was the first day it didn't rain when we were gathering wood," he summed up.

But all are hopeful that Halloween night may be a dry one, following the week-end down-pour.

## BIG PROJECT

The first pipeline for carrying crude oil from Alberta to the lakehead, 1,127 miles, was completed in less than 150 days.

## Emily Kimbrough Compares Blue Bonnet —It's Her Favorite!

BLUE BONNET Margarine is sold in two types—regular economy package with color water, and also in the famous YELLOW QUIK bag for fast, easy color.

## Winding Up Drive

Thirty Thousand Dollars Still Needed for Hospital

With \$45,000 now collected, Prince Rupert General Hospital Modernization Fund is still \$30,000 short of its objective. This was revealed at a campaign night of canvassers and committee personnel with the hospital board, Dr. L. M. Greene gave a "pop talk."

"We must redouble our efforts to get this campaign over the top," said Cliff Ham, campaign chairman, as Secretary Doug Stevenson released figures which showed 12 canvassers had still to report on 80 city businesses.

The committee will "bend every effort" to finish its canvassing this week.

"We have to get into the swim and clean this up, once and for all," Cliff Ham, campaign manager, said. He called on canvassers to turn in the balance of their reports—"about 50 per cent"—by the end of the week.

"The top of our objective is well in sight if the balance of the merchants and business houses come through like the others have done."

Don Ritchie, one of the canvassers, said the main difficulty to overcome in selling this campaign to people was the "hurdle of the B.C. Hospital Insurance system."

"A lot of people think that because they pay hospital insurance the hospital is no longer theirs."

"But they are so wrong. It is

our hospital and always will be our hospital. No one outside the community cares about our hospital. If we want a modern, up-to-date and efficient hospital, we will have to look after it ourselves."

Oxygen tents and tanks, for example, were at the top of the priority list. "Every available tent is now in use. What would happen if we suddenly got two or three pneumonia patients? We'd have to turn to makeshift equipment."

Mattresses and operating equipment were included in a similar shortage, he said.

Dr. Greene also suggested canvassers convey to the businessmen and merchants that Prince Rupert should no longer be considered as a "branch office to Vancouver."

If patients couldn't get the service they required here they would go to Vancouver and Prince Rupert as a whole would suffer a loss, "for each additional person added to the community helps us all."

Canvassers will report the results of their contacts, of which 80 are still left to call on, by next Friday. A survey of the campaign situation will be made that night by a meeting of the hospital board.

A special vote of thanks was given to Peter Wong and Mrs. Eva Wong for their efficient work in canvassing the Chinese population of the city, which contributed more than \$3000 to the fund.

## MORE DONORS

Following is a second list of donors:

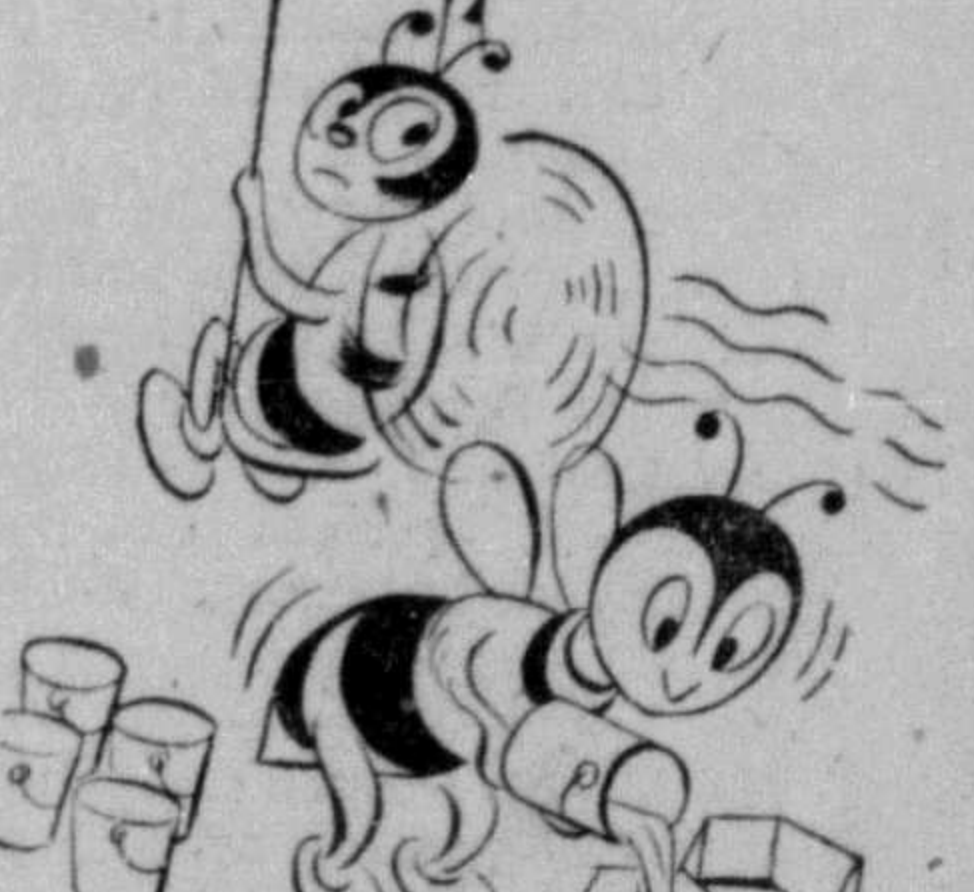

W. J. Aider, \$25; Prince Rupert Florists, \$40; Quality Store, \$25;

## BELATED LESSON

CLINTON HILL, Surrey, Eng. (CP)—When she was 87 Elizabeth Allen learned for the first time to cook by gas instead of on an oil stove. Now 90, Miss Allen still does her own housework and can even run after a bus. The local vicar describes her as a "wonderful old lady."

Conserving  
BEE POWER

If you were a bee, you could, as bees do, use your wings as a fan to cool the house. But while bees are busy ventilating, they can't be gathering honey. So hives with aluminum roofs (ten to fifteen degrees cooler) make bees more efficient. Some day aluminum houses may do the same for housewives.

Aluminum is an ideal insulator for hives—and homes. This is one of a dozen reasons why the demand for aluminum is growing so rapidly, and why we are building new plants and powerhouses to make more aluminum. Aluminum Company of Canada, Ltd. (Alcan).

**WEATHER DIRECTION**

Apart from occasional storms, Canada's climate is dominated by general movement of the atmosphere from west and north-west.

**MAGIC GEM**

The ancients believed that the emerald had strange powers and when placed under the tongue gave a person powers of foresight.

## New Swiss Discovery F "99"

for Eczemas, Boils, Psoriasis, Leg Ulcers

Discoverer of F "99"

**THE DISCOVERY** of one of the main causes of skin diseases will bring new health and happiness to thousands of people suffering from Eczemas, Boils, Leg Ulcers and Psoriasis. Science has established that the lack of unsaturated fatty acids in nutrition reduces the natural resistance of the body and leads to skin disease. As this precious substance—so essential to skin health—is often completely absent in modern food, the number of skin sufferers in all civilized countries has a tendency to increase every year.

**Remarkable Discovery**  
A Swiss chemist, Dr. W. Schmitz, succeeded after 10 years of research work in extracting from pure vegetable oils an unsaturated fatty acid with a concentration of 99% and therefore named F "99". Thanks to this very high purity which was never attained up to now, F "99" is so readily absorbed into the blood stream, that it has a decisive biological activity in the treatment of skin diseases. Its remarkable efficiency has astonished even Skin Specialists of international reputation.

**Natural way to clear up skin troubles**  
F "99" is not a synthetic drug but a concentrate of natural nutritive substances. It is absolutely harmless and may be given even to infants without any hesitation.

As its name suggests, the F "99" Two-Way Treatment acts internally (capsules or liquid) and externally (ointment). While F "99" Ointment treats the external symptoms, F "99" capsules give the body the power to suppress the cause to combat successfully Eczemas, Boils, Leg Ulcers and even Psoriasis. To many thousands of skin sufferers all over the world, F "99" Two-Way Treatment has already proved its tremendous value.

**How to use F "99" Two-Way Treatment**  
Eczemas . . . . . F "99" Capsules and Ointment  
Children's Eczemas . . . . . F "99" Liquid and Ointment  
Boils (Furunculosis) . . . . . F "99" Capsules and Ointment  
Leg Ulcers . . . . . F "99" Capsules and Ointment  
Psoriasis . . . . . F "99" Capsules and Ointment

\* If in doubt, consult your doctor.

## F "99"

Two-Way Treatment for Skin Diseases

Now available at all Drug Stores

Illustrated F "99" Booklet containing all the interesting facts concerning this remarkable new Swiss Discovery which brings new hope to all skin sufferers, can be obtained free of charge from any druggist.

Diva-Laboratories, Dept. 622, P.O. Box 116, Victoria, B.C.

### "Headache?..take a Disprin"

**Science Progresses**

For 50 years we have used little white tablets—acetylsalicylic acid—for relief of pain. Today this familiar pain-killer is available in a new form without the disadvantages of acidity, insolubility and bitter taste. It is called "DISPRIN" and is sold at druggists everywhere.

"DISPRIN" is available in Bottles of 26 tablets or Handy Pocket Folders of 8.

Why DISPRIN? Because DISPRIN is soluble and substantially neutral. When taken in water as recommended, it enters the stomach as a true solution and not as undissolved particles. It is therefore less liable to cause stomach discomfort.

DISPRIN is readily absorbed. Because it definitely dissolves (not merely disintegrates) DISPRIN permits speedy absorption and gives fast relief. DISPRIN is palatable. Even children will take it readily.

## Crisis on Telephones

City's Communications Are Rapidly "Deteriorating"

With more than 500 telephones in the city out of order, the city's communication system is fast deteriorating, and "we haven't started to locate the main source

of trouble yet," Eric James, telephone superintendent said today. "Line's out of order" is a monotonous phrase at the telephone exchange.

Several cables have been repaired, but phones are still going out all over the city, he said. Heavy rainfall over last week-end has soaked the cables, many of which are leaking due to age.

Meanwhile, the full crew of linemen are working overtime to trace the troubles and effect repairs.

MacLEOD, Alta. ©—Mr. and Mrs. Harry Maunsell, the second couple ever to be married in Lethbridge, have just celebrated their 65th wedding anniversary. Mr. Maunsell is 92 and his wife is 87.

## Interior Men Joining Navy

Men of Central British Columbia are showing a great interest in the Navy, says Lt. Noel Langham, staff officer of HMCS Chatham, following his return from a recruiting tour to Prince George and other points.

Twelve applications for permanent force RCN were received and "many others were most interested," Lt. Langham said today.

Meanwhile, nine women who have applied for reserve service with the newly opened WRCN branch are attending parades each Thursday. Official approval of their acceptance is expected soon from Ottawa, after which they will be attested here.

## SPORTS

### Basketball Saturday

First league games in this year's basketball season will be played next Saturday with a three-act show starring a junior, intermediate and senior bout. The season's schedule is being drawn up now by Sports Director Fred Calderoni.

Saturday will feature Manson's vs Maple Leafs, juniors; Hi-Green vs Fraser & Payne, intermediates, and Gordon & Anderson vs Elks, seniors.

### Remember when?

Vince Dundee won a 15-round decision over French-Canadian Lou Brouillard for the world middleweight boxing championship at Boston 19 years ago tonight. Brouillard had held the title only two months since knocking out Ben Jeby, and Dundee himself lost it within a year to Teddy Yarosz.

### HUNTERS RESCUED

(Continued from page 1)

by McNeice back into Prince Rupert.

Jonson is a CNR bus driver whose bus veered from the road after striking a soft edge, then sheering off its side against a cliff. Jonson was returning from the scene of the accident in a car which had given him a lift.

Meanwhile, W. C. R. Jones, Columbia Cellulose mill manager, was directing removal of stop-logs in the Kloyah Creek dam over which poured the raging waters of Prudhomme, swollen to flood level by the torrential rains.

The flood, said Mr. Jones, had risen very suddenly. At 5 p.m. Friday, there was no water on the road and he had found out that two hours later, cars had passed.

"We estimate the flood to have risen over the road at about 8 p.m.," he said.

Flood level, said Mr. Jones, was 95 feet above sea-level. According to his figures, the water did not rise beyond 96 feet, 10 inches.

Saturday at noon, a Columbia Cellulose truck driven by Henry Vandeheide and Mr. Cuthbertson, with Mr. Jones and Bill Dibbon wading ahead of it to determine extent of the road, drove through the flooded area to the Kraupner house to bring back Mr. and Mrs. Len Garner and six-year-old son Billy who had been prevented from returning to Prince Rupert and had stayed the night with the Kraupners.

The Garners left that night for Smithers on a hunting trip. They were forced to return when they encountered a mountain-side on the highway near Tye.

The car was loaded on the truck and, on the return trip, the flood stranded car from which the three men escaped was towed in to dry land at the Kloyah Dam road.

### EXTENT OF FLOOD

The highway was intermittently covered with water from that point to a point half a mile east of Diana Creek bridge where water was deepest—about three feet. Cabins along the lakeshore were flooded to the windowsills and one cabin was turned on its side.

Public Works Department reports the road today in passable condition, but the highway is still closed due to slides and washouts further east.

Water began receding rapidly Saturday noon and by nightfall had left the road.

## CNR Purchases Quebec Line

Takes Over Link in Quebec to Murray Bay Railway

MONTREAL — The Canadian National Railways at the week-end bought the 26-mile Montmorency division of the Quebec Railway, Light and Power Co. In 1947 the Canadian National Railways acquired the portion of the line running from St. Joachim to Cap Tourmente, a distance of five miles.

The line purchased by the CNR represents the balance of the original road.

The price paid was \$750,000. Transfer of ownership is effective November 1.

The acquisition gives the CNR north shore rail line running 100 miles from Quebec to Miramichi via Montmorency Falls, St. Anne de Beaupre and Miramichi Bay.

The line is well known to thousands of tourists who have travelled over it to the shrine at St. Anne de Beaupre, to resorts at Miramichi Bay and other points along the north shore. In operation for 82 years, the line was incorporated originally

## Stewart Legion Installation

Bishop Gibson To Be There for Armistice Day

STEWART—Installation of officers of the Stewart Branch, Canadian Legion, took place in the club rooms on Friday with Fast President Don Norton as installing officer. Installed were:

President—Roy Sharp.  
First Vice-President—Mel Genge.  
Second Vice-President—Johnny McKenna.  
Chaplain—W. Shields Orr.  
Secretary-Treasurer—Jack Bouzek.  
Sergeant-at-Arms—Sam Kirkpatrick.  
Executive—Felix Hunger of Premier, Casey Williams of Hyder and Louis Behrens of Stewart.

After the installation ceremony the women of the Auxiliary joined the men in a social evening.

Cribbage was played and the women again beat the men by a score of 8495 to 8366. Individual winners were Mrs. L. A. Behrens, first; Mrs. J. Bouzek, consolation; W. J. Crawford, men's first; Sam Kirkpatrick, consolation.

Harry Bennett announced that Very Rev. J. B. Gibson, Bishop of Caledonia, would be in Stewart for Remembrance Day, November 11 and it was decided that the members of the branch attend the evening service in St. Mark's Anglican Church as a unit.

## PEROW NOTES

Mr. and Mrs. Marsolais are newcomers to Perow where Mr. Marsolais is operating a sawmill in partnership with his brother-in-law, R. Fontaine.

Ivor Olson had his car badly damaged in a collision on the highway near the school.

Jack Allen is now employed as bookkeeper at Leboe's planer mill.

Mr. and Mrs. Dick Miller are living in the cabin that recently belonged to Sherwood Westgarde. Sherwood has gone back to his home at Crescent Spur.

Jack Adams, from Prince Rupert, has spent several days at Perow. He has bagged his moose and has also been doing some carpenter work.

Vanner Byman and Lawrence Johnson have formed a partnership in the sawmill business.

## Stewart Canal Gold Inspected

STEWART—Dr. J. T. Mandy, geologist and consulting engineer for Vancouver interests, arrived on the Union steamer and has been making an exhaustive examination of the Stewart Canal Gold Mines property on the east side of Bear River. Several hundred pounds of samples have been taken and a new surface showing uncovered during the process of examination.

There is renewed interest in this property on account of the fact that the ore is reputed to contain 1% scheelite. While Dr. Mandy is not at liberty to disclose the finding of his examination there is a considerable amount of optimism evidenced by the local shareholders of the company.

From the location point of view the property is excellently situated for an economical operation, being within easy reach of town, minimum construction of living quarters would be necessary.

## Stewart Moose Bazaar-Dance

STEWART—Portland Canal Chapter, Women of the Moose, held a successful bazaar and sale of home cooking in the Moose Hall on Saturday.

The turnout was surprisingly large as the heavy snowfall made transportation difficult.

The barn dance in the evening under the joint auspices of the Women of the Moose and Portland Canal Loyal Order of Moose, was also a well attended and hilarious affair.

## Heavy Snow At Stewart

STEWART—On the morning of Friday last, the people of Stewart awoke to find the earth blanketed with snow to a depth of over fifteen inches and, this coming on top of the fact that the snow removal equipment of the Department of Public Works is practically non-existent, made some of the residents rather resentful. It would appear that parts for the ploughs, which were ordered in ample time to enable the mechanical staff to prepare for just such an emergency, have not been received.

Evidently there was a hold-up somewhere along the line or perhaps it is considered this place does not rate very high. At any rate the residents just have to grin and bear it.

## Aged Simpson Woman Passes

PORT SIMPSON—Rev. T. G. Colwell officiated this afternoon at Grace United Church here at the funeral of Mrs. Sarah Johnson, venerable and respected native woman of the village, who died Saturday at the age of eighty-four years.

Widow of the late Moses Johnson, deceased is survived by one son, Rennie Johnson, and a daughter, Mrs. Thomas Gosnell, as well as several grandchildren.

## Stewart News

Constable G. Seaton, RCMP, who replaced Constable C. P. Crouch, in charge of Stewart detachment, has been joined by his family and is now comfortably located in the police quarters in the Government Building on Seventh Street. Constable Seaton comes here from McBride.

Mrs. John McKay had a hurried call during the past week and left by plane for Prince Rupert to be with her mother, Mrs. J. A. Lindsay, who is ill.

Robert Cameron, a veteran of the Boer war and the First World War, left Monday for a check-up at Shaughnessy Military Hospital.

It is reported that advance sales of wreaths and poppies are going well and the Canadian Legion committee are looking forward to a very successful year.

The sale of government bonds is going well here. The last issue is in good demand. Stewart has a reputation to keep up as, during the second World War, she ranked high in the province on a per capita basis.

## Britain to Use Force

LONDON—Great Britain told Egypt Monday that necessary measures, including force, will be taken to keep open a railway from Port Said to British garrisons in the Suez Canal area.

## BC Liberals to Meet in January

VICTORIA—Advisory Council and executive of the British Columbia Liberal Association have been called into session January 7 and 8. H. G. Perry, now in Prince Rupert, is president of the British Columbia Liberal Association.

## Statehood Bill Slated Early in '52

WASHINGTON (AP)—Majority Leader McFarland (D-Ariz.) told the senate that statehood for Hawaii and Alaska will be considered early in the next session of congress that begins January 8.

The house passed bills to admit Hawaii and Alaska as the 49th and 50th states, but they have died in the senate.

Senator Knowland (R-Calif.) asked assurances from McFarland that the statehood bills would be considered "early in the next session."

He said people of the two territories had been "waiting a long time" and unless the senate acts early in the session, there probably would be no decision again.

Senator O'Mahoney (D-Wyo.), chairman of the senate interior and insular affairs committee which handles the legislation, said he would do everything possible to get the statehood issue before the senate promptly.

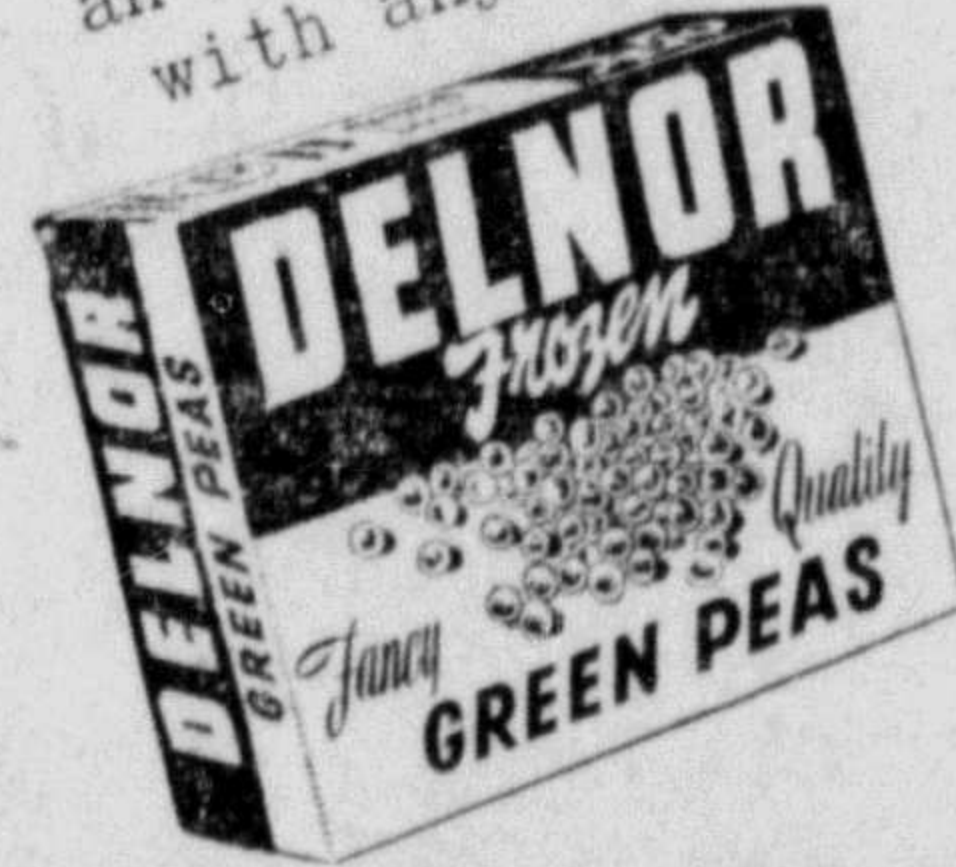

"People of those areas are entitled to have a decision. I will leave nothing undone to have that done."

## SHIPS AT WATERFRONT

Dominion government light-house tender Alexander Mackenzie, Capt. Norman MacKay, is due back in port today from a trip to Cape St. James at the extreme south end of Queen Charlotte Islands where, in spite of stormy week-end weather, she safely delivered a new light-housekeeper and a new radio operator with their wives and families. The new lightkeeper is Thomas William Diggins, until recently a local carpenter. The operator is Gilbert Fetterley, until recently with Digby Island wireless station. Mr. Diggins succeeds Neil Lang, well known in the city, who is retiring from the service after having been for the past year at Cape St. James. The Alexander Mackenzie left Prince Rupert Saturday, reached Cape St. James Sunday and, on the way back, took shelter in Jedway.

## Famous Fairy Tale Screened

"Alice in Wonderland," Lewis Carroll's famous fairy tale, comes to the screen of the Capitol Theatre here from Wednesday through Saturday this week as a lavish all-cartoon musical fantasy in color. The film version is the same story that has been a popular best-seller ever since 1865. Walt Disney is said to have preserved all the original humor of Alice's observations and her encounters with the colorful creatures she met in the burrow of the White Rabbit. Delightful musical numbers and hilarious comedy are skillfully blended in the absorbing story of Alice's fantastic adventures in the land of make believe.

While the picture is all in fantasy, moviegoers will recognize familiar voices as the characters speak. Kathryn Beaumont, 12-year-old British born starlet, is the voice of the heroine. The zany Mad Hatter's voice is that of Ed. Wynn. Jerry Colonna is the March Hare; Sterling Holloway the Cheshire Cat. Richard Haydn the Caterpillar and Heather Angel, Alice's sister. Several songs, which the audiences will go away humming, play an important part in telling the story.

## CANINE BAIL

LONDON (CP)—Butch, a Boxer dog, is always getting lost and taken to the police station. His owner says: "I am thinking of making a contract with the police, as each time it costs me money to bail him out."

Luscious HONEY BUN RING

Quick to make with the new Fast DRY Yeast

• Scald 3/4 c. milk, 1/2 c. granulated sugar, 1 1/2 tps. salt and 1/2 c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 mins. THKN stir well.  
Add cooled milk mixture and stir in 1 well-beaten egg and 1 tsp. grated lemon rind. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from drafts. Let until doubled in bulk. Punch down dough and roll out into oblong about 9" wide and 1 1/2" long; loosen dough. Coat with 1 c. lightly-packed brown sugar and 1/2 c. liquid honey; roll over dough and sprinkle with 1 c. broken walnuts. Roll up jelly roll. Lift carefully and grease 8 1/2" tube pan and brush top with melted butter. Cover and let rise until double in bulk. Bake in preheated oven, 375°, 45-50 mins. top with honey and sprinkle with chopped walnuts.
