Strenuous measure to be adopted by the -Board to bring financial condition of institution to sound financial basis. Over 3,000 behind already this year

The finances of the General Hospital are in a parlous state. Already this year during the first eight months the institution has run behind over \$3,000 and the debt is piling up as a result. This was reported at the meeting of the Hospital Board last night and it was decided to take strenuous measures to put the finances of the institution on a sound basis. With this in view the following recommendations of the Finance Committee were adopted by the Board:

1 .- That the rates for private wards be increased from \$20 and \$25 to \$25 and \$35 respectively.

2.—That we petition the City Council to make the city grant on a basis of 70c. per day per patient treated in the hospital.

3.—That the Tite Ward be used as a semi-private ward and A I MOUNTAIN when so used a rate of \$3 a day be charged patients.

4.—That the Hospital take immediate steps to enforce the collection of all outstanding accounts.

. 5 .- That the annual membership fee be increased to \$5 and that a strong effort be made to obtain a large membership.

6 .- That while the hospital is greatly in need of paint, it is Copenhagen, Sept. 26.—It is not recommended that the painting be done at the present time local people rather resent the idea reported from Stockholm that under the present financial conditions.

7.—That the eaves be repaired or renewed on the new wing. Before the adoption of this report a financial report was presented by the secretary which showed that the finances were steadily becoming more involved and that some steps must be aken at once to right them.

City Do Share.

Application has already been made to the provincial government for an increased grant, but it was also felt by members of the board that the city would have to do its share as it was the more interested.

Last year the city was supposed to make a grant of \$5,000, but owing to taxes not coming in the amount actually paid was J. A. Thomson and J. F. Mathe- only about \$3,500. It was impossible to run the institution on son of the Canadian Fish & Cold that amount. The amount to be asked of the city is something Storage Co. are leaving that in- like \$7,000 a year, varying according to the number of patients stitution at the end of October treated. The provincial government pays 60c. a day per patient and it was felt that the city should pay more than that to look after its own people.

In order to increase the membership fee it is necessary to ing said that he much regretted hold a special general meeting and this has been called for Thursday, October 9.

General Hospital in Poor Financial Condition.

The General Hospital is headed direct for bankruptcy. With the increased cost of living an effort was made to run the institution without increasing the cost to the community. This of course failed. Householders are aware that the cost of housekeeping has doubled in the last few years, and as the conduct of the hospital is to a large extent a matter of housekeeping, the cost has increased there just as everywhere else.

The Board has at last come to a realization of its condition and is preparing to deal with it courageously. Strenuous efforts are to be made to restore the finances of the instution to a sound basis and the people of the city are being asked to aid in that laudable work.

We are bound to keep up a good hospital. It is one of the necessaries of our modern life, unfortunately. It is also necessary that we provide free of charge for those who are unable to pay. With many people it is hard enough to pay for living expenses without having to pay hospital and doctor when ill and the income is stopped. That is where the city and the province step in. They provide largely for the upkeep of the institution. What private persons cannot pay, they must. It is their bounden duty. It is as much a charge on the community as keeping up the roads.

Fishing Season was Not a Success.

The big part of the halibut fishing season is over. All records have been made and some of the smaller boats will soon retire for the winter. At such a time it is well to look back and see what is wrong with the industry.

Quite near the beginning of the season when the big catches were being made the strike stopped the fishing, as the longshoremen and the fish packers refused to handle the catches. That was the first spoke in the wheel of progress. The same cause acting indirectly prevented a supply of ice being put up at the cold storage and the result was that early in the season the the "Land Registry Act" with amendments, ice supply failed, and boats were much delayed in getting enough to take with them to the fishing grounds. Then there was a car shortage. This was largely the result of the financial condition of the railroad, which is at present in the hands of a receiver.

All these matters will have to be righted another year if the fishing season is to be a success. There must be plenty of ice, bait and cars. These things are essentials. It is also very desirable that proper accommodation be provided for the fishermen at the port. We are told just now that boats are going south to winter. If there was a good laying up site here, many would winter at this port. The Dominion Government should be urged , to proceed at once with the construction of fishermen's docks in to the above-mentioned lands, in the name order that there may be a properly protected place where the small vessels can lie throughout the winter without great expense and in perfect security.

Poet's license is of prominence to give a steady all right to talk about but modern poets do not take license. They see that their verses are correct. The following are a few of the verses submitted:

The City Council.

its Fair, So the council is famed for hot

For though aldermen haggle And their heads wisely waggle,

They've rarely been known to get there.

No More Salt Lakes.

Tis sad but alas it is true That the swimming is over and through, And no more in the fall

can we Australian crawl Till summer again comes in View.

Hoodoe Gene. The drydock, I'm sure we all

figure Will make the payroll much bigger:

The hoodoo is gone So watch from now on From the woodpile exit the nigger.

The Shepherd. young shepherd, I'm told,

Shining Light, May have figured his living was light:

For he left flock and fold And on business took hold; If I'm wrong, well, I guess he' all right.

The Keel Laying. Dickery, Dickery, Dock,

Put on your very best frock for laying of keel Which will turn fortune's wheel Don't forget, he there, 3 o'clock.

Blasting. lad who had fought for "Democ.,"

Returned suff'ring slightly from shock. He was found 'mongst the

stumps Breaking records in jumps. They were blasting around the

Dry Dock. Laying the Keel. ocal Pessimists said 'twas

fizzle, No doubt on account of the drizzle,

But the Duke laid the Keel And the Optimists feel Aforesaid should go where they'll Frizzle.

Rupert Can Sell Fish. fisherman bold named Stan Says-"Rupert's the place to

sell fish; here get best prices, And fresh bait and ice is As cheap as a man could well wish.

The Dry Dock. For years our big Dry Dock did sleep, Till on it did brave Mullen leap.

He made it quit shirking And started it working On steel ships to steam o'er the deep.

No More Fruit. In this city of ours that's so

It seems strange-according to That with blind-pigs so handy

Selling things worse than brandy, We can't get fruit after six-

thirty. They Came Back.

There was a small town where the rain Made everyone want to raise

They got mad one day

And hastened away, But soon they all came back
