Winds Roads Are Ridden With Guerrillas Of Communist Color

PUSAN (CP)—A heavily-armed force returned to the encampment of the Second Battalion, Princess Patricia's Canadian Light Infantry, last night.

Boomsday Seems Off

Leader of Keremeos Fanatics Planning for Future—On Earth

Mrs. Grace Carlson last night outlined future—and earthly—plans for her children of Light.

Some of Mrs. Carlson's followers had thought the dawn of this day would bring the end of the world but Mrs. Carlson spoke of a new era.

The grey-haired, 50-year-old woman said it had been decided to incorporate assets of the group under the Societies' Act.

"This," she added, "will protect us all." She then her 34 followers plan to leave the cottage where they spent the last fifteen days.

Disposition of their worldly goods had hoped to be out of here before now," said Mrs. Carlson.

"but interference has hindered the purpose of our coming."

When do the Children of Light expect to receive the "Message from God" of which their leader spoke Sunday.

"We are always receiving messages from God," said Mrs. Carlson.

It was on Mrs. Carlson's earlier prediction that "January 9 will be Boomsday" that the religious extremists moved into the cottage on the outskirts of this small Kameen district town 150 miles east of Vancouver.

Meanwhile, Mrs. Carlson promised to send eleven children, who have been with the group, back to school.

KYUO—Tokyo and Yokohama were rocked this morning for seconds in the most severe earthquake in this region since the war.

quake cut water and power in Yokohama but police reported there was no damage in capital.

City Solicitors Seek Higher Fee

The report of the finance committee to the council at the regular meeting last night said the city solicitors, Messrs. Brown & Harvey, had requested an increase in the legal retainer. At the suggestion of the solicitors, the committee was obtaining information concerning amounts paid as retainers in comparable municipalities.

The committee reported the following property sales: Lot 18, block 30, section 8 to Leroy Becker for \$130.

Lots 7 and 8, block 36, section 1 to J. F. Caron for \$900.

The report was adopted by the council.

Real Trouble Is Ideological

LONDON (CP)—Prime Minister L. S. St. Laurent of Canada last night told the Canadian Club that there is no struggle between the east and west but rather between liberty and tyranny.

Communism sought to divide both geographical entities within themselves as well as to divide them one from the other.

The Canadian Prime Minister pointed to the Commonwealth as an object lesson to the world—its membership being based on "mutual advantage, respect and friendship."

Death By Drowning

An inquiry yesterday afternoon into the death of James Dalzell found he had probably been drowned near the east shore of Stephens Island about half way between Humpback Bay on Porcher Island and Squadaree.

Dalzell, assistant watchman at Canadian Fishing Co plant at Humpback Bay, left Humpback Bay last Wednesday afternoon bound for Prince Rupert. When he did not return Friday, he was reported missing by Daniel McLeod to the R.C.M.P., who immediately began a search for the missing man.

McLeod was also searching. Sunday morning, McLeod and William Christensen found the body on the beach between the high water and low water marks. They secured the body to a tree and came to Prince Rupert to notify the police.

Deceased's boat, Porcher 31, was found wrecked about 30 feet from the body. His dog was alive on the beach.

Monday morning, R.C.M.P. in P.M.L. 15 went with McLeod and Christensen to the point where the body had been found.

Cst. George Redhead testified there were no marks of violence on the body other than what might be expected from action of the sea. McLeod identified the body, which was transferred to the police launch and brought to the city.

On being notified, the coroner called an inquiry.

Dalzell had been employed by the Canadian Fishing Company for the past few years as a fisherman and was made assistant watchman at the Porcher Island plant last summer. He is survived by a widow and a 10-year-old daughter.

City Taking Hand In Sewer Contract

Impasse Reached Over Sewer Construction at Cow Bay

The city council, at its first regular session of the year last night, turned over handling of the agreements contained in the sewer outfall contract on Third Avenue at Cow Bay to the board of works and the city solicitor.

Ald. George Casey told the council that the contract had apparently come to an impasse. There were two interpretations of the agreement. Complications had arisen on a portion of the sewer that was to pass through an old tunnel. The specifications call for laying pipe there.

The contractor, he continued, says the tunnel is not wide enough to accommodate the pipe. He thought when he took the contract it was wide enough. Since it is not, the contractors, Mitchell & Currie, felt it is up to the city to widen it.

The board of works thinks it is the contractor's look out. The contractor has been advised by his attorneys, MacLeod & Ray, that the tunnel should be wide enough to take the pipe.

On being asked by Ald. H. M.

11 Men Feared Drowned at Sea

OSLO, Norway (CP)—A Christmas tree floating on the sea was all that was found of the 443-ton Norwegian freighter Monty, which Sunday night called for help off Arendal, south Norway.

It was feared the 11 men aboard had drowned.

Before their radio went dead, they radioed that they were "hoping for the best." The Monty said she had a bad list, with water over the hatches, and both lifeboats had been destroyed by the high seas.

Major R. Lahiff, who moved from Prince Rupert to Shaughnessy Hospital, Vancouver, prior to the holiday season, is now at the George Derby Health and Occupational Centre, New Westminster.

WEATHER

Synopsis
A weakening storm about 300 miles west of Vancouver Island is expected to cross the British Columbia coast this evening, bringing rain and strong south-east winds to all coastal regions today. Snow from the storm will spread into the interior tonight.

Forecast
North Coast Region—Cloudy with intermittent rain this morning and early afternoon. Occasional showers this evening. Cloudy with showers Wednesday. A little colder tonight. Winds southeast (30) in exposed areas this morning, shifting to westerly (20) by evening. Lows tonight and highs Wednesday—At Port Hardy, 34 and 42; Sandspit, 32 and 42; Prince Rupert, 35 and 42.

BARBARA ANN AT HOME—An unfamiliar pose is taken by Barbara Ann Scott, now relaxing from skating engagements at her new home in Toronto. She is attending more dances this winter than she has for some time, and is shown in one of her favorite formals. The gown is a strapless number of white net and lace, while the fan is of blue ostrich feathers. (CP PHOTO)

1950 Births Outnumber Deaths Four To One In Prince Rupert

Births in Prince Rupert outnumbered deaths nearly four to one in 1950, according to figures obtained from the government agent's office yesterday.

The figures show there were 290 babies born in the city during the year compared with 75 deaths. There were five births in the district and 12 deaths.

During the same period there were 128 marriages in Prince Rupert and two in the district.

Charge Laid In City Checking On Police Pact

City Council Seeking Further Information Before Closing with R.C.M.P.

Further details have been requested from the commissioner of the Royal Canadian Mounted Police clarifying certain points in the contract offered for 1951, it was learned from the report of the health, social assistance, police and licensing committee at last night's meeting of the city council.

The report said: "Certain points require clarification and additional information has been requested from the commissioner. It is apparent that considerable saving will be effected in the actual cost per man, which will be partially offset by the necessity of purchasing certain office equipment, of erecting a lean-to garage, of providing quarters for single men of the force and possibly an additional expense for matron fees. These points are all under consideration and your committee hopes to be in a position to present an itemized report to the council at its next regular meeting."

Ald. T. B. Black recommended the city enter into the agreement with the R.C.M.P. Mayor G. W. Rudderham pointed out that the next city council meeting was January 22, which would allow time afterward to return the contracts to Ottawa before the January deadline.

Ald. G. D. Frizell said the city had asked for no more than 30 per cent single men for the city and that that point had been left out of the contract as presented. Regarding the last recommendation in the report he said the janitor of the city hall could look after the rest rooms and that it was the intention of the committee to use the living quarters as a barracks for the single men of the force.

Ald. H. M. Daggett asked if the rest rooms would be as well run under the proposed arrangement as they are now.

Ald. Black said the council should advise the commissioner whether or not it reacts favorably to the contract.

War Writers Put On Spot

TOKYO (CP)—Censorship is throwing a black curtain around news of the tremendous pull-back of United Nations forces in Korea.

Field censors have clipped large chunks out of dispatches on the grounds of military security and security officers emphasize it is a "planned and orderly withdrawal"—not "retreat."

It was announced today that war correspondents violating censorship regulations will be subject to expulsion or trial by court-martial.

American Women, Children Told To Leave Hong Kong

No Emergency Seen But Precaution Measures Advisable in View of Situation

HONG KONG (CP)—Americans in this British colony bordering on Red China are being warned today to remove their families because of the worsening situation in the Orient.

United States Consul General Walter P. McCaughy told a special press conference that no actual emergency is seen but the warning "is more or less precautionary."

Nearly 1400 Americans are registered here.

A government spokesman said that no similar action was contemplated by British authorities.

Herring Still Running Well

After the stormy weather and swift tides that kept the herring fishing fleet moored Sunday, the boats became active Monday morning.

They headed right back to Gasboat Passage near Kitkatla where records were broken before Christmas. No particularly large catches were reported but the fish were reported just as plentiful as they were when 12,000 tons were caught in a few days to fill the quota before the Christmas break. Yesterday an estimated 6,000 to 6,700 tons were taken of the 20,000 ton extension allowed by the fisheries board. Fishermen feel the additional tonnage will be caught by the end of the week.

From midnight Sunday until midnight last night 6650 tons of herring were taken from Ogden Channel near Kitkatla.

Ald. Black said the council should advise the commissioner whether or not it reacts favorably to the contract.

Seiner Sinks But Refloated

The waters of Grenville Channel in the vicinity of Stewart Anchorage claimed another victim yesterday when the seiner Jessie Island No. 9, Capt. Nelson, sank after striking a rock. The boat was later re-floated and brought to Prince Rupert dry dock for repairs. She belongs to the Anglo-British Columbia fleet. No injuries to crew have been reported.

TRUMAN FORTHRIGHT

ALTHOUGH the fortunes of United States forces in Korea may be fading, President Truman stands resolute enough in his determination to combat aggressive inroads of Soviet Russia...

It was notable and politic though that the President did not deal specifically with the matter of sending forces to Europe which has been so much in debate during recent days.

Mr. Truman's speech should have a bolstering effect upon some countries which seem to have been wavering of late in their determination to resist and turn themselves against the Communist aggression.

The President drew no punches. It is to be supposed now that, from the Communist sphere of influence, there will be another outcry of war-mongering.

SCHOOL DAYS

THE UP-TO-DATE trend in education is to avoid frustrating the student. The plan is to fix things so he will not be confronted with work too difficult for him.

There may be justice in the children not having to work too hard but it is quite difficult to avoid some frustration. It is certainly useful for character that one be good at something and not fail all the time.

Save for some teachers, few will oppose the application of the new ideas in education. The children's vote looks solidly for no frustration.

The danger of the present trend is that the emphasis is on social development rather than intellectual development. Anyone could argue all night over which kind of development is the more necessary.

A civilization of Dale Carnegie customers' men would be pleasant, but it could not stand up against thinkers. School is for learning to think.

Educational experiments are a matter of the deepest concern to all. Probably nothing else we could succeed at would bring such vast returns as the improvement of children, unless it be the improvement of adults.

As I See It

PENSIONS AND GUNS

IN A FEW DAYS I am leaving on a trip to Europe, the Middle East and India. So I won't have much chance to write about things which will come up for decision in Canada while I am away.

The most important of all such matters is pensions. For years back Canada has been moving toward the day when we will set up a really decent plan of providing financially for old age.

The danger is that the argument race will give our politicians the excuse to shelve the plan for another few years.

WE MUST FACE the fact that we can't have all the guns some want, and still let the people have all the butter they need.

It is foolish to think that we can pour a vast tonnage of steel into making tanks, and still have that steel for making automobiles, refrigerators, tractors, or baby buggies.

You can't have new cheap homes for all the people who need them if you are using the lumber and nails and cement to build vast numbers of army buildings.

What are our economists afraid of? Surely they fear inflation, as they call it.

WHAT IS WHERE the old age pension plan comes in. If we start the plan now—in 1951—we kill two birds with one stone.

THE GREAT DANGER is that wily schemers should slip through a scheme that contains hidden jokers.

THE SECOND NECESSITY is to see that the value of the O.A.P. grants is kept in line with real value of money.

THE big legislative chamber is being prettied up for the opening of the session.

Fifth Avenue To Be Widened

Three questions were answered for Ald. H. M. Daggett at the first regular meeting of the 1951 city council last night.

He found out the council had no intention of widening Fifth Avenue West west of Fulton Street but that the widening of Fifth Avenue East was contemplated.

He was informed that the old council had put the building of a sidewalk on Hays Cove Circle at the top of the list of recommendations for work to be done by the new council.

His question regarding the work on the sewer outfall to Cow Bay, the amount of work done and the payments made to date was answered in the discussion of the sewer problem later in the meeting.

VICTORIA REPORT

Salaries of M.L.A.'s—Esquimalt Still Vacant—Getting Ready for Session

VICTORIA.—The British Columbia Teachers' Federation says that M.L.A.'s should receive \$5000 a year—instead of \$3000, as at present.

What's wrong with our system is that we have too many elected representatives. Why, for instance, is it necessary to have 48 members in the British Columbia Legislature?

Most people, this reviewer thinks, believe their elected representatives should have a good living wage. They then can give full time to their public duties.

By order in council dated January 8, B. C. Braecwell was appointed city commissioner to replace R. C. Gilchrist, who has resigned.

Eric Janes was appointed last night by the city council to succeed J. F. Edwards as telephone superintendent.

The report also recommended that seven city-owned poles in the alley between Second and Third Avenues between Fifth and Seventh Streets be replaced at the joint expense of the city and Northern B.C. Power Company.

The report said the city engineer had been authorized to investigate the erection of a booth to protect the pay telephone on Second Overlook Street and to proceed with the work if the expenditure is less than \$50.

The report was adopted, 1928-33, when he sat in Opposition, during the Conservative Tolmie regime.

WYMOUTH, England.—The cross-channel steamer Sambur arrived on one trip after travelling through a blizzard so thick that the engine-room crew made a two-foot snowman from flakes blown through the ventilators.

RAY... Reflects and Reminisces

We wonder what the real estate men and the papers would have done for scare head space back in 1910 if news of the aluminum enterprise had come in.

President Truman has declared that Russia is out to take over the world step by step. Though many have been the attempts, it's not been accomplished yet.

This is the day a family in Keremeos (B.C.), robed in white, look for the end of the world. They are sincere, but it's always been like that.

Welcoming and farewelling the same ship, over a period of twenty years makes one pause and think when the time comes to wave good-bye for the last time.

Douglas W. Swiggett, Milwaukee editorial writer, who died recently, took a possibly pardonable pride in his memory.

The newly formed Seal Cove Lumber Company Ltd. will have a sawmill in operation at Seal Cove by the end of March.

The women of St. Paul's Lutheran Church have taken upon themselves the responsibility of providing the furnishings for the new church building.

The report also recommended that seven city-owned poles in the alley between Second and Third Avenues between Fifth and Seventh Streets be replaced at the joint expense of the city and Northern B.C. Power Company.

The report said the city engineer had been authorized to investigate the erection of a booth to protect the pay telephone on Second Overlook Street and to proceed with the work if the expenditure is less than \$50.

Festival Plans Arouse Fancies

LONDON.—Lord Balfour of Inchrye says he would like to see Britain appoint a "Minister of Pleasure" to organize a series of "national jollification weeks."

In a tongue-in-cheek speech obviously aimed at the Labor government's plans for the Festival of Britain this year, Lord Balfour told a dinner meeting that Deputy Prime Minister Herbert Morrison, chief backer of the big festival, should take over the "portfolio of pleasure."

Morrison should be supported, Lord Balfour said, by a well-staffed department of national happiness. National jollification weeks should start with a national food week, in which food rationing would be suspended.

There would be a national pledge of abstinence from consuming cod and cold custard. Sausages would stage a pre-war revival and whale meat would

be returned to the ocean. There would be also a national cleanliness week (national railway-carriages would be cleaned and station waiting-rooms cease to look like the morgue of a national liberty week).

There would be a national silence week (no public speaking); and a national pool winners look like page

Board Of Works Orders Approved

The report of the board of works committee recommended to the city council at the first regular session last night the following:

Purchase of sufficient six inch and eight inch sewer pipe and connections for local improvement sewer requirements in the vicinity of Ocean View Hotel and on Eighth Avenue East at a cost of approximately \$900.

The report stated the matter of pipe thawing was being investigated further.

An additional purchase was authorized later in the meeting to be added to the report. It was the purchase of estimated tire requirements for the year in order to avoid the increase in price. In asking for the addition, Ald. D. Fitch said the saving would amount to several hundred dollars.

The report was approved.

MANITOBAN IN ETHIOPIA—William Peters of Steinback, Man., conducts a mathematics class at Emperor Haile Selassie's Teachers' Training College in Addis Ababa, Ethiopia. About 120 students attend the school, the only normal school in the country, with tuition and board free. Canadians comprise five of the school's staff of seven. A large proportion of books used are from Canada, many supplied by the Canadian Council for Reconstruction. (CP PHOTO)

SOCIAL AND PERSONAL

● CCF meeting Tuesday, 8 p.m., Metropole Hall.

Neil Stromdahl of the Home Oil Company staff here has been transferred to the Vancouver branch. He leaves for his new post Thursday night on the Prince George.

● Regular monthly meeting of the Canadian Legion to be held Wednesday, January 10, with initiation of new members, urgent business. (8c)

Two new members—C. H. Insulander, radio station manager, and Alfred L. Bell, chartered accountant, were elected to membership last night at the meeting of the Prince Rupert Chamber of Commerce.

● POTATOES — Netted Gem variety, excellent keepers, \$3.19 sack. Fancy Mac apples, 1/2 box size, \$2.09. We feature farm fresh eggs. MIDWAY GROCERY AND MEAT MARKET. Free delivery service, Phone 659. (H)

Indian Agent and Mrs. J. A. Findlay of the Queen Charlotte Islands, after a month's trip to Montreal and Ottawa, arrived in the city on Saturday night's train from the east and proceeded to their home at Masset by plane today.

The licensing committee recommended to the city council last night that a trade license be granted to You King to operate a lunch counter. It also recommended that notice be given the caretaker at the city rest rooms to vacate the premises.

E. T. Applewhite left last night's train for Burns Lake where he will speak before the Board of Trade Wednesday night. Returning, he will stop off at Terrace to attend the annual meeting of the Board of Trade Friday night. Mrs. Applewhite will leave for Terrace Wednesday and they will return to the city Saturday night.

● DRESSES—Two for the price of one at Annette Mansell's Ladies' Wear. (H)

Cow Bay Road Improvements

Toward the end of the city council meeting last night Ald. G. D. Frizzell asked what could be done with Cow Bay road to put it into more reasonable shape after being torn up for the sewer. He was assured work would be done on it at the earliest opportunity.

Ald. T. B. Black thanked the city engineer for the work he has done in Westview.

Ald. H. S. Whalen suggested the cinder path to Borden Street School from Fulton Street be brushed out. The suggestion was referred to the board of works.

Ald. Black called the attention of the city engineer to a broken railing on one of the bridges.

Scott MacLaren, chartered accountant; T. M. Christie and C. M. McIntyre were welcomed by President L. M. Felsenthal as new members at the annual meeting of the Prince Rupert Chamber of Commerce last night.

● DRESSES—Two for the price of one at Annette Mansell's Ladies' Wear. (H)

T. Norton Youngs has been appointed trustee for the Prince Rupert Chamber of Commerce of funds for the group insurance project of the Great West Life Assurance Co. which is being sponsored by the Chamber for member firms.

Jack Edwards, superintendent of the city telephone department, and Alfred Bell, chartered accountant, were guests at the annual meeting last night of the Prince Rupert Chamber of Commerce. Arthur Williams represented the Prince Rupert Chamber of Commerce at the meeting.

William Sheardown and Allan Sheardown left on today's plane for a brief business trip to Vancouver.

Girl Guide Tea To Assist Camp

A diminishing tea to help Prince Rupert Girl Guides get a campsite of their own was held at the home of Girl Guide District Commissioner Honora L. Silversides. The guests at this tea will be hostesses at later teas to raise further funds for the local Guide campsite.

A regular Guiders' Council preceded the tea. Plans for Guide Thinking Day, February 22, were laid. The week's program will include church parades, a candlelight ceremony and window displays. Training classes for Guiders and prospective leaders were arranged for Monday nights. Several new Guiders were welcomed.

Mrs. Duncan Black was high scorer in the games that followed. The serving of delicious refreshments terminated the lively evening.

County Court For January

The following County Court civil actions were set yesterday: George E. Armstrong, carrying on business as Art's Taxi, and Art's Taxi vs. Oscar Terien, \$115.75. Brown & Harvey for plaintiff, MacLeod & Ray for defendant—stood over to next court.

British Pacific Engineering Co. Ltd. vs. Basil Tompkins, \$168.57. Brown & Harvey for plaintiff, MacLeod & Ray for defendant—struck off.

S. H. Hickmore and W. T. Hickmore vs. George F. Martin, \$1,000. Brown & Harvey for plaintiff, MacLeod & Ray for defendant—hearing set for Smithers, January 23.

New President Assumes Office

Swan Song And Inaugural At Chamber of Commerce

J. C. Gilker took over the post of president of the Prince Rupert Chamber of Commerce last night from L. M. Felsenthal who headed the Chamber during the year 1950.

T. Norton Youngs is the new vice-president while P. H. Linzey is re-elected as secretary-treasurer.

The election last night of an executive council of eight resulted in the choice of A. B. Brown, C. A. Berner, F. R. Gordon, Dr. L. M. Greene, Dr. R. G. Large, A. S. Nickerson, W. J. Scott and A. D. Vance.

REPORT OF PRESIDENT
In his presidential report for 1950, Mr. Felsenthal cited as highlights of the year:

Continuation of efforts to secure an air field.
Agitation to secure additional housing for the community.
Gaining of an up-to-date highway to connect Prince Rupert with the rest of the province as well as the Watson Island development.

Approval of the aluminum plant and the government's efforts to locate same at Kitimaus.

Mr. Felsenthal emphasized the importance of aiming at objectives for today and tomorrow rather than dwelling on the past. Aims were only accomplished through sustained effort over a long period of time and, with realization of importance of the organization to the community, he declared that co-ordinated effort of all members was essential to the fullest accomplishment.

The retiring president acknowledged the fine co-operation he had received from his executive during the year and paid special tribute to the secretary, P. H. Linzey, a man of whose calibre the Chamber was fortunate in having.

NEW PRESIDENT
The new president, J. C. Gilker, on taking over, congratulated the retiring president on a successful year. He trusted that he would enjoy a similar measure of co-operation during 1951 from executive and membership.

"It may appear to be a year of forebodings and omens that are not good," commented Mr. Gilker, "but still Prince Rupert has a lot to look forward to in 1951." There would be a testing time in keeping pace with new developments in Prince Rupert in particular and the north in general. The time had arrived when dreams were becoming realizations. He appealed for an attitude of community rather than

What Your CITY COUNCIL

Did

Referred letters from the Civic Workers' Union, Electrical Workers' Union and the International Operating Engineers' Union regarding wage negotiations to the committees concerned for recommendations to the finance committee.

Referred a letter from Annette Mansell claiming damage to stock by water backing up in a sewer to the board of works and the city solicitor.

Approved for payment a bill from W. R. Bonnycastle, consulting hydraulic engineer, for \$617.35 for services rendered and expenses.

Laid over until the estimates for 1951 were being made a letter from the provincial government which said a higher library levy would have to be made. Speaking to the letter, Ald. T. B. Black said he did not see where any government not contributing toward the expense of the library had any jurisdiction over what tax levy should be laid toward its support.

Instructed the city clerk to write the provincial secretary for civilian defence for all information possible before deciding what role the city will play.

Baking's Easier, Speedier with Wonderful New Fast Rising Dry Yeast!

CINNAMON BUNS

Measure into large bowl, 1 c. lukewarm water, 2 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min., THEN stir well. Scald 1 c. milk and stir in 1/2 c. granulated sugar, 1/4 tsp. salt, 6 tbs. shortening; cool to lukewarm. Add to yeast mixture and stir in 2 well-beaten eggs. Stir in 3 c. once sifted bread flour; beat until smooth. Work in 3 c. more once-sifted bread flour. Knead until smooth and elastic; place in greased bowl; brush top with melted butter or shortening. Cover and set in warm place, free from draft. Let rise until doubled in bulk. While dough is rising, combine 1/2 c. brown sugar (lightly pressed down), 3 tps. ground cinnamon, 1 c. washed and dried seedless raisins. Punch down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong 1/4" thick and 16" long; loosen dough. Brush with melted butter or margarine. Sprinkle with raisin mixture. Beginning at a long edge, roll up each piece loosely, like a jelly roll. Cut into 1" slices. Place just touching each other, a cut-side up, in greased 7" round layer-cake pans (or other shallow pans). Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 20-25 minutes. Serve hot, or reheated.

● No more taking chances with perishable yeast cakes that have lost their leavening power! New Fleischmann's Fast DRY Yeast keeps full strength and active right till the moment you use it. Needs NO refrigeration — keeps safely in your cupboard. Try its marvellous results in your next baking.

Blackwood on Bridge

By Easley Blackwood

The Blackwood slam convention is used by a great majority of bridge players all over the world. That is because it is easy to understand and frequently usable. I am the first to agree that the convention is sometimes used where other slam-probing methods would be better. I propose to show you in the following series of articles not only how to use the convention but when to use it.

North-South vulnerable.
South dealer.

North (Mr. Dale) S-7 H-A 10 8 7 3 D-7 C-A Q 8 6 4 2	East (Mr. Champion) S-Q 9 4 3 H-K J 10 8 6 2 D-K J 8 6 3 2 C-K 10 5
---	---

West (Mr. Meek) East (Mr. Champion)
S-Q 9 4 3 S-K J 10 8 6 2
H-J 5 H-4
D-K J 8 6 3 2 D-A Q 10
C-3 C-J 9 7

South (Mr. Masters)
S-A 5
H-K Q 9 6 2
D-9 6 5
C-K 10 5

The bidding:
South West North East
1H Pass 4NT Pass
5D Pass 6H All pass

For many months now I have been collecting hands where the convention was used and some where it was abused. I will show you these hands, hoping that they may help you to achieve greater accuracy in your slam bidding.

Do you know the requirements for bidding four no trump to ask partner how many aces he has? They are three in number. First, the hand must clearly have slam possibilities. Second, the hand must be "safe" for five-odd. The third requirement is that the only information needed to determine whether a slam can be made is the number of aces held by partner.

After his partner opened the bidding with one heart and Mr. Meek passed, Mr. Dale decided that his hand met all three of these requirements. There was one more consideration which prompted him to jump straight to four no trump. With his freak holding it appeared that the opponents might get together on a good sacrifice bid if Mr. Champion was allowed to come into the bidding at a reasonably low range.

Mr. Dale is not one to dilly around with a lot of subtle bids. His bid of four no trump made it necessary for Mr. Champion to come in at the five range. That he declined to do.

When he learned that Mr. Masters had one ace, Mr. Dale was quite happy to take his

SPORT SHOTS

Syl Apps, then left-winger with the senior athletic Hamilton Tigers, scored three goals and three assists as Tigers beat Oakville 10-2 at Toronto 15 years ago. Apps, who starred with Toronto Maple Leafs of the NHL for many years, was selected by sports writers as Canada's outstanding athlete of 1937 and that year was the first winner of the Calder trophy for the outstanding NHL rookie.

Paul Berlenbach, former world light-heavyweight boxing champion who earned more than \$500,000 in pre-depression days, started a wrestling career at New York 17 years ago to earn living expenses. He wrestled in a preliminary and got \$150 for 11 minutes.

A crowd of 16,000 saw Ellsworth Vines make his debut in professional tennis at New York 17 years ago. Vines was beaten by Big Bill Tilden. Three years later, in 1937, Vines was humbled by Fred Perry, great English tennis player then entering professional ranks.

Canada-Born Girl Now A Canadian

Mrs. Mary Osterlund is a Canadian. Yesterday morning she was a Swede. Mrs. Osterlund has never been out of Canada.

It is unlikely that Mary Tebbets, playing on the banks of the Cornwallis River in her native Nova Scotia, ever thought she would see the time when she would have to become naturalized to be a Canadian.

Mary Tebbets came to British Columbia with her family when still a young girl.

About 20 years ago at Terrace she met a young man just out from Sweden and soon afterward became Mrs. Carl Osterlund. At the same time she became a Swedish citizen, for such was the law at that time.

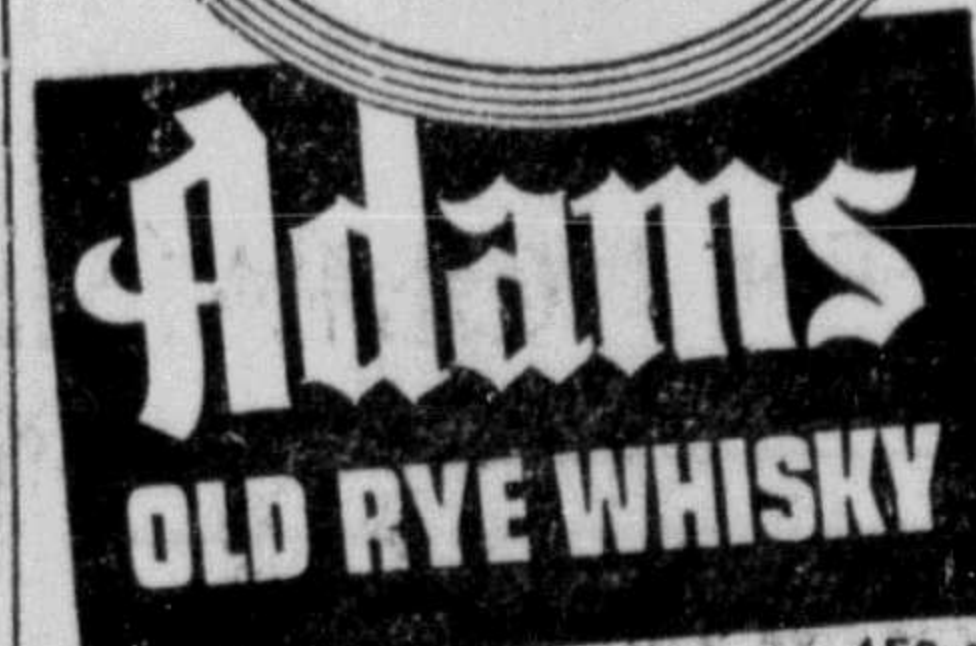

In 1947, she applied for Canadian citizenship. Yesterday was her third trip to Prince Rupert on that mission. Yesterday she received her certificate of naturalization from Judge W. O. Fulton. If she had waited until yesterday to apply for Canadian citizenship, she would have had only to write to the Department of Immigration and Citizenship at Ottawa and would have received her certificate of Canadian citizenship within a very short while. The law has been changed within the past few days.

Mr. Osterlund lost his life two years ago.

Mrs. Osterlund's two children, Mrs. Winnie Emerich, Victoria, and Earl, Telkwa, have not had this citizenship tangle. They were born in Canada and have done nothing to have their citizenship status changed.

Canadian women married since 1947 have retained their nationality and need not encounter the difficulties Mrs. Osterlund has met.

Back Stage at the Civic Center

(A column on Prince Rupert Little Theatre)

Officers Installed and Plans Laid For Presentation of Plays

Plans for spring plays were discussed at the installation of officers of the Prince Rupert Little Theatre in the Civic Centre last night.

A new executive under Mrs. J. S. Black, unanimously re-elected as president, consists of Mrs. W. E. Chapple, vice-president, and Miss Elizabeth Holmes, secretary-treasurer.

(Retiring officers are Melvin Skalmrud, vice-president; Miss Diane Kennedy, secretary, and Miss Nina Youngman, past treasurer.)

Nina, who has been with the Little Theatre here for many plays, was wished good luck by the group on her transfer to the Vancouver branch of the Bank of Montreal. She hopes to continue her theatre activities in Vancouver.

In her report last night, the retiring secretary, Miss Kennedy, disclosed a balance of \$23.48 in the club's bank accounts.

With forthcoming plays and a membership drive it is expected that funds will be gained.

Three one-act plays, to be produced next week, are postponed until not later than February 2, due to production difficulties over the Christmas season.

Using plays by Thornton Wilder, Anton Chekhoff and Charles George, the three one-act plays now in rehearsal promise good entertainment. They are "The Jeweled Hand," a mystery; "The Happy Journey," a comedy pantomime, and "The Marriage Proposal," a comedy.

Two of last year's festival cup winners, Miss Elizabeth Holmes and Reg Lavigne, are in the plays. "The White Lawn," directed by Mrs. W. E. Chapple, in which Miss Holmes acted, took the cup for the best adult play last spring.

James McGrath, a veteran actor and producer of the English stage, now working in the amateur Canadian theatre, was adjudicator of last year's drama entries with which the local group took honors.

Plans for entry in the May festival are under way. It is hoped Mrs. Audrey St. Dennis-Johnson, Victoria Times music and drama critic and director with the Victoria Players Guild, will be here to adjudicate local entries. Her adjudication has been appreciated here before.

Mrs. Chapple was elected as the Little Theatre's representative at the Music and Drama Festival meetings.

Prince Rupert theatre audiences will remember the three one-act plays, "Villa for Sale," "The Bathroom Door" and "At Liberty," which were produced by the local group at the end of May.

It is expected that casting will soon be held for Prince Rupert's three-act spring stage play. This will be produced before the festival.

Mrs. Black mentioned that correspondence and exchange of

plays with the Prince George Little Theatre is being done in planning for the major production.

Little Theatre members are being urged to bring copies or names of three-act plays—preferably modern—for reading exchange at the next meeting Monday night. "Our Hearts Were Young and Gay," "The Glass Menagerie," "Murray Hill" and "The Ghost Train" were plays mentioned last night as possible selections.

Present at the meeting were Mrs. R. G. Moore, Robert Jensen, Margaret Doiron, Mrs. W. E. Chapple, John Currie, Cliff Knutson, Marilyn Ross, Ernest Milgram, Elizabeth Holmes, Mrs. J. S. Black, Diane Kennedy and Mike Holman.

Hospitalization Of Pensioners

At request of the Canadian Legion, Prince Rupert Chamber of Commerce last night approved a proposal that free hospitalization without payment of premiums should be granted to wives of veterans' allowance recipients, recipients of widows' allowance and recipients of dependent parents' pensions under the Canadian Pension Act on the same basis as is now provided for old age pensioners. A communication from the Legion stressed the low income of these pensioners which made it impossible for them to pay hospital insurance premiums.

Endorsement of the proposal was moved by J. T. Harvey.

While favoring the extension of the exemption to these classes, Dr. L. M. Greene pointed out that, in the case of the old age pensioners, there was a payment from consolidated revenue fund for welfare to the hospital insurance scheme in order to maintain a sound actuarial basis.

Mrs. H. S. Parker is sailing Thursday night on the Prince George for a trip to Vancouver and elsewhere in the south. She expects to be away for the next two or three weeks.

Sons Of Norway Activities Heavy

The Sons of Norway, at their meeting last night, outlined themselves a heavy agenda.

The meeting decided to purchase the lot on Sixth Avenue West next to the armoury. A floor will be put in the old building on Fifth Avenue. Card parties and dances will be resumed Friday. When materials are available at a reasonable price they will start construction of a new building on their acquired lot.

There was an excellent turnout for the meeting. Present John Fredheim was in the chair. A two minutes' silence was served at the first of the meeting in honor of the late Knute Stata, who was a charter member. At the close of the meeting delicious refreshments were served by Mrs. Carl Strand's home committee.

BACKACHE?

Chamber Backs Aluminum Mill

Prince Rupert Chamber of Commerce, on recommendation of the executive council, has given its blessing to the Aluminum Co. of Canada project for the establishment of an aluminum plant at nearby Kitimaat. The chamber agrees at the same time that there should be adequate protection of the fisheries. A resolution supporting the industry was passed at last night's meeting of the Chamber of Commerce and will be sent to the Aluminum Co. as well as federal and provincial ministers and members.

LONDON — Girls at a technical school in London's Edmon-don district have completed a patchwork quilt that was started by a resident at the end of the 18th century.

Planning For Skating Arena

Civic Centre and Canadian Legion Present Plan to City Council

A joint delegation from the Civic Centre Association arena committee and the Canadian Legion approached city council last night with a proposition for transferring a portion of the Legion's waterfront property for the purpose of building skating and curling rinks.

Speaking for the arena committee, Dr. L. M. Greene said the committee was exploring the possibilities of covered hockey and curling rinks. He said at the time being an arena would be a difficult proposition both financially and in the obtaining of materials. However, he said, it was desirable to have a site so that work could be started as soon as money and materials were available.

Dr. Greene said the Legion site offered a solid footing for a rink and it was close to the Civic Centre. The latter point, he thought, was important in view of decreased administration costs. The rink could be administered from the Civic Centre when they were so close together. The location, he added, was central. Building an arena also followed closely the intentions of the Canadian Legion in making the land a recreational centre. The doctor said it was the intention now to build a smaller covered rink for curling and skating on the vacant property behind the Civic Centre. He said the whole project was in line with the Civic Centre's future plans for building an arena.

Speaking on behalf of the Canadian Legion, Vice-President Rod MacLeod said the Canadian Legion and Civic Centre proposals were in line with the Canadian Legion plans. The Legion wanted to co-operate with the Civic Centre.

The proposal, he said, was that the Legion turn over the property to the Civic Centre for a rink. He said the Legion owed for the property on Third Avenue which had been sold to it by bylaw. It would be an almost even exchange.

Asked what the difference would be, City Clerk H. D. Thain said it would be about \$500 in the Legion's favor on the basis of assessed value.

Ald. George Casey moved the subject be referred to the finance committee for investigation and report.

Ald. T. B. Black, chairman of the finance committee, said one of the things the committee would take into consideration when studying the matter would be that the city would lose considerable revenue from taxation.

Ald. Casey's motion passed.

BARBARA ANN "RELAXES"—Barbara Ann Scott is taking a well-earned vacation at her new home in Toronto. A couple of hours skating each day, swimming and rhumba lessons, skiing, the occasional dance and officiating at bazaars provide the "holiday" for the blonde skater. She is shown with her French poodles, Sambo and Scoop. Sambo was acquired in Hollywood, while Scoop was a gift from the Toronto Men's and Women's Press Clubs. (CP PHOTO)

SHIPS AND WATERFRONT

Capt. W. McCombe and Purser A. W. Robinson, who have been on duty when the Camosun arrived from Vancouver en route to Stewart. Capt. McCombe had been relieving as marine superintendent at Vancouver while Capt. Eric Suffield was away on sick leave. Purser Robinson had been spending a month ashore in Vancouver on vacation.

The tanker Imperial Namu, Capt. Arthur Alex, was in port at the Imperial Oil dock Sunday with a load of petroleum products.

Expected Saturday, the tanker Standard Service arrived in port Sunday with a load of petroleum products for Standard Oil Company.

The herring fleet got off to a bad start with the re-opening of fishing Sunday when bad weather made fishing impossible. They started fishing again in Ogden Channel Monday.

A panel of tasters from all walks of life has been chosen to taste British Columbia frozen fish in the fishing boats at sea and compare it with fish that has merely been iced for the long haul to port.

A model of Alberni Harbor is being built at the fisheries experimental station at Nanaimo. The model is for the purpose of studying the effects of tides, fresh water from rivers mixing with sea water and sewage outlets into the harbor.

CPR steamer Princess Norah, Capt. G. O. Hughes, arrived in port Saturday afternoon from Skagway and other Alaska ports. Embarking here were Mrs. G. Stepp, H. Stepp, Mr. and Mrs. Leland, H. R. Miller, Miss H. Astoria, Mr. and Mrs. W. Eytcheson and son and daughter; all for Vancouver. The Norah sailed later the same afternoon for Vancouver.

More Consideration For Fishing Companies Asked

Fishing Industry Not Getting Square Deal, Ald. Whalen Contends

Ald. Harold S. Whalen, at the first regular meeting to the city council last night, charged that the Northern B. C. Power Company was creating a hardship to the fishing industry by discriminating against it. He asked that the matter be turned over to the utilities committee to see if they could not have the situation rectified.

In making his charge, Ald. Whalen said power to Port Edward had been curtailed until 7 p.m. Monday while the city business section was a glare of neon and other electric signs. He called fishing the mainstay industry of the district. He felt, if curtailment was necessary, it should be in other places than the chief industry.

Ald. T. B. Black answered that the power commission had to be consulted before electric signs could be cut out. He said Nelson Bros. had been asked to curtail their power between 5 p.m. and 7 p.m. Domestic users in the city had been cut off in some sections and city street lights outside the business section had been cut out, also. He said another diesel unit should be in operation within a week or 10 days and that it would bring up production to 15 per cent above the peak demand. As soon as the second unit was completed, work on the third would commence. The three units would produce 40 per cent above peak requirements.

Ald. Whalen said he did not think the fishing industry was

getting a fair deal. He was not referring only to Nelson Bros., he said, but to the industry in general.

DAGGETT AND WHALEN

Ald. H. M. Daggett said he did not see what the utilities committee could do about it. He said when he and Ald. Whalen had both sat on the council on a previous occasion he had recommended a referendum be taken on the power question and that Ald. Whalen had opposed him. Now Ald. Whalen was referring the matter to the utilities committee. (Ald. Daggett is chairman of the committee.)

Ald. Whalen replied he still felt he was right in opposing the referendum but that he thought the utilities committee was the proper body to handle the matter.

Ald. George Casey said he agreed with Ald. Whalen. He thought the power company should be advised that residents should be inconvenienced if necessary so that the fishing industry could be supplied.

The matter was referred to the utilities committee.

Bad Man In Vancouver

VANCOUVER — Police here are on the alert for William Edward Cook, 24-year-old Missouri bad man, who is sought for the slaying of eight persons in the United States.

The alert followed messages from border patrol officers and the F.B.I. in Washington State.

"He may already be in Vancouver," said a report from the border patrol at Blaine, Washington. It is reported that Cook was sighted in Washington Sunday.

The bad man has been sought since the car of Carl Mosser of Atwood, Illinois, was found last Wednesday near Tulsa, Oklahoma. It was blood-stained and no trace has been found of Mosser, his wife and three young children.

Information On Housing

City's Survey to be Finished By End of Week

All information required by the housing commission regarding the erection of low rental houses in the city should be gathered by the end of this week, it was learned at last night's meeting of the city council.

In reply to Ald. George Casey's question as to how the council could further the housing campaign, City Clerk H. D. Thain, secretary of the housing committee, said the sanitary inspector was nearing the end of a thorough house to house canvass of living conditions.

Ald. G. D. Frizzell said Sanitary Inspector Armine Boas had told him that in his canvass he had visited 69 houses not listed as rooming houses where cramped and unsatisfactory conditions existed. He now had additional information for the committee.

Mayor G. W. Rudderham said the district for the project had been selected and that all that remained was to choose the actual lots. He suggested the building committee survey them in the company of the engineer. Saturday afternoon was selected as the time for the committee to look over the lots.
