Lloyd George Confers with Strike Leaders but so far Without Definite Conclusion

Dukes and Earls are Driving Motor Lorries and Working on Trains. Outlook for Settlement is said to be More Hopeful

(Special to The News via G. T. P. Telegraphs.)
 London, October 1.—Premier Lloyd George and representatives of the Transport Workers and Railwaymen did not arrive at any definite conclusion at the conference which was held yesterday, it was officially announced, but it is being resumed today. The impression gained from the little the delegates were willing to say was that progress had been made and the outlook of a settlement was more hopeful.

Social lines, in the past rigidly held in England, have broken down for the time being, as the result of the railway strike. A duke may be seen driving a motor lorry through the streets, while an earl was in the chauffeur's seat on a motor heading a convoy of cars from Billingsgate. The Sixth Earl of Port Arlington is among those engaged in unloading perishable goods, milk in churns, from a train, while at Paddington station Earl and Lady Drogheda were among the workers.

Frederick Henry Smith, son and heir of the first Baron of Glwyn, was fireman on the Liverpool-London express train.

MORE KILLED IN RACE RIOT

Troops Being Sent to Elaine Where Trouble is Still in Progress.

(Special via G. T. P. Telegraphs.)
 Little Rock, Ark., Oct. 2.—A report from Elaine said that in addition to James A. Tappen, a man named Lee of Helena was killed and Ira Proctor, a merchant of Helena, was wounded during the riots of that place.

More negroes were killed during the afternoon, the report said. The situation at Elaine is growing more critical. A special train being made up here to take 500 troops to Elaine where the race riots are still in progress.

SENATOR EGGED OFF THE STAGE

Attempted to Speak Against Peace Treaty But Crowd Would Not Let Him.

(Special via G. T. P. Telegraphs.)
 Ardmore, Okla., Oct. 2.—United States Senator James A. Reed was egged from the stage as he was being introduced for his speech against the Peace Treaty and the League of Nations. A crowd of more than 6,000 people went wild when Reed came on the stage and all night wires to the building were cut.

Reed was forced to make an exit without having delivered his speech.

MUST HAVE PERMIT TO OWN BEAVER SKINS

Provincial Police Taking Active Measures to Enforce the Close Season.

Chief Minty has been advised by the superintendent of provincial police that it is unlawful for anyone to have beaver skins in their possession without a permit from the police department. The regulations stated that all dealers and others having skins should make a complete return of the number to the government on or before August 31 last.

It seems that some people have not yet made their returns and they are liable to prosecution if they have skins in their possession without a permit. The object of the regulation is to prevent trapping during the close season.

Kam Sing, accused of having morphine and opium in his possession, was let out on bail and will appear before the magistrate tomorrow morning.

The position of treasurer, which since the departure of E. D. Johnson has been vacant, was filled by the appointment of Herbert Young.

CINCINNATI AGAIN WINS AT BASEBALL

Cincinnati Again Walked Away With the Big League Game This Afternoon, Winning By Score of 4 to 2.

(Special by G. T. P. Telegraphs.)
 CINCINNATI, Oct. 2.—Cincinnati last afternoon walked away with the second game of the world series at Chicago winning by a score of 4 to 2.

The following is the score by innings:

Inning	Cincinnati	Chicago
1	0	0
2	0	0
3	0	0
4	3	0
5	0	0
6	1	0
7	0	2
8	0	0
9	0	0
Total	4	2

The batting order was: Chicago—Liebold, r.f.; Collins, 2nd; Weaver, 3rd; Jackson, l.f.; Aelsch, c.f.; Gandil, 1st; Risberg, s.s.; Schaak, c.; Williams, p.

Cincinnati—Rath, 2nd; Daubert 1st; Groh, 3rd; Rousch, c.f.; Duncan l.f.; Kohf, s.s.; Neale, r.f.; Radican c.f.; Sallee, p.

This morning the Red Legs woke with a new dream. The championship in five games was the petition laid before Pat Moran by dazed natives who were soaring around in the seventh heaven of baseball bliss.

There was a possibility that Jimmy Ring would carry the colors of the Reds but Sallee is almost a certainty unless he warms up.

STEEL CONCERN WILL NOT YIELD SAYS E. GARY

(Special via G. T. P. Telegraphs.)
 Washington, October 2.—Declaring that the question of the open shop and the right of a man to work irrespective whether he is a member of a labor union or not, was the sole issue in the steel strike, Elbert Gary, chairman of the board of the United States Steel Corporation, told the Senate Committee of inquiry into the steel strike, that his corporation would never yield. He said that the strike is failing.

G. W. V. A. POSTPONE ELECTION OF OFFICERS

Special Meeting to be Called Next Week.

The semi-annual meeting of the Great War Veterans' Association was held in the association's rooms last evening, the original purpose of the meeting being to elect officers. However, as the financial statement was not ready to be presented the election was postponed and will probably be held at a special meeting which will likely be called next Wednesday evening.

A resolution was passed at last night's meeting protesting against the action of the Dominion Government in issuing Class A badges to men who had gone to France after the armistice was signed on November 11 last year.

The secretary wishes to draw attention to the fact that the Association's rooms are now open all day to returned men and that the canteen, which has been recently opened, is open for the patronage of the general public.

Kerr Houlgat, liquidator, informed the court that the company has liabilities of over \$3,000,000 and assets on which he expects to realize no more than approximately \$200,000. Alvo lost between seven to ten million dollars in investments in this province.

CODE TELEGRAM BY MEIGHEN IS BEFORE HOUSE

Member Says They Will Prove That Conspiracy Existed to Wrongfully Place the Soldiers' Vote.

(Special via G. T. P. Telegraphs.)
 Ottawa, Oct. 2.—The House of Commons yesterday returned to the debate of D. D. McKenzie's motion for the appointment of a preliminary committee to inquire into the code telegram sent to Sir Robert Borden under the signature of Sir Arthur Meighen during the last general election, and matters pertaining to the taking of the soldiers' vote.

The debate which was quite spirited is not yet concluded. Hon. Jacques Bureau, who was speaking when the house adjourned, said that if the committee was named, the opposition would prove that a conspiracy existed to wrongfully place the soldiers' vote.

IRVING S. LINNELL RODE WITH ADMIRAL THROUGH VANCOUVER

In last Tuesday's "Vancouver World" there appeared a picture of Irving S. Linnell, formerly United States vice-consul in this city. He appeared riding with Admiral Rodman in the parade in honor of the Prince of Wales' visit in Vancouver.

Mr. Linnell, who is the son-in-law of Mr. and Mrs. W. Fisher of this city, began his diplomatic work in Prince Rupert and has been promoted until he is now in charge of the United States consulate in Vancouver. He has been expecting to get a post in Europe for some time past. Admiral Rodman was in charge of the United States squadron of warships which visited Vancouver on the occasion of the Prince's visit.

WOLVES SEEN HERE BY SEVERAL PEOPLE

One Found Dead in Woods Across the Harbor Recently by Local Hunter.

Seeing an account of the shooting of a wolf across the harbor, a hunter who wishes to be nameless tells of finding the body of a wolf and also feathers and remains of one or more eagles in the woods across the harbor. He said he thought it looked as if the eagles and the wolf had been fighting, although it might have been that two eagles were fighting over the carcass of the wolf.

A wolf was reported to have been seen recently on Digby Island and there have been other reports of seeing wolves this year. This is all interesting because wolves are usually scarce in this neighborhood.

OCTOBER 9 IS FIRE PREVENTION DAY

Dominion Government Sets Aside That Occasion to Educate People into Conserving Property.

An extra copy of the Canadian Gazette to hand announces by royal proclamation that October 9 is to be "Fire Prevention Day." This does not interest Prince Rupert very much just now as it would be impossible to set a fire outdoors, no matter how much effort was given to the impulse. At the same time for the burned up parts of the province doubtless such a day is an advantage. The idea is to focus public opinion on the necessity of conserving the forests and preventing fires both in the woods and in buildings.

Editor Daily News:—
I was much interested in reading the address of Mr. E. A. Wakefield made at the monthly meeting of the Board of Trade in your city on July 10. I am an outsider who knows nothing of your city or what your part of the province can produce, only what I gather through the press.

I believe the plan of the city has been well thought out and that you have made good hard and wide roads so as to make traffic easy; that probably you may have considered it wise to have uniformity in buildings in certain parts of your city; that millions have been spent in the construction of the G. T. P. line.

You have one of the finest harbors in the world. Is that sufficient? Surely not! By building or buying at the shortest notice two or three large passenger steamers equal in speed to the

Empress of Russia you can reduce the sea voyage at least one day. Do your citizens realize what that would mean to Prince Rupert? To an outsider it means that in six or seven years you would have thousands of workmen where now you have fifty. Surely your citizens have sufficient interest to persuade the G. T. P. to place such steamers on the line without any further delay. If not why do they not combine and raise say enough money and if they are not able to build the ships at Prince Rupert let them

place the order in England for these boats, but get the very best boats. If you do this I think you can look forward to see the tourists come through your city. You certainly will need very up to date hotels to accommodate the number who will flock through.

I presume the G. T. P. will be able to send through the silk, tea and other produce to all the cities in Canada and America in as short a time as the C. P. R. so why wait? It is true that for six months or even a year no great profit will accrue to the shipping

company, but surely the city and the G. T. P. will benefit greatly. As an outsider I believe it would pay and I would be willing to invest in such a venture in shares up to £1,000.

In Kobe the authorities have spent within five years \$20,000,000 in harbor works whereas you have nothing to spend in this way.

I look forward to see the city of Prince Rupert rise soon in all its glory. I am writing for the present in a summer resort and here I have nothing else to do but

dream of the future. Believe me to be

Yours very truly,

PRIZE WINNER IN LIMERICK CONTEST

Number of Verses Were Not Regular and Others Were Not Topical.

The prize winners in the Limerick contest is Miss Lorraine Grant and the verse that is chosen as the one having the greatest merit is:

Vancouver's Envy.
 Miss Vancouver so envious and sad,
 Says, "I've got no drydock, I'm mad.
 So Prince Rupert's I'll steal,
 But the Duke laid the keel,
 And the hearts at Prince Rupert were glad.

The judging was done by a prominent citizen who understands the subject. He found that very many of the verses were disqualified because they were not regular, others because they were too general in the subject matter. His choice will probably receive general approbation. The winner is asked to call at the office and get a cheque for the prize money. The following verse arrived too late to be included among the competitors:

Limerickitis.
 There once was a man of great renown
 Who lived in a gay little northern town,
 But he caught Limerickitis,
 'Twas worse than bronchitis,
 And his last words were, "Five please, cash down."

A number of verses are given, most of which were not limericks, out of all of which were interesting. The following comes from Usk:

A Dollar a Line.
 A dollar a line on this limerick
 Is enough to give a tickle-ickle-lick;
 But better still
 Than gold or bill,
 A FAIR day in Rupert by hickety hick.

Prince Rupert Drydock.
 Prince Rupert citizens, so excited will feel
 That their lunch will be an untouched meal,
 For it is not a Spook,
 But really a Duke
 Who is laying the first ship's keel.

Fruit Bylaw.
 The Fruit Bylaw's a question
 That's been causing much discussion,
 And the City Fathers state
 If it's late don't sell a crate;
 'Twould be a juicy thing to test
 The "Bench" on.

Dancing.
 Dancing is all the craze
 And can be done in different ways,
 There's the waltz, then the jazz
 Which certainly has
 Captured the public these days.

Sunny Rupert
 Prince Rupert flows with milk and honey,
 Lots of people making money;
 I therefore suggest
 That all do their best
 To make the lives of others sunny.

Hunting.
 Sometimes its cold, sometimes its hot,
 Sometimes its fine, sometimes its not.
 But hunting, with luck,
 We shoot a fine buck,
 Rain, hail, or shine, we care not a jot.

The Daily News.
 As lilies upon a dung heap grew
 Fragrant, pure and fine
 Among the bourgeois journals,
 So

Does that of Pullen shine.
Rupert Sunshine.
 Sing a song of sunshine, fifty
 In the shade,
 Exhibition weather, Rupert's
 name has made.
 When the people come to town
 Weather Man goes upside down

Is Economical. The Coupons which it carries -- redeemable for useful articles -- are a further economy.

Then wonders why they say it always rains.

Queen of the West.
 They call her the Queen of the West,
 Yes! to me, dear old Rupert's the best;
 As you look o'er the Bay
 From your heart you must say
 Prince Rupert's the Queen of the West.

BASEBALL STARS VISIT INTERIOR

Frank Tinetti and Harry Day, the local baseball stars, returned this morning from a trip to the interior. They left here with the intention of giving support to the Telkwa baseball aggregation in games with the Prince George nine at Prince George. However, on arriving at Telkwa they found that the intended matches had been cancelled so Frank went to the Smithers team and Harry to the Telkwa boys and two games were played between the twin towns, both of which were won by the railroad town's team. These games conclude the series of the Northern Interior League, which has been followed through the summer months.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
