

ANOTHER PLANE MISSING OFF COAST

U.S. Floats Loan in US

WASHINGTON, D. C. (Special Telegrams)—The Securities Exchange Commission announced in Washington that the U.S. government has approved a registration statement for the SEC seeking registration of \$35,000,000 of debentures. The SEC explained the debentures are to be issued in four series of \$8,750,000 each, with interest rates, public offerings, and underwriting to be determined later. The first issue is to be supplied by the U.S. Treasury and the list of seven principal underwriters. The U.S. states that Canadian dollars derived from the conversion of the proceeds of the sale of \$35,000,000 of the debentures are to be applied toward payment of outstanding Treasury Bills held by the Canadian Bank of Commerce in like amount. Canadian dollars derived from the conversion of the proceeds of the sale of \$35,000,000 of the debentures are to be applied toward payment of outstanding Treasury Bills held by the Canadian Bank of Commerce in like amount. Canadian dollars derived from the conversion of the proceeds of the sale of \$35,000,000 of the debentures are to be applied toward payment of outstanding Treasury Bills held by the Canadian Bank of Commerce in like amount.

COST OF LIVING UP AGAIN—Sharp increases in the price of food helped boost the cost-of-living index 3.5 points to a high of 187.6 at July 1. The index is based on 1935-39 prices equalling 100. Smaller increases were recorded for drugs, newspapers, personal care, clothing and home furnishings. The dotted line is the U.S. Consumers' Price Index. It is not directly comparable to the Canadian index, but indicates price changes. (CP PHOTO)

Co-op Store Is Entered

Guns Recovered And Two Arrests Made In Quick Police Job
Two men were soon in jail and five rifles, one shotgun and ammunition were recovered on Sunday a few hours after Royal Canadian Mounted Police had been notified of a breaking and entering of the Kaizen Co-operative hardware store on Third Avenue near the Daily News office. It was about 8 a.m. that the police had been advised of the burglary which had been made by breaking the main front door window early Sunday morning. A passerby noticed the broken window. Investigation led to the fishing boat Sandra L. at Cow Bay. One of the men was arrested there at the time of the finding of the missing weapons. The other was later apprehended uptown. The two men will be arraigned Saturday in city police court on charges of retaining stolen property and meantime are out on bail of \$1000.

Officials Had Illegal Fish?

JUNEAU—Territorial Representative Andrew Hope and William R. Walton, chairman of the Alaska Board of Fisheries were among 31 fishermen arrested on charges of illegal fishing. Dan Ralston, law enforcement supervisor for the Fish and Wildlife Service, made the arrests, near Sitka. The seines of Hope and Walton's vessels were found full of salmon and pursued at 5:45 a.m. fifteen minutes before the opening gun of the season, Ralston said. Clarence Rhode, regional director for the service, said the men must have set their seines at least an hour before pursuing them.

Apology By Reds

United Nations Cease-Fire Delegation Called to Tokyo for Parley
TOKYO (CP)—Gen. Matthew B. Ridgway and four Allied cease-fire delegates conferred in Tokyo tonight on the stalled truce talks at Kaesong. The delegates had been recalled unexpectedly from Kaesong. Out of the Tokyo conference may come a message to the Reds which will lead to a resumption of negotiations which were suspended by Ridgway because Communist armed troops were in Kaesong contrary to agreement. Ridgway demanded a "satisfactory explanation." An aide to Ridgway said the supreme commander was preparing a message to the Reds in reply to a Red apology for the presence of the armed Chinese soldiers near the United Nations staff house in Kaesong. The Community reply said the troops were there "by mistake" and assured that such an incident would not be repeated. In calling off the talks, Ridgway had charged the Reds with "flagrant violation" of Kaesong's neutrality.

Record War Chest Fund

WASHINGTON, D. C.—A record \$56,062,405,890 peacetime military budget was approved today by the House of Representatives appropriation committee. The present measure is mainly to finance the defence department for fiscal year ending next June 30. More than half the total bill is for buying tanks, planes, guns, rockets, weapons and other military supplies.

Norseman Disappears Off Vancouver Island

VANCOUVER (CP)—Search intensified today for a Queen Charlotte Air Lines plane with seven persons aboard which vanished Saturday afternoon along the trackless west coast of Vancouver Island. The quest was spurred following overnight reports of flashing lights having been spotted on small Flores Island, 20 miles from Tofino, during the night.

FLASH

CALLING NO SESSION
EDMONTON—Prime Minister L. S. St. Laurent said here today that he had no intention of calling a session of Parliament at this time to deal with the high cost of living. He did not think that price controls would be a lasting cure of inflation but the government was working on other measures. **TIMBER SITUATION GRAVE**
VANCOUVER—Lumber operators and workers are meeting here to consider the serious situation arising from the long drought which has now rendered 15,000 idle. It may be necessary to work six or seven days a week in the woods after the drought ends to provide the mills with a winter supply of logs.

WAGE INCREASE

VANCOUVER—Stage lines and drivers have reached a wage agreement. An increase of 18 1/4 cents an hour has been obtained. **CRASH KILLS NINE**
SEATTLE—Nine men were killed when a United States Army bomber crashed north of Whidby Island today while on practice runs. **ZOOTSUITS BUSY**
VANCOUVER—Zootsuits caused several street disorders here during the weekend. In one of the incidents a shoe-maker and his aged mother were slugged.

Died in Niagara

Red Hill Perishes in Attempt To Ride Over Cataract
NIAGARA FALLS (CP)—William (Red) Hill, who accepted "guardianship" of the Niagara River at his father's deathbed in 1945, died Sunday in a stunt plunge over the cataract. His battered body was recovered this morning at the Maid of the Mist landing. A brother, Pte. M. L. Hill of the Canadian Army, who saw the tragedy, said he would make a similar attempt to ride over the falls in a barrel next Sunday. The intrepid "Red" carried out a promise to shoot over the 165-foot cataract but he did not survive. He went over the falls in a contraption of rubber inner tubes and netting. The 38-year-old riverman's craft was broken in three pieces as it whirled past the Maid of the Mist landing minutes later—before the eyes of relatives and friends and thousands of spectators.

17-Year Old Girl Champ

LAVAL-SUR-LE-LAC, Quebec—Mardene Stewart, 17-year-old ex-caddie from Lookout Point Club at Ponthill, Ontario, won the Canadian ladies' closed golf championship Saturday with a 54-hole medal score of 251.

Cleveland Keeps Pace

New York—New York Yankees maintained their half game lead over Cleveland Indians in the torrid American League pennant race Sunday as they swept a double-header from the last place St. Louis Browns 6-3 and 4-3.

Cleveland Indians kept pace by taking two from Philadelphia Athletics 6-3 and 6-3. However, Boston's third place Red Sox were upset 3 to 1 and 8 to 5 by Detroit Tigers and tumbled 3 games behind the Yankees.

Fourth place Chicago White Sox defeated Washington Senators 6 to 5 but fell seven games behind.

NATIONAL LEAGUE
The National League leading Brooklyn Dodgers, Ralph Kiner of Pittsburgh Pirates and Bubba Church of the Philadelphia Phils supplied the National League highlights.

Brooklyn won a double-header from Cincinnati Reds 9 to 8 and 2 to 0. Kiner blasted three home runs but the Pirates dropped the twin bill to the Phils 5 to 1 and 12 to 7. Church held the Pirates to one hit in the opener—Kiner's seventh inning homer.

In other National League games Boston Braves captured a pair from the Chicago Cubs 7 to 4 and 4 to 3 and New York Giants downed St. Louis Cardinals 8 to 4.

Tragedy in Speed Race

SEATTLE—Lou Fagol drove the Slo-Mo-Shun V to victory Saturday in the Gold Cup race which was cut short when the speedboat Quick Silver sank and two men were drowned.

The owner and driver of the Quicksilver, Orth Mathiot, aged 57, of Portland, Oregon, and Air Force Sergeant Tom Whitaker, 27, his mechanic, died when the speeder vanished in the choppy waters of Lake Washington.

The bodies were recovered Sunday. Referee Mel Crooks announced the race would stand on the basis of point totals at the end of the first two heats in which Slo-Mo-Shun surged around the course at average speeds of better than ninety miles an hour.

Four Die in Plane Crash

ST. JOHN'S, Newfoundland—All four members of the crew died in a crash last night of a United States Air Force jet bomber near Goose Bay airport, Labrador, a search party reported today.

The plane crashed just below the crest of a deeply wooded hill.

Increments to Come Sooner

VANCOUVER—A revised wage plan for Canadian postal workers is being put into effect. This, according to Dave Kelt, secretary, is the word brought by the deputy minister, Walter Turnbull. Maximum salaries will start within three years, instead of the present six for carriers and seven for clerks.

Company For Alaska Mill

SEATTLE (AP)—A new corporation for the construction and operation of Alaska's first pulp mill, at Ketchikan, is being formed. It will be the success to the Ketchikan Pulp and Paper Company, which pioneered the way for the now-approved project, and entered a timber tract with the U. S. Forest Service.

Dr. Middlecoff Golf Winner

CHICAGO—Cary Middlecoff, dentist's outstanding gift to golf, staved off a bristling finish by Fred Hawkins to capture in the 15th All American and pro the top \$2,250 prize by two strokes tournament today.

Alaska Could be First Attacked in Atom War

WASHINGTON (AP)—Alaska may well escape atomic bombing but could be the first place attacked with high explosives, federal Civil Defense officials said yesterday.

"Quite possibly the territory would be the first to suffer under an enemy attack," James J. Wadsworth, deputy Civil Defense administrator, told a House Armed Services subcommittee. Later, under questioning, one of his assistants, former Col. Joseph Chambers, said the joint chiefs of staff doubted Alaska would be atom-bombed, chairman Hebert (D-La.) said.

The committee approved legislation to authorize the Civil Defense Administration to waive a requirement that Alaska match equally federal funds for air raid shelters.

PIONEER CANADIAN LAUNDRIES & CLEANERS

Explorers Rescued

JUNEAU—The query "Norseman?" stamped out in the snow on an Alaskan mountain side led to the rescue yesterday of three explorers who had been marooned by the disappearance of their expedition's plane. The message referred to a Norseman plane with three aboard which vanished July 27. Rescued from Mount Hubbard by a ski-equipped Air Force plane were W. A. Wood, his son, Peter, 29, and Robert Bates.

Lost aboard the Norseman were Explorer Maurice King, Wood's wife and their daughter, Valerie. Wood was in charge of ice studies for the Arctic Institute.

WEATHER

Synopsis
Clear hot dry weather will persist over Southern British Columbia for at least today and tomorrow, extending drought conditions over the southern B. C. coast to near the two-month mark and in the southern interior to one month. Cloudy skies and a few scattered showers are expected over the northern section of the province today and tomorrow.

Forecast
Cloudy with a few scattered showers northern section, sunny elsewhere, today and tomorrow. Little change in temperature. Wind light. Lows tonight and highs tomorrow—Port Hardy, 47 and 68; Sandspit and Prince Rupert, 50 and 63.

India and Pakistan

INDIAN and Pakistani statesmen, in their quarrel over Kashmir, have been vying with each other in making incendiary statements with charges and counter-charges. Each side accuses the other of preparing to launch a war and each side, in spite of manoeuvring of troops, protests its innocence of any such intention.

Theoretically, both sides subscribe to the right of the Kashmiri to decide for themselves through a plebiscite whether they will join India or Pakistan. Actually, both sides have done their part to obscure this basic issue by a variety of irrelevant accusations hurled back and forth.

Since India and Pakistan both refuse to withdraw their troops from the Kashmir area, the only possible solution now seems for the United Nations to take a hand and see that a free and fair plebiscite is held under UN supervision. A single force composed of troops from India and Pakistan under United Nations command has been suggested to preserve order in Kashmir until the plebiscite is held.

There is nothing in the present situation that a little reason, patience and a fundamental will to peace cannot solve. Yet, as long as the situation continues, there are explosive elements of war—world war at that. It is just the sort of a situation, too, which, the Communists, watching two anti-Communist countries at dagger's point, can sit back and enjoy.

And, if war should come, it could result in a victory for Communism and both India and Pakistan, in the end, would be losers.

For Lonely People

PRINCE RUPERT is a lonely place for many people of a Sunday. There are many strangers here and more are coming as industry and business expands. It points up again the question—what is there in Prince Rupert for people to do with their leisure time?

In American cities, theatres are open on Sunday and sports, except in a few, are allowed to operate on a commercial basis. We are not suggesting that such should be allowed in this country—although we do not see that there would be too much harm in it at that—but, nevertheless, there might be something done from a community standpoint to make this a more interesting community from a recreational standpoint. And this might be said not only of Sunday but of other days and evenings of the week.

The need will become more greatly felt as fall and winter come. At least we have a venue—our Civic Centre. Organization of something along this line could be made a worthy effort which might find general support.

Type of Leadership

THE challenge of leadership in today's world is great because there is close relationship between the type of leadership we have and the kind of world we have in which to live. In a totalitarian state the people take on the character and idealism of the leader. In a democratic state the leader merely reflects the character and spirit of the people.

We are beginning to realize that circumstances and situations do not necessarily make or break the world but that men do. We build a better world only to the extent that we build better character into the lives of our people. How true is the ancient Chinese proverb which says:

"If there be righteousness in the heart, there will be beauty in the character; if there be beauty in the character, there will be harmony in the home; if there be harmony in the home, there will be order in the nation; if there be order in the nation, there will be peace in the world."

In today's world if we are to perpetuate our civilization, society, and our God-given freedom, we must have a high type of leadership.

As I See It

Is Peace Possible?

GULL LAKE, Alberta —
The days are sunny and cheerful, here in the centre of this bright prairie land.

We wake in the morning to the rat-tat-tat of birds pecking something or other on the roof. We have a simple breakfast, then morning devotions—prayer and a tiny sermonette.

So begins another day. At times I sit back and half sigh, half chuckle at the immensity of the job these brave souls set themselves.

Is Peace Possible? That is the topic at this years camp. In one sense it seems pathetic that, with the two great power blocs rolling toward each other for the all-but-inevitable smash, this tiny handful of never-say-die peacemakers is the only visible manifestation of Christianity's prairie Protestantism's awareness of the hell's brew cooking for all mankind.

BUT who knows how great an effect such a tiny band may have? The wife of a man who was recently selected to do a vitally important international job said to me:

"Such and such a great scientist has just shown how tiny an amount of energy it takes to split the atom, which, once it is split can cause a chain reaction which can blow up a whole chunk of the earth."

"Isn't there great hope for all of us in that fact? For perhaps the principle would work the other way too?"

Maybe it could. Who knows?

WE HAVE two lectures a day here—one in the morning and one at night.

Morning lecturer is Dr. Jerome Davis, a lean kindly faced but grizzled veteran in the fight for peace. He is to go from here to the YMC Acamp at Lake Couchiching, Ontario. He has written a long list of books, and held many interesting jobs. One of these was as YMCA appointed observer of the prisoner-of-war camps in Canada. In world war two, that is as Davis's job to see that the foreign prisoner of war, who had been shipped to Canada, was treated as humanely as the Geneva convention says he should be.

Between the lectures—we have all sorts of informal talks, some of these much livelier than the set of sessions. In these one main question is: How far should Christians co-operate with Communists, when the latter declare that they too are in favor of peace?

Most of those who have attempted such co-operation in the past have been pretty sadly disillusioned about it—and some have found themselves taken for a ride far from where they were supposed to go.

DR JEROME DAVIS was joking about the irony of history. Back in 1932 or 1933 he debated with John Strachey, before a big gathering in Brooklyn. The subject was:

"Resolved that Communism is the only way out for the United States of America."

The man who argued that Communism was inevitable for the USA was Strachey—the present Minister of War in Britain, who is in charge of the vast armament program, designed to "contain" Communism. Davis took the negative side.

Davis also told me an amusing story about Stalin—whom he interviewed for the Hearst press, back about 1925. When Uncle Joe was a young student at the Theological Seminary he eagerly bought and read some foreign books. One was Darwin's "Origin of Species." When the Seminary heads caught him at that they took it from him and put him in jail—solitary confinement.

Yes—there's a reason for many things.

Driving in the business section of a city, a man tried to edge his car past one driven by a woman, who was trying to park in close quarters. Suddenly the woman's car crashed into his.

Flushed with exasperation, she leaned her head out of the car window. "You could see I was going to do something stupid," she said, "Why didn't you wait to see what it was?"

The man bought a cigar in the department store and started to light up.

"What!" exploded the customer, "You sell cigars, but prohibit smoking?"

"We also sell bath towels," the salesgirl replied.

"You're supposed to roll the ball, dear."

LETTERBOX

WE DARE, DAN!

Editor, Daily News:

I dare you to print this. I am not much at writing or one to use big words but I do know what's what.

In the first place, I am trying to make a living for myself and family, just the same as anyone else.

I have been good at getting full of grease and dirt and I like it but there is dirt—and dirt—if you know what I mean.

Now this bloke who is doing the beefing it must be a male as no respectable female would be out in the early hours of the morning sticking her snoot into places that don't concern her must lose an awful lot of sleep watching Bill's and my place (the only two places where hammering and swearing goes on).

If he hears me hammering after 8 or 9 in the evening, I am likely patching up tires or something else so that the cars or trucks he bums a ride to work in the morning are ready to go. (I'm pretty sure a guy like him would not spend a dime for bus fare.)

It's true our places look like h— sometimes but so do all the other places that buy, sell or repair cars. Take our only piece of lawn (to my thinking) in front of the Court House. It looks good. Those cars and trucks really show up well with the background of nice flowers and shrubs which I see two poor gardeners doing their best every day to keep looking nice.

Now about the tourists thinking they have strayed into a garbage dump. Yes, it smells like one when the wind blows from the direction of Bill's place. There is a burst sewer comes down from Fourth or Fifth Avenue and flows out over his place which he tries to keep tidy to the best of his ability.

Did "Veritas" (I guess he's too chicken-hearted to come out with his name) see the foot or so of foul-smelling ice that I had to chop off my driveway last winter? They told me it was pure water. (I wouldn't be writing this now if I had drunk any of it.)

Now the first thing a tourist does when he comes to Prince Rupert is to stop and get his bearings and use my restrooms which even "Veritas" could not find fault with—a little smell maybe, but the best I can afford I've spent hours and hours the last four and a half years

ANCIENT HURDY GURDY — Hurdy gurdy 400 years old is prize piece in the collection of musical instruments owned by A. J. Smith of Kitchener, Ont. The hurdy gurdy is a drone instrument whose four or six strings are vibrated by the turning of a rosin-covered wheel. A French development, it was popular from the 13th to the late 18th century. (CP PHOTO)

ray..

Reflects and Reminisces

Married women are healthier and live longer than spinsters, according to an English survey. Identically the same thing is said of bachelors. It must be confessed a slow and tedious way of committing suicide.

JUST AS WELL TO KEEP IT

Democrats, and perhaps a few Republicans, continue to support statehood for Alaska. And the Soviet, not to be outdone, gives shrill cries for the return of Alaska to some place behind the Iron Curtain. Everyone admits, of course, the bargain was unrivaled but that does not mean the territory should be returned with apologies.

THAT OTHER PLACE

No matter where you spend your vacation, it's the return home that makes you think of all the places you wish you had gone.

A memorial was unveiled Friday near Sydney, in honor of Marconi. About the turn of the century, a young scientist, from a spot on Nova Scotia's eastern shore, founded what we know today as radio. Fifty years ago, while realizing, in an imperfect and amateurish way, the significance of the development, none could grasp (perhaps not even Marconi himself) the immensity of meaning of the discovery. Picture our way of life today, without it.

PLAY BALL

The weekly press in Saskatchewan thinks the time is overdue for ball playing with the provincial government. It is felt there should be some real advertising, in return for at least a not unfriendly attitude when it's deserved. But free publicity in and out of season should be a thing of the past, forever.

GROWS ON ONE

Lord Alexander's two sons, now in the heyday of vigorous youth, say they have no desire to return to England. The Governor-General, it is understood, will soon be due to return. Fact of the matter seems to be that everybody, from Dad down, wouldn't mind indefinite delay. But then, there's Mother. Yes! You bet!

The meat situation is bad, but it's worse in Britain. As the Toronto Star says: "When an Englishwoman expects her husband to bring home the bacon, she leans him her shopping match-box."

Alaska Wants CPR Service

Appeals to Canadian Line Against Run Being Withdrawn

JUNEAU—The Alaska Development Board has appealed to headquarters of the Canadian Pacific Railway Co. in Montreal to continue the Alaska service which CPR has intimated it will discontinue this winter after having been nearly fifty years on the run.

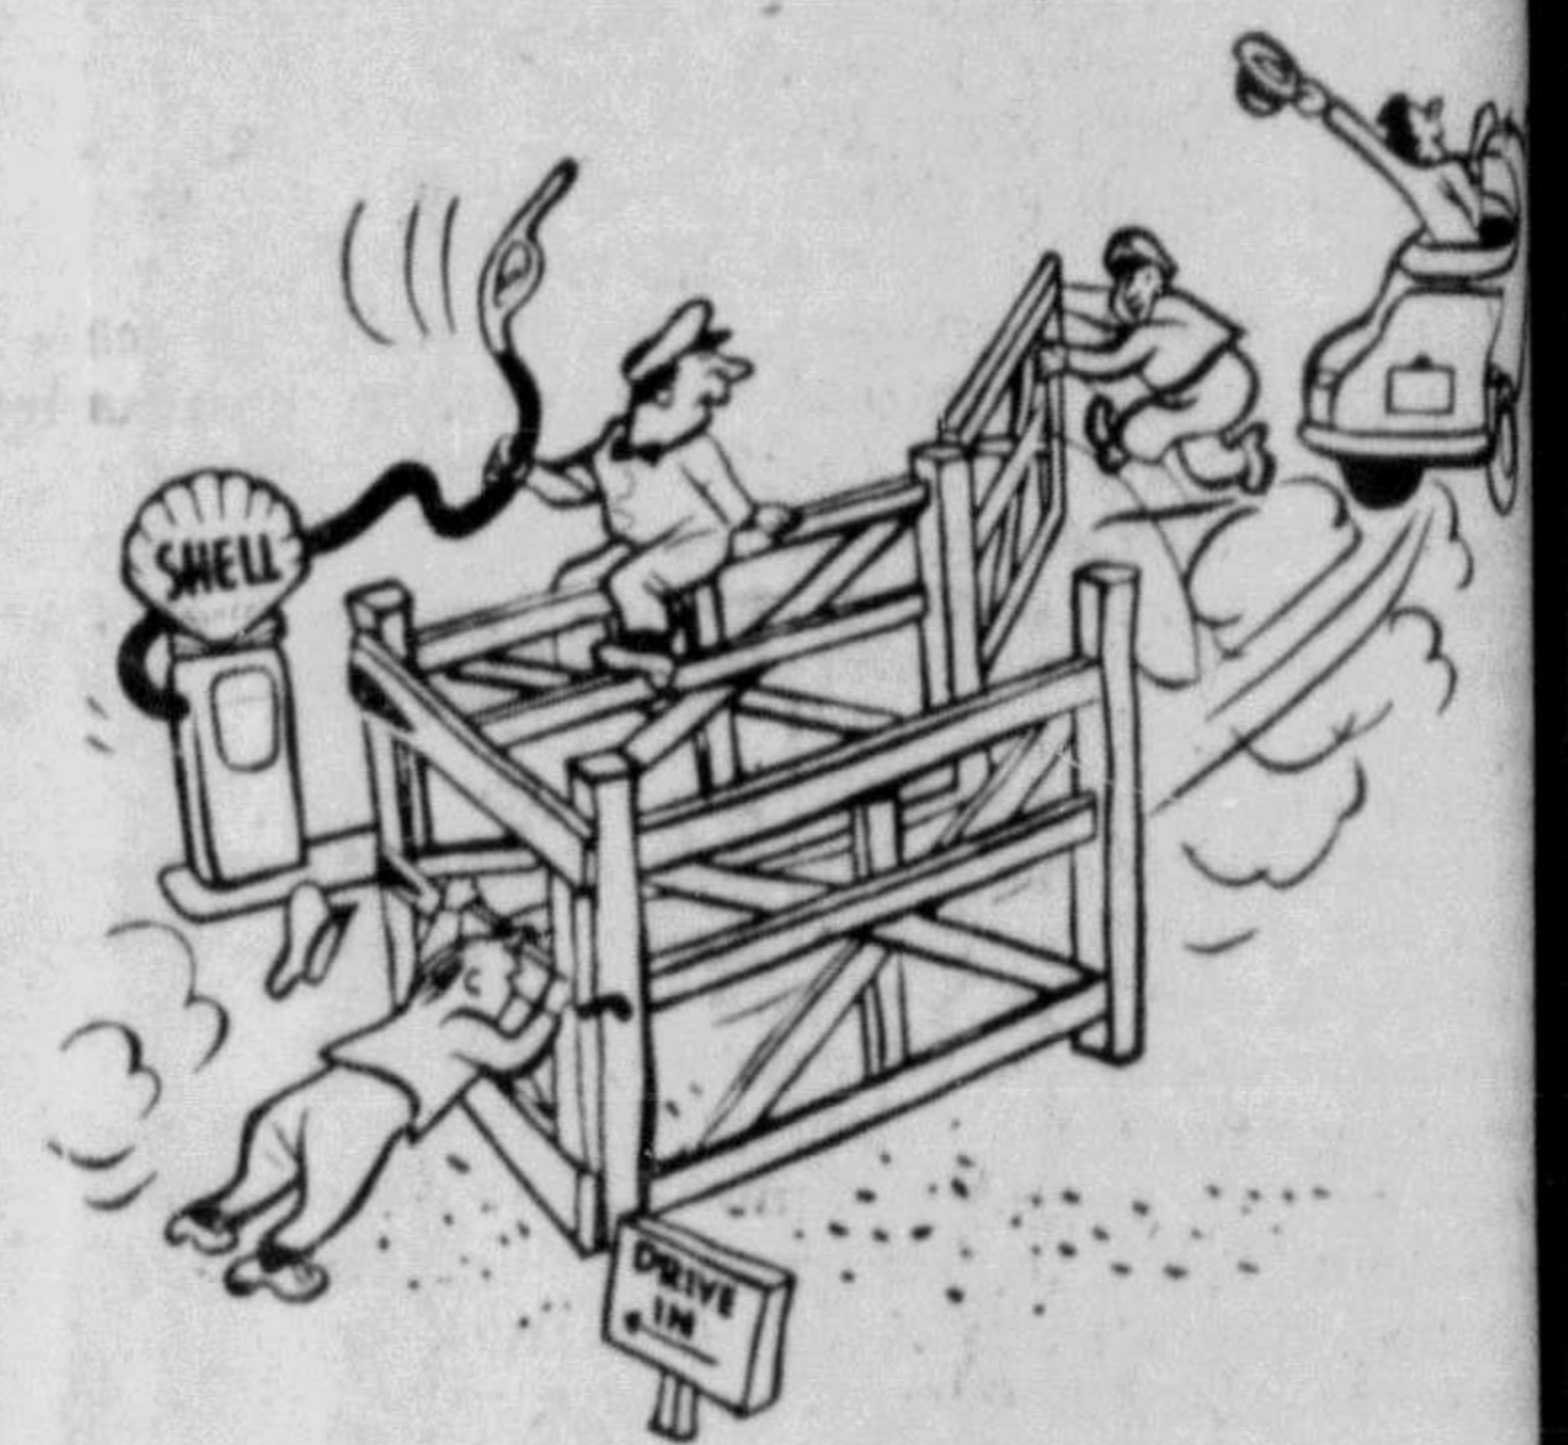

There will be no Canadian steamship operations to South-east Alaska from Nov. 10 to March 10, according to word received here from Delegate E. L. Bartlett.

Bartlett reported in a letter to George Sundborg, consultant for the Alaska Development Board, that he had word from a Canadian Pacific Steamship Co. official in Washington D. C., that winter service will be suspended. William McFarlane, local CPR agent, said that he had received no official word regarding the matter but that unofficially he had been informed that the Princess Norah, the regular winter ship, would be placed on the Prince Rupert and Kitimat run. Jack Alderson, district passenger agent representing the British Columbia Coast Steamship Co., affiliate of CPR running the Princess boats, is to be in Juneau on August 11, McFarlane said. Bartlett's letter said that the company planned to provide freight service with a new ship, Yukon Princess. Sundborg wrote a letter to the

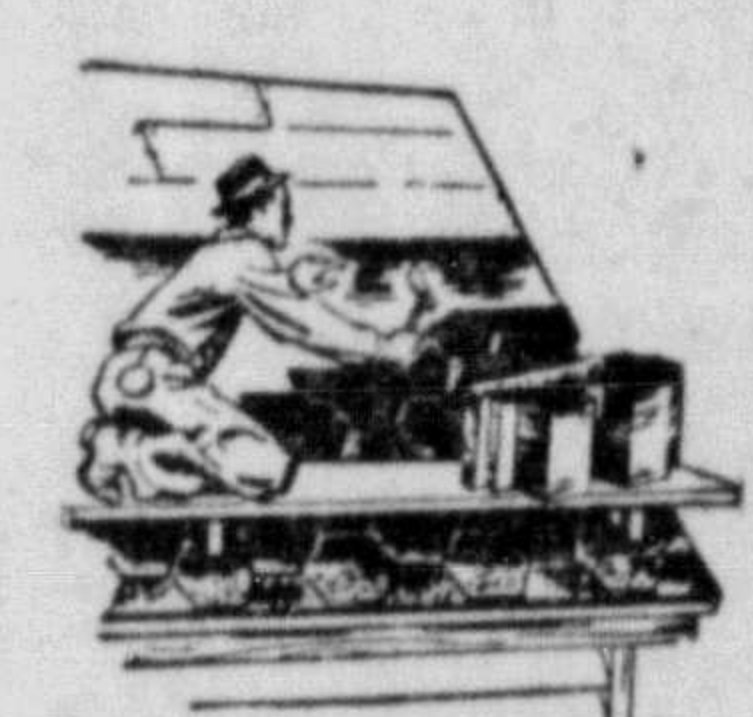

CONSERVATIVE VICTORY
Anthony Eden, deputy of the British Conservative party, arrived in Montreal for a four-week visit to the United States.

CPR headquarters in Quebec, urging that the service be maintained. He pointed out that the service would be suspended and said that in time was the Princess boats provided the only passenger mail service to Southeast. He said that the company afforded splendid service that it had been greatly appreciated.

HOUSEKEEPING ...

**OUTDOOR BARBECUE MEALS
GOOD FOR WILTED APPETITES**

There is nothing like the fresh outdoors to perk up wilted appetites and attitudes on a hot summer day. Some people are lucky enough to have outdoor barbecues, but Mrs. Homemaker would not let it worry her if she can't. A portable grill is an asset for any jaunt into the country or for a family picnic in the back yard. A strong wire grill will set on some sturdy stands and also serve the purpose. Take stock of equipment when planning the menu so the preparation will not be a laborer for the facilities.

The fire should be started about an hour ahead of time so there will be a deep bed of glowing coals. Gloves and lots of pot holders help to save the cook's hands. Long handled forks and tongs are another asset. For a picnic in the country a picnic basket filled with ice is wonderful for carrying perishables, but, for those who haven't one, the home economists suggest that everything should be kept in the refrigerator till the last minute and then wrapped in waxed paper. In this way cold things can be kept cold. Salad greens can be placed in refrigerator in plastic boxes, aluminum foil or a vegetable crisper. Mixed dishes should be placed in covered casseroles or quart jars.

Canned foods must have been opened with an eye on picnics, they are so easy to carry. Never eat them in an unopened can, because serious burns may result. Lots of paper plates, spoons, cups and napkins are a necessity. A colorful plastic table cloth adds cheerful touch and it is easily washed if things are spilled on.

No one ever remembers to take along steel wool pads, but they do make it so easy to scour picnic pots and pans.

AT BOTH TIPS

Raold Amungson, first to discover the South Pole in 1911, also reached the North Pole in 1926, or 17 years after Admiral Peary.

OF THE WEST—Much of Alberta is having its wettest summer in years, although both British Columbia and Manitoba have had near-drought conditions. Torrential rain in Edmonton has turned many sections of the city into lakes, with canoes a favorite form of transportation. (CP PHOTO)

Simpson Man Interred Here

Rev. Fred Antrobus, pastor of First Baptist Church, officiated Sunday afternoon at the funeral of Harry Alexcee, 29-year-old son of Mr. and Mrs. Charles Alexcee of Port Simpson, whose death occurred last week in Miller Bay Hospital. Many native friends attended the service in the Grenville Court Chapel of B.C. Undertakers. Mrs. J. C. Gilker presided at the organ to accompany the hymns. Interment followed in Fairview Cemetery.

Frank Calder Touring Atlin

Frank Calder, M.L.A. for Atlin, is making a tour of the northern part of his riding. On Friday he was at Telegraph Creek, having flown there from Atlin with Pilot William Peterson in a Northern Airways Aerona plane. E. T. Applewhite, M.P. for Skeena, has also been in the some area during the past week. Mr. Applewhite is due back in Prince Rupert tomorrow night.

Former Local Man Tory Organizer

W. W. Wright, well known pioneer of Prince Rupert, one time pastor of First Baptist Church here and for many years residing in Atlin which he left recently, arrived in the city from Vancouver by road Saturday afternoon and will be here for the next few days. Mr. Wright has taken over the duties of Conservative organizer from J. E. Merryfield, who is ill with heart trouble. It is 21 years since he was last in Prince Rupert.

After moving from here, Mr. Wright was government agent at Atlin, later going into business there.

The industrial developments now going on in the interior, as well as in Prince Rupert, are of decided interest to Mr. Wright.

Spanish Consul City Visitor

"It seems to me it would be very advantageous and convenient for the Atlantic Pact nations to be joined by Spain," said Vincent Treilles, dapper 49-year-old Spanish consul for commercial affairs from Montreal, who arrived in the city this morning aboard the Princess Norah making the round trip to Alaska.

Mr. Treilles referred to Spain's strategic ports and its million men who "know how to fight." There are a million Spanish soldiers under arms now, he said, and another million out of the total population of 29,000,000 could be easily raised.

The Moroccan war had been "a wonderful school" for the Spanish army, said Treilles.

This is the first trip to Western Canada for the envoy who, however, has been on the Pacific coast before, having come to Seattle when in service in the United States. He came to Canada from Washington, D.C., two years ago. He speaks English fluently and pleasingly with typical staccato-like inflexion.

Twenty-five years in the diplomatic service of his country, he has seen service in such capitals of Europe as Paris, Vienna, Berlin and Bern.

Mr. Treilles is accompanied by his charming, although slightly greying, 42-year-old wife, Marta. The consul hails originally from Luarca-Asturias.

Miss P. Haethorne of Calgary arrived in the city on the Princess Norah this morning. She proceeded to Terrace to pay a visit with Mr. and Mrs. O. A. Kaulbeck.

Local and PERSONAL

Mr. and Mrs. James S. Burns left on yesterday afternoon's plane for a trip to Vancouver.

● Salt Lake Ferry running every Sunday and Thursday, weather permitting. Green 391 or Black 926. (11)

Mrs. Charles Buscombe of Vancouver is a visitor in the city, having arrived from the south on the Camosun last evening.

Sgt. E. A. Wales, RCMP, chief of city police, and Mrs. Wales and family returned to the city Saturday from a three weeks' holiday motor trip which took them to Vernon and Vancouver.

Mrs. W. B. George, widow of a well known pioneer mining man of the Portland Canal district, was a passenger aboard the Camosun last evening going through to Stewart.

Mr. and Mrs. Don Ritchie and family left at the end of the week by car for a month's holiday trip to the southern interior and Pacific Northwest states. They will be going as far as Oregon.

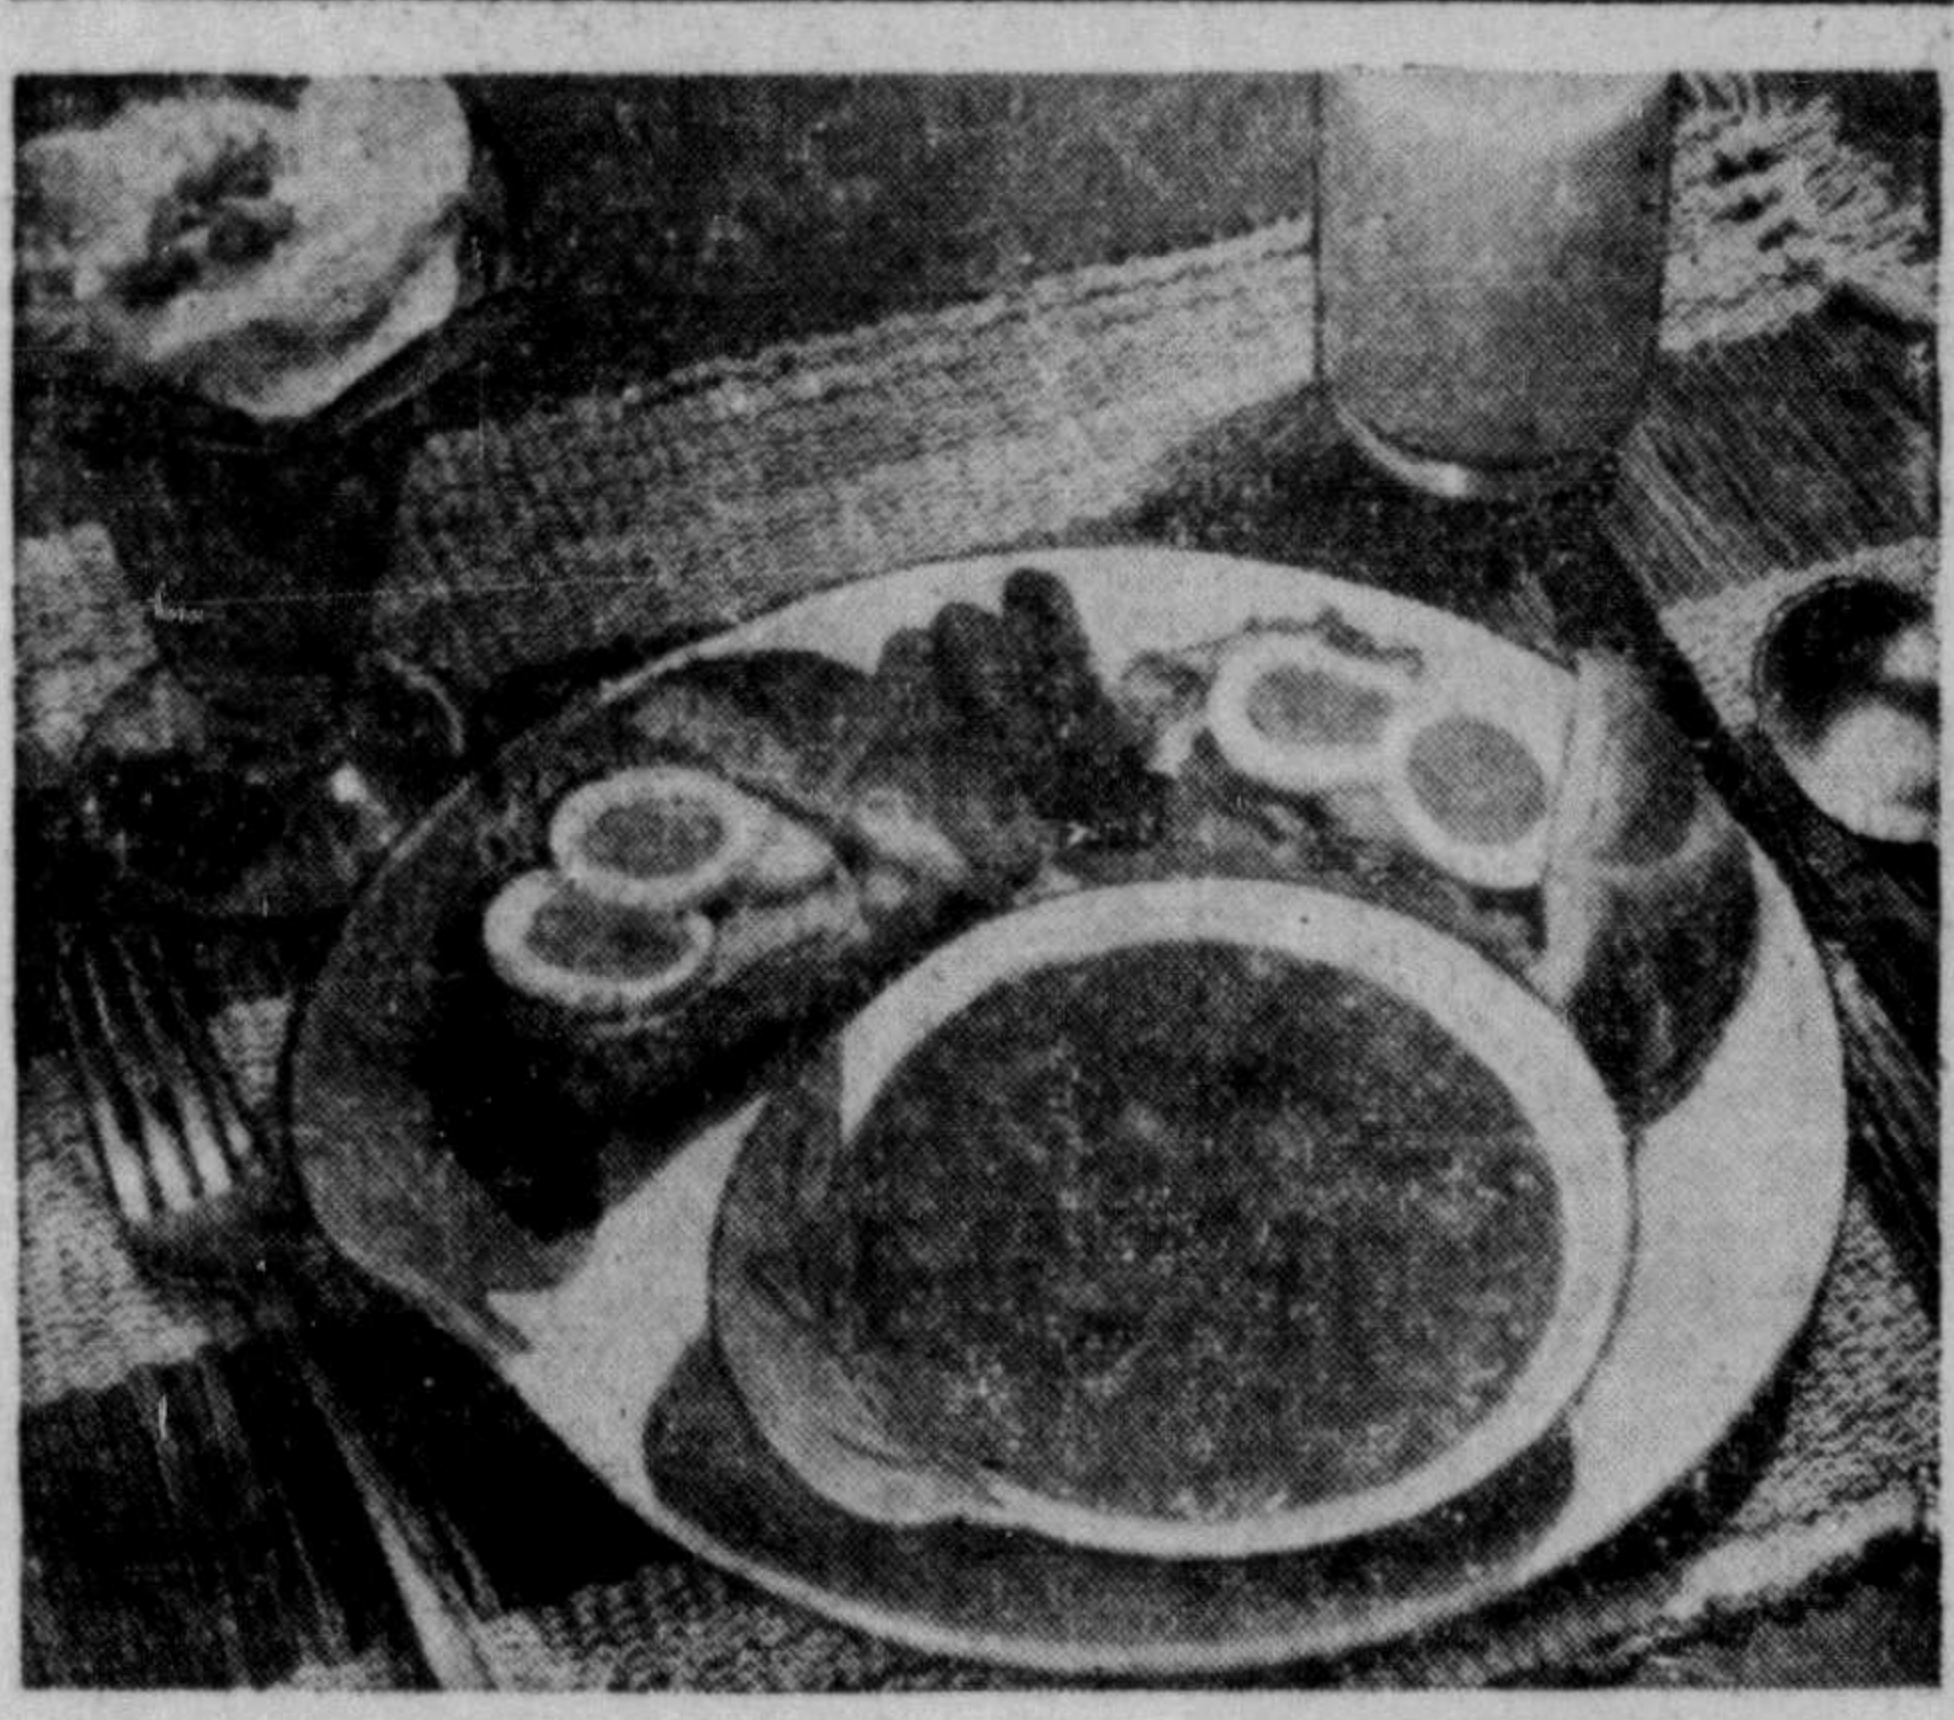

L. E. Smith, district engineer for the provincial department of public works, left by air yesterday for a trip to Stewart on official business. He expects to return to the city on the Camosun tomorrow morning.

Frank Barnsley of the Canadian General Electric Co. arrived in the city on the Camosun last evening from Vancouver, being here on business. Mr. Barnsley lived here as a boy in the early days and is renewing old acquaintances.

W. E. Coplick of Vancouver, engineer in charge of installation of waterworks systems which are being put in at the native villages of Kincolith and Greenville on the Naas River, sailed last night on the Camosun for Kincolith.

Capt. Kaare T. Sylling, marine superintendent for Western Canada Steamships, and Mrs. Sylling arrived in the city on the Camosun last evening from Vancouver. They brought their car, with them and will proceed from here on a leisurely trip through the central interior, enjoying a fishing holiday on their way back to Vancouver.

Kitchen-Cool Meals

FIRST-RATE meals, that keep you and your kitchen cool, are mighty important on summer days. Let condensed soup help you beat the heat. Ready in less than 5 minutes, soup is a real summer treasure. You merely whisk it across the stove for a quick warm up. And you know how well a satisfying dish like this goes with the popular cold foods. A big bowl of tomato or vegetable beef is the perfect contrast to a crunchy sandwich or a chilled salad. Follow up with a refrigerated dessert—like melon or ice cream—and a cold beverage to round out this pleasant lunch or supper.

INSURE yourself for summer meals by stocking a complete soup shelf. Have several cans of all the kinds you like best. Mealtime then can be a calm, refreshing pause for you and everyone who gathers round the table at your house.

Football—

Scored Well-Deserved Victory Over Local Team Saturday

GREENVILLE 4 GENERAL MOTORS 1

Greenville: Charlie Main, Tommy McKay and Albert Robertson; Adolphus McNeil, Peter McKay and Perry Robertson; Terry Stevens, Milton Clark, Bertram McKay, Arthur Leeson and Arthur Moore.

General Motors: Dixon, Price and Lien; J. Wilson, D. Gomez and Clark; J. White, Ford, A. Gomez.

Referee: D. Fyfe.

Greenville scored a well-deserved football victory over Prince Rupert's General Motors in football Saturday night.

Greenville pressed strongly during the first 15 minutes but the most they could do was force a corner. General Motors then attacked and White tried hard to force his way through the defence but was crowded out. Immediately after Terry Stevens put Greenville one up with a beautiful shot. The same player missed a nice cross from Arthur Moore shortly after. D. Gomez, J. Wilson and Clark were trying hard to force the play for the home team but the visitors' defence was allowing no opening.

Dixon saved well when he smothered a fast low shot from Terry Stevens, who was being well supplied with the ball from Bertram McKay and Arthur Leeson. All of the visiting forwards tried shots but half-time arrived with the visitors leading one to nothing, which was a tribute to Dixon's first half display as his goal had been under siege most of this half.

On resumption, Stevens increased Greenville's lead. Ford scored for the Motors. It was now a ding-dong game but the visitors' ran out winners four goals to one, goals being scored by Peter McKay and A. Leeson.

COMMENTS

The winners have a well-balanced team and were worthy victors. The backs were sound

WORLD of SPORT

★ ★ ★

SPORT SHOTS

★ ★ ★

In days when the English Channel wasn't crowded with swimmers Gertrude Ederle of the United States was the first woman swimmer to make the crossing, 25 years ago. She received great ovations for her feat in swimming the channel in 14 hours 31 minutes. Present women's record of 13 hours 20 minutes was set last year by Florence Chadwick of the United States.

Joe Louis was an up and coming fighter with two years' professional experience when he knocked out Kingfish Levinsky in the first round at Chicago, 16 years ago. Louis went another two years before winning the world's title from Jimmy Braddock in 1937.

Martin Monsen, Fisherman, Dies

Martin Monsen, born in Norway, died recently at Tranquille in his sixtieth year. His remains arrived this morning on the Princess Norah and funeral took place this afternoon.

Deceased was well known in Prince Rupert, having worked out of here as a deep sea halibut fisherman for years. Coming to Canada in 1911, he first located in Ketchikan. In 1915 he moved to Prince Rupert. He was unmarried. Failing health some time ago necessitated removal south. A brother, John, has his home in Ketchikan and is now in the city. Another relative is a cousin, Carl D. Giske, in the north.

Rev. H. O. Hanson, pastor of St. Paul's Lutheran Church, officiated at the funeral with Mrs. J. C. Gilker presiding at the organ. Members of the Deep Sea Fishermen's Union acted as pallbearers. Interment in Fairview Cemetery followed the service in B.C. Undertakers' Chapel.

LEAVES CHINA — Miss Ruth Bean of New Dundee, Ont., is one of 39 missionaries who arrived in Hong Kong from inside Communist China. The Protestant missionaries would not comment on their experiences under Red rule for fear of reprisals against persons still in China. (CP PHOTO)

Hotel Men Win Again

Zackarelli Lets Gordon and Anderson Down 8 to 3

Combining comedy with his sidearm delivery, "Zak" Zackarelli, the Powell River hill billy, carried Commercial to another win over the luckless Gordon & Anderson crew in the regular league baseball game Sunday afternoon. The Hotelmen picked up four runs in the first and four in the fourth to win going away at eight to three.

Young Larry Matthews, who allowed but two hits more than his opponent, got himself away to a bad start, walking two of the first three men to whom he pitched, combined with a couple of errors, produced the four-run plunge in the first. This was sufficient to take the money. In the fourth, with the situation bad enough, two hits, a walk, and another error fixed things properly. The youthful Matthews allowed but three hits from then on in but his buddies could do little with Zackarelli and his nothing ball.

Gordon & Anderson threatened only in the eighth inning and were guilty of some rather bonehead ball playing even though the statistics show three errors chalked up against them. In the first seven innings of play they were unable to produce more than one hit, a solid blow by Manager Stan Cornwell. Three more hits in the eighth upped their day's total to four and their total for their last two games to six.

A nice Sunday crowd seemed to enjoy most of the proceedings which included umpire baiting, dissension among the Gordon & Anderson crew and starring jack of all positions, Zackarelli. Zackarelli, who is a newcomer to these parts, is by no means the classiest ball player we have had drop in on us but, in a gorgeous sort of way he put on quite a show.

Herb Morgan suffered a split finger in the seventh inning which may keep him out of base-

and then came advertising

French explorers forcing a way through dense African jungles came upon a party of cannibals about to have a feast on a late enemy. The cannibal chief came forward to greet the Frenchmen in perfect French. When they showed surprise at his command of their language, he explained that he had studied in France; even took two years of French literature at the Sorbonne.

"What!" exclaimed the explorers. "You've been educated in France and yet return to feed on human flesh! It's unbelievable."

"Well," replied the chief modestly, "now I use a fork."

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION

INDIAN AFFAIRS BRANCH

SEALED TENDERS addressed to the Director, Indian Affairs Branch, Department of Citizenship and Immigration, Ottawa, Canada, will be received until noon (P.D.S.T.) on the 22nd day of August, 1951, for the construction by contract of:

- One Room School with teacher's residence, Index No. 939, Kikwanga Reserve, in the Babine Indian Agency, B.C.
- One Room School with teacher's residence, Index No. 939, Kikwanga Reserve, in the Babine Indian Agency, B.C.
- One Room School with teacher's residence, Index No. 939, Kikwanga Reserve, in the Babine Indian Agency, B.C.
- One Room School with teacher's residence, Index No. 939, Kikwanga Reserve, in the Babine Indian Agency, B.C.
- One Room School with teacher's residence, Index No. 939, Kikwanga Reserve, in the Babine Indian Agency, B.C.

Contractors shall tender in complete accordance with the drawings, specifications and tendering documents supplied by the Department for that purpose. Contractors may tender on one or more of these projects.

The drawings, specifications and other documents will be exhibited at the following points from 3rd August, 1951, until 20th August, 1951, inclusive:

- Indian Commissioner for British Columbia, Post Office Building, Vancouver, B.C.
- Indian Superintendent, Babine Indian Agency, Hazelton, B.C.
- Indian Superintendent, Cowichan Indian Agency, Duncan, B.C.
- Indian Superintendent, Nicola Indian Agency, Merritt, B.C.
- Indian Superintendent, Skeena River Indian Agency, Prince Rupert, B.C.

General Instructions to Tenderers. Drawings and Specifications are obtainable at the above offices upon deposit of Five Dollars (\$5.00) for each set of documents in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be refunded upon return of the drawings and specifications in good condition to the Chief, Engineering and Construction Service, Indian Affairs Branch, Department of Citizenship and Immigration, Ottawa, Canada, within two weeks from the date on which tenders closed.

To receive consideration, tenders must be submitted on the tender forms provided and must be accompanied by a certified cheque drawn on a chartered bank in Canada, payable to the Receiver General of Canada in an amount equal to ten per cent (10%) of the tender price or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, as specified in the form of tender.

The Department reserves the right to reject any or all tenders, and the lowest tender will not necessarily be accepted.

D. M. MacKAY,
Acting Deputy Minister,
Department of Citizenship and Immigration,
July 26, 1951.

"Vokes GASTMASTER"

gives me about 500 FREE MILES a year!

"Figure it this way—I drive about 5,000 miles a year. My lowest estimated increase in mileage since installing the "Gastmaster" is 2 miles per gallon or 10 percent . . . that makes 500 miles per year at no extra gasoline costs."

**This testimonial letter is on file and available for inspection on request.*

PRICED FROM \$2.25 - \$3.95 BEWARE OF IMITATIONS

Ask for and Get the **GENUINE "GASTMASTER"** Guaranteed not to burn valves

Motorists, it's true—there are thousands of satisfied users of Vokes "Gastmasters". They've told us of outstanding engine improvement and smooth performance. We've had letters from fire chiefs, taxi drivers, truckers and all kinds of experienced drivers and mechanics. The "Gastmaster" has been fitted to Fords, Chevys, Pontiacs, Dodge, Austin, Hillman, Prefect, Buicks and Packards—every type of car on the road today—and has produced a proven record of satisfaction.

SEE YOUR FAVORITE GARAGE OR SERVICE STATION FOR YOUR "GASTMASTER"—INSTALLED IN A FEW MINUTES

The Vokes "Gastmaster" is easily and quickly installed between the carburetor and the intake manifold. It was a product of government research during the war and was fitted to military aircraft at that time. It is now re-engineered for use on all makes of cars, trucks, and motor-cycles including 1951 models. The Vokes "Gastmaster" does not admit additional air into the engine to burn valves. The extra power and improved performance is gained because of a more complete vaporization and distribution of the fuel.

★ **IMPROVED ENGINE PERFORMANCE**
★ **EASIER STARTING**
★ **REDUCED GASOLINE CONSUMPTION**

The "Gastmaster" is engineered for all cars, trucks and motor-cycles—including 1951 models.

THE BULK TEA, raisins and crackers in the old-time grocery store have been superseded by sanitary packaged goods backed by the good name of their maker. The sliced, wrapped loaf of bread and the can of soup or fruit have eliminated hours of kitchen drudgery. Modern bathrooms, furnaces, and electric appliances, have swept away inefficient, laborious methods. The motor car has revolutionized our way of life.

Advertising has played a part in these advances, because advertising has made mass production possible, and mass production has brought the can of soup, the electric washer and the motor car within every family's reach.

This newspaper looks on its display and classified advertising as an important part of its service to the community.

Marian Head who, until lately,
was on the staff of the Skeena
Mercantile, was the guest of
honour at a delightful party at
the home of Mr. and Mrs. Ger-
ald Duffus on Thursday evening.
In recognition of her faithful
services she was presented with
a fine sweater. Miss Head is now
employed in the E. T. Kenney
Ltd. office.

Mr. and Mrs. A. J. Dominato
and family of Prince Rupert are
visiting at the home of Mrs.
Dominato's parents, Mr. and Mrs.
H. Houlden.

A full house was reported at
Thursday night's showing of
the Alcan film which was shown
through the courtesy of Hon. E.
T. Kenney. It was a graphic de-
scription of the beginnings of the
projected \$500,000,000 industry
and intensely interesting. The
second showing was made neces-
sary through the failure of the
sound system on Monday even-
ing's show for, without a vocal
description, this film was hardly
understandable to the ordinary
observer.

Joan Atwood, a clerk in the
S.R.S. stores here, is leaving on
Friday on a holiday trip to
Whitehorse where she will visit
her sister. Later, she will return
south and will make her home in
Vancouver.

Mrs. Wilfred Baker and two
children of Prince Rupert are
spending two or three weeks on
holiday here with Mr. Baker's
parents, Mr. and Mrs. F. Baker.
Work is starting on the new
building of the Royal Bank of
Canada with the excavation of
the lot next to the IOOF hall on
Lakelse Avenue. S. Peterson
holds the contract for the job.

Mrs. Ken MacPherson and
small daughter, Jean, have re-
turned from the south where she
has been visiting relatives for the
past few weeks.

George de Kergommeaux and
his bride, the former Evelyn
Stephenson of Edmonton, Alta.,
who were married on Friday
evening in Edmonton, are driv-
ing west on a honeymoon trip
and are expected in Terrace at
the beginning of the week to visit
with the bridegroom's mother,
Mrs. L. Newhouse.

Twenty members of the local
Masonic Lodge travelled down to
Prince Rupert as a body on Fri-
day to attend a special meeting
on the occasion of the visit of the
Masonic grandmaster of British
Columbia, J. Murray Mitchell of
Courtenay.

PROFITABLE "CHANGE"
DERBY, England — A man
who walked into a bank and asked
for change of 10 shillings
didn't wait for his money. In-
stead he walked away from the
counter taking with him £100
left by a previous customer.

RCAP MITCHELLS—The RCAF has purchased about 100 of these U.S. surplus Mitchell bombers for training purposes. First delivery of the planes is shown here at Trenton Repair Depot, with Lancaster Bombers in the background. The aircraft, costing a total of \$25,000,000, will be used for armament, bombing, navigation and advanced-flying training. (CP from National Defence)

**SHIPS AND
WATERFRONT**

After delivering from Van-
couver to Kemano Bay a large scow
laden with equipment and sup-
plies for the Aluminum Co. of
Canada's camp, Harbor Towing
Co.'s tugboat Sea Prince, Capt.
H. McLennan, arrived in port
at 9 o'clock last evening. This
morning the Sea Prince went
out to Port Edward to pick up a
tow of logs which she will take
to Vancouver. A trim and well-
kept 110-foot vessel which was
built only two years ago, the Sea
Prince is equipped with a 400-
h.p. Superior diesel engine.

Having been delayed by hav-
ing to make a transfer of 700
cases of salmon cans from
Namu to Klemtu cannery, which
had been running short with a
lot of fish on its hands, Union
steamer Camosun, Capt. John
Boden, did not reach port until
9 o'clock last night from Van-
couver and waypoints. The ves-
sel sailed at midnight for Alice
Arm, Stewart and other north-
ern points whence she will re-
turn here tomorrow morning to
sail south at noon. The Camo-
sun had a large list of passen-
gers including several round
trippers.

Arriving in port early at 11 o'-
clock yesterday morning from
Massett Inlet points, Union
steamer Coquitlam sailed at 8
o'clock last evening for Van-
couver and waypoints. She took
some 25 passengers south from
here.

PIONEER RETIRES — Harry
Steel, 65, has retired after 30
years as news photographer with
the Winnipeg Free Press. He
was the first photographer to
become a full-time employee
of a newspaper in Western
Canada, and has been the Free
Press's photo editor since 1946.
Mr. Steel began his career as a
shilling-a-week apprentice in
Chatham, Kent, England. He
moved to Winnipeg in 1906.
(CP PHOTO)

**Young Italian Miners
Are Brought to Premier**

Nearing the end of their 10-thousand-mile jour-
ney to a new home in a new land, 10 vigorous young
immigrants from northern Italy, heading for Stew-
art, where they will be employed in the Silbak-
Premier mine, were in Prince Rupert during the
week-end. They arrived by train Saturday night from
the Atlantic coast and sailed last night on the Camo-
sun for the north.

Not one of the 10 could
speak English but their en-
thusiasm at the prospect of
starting their careers in this
land of promise was apparent.
Some of them are single but
others are married and are look-
ing forward to bringing wives
and families to Canada as soon
as they themselves become es-
tablished.

Other mining companies in
Canada have been bringing out
young miners from Europe but
these are the first for Premier.
On arrival here, some of the
young men were billeted in
premises of the Roman Catholic
Church here when it was found
impossible to obtain hotel ac-
commodation for them all.

Mr. Champion opened with
the 10 of hearts and dummy's
singleton king won the trick.
Obviously Mr. Dale had to set
one of his long suits in order to
make nine tricks. The question
was, which suit?

Spades didn't look too good.
They were far from solid and
even if the suit could be set,
where would Mr. Dale find en-
tries to his hand—unless the op-
ponents were kind enough to
lead hearts.

Mr. Dale next examined clubs,
the suit in which he had the
most cards. As the cards lay, he
would have to give up only one
trick to set the balance of the
suit.

Give up one trick to cash four.
That looks pretty good—on the
surface. But wait. Let's count.
If the old boy went after the
clubs he would get four club
tricks, three hearts and one
spade—eight tricks in all or one
short of game.

Actually Mr. Dale went after
the diamonds. It was simply a
matter of counting up to nine.
If the suit broke no more than
4-2, there were three sure dia-
mond tricks. These, added to
one spade, three hearts and two
clubs, would make the game.

So at trick two a small dia-
mond was led to the nine in the
closed hand. Mr. Champion won
with the king and fired another
heart. Mr. Dale won this trick
with the queen and led another
diamond. The 10 in dummy
drove out Mr. Masters' ace.

Mr. Dale won a third heart
lead with his ace and his nine
tricks were now available. In
planning the play of this hand
he followed a principle you will
want to remember. In deciding
between two suits of equal
length it is usually (not always!)
best to set the suit in which you
do not have the top honors.

**Stranded, is
Docked Here**

Seiner Nancy Rose on Dry
Dock After Mishap
Down Coast

Having arrived at the week-
end under tow, the American
seine boat Nancy Rose was taken
on the pontoons at the local dry
dock this morning for hull in-
spection and damage survey fol-
lowing a stranding at 11 o'clock
last Thursday night on Calvert
Point in Grenville Channel at
the northeast corner of Pitt
Island. Meantime, the vessel is
awaiting the arrival of replace-
ment of damaged engine bear-
ings and will probably be here
for the next few days.

The Nancy Rose, whose owner
and skipper is Capt. Nick Tara-
bochia, was on her way from
Petersburg, Alaska, to Gig Har-
bor, Washington, when the
stranding occurred not far from
the Calvert Point light. Her
plight was discovered by the
Canadian vessel Loretta B.
which was passing by. After as-
sisting the Nancy Rose to re-
float on a rising tide, the Lor-
etta B. towed her into Prince
Rupert.

Free public schools were es-
tablished at New Haven in Con-
necticut as early as 1642.

IMPRISED — The United
States has cut off trade agree-
ment tariff concessions to
Czechoslovakia and the state
department has hinted that
one reason is the imprison-
ment "without justification" of
William N. Oatis, Associated
Press correspondent in Prague.
The 37-year-old newspaper
man from Marion, Ind., last
month was sentenced to 10
years in a Czech prison for
espionage. State department
officials said his trial record
showed no evidence of what
any government in the world
outside the Iron Curtain would
call espionage. (AP PHOTO)
