Car Loads of Stones were Found in Pork and Beans

Charged in Parliament that beans sent to soldiers by Canadian firm were rotten; Liberal Leader asks for fullest investigation by Government who deny any contract.

(Special to The News via G. T. P. Telegraphs.)

Ottawa, October 7.—Allegations that the soldiers at the front were supplied with adulterated canned food by the Dominion Cannery of Hamilton, and Simcoe, were made in the House of Commons yesterday. D. D. McKenzie, leader of the opposition, said he was informed that canned goods, supposedly containing pork and beans were found to contain rotten beans, a proportion of pebbles and no pork at all. He understood that the aggregate stones found in the canned goods would probably be some loads.

Discussion arose on the presentation of the motion by the opposition leader, calling for the production of all papers and correspondence having any bearing on the contracts between the Government and the Dominion Cannery, Ltd.

Mr. McKenzie asked for the fullest investigation, stating that he understood evidence in support of the charges had been laid with the Attorney-General of Ontario, but that no action had been taken.

The Minister of Justice said he had no knowledge of a contract between the Government and the Dominion Cannery, but he understood that the company had contracted with the British Government.

Dominion Lands Act.

A bill to amend the Dominion Lands Act was considered in committee at the evening sitting. Hon. Arthur Meighen explained certain amendments necessitated by the conclusion of peace.

Provisions applicable to returned soldier entries in force by the War Measures Act were confirmed in amendments. The clause provided that returned soldiers' entries should have the day's preference over other citizens. Another clause provided that the ordinary rule compelling a man to go in residence within six months or a year after receiving his patent should not apply to returned men. The Bill was reported.

GYMNASIUM IS PROPOSED FOR COMING WINTER

Committee to Meet Agricultural Association on Friday to Discuss Use of Big Building.

On Friday next a committee appointed by the Board of Trade will meet the directors of the Agricultural Association to discuss with them the possibility of using the big exhibition building as a gymnasium during the coming winter. Action was taken by the Board of Trade because no other organization seemed inclined to do anything.

The idea they have is to improve the building permanently by putting in shower baths and apparatus and employing an instructor who will have complete charge of the building and will arrange for and conduct classes in physical exercises and gymnasium work.

Arrangements would also be made for basketball and other games such as Badminton. The building is not used at present except by the high school cadets and provision would be made for them and possibly also for the advanced classes in the public schools if necessary.

The plan the committee has in view is to make the building generally useful to the citizens and for no one to make any profit from it. It will take a good deal of money to make it fit for the purpose they have in view, but this money it is thought could be raised in town if the business men and others felt satisfied that it was to be useful to the people generally.

There will be no reserved seats at the Symphony Orchestra concert on Sunday evening, although their advertisement elsewhere in this issue says so. There will be no charge for admission to any seats; only a collection being taken up.

REV. WM. IVENS IS NOMINATED MAYOR CITY OF WINNIPEG

(Special via G. T. P. Telegraphs.)

Winnipeg, October 7.—Rev. Wm. Ivens, leader in the big strike early in the summer, was nominated for mayor at the labor convention held here last night.

In addition to the nomination of Ivens the convention put out a full slate for aldermen and school trustees for all wards.

BOYS REPRIMANDED BY THE MAGISTRATE

William Brown was in court this morning on the drunk and disorderly charge. This being his third offence he was fined \$15.

Fred Kitson was found guilty of using obscene language and was fined \$10.

The boys who broke switch lights and committed other depredations in the G. T. P. yards were brought before the magistrate who reprimanded them severely. The parents of the boys paid the damages and the youngsters were let go but warned by Magistrate McMordie that their offences were very serious and might result in loss of life as well as property.

LAD DROWNED FROM MARY V.

Henry Mason of Metlakatla Missing Since Friday and Body Found Today.

THOUGHT TO HAVE FALLEN OVERBOARD

The drowning was discovered this morning of a well known Indian lad of Metlakatla named Henry Mason. The boy, who is nineteen years of age, left his home on his gasoline boat, the Mary V., last Friday by himself and no anxiety was felt about him until yesterday. Then some of his friends became worried over his prolonged absence and a search was instituted.

This morning his boat was found anchored near Seal Cove, but the boy was nowhere in evidence. A search party in the "Loon" then began to fear that he had been drowned, so dragging operations were commenced with the result that his body was found some little distance away and was brought to town about 11 o'clock.

The only explanation for his death is that he must have fallen overboard, although it seems strange that the boat was anchored. On the return of Indian Agent Perry the matter will be gone into and arrangements made for his burial, as his friends seem to be in a quandary as to what procedure to take with the arrangements.

KNIGHTS OF PYTHIAS HOLD SOCIAL EVENING

Music and Speeches Pass Time Pleasantly for Members.

Over forty members were present last night at a social given by the Knights of Pythias to members and visiting brethren, this being the first of a series planned for the winter. There were a number of musical and literary features and a number of short addresses were given.

Knight Cobb sang, Knight Harvey played the violin and Knights Green and Burken gave recitations, while speeches were made by Chancellor Commander Leek, Knights F. W. Hart, C. O. Rowe, W. W. Wright.

GENERAL CURRIE IS WELCOMED BY PREMIER AND PEOPLE AT VICTORIA

(Special to The News via G. T. P. Telegraphs.)

Victoria, October 7.—General Sir Arthur Currie, K. C. B., K. C. M. G., and Lady Currie were welcomed home yesterday with public demonstrations at the wharf, a provincial reception at the Parliament Buildings and a civic reception at the Victoria Library.

Sir Arthur was presented with an address and an engraved silver tray by Premier Oliver on behalf of the people of British Columbia, and an address by Mayor Porter on behalf of the citizens of Victoria. He was made a member of the Victoria branch of the G. W. V. A. and presented with an address from them.

There was a half holiday for all the citizens of Victoria and they turned out in great crowds.

FIRST PRIZE WINNER SHOULD RECEIVE \$400

A competitor who gets to work at once securing subscriptions to the Daily News and who works hard may easily make over \$400. The first prize winner gets a prize of \$200. In addition to that there is the extra bonus of \$100 if 100 fully paid yearly subscriptions are secured and \$10 if ten new ones are secured during the first week.

In addition to the above every competitor gets one dollar for every ten collected on new subscriptions. Add all these amounts together and it is easily seen the first prize winner should get at least \$400 and the second and third may get a goodly sum. The thing is to start at once and keep working. Subscriptions may be secured either in the city or outside. The prices are set out plainly on Page 2. Be sure to read carefully the instructions and then call or write and get receipt books.

Christmas is coming and a few hundred dollars extra to spend at that time is worth having.

Reorganizing the British Railways

Motor Transport Service to be run as Adjunct until all Congestion at Dock, Mines and Centres cleared up.

(Special to The News via G. T. P. Telegraphs.)

London, October 7.—The railways are not yet running full services, but it is hoped to have a practically complete resumption tomorrow. In the meantime it is announced that the Government transport service, which greatly helped to save the situation during the strike, be continued as an adjunct to the railways until all congestion at the docks, the mines and the manufacturing centres have been removed.

An important sequel to the strike will be the elimination of congestion of the British docks and railways, which since the war have been the subject of serious public complaint and have been held largely responsible for the failure of proper distribution to dealers of foodstuffs.

The Board of Trade committee has recommended the immediate creation of a supreme traffic board for the London district, empowered to control, co-ordinate and take the initiative in all matters of transport, as the only remedy for the present intolerable condition.

A scheme for the reform of the freight traffic in London which has been under discussion, contemplates the replacement of the existing 74 freight depots in London by one central clearing house. An outstanding feature of the settlement of the railwaymen's strike is the fact that it leaves no bitterness behind.

EXCITEMENT AT CINCINNATI

Supporters of Reds Great Expectation of Winning Final Game Today.

Cincinnati, October 7.—Great excitement prevailed here all morning and early this afternoon in expectation that the home team would make their fifth win today and cinch the pennant in the world series of baseball games.

Crowds began to gather at day-break at Redland Field. An hour later several thousand were in line. Only unreserved seats and standing room was left for sale.

Yesterday's game was the last in which the players participate in the receipts. Approximately, the winning team will divide \$117,150, the losers getting \$87,400. It is estimated that each member of the winning team averages a little over \$5,000 and the defeated club members, \$3,400. The lineup today was:

Chicago—J. Collins r.f., E. Collins 2nd, Weaver 3rd, Jackson l.f., Felsch c.f., Gandil 1st, Risburg, s.s.

Cincinnati—Rath 2nd, Daubert 1st, Groh 3rd, Roush c.f., Duncan 1st, Kohf, s.s., Neale r.f.

Umpires: Evans of the American League, plate; Quigley, National League, 1b.; Nallin, American, 2b.; Rigler, National, 3b.

Batteries: Chicago, Kerr and Schalk; Cincinnati, Reuther and Raridan.

MUCH FISH SOLD HERE

Number of Boats Arrive With Their Catches and Sell at Good Prices.

The boats which sold at today's fish sale reported fine weather on the banks but local officials say that last night was pretty bad and that if the present southeaster keeps up it will drive in a large number in the next day or so.

The price paid at the Exchange this morning for halibut is still higher than it was on Sunday, which is quite a record. The following are the names and prices this morning:

June, 18,000 lbs.; Eastern Point 2,000; Mayflower, 4,500, sold to the cold storage at 17.2c and 8c. Lenor, 13,000; Bringold, 6,000, Caygeon, 6,000, sold to Pacific (San Juan) Fisheries at 18.1c and 8c.

Cape Baralome, 9,000; Gjoa, 11,000, and Atli, 4,000, sold to Atlin Fisheries at 18.1c and 8c.

Tatoosh, 17,000, and Lincoln, 8,000, sold to Booth Fisheries at 18.1c and 8c.

Teton, 400 lbs. sold to Royal Fisheries at 17.1c and 11.6c.

Marguerite sold 5,000 lbs. to the cold storage plant yesterday for 16c and 8c.

The cold storage boat Sumner arrived yesterday morning with 19,000 lbs. for the company.

COULD NOT BEAT A HIGH SCHOOL SAYS MANAGER GLEASON

(Special via G. T. P. Telegraphs.)

Cincinnati, Oct. 7.—Manager Gleason of the White Sox says that he is sick at heart and cannot explain why his team has fallen down. "The bunch I have now could not beat a high school" he remarked.

In beating Chicago yesterday, Cincinnati took five runs for four hits, while Chicago had no runs and three hits and made three errors.

The total attendance previous to today numbered 158,089. The total receipts for the same time amounted to \$482,129. The players' share is \$260,349.96, clubs' share, \$173,566.10, and the National Commission gets \$48,212.94.

School Attendance

Shown to be Large.

The school attendance in the city is an eye-opener to many who have been talking as if Prince Rupert was still a village. It is a record which even in the palmy days before the war was not approached. Now the growth of the city bids fair to continue steadily. Some people venture the statement that by this time next year there will be ten thousand people in the city. That prophecy seems a little too rosey. What seems sure is that the population will have increased very materially, but no one can say how much.

Nurses' Training

School at Hospital.

A nurses' training school is to be established at the General Hospital. There is in charge now a teacher that is equal to any they have in Vancouver or Victoria and most of the opportunities are just as good here as in the larger cities. With a maternity ward in the building, pupil nurses are able to get every branch of training, excepting only that having to do with infectious diseases. It is probable that in the very near future some arrangement will have to be made to include those in the hospital curricula.

There are few professions where a lady may be of so much benefit to the race as in the nursing profession. It is one that stands out above most other professions, the members being always respected because of their calling. The chief complaint in the past has been the long hours the women have had to work. That is now being overcome and it is hoped to initiate the eight-hour day here very soon. Once a girl has had a training in nursing she has a profession that will always command good pay and which gives her a social standing.

Gymnasium Badly Needed Here.

A gymnasium is badly needed here. That is generally recognized. The difficulty has been to get one started and after starting to keep it going.

Last autumn just as the people were getting interested in the matter, the epidemic of influenza struck the town and struck so hard that no one thought of anything else for some time. Then came Christmas business and by the time it was over it was thought hardly worth while doing anything as the season was nearly gone.

This year there seems to be nothing to interfere with going right ahead. If the fair directors are willing to allow the building to be used and the committee is willing to get out and work, the gym should be an accomplished fact in the near future.

Canada Cutting Another Melon.

This Canada is a joint stock company with eight million shareholders, electing a Board of Directors called a Parliament and committing the administration to a small executive committee. Each citizen invests his labor and intelligence for the benefit of the Company. Now the Company, being faced with extraordinary and pressing capital expenditures offers a new issue of stock at par to the shareholders, who deserve first consideration.

No other persons have as good a knowledge of the resources of the Company. No foreign money-lenders can appreciate fully the morale of the Company. The shareholders were present once before when a melon was cut, and they liked the flavor. It requires no genius in prophecy to declare that this second privilege will be accepted eagerly by all those associated with the Company who have either much or little to invest.

LAND REGISTRY ACT

(Sections 36 and 134.)

Re Application No. 11,044-L. File 6,198.
I, E. that application has been made to register Jim Postulu of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 1st day of December, 1918, and ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot Seven (7), Block twenty-five (25), Section Seven (7), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by Publication in a daily newspaper), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Jim Postulu, and WHEREAS on investigating the title it appears that prior to the 10th day of October, 1917 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title in the said lands in the name of Jim Postulu unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 19th day of August, A. D., 1919.

H. F. McRae, formerly in the real estate and insurance business in this city, and at one time editor of the Daily News, arrived in Prince Rupert on the Camosun yesterday afternoon.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

RETURNED SOLDIER ASKS EQUAL SALARY WITH LATE COMERS

At the meeting of the City Council last night N. S. Short, a fireman, renewed his application for an increase in salary. In a letter to the Council he said that he was maintaining a family, that he was one of the senior members of the department staff, that he had served overseas and he thought he was entitled to as much money as those who were appointed while he was away. It was explained by the city clerk that Mr. Short was getting \$120 a month, which was ten dollars less than some who had been appointed later. After a short discussion, during which aldermen McMeekin and Barrie respectively moved and seconded that the advance of ten dollars be granted, it was decided at the request of Alderman McRae that the matter should be left to the Utilities Committee with power to act. None of the aldermen were aware of the difference of salary. Alderman McRae and Acting Mayor Rochester spoke in favor of the advance being granted, but thought it should go to the committee in the regular way.

NOTICE OF CANCELLATION.
NOTICE is hereby given that the reserve existing over Lots 1819 and 1820, Queen Charlotte District, by reason of a notice published in the B. C. Gazette of 27th December, 1907, is cancelled.
G. R. NADEN,
Deputy Minister of Lands,
Department of Lands,
22nd September, 1919.

BRYANT WASHBURN—Essanay
At the Empress Theatre tonight.

Alderman Rochester was last night, by resolution of the City Council, appointed acting mayor in the absence of Mayor McClymont, who is at present in the south. Mr. McClymont will attend the meeting of the Union of Municipalities at North Vancouver, and will take up some departmental business with the provincial government on behalf of the city.

J. F. Brandt, one of the city's pioneer merchants and brokers, reached town on the Camosun yesterday. Mr. Brandt went overseas with the 102nd. Northern British Columbia Battalion in 1916 and became a major.

FRISBIE

the friendly motor

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power

than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

1 to 6 CYLINDERS—5 to 75 HORSEPOWER

Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 16 H.P.; 3 cyl., 18 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 50 and 75 H.P.—Bore and Stroke, 4 3/4" x 5" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.

INDUSTRIES TO BE AIDED

Few Applications Made to the Provincial Government that Are Practicable.

Victoria, October 6.—The advisory council of the Provincial Department of Industries is called to meet here on Friday next at the Government Buildings. Major Martin, the industrial commissioner, states that there are a large number of schemes to come before the council for its consideration. Many of the proposals made, however, he considers are quite impracticable. While application for aid amounting to something like a million dollars have been made, only about \$70,000 of these look like being acceptable.

The purpose of the department is to aid industries which might be established in the province for the purpose of providing for returned soldiers.

F. G. Dawson of Prince Rupert is a member of the Advisory Council.

Sport Briefs

A rather interesting sight which passengers on the train remark on is the seeing of a magnificently furred black bear fishing for humpbacks in the Bulkley canyon near New Hazelton. He has been spotted several times but always bolts in his quick but clumsy way when the train passes.

The V-shaped flock of geese that are to be seen winging their way southwards these days are good indications that the north is getting chilly. Delusion Bay and other mud-flats ought to be popular with the local huntsmen soon.

The St. Andrew's Society are holding a meeting on Wednesday night to draw up plans for the putting up of a first class basketball team for the coming winter series. The St. Andrew's men, better known as the Gallies, have always proved formidable rivals in almost every line of sport and invariably enter excellent aggregations.

There are several prospects for world's heavyweight boxing contests. Willie Meehan and Bill Brennan, it is reported, will meet the new champ in Jersey City. "Patting" Levinsky would give him a good run, but he has not forgotten the nasty poke the husky Jack gave him in their last encounter.

Jack Dempsey has signed a five-weeks circus engagement with the Sells-Floto Circus Co., and opened in Texas yesterday. The champion is now considering a \$200,000 offer to take a star role in a photoplay.

Harry Kopf, short stop, and Eddie Eousch, centre fielder, who starred in the second game of the world series, were both turned down by the American League as being "no good." The Sox, doubtless, have changed their minds about this. The two Chicago dependables, Eddie Cicotte and Claude Williams, fell down terribly. Such are the eccentricities of the national game.

In Evansville, Indiana, Judge Philip C. Gould of the Circuit Court announced the results of the world's series from the bench.

Alderman Barrie again brought up at the meeting of the City Council last night the matter of sending one of the permanent officials to attend the meeting of the Union of Municipalities convention. It was shown, however, that as the convention opened today it was too late to send anyone.

C. Youngman and Fred Hardy having notified the City Council that they did not intend to make use of the loan of \$2,500 to each of them under the housing scheme the loans were re-allotted last night by the Council to Hugh Killen and H. T. Collison.

"Zam-Buk made it well"

Children never forget a remedy that ends their pain. That's why a child who has once had Zam-Buk applied to an injury will cry for it again when hurt.

Mrs. T. Fothergill of Ridge Farm, Bousman River, Man., says: "My children are constantly getting cut, bruised or burned and for these injuries I find Zam-Buk indispensable. The little ones even cry for it. For fifteen years we have used Zam-Buk in our family, and could not do without it."

Mothers should always keep a box of Zam-Buk handy on the medicine shelf, for not only does it quickly end pain and distress, but it positively prevents festering and blood-poisoning and heals in the shortest time possible. Mothers can save themselves much anxiety and often much needless expense by immediately applying

Zam-Buk to cuts, scratches, bruises, knocks, burns and scalds, and by teaching the children that the prompt use of Zam-Buk will prevent little hurts from growing into big ones. Zam-Buk is equally good for sores, rashes, eczema, ulcers, boils, pimples, ringworm and salt rheum.

Because of its absolutely herbal composition Zam-Buk cannot become rancid, but will keep indefinitely and still retain its purity and strength. Buy a box to-day, use what you require, put the remainder away, and when next you need it, it will be just as effective as when first bought. That is why Zam-Buk is always the choice of the thrifty house-keeper. All dealers 50c. box.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia
Corrected by "Fruit-a-lives"

ST. MARTIN'S, N.B.
"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.
I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

MUST PAY IF WOULD VOTE

Proposal to Rebate Road Tax to
Returned Men Would Deprive
Them of the Franchise.

At the meeting of the City Council last night the Finance Committee recommended that the road tax be not demanded of returned soldiers and that those who have paid the tax have it refunded on proof of payment being produced. It was pointed out, however, in the recommendation that those not paying the two dollars would be unable to vote.
The clerk explained that when a person came to him to register, the law required that he take an affidavit that he had paid his tax.
Alderman McRae said that the action had been taken because some returned soldiers had objected to paying the two dollars. The provincial government had made them immune from the poll tax of five dollars and it was thought the least the city could do was to allow the two dollars.
Alderman McMeekin moved, seconded by Alderman Barrie, that the matter be laid over for a week in order to give the war veterans an opportunity of discussing it. He did not like the idea of the soldiers being deprived of their votes.

FREEMAN LETTERS BEFORE CITY COUNCIL

Captain of Narbethong Gets After
Marine Department Again.

At the City Council meeting last night the clerk produced three printed letters received from Hoomes K. Freeman of the launch Narbethong. Some little time was spent in discussing whether they should be read or simply filed. Some of the aldermen had read them, others had not. Finally the clerk was instructed to proceed with the reading.
After the first had been heard it was decided to lay them on the table for a week in order that aldermen wishing to do so might read them, it being pointed out that they were not addressed to the mayor and council, but were copies of letters sent to others.
The letters which were not read were an attack on the steamboat inspectors and the Department of Marine for cancelling the license of the launch Narbethong and granting licenses to the Provincial No. 1 and the Nora, neither of which, it was alleged, were equipped according to legal requirements.

VAUGHAN IS MAKING A QUICK RECOVERY

E. L. Vaughan, the G. T. P. engineer who recently sustained the loss of his foot when his locomotive passed over his leg, is reported to be progressing very favorably at the General Hospital. His robust constitution has held him in good stead in making a swift recovery. As soon as he is able to travel he will go south to Seattle to have an artificial limb fitted. Mrs. Vaughan is at present in Seattle.

TOO MANY AUTOS WRECKED IN CITY

Trades and Labor Council Draws
Attention of City Council to
Matter and Asks for
Danger Signs.

At the meeting of the City Council last night a letter was received by George Waddell, secretary of the Trades and Labor Council, drawing attention to the large number of automobile wrecks of late and suggesting that there were too many for the public safety. In some places it was the fault of the road and it was the opinion of the Labor Council that danger signs should be erected at the worst points.
The matter was referred to the Board of Works.

Larsen Committed for Trial on Charge of Attempted Murder; Being Tried for Murder.

Edmonton, October 6.—John Gundard Larsen has been committed for trial here on the charge of attempting to murder Constable Lytle in the police cells on September 24. He is also being tried on a charge of murdering Constable Nixon on August 30.

Constable Lytle, the man whose life Larsen attempted to take, was the first witness called at the morning session. He told the court that while he was in charge of the prisoner on September 24, after leading him to his cell, the prisoner asked: "Have you got the key of my shackles? One is very tight. Will you slacken it for me?" This Lytle agreed to do. The door of the cell was open. "I knelt down at his feet," said the witness, "to slacken his shackle, when he struck me on the back of the neck with something hard." Lytle did not know with what he was hit. He then got up and overpowered the prisoner and locked the door.

Larsen Was Enraged.

Asked regarding the man's mood, Lytle said that Larsen had been friendly previously but at that time was quite enraged and acted like a man with a very bad temper. He rushed at the door and was muttering away to himself in his own language.

Constable R. Daly, in his evidence, corroborated that of the previous witness. He said he had been asked for a drink at the time by the accused. He did not give it to him immediately and instantly he saw the prisoner grab something from the bunk and slash Lytle with it with all his might. Lytle then jumped up and kicked the accused in the stomach. The accused also made a rush at the cell door with his shoulder, bending the bars.

The witness, when shown the granite cup, said he saw it in the cell at the time and kicked it out. It was the cup the prisoner hit Lytle with.

Detective Appleby was also questioned and said that he searched the cell and found nothing except the granite cup. This witness, questioned by the magistrate, said that the prisoner was raving in the Swedish language, was in a dazed condition and fell down in the cell.

Dr. J. E. Aymot, who attended to the wounds in Lytle's neck, stated that he found a large circular cut, which, if it had gone deep enough to reach the spine, it might have been fatal for Lytle, or if it had been inflicted a little nearer the vein, death might have resulted.

The testimony concluded the case for the Crown, and the defence being reserved, the accused was committed for trial.

**JAPANESE LAUNCH
NUMBER OF SHIPS**

Merchantmen of over 1,000 tons gross each, which were launched from Japanese shipyards during the month of August numbered seven, totalling 22,960 tons. The vessels launched were: Capetown Maru, 5,860 tons; Kawasaki Dockyard; Eastern Breeze, 4,000 tons, Uruga Dockyard; Asaki Maru, 4,500 tons, Osaka Iron Works; Heime Maru, 4,500 tons, Osaka Iron Works; Aisawa Maru II, 1,200 tons, Aisawa shipyard; unnamed vessel, 1,200 tons, Osaka Iron Works; Sugashima Maru, 1,100 tons, Toba shipyard.

Of the above steamers, the Eastern Breeze is to be supplied to the American Government, while the Esaki Maru and the Heime Maru were ordered by the Nippon Kaisha Kaisha. All the other ships have been built by the shipyards mentioned on their own account.

The launchings for August compared with the corresponding month of last year, show a decrease of 12 in number and of 42,927 tons in tonnage. The vessels built from January to August last number 87, totalling 267,821 tons. These figures show a decrease of 40 in number when compared with the launchings for the corresponding period of last year, but the tonnage shows an increase of 35,738 tons.
