#### Stricken Chinese in Famine Areas Carve Flesh From Corpses and Eat It as No Other Food Is Available

SHANGHAI, Jan. 15-Unrestricted cannibalism, congested with bodies of famine victims, two million being dead and two million dying, is reported in stories recounted here of starvation and exposure that has scourged the population of Shensi, Kansu and the Shanshi provinces of China.

Missionary George Andrews said that he saw sufferers on many occasions carve flesh from the dead bodies and eat it. Officials have abandoned efforts to prevent cannibalism.

#### BORDER PATROL

Will be Placed by United States in Hands of Coastguard According to President's Plan

WASHINGTON, Jan. 15:-A new military force will be guarding the Canadian and Mexican boundaries of the United States on July 1 next unified border patrol under the jurisdiction of the coastguard is approved by Congress. The coastguard is a military arm of the government, similar

to the army and navy. Agents of the Treasury Department are now surveying the borders to determine how many ports of the entry will be required. Assistant Secretary Lowman has expressed the belief that the plan will require at least four or five hundred ports in addition to the one hundred entry places now maintained. A large increase over the present personnel of 2600 now maintained by the coastguard, customs and immigration departments will be needed.

the city engineer.

Before Mr. Prudhomme resume

Ex-Mayor Newton

draft at the bank.

#### Placing the Blame

Sewer construction had been continued, and it was not Mr. Orme who was particularly to blame but rather the blame should be laid at the door of the man who, in appointing the committees, had placed the druggist on the Board of Works instead of the man with forty years' building and contracting experience. Nevertheless, Mr. Orme would be just as satisfactory a member of the Board of Works as he would be mayor. What little experience he had obtained during his year as alderman had been the same as a joint stock company know much themselves. "They are endeavoring to put Orme down your relations but rather business abilthroats because he is a good fel- ity. low. But good fellows cannot save

his seat, H. A. McLean, former city you from starvation." Development of a town, Ald, engineer, rose, "You said that there Prudhomme contended, depended were no specifications for cement largely upon sane business man- sidewalks. How, then, do you supagement. If industries thought of pose the bylaws were passed?" askcoming in, the first thing asked was ed Mr. McLean. "What are your taxes?"

Municipal work here, Ald. Prud- far as I knew," replied Mr. Prudhomme said, had not only been dif- homme. "In any case, I was never ficult owing to natural conditions, able to obtain any." but the expense had been added to "They were filed with the city would appoint to the board of let and highway construction and, teresting. Music was supplied by by extravagance because very sel-clerk," Mr. McLean further said. "If works. If Ex-Ald. Perry, however, if elected, would use every effort Mrs. E. Valpy. After the program, dom had practical men been placed you knew anything about business at the head of affairs. And still you would have known that." people were heard to say: "If I wanted a city manager, I would have Prudhomme, but I am going to vote for Orme for mayor." all candidates to appear at his

### SUFFER FROM. **CONSTIPATION?**

Countless remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and gripe and leave a depressed after effect. Avoid lubricating oils which only grease the intestines and encourage

nature's machinery to become lazy. A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleansed and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real tonic effect. All druggists 25c and 75c red pkgs.

#### TO THE ELECTORS

Tomorrow is election day and for the first time since coming to the city I am asking you to consider whether I might be able to serve you in the position of alderman. There are six candidates for the two-year office and they are all good men. No mistake can be made in choosing any of them. I am not setting myself up as being better than any of the rest.

However, just at this juncture, I feel as if I should like the opportunity to see what I can do to assist, not so much in settling the sewer problems, or the sidewalk problems or the street problems, important as these are, but in dealing with the pressing problems of securing new industries, of pressing for the Peace River outlet, in securing the use of this port by the C. P. R., in pressing on the Wheat Pool the necessity of using the elevator and in general publicity for the city.

H. F. PULLEN.

#### Mrs. Sam Bennett Dead at Simpson

Mrs. Sam Bennett, aged 65, died at 5 o'clock Monday afternoon at Port Simpson where she was born. She was the mother of Mrs. B. J. Bacon of this city, who will recieve the sympathy of many friends in her bereavement. Deceased is survived by her husband as well as by two step-children.

The funeral was held this afternoon at Port Simpson with Rev. Manley F. Eby, resident United Church minister, officiating.

## SKIINGAT

Juniors Start Activities; Nyvsen and Sandnes to Travel

BURNS LAKE, Jan. 15:-The no ticket and was running as an Omineca Ski Club has added another ski hill to its extensive courses, and, with Pete Sandnes leading, the junior members of the club gave their first real exhibition of skilful jumping, all the boys following their leader with but few spills.

Olof Fiskum, an official judge in championship contests, ruled the jumping as first class ventures the prophecy that Omineca Ski Club contestants will make it pretty hard going outside competition.

Knute Nyvsen and Pete Sandnes have been selected to represent the Omineca Ski Club at Banff. Revelstoke, Vernon, Princeton, Mount Hood, Ore., and Jasper,

Both are runners-up for the

(To be continued)

#### F-M. Stationary Diesel Engines

For isolated power plants where electric power is not available, and for standby service, Fairbanks-Morse Diesel Engines have proven thoroughly dependable and remarkably low in power, operation and maintenance costs. In mine, mill, grain elevator, railway yard, town and city light, power and pumping plants, in countless instances they are giving entire satisfaction using cheap low grade fuel oils. They are made on the 2 cycle principle in a wide range of sizes from 25 to 840 H.P.

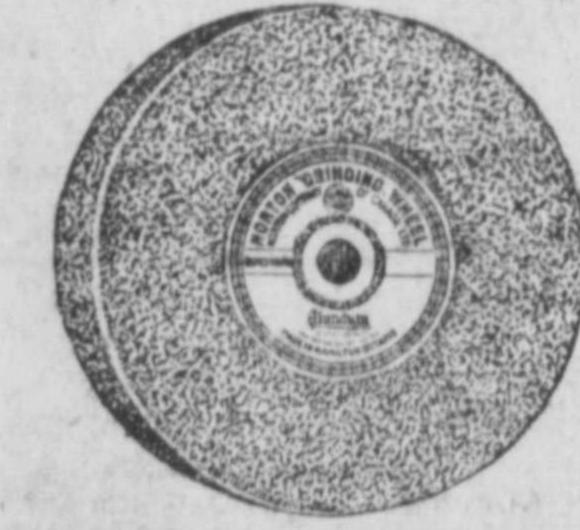

#### Automotive Supplies

In our Automotive Departments we carry large and varied stocks of supplies, replacement parts and garage equipment. Garages, Repair Shops and owners of Bus and Truck fleets are assured of an excellent service in parts and supplies, such as Spark Plugs, Chains, Fire Extinguishers, Wrench Sets, Brake Linings, Pistons, Rings, Pins and Bearings, Ignition and Battery Cable, Gaskets, Carburetors, Alemite Fittings, etc., as well as complete equipment for repairs and maintenance, including Cranes, Tire Changers, Presses, Spraying Outfits, Hoists, Test Stands, Air Compressors, etc.

#### Yale Hoists and Trucks

For practically every job of lifting and moving material-raw, in process or completed-there's a Yale Unit that will do the work quickly, easily and safely. There are many Yale Hoists both hand and electric powered, Yale overhead trolleys carry big loads quietly and easily, and Yale Elec-tric Trucks and Trailers are quick to transfer material. Yale margins of safety are unusual, and Yale controls are simple, safe and easy to operate. Let us study your material moving problems -in many cases our engineers have made real savings with Yale equipment.

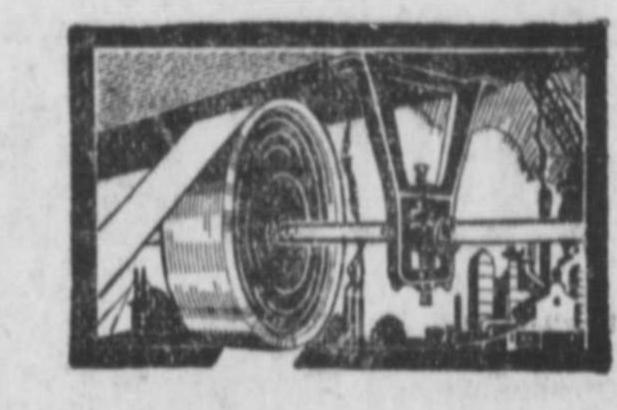

#### Norton Grinding Wheels

For quickly removing metal, for cutting off, for producing a high finish on any material, for any service where grinding wheels can be used, you will find a Norton Wheel that will cut quicker, or produce a higher finish, or turn out more pieces at a lower cost. Norton Wheels are carried in stock at all branches and at your service are men who have made a study of removing metal by grinding. They will tell you the right wheel to produce the most work at the lowest cost.

FT. WILLIAM WINNIPEG REGINA SASKATOON CALGARY

Branches you will find stocks of mechanical equipment and shop supplies that for variety and quantity are unequalled in Canada. Aside from the many lines made by us, we have been selected to represent many of the world's outstanding makers of machine tools, machinery, equipment and supplies. Our general catalogue shows clearly how wide a service we provide for Canadian industry. A copy will be mailed with-

In our sixteen

#### Transmission Equipment

To ensure the steady and economical flow of power from drive to machine, proper shafting, hangers, bearings, pulleys and belts are essential. and here you will find Graton & Knight Leather and Dick's Balata Belting. Fairbanks Wood Pulleys, Barry Steel Split Pulleys, Hyatt Roller Bearings, as well as the numerous appliances necessary for the transmission of power.

#### Man in the Moon

Jake says he likes election time because several people who usually do not know him smile pleasantly and sometimes shake hands.

These are the mornings when bed feels like heaven and the cold, cold house with the fire out i anything but hell.

Dark is the night that covers me The bedclothes feel like heaven I am the master of my fate, Although I rise at seven.

Every cloud has a silver lining. I am told, and I am wondering how much I could get for mine.

#### Twenty Years Ago In Prince Rupert

January 15, 1910

"If there is one thing that has impressed itself upon me, it is the cheerfulness of the business men of Prince Rupert, which includes all its citizens," says G. T. Bell, assistant traffic passenger manager Grand Trunk Pacific Railway, who is a visitor in the city.

The absence of good stove coal is being keenly felt in Prince Rupert. Consequently, the suggestion has been made that coal bunkers should be established here.

J. E. Delrymple, G.T.P. official, will not commit himself as to when wharf extension here may be expected to be built.
