# NEW LIQUOR LAWS BROUGHT DOWN

## Provincial Government Rules Will be Drastic and Complete 'Tis Said

Three-Man Board Will Do Buying and Fix Retail Prices; Determined Action Against Bootlegging

VICTORIA, March 24:—The government's new liquor policy, introduced in the legislature today by Hon. R. H. Pooley, attorney general, provides for a complete overhaul and drastic tightening up on existing regulations. A three-man board, responsible to the government, will do all the purchasing and will have the power to fix retail liquor prices. Specific soldiers' clubs will be permitted to sell beer to members only. Proprietary clubs, considered the leading source of illicit sales, will be wiped out. The Manitoba system of padlocking bootlegging establishments will be adopted and enforced after a second conviction within a year of a first conviction. Such establishments may be completely closed for 12 months whether they are dwellings or otherwise.

## GREETINGS FOR DEAD

Seattle Honors Eielson and Borland on Arrival of Bodies There

SEATTLE, March 24:—An aerial escort of 10 planes and a 21-gun salute greeted the funeral ship Alaska on its arrival here Saturday afternoon with the bodies of Carl Ben Eielson and Earl Borland, killed in an airplane crash last November near the Arctic coast of Siberia. The salute was accorded Eielson as former army pilot and holder of the Congressional medal for his trans-Arctic flight with Sir George Hubert Wilkins, whom he piloted in Arctic and Antarctic explorations.

A funeral procession and services for the two men, killed in an attempted flight from Teller, Alaska, to the icebound trading ship Nanuk, at North Cape, Siberia, and found after a three-months' search by Canadian, Russian and American airmen, got under way an hour after the ship's arrival.

## WILL SHIP MANY LOGS

Log-Carrying Barges Will Be Kept Busy This Year Carrying Product of Queen Charlotte Islands

Throughout the coming season, the Pacific Coast Navigation Co. plans to keep one log carrying barge loading, one discharging and one moving in connection with the delivery of logs from the Queen Charlotte Islands to the mainland, the vessels having a carrying capacity of 1,250,000 feet each. The first delivery was made to Vancouver last week by the Pacific Forester, another of the barges is now loading at Queen Charlotte and a third is on the way there now from Vancouver.

## Hundred Million Kilowatt's Power Output of Canada

OTTAWA, March 24:—In 1928 Canada had 18 hydro-electric power systems distributed from coast to coast. These systems have an average annual output of 100,000,000 kilowatt-hours or more. The Hydro-Electric Power Commission of Ontario had an output exceeding four billion kilowatt hours each. These 18 systems account for 92% of the total units generated in all central power systems of Canada.

## GET READY FOR CENSUS

Fifteen Thousand Persons Will Be Employed in Decennial Count Next Year

OTTAWA, March 24:—Preparations are under way for the decennial census of Canada to be taken in 1931. The census will give employment to 15,000 persons. Every inch of Canadian territory will be covered by information seekers. The actual work of enumeration will begin in June, 1931, under the direction of the Canadian Government Bureau of Statistics. Population, births, deaths, migrations, sex, nationality, age, occupations are recorded. Production in all its forms including mines, transportation, marketing, finance is looked into. Altogether there are 36 main headings in census classification, and 56 sub-section headings.

The first modern and scientific census is proudly claimed by Canada. This was taken of the colony of New France in Canada in 1666. It was a systematic "Nominal" enumeration of the people, taken on the "de jure" principle of a fixed date, showing age, sex, occupation, and family condition. That census recorded 3,215 names.

Statistics of this sort find many uses. They furnish data by which various trends of modern life may be observed. Authoritative figures have become a necessity to statesmen, manufacturers, financiers and producers of the world over. The first census of the Dominion was taken in 1871 and similar censuses have followed in every tenth year.

## Major Graham Of Vancouver Died Saturday

VANCOUVER, March 24:—Major M. J. Graham, aged 56, well known Vancouver chartered accountant and war veteran's leader and sportsman, died on Saturday.

# 1930 HALIBUT SEASON OPENED POORLY

## CAMOSUN STRANDS

But Not Seriously Damaged in Contact With Calvert Island and Is Able to Continue

### DOCKS HERE

While bound from Vancouver to this port, Union steamer Camosun, in command of Capt. James Findlay, went ashore at 11 o'clock Saturday night in the pitch dark on Calvert Island just after she had crossed Queen Charlotte Sound and was held there until 5 o'clock yesterday morning when, by means of her own power, she was able to re-float herself successfully, continuing her voyage north and arriving here at 3 o'clock this morning, several hours behind schedule. The vessel stranded on a falling tide and was re-floated by the flood.

After re-floating, the Camosun proceeded to Namu Cannery where, on it being found that she was not leaking to any extent, it was decided to continue the voyage north. On arrival here, the vessel was inspected by Capt. J. R. Elfert, harbor master, who ordered her to go on dock before completing her regular voyage north from here to Anyox, Stewart, Alice Arm and the Naas River.

The Camosun, for the past two weeks, has been relieving the steamer Catala which has been undergoing her annual overhaul at Vancouver. The Catala will be back on this run next week and the Camosun, after undergoing such repairs as may be found necessary, will go on the route from Vancouver to Bella Coola, Ocean Falls and Rivers Inlet.

**Is Damaged**  
 Preliminary inspection indicated that the forefoot of the vessel was crumpled below the waterline and that the keel forward is also damaged. Her outer hull is punctured but the inner shell is believed to be practically unharmed, and fuel tanks are also intact. The ship is leaking very slightly in the bilge. Injuries are confined to underneath the forehatch as two-thirds of the hull was waterborne even at the lowest tide after the stranding. The vessel went up on a steep bluff well up on Calvert Island and just about across the channel from Adenbrooke Island light.

After the stranding, the company steamer Cardena, coming out of Rivers Inlet southbound, was called to the aid of the Camosun and took off most of the latter vessel's passengers. The Cardena then stood by ready to give the Camosun a pull if necessary to free her. When the stranded vessel came off by her own power, the northbound passengers were again taken on at Namu and continued the voyage here. Most of the passengers were for Prince Rupert with only a few for Anyox and Stewart.

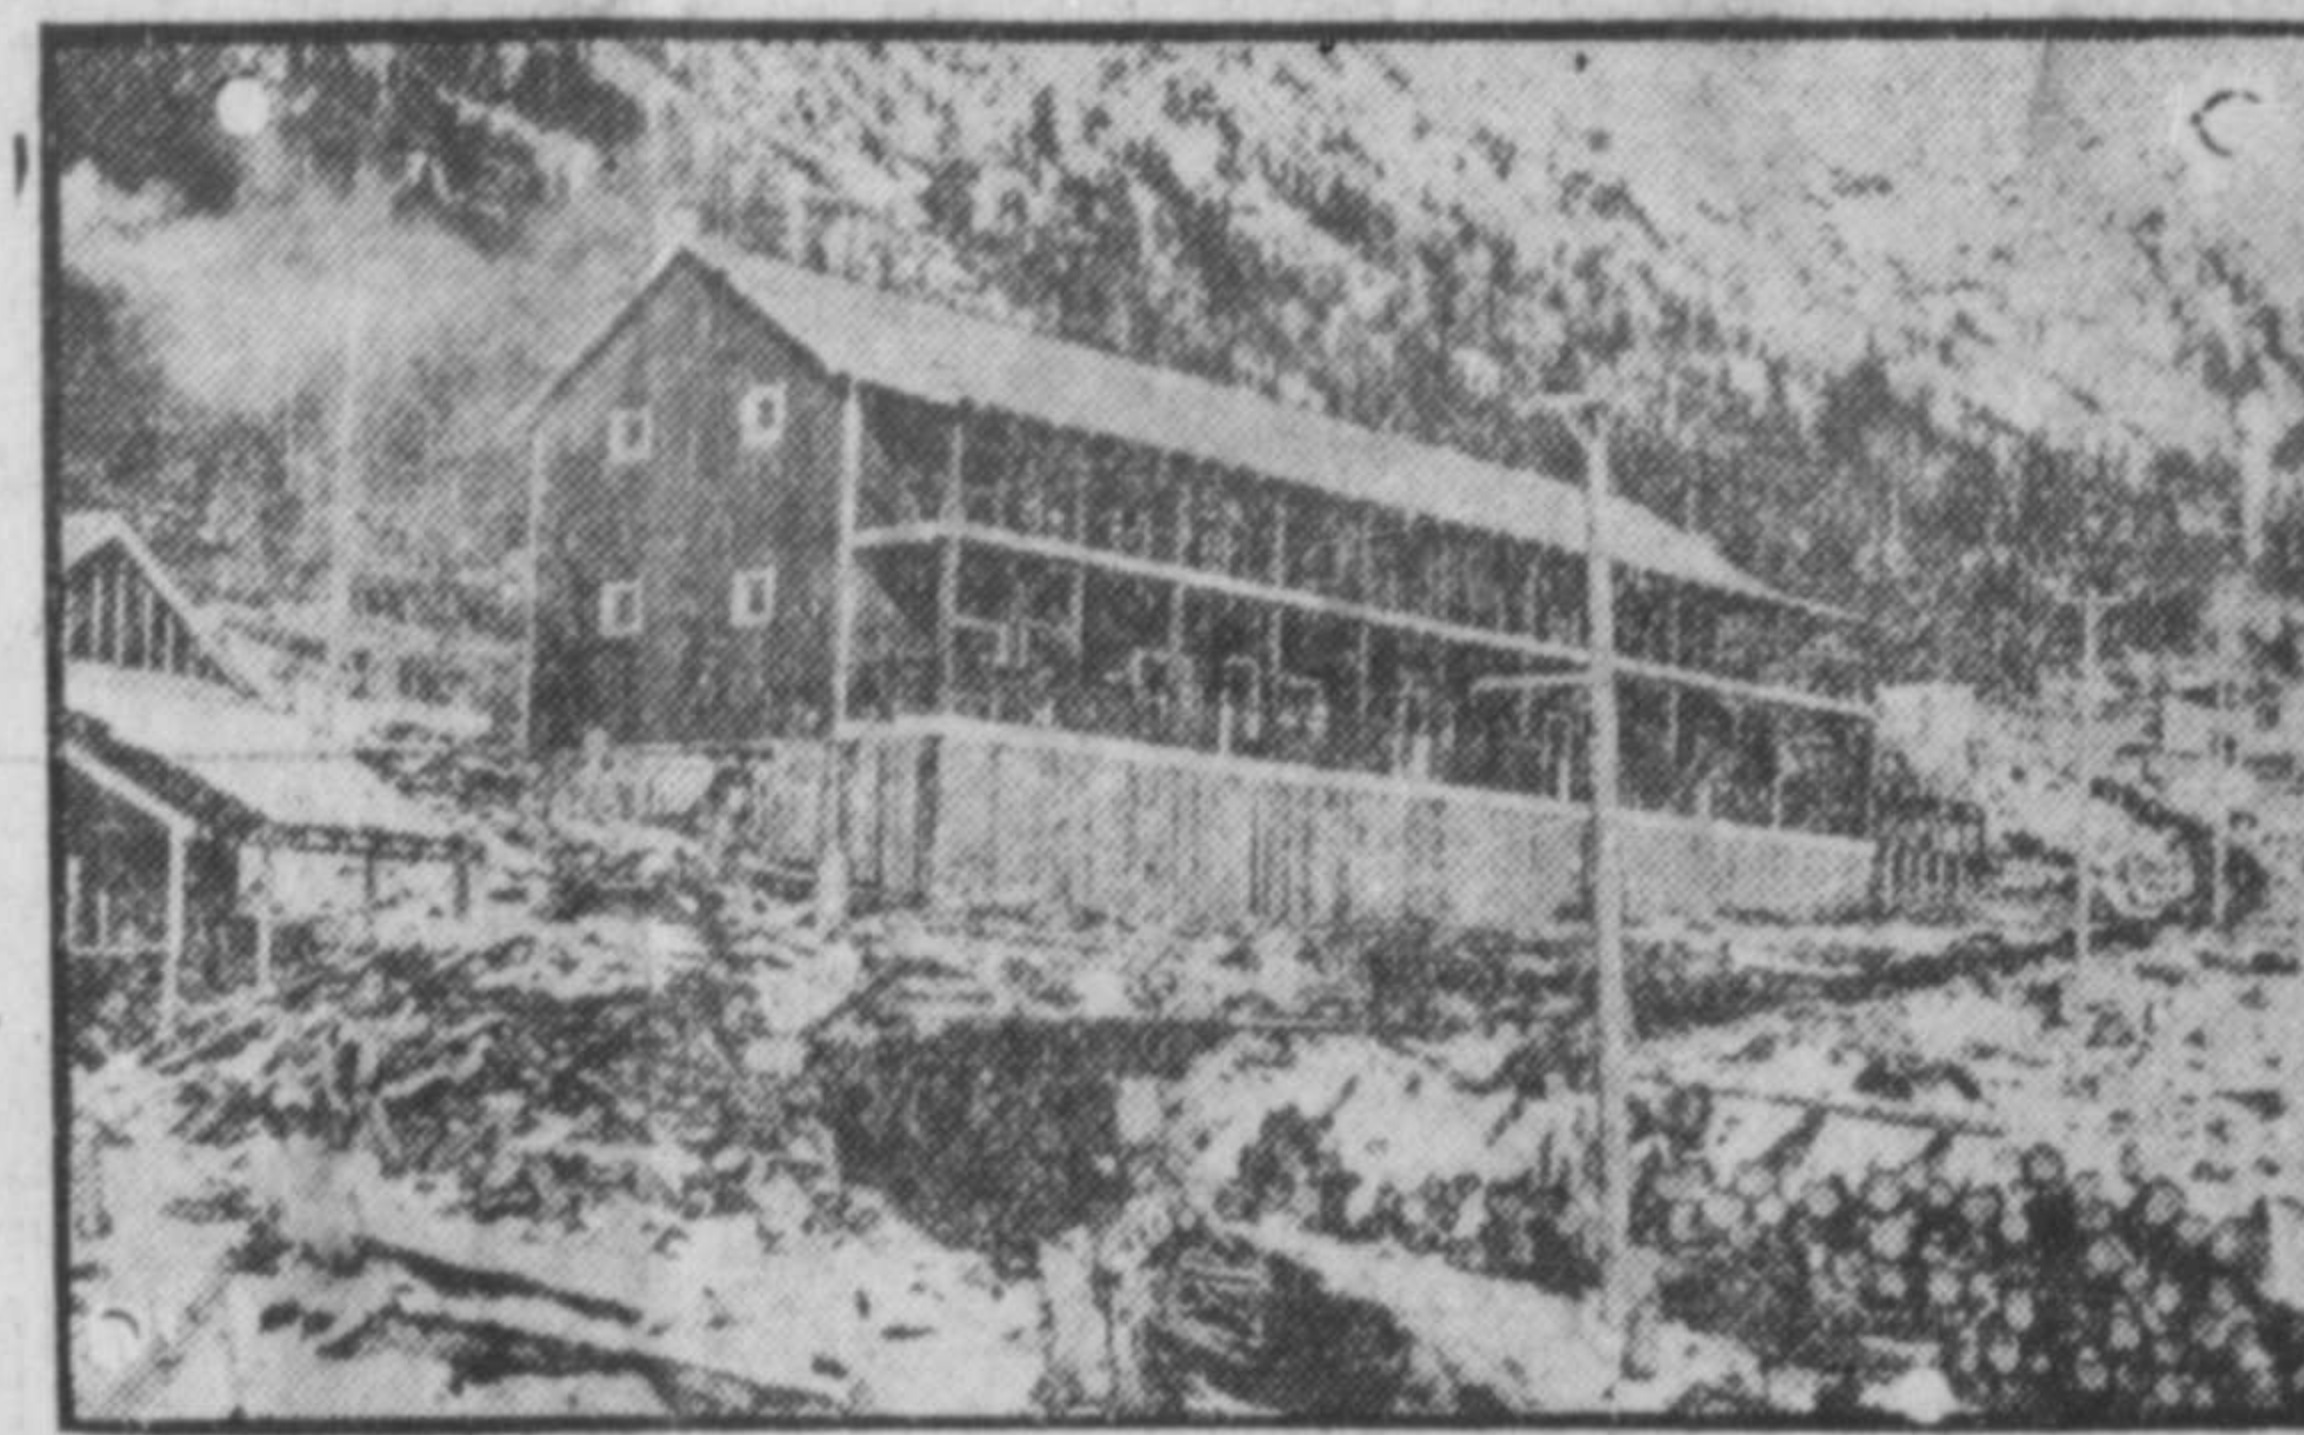

It is possible that the Union freighter Chilliwack, Capt. John Muir, which arrived in port at 6:30 this morning from the south and is now discharging a cargo of coal for Albert & McCaffery, may take on the Camosun's freight and passengers for Anyox and Stewart and deliver same north. Orders were being awaited this morning from Vancouver as to what was to be done about this.

Meantime, the Camosun is being taken on the dry dock here to ascertain the full extent of the damage. (Continued on page four)

## Home Oil Had Big Year In 1929 Paying \$704,000 In Dividends and Earning Million Dollars

VANCOUVER, March 24:—At a special general meeting of the shareholders of the Home Oil Co., on Saturday, it was announced that the net earnings of the company for the 13 months ending December 31 last were \$1,151,785 as compared with \$12,159 for the previous year. From June 8, 1929, to December 31, four dividends aggregating \$704,000 had been paid and Col. Nelson Spencer, chairman of the meeting, indicated that a fifth dividend would be paid soon.

The directors announced that the Imperial Oil Co. had arranged to proceed with the drilling of wells No. 7 and 8.

The old directorate was re-elected together with the following nine new members: W. J. Blake Wilson, Brigadier General V. W. Odium, Al Hager, F. R. Macdonald and Gordon Farrell, Vancouver; Hon. V. W. Smith, Edmonton; J. Charles Gage, Winnipeg, and Patrick Burns and George Bell, Calgary.

## Fish Scarce, Prices Low and Weather Bad On Northern Grounds

Boats Arrive at Kodiak Shrouded in Ice and Only Two or Three Vessels Have So Far Made Profits

KODIAK, Alaska, March 24:—Scarcity of fish, low prices and continuous buffeting by angry icy seas have made the opening of the halibut season this year anything but auspicious declare fishermen arriving here from the banks with their craft shrouded in ice. The seas on the Kodiak banks are the worst in years, they say. So far the catch has been so poor that only one or two boats operating on the northern banks have been able to make profits.

## WILL HELP HAVE CAMOSUN REPAIRS DONE AT RUPERT

In answer to a wire sent by Russell M. Smith, local agent of the Union Steamship Co., stating that Prince Rupert people would like to see repairs to the steamer Camosun, which went ashore Saturday night on Calvert Island, carried out here, Harold Brown, general manager of the company, stated in a telegram received this afternoon that he would do all in his power towards having permanent repairs executed at Prince Rupert.

## VETERAN SKIPPER

Capt. Absalom Freeman Dies in Vancouver at Age of 63

VANCOUVER, March 24:—Capt. Absalom Freeman, master mariner, fisherman and businessman, organizer of the original Canadian Fishing Co., died here Sunday at the age of 63.

For several years recently, the late Capt. Freeman had been skipper of the Canadian Fishing Co.'s official cruiser Canisico. In 1922 he piloted the government steamer Thiopval when it went to Japan to meet Squadron Leader Stuart MacLaren, British world flyer. He was well known as a navigator all along the coast.

## English Planes Must Fly High Over Channel

LONDON, March 24:—The air ministry has issued instructions that planes not adapted for landing on water shall fly over the English Channel at such height that land could be reached in case one of the engines fails.

The order invests in the pilots the duty of ascertaining before they start a channel flight the safe height, with regard to the combination of air speed and angle of glide, for their particular craft on the sea route they intend to use.

**T. D. PATTULLO'S POSITION**

T. D. Pattullo, member for Prince Rupert in the legislature, is said to be about to transfer his activities from the provincial to the federal arena. Should he do so he will be given a cabinet position at Ottawa and will represent British Columbia in the Mackenzie King Government.

Until we hear from Mr. Pattullo direct or have some official statement from him to that effect we shall not believe the report, although it is not at all unlikely to be correct. There is a rumor here to the effect that Mr. Pattullo has been unofficially asked to contest Vancouver in the Liberal interests and it is understood that if he does so he will receive very general support from the business fraternity of that city. He would rally the somewhat flagging spirits of the Liberals in this province and put over a fighting campaign such as he has done in the past here.

We should be very sorry to lose Mr. Pattullo as our representative at Victoria but if he should decide to enter the larger field we hope to see him a member of the government and taking a prominent part in national affairs.

**ELECTIONS VALUABLE**

Sometimes elections are valuable. They are the means by which constituencies obtain that which they otherwise would not get. Governments will usually spend money before an election. They have no moral purpose in this but do it simply to secure support for themselves. Possibly with an election in sight we may be able to prevail upon the federal authorities to take a keener interest in our problems, especially in connection with the Pacific Coast outlet and the need of giving the C.P.R. equal rights at this port with the Canadian National.

**WARNING TO LIBERALS**

Prince Rupert, B.C.,  
March 24, 1930.

Editor, Daily News:—

At last some of us begin to see the light. We know now why the Provincial Government had such a change of heart over road building and other things in this neighborhood. There is an election in sight in this community and work on the highway is being rushed so that no one will think it is an election spurt.

If Mr. Pattullo decides to run either in Prince Rupert or in Vancouver at the general election he is pretty sure to be elected but the provincial seat will be vacant and there will be an election with our good friend the Doc as the representative of the Conservative party and no one knows who for the Liberals. Perhaps that is why an effort was made to squelch Alderman Collart and prevent him from getting any credit, fearing he might be chosen as candidate.

There's one thing the fishermen will be to a man against the present government after the raw deal they tried to put over in connection with the Howe regulations. I don't know one fisherman, and I know a lot of them, who will not vote against the government at the next election. They failed to put over that raw deal just because the pressure was too strong, particularly from their own supporters here.

I want to just issue this word of warning to you, Mr. Editor, and to others in this constituency against being carried away by the sudden changes of front of the government. We have to fight for everything we want and the best way to get it just now is to elect a critic of the government who will go to Victoria and let in the light just as Mr. Pattullo has been doing this session.

You do not seem to be saying much about politics but I hope you will let me say my little say in order to keep Liberals here posted on what is likely to happen.

Yours for the triumph of Liberalism.

TRUE GRIT.

**POST MORTEM ON ATTEMPTED FISHERY REGULATIONS**

Dear Mr. Editor—

Permit me please, through the medium of your columns, in the name of the Northern B. C. Salmon Fishermen's Association, to pass a few vibrant comments on the now "Defunct" Provincial Government's proposed Fishery regulations.

The whole affair has been unwholesome, and has left a deep and undesirable impression in the minds of fishermen generally.

It would be an unpardonable error on my part, to disinter the remains of Mr. Howe's child, but it is quite in order to enquire into the conception, legitimacy, and decease thereof.

I do this with no vindictive spirit, but with the sole desire to prevent a reincarnation if possible.

The Provincial Government bore it, but of a surety, it had all the features of its co-parent, the canners, and from the fishermen's point of view, it was a credit to neither. It cost all parties considerable expense, and expired "Still Born" to its everlasting credit. Be it said.

There is, however, a serious aspect to the whole affair, to which I draw attention of the public at large. It has been thrown overboard, because the present Provincial Government have found out that they had "No Jurisdiction" in the matter, they so diligently attempted to legislate for. The Northern B. C. Salmon Fishermen's Association deem this unpardonable, especially when we read in the press that, when the death rattle was audible, it needed the accommodating ability of the canner's counsel, to release it gracefully. During its struggle for birth, it was strong enough to jeopardize the welfare of 15,000 fishermen, and those auxiliary trades, which are dependent upon them totalling in all approximately 100,000 persons.

The Provincial Government stands indicted, and convicted from either of two charges. It is either culpable or inefficient.

Had the fishermen not risen in strong opposition, these proposals would have been in effect notwithstanding their illegality, plus their monopolistic tendencies. Excuse for such conduct is non-existent, and a repetition would be disastrous, and as an organization, we have no hesitation in passing a

vote of "No Confidence" in the Government at Victoria.

The legacy remaining, to wit, Limitation of Cannery Licenses, is obnoxious, and this association is committed to direct opposition to such legislation, and it commends the question of the legality of such a policy to the Attorney General and his advisors, the counsel of the canners.

CHARLES LORD,  
Secretary.

WASHINGTON, N.H., March 24—Henry Ford is in the market for a covered bridge. **TO DECIDE QUESTION**

Attempt to Settle Whether U. S. Buyer of Liquor is Subject to Prosecution

WASHINGTON, D.C., March 24—Prohibition's big question—can a buyer of liquor be prosecuted?—may be answered here soon.

The case of the United States of America vs. John Wayland is the medium.

Wayland is charged with purchasing liquor and will be given a jury trial in police court.

Seymour Lowman, assistant secretary in charge of prohibition, says a conviction would serve the same end for future action against liquor buyers as passage of the much discussed Sheppard bill.

The measure, introduced by Senator Sheppard of Texas, seeks to amend the Volstead law to apply also to liquor buyers.

David A. Hart, assistant United States district attorney, who will prosecute the Wayland case, says it is "without loopholes either as to legal technicalities or evidence."

Hart holds the Volstead law does specifically prescribe punishment for the individual buyer of liquor. He is prosecuting Wayland under Section 6 of Title 2, of the act which reads in part: "No one shall manufacture, sell, purchase, transport or prescribe any liquor without first obtaining a permit from the commissioner so to do."

The charge against Wayland reads: "Did then and there unlawfully purchase a certain intoxicating liquor; to wit, whiskey."

The penalizing section in the case Hart explains, is section 29 of the Volstead Act which prescribes a penalty of not more than \$500. He is prepared to carry the case as far as he can.

Wayland, 27, from Clarendon, Va., when arraigned in police court, was granted a jury trial upon his demand for it and released on \$1,000 bail on dual charges of purchase and possession of liquor.

**Portland Canal Survey Details**

Minister of Public Works Gives Information Sought

Hon. N. S. Lougheed, minister of public works, stated in the legislature, in answer to questions by H. F. Kergin, M.L.A. for Atlin, that a total of \$5,365.96 had been expended in 1929 in sending road survey parties into the Portland Canal district, a total of 14.6 miles being surveyed from 14-Mile on the Bear River road to Bear River Glacier.

C. W. J. Ellison, who was in charge, received a salary of \$200 a month for six months. Others employed were: J. Parker, Prince Rupert, three months and five days, at \$100 per month; B. Gwyer, Prince Rupert, one month and nineteen days, \$90; T. Orme, Prince Rupert, one month, nineteen days, \$110; P. Anderson, Anyox, three months, seventeen days, \$110; D. Rice, Prince Rupert, two months, \$60; T. Sherman, Prince Rupert, three months, twenty-three days, \$125, and G. Anderson, Anyox, thirty-four days, \$35.

—with all his worldly goods—

HERE, in this old strong-box, so long guarded and locked, is his "estate" . . . the "worldly goods" which he has bequeathed to her.

One by one her adviser takes out the temptingly engraved certificates and examines them. One by one he lays them down with a sorrowful shake of the head—

Slowly the truth dawns upon her. Those wonderful purchases that were to make them rich . . . independent. These speculations that were to lead them

to fortune . . . many of them now are WORTHLESS!

But at the bottom of the box there lies an unpretentious document, which suddenly she recalls. It cannot have depreciated. It must still be safe and sure . . .

She reaches in and draws forth his Life Insurance Policy.

Amid the wreckage of thousands of estates, Life Insurance stands as the final and enduring refuge in time of need.

It is the one investment no man can afford to be without.

Mrs. George Frizzell sailed last evening on the Princess Norah for a visit in Vancouver and elsewhere in the south.

Mrs. Annette Stone, who has been on a business trip to Vancouver, returned to the city on the Camosun this morning from the south.

Mrs. Frank Clapp, who has been visiting for the past couple of months in Vancouver, returned to the city from the south on the Camosun this morning.

Thomas Kaye of the Union Oil Co., who has been on an inspection visit to the local plant, sailed by the Princess Norah last evening on his return to Vancouver.

Mrs. John Troy, wife of the publisher of the Juneau Alaska Empire, was a passenger aboard the Princess Norah last evening going south from Juneau for a visit in Vancouver.

George E. Winkler arrived in the city today and will spend the week here giving a series of lectures to prospectors and mining men under the auspices of the provincial Department of Mines.

Sergeant W. J. Service, chief of the Prince George district detachment of the provincial police, arrived in the city on yesterday afternoon's train from the interior for a brief visit here on official duties.

Garnet Watt of Mayo, Yukon Territory, arrived in the city on Princess Norah last evening from the north and is the guest of his brother and sister-in-law, Mr. and Mrs. Norman A. Watt, Fourth Ave. East.

William Turnbull, about twelve or thirteen years ago editor of the Prince Rupert Daily News and later of the Lands Department at Victoria, has secured a good position in Buenos Aires and he left Victoria for that place via San Francisco a few days ago.

Mrs. C. H. Hankinson and younger children arrived in the city on yesterday afternoon's train from Smithers to take up residence here with Dr. Hankinson and other members of the family. They have taken a lease on the Presbyterian Manse on Fourth Avenue East.

A. E. McMaster, general manager of the Powell River Pulp & Paper Co., has been elected vice-president of the Newsprint Service Bureau of the Canadian Pulp & Paper Association. Mr. McMaster, in the early days, was city ticket agent here for the Grand Trunk Pacific Railway.

Wallace C. Orchard, general agent here for the Canadian Pacific Railway, is in receipt of some interesting pictures taken aboard the steamer Princess Mary when that vessel was virtually frozen up a few weeks ago while making a voyage to Skagway. The vessel was coated with ice a foot or two thick.

In answer to questions asked by Dr. H. C. Wrinch, M.L.A. for Skeena, Hon. W. C. Shelly, minister of finance, stated in the legislature recently that advertising for 1928 and 1929 tax sales in Omineca assessment district was carried in the Omineca Herald newspaper, published within that district, and also in the Nechako Chronicle of Vanderhoof, which is published outside that district. The reason the advertising was carried in the Nechako Chronicle, the minister explained, was in order to inform the public in a portion of the assessment district in which that paper circulates.

## TO FIGHT AT ANYOX

Billy Bagshaw and Pete Chenoski Going to Smelter Town

Billy Bagshaw of this city will meet Henry Deeth of Anyox in the main event of a smelter town on Friday night of this week, while Pete Chenoski will go north to meet Kid Barclay in one of the preliminaries. The two boys will go north Wednesday afternoon on the Prince George in charge of Art Eason, Fred Brown having sent an invitation asking them to come.

Bagshaw, who weighs 138, will meet a 139-pound opponent. Chenoski's opponent will be 129 pounds.

## Novel Contest Last Evening

Grotto League Teams Play Mixed Whist and Cribbage and Latter Win Out and Get Free Dinner

Teams representing the Grotto in the Whist and Cribbage Leagues met last night in mixed competition and, the cribbage team, winning on total points, were treated to dinner by the whist team, about sixteen persons being present. Peculiarly enough, the whist team beat the cribbage team at cribbage while the cribbage team beat the whist team at whist.

## Sport Chat

Eric Sandstrom, representing the Viking Club of Vancouver, who won the 50-kilometre Olympic distance race at Burns Lake last month beating all Canadian and U.S. records for the distance, is prominently mentioned in the leading Swedish Athletic News "Idrotts-Bladet" as a desirable candidate to represent Sweden at the next Winter Olympiad at Lake Placid in 1932. Sandstrom is mentioned first in the list of prospects and according to the paper quoted, he made his first debut as a skier in the junior class in 1927 in the district championships of his province. He not only won the first time in the junior class but surprised by making the best time of the entire meet in the 30-kilometre race, and coming in second in the 60-kilometre. The following year he cinched both championships in the 30 and 60-kilometre. He was then placed as a candidate for the 1928 Olympic Games but was too young to stand the hard competition for the honours.

It is further stated that the Viking Club will be communicated with at once with the view of having Sandstrom get into special training for the Olympic Games, and go next year to Lake Placid to acquaint himself with conditions there. Sandstrom is mentioned as a valuable asset to supplement the little troupe of top-notchers that will be sent out from Sweden. Although their times are very much better than that of the B.C. skier, it is figured that the long sea trip plus the difference in climate, is bound to slow the home-skiers at least 15 minutes, and with this discount, Sandstrom would add to the strength of the team.

March 24, 1910

Mrs. C. E. Lofstedt of Eighth Avenue East was beaten to death and her husband has been placed under arrest on a charge of murdering her.

A young lady looked under her bed at the G.T.P. Annex before retiring and was confronted, much to her horror, with a man holding a revolver in his hand. The man, who is married with a family and comes from Calgary, was placed under arrest and committed for trial.

The delegation which went to Victoria to place various matters affecting this town before the provincial government made its report at a crowded public meeting in the Empress Theatre, G. R. Naden acted as chairman and J. C. Halsey as secretary. The delegates who presented reports were T. D. Pattullo, H. H. Douglas, W. E. Williams, G. W. Morrow and A. R. Barrow.

## Girls Conduct Church Service

C. G. I. T. Took Charge in First Presbyterian Church Last Evening

Canadian Girls in Training conducted an interesting service last evening in First Presbyterian Church, addressed by Miss Beulah McKinley on "The Story of Solomon" and by Miss Sheila Stuart on "Ideals of Friendship" being outstanding features of the program.

Miss Muriel Vance, president of the group, read the invocation and the call to worship. Miss Evelyn Anderson read the Scripture lesson while Miss Muriel Walker offered the first prayer and Miss Margaret Willcroft the closing prayer. Miss Betty Cameron sang a vocal solo and the offering was taken up by five of the girls.

age. Whether or not permanent repairs to the vessel will be made at the local yard will be determined later.

Arrangements have been made to take the Camosun on the dry dock about 3:30 this afternoon, the Prince William being taken off the main pontoons in order to allow the Union vessel to go on there.

## May Repair Here

It is generally expected that the repair job will be carried out here, in which case the ship will remain in port at least a week or so.

The sailing tomorrow afternoon from here for the south is of course cancelled.

It was announced this afternoon that the freighter Chilliwack would take off the freight for Anyox and Stewart from the Camosun and proceed north with it. A few through passengers from the Camosun may also be taken north by the Chilliwack.

BRINGING UP FATHER By George McManus. A comic strip with five panels showing a man in a suit and a woman in a dress. The man is talking about yachting and the woman is talking about a cruise. The man says 'I MUST HURRY AND GET MY YACHTING CLOTHES TOGETHER' and the woman says 'OH MOTHER! THEY HAVE ONE OF THE LARGEST YACHTS AFLOAT AND THEY'RE LEADERS IN THE SOCIAL WORLD.' The man says 'THAT'S GREAT NEWS MAGGIE WON'T EVEN BE ABLE TO RADIO ME FROM THAT BOAT.' The woman says 'JIGGS GET READY WE ARE GOING ON A YACHTING TRIP.' The man says 'AH!' and the woman says 'I'M SO HAPPY I JUST RECEIVED AN INVITATION TO GO ON A CRUISE ABOARD MR. AND MRS. ALGY SAPADILLO'S YACHT. ISN'T IT JUST TOO LOVELY FOR WORDS?' The man says 'I MUST HURRY AND GET MY YACHTING CLOTHES TOGETHER' and the woman says 'OH MOTHER! THEY HAVE ONE OF THE LARGEST YACHTS AFLOAT AND THEY'RE LEADERS IN THE SOCIAL WORLD.' The man says 'THAT'S GREAT NEWS MAGGIE WON'T EVEN BE ABLE TO RADIO ME FROM THAT BOAT.' The woman says 'JIGGS GET READY WE ARE GOING ON A YACHTING TRIP.' ### Will Further Explore New Stikine Claim

Mining Corporation of Canada Will Have Party on Brewery Creek Early This Spring

The Mining Corporation of Canada, as soon as snow is sufficiently gone, will send a mining engineer and party of six men this spring to the head of Brewery Creek, eight miles southwest of Telegraph Creek on the Stikine River, to further explore a promising mineral prospect there which was discovered last summer by Arthur Skelthorne M.E. and his party while working in that field. The property is reported to carry good values in copper and gold and some silver.

### TOURIST TRAFFIC IS HEAVY

Bookings for Western Trips This Year Near Record, Says C. N. R. Official

WINNIPEG, March 24—An indication of a general improved business outlook is to be had in the reservations which have been made by the Canadian National Railways for special parties of tourists who will travel through Western Canada during the coming summer.

According to R. Creelman, passenger traffic manager, Winnipeg, the movement of 25 special trains is already assured and these, together with extra cars attached to the regular service, assure a movement through Western Canada of 4585 tourists. This figure does not include the estimated regular passenger traffic nor the large number of doctors and their families who will be attending the convention of the British Medical Association in Winnipeg in August and proceeding westward to Jasper afterwards.

"Special business already secured," said Mr. Creelman, "practically constitutes a record. It is well in excess of business in hand at this time last year and the prospects are that the number already known will be added to considerably before the summer season arrives. Many of the parties already booked are including not only the prairies, but Jasper, the triangle tour and Alaskan trips in their itinerary. The increase of facilities at Jasper and the additional boat service between Vancouver, Prince Rupert and Alaska will all be required to care for this exceptional increase in business.

"One of the most satisfying features of this year's business," Mr. Creelman said, "is the new number of special parties finding their origin in the middle western States, an area which in past years has not contributed very heavily to tourist traffic in Canada."

### VOLCANOES OF KATMAI

Expedition to Go Into Valley of Ten Thousand Smokes This Summer

CONCORD, March 24—An expedition into the Valley of Ten Thousand Smokes and the Katmai Volcano region in Alaska during the coming summer to study the closure of great earth wounds caused there by volcanic eruptions has been announced by the National Geographic Society.

The party will be led by Dr. Robert F. Griggs, who discovered the famous smoky valley in 1916, when it was described as a "seething inferno of hot rocks, steam and acid gasses." It was later made part of a national monument by President Wilson.

Several possible results of the expedition are advanced by the geographic society. Recent studies, it was said, indicate that many of the world's ore bodies originated under just such conditions as those exemplified in the Valley of Ten Thousand Smokes. It was held possible also that the vents through which vapor is poured into the valley may be dying out, and eventually will form hot springs like those of the Yellowstone National Park. Temperature studies will be made to compare with data gathered by previous expeditions.

Conditions in and around the valley after the last eruption, it was said, were comparable to the world itself in the remote past, before soil was formed. A study of the plants growing in the pumice-covered areas, therefore, was described as a clue to the processes of humus formation, and a possible solution of many still unsolved agricultural problems.
