## PREMIER OF QUEBEC CRITICIZES UNEMPLOYMENT RELIEF

### Former Relief Officer In Vancouver Confessed To Corruption Charges

Final Scene In Sensational Civic Scandal Played Today In County Court Before Judge Cayley

VANCOUVER, Sept. 27.—George D. Ireland, former Vancouver city relief officer and one time minister of the Gospel, was sentenced to two years imprisonment in New Westminister Penitentiary by Judge H. C. Cayley in County Court today after he had pleaded guilty to five charges of corruption in connection with the handling of city meal tickets. Among other things, Ireland admitted that he had received large commissions from restaurant operators in return for orders for relief meals.

Ireland held out for some time that he was not guilty but finally confessed.

### WERE OFTEN NEAR DEATH

Harrowing Experiences of Missionary Trio Held By Chinese Reds Told From Platform

TORONTO, Sept. 27.—A story packed with thrills, adventure with death lurking frequently along dangerous roads and the fear of impending murder hanging like a shadow over missionaries held captive by Chinese brigands for more than 90 days gripped the audience attending a recent session of the China Inland Mission annual meeting. As Rev. A. B. Lewis, Assistant Superintendent, Kiangsi Province, unfolded this amazing narrative regarding the capture and the release of Rev. and Mrs. R. W. Porteous pulses quickened. Eyes fastened upon Rev. and Mrs. Porteous seated upon the platform but as yet denied the privilege of making public addresses as they convalesce from their harrowing experience.

The news that reached fellow missionaries on March 24 stating that Mr. and Mrs. Porteous and Miss N. E. Gemmill had been captured by the Communist brigands, was heart breaking, said Rev. Mr. Lewis.

One year before five Chinese evangelists, who had been taken captive by the same group of Communists had, following the payment of \$500 ransom money, been murdered. Only a few weeks earlier three Finnish women missionaries of an associate mission had been taken into captivity and foully done to death by the same group. The Red Army surrounding the city early in the morning had captured the missionaries while walking in the garden. Mr. and Mrs. Porteous had had their hands bound with ropes, but upon the entreaty of a non-Christian Chinese, who recounted the story of Mr. Porteous risking his life for the people of the city when the Northern Army had made an attack, their hands were released.

There followed days and weeks of helplessness, the Christian Chinese sparing no effort to raise money to free the beloved missionaries. The Chinese do not worship courage, Mr. Lewis pointed out, and it is customary when faced by trouble to flee, yet these young Christian Chinese sacrificed from their meagre earnings and the women gave their bits of jewellery and trinkets to help pay the ransom. Braving death these loyal Chinese journeyed the almost impassable roads, carrying their collected moneys, jewellery and entreaties to the headquarters of the Communists holding captive the missionaries pleading for their release.

With the ransom price set at \$60,000, the brigands scorned the paltry hundreds secured by the Christian Chinese. Then upon the impassioned request of Mr. and Mrs. Porteous their fellow missionary Miss Gemmill, was released and returned to the mission station. Again and again the Chinese Christians—a scintillating light among them being young Cheng—faced death and visited the camp of the Reds, fighting valiantly for the freedom of the missionaries.

Medicines Accepted  
Finally, despising the moneys offered, the leaders among the brigands suggested that medicines, so necessary to the wounded soldiers would be as acceptable as ransom. Although the workers of the China Inland Mission had deemed it unwise, if they had possessed the \$60,000 ransom price to have paid it, thus putting a price on the head of every missionary, consideration

### Dominion Government Hoists Burden On To Provinces And Cities

Taschereau Reminds Senator Robertson of Promises Made In Campaign — Calls Proposed Scheme Impractical

QUEBEC, Sept. 27.—“You will find that the municipalities in the most cases will be unable to take advantage of the proposed relief,” Premier Taschereau of Quebec yesterday wired Senator Gideon Robertson, minister of labor, in response to a telegram from the minister outlining the government's plans for unemployment relief. Premier Taschereau said that he thought “your plan is hardly practical and I regret to find that, after having promised to stop unemployment, in the first case, you have put two-thirds and, in the second case, three-fourths of the burden on the provincial governments and municipalities.”

### WINDING UP POLE DRIVE

Hanson Timber & Lumber Co. Expects to Have Timber Down River By October 15

The Hanson Timber & Lumber Co. expects to wind up its pole drive on the Skeena River for this season about the middle of October, a little ahead of last year.

During the coming winter it is expected that two pole camps will be operated by the company, one at Bell Lake and one at Nine Mile. In both cases the time limit for getting out the poles expires in March next year and the company will probably get the timber removed to skidways on the river or on wagon roads before that time.

### HAPSBURG MAY RULE

English Cardinal's Utterance Construed As Favoring Accession of Otto to Crown of Hungary

LONDON, Sept. 27.—Will the Hapsburg dynasty again sit on the throne of Hungary in the person of the young Prince Otto, son of the last Emperor Karl, of the combined realm of Austria-Hungary? This is a question agitating the press and public in England as well as upon the Continent. The Archduke Albrecht, having renounced his right to the succession, the way now has been paved for a union of legitimist forces. A correspondent of The London Observer, notes the peaceful passing of St. Stephen's Day and speaks of the situation in the following terms:

“St. Stephen's Day, the critical date when public opinion was prepared to see an attempt made to bring Prince Otto to the throne, or at least to disturb the existing order of things, has passed quietly. It is rumored that the Legitimist party perceive the moment to be an unfavorable one for an attempt to install a King on the throne, and that even Prince Otto's birthday (November 20) will pass without event. The party are said now to be looking forward to next April or May. It is pointed out that the autumn will see the annulment of parliament of the law barring the Hapsburgs from the throne.

“The Legitimists deeply resented the speech of the War Minister at Mezokeresztur, when he declared that a nation in a state of ferment needs a strong hand and not a child's hand to rule it. Since the speech General Gombos has poured oil on the troubled waters by announcing in the press that the phrase was no personal allusion, but referred entirely to the political question.

“A remarkable feature of the St. Stephen's procession was the enthusiastic applause with which the populace greeted the governor. After 10 years both peasants and ci-

### Pioneers' Card Party Enjoyable

Nearly One Hundred Persons at Affair Last Night—Manson and Newton Are Speakers

The Prince Rupert Pioneers' Association held a very enjoyable whist and bridge party last night in the I. O. D. E. Hall, old timers of the city to the number of nearly one hundred gathering in an affair that was both happy and homelike. One of the features of the evenings proceedings were speeches by A. M. Manson K.C. and S. M. Newton both of whom recalled incidents of the early days and both of whom reiterated their confidence of twenty years' standing in the future of the city. The pioneers enjoyed these speeches of Mr. Manson and Mr. Newton who were well qualified, through long residence, to address them.

There were 18 tables of cards and prize winners were:  
Bridge—Ladies' first, Mrs. Fred Cameron; consolation, Mrs. W. W. C. O'Neill; men's first, A. Ivarson; consolation, John Bulger.

Whist—Ladies' first, Mrs. Frank Clapp; consolation, Mrs. Herbert Hampton; men's first, J. G. Vierbeck; consolation, Herbert Hampton. After cards, delicious refreshments were served and a brief program followed. Mrs. J. H. McLeod and Mrs. William Millar sang vocal solos, accompanied by Miss Matzie Macdonald; Misses Molly and Nellie Lawrence and Bert Cameron played violin and piano trios, and the speeches of Mr. Manson and Mr. Newton followed.

Mrs. O. A. Johnson was convener of the committee, other members of which were Mrs. G. W. Johnstone, Mrs. Fred Cameron, Mrs. R. A. McLeod and Mrs. A. Ivarson. A. R. Phillips was master of ceremonies for whist and G. W. Johnstone for bridge. O. A. Franks presided at the door.

TALK OF WAR

It is to be supposed that for many years to come there will be talk of war. Also at times there will be fear of war. Possibly war may come although it is not very likely. While the return of Italy to something of her old prestige and power under Mussolini is a disturbing factor, the spread of Communism among the more ignorant and oppressed nations is a much more disturbing factor. Neither of these makes world war inevitable nor even very likely. The nations of the world are tired of war and war talk. The common people are coming to see the futility of trying to force their will on the rest of the world by force of arms and every year that passes makes a world war less likely.

What another generation may do after the last war is forgotten, no one can prophesy. The enthusiasms and horrors of the Great War cannot be repeated while the old soldiers are alive or while the bereaved parents of the lost still remember.

The hope for the future is that the world is becoming more civilized, that people are becoming better educated and less inclined to be led by the nose than ever before. The mass mind is opposed to war and it will be difficult to rouse the people to the necessary blind enthusiasm for it as has been done in the past.

AN IMPORTANT EVENT

The connecting of Prince Rupert with the Falls River power plant making available another 6,000 horsepower with 25,000 horsepower yet to come will be one of the greatest events in the history of Prince Rupert. It means that we can now talk to those interested in establishing industries with some hope of success. Power was the first necessity and we are about to have it. Doubtless Prince Rupert people will unite as one in an effort to properly celebrate the auspicious occasion.

NEW HAZELTON

Grain crops in the Bulkley Valley will average about twenty-five per cent normal this season. Harvesting and threshing are now about completed. The potato and root crops are no better than the grain.

The anchors for the new Hazelton suspension bridge are now all set and ready for the cables which are expected to arrive within the next few days.

Under the auspices of the Women's Auxiliary to the Hazelton Hospital a successful basket social and dance was held last night in the New Hazelton Community Hall. Music was by Gray's Orchestra from Smithers. There was a large attendance at the affair.

A. S. Gray of Cedarvale, the apple king of the Upper Skeena, was a visitor here last Sunday. He reports that he had another fine crop of apples this year.

New Hazelton experienced six degrees of frost on Monday night of this week. Little damage was done to the gardens although tomatoes, and dahlias suffered.

The Hazelton branch of the Canadian Bible Society has elected officers as follows: president, Rev. T. H. Wright; secretary, Rev. Mr. Bannister; treasurer, Mrs. J. C. K. Sealy; collectors, Miss A. C. Micklejohn and Mrs. Sealy. Last year \$71.15 was collected and sent to provincial branch headquarters.

The Hazelton Social Club held its annual meeting Tuesday evening at the home of Mrs. R. S. Sar-

gent. Plans were made for an active season and officers were elected as follows: president, Mrs. R. S. Sargent; vice-president, Mrs. C. W. Dawson; secretary treasurer, Miss Mary McLean.

Douglas Parent has been accepted as a student at McGill University and will take up his studies there about October 1.

Miss Martha Muldoe and Elijah Turnes of Kitwanga were married in New Hazelton last Saturday afternoon by Rev. T. H. Wright.

TERRACE

Miss Doris Robinson left recently for Hazelton where she has entered the hospital as a student nurse.

G. Blackaby, who has been manager of the Bank of Montreal here during the summer months, has been appointed manager of the bank at Williams Lake and left for there at the first of this week. G. Everidge of the Prince Rupert staff is his successor.

Friends of O. T. Sundal are pleased to see him again able to be about after a severe illness.

Mr. Colbachin left for Vancouver yesterday and sailed on the Prince George for Vancouver.

Mrs. A. McLeod arrived home on Wednesday after accompanying her daughter to Victoria. Mrs. McLeod visited friends in Vancouver, Chilliwack and Ashcroft.

While in Victoria Mrs. A. McLeod had a short visit with Mrs. Colhurst. They are enjoying their new home.

Headaches  
Neuralgia  
Neuritis  
or check a Cold

WHY are some women so patient with pain? Shopping with a head that throbs. Working when they ache all over. Sometimes it's hours before they take Aspirin and get relief! Most men take these tablets the moment that some sudden ache or pain threatens their comfort and so should you. Aspirin is perfectly harmless; it cannot depress the heart. The tablets stamped Bayer are always genuine Aspirin; always the same, always safe. So it isn't sensible to suffer with a headache, a cold, neuralgic pains, or anything else that these tablets relieve almost as soon as swallowed. Buy by the bottle and save money. Any drugstore has the 100-tablet size.

BOOM ON IN PEACE RIVER

Minister of Lands Says District Is Having Greatest Colonization Era in Its History

The Peace River district of British Columbia is in the middle of the greatest colonization era which this province has known in modern times, according to Hon. F. P. Burden, minister of lands, on his return to Victoria recently from a trip north.

"The population of the Peace River country, I should say after a tour through most of it, has tripled in two years," said Mr. Burden, who probably knows the north better than any member of the Legislature. "I was amazed at the number of people who have poured in this year from all over America. Most of the new settlers have cleared land for themselves during the summer, but as they have no money in most cases, they have created quite a problem for us. Work will have to be provided for them during the winter until they can get a crop next year. They are a fine type of people, and I did not hear one word of complaint from any of them."

**Aids Farmers**  
The whole economic position of a large part of the Peace River country will be altered by the present extension of the Alberta Government's railway westward by the Canadian Pacific and Canadian National Railways, Mr. Burden said. He had been informed officially, he stated, that this extension would reach the settlement at Dawson by December. Work is proceeding night and day.

"This," said Mr. Burden, "will give the farmers a return of 10 to 15 cents more a bushel on their grain, as it will save them shipping it a long distance east to the present head of steel. Of course, even then, they will get very small prices, but their yield is so amazingly large that they will make reasonable returns, and they are exceedingly optimistic."

**Pacific Outlet**  
The present extension, however, is only a temporary expedient, and the real need is a Pacific rail outlet. Everywhere the people are clamoring for this link, the construction of which would do wonders for this fine country.

The crops of the Peace River country this year are extraordinary, the minister said. "I never saw such yields," he declared, "and they appear almost universal. While I was there a farmer threshed 60 bushels to the acre of No. 2 Northern, and his fields did not appear to me to be carrying more grain than those of his neighbors all around him."

Mr. Burden conferred in Prince George with Major C. R. Crysdale, engineer in charge of the Pacific Great Eastern resources survey in the Peace River block. This work will shortly be completed, Mr. Burden said. It is planned to withdraw survey parties from the field about October 10. Major Crysdale arrived here with Mr. Burden, and is opening offices, where his staff will compile the data gathered by the survey during the winter.

Following the explosion of the lamp, a quantity of percussion caps blew up and Seel, already burned, was hurled twenty feet by the explosion. After sustaining the burns, Mr. Seel rowed all night for a distance of nine miles to his home down Ootsa Lake which he reached in a semi-delirious condition.

Ancient Wars Are Commemorated

Tablet Unveiled at Annapolis in Memory of New England Raids Against Port Royal

ANNAPOLIS ROYAL, N.S., Sept. 27.—Another handsome tablet was added recently to the collection at Fort Anne Park, when Major Howard Pell, Governor General of the General Society of Colonial Wars in the United States, unveiled and formally presented one, commemorating two successful expeditions against Port Royal from New England. The tablet is of bronze, bearing in relief, the reproduction of the Seal and Badge of the Society, the arms of Nova Scotia, and the Seals of Contributing State Societies—Massachusetts, Connecticut, New Hampshire and Rhode Island. The inscription, also in relief, is as follows: "1654-1710. In commemoration of the captures of Port Royal by New England expeditions under Maj. Robert Sedgewick, 1654, and Col. Francis Nichol-

son, 1710. In this second expedition Colonel Samuel Vetch was Adjutant General. There were 31 transports, four ships of 60 guns each, two of 40 guns, one of 36 guns and two bomb galleys. The land forces were one regiment of marines, Col. Robert Reading, two regiments from Massachusetts under Col. Sir Charles Hobby and Col. William Taylor, Col. Shadrock Walton's New Hampshire Regiment. The Grenadiers were led by Captain Paul Mascarene. Erected A. D. 1930 by the General Society of Colonial Wars in the United States."

The unveiling took place at the Town Hall. Lieutenant - Governor Tory was unable to attend and sent regrets, and the Provincial Government was represented by Hon. Dr. G. H. Murphy of Halifax. The Nova Scotia Historical Society was represented by Archdeacon Vroom; Mount Allison University by Rev. J. G. Hookin; Acadia University by Dr. J. H. MacDonald; Historical Association by the vice-president, Mrs. J. W. Thompson and Port Anne Chapter, I. O. O. F. by the Regent, Mrs. W. R. Smith. Mrs.

F. A. Richardson of Cambridge, translator of Les Carbot's drama, and promoter of the scheme to restore Champlain's Habitation, was also present, and Major Pell was accompanied by members of the different societies.

The Union Jack and Stars and Stripes were used to drape the platform and the one used for the unveiling was a "Union Flag" under which the Colonial Troops served. L. M. Fortier, Superintendent of Fort Anne Park, thanked the Society, as represented by Major Pell, for their valuable gift. Major Pell then took charge of the meeting and in his remarks, stated that the bronze used in the tablet was part of an old cannon, taken from Louisburg Harbor 35 years ago. He then called on Prof. Hadam, representing the State of Connecticut; Mr. Sharpe, representing Rhode Island; Col. Louis Chene, representing New Hampshire, and Hon. Dr. Murphy and Ven. Archdeacon Vroom, who each gave addresses.

Do You Play Bridge ??

THE chap who overbids his hand always loses in the long run. No person can continually bid what he hasn't got and make it.

Business in one way is something like a game of bridge . . . with merchants and manufacturers playing for your patronage. You want furniture and breakfast foods, books and clothes, radios, cigarettes and toys, groceries, fruits, vegetables, etc.—they want to sell you theirs. They bid with advertising.

The merchant who advertises an unworthy product can't win. He is simply inducing more people to find out in a shorter time how poor it is. He is overbidding his hand, and is bound to get set. Losing is too costly . . . depend upon it, products that are advertised must be good!

The advertisements in this newspaper are guides to the finest merchandise of every sort, merchandise carefully and faithfully made, of certain, honest value. You can trust the manufacturers who write them.

It pays to read the advertisements. They are bids backed by products that can compete in the open . . . and win.

## SPORT CHAT

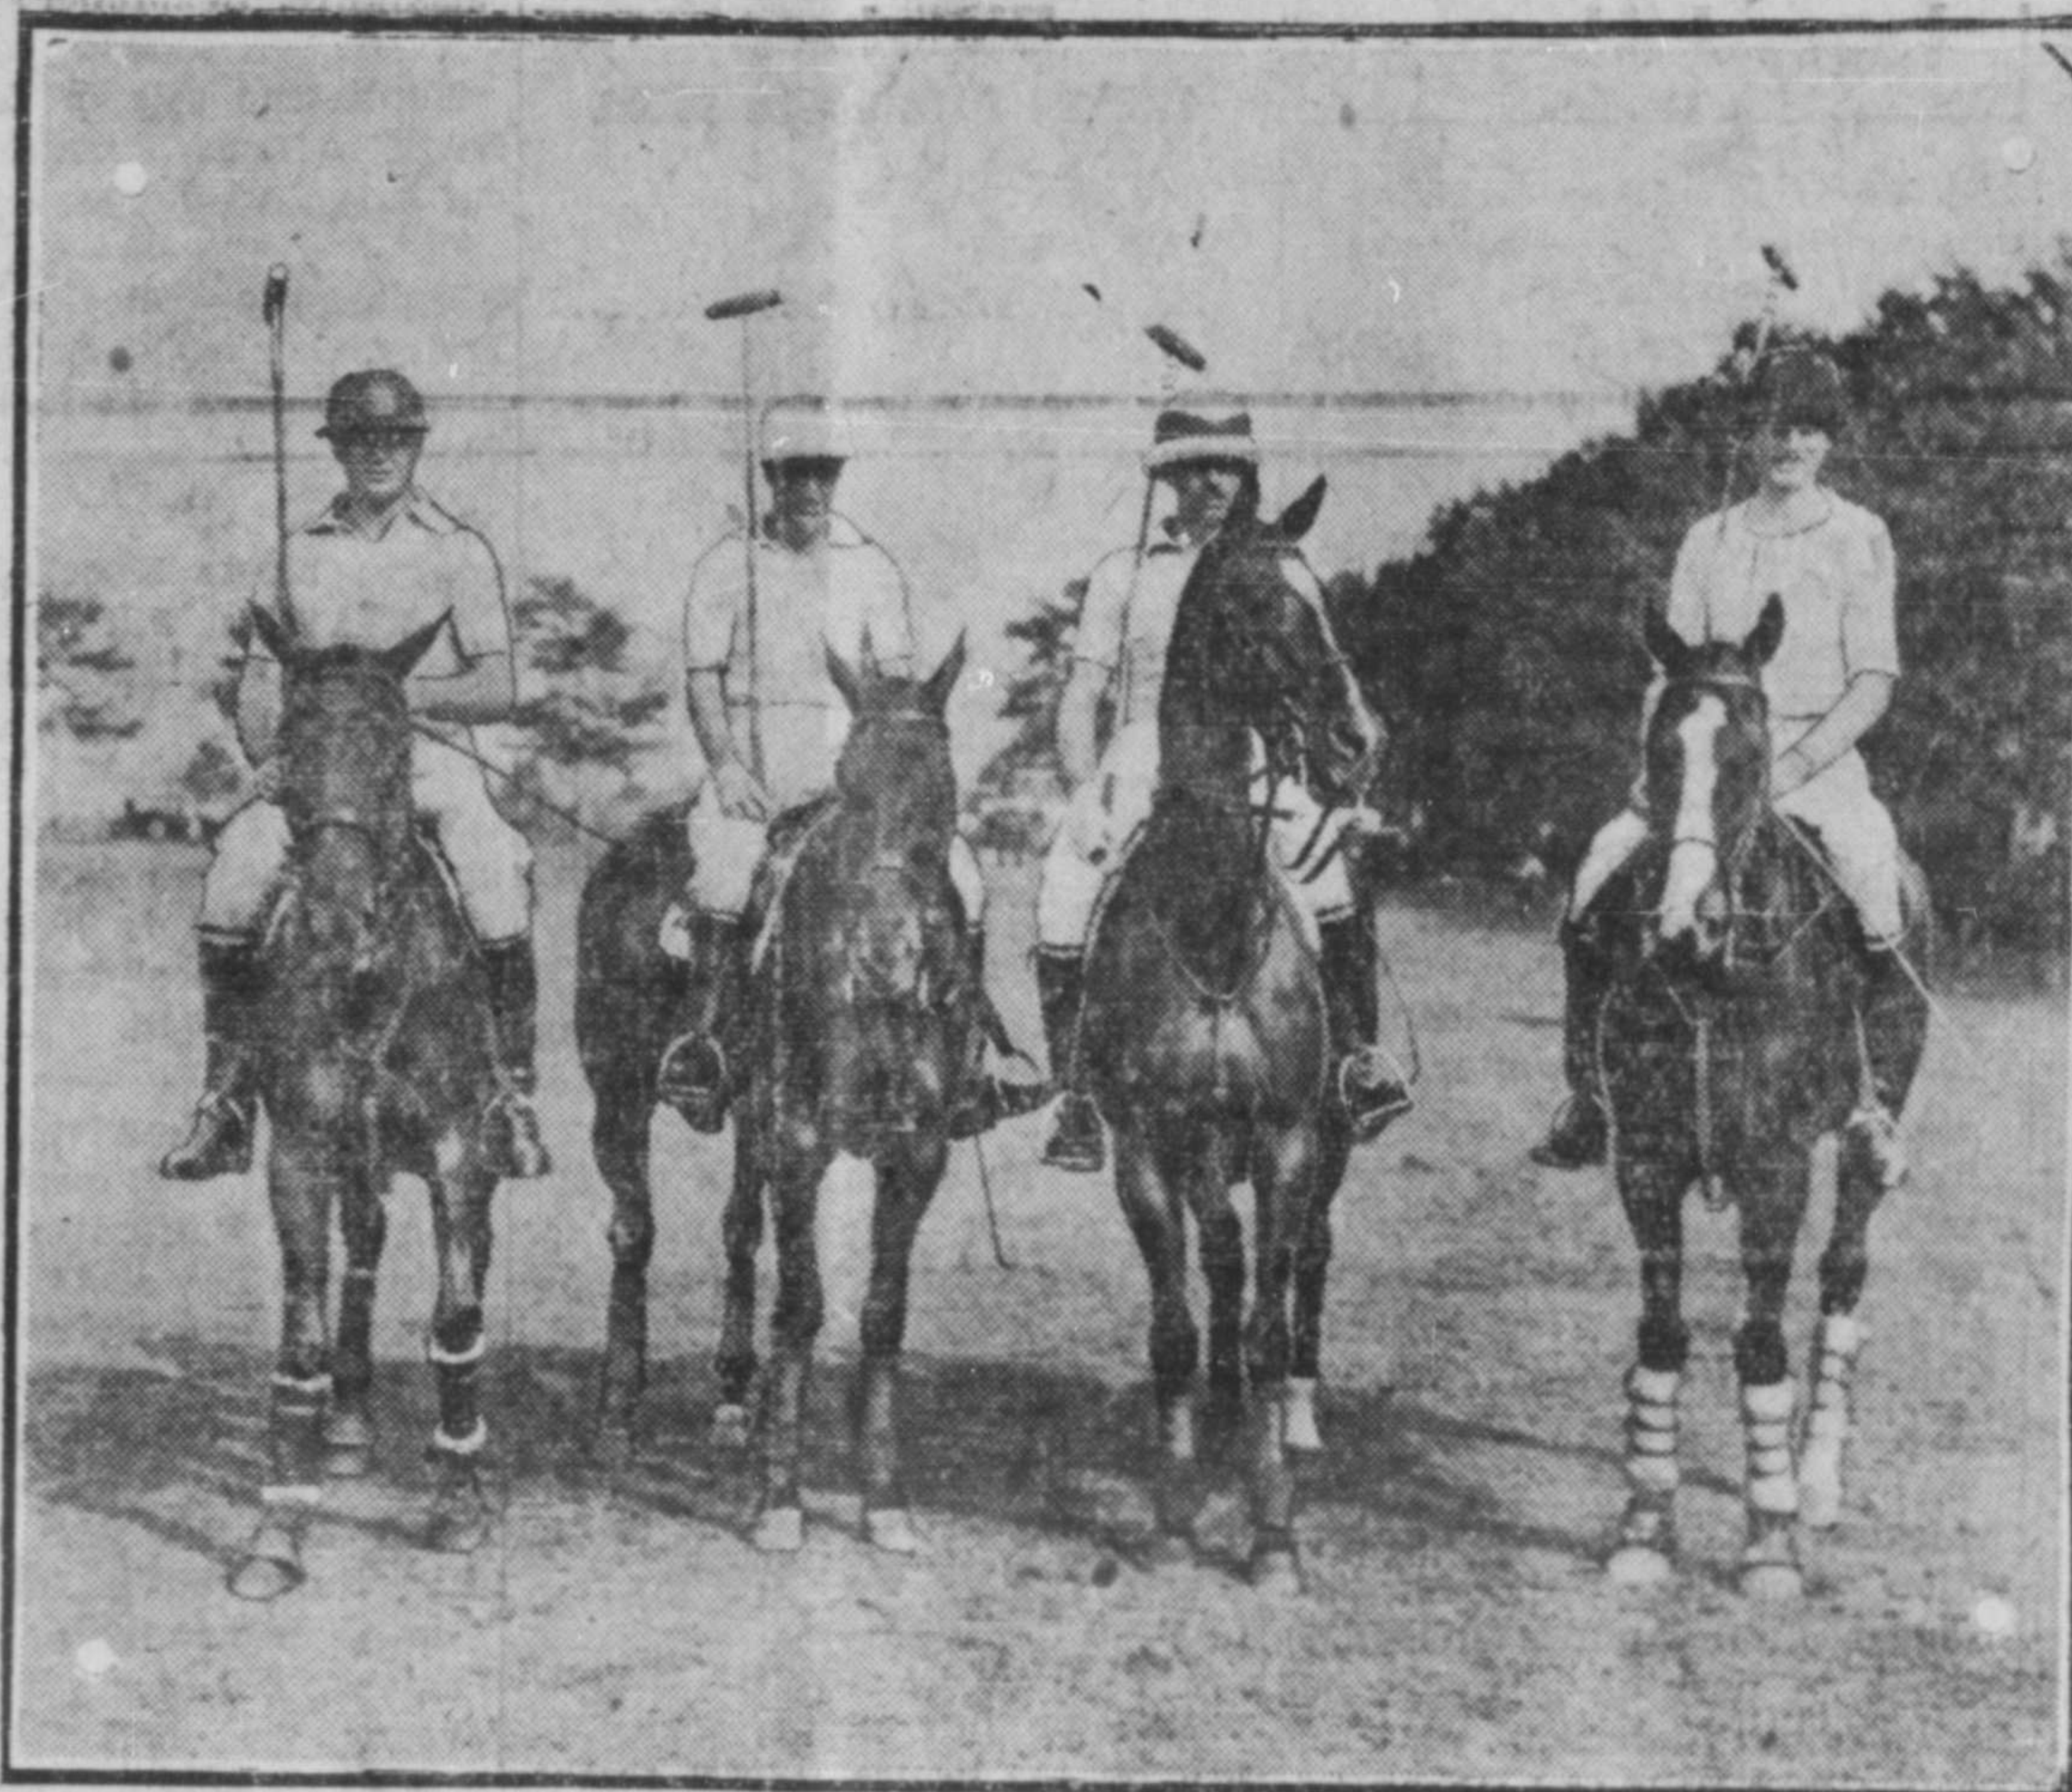

Efforts are being made to secure the schooner Halgonian, commanded by Capt. Moyle Crouse, as an entry for the fishing schooner race that is scheduled to take place off Lunenburg, N.S., on the first of October during the Fisheries Exhibition and Fishermen's Re-union. This schooner competed with the Bluenose in a Provincial race off Halifax some years ago, and is considered a fast saller. The entry, along with two others already secured, the Margaret K. Smith, Captain Frank Whynacht, and the Alsatian, Captain Harold Corkum, should make the event one of unusual interest. The Margaret K. Smith, a smart contender, won the race last year over the Leah Beryl and Shirley B. Corkum, two newly launched and untried vessels. The prizes offered are: First prize, \$375; second, \$325; third, \$300; fourth, \$250. The Arras, Captain Birkhouse, will officiate as committee boat.

"I hope to play one more season for Surrey—possibly two," said Jack Hobs, the English cricketer, in a radio broadcast recently. "After that," he continued, "I am not quite sure. Several attractive coaching jobs have been put up to me. I don't fancy the idea, though, very much. I don't expect that I shall ever be able to break away from the game entirely. But I do not grumble. I have had a good innings. Of late years Test Cricket has taken a lot out of me. I actually started off this season not wanting to play, but I was persuaded to start again." He was not very hopeful of England's chances in Australia in 1952, when Australia should be stronger, for besides their present fine young men they have several others coming along.

### HAPSBURGS MAY RULE

(Continued from page one)

citizens realize how much they owe to his moderation and indefatigable service for the country's good. His order that the birth-centenary of the Emperor Francis - Joseph should be celebrated in all the churches, and his mention of the Emperor as a great King of Hungary and as an example of dutifulness to young Hungarian officers, has done much to soothe the ruffled feelings of those who remain loyal to the Hapsburg tradition.

"Cardinal Bourne's pronouncement to the 'Magyarsag' with regard to the question of the Hungarian throne has been much commented in political circles. Considering the question as a private person Cardinal Bourne declared that Hungary would only be following its political tradition if it retained the monarchist form of state. In the Cardinal's opinion only the monarchist form gives stability, and in spite of the fact that English politics differ from the Hungarian, England has not possessed a King since the Dominion of Canada and Australia would have long since fallen away.

"The general mobilization of the police on the afternoon of St. Stephen's Day has received much criticism from the press. The precautions against the ex-Queen and Prince Otto effecting an entrance into the country appear to have resulted only in the detention of a widow and her son, who were able to prove they were ordinary people on their way to a funeral."

## HINTS FOR GARDENERS

### BULBS

Probably the most appreciated flowers of the whole year are those that come a few days after the snow disappears. It is a simple matter to have a bountiful supply of these even in the colder district of Canada, but gardeners should get busy immediately as this is the last call for tulips and other fall-planted bulbs. The snowdrops and crocuses will bloom first, and are quickly followed by hyacinths. Next will come the early tulips and later on the larger and more beautiful Cottage, Darwin and Breeder tulips.

If one is careful in ordering to secure a supply of early, medium and late varieties, a succession of brilliant bloom from the tulips can be obtained from early spring until well on in June when annuals and perennial flowers will begin to blossom out. The bigger the bulb, the bigger the bloom, so it is important to get the very best stock.

All fall bulbs should go in as soon as possible in order to develop a root system before the ground freezes up. Where warm spells are liable to arrive during the late winter, it is well to provide some protection so that the bulbs will not come along too early and be nipped back by later very cold weather.

was given to the securing of medicines.

Defying road problems, six loads of medicines, accompanied by an offering of \$1,800 was dispatched to the Communists, curiously enough reaching the camp at the close of a battle. With gratitude the Reds, with a total of 300 wounded men, accepted the medicine, setting a value of \$7,000 on the stock. Still the release of the missionaries was not granted. A slip of paper signed by General Peng, and which was displayed by Rev. Mr. Lewis as an exhibit, failed to secure the freedom of Mr. and Mrs. Porteous. Redoubled efforts and an unceasing battle on the part of the workers of the mission, the Chinese Christians and a world of Christians paying the writing of letters by General Peng recommending release, the sending of more medicine to the Communist corps. Then eventually the issuing of the order for the release of the missionaries.

There was tense silence in the church at the time as Rev. Mr. Lewis held up a slip of paper bearing Chinese characters—the signed order that had given Mr. and Mrs. Porteous release from their terrible captivity. Emaciated and weak and unable to even stand, the missionaries faced a gigantic problem in trying to journey back to the mission station. This difficulty had, however, been foreseen by the mission leaders and the medicines had been transported in sedan chairs. Overcoming the rule of the Communist which barred travel by sedan chairs the released missionaries were carried back to their station in the chairs thus provided.

Constantly while in captivity they lived under the shadow of possible death, but the journey home to the mission station was one fraught with deadly perils. Intense were their sufferings during their captivity, crowded with common prisoners into small quarters; compelled to travel by foot, roads that were dangerous even to the bringands and high and steep.

Through the gloom of the dark story told so dramatically by Rev. Mr. Lewis there ran threads of silver as he related incidents of kindnesses shown to the missionaries in captivity by some of the brigands. Although responsible to a large extent for the negotiations which finally led to the release of the missionaries, Rev. Mr. Lewis modestly told the narrative with the charm of self-effacement.

"The story told tonight by Rev. Mr. Lewis is a wonderful new answer to prayer," declared Dr. Robert Glover, who presided.

eral survey district with headquarters in Hazelton, arrived in the city on the Carvena last night after a trip to departmental headquarters in Victoria and proceeded to the interior by train today.

M. S. Blaiklock, assistant chief engineer, Canadian National Railways, Montreal, and Mrs. Blaiklock, in the course of a trip to the Pacific Coast, arrived in the city from Vancouver on the Prince Rupert this afternoon and proceeded east in a special car attached to the regular train.

## District News PRINCE GEORGE

The bridge across the Nechako River, forming a part of the Summit Lake road has been condemned by A. L. Carruthers, bridge engineer of the public works department, and closed to traffic pending the making of repairs. It is reported that arrangements will be made to commence work this winter on a high level bridge with concrete piers and timber trusses.

At the request of the provincial public works department, the city council has designated Third Avenue from Patricia to Vancouver Streets as an arterial highway under the Highway Act. The provincial government, under new legislation, assists the municipalities in the building and maintenance of arterial highways. A start may soon be made on the paving of Third Avenue if the government accepts it as an arterial highway.

Negotiations have been just about completed whereby a five-year agreement will be signed between the Canadian National Railways and the City of Prince George for the supply of power by the lat-

posed agreement, the railway would pay the city a sum of \$4,250 annually.

The local city council has previously refused endorsement resolution from Nanaimo on penalties on unpaid taxes raised from 15% to 5%.

Grading is proceeding on the section of the Cariboo from Alsea Lake to Grouse. A considerable part of it will be paved with gravel before the end of the season.

Alfred F. Adams, an entrepreneur from Chicago, had the distinction of taking the largest trout in Stuart Lake this season. His fish weighed 15 pounds 10 ounces and took 35 minutes to land.

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sour. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention.

less alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.  
Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

### LUTHERAN BOAT HERE

Third Church to Give Marine Mission Service in Northern British Columbia

The North Pacific and Alaska Coast Lutheran Boat Mission is being organized in Bellingham, Wash., to give ecclesiastical service to fishermen and others residing on the Northern British Columbia coast. Prince Rupert will be the headquarters of the Mission and a boat is about to be built to travel as far south as Alert Bay and as far north along the Alaska Coast as fishermen operate, and carry the Gospel message. The Queen Charlotte Islands will also be visited.

The boat, which is now under construction in Seattle, will be 54 feet six inches long and will be modern and up-to-date in every respect. It will carry two men and two women. Rev. P. M. Fosse, now in Bellingham, who has been a fisherman from boyhood, will be in charge of the boat. With him will be Mrs. Fosse and Mr. and Mrs. Paul Olsen of Bella Coola.

The president of the Mission is Rev. T. J. Moen of Bellingham. Paul Olsen is the vice-president, and Rev. P. M. Fosse is secretary. John Eng of Seattle is treasurer.

Mr. Fosse is now leaving for the east to make arrangements for the necessary finances. He has already been promised a considerable sum of money. Mr. Fosse is expected here in the near future.

The boat will be in operation in the spring. It will be named "Ebenzer."

The new boat is of cruiser type specially designed for such work. It has been in successful operation on the coast of Norway for many years.

Whale Catch on Islands Is Large—Ketchikan Awaiting Construction of Boat Harbor—Halibut Landings

The total catch of whales for the season of the Rose Harbor and Naden Harbor stations of the Consolidated Whaling Corporations, according to the latest reports, amounted to 242 mammals. Rose Harbor boats had taken 49 sperms, 41 finbacks and seven humpbacks, while Naden Harbor had captured 42 sperms, eight sulphur bottoms, seven finbacks, one humpback and eight seis. The record for the highest catch up to the last report was held by the whaler White with 51 whales, operating out of Rose Harbor, while the William Grant, plying out of Naden Harbor, had taken 38 mammals.

Prices paid for halibut in Seattle during August were considerably below those paid last year in the same month and the catch was slightly higher. With 149 trips represented in the August report, halibut receipts in Seattle this year totalled 1,652,450 pounds for which \$156,569 was paid. In August of last year with 109 trips, the receipts totalled 1,546,950 pounds with a value of \$222,424.

The fate of the four American fishing vessels, the May, Queen City, Tillie M. and Sunrise, which were seized off the Queen Charlotte Islands in June, is now in the hands of the presiding judge of the Admiralty Court, Mr. Justice Archer Martin. At the conclusion of argument by counsel, after a trial at Victoria lasting ten days, the judge reserved his decision. The hearing of the international case attracted widespread interest on both sides of the border. The evidence of navigating experts was heard relative to the position of the fishing boats when seized by the patrol steamer Rivids, and at times the court resembled a ship's chart room with charts and marine paraphernalia scattered about the tables in the chamber. William Savage, counsel for the owners of the four vessels, fought the case strenuously on the grounds that the boats were merely seeking shelter from stress of weather. J. W. deB. Farris, K.C., of Vancouver, counsel pressing the

case in the interest of the Canadian government, argued on the definition of "necessity" in the case of craft seeking shelter within the three-mile limit, that such necessity must be based on urgent distress. Mr. Farris said that if the decision of the court were that the boats should be confiscated, the Dominion government, having secured the decision of the court on principle, might review the case and give consideration to the fishermen in their forfeiture.

**Halibutting Again**  
Capt. Jim Byrne, who moved to the West Coast of Vancouver Island a year or so ago to engage exclusively in pilchard packing and fishing, is again trying his luck halibutting with his well known boat Yule. He has not yet been here but may possibly be in port to renew old acquaintances before the season ends.

Sealy Lake, near Hazelton is reported to have been yielding some excellent fishing for visiting anglers. The steelhead fishing in the Kispox River is just beginning to be good and the fishing is practically all fly fishing.

Claude Kirkendall, Charlie Starr and Doc Alexander were among the successful hunters at the end of last week. Making the trip on the first mentioned's Polly Ann, they returned with two deer.

The Dolly Varden Trout, as it is commonly called is a funny mixture. It is cursed by many fishermen, and loved by others. It is a sporting kind of a brute, because it will take when nothing else will give the angler sport. On the other hand it has very nasty habits. It is the most predatory fish that swims. It does more damage to the good fish than anything else. It gorges itself on salmon eggs and small fry, and chases the spawning fish up the creeks and as fast as they lay their spawn gorges itself. On the other hand its voracious qualities make it a wonderful feeder and gives the angler great sport. It is not what might be termed a great fighter, as it does most of its fighting below the water, and after a few, and very few rushes, it gives up the fight. It amuses itself generally by trying to shake the hook out of its mouth on the bottom. From an eating point of view it is considered to be the

Ketchikan, where more salmon is packed than any other city in the world, awaits with impatience announcement of Federal engineers that construction soon would start on the Thomas Basin project, which will provide a harbor for the many boats used in catching the fish. Now the boats are forced to seek other havens after salmon have been unloaded at the canneries. The recently passed U. S. Rivers and Harbors Bill, carrying appropriations of \$145,000,000, provided \$272,000 for the Ketchikan work. Work is to be started at such times as funds are available. The project has been approved by the engineers and it was expected that development would be started in the near future. Approval of the harbor and appropriation of the funds ended a long fight on the part of the people of that city. Thomas Basin was the site of the first buildings in Ketchikan. Boats could approach only at high tide, the basin being a tide-flat. The main part of the city now has shifted to the north. Countless numbers of halibut boats working in adjacent waters also have been forced to seek other harbors, due to lack of facilities in Ketchikan.

**Halibut Landings**  
Halibut landings at the port of Prince Rupert for the week of September 20-26 inclusive totalled 794,800 pounds, of which 119,500 pound was Canadian fish and 675,300 pounds American, bringing the total for the season up to 19,791,300 pounds consisting of 5,728,500 pounds Canadian and 14,062,800 pounds American fish.  
Prices during the week were not as high as those prevailing in the week previous but, despite this, were generally satisfactory. The high price of the week for American fish was 16.7c and 6c which the Restitution received for 5,000 pounds and the low 8c and 4c which several boats were paid. The top bid of the week for Canadian fish was 14.7c and 6c paid the Royal III and Cape Spencer for catches of 4,000 and 6,000 pounds respectively and the low 7.5c and 6c which was received by Viking I for 8,500 pounds.
