PREMIER CLOSSES WESTERN CAMPAIGN

Government For Years Has Not Given Money To Bring Immigrants

Prime Minister Given Fine Reception In Winnipeg and Audience Is Particularly Enthusiastic About Plans For Unemployment Relief

WINNIPEG, July 16:—The Dominion government has not for years contributed a single dollar towards bringing foreign immigrants into Canada, Rt. Hon. W. L. Mackenzie King, Prime Minister, told a large audience here last night. He made the statement in answer to a question asked from the audience when he was dealing with the subject of unemployment. The Premier said that some foreign immigrants had come in under railway agreements, "but last April we informed the railway companies that they must stop recruiting and bringing in foreign immigrants and they know that that is to be the policy of the government."

The meeting was the final one which the Premier will hold in the prairie provinces in the course of his election campaign tour. It was an enthusiastic gathering and the Premier met with applause when he declared that the government would give "dollar for dollar" to provinces and municipalities which would start a program of construction to meet the unemployment situation. He repeated and emphasized his statement that the federal government was willing to assist any provincial government which reported that unemployment was too great for it to meet.

DEATH IS NATURAL

Finding of Coroner's Physician in Connection With Demise of George Green

VANCOUVER, July 16:—Dr. A. W. Hunter, coroner's physician, following an autopsy, yesterday reported that the death of George W. Green, manager of the Dustbane Products Co., who was to have appeared before the select committee of the city council investigating school board affairs, had been due to natural causes.

POLITICAL BATTLE ON

Ontario and Saskatchewan Governments Taking Active Part In Campaign

OTTAWA, July 16:—Ontario and Saskatchewan are to see the climax of the election campaign. In both key provinces, the provincial Conservative administrations are now in the battle. For weeks Premier Ferguson of Ontario has been in bitter attack on the government and last night Premier Anderson of Saskatchewan announced his intention to bring his reinforcements into the fray.

Stewart Favor Swings Toward Hanson; Baxter Fails to Offset Impression Made By Pattullo

STEWART, July 16:—With the approach of July 28, interest in the impending election is fast reaching fever heat in Stewart and, as a topic for street-corner conversation, the respective merits of Messrs. Hanson and Brady have ousted every other question of the day. Even mining development and the projected Peace River outlet, which mean so much in the workaday life of Stewart, have been relegated to the background, and one can no more raise a discussion on these two topics than he can upon the pursuit of astronomy by the ancients or what have you.

To the interested, yet unbiased, observer, it is a curious fact that about a month ago it was conceded, absolutely by the Conservatives and reluctantly by the Liberals, that Mr. Brady would be returned, but now the situation seems to be reversed. Liberals are now enthusiastic in their assertions that Olof Hanson will be Skeena's next member, and, though the Conservatives are maintaining a stoic front in favor of Mr. Brady, yet it cannot be denied that they are worried.

Messrs. Pattullo and Pearson did much to advance the Liberal cause in Stewart when they visited here two weeks ago, and, though the Conservatives sought to recover lost ground by sending in T. S. Baxter, it must be admitted that Mr. Baxter did not secure the desired results. True, he made a neat speech and was given every attention by a fairly large audience, but the enthusiasm was lacking and no-one was particularly swung to the Tory cause by the maze of figures in which Mr. Baxter lost his audience and himself both. Anyone can quote statistics, and Stewart electors know it.

The big factor in the sudden swing to the Liberal candidate is, however, not attributable to any local cause but to the reports in-

coming from other sections of the riding which seem to favor Mr. Hanson in nearly all cases. No very favorable reports for Mr. Brady have come to hand, and the inference is that the Conservative machine is either broken or they have no such favorable reports to make.

NATURAL CAUSES

Following a post-mortem examination conducted by a physician, Coroner C. L. Monroe decided, in holding an inquiry yesterday afternoon, that the death of Joseph Bussinger, whose body was found on Monday near McClymont Park, had been due to natural causes.

RIOTING TOLD TO BE SERIOUS

LONDON, July 16:—Calcutta dispatches to the Daily Mail today reported that rioting between Moslems and Hindus in Eastern Bengal has assumed a very serious aspect, over one hundred and fifty square miles, and the police are being rushed to Mymensingh and Kishorganj.

STEWARDS OFF HOME

Prince Henry Waiters Ordered Back to England Because Canadians are Available for Jobs

VANCOUVER, July 16:—Because the positions could be fulfilled by unemployed Canadians, a crew of twenty-two waiters were returned to England last week off the new Canadian National steamer Prince Henry on order of the immigration department.

The entire party voiced rigorous protests, claiming that they had had been engaged for two years' employment but the immigration department was adamant.

The same ruling will apply to stewards arriving on the second new ship, the Prince David, in August.

OFFICIAL SUSPENDED

John Morton, Scavenging Superintendent, Relieved of Duties Pending Completion of Probe

VANCOUVER, July 16:—John Morton, superintendent of the city scavenging department, has been suspended pending completion of the civic probe into his department. Mayor W. H. Malkin announced that the auditors had reported no money shortages had been discovered in the audit of school board books.

B. C. Silver Property Now Ready For Mill Engineer Banks Says

Believed That Mill and Plant of Dunwell May Be Purchased—No Agreement With Premier

STEWART, July 16:—In his annual report to the shareholders of the Selukwe Gold Mining & Finance Co., C. A. Banks, consulting engineer for the company's British Columbia holdings, asserted that development at the B. C. Silver had now reached a stage where the installation of a 100-ton mill was warranted.

Rumor now has it that Mr. Banks' recommendation is about to be acted upon, and it is thought here that the B. C. Silver might purchase the mill and plant of the Dunwell Mining Co. At any rate it is reported that local officials of the B. C. Silver have been looking over the Dunwell mill.

Mr. Banks is expected in Stewart within a short while and possibly no plans will be announced until then. Local sentiment seems to favor B. C. Silver mining and milling their own ore rather than coming to an agreement with the Premier Gold Mining Co., which was the alternative suggested by Mr. Banks.

WILL SEND DELEGATION

British Columbia Hopes to Win British Lumber Business

VICTORIA, July 16:—British Columbia will send a lumber delegation to Great Britain shortly if plans discussed here between the provincial government and E. M. H. Lloyd, representative of the Empire Marketing Board, materialize.

Hon. N. S. Lougheed, minister of public works, asked Mr. Lloyd if a lumber delegation could secure worthwhile results in Great Britain. Mr. Lloyd replied that it should be able to do a great deal of good in promoting the sale of British Columbia timber products generally.

FRAUDS ON INSURANCE

NEW YORK, July 16:—Employees of the Metropolitan Insurance Co. were arrested here when it was disclosed that the insurance company had been defrauded of about \$1,000,000 on false death claims. Twenty-seven 'corpses' appeared to testify that they had not known that they were 'dead.'

The Political Corner

Vol. 1. Wednesday, July 16, 1930 No. 30.

The Dunning Budget

"The Toronto Globe" says editorially that the Dunning budget is easily the most important issue on which the people of this country have ever been called to make pronouncement. It says:

"It was offered and promoted as a business policy for Canada 'for it ties the Dominion up with the greatest potential market the world has ever seen, a market which will remain friendly, if properly cultivated, regardless of the political winds which blow the 'tariff fences of foreign nations hither and thither.

"Having incorporated it in the budget, Premier King is able 'to point to profitable results. Bermuda has reciprocated. The 'British West Indies are preparing to open their doors wider to Canadian products. Sentiment throughout the British Empire, and 'especially in Great Britain, has turned definitely in the same direction."

"Canada can get her imported commodities from Empire countries on a fair trading basis. It should be her set aim to do so, to 'cultivate them accordingly, to pursue a steady course in this direction. There is enough business available within the Empire to 'bring prosperity and contentment to all British countries for generations to come.

"If the people of Canada have faith in the Empire and its possibilities they cannot do otherwise than support the budget and 'select its sponsors as their representatives at London. This is the 'great issue before them. It is a tremendous issue, worthy of careful weighing on its business and economic merits. It can and 'should be considered apart from sectional or partisan interests, for 'it is bigger than any section or any partisan issue."

Since the "Globe" published the above, Australia too has followed the lead of Canada and the above mentioned sections of the Empire in granting similar preferences to other parts of the British Empire. And now we have all the bankers and financiers in the Old Country uniting in a manifesto to all the political parties in England urging that Imperial preferential trade is the only salvation for Great Britain.

LOW PRICES ATTRACTIVE

The low prices now being charged in Prince Rupert stores for all kinds of merchandise make this city particularly attractive as a shopping centre. This will doubtless have an effect on the fall fair as many people will come to the city to do some business as well as to take in the big annual event.

Visitors to the city from the south recently have been struck with the low prices of men's wear as compared with other cities. It is declared that no such values are seen in the big cities where rents are high and all other costs of doing business equally heavy.

For the fair there will be special excursion rates on the railway as far east as Prince George and this too should prove an attraction.

TRADE WITH ORIENT

It was stated at the Chamber of Commerce dinner Monday night that the wheat trade with the Orient was likely

to increase soon and that officials of the Wheat Pool were looking for increased business through Prince Rupert. That is good news. It seems as if all eyes are beginning to focus occasionally on Prince Rupert and that the city is bound to get some good from the publicity among those in a position to help. One of the visitors who spoke at the dinner was a director of two milling companies and he was in a position to know better than anyone in regard to the future of the business.

FIRST VISIT HERE

Several of the prominent Vancouver and Winnipeg men who have been here this week have been making their first visits to the city. Some of them were much pleased with what they saw here and all were keen to express themselves in regard to the future of the port.

Apparently outsiders see great things for Prince Rupert and most of the people who live here are beginning to think some of the prophecies are true. The city is undoubtedly on the up-grade and with all the united effort we can muster we should succeed.

In this connection we suggest to politicians on both sides that they carry on in such a way that we can all live together after the election not only in amity but in unity after the campaign is over.

WILL BE RETURNED

Recent visitors to Prince Rupert all seem agreed that the Mackenzie King Government will be returned to power on the twenty-eighth and that it will have a working majority in Parliament. In view of that, Prince Rupert can best serve her own interests by adding one to that majority and at the same time elect a man well suited to represent the huge district. Olof Hanson is the man. We believe he will be the choice of the people of Skeena riding.

Plane Skagway Visits Stewart

Washington-Airways Machine Carried Passengers From Hyder to Ketchikan

STEWART, July 16:—About 11 o'clock Monday morning residents of the district were startled by the appearance of a seaplane which suddenly appeared out of a grey sky did a few stunt turns and side-

slips, and finally came to rest on the water opposite the Hyder dock. The plane was the Skagway, owned and operated by the Alaska-Washington Airways, with Robin O'Ranahan as pilot and Frank Wadman as mechanic and had flown over from Ketchikan.

No passengers were brought here, but on the return trip to Ketchikan the plane carried Dr. W. E. Peterson, Ketchikan dentist; Jas. Freeburn, mining engineer; and Miss Frances Sandford, daughter of the editor of the Hyder Herald.

Man in the Moon

There are two kinds of people who go up in the air, aviators and politicians.

There was a car wreck the other day. The nut at the wheel was too tight.

There was a peal of thunder last Sunday and it seems that a lot of local people thought it was Mr Bennett blasting his way through o foreign markets.

Ocean Falls Liberals are sending money to Prince Rupert to bet on Hanson because there are no takers in the paper town. Pretty soon he local market for the same will be completely saturated.

Some days Prince Rupert is so quiet the only stirring event is the wetening of the afternoon tea.

There are several people around town whose sins never find them out and whose creditors never find them in.

"Dorothy," said her mother, "you have disobeyed me by racing around and making all sorts of noise. For that you shan't have that piece of candy I was saving for you."

A few minutes later, when father came in, he was surprised to find Dorothy huddled in a corner.

"What's the matter, little one?" he demanded.

"I've been fined for speeding," sobbed Dorothy.

Mary had a little lamb,

A regular go-getter,

But it wandered into the stock market

And now it needs a sweater.

WELL KNOWN PHYSICIANS WILL MEET

Virtually Every Portion of Empire to be Represented at Winnipeg in August

WINNIPEG, July 16—Impressive names are listed on the early scroll of members who will attend the 98th annual meeting of members who will attend the 98th annual meeting of the British Medical Association, to be held in Winnipeg in late August. Virtually every portion of the Empire will contribute to the galaxy of talent, though England is most generous in its representation.

Among those who will be present at the session is Sir Farquhar Buzzard, Bart., K.C.V.O., M.D., F.R.C.P., physician extraordinary to King George, Sir Farquhar was especially prominent during his Majesty's illness some 18 months ago. He is regius professor of physics at Oxford.

Lady Barrett, C. H., M.D., M.S., a distinguished figure in obstetrics as well as in the social world, has expressed intention of coming to the meeting at Winnipeg, she holds the eminent position of consulting obstetric surgeon at the Royal Free Hospital, London.

Distinguished in medico-political work of the British Medical Association is Dr. H. B. Brackenbury present chairman of the council. His knowledge of the operation of various Insurance Acts is regarded as unrivalled. Sir Hubert Bond, K.C.B., M.D., F. R.C.P., who is commissioner of the board of control is prominent for his treatment of mental disorders. At Middlesex Hospital, London, he is emeritus in psychiatry.

In Dr. and Mrs. N. Bishop Harman, the sessions will find two of the best-known members of the association. Dr. Harman, who is

treasurer of the body, is ophthalmic surgeon at West London Hospital. His wife, also a member of the profession, is daughter of Arthur Chamberlain of Birmingham.

Lord Moynihan of Leeds, distinguished surgeon from the Leeds School, is another distinguished physician who will attend. President of the Royal College of Surgeons, England, and president of the section of surgery of the 1930 B.M.A. meeting, his appearance will be looked for with marked attention.

The meeting will be the third in Canada for Dr. Robert Hutchison, physician to the London Hospital. Acknowledged authority dietetics and pediatrics. Dr. Hutchison was present as a section officer at the 1897 and 1906 gatherings, the only other occasions on which the British body has met in Canada.

Sir Squire Sprigge, M.D., F.R.C.P., editor of "The Lancet"; Sir P. James Purves Stewart, K.C.M.G., C.B., lecturer in clinical medicine at Westminster Hospital; Sir Richard Luce, K.C.M.G., C.B., M.B., F.R.C.P., member of the central council of the British Medical Association—these are but a few of the outstanding London medical men who will be in attendance.

Among the more prominent Irish doctors who have made reservations for the conference are Sir William Taylor, K.B.E., C.B., regius professor of surgery at Dublin University, and Sir William Wheeler, past president of the Royal College of Surgeons, Ireland.

George E. Kidd, Stanley Burke and J. P. D. Malkin of Vancouver and A. T. Williamson of Winnipeg, directors of the B. C. Packers, after an inspection visit to company canneries on the Skeena River, sailed by the Catala yesterday afternoon on their return to Vancouver, accompanied by Richard Gosse, general manager of the association. Dr. Harman, who is

Summer COLDS

Quick Relief from any Cold, Sore Throat, Headache or Other Pain

DON'T treat a "slight cold" lightly! The discomfort of a summer cold can easily develop into dangerous illness if neglected. A tablet or two of Aspirin will check a cold as quickly as it came. And you will get immediate relief from the headache that goes with it. If there's a sore throat, too, crush 2 tablets in 4 tablepoons of water, and gargle. Those who have learned the true value of Aspirin are never without it in any season of the year. It's always ready to relieve headaches, neuritis, neuralgia, and a long list of aches and pains; see proven directions in each package. Aspirin does not depress the heart or upset the stomach. Druggists everywhere have it.

NATIVE SONS ARE LEADING IN BASEBALL

Displaced Elks at Top of Heap in City Baseball League By 9-6 Win Last Evening

LAMBIE HITS HOMER

Native Sons of Canada went into first place in the City Baseball League as a result of their win last evening over the Elks by a score of 9-6. There remains one more game to be played to complete the first half of the season for the Orme Cup, and that will be played on Thursday between Centrals and Native Sons. In case the Native Sons win, they will head the league for the first half. If the Centrals come out on the long end of the score, however, a three-cornered tie will result, all teams winning and losing four games. In that case a sudden death play-off will be commenced on Sunday.

Lambie was on the mound for Native Sons and allowed seven hits while he struck out eight batters. Skinner started for the Lodge Men but failed to get past the second inning when he hit two men, walked one and allowed two singles the first one hitting a rock in front of Alex Mitchell and bouncing away over his head. Alex Mitchell went into the box in the third for the losers and was touched for eight hits in the four innings he worked.

In the first inning with the score standing one to nil against him, Lambie slammed one through left field fence to drive in Bill Mitchell ahead of him. He hit safely three times in three trips to bat. Wendle made a three-bagger in the fourth. George Arsenau, for the Elks, made a two-bagger and a triple in four times up, while Alex Mitchell slammed out a brace of doubles in four times at bat. Howe and Smith both collected two singles in four times at bat.

In the sixth, Arsenau made a nice catch on Stalker's drive to left and caught Frizzell at first for a double play. George Mitchell made a nice one-handed catch of Smith's Texas Leaguer in the first inning.

CRICKET IS DRAW

England-Australia Test Match Was Called Off Yesterday When Light Failed

LEEDS, Eng., July 16.—The test match at cricket between England and Australia was left drawn yesterday. The scores were: Australia, 566; England, 391 and 95 for three wickets.

The match was finally stopped when the umpires decided that the light was too poor for continuation.

SPORT CHAT

Prince Rupert Athletic Club and Regiment will meet tonight in a football game which may decide the ownership of the Stuart Shield, third soccer trophy of the season. It is a match which was postponed from Monday night of this week by rain. A win, or a draw for that matter, will just about cinch the shield for the Athletics who already have two wins and no losses to their credit in the series while all the Regiment and the Canadian Legion have to show on the credit side of the standing is a draw each while the Legion has been defeated twice. A win for the Regiment tonight would keep them still in the running. If the Athletics capture this trophy everyone should be satisfied since it would give each of the three clubs in the league one trophy apiece for the season; the Regiment having taken the Gihuly Cup while the Canadian Legion captured the Dominion Day trophy. On conclusion of the Stuart Shield series, play in the league series for the Mobley Cup will commence.

Great Britain's already imposing string of records on land, air, and water will be added to at Detroit on August 28, 29, 30 and September 1, if all goes well, for on those four days, Betty Carstairs, charming young English speed-boat driver, will make a strong bid for the famous Harmsworth trophy, emblematic of the motorboat championship of the world. And according to predictions, Miss Carstairs' Estelle IV, as her present boat is known, will churn the waters of the Detroit River at a speed well around the 100-miles-an-hour mark. At present Miss Carstairs is tuning up her challenger on Lake Muskoka. Already Estelle IV has made 70 miles an hour in trials there, but the boat is good for at least 90 miles an hour, according to Miss Carstairs and A. H. Hawker, who designed the latest flyer. Estelle IV is equipped with twin motors, each rated at 900 h.p. These powerful engines will turn over at a maximum of 3,600 revolutions per minute. The challenger is the same boat with which Miss Carstairs attempted last year to lift the famous trophy.

HIAM CUP BASEBALL

Stewart and Premier Now On Even Terms For Diamond Trophy

STEWART, July 16.—Matters were evened up in the Hiam baseball cup series last Saturday when Stewart trounced the Premier nine by nine runs to five. This was the second game of the scheduled six-game series, Premier already having won the first by six runs to three.

Stewart got off to a lucky start in the first inning when Bruce, the Premier pitcher, allowed a couple of free passes, hit two more batters, and was nicked for two hits which brought in four runs. From that time on, the local team was never headed and had no difficulty in maintaining their four-run lead.

REGIMENT LINE-UP

The Regiment line-up for tonight's Stuart Shield football game against the Prince Rupert Athletic Club will be as follows: Laidler; Dolg and Edgcombe; Watson, Macdonald and Wilson; Walker, Tinker, Wingham, Norrington and Bradshaw; reserve, Scott.

REGORD 'GATE'

Although two games were played away from home, the football attendance at the Yale Bowl last season was the largest ever—\$95,890 paid admissions being received.

Gabby Harnett Wins For Chicago Cubs and Marberry Pitches Senators to Victory

BOSTON, July 16.—"Gabby" Harnett hit his twentieth homer of the season which gave the Chicago Cubs the victory over Boston Braves in the National League yesterday. The win of the Brooklyn Robins over Pittsburgh Pirates was due to the almost perfect pitching of Watson Clark.

In the American League, Marberry pitched Washington Senators to victory over Detroit Tigers, allowing but five hits.

Boston Red Sox pummeled Cleveland Indians and Philadelphia Athletics triumphed over St. Louis, the champions holding the Browns hitless until the ninth.

Yesterday's scores:

GOOD CROP EXPECTED

Director of Colonization and Agriculture For C. N. R. in Vancouver

WINNIPEG, July 16.—A good average grain crop for the prairie provinces is predicted by Dr. W. J. Black, Montreal, director of colonization and agriculture for the Canadian National Railways who is in Winnipeg today. Dr. Black, with W. D. Robb, vice-president in charge of colonization and agriculture for the company, are on their return from the west where they have been making a survey of the grain and natural resources situation during the past 10 days.

"The favorable growing weather," Dr. Black said, "has made the grain come along wonderfully. Business, as a result of the better looking crop, has shown a progressive increase in activity," Dr. Black added.

While in the west, Mr. Robb and Dr. Black also made final arrangements for the community progress competitions, a plan instituted and developed by Dr. Black, which seems to provide a contribution to the encouragement of community progress and development and the attainment of the fullest possible measure of Canadian citizenship in the whole communities in Western Canada which are of European origin. Commenting on his observations, Dr. Black said, "It is gratifying to see how the European settlers are taking to the competition and was pleased with the progress made so far."

"I could easily fall in love with you, if it weren't for 'B.O.'"

Yet, to be polite,

"It's so hot. Let's turn on the fan."

**Romance passed her by

(Body Odour)

THIRTY-FOUR—and still single! She had had admirers—many of them. But they had drifted away from her. Larry alone called occasionally—but he never proposed.

Then one day Ada discovered why she couldn't hold friends—"B.O." Body Odour. Today she is married to Larry. Read her letter. See how easily she now keeps perspiration odourless.

"I couldn't believe it at first—that I should be guilty of body odour and not know it. But, as my physician explains, this happens to thousands.

"That's because we become insensi-

tive to ever-present odours, he told me. But pores constantly give off odour-causing waste—as much as a quart daily.

"Now, with Lifebuoy to safeguard me, I never worry about 'B.O.'—even on hottest days. It's marvellous how utterly clean Lifebuoy makes me feel. Its deep-reaching antiseptic lather purifies—keeps the body gloriously fresh.

"Lifebuoy keeps my skin healthier looking, too. And it's a real safeguard against germs. Lifebuoy's pleasant, extra-clean scent, that vanishes as you rinse, just tells you it purifies."

THE front page? The society page? Sports? Woman's page? Financial? Editorial? Cartoons?

There is a part of nearly every page that is practical, helpful, full of news—the advertising. Do you interest yourself in reading it? You should.

Here is news of immediate value to you. Comforts—necessities—luxuries—merchandise every bit of which gives you a dollar's worth of value for every dollar you spend.

In the advertisements is information of practical worth. Reputable merchants bring wares for your inspection that are soundly made and of known, proved value. The statements they make they are willing to sign—knowing that each statement must be truthful, for their reputation, standing in the community, and business prestige is at stake.

It pays to read advertisements. For, in this part of your newspaper, you can find where your money can be spent to best advantage. A very material aid in bettering your every-day life. A way of lengthening your pocket book.

Get the habit of reading the advertisements in this paper, and taking advantage of the help they bring you.

ELECTION ACTIVITY

Ballot Boxes and Papers Now Going Forward Following Close of Nominations

Now that nomination day is over, E. H. Mortimer, returning officer for Skeena riding in the forthcoming federal election, has lost no time in getting arrangements under way for the final and most important stage of the contest, namely the voting. Immediately after nominations closed on Mondays, printers received the ballot paper orders and, within a few hours, the first ballots had been delivered.

Yesterday afternoon the first ballots were sent out to outlying points in the southern part of the riding when boxes were dispatched on the steamer Catala to Rivers Inlet, Smith's Inlet, Margaret Bay, Allison Harbor, etc. Today the ballot boxes for Atlin and other points in the extreme north of the riding will go forward. By the middle of next week, it is expected all points in the riding will have received their boxes.

Jack Re-elected To School Board In Stewart Town

STEWART, July 16.—P. S. Jack, trustee and secretary of the school board for the past nine years, was re-elected to the board at the annual school meeting held last Saturday night. There was only one vacancy to be filled. H. D. Rochfort takes the position of auditor formerly held by G. P. Heinekey. The other two trustees are H. P. Gibson and W. R. Tooth.

Estimates for the coming year were cut \$500 to \$4500, which means that the district will have \$500 less to raise in school taxes than was the case last year. There was a large attendance at the meeting.

OUTLET FOR PEACE BELT

Immediate Action is urged by Former Mayor of Vancouver

(Vancouver Sun)

Unless immediate steps are taken to give British Columbia's portion of the Peace River block a Pacific Coast rail outlet, Vancouver will reap no benefit from that great hinterland of potential agricultural and mineral acreage.

This is the emphatic contention of ex-Mayor Louis D. Taylor, who has just returned from a tour of the Peace River District, and who is bubbling over with enthusiasm regarding the possibilities for trade through the Port of Vancouver.

"It appears to me," he states, "that unless the business men of Vancouver become a great deal more active in their efforts to secure completion of the P.G.E. to the Peace, we will find ourselves in the same position we were in at the time of the Klondyke, when Seattle captured all the business resulting from the rush."

Cut Distance in Half

At present, Mr. Taylor points out the road is 1200 miles, but if the north and south line were completed, the rail distance would be cut in half. As soon as this short route is available, a motor highway direct from Vancouver to the Peace should be provided, as a large percentage of the 8,500 settlers in the B.C. section have their own automobiles.

Hundreds of thousands of dollars are being spent yearly already and this will increase steadily, for agricultural implements, mostly motor-driven.

Big Area for Trading

"While I suppose we should not be jealous of the business which goes to that city, still there is an area in Alberta equal in size to that in B.C. from which it can draw trade. Therefore, I do not think it is unreasonable for Vancouver to expect the business originating on this side of the provincial boundary through Peace River block," he says.

He reports nothing but optimism in the north country regarding the 1930 crop and future development.

BIG MISS MILL PLAN

Believe That Consolidated Will Buy Riverside Plant and Move It to New Ground

STEWART, July 16.—Since the announcement last summer that Consolidated had purchased the local railroad, no news has pleased Stewart people more than the fact recently made known that the same big mining and smelting company is going to erect a pilot mill at their Big Missouri property. Rumors to this effect have been prevalent for some time, but the matter was brought to a head last week when local owners of the Riverside mine, near Hyder, were asked to place a price on their mill and plant. It is believed that Consolidated is planning to purchase the mill outright and transfer it to the Big Missouri. The Riverside mill has not been in use for some time, but it is quite modern and in excellent condition. It has a daily capacity of somewhat less than one hundred tons.

H. G. Olsen, Smithers manager of the Hanson Timber & Lumber Co., returned to the city on the Prince Henry this morning after a week's trip to Skagway and proceeded to the interior on today's train.

IMPRESSED BY COAST

Norwegian Woman, Representing Old Country Newspaper, Sees Wonderful Opportunities

Miss Elesa Ulvig, for 30 years a school teacher in Norway and now touring United States and Canada in the interests of a Norwegian newspaper for which she is writing, left at the first of this week for Jasper Park and points east after a brief visit in the city, following her arrival from Vancouver, as the guest of Rev. and Mrs. J. H. Hanson. Miss Ulvig was impressed with the wonderful prospects of this part of the country and made the statement that the coastline between Prince Rupert and Vancouver was remarkable and should be able to afford a prosperous living for thousands of people who were willing to work.
