PRICE FIVE CENTS

COMMITTEE DEALS WITH Y. PROPOSAL

Gymnasium and Swimming Pool For Prince Rupert Valued at \$50,000 Is Planned at Meeting Last Night

Committee Decides to Proceed With Preliminary Arrangements and Has \$4,000 Already in Hand Toward Project

At a meeting held in the City Hall last evening plans were definitely commenced with a view to construction of a gymnasium and swimming pool in the city under Y. M. C. A. auspices. Mayor Orme presided over the preliminary discussions and reminded the delegates that this meeting had been planned shortly after the visit of Mr. McAllister, extension secretary of the Y. M. C. A., but had been delayed till after the election.

Reporting on one plan that seemed probably the most suitable for a city of this size, W. H. Tobey said that this was a plan for a building 90 feet by 76 feet. It would contain the gymnasium, study rooms, lecture room, shower baths and a swimming tank. It would be of frame construction with hardwood floors. The cost of the building exclusive of the tank and the land would be \$22,500, while the cost of the tank would be another \$15,000. The cost of the land and the construction of the basement would of course depend on the location and the nature of the foundation. Altogether with equipment and accessories complete the total cost would be less than \$50,000.

Considerable discussion ensued regarding what the minimum requirements for the city would be and it was unanimously felt that there would have to be a swimming tank as well as the gymnasium and rooms. The city needs such a recreation building where the young people may get physical training under the best supervision. It was felt that now public opinion was also very favorable to the project and that support would be had from all families and organizations.

The following officers were then elected:
Chairman—W. H. Tobey.
Vice-chairman—C. H. Orme.
Secretary—H. Breen.
Treasurer—H. E. deWolf.

It was also decided unanimously to affiliate with the Canadian Y. M. C. A. Through such affiliation the local body, which would still be entirely independent and in no way obligated to the central Y. M. C. A. would have the benefit of getting competent instructors from the parent body and also advice and direction. The building would be available to the girls of the city too. The delegates will present a report of this meeting to their respective organizations and report back to the next meeting which (Continued on page three)

YOUTHS WIN AT TENNIS
New York Youngsters Sprang Sensational Upsets at Meet at Southampton, N. Y.

SOUTHAMPTON, Aug. 8.—Frank Shields, youthful New York star, sprang a sensational upset yesterday defeating Bill Tilden in the Meadow Club's invitation tennis tournament, 6-1, 2-6, 6-1.
In the quarter finals another New York youth, Sidney Wood, staged an upset defeating George Lott, 6-4, 3-6, 9-7.

Sir Denistoun Burney Gives an Approximate Cost of an Airship Service Twice Weekly to Canada

TORONTO, Aug. 8.—Sir Denistoun Burney, designer of the R-100, addressing the Canadian Club here yesterday, estimated it would cost \$30,000,000 to establish a fleet of airships capable of giving a service between Britain and Canada twice a week. He quoted tentative figures of mail and passenger traffic available to show that the gross revenue to be derived from the service would amount to about \$20,000,000 a year and figured the running expenses at \$5,000,000 less. He suggested that the British and Canadian governments might guarantee 70 per cent of the initial cost.

Sir Denistoun also suggested that if the two governments, those of Great Britain and Canada, guaranteed six tons of mail to the airship service a week at the rate of \$1,000 a ton for transportation, there would be a necessary surcharge of only eight to ten cents a letter, and a letter would cross the ocean in 4 hours instead of eight days as now.

PARLIAMENT SITS IN SEPTEMBER

Mrs. Peeler Invents a Flying Crib

Mrs. Violet A. Peeler with flying crib she has invented and which she will send to Morrow estate for use of Chas. A. Lindberg, Jr.

PESHAWAR IS THREATENED

Afghan Tribesmen Advancing on City and Now Only Twelve Miles Away

PESHAWAR, India, Aug. 8.—Ten thousand savage Afghan tribesmen today advanced against Peshawar to break through the northwest frontier. British advance troops were in contact with Afridi warriors this forenoon and bombing planes were in readiness to repel a general assault. The city is threatened as it has not been for a long time. The advance guard of the menacing tribal army spent the night encamped only 12 miles away.

USE OF COAL DESIRABLE

Relief of Industry Is Considered at Conference With Operators

VICTORIA, Aug. 8.—Three means within the power of British Columbia business and governmental circles for the relief of the soft coal industry of the province were stressed at the conference of delegates from all parts of the province held here, and presided over by Minister of Mines McKenzie. The three means are: First, the use of pulverized coal for general industrial purposes for land and water communication; second, the adoption of improved spark arresters, and third, sympathetic consideration for the use of B. C. coal wherever it can be used economically.

The serious inroads into the coal industry, made by the use of crude oil, imported free of duty, was pointed out and it was indicated that government action to bring the full weight of its power behind the movement for the increased use of B. C. coal would be welcomed.

Street Cleaner Becomes Hero

NEW YORK, Aug. 7.—The chance to be a hero comes seldom to a street sweeper. His golden moment came Max Levine with nothing but his brush and a refuse pan, when two robbers careened through a Brooklyn street in a motor car, making their getaway from the scene of a hold-up. But Max used his homely weapons with effect. He flung the pan through the windshield of the car and caused the driver to swerve into a vegetable stand, enabling the capture of both felons. Max was rewarded today. The head of the Department of Sanitation eulogized him publicly as Max stood at dutiful attention in his big chief's office. "How about getting me a little raise?" asked Max. The question has not yet been answered.

Drought Relief in States Necessary

WASHINGTON, Aug. 8.—President Hoover has received a preliminary report from the farm relief board which suggests that the sum of \$87,000,000 will be required to deal with the present situation resulting from the heat wave and drought.

Writs Are Issued For By-Elections and Elections If Any Will Be Held September 2, Day Parliament Meets

OTTAWA, Aug. 8.—Writs for the by-elections, necessitated by the appointments of the new Conservative cabinet, were issued Thursday night. Nomination day in all instances except in the case of Premier Rhodes of Nova Scotia, will take place on August 25, polling September 2 in 10 ridings and September 8 in five ridings, where under the elections act two weeks must intervene between nomination and polling. This statement came from Premier Bennett following the first cabinet meeting.

In political circles it is understood there will be no opposition in any of the 15 constituencies and in this event writs for the by-elections of the ministers may be returned immediately after nomination day.

The aim of the administration is to hold the special session of Parliament at the earliest date legally possible. In the words of the premier "the impression is that Parliament may convene on September 2."
Hon. H. H. Stevens, who was defeated in Vancouver Centre, will be a candidate in Kootenay East. M. D. McLean who was elected as a Conservative, has resigned to make way for Mr. Stevens.

The five constituencies in which the lapse of two weeks must intervene between nomination and polling days in the case of a contest are: Kootenay East, Stevens; Port William, Manion; Neepawa, Murphy; South Temiskaming, Gordon, and Melfort, Weir.

FOREST FIRES WASHINGTON

SEATTLE, Aug. 8.—Forest fires are raging in a great many parts of the state and much damage to valuable timber will result. There are three large fires not far from Spokane and a great many in different sections of the state, several of which are quite out of hand. Thousands of men are being employed in efforts to stay the progress of the flames.

PRICE OF WHEAT

VANCOUVER, Aug. 8.—The price of wheat here today was \$1.01 1/2 for Number One Northern, spot cash.
Union Oil Company's oil tanker Captain Powers, was in port from Ketchikan yesterday evening.

City In Good Financial Condition Now Declares Auditor to Rotary Club

George Rorie Says Solvency Depends Upon Many Things Besides Assets and Liabilities As Shown in Statements

"People who say the financial condition of the City of Prince Rupert is not good, do not know what they are talking about," declared George Rorie, city auditor, yesterday in an address to the Rotary Club. "City bonds are selling at a higher price than ever before, collection of taxes is as high if not higher than usual."

"After all," stated the speaker, "the solvency of a town depends not only on the money it owes and its physical assets but on its prosperity, its state of civilization, its community spirit, its citizens and their point of view and their method of tackling problems."

Mr. Rorie gave a most interesting exposition of the public accounts, each member of the audience having a copy of the civic report so that the talk might be followed intelligently.

At the conclusion Barclay Melish, chairman in the absence of the president, in thanking the speaker, mentioned that it was one of the most interesting financial talks the club had had.

SEA GOING YACHT MAY BEAR POPE

VATICAN CITY, August 8.—The rumor persists here that the Pope may purchase a small ocean-going vessel of the yacht type, such a vessel would fly the Papal flag of white and yellow with the pontifical coat of arms. The ship, it is suggested, would be of considerable use in transporting nuncios, or papal ambassadors, to various countries, in carrying pilgrimages, bands of missionaries, and the like. In wartime it might carry hospital supplies. Its neutrality would probably be respected by belligerents.

The cruising radius of the ship, however, would be limited by diplomatic factors, it is pointed out. Certain countries, including the United States, have not recognized the independent status of Vatican City. It is doubtful what rating the Papal ship would receive in the ports of these countries. The majority of the big powers, however, including Great Britain, France, Germany, Italy, Spain and all the South American republics, have recognized Vatican City, and the ship would be welcomed in their ports.

FISH SALES

Canadian landings were in the majority at the local fish exchange this morning with 81,000 pounds offered while two American boats landed 10,500 pounds. Five boats not satisfied with the prices offered are holding over. Kalen with 15,000 pounds got high price with 11.1c and 5 1/2c. Prices offered went as low as 7-9c and 4c.

American
Onah, 5,500 pounds, offered, 8c and 4c, holding over.
Jack, 5,000 pounds, at 9.3c and 5c, Cold Storage.

Canadian
Minnie V., 5,000 pounds, offered, 8.6c and 4c, holding over.
Emblem, 8,000 pounds, offered, 7.9c and 4c, holding over.
Johanna, 10,000 pounds, offered, 8c and 4c, holding over.
Bayview, 8,000 pounds, offered, 8c and 4c, holding over.
Borgund, 7,000 pounds, 10.7c and 5 1/2c, Cold Storage.
Cape Swain, 14,000 pounds, 8c and 5c, Atlin Fisheries.
Tramp, 16,000 pounds, at 10.6c and 5 1/2c to Pacific Fisheries.
Kalen, 15,000 pounds, at 11.1c and 5 1/2c, to Atlin Fisheries.

Voted Conservative at One Hundred and Two

PICTOU, N.S., Aug. 8.—Claimants to the title of Canada's oldest voter must have passed the second year of their second century, or performance bow to Miss Christy Dunn of Westville, N.S., who on July 28 marked her ballot for Colonel Thomas Cantley.
Miss Dunn, who is 102 years old, is active both physically and mentally. Every Sunday she attends at least one, and sometimes two services in Saint Andrew's Presbyterian Church at Westville. She was deeply interested in the federal election campaign.

SEES FINE CITY

"It's a much finer city in every way than I ever realized, and I think no one is penalized by having to live in Prince Rupert," so said Rev. O. M. Sanford, president of the B. C. Conference of the United Church of Canada after spending a day in the city.

This is the statement of one whose opinion is worth considering. His church honored him with the highest position in their power to confer. He made the statement spontaneously and without any ulterior motive. It might be well for us to consider both parts of his remarks.

Visitors at present coming from the drier parts of the province and parts of the States are enthusiastic in their comments on the rich green of the hill sides, the wealth of flowers in the local gardens, and of course those who disembark at the Canadian National docks extol the exquisite display in the C. N. R. park there. Do the residents of the city appreciate these beauties as they should?

With everybody busy, with the wealth of garden flowers and fruit so very evident, surely we can agree with the sentiments expressed by our reverend visitor and be glad to be alive, and in Prince Rupert.

AUDITOR'S ADDRESS

George Rorie, auditor for the city, in speaking before the Rotary Club, expressed great confidence in the city

and its financial condition. He also expressed most radical sentiments. He stated that the solvency of a city depended on something more than financial balances and intimated that the attitude of the people toward the problems with which they were faced was an important factor.

The people of Prince Rupert have their little differences but they are all good at heart and most of them are progressive and ready to step to the front whenever occasion requires. The fact that they fight their political battles with keenness indicates that they are made of the right material. We want men who are fighters; men who when they go after something will do their best to get it. We want men who are ready to make sacrifices for what they believe to be right. With such men in charge of affairs, the city is bound to make progress. We believe in our men and in our city. Let us all look forward with confidence.

FIGHT NEVER ENDED

The editor of the Interior News has a way of saying things right to the point occasionally. If readers will substitute Prince Rupert for Smithers they will find it appeals to them very closely:

The election is over. Glory be! It gives us time to think of things closer home, and in this channel it reminds us that the fight is never ended. There is always something to do. As the barber says: "Next."

The next thing on the local and district horizon is the Smithers fall fair, and because of the extreme situation prevailing it is timely and important that more than ordinary thought be given to the arrangements for this annual exhibition.

The committee will require a great deal of assistance this year, morally, physically and financially. It is all the more essential because the officers have quite sensibly determined that, despite adverse conditions all along the line of details making for a successful exhibition, the annual fair at Smithers is to be conducted along the same high standards as in previous years.

That naturally means a great deal more work for those in charge; it calls for ready sympathy from the general public and it calls for greatest co-operation on the part of exhibitor and patron in maintaining the high record Smithers fair has established on the calendar of such events in the province.

In this work of community service the fall fair directors have encouragement in the happy recollection that in times of stress Smithers citizens have formed the habit of rallying to any worthy cause, and with this history as a background it will undoubtedly be found on the evening of August 29 that the necessary support has come from many avenues to bring about success for this the twelfth annual fall fair to be conducted in Smithers.

Well kept cemeteries are all right but how much better to have well kept homes, gardens, offices, clean streets and neat sidewalks.

Parkers Off On Tour of South

Mr. and Mrs. Stan Parker and children left on the Prince Charles yesterday afternoon on an extensive holiday trip. They will disembark at Campbell River where they will get their car and will then motor on Vancouver Island. After crossing to Vancouver it is their intention to tour the southern part of the province and then return north by car to Hazelton and complete their journey here by train. They expect to be away about three weeks.

Indian Children Are Off to School

Indian Agent Gillett of Massett arrived from the islands yesterday on the Prince Charles having in his charge a party of 14 Indian children from Massett whom he is taking to Alert Bay where they will attend the Indian School.

District News

SKIDEGATE

J. Ciccone and a party of friends motored down from Port Clements to Queen Charlotte city this week on a holiday visit.

Mrs. B. A. Munro and Mrs. Geo. Charnley of Skidegate motored to Port Clements and from there took the Prince Charles to Massett where they will visit with their parents and Mrs. P. F. Size.

Election day on the Queen Charlottes proved to be very quiet, nothing like the old days. One of the oldtimers said he thought he must be in the Sahara Desert.

"The Dunes," Madam Rajaut's summer resort at Alert Bay has been doing a big business this summer and all visitors express themselves

Don't Starve The Teeth

Teeth have to be built out of foods that are rich in phosphorus and calcium. Many children take into adult life teeth that are defective, unfit for the job that nature intended. Shredded Wheat with milk helps develop sound teeth, good muscles and good bones. It is rich in the bone-making salts. The crisp, crunchy shreds make chewing necessary and that develops healthy gums and good digestion.

SHREDDED WHEAT

Cow's Stomach 'Window' Helps Study of Diet

Pennstate Jessie II, Lets Scientists Observe How She Digests Her Food

STATE COLLEGE, Pa., Aug. 7.—The mantle of Pennstate Jessie, the famous cow which lived four years at Pennsylvania State College with a "window" in her stomach, had fallen on another.

Again selecting a Holstein, scientists christened her Pennstate Jessie II with a painless operation in the college veterinary hospital. A local anesthetic was used and beyond shaking her head several times the heifer gave no signs of being aware that anything out of the ordinary was taking place.

The opening of the largest stomach is kept closed with a special rubber plug which can be removed when scientists wish to study the bacterial action in Jessie's dinner. The studies interrupted by the death of the original Pennstate Jessie now may be resumed. They open speculative features which may initiate an entirely new sphere of investigation in dietetics.

It has been found that the bacterial count content in a cow's stomach changes as new elements are introduced to her food, new bacteria appearing and developing as the new rations were continued, and disappearing when the elements are withdrawn.

How these bacteria originate, where they come and how the findings may apply to humans and influence the general practice of dietetics, comprise a field of large potentiality. The fact that an organism was found in the stomach of Jessie I, which manufactured vitamin B when there was none in the ration, leads to the belief that special bacteria may be derived from other organisms in the stomach, or are developed from existing form when they are required.

Park Your Pup Upon the Roof Hotel Invites

LONDON, Aug. 8.—A parking place for pups has been built on the roof of one of London's West End hotels. The British dog is generally supposed to be the best cared for canine in the world and this latest comfort seems to confirm the supposition. A uniformed page is assigned to feed, water, and watch the dogs which are left while masters and mistresses attend the performance.

All the large department stores of London have an attendant in the entrance hall to stand guard over the dogs that are left while the owners shop. The dogs' leashes are hung on a series of hooks in front of which are placed little pans of water. There are few restaurants, even in the smartest dining districts where dogs are forbidden. Waiters cheerfully step over tails and legs that protrude from beneath table cloths, and many hat checkrooms have complete dog checking facilities.

TELEVISION INSTITUTE

An international institute of television has been established at Brussels to deal with collecting and propagating the results of researches made in connection with picture broadcasting.

GYMNASIUM AND SWIMMING POOL FOR PRINCE RUPERT VALUED AT \$50,000 IS PLANNED AT MEETING LAST NIGHT.

(Continued from page one)

will be held on Friday, August 15, at 8 p.m. in the City Hall.

Discussion revealed the fact that there is already a sum of approximately \$4,000 available for such a fund from various organizations and the active support of these has been promised.

Delegates present in addition to the Mayor were from the Rotary Club, D. B. Finn and H. E. deWolf; Gyro Club, Dr. L. W. Kergin and W. H. Tobey Sr.; Canadian Legion, J. Smith and J. S. Wilson; Trades and Labor Council, S. D. Macdonald; Moose Lodge, J. Morrison and W. H. McCallum; Sons of Canada, George Johnstone and Harry Breen.

All other organizations in the city will be notified of the next meeting so that a completely representative committee will be in charge of the undertaking.

CURATIVE WORKSHOP

A curative occupational workshop as a demonstration clinic for medical students and physicians is to be established at the medical college of Northwestern University by the Chicago Woman's Club.

ELKS LOSE TO NATIVE SONS; MANY ERRORS

Jack Nelson Strikes Out Eleven In Five Innings; Lodgemen Make Eight Errors

Making eight errors in the game, seven of which came in the first two innings, the Elks lost last evening's ball game to the Sons of Canada by a score of 9-5. Herman Loblick was back in harness, doing mound duty for the Antlered Herd, and he struck out 12 men and allowed only seven hits, but the support he got was terrible.

The Sons only made two miscues during the game. Jack Nelson, regular catcher for the Sons, went in to pitch and succeeded in striking out 11 of the heavy hitting Elks in five innings. He weakened a little in the fifth, however, and Bill Lambie went in as relief hurler and got by the last two innings without any trouble. It was the fourth game in the last week for Lambie to pitch in.

The first inning after two men were out Lambie was hit by a pitched ball. Wendle drove one past Mike Budinich and was safe. Frizzell made the only hit of the inning when he connected for a Texas Leaguer, and Lambie scored. Nelson rolled one at Harold who fumbled the ball and the bases were filled. Gurvich drove another one at Harold but he threw wild and Wendle and Frizzell both scored. In the second they scored two more. W. Mitchell was safe on Stephens' error. Smith struck out and Mitchell stole second. Mitchell stole third and came home when the peg was low. Lambie struck out, but was safe when Alex Mitchell missed the ball and then threw wild to first. He stole second and scored when Stephens missed a throw to catch Wendle.

After that the boys settled down and played better ball, but they couldn't catch the Native Sons, who now have a strange hold on second half honors.

The Canucks have won eight out of their last nine games.

Gurvich and Frizzell were the only batters to connect safely twice in the game. W. Mitchell and Lambie each stole two bases, while Frizzell stole three.

The Box Score

S. O. C.—	AB	R	H	PO	A	E
W. Mitchell c., 1b.	4	1	0	11	2	0
Smith 2b.	4	0	1	2	2	1
Lambie 1b., p.	3	2	0	4	1	0

Summary—Two-base hit, Smith, Gurvich; innings pitched by Nelson (5), Lambie (2); hits off Nelson (4); base on balls off Nelson (3); Lambie (1); struck out by Loblick (12), Nelson (11), Lambie (1); hit by pitcher Lambie; passed ball, A. Mitchell (1), W. Mitchell (1); winning pitched, Nelson; left on bases, S. O. C. (6), Elks (5); time of game, 1:40; umpires, Downie and Farquhar.

Boxing Bout, But Private

Owen Fisher has placed a deposit of fifty dollars with the Daily News as a guarantee that Billy Bagshaw will fight six rounds with Nina Gurvich for a side bet of \$200, the bout to be held in private. If the deposit is covered the match will be arranged and the rest of the money put up.

The National Association of Audubon Societies is sponsoring a movement for the erection of bird baths at golf courses in the United States which do not have water hazards. The idea is to prevent the birds being driven away for want of a drink and a shower.

Jackie Berg Gets Well-Earned Decision Over Kid Chocolate In Hard Hitting Fight at New York

NEW YORK, Aug. 8.—In ten rounds of boxing that thrilled the crowd of 25,000 people who watched last night at the New York Polo Grounds, Jackie "Kid" Berg, English lightweight, won the decision over Kid Chocolate, the Cuban Negro featherweight. It was a great fight and the crowd enjoyed it to the limit. The British boy forced the Negro all the way and while some critics admired the clean cut hitting of the colored lad, the decision in favor of Berg was a popular one.

It was Chocolate's first defeat in 169 fights and while the decision went against him he put up a splendid scrap. There was not a dull moment throughout. The crowd roared from time to time, commencing in the first round. The clashes, sometimes at long range and other times close up, gave plenty of variety. At times the British boy climbed all over the Negro and then again he seemed to be getting the worst of it.

It was in the last round that the boys both realized this was the time to settle the difference and each tried to do it by the knockout route

but failed. There was not a knock-down during the whole 10 rounds but there was some very hard hitting in every round.

The total proceeds of the fight amounted to \$160,000.

Where Deer Are Plentiful

Dogs have abandoned chasing of sheep near Logan, Utah, with the discovery of a swifter quarry. Deer have become so plentiful in the foothills that the dogs have made quite a sport out of chasing bucks from alfalfa fields.

Smithers Ball Team Trowned Burns Lake Nine

The Smithers baseball team motored to Burns Lake last Sunday, donned their new white and black uniforms, adjourned to the Burns Lake athletic grounds and proceeded to administer a decisive trouncing to the undefeated squad representing the Lakes district, says the Interior News. The final score was 19-9.

The game proved to be a heavy hitting fixture and both pitchers were in trouble on numerous occasions. The Smithers margin of victory came with the superiority of their outfield, who handled all chances without a single miscue. On the other hand the Burns Lake fielders were guilty of several costly fumbles with men on the bases. Shaw, Smithers pitcher, was batted freely but managed to tighten up with men on the bags, and after securing an early lead the winners were seldom threatened. With the score standing 12-8 at the start of the eighth frame, the visitors in-

BAGSHAW IS IN DEMAND

Anyox, Victoria and Vancouver Fighters Seek Match With Local Boy

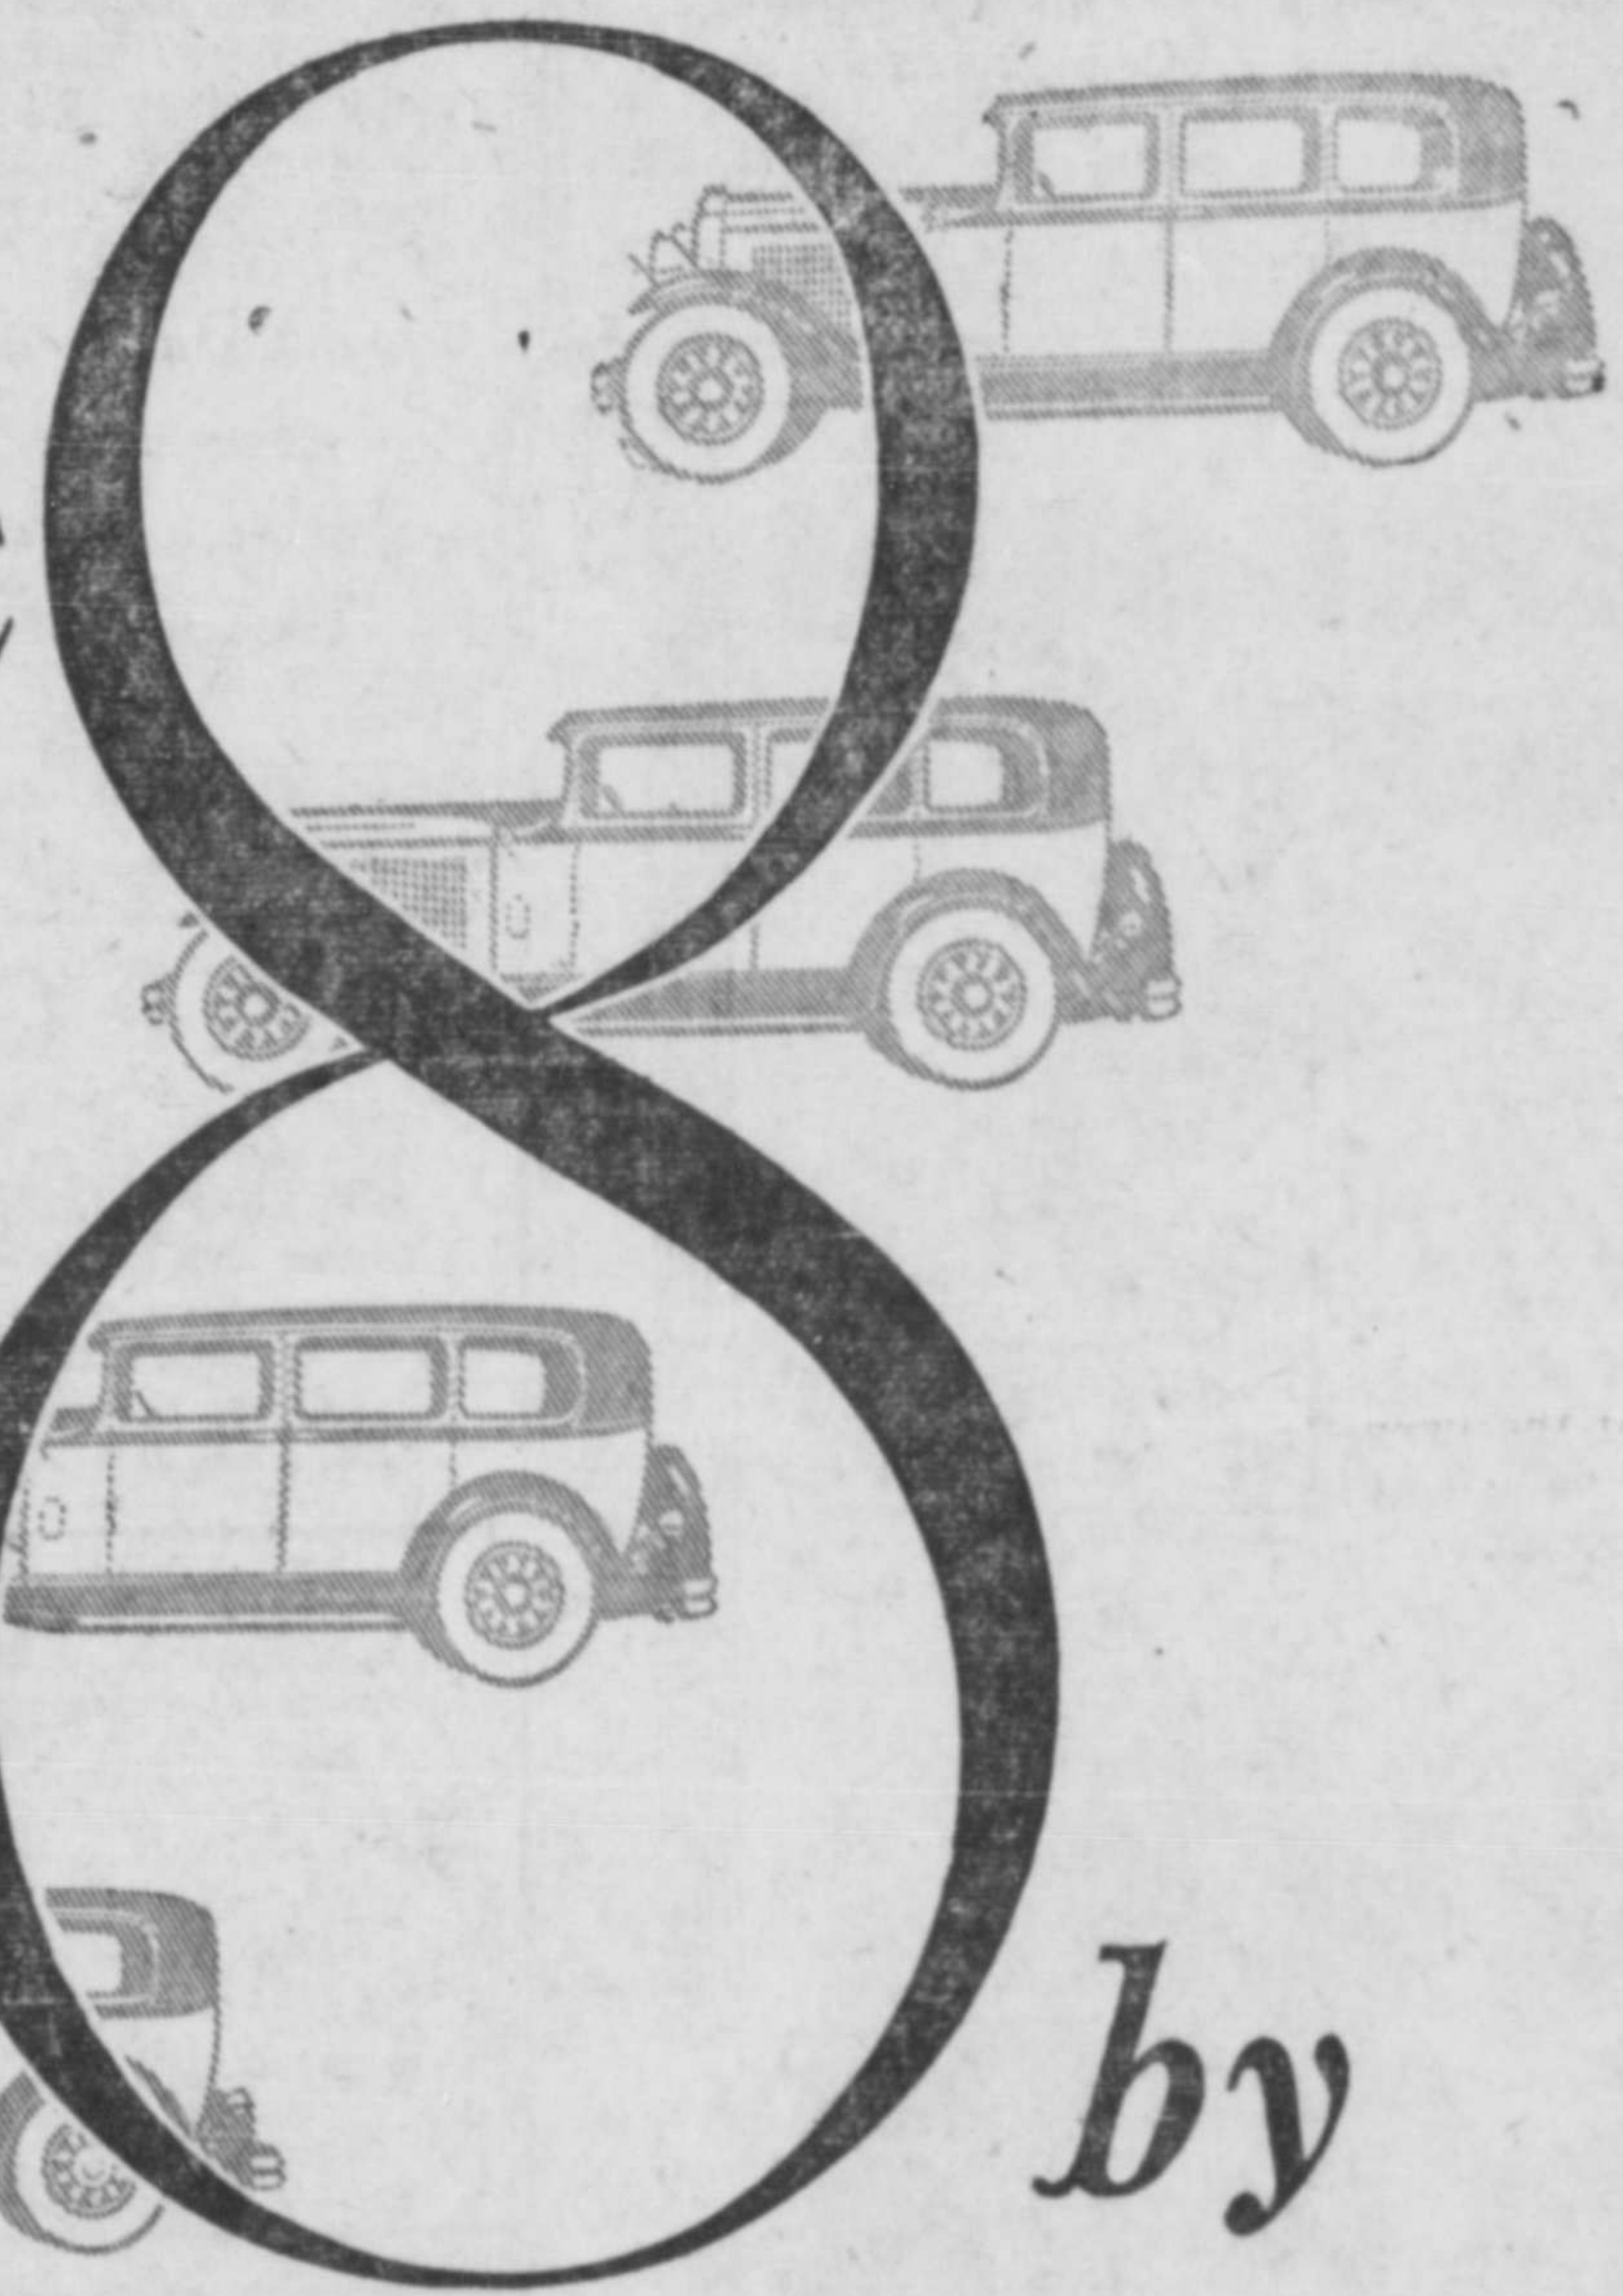

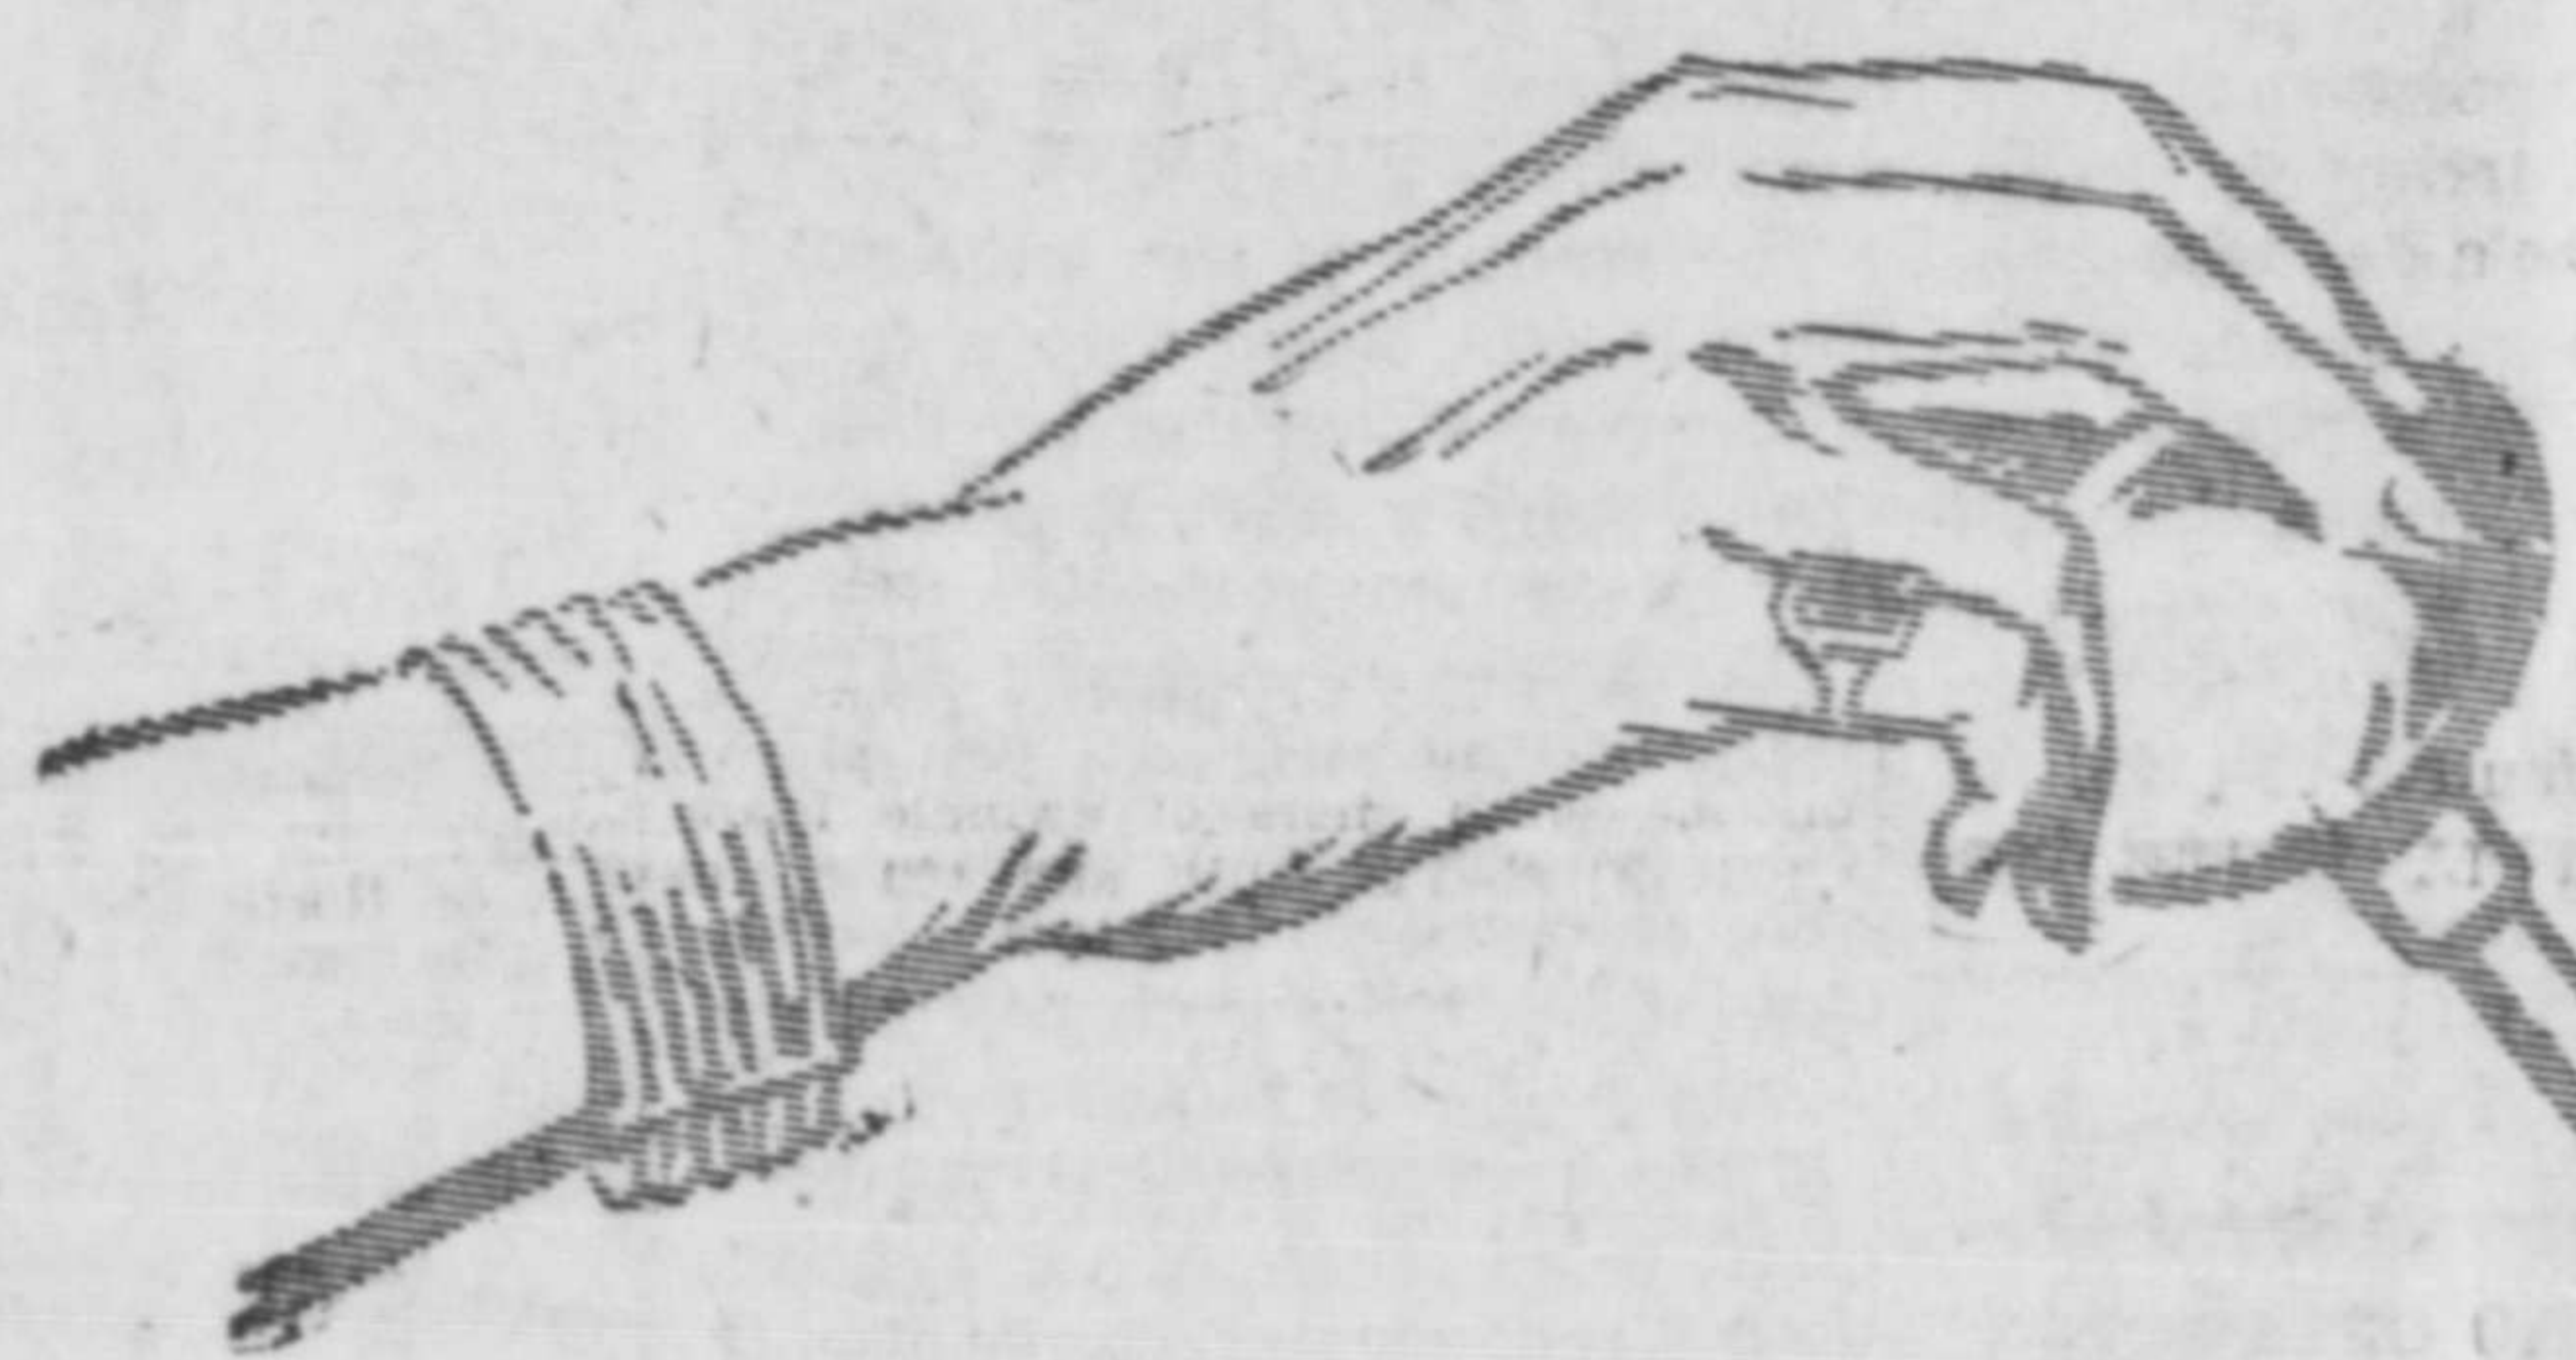

Announcement in a day or two of a 10-round fight for Billy Bagshaw in the near future seems probable. Henry Deeth of Anyox, Gill Woods, the Vancouver flash and Albie Davies of Victoria are all after Billy's "hide" and in view of Nina Gurvich's refusal to meet Bagshaw over the 10-round route, it is hoped that one of the outside boys will be brought to the city.

Whichever one is signed up, one thing is certain and that is the match will be a "10-rounder," this having been decided on account of the many local boxing fans who prefer the main events to be scheduled for the popular distance of 10 rounds.

duiged in a batting orgy and pushed seven runners across the plate to remove any doubt as to the outcome. Higgins contributed a home run to the rout.

McLAUGHLIN-BUICK

FOUR SERIES...ONE, THE WORLD'S LOWEST PRICED VALVE-IN-HEAD STRAIGHT EIGHT*

\$1290

at factory
Oshawa, Ont.

NOW, twice as many Canadians can enjoy the greater value, finer performance and enduring worth that have always been characteristic of McLaughlin-Buick motor cars.

For now, McLaughlin-Buick, building on the famous, time-tried valve-in-head principle, and holding fast to proved fundamentals, has evolved the Straight Eight. You may expect a definite new quality and measure of performance—flexibility, higher speed, greater power—all delivered as smoothly, surely and as quietly as the tread of a panther.

Most remarkable, is the fact that McLaughlin-Buick resources and ingenuity now make it possible for new thousands of Canadians to own a McLaughlin-Buick Straight Eight, for one of the models is priced as low as \$1290, at factory, Oshawa, Ont. Already many more people buy McLaughlin-Buicks than any other car in

its price class. Now the great worth, that this unusual preference clearly demonstrates, is available to almost every motorist.

The Oil Temperature Regulator, by heating the oil in cold weather assures prompt efficiency when starting; it also cools the oil when high speeds are maintained and prevents loss of lubricating value. The Intake Silencer effectively blankets acceleration noises. The Ring-type Torsional Balancer smooths out engine vibration. And Insulated Bodies by Fisher, effect a new lasting quietness, comfort and safety because of a chassis construction strengthened doubly without any increase in weight.

Purchase is convenient, due to G.M.A.C., General Motors' own deferred payment plan and General Motors Owner Service Policy assures your complete and continued satisfaction.

*NEW SYNCRO-MESH SILENT TRANSMISSION on three longer wheelbase series only
McLaughlin-Buick's fine standard transmission is used on the series of lowest price.

THERE IS A McLAUGHLIN-BUICK DEALER NEAR YOU TO SERVE YOU

What doctors say

BEER
in moderation

FOR generations doctors have paid tribute to the sustaining, invigorating and health giving qualities of beer—when taken in moderation. There is no finer beverage than good beer for workers in every field of endeavor, whether mental or physical.

The undermentioned beers are guaranteed to be absolutely pure. To safeguard the public they are constantly tested by Analytical Chemists employed by the B.C. Liquor Control Board.

NO WASTAGE IN FISHING

Canneries Holding Back Schemes When Crowding Occurs

Salmon fishing interests are still taxed to the utmost to deal with the big run this year. Pinks have gone off a little in both the Skeena and the Naas but sockeye are still coming in larger numbers than usual for this time of the year.

Reports from the Queen Charlotte Islands tell of the appearance of a few fish and signs are of a good season there too.

To relieve the situation in the canneries some of the purse-seines have been taken off both on the Naas and the Skeena while others have been set a daily limit so that the situation is well in control now, and possibility of wastage has been eliminated.

Toc H. Holds an Enjoyable Picnic

Digby Island Visited By Local Group and Lady Friends

The Toc H picnic yesterday to Digby Island was a very successful and enjoyable outing. Over 30 members and friends were present being taken to the grounds in boats supplied by Messrs. Cross, Bushby, Dungate and P. Miller.

All the various competitions were keenly contested, the winners being Miss Phyllis Harvey, Miss Olive Junro, Mrs. P. Miller, Miss Chrissie McLeod and Messrs. T. Barton, Field, Rod Brown and Alan Cross.

Many were in swimming while a baseball game provided much excitement. Around the bonfire on the beach in the evening there was community singing.

The committee in charge of the picnic were E. Mattingley, Denny Allan and E. Walker.

"Skinny" Run-down Violinist Gains Pep 10 Lbs. in 4 Weeks

WEIDEN, MAN. — Mr. Fred Danchuk, well known violinist, says: "Was badly run-down for months. Then tried Ironized Yeast. New pep at once. Gained 10 lbs. in 4 weeks."

Ironized Yeast adds 5 to 15 lbs. in 3 weeks. Ugly hollows, bony limbs fill out. Blemished skin clears right up. "Nerves," indigestion, constipation end overnight. Avoid danger of serious ills. New pep first day.

Ironized Yeast is two great tonics in one. Weight-building brewer's Yeast plus strengthening, blood-enriching Iron. Many times more effective than unmedicated yeast. Results in half the time.

Gain weight, health quick. Avoid risk of serious ills. Take these pleasant little tablets. No yeasty taste; no gas. If not delighted with quick gains, manufacturer refunds money. Get Ironized Yeast from druggist today. Feel great tomorrow. New pounds quick.

Twenty Years Ago

In Prince Rupert

Sir Wilfred Laurier and Minister Graham both slightly injured in a head-on train collision yesterday near Moosejaw.

King, Alfonso of Spain had a narrow escape when the mast of the yacht Shamrock aboard of which he was the guest of Sir Thomas Lipton, snapped and crashed to the deck.

Over one thousand boxes of strawberries from Lakelse and Kitsumkalum were shipped south from Prince Rupert last week.

W. C. C. Mehan, superintendent of the Grand Trunk Pacific, returned from a trip up the line yesterday and reports that track laying was finished as far as fifty-mile but that scarcity of labor was holding up rapid progress.

The Islander left about noon today for Hazelton and Skeena river points.

The weather was calm but there was a thick haze when the Princess May struck the reef off Sentinel Island in Lynn Canal.

New Budget Feeds Four For \$13.72

CHICAGO, Aug. 8.—A family of four may eat well this summer for \$13.72 a week, according to a summer food budget based on current prices, made public by the American Research Foundation. The budget provides:

Vegetables, including cabbage, potatoes, tomatoes, spinach, radishes, lima beans, peas, celery, asparagus and onions, to cost \$1.32. Fruits, including peaches, apples, pineapples, bananas, rhubarb and dried apricots, costing 75 cents.

Meats, including pork, bacon, lamb chops, ham and beef, costing \$2.77. Margarine, two pounds, 50 cents.

Canned goods, including soups, tuna fish, figs, salmon and grapefruit, \$1.36. Dairy items, including cream, milk and eggs, \$3.50. Staples, including bread, tea, coffee, cocoa, flour, sugar, rice, cereal, gelatine and cheese, \$3.28.

Trip to Naas River On Sunday Next

The Prince William, Capt. William Thomas, is making her special trip up the Naas on Sunday next, leaving here at 8 a.m. and returning the same evening. Already quite a number of people have signified their intention of taking advantage of the cheap rate to visit these coast points and a big passenger list seems assured.

CRICKET ON TOMORROW

Any Players Not Yet Reached, Are Asked to Report

With the fine weather continuing the cricket enthusiasts are getting a considerable amount of practice in. There is a practice game arranged for Saturday afternoon and while the committee think they have been in touch with all prospective players they are anxious that anyone not already personally advised should be on hand and participate.

One of the most recent additions to the bowling strength is Jimmy Doig who has been starring for the Regiment in their football team this year. Jimmy played for the Army and Navy in the second division of the city league in Vancouver last year and his fast bowling was of decided value to them. If he is as offensive with the cricket ball as he has been at football our local batsmen are going to be tested out properly.

Major League Career Ended For Old Star

NEW YORK, Aug. 8.—Grover Cleveland Alexander, now 43, has been none too successful thus far in his minor league career, but he leaves a big league record in which he must get some satisfaction.

In 19 years of campaigning under the big top, Alexander piled up 373 victories, and lost 108 games. In three straight seasons, beginning with 1915, Alexander won more than 30 games. This record was made with the Philadelphia Nationals who had paid \$750 to Syracuse in 1911 for him. Alex went to the Chicago Cubs in 1918, along with his catcher, Bill Killefer, for \$50,000.

Joe McCarthy, new manager of the Cubs, released Alexander to the St. Louis Cardinals in 1926. Alex promptly helped pitch the Cards to a pennant. The high point to his career came that year in the world's series, climaxed by his strike-out of Tony Lazzeri of the Yankees for the championship.

Alexander started this season with the Phillies, who had obtained him on waivers. He had lost three games and won none when his big league career finally was ended.

The "MARRIAGE" OF WHITE HORSE WHISKY

"MARRYING" is a term used by experts to describe the blending process through which "White Horse" gains its smoothness and mellowness.

Scotch Whisky is the blending of malts and grain whisky. For "White Horse" only the choicest makes of Scotch Whisky are selected. These are matured for a long period in sherry wood—expertly blended—or "married"—then aged, reblended and aged again.

Every drop of "White Horse" must go through this long, deliberate process—and the result generously repays the effort.
