TIE TRADE HANDICAP

Canadian National Railways Set Up Stiff Conditions For Industry In Central Interior

Central interior tie contractors have received word from the Canadian National Railways in regard to price and conditions governing the purchase of railway ties during the present season. The price is extremely low and the terms are harder than have yet been known along this line of the railway. The railway company demands a minimum of 60¢ No. 1 and a maximum of 5¢ No. 3. It will make it harder than ever before for the tie men of the district to operate. In comparison with the prices of last year and the year before, No. 1 ties are down 13 cents; No. 2 ties, 15c, and No. 3 ties, 5c.

Two Men Are Thought Dead

Little Hope Held Out For Pete Laporte and Henry Rudland Who Were Blown Out to Sea

It is considered very unlikely by the police that there is any chance of Pete Laporte Jr. of this city and Henry Rudland of Metlakatla, who were blown out to sea in a dory from Lucy Island last Friday afternoon being still alive. Despite an active search, no trace has been found of them since they disappeared. It is pretty generally conceded now that they must have perished in the storm that evening on Chatham Sound.

VANDERHOOF, Dec. 16:—Pilot R. I. Van Der Byl and Mechanic A. T. Cressy, who arrived at Fort St. James yesterday, mushed their way out without guides when their food ran low. They did not meet the Indians who were sent out from Takla Lake with dog teams to bring them in. On the way out, they shot two moose. They left for Prince Vancouver Saturday night.

Although they had a strenuous time, the two men are in good health. Van Der Byl and Cressy were members of the party aboard the Burke search plane which had to be lifted off Thutade Lake about a month ago by Pilot W. A. Joerss for fear of being frozen in. Van Der Byl was the official pilot of the plane but the party decided to have Joerss take the ship out as he was most familiar with the country.

Eastern Province Has George Stewart Henry For Its New Premier

Successful Farmer and Businessman and Stalwart of Conservative Party For Many Years—Was His Former Chief's First Lieutenant

TORONTO, Dec. 16:—After seven years tenure of office, Premier G. Howard Ferguson today resigned the prime ministership of Ontario to accept the new position of Canadian High Commissioner in London, succeeding the late Hon. Peter C. Larkin, who died last year. Mr. Ferguson's successor as premier is Hon. George Henry, minister of highways, who was sworn in today. Mr. Henry for ten years has been Mr. Ferguson's chief lieutenant and has been a member of his cabinet ever since the Conservatives came into power with the defeat of the Drury Farmer government in 1923.

A practical farmer with a university degree is the new Prime Minister of Ontario. Hon. George Stewart Henry, B.A., LL.B., has spent the greater part of his life on the farm in King Township, York County, where his ancestors settled over 100 years ago. He had been no "white collar farmer," for all his background of education, but has taken an active part in the labor as well as the management end of his farm. But he has found time for highly successful business activities as well and long continued activity in municipal and provincial politics.

Perhaps Mr. Henry's greatest asset as he assumes the direction of the affairs of the province is his ability and experience as a business man. For a practical farmer he took a keen interest in efforts to bring the producer and consumer more closely together and cut down the cost of distribution of farm products. He was one of the active spirits in the formation of the Farmer's Dairy Company Limited, and the business experience he gained in the successful operation of this company and other concerns is certain to prove of great value to him as head of the provincial government.

When the leadership of the Conservative party in Ontario was vacant in 1920 Mr. Henry as one of the few members of Sir William Hearst's cabinet who retained their seats in the 1919 election was mentioned for the post. The choice of the party, however, was Hon. G. Howard Ferguson and now after 10 years of service as Mr. Ferguson's chief lieutenant in opposition and in power, Mr. Henry becomes premier.

59 Years of Age

The new premier is 59 years old and comes from North of Ireland stock. Born in King Township, close to Toronto, he was educated in Toronto schools, at Upper Canada College and the University of Toronto. After his graduation he spent a year at the Ontario Agricultural College. He then spent a short time in a business office but soon decided to take up farming as his life work. He took over the farm his grandfather had settled when he first came from Ireland.

His first public service was on the township council and rising steadily he became warden of York County in 1909. He first entered the legislature as a member for East York in 1913 by winning a by-election and has represented the riding ever since. Sir William Hearst made him minister of agriculture in 1918 but his tenure of that office was short for the government went down to defeat the next year.

GOOD PUBLICITY

Prince Rupert is getting some good publicity from the opening of the power plant recently and particularly through the special number of the Daily News issued at that time. The Financial News concludes an article on the subject with the following:

"Prince Rupert is a thriving port, the centre of an important fishing and canning industry, while the surrounding territory comprises a highly mineralized area in which mining developments of great importance are now taking place. With adequate hydro-electric power now available, the intensive development of this territory seems assured."

CITY OF NEWCASTLE

A reader of the Daily News, who formerly lived in Newcastle, writes to protest against a Canadian Press article recently published in this paper in which the city is characterized as one of the dirtiest cities in England. Unfortunately the writer of the letter, who seems to be living in Smithers, although he does not say so, does not sign his name, so the letter cannot be published. It is a rule that cannot be broken that a letter writer must sign his name, not necessarily for publication but as a guarantee of good faith. Anonymous letters go to the waste basket. However, we are willing to take the word of the writer that Newcastle is not as bad as it was painted but is a fine city, a busy port, and that it is during the busy season thronged with London sightseers.

Can You Eat Xmas Dinner Some Hungry

Christmas Will Be Enjoyed Much
More By Those Who Have
Helped Others

This is a time of year when we all look forward to enjoying Christmas but we cannot expect to do so if we have not done our part to make others happy. The best thing is to reach out to those around and make them partners in the Christmas cheer we ourselves enjoy. Next best to that is to delegate the work to someone who knows just how to do it.

Based on years of experience the Salvation Army is able to give more for the money than any other organization in existence. Today they are ready to undertake the work of entertaining at Christmas a large number of men and women who have not any other place to go on Christmas Day. To do this money is needed as well as for the Christmas hampers that are being sent out. Each day the demand becomes greater. Five or ten dollars invested in this manner brings good returns. Following are amounts received:

There's a rumor that if this weather continues local coal men will be applying for those two-bit tickets at the city hall.

Why save up for the winter snow That may not come at all You'll die perhaps before you reach Even the end of fall.

Moll—And what did your poet do when you turned him down?
Doll—Oh, the poor dear threw himself into the waste paper basket.

"Darling, may I kiss your hand?" asked the young man with old-fashioned ways.
"Sure kid, hop to it," said the Modern Jane, "but be careful you don't burn your nose on my cigarette."

Newspaper headline: "Science plans to get power out of sunshine." Prince Rupert had better stick to water power.

Dahl and John Charstad, the latter an uncle of the child.

Mr. Olsen and Mr. Hofstad will sail this afternoon by the Catala on their return to Bella Coola. Their meetings here have been well attended despite unfavorable weather.

District News

SKIDEGATE

The Queen Charlotte Islands have been experiencing some very wet weather. It has been quite warm, however, and there are no signs of snow, even on the mountains. Another earthquake shock was felt a week ago Sunday.

Work on the new government dock at Queen Charlotte City is progressing satisfactorily. The job will be completed in about two weeks' time, it is expected.

Contractors Messerby, Valley and McKay have just completed a fine looking bungalow for Mr. Renner at Queen Charlotte City.

Mrs. and Miss E. Wark, school teachers at Skidegate Mission, left on the Prince John last week to spend a holiday in Vancouver.

D. DeBois and L. DeBois of Debois, Penn., who are here in connection with the proposed establishment of a pulp mill in Skidegate Inlet, will spend Christmas holidays with Mr. and Mrs. E. C. Stevens, Skidegate.

NEW HAZELTON

A daughter was born a week ago to Mr. and Mrs. Peter Spooner of New Hazelton.

Incorporation of Hazelton under the Village Act is still being discussed. Should the community become incorporated, one of the first things that would have to be undertaken would be a main drainage system for the front street from the lower bench to the river.

Miss Vivian Chappell, after a recent illness, is able to be around again but she will not be able to return to her duties in the drug store until after Christmas.

Owing to the mild weather and the copious supply of rain, the roads of the district are in very bad shape, making travelling rather uncomfortable.

Rabbits are very abundant in the central interior this winter and many are being shot.

The official opening of the new Hazelton Hospital has been set for December 29. The building will be open to public inspection that afternoon and in the evening there will be formal opening ceremonies. The building is now rapidly nearing completion.

Ben Jones of Nelson has arrived here to take the position of teller in the Hazelton branch of the Royal Bank of Canada. Bud Gazeley, who has been relieving in the Hazelton branch, has returned to Smithers.

Mrs. Ralph Spooner is expected back from Smithers within the next few days. She has not been well since she went to Smithers to visit with her daughters.

The work on the high level bridge across the Bulkley River at Hagwilget was suspended for the winter last week. Only a watchman is now in charge.

Mrs. Louis Erickson of Fort Fraser, who had been a patient in the Hazelton Hospital for some time, passed away last Monday. Deceased was 31 years of age and is survived by a widower and one child. The remains were taken to Fort Fraser for burial.

DEPARTMENT OF TRADE AND COMMERCE
OTTAWA, CANADA

October 11th, 1930.

To Women,
Everywhere in Canada

Protect Your Breadwinner's Job!

Are you one of those whose lot in life consists in looking after the home?

If so, unless you happen to be among the fortunate ones who have means of their own, you are dependant upon some one—husband, father, brother, sister, son, daughter—to provide you every week with the money you must have to pay the grocer, the butcher, the baker, the milkman, the druggist, the dry goods merchant, and all the other dealers for the things you have to order from day to day.

It would be a terrible thing, wouldn't it, if next week your house allowance were suddenly to be shut off! Yet that is what might happen if your breadwinner were unexpectedly to lose his business, or his job!

Are you doing everything you could do—everything you should do—to spare yourself a misfortune of that kind?

Your breadwinner may be a professional man, or he may be in business as a merchant, or as a farmer. If so, he wants customers, more and more of them—the kind who pay their bills regularly in cash. Isn't there something you might be doing to help those customers, so that they in turn could do more business with him?

Some of them are probably growing or making things of the kind you have to order from day to day. So long as such things find a buyer, their jobs are secure. But if they should fail to find a buyer, for no better reason perhaps than that you and other women thoughtlessly allow yourselves to be sold articles that have been imported, they lose their jobs, in which event your breadwinner loses them as customers. And naturally you don't want that to happen!

Or perhaps your breadwinner is himself an employee. If he is, the safety of his job depends upon there being plenty of people, who are steadily employed at good wages, to whom his employer can cater. Obviously there will be more of such people, the more you and your friends see to it that for your daily needs you buy things that have been produced right here in Canada. Because when you forget and buy an article that has been made in some other country, you are depriving some one of a job in this country.

Other women, everywhere in Canada, are being urged to protect the job of your breadwinner by always giving a Canadian made article preference over one that has been imported. Won't you do the same for their breadwinners, and incidentally make your own income that much more secure?

Very sincerely yours,

H. H. Stevens
Minister of Trade and Commerce.

EASTERN PROVINCE HAS
GEORGE STEWARD HENRY
FOR ITS NEW PREMIER

(Continued from page one)

On the return of the Conserva-
tives under Mr. Ferguson in 1923
Mr. Henry became minister of pub-
lic works and highways. Only a few
months ago in the reorganization of
the cabinet the department of pub-
lic works was turned over to a new
minister but Mr. Henry carried on
both portfolios up to that time. Dur-
ing the absence of Mr. Ferguson
from Ontario Mr. Henry usually be-
came acting premier.

Under Mr. Henry's regime On-
tario's mileage of paved roads has
greatly increased. The first impor-
tant road improvements were made
before he took office but it remain-
ed for him to map out the greater
part of the network of highways
which now covers the province, and
carry out the building program.

While not a showy speaker Mr.
Henry has a simple matter-of-fact
style which carried conviction to his
audiences. Invariably courteous, he
seldom figures in the sharp exchan-
ges which sometimes take place in
the legislature.

Prominent Shriner

Mr. Henry is married and has
three children. His wife Anna Ketha
Pickett was the daughter of Rev. T.
W. Pickett and a niece of Laura Se-
cord, famous heroine of the War of
1812. Mr. Henry is an Orangeman, a

"STEWART CLEAN-UP"

Editor, Daily News:—

The front page of your issue of Tuesday, Dec. 9 carries an article under the heading "Stewart Clean-up." I have read this article several times and one can come to no other conclusion but that you intended to convey the impression that there were seven liquor prosecutions and prosecutions in connection with the operation of sixteen disorderly houses in Stewart. It is a pity that "Northern and Central British Columbia's" newspaper should not make some effort to ascertain the facts before publishing stories of this nature to the general public.

I have checked up every case and find that only four disorderly house charges arose in Stewart. A somewhat different figure to the sixteen stated by you. For your information, the other twelve charges arose in settlements anywhere from two to fourteen miles away from Stewart, which settlements are no more part of Stewart than they are of Prince Rupert.

Let's have facts, STEWARTITE.

(When Stewart was mentioned, in the report referred to, it might be considered obvious that the Stewart district was meant. The police gave out the information without stating the specific parts of the district the offences occurred in. Further details show that, of fifteen disorderly house cases, four were in Stewart, two in Silver Heights and nine in Hyder, B.C. The latter place lies two miles along the beach from Stewart. All seven bootlegging cases convicted at the same time were in Stewart.—Ed.)

Shop Today and Shop at Home

Prince Rupert merchants are offering some great values for Christmas this year. Many of them have dropped their prices to keep pace with the reductions made in the great centres of population.

This is a good time to buy. Get the shopping done before Christmas is too near and the stores are crowded with eager men and women anxious to grab for anything.

Most Prince Rupert people are not affected by the hard times. Many are better off today than they were last year because their money goes farther. They can buy more if they wish for their salaries remain the same.

Friends need remembering just the same this year as in the past. Some of them need it more.

Those who are able to do so would do well to shop mornings because at that time the merchants and their assistants have time to attend to your wants.

OPERETTA REHEARSAL

Pupils of Booth School All Ready For Christmas Entertainment

The full dress rehearsal of the operetta "The Enchanted Palace," being presented by the pupils of the Booth Memorial School, took place yesterday afternoon in the presence of the pupils of the school.

With music by Arthur Somervell and libretto by Shapcott Wensley, noted English composers, the operetta is of the finest character. Pretty costumes with harmonious color effects, tuneful choruses and graceful dances all combine to make the presentation one to be remembered with lasting pleasure.

The fairy characters, Fairy of Life, Daphne Hemmell, Fairy of the Palace, Betty Wood, and Fairy of Darkness, Eileen Hamblin, are very effectively portrayed. The fairy guardians of the palace with their tuneful singing and graceful dancing gave a realistic fairy atmosphere to the whole entertainment.

Of the mortals, the King, Douglas Christison, the Queen, Frances Linn, Princess Crystal, Margaret McLeod, and Prince Charming, Beatrice Berner, all carried through their parts with a finish and precision that was very gratifying.

Courtiers and ladies of the court, the Wise Man, the Jester, the Poet and the Chancellor completed the portrayal of the court scenes well.

The whole was introduced with a prologue by pupils of grades one and two in a very pleasing and natural manner.

The concert will be produced this evening and tomorrow evenings in the Booth School and will be much enjoyed by all who are fond of children's entertainments.

TO FOLLOW WIRE TRAIL

Expected New Alaska-Yukon Highway Will Be Along Government Telegraph Line

VICTORIA, Dec. 15.—There are six possible routes between Hazelton and the Yukon for the proposed highway to Alaska, but it is generally accepted here that the road will follow the line of the Yukon Telegraph trail, with divergencies here and there to procure better grades. Nothing definite has been undertaken by the Provincial Government with the exception of making a general air reconnaissance of the country, and compiling data from engineering and survey reports. Premier Tolmie has repeatedly stated that the building of the road will not be undertaken at the expense of road maintenance and essential highway construction in other parts of British Columbia.

This afternoon's train, due from the East at 3.30, was reported this morning to be on time.
