## Brady's Usefulness to Skeena

No fair minded person will deny that Mr. Brady has done everything in his power to get what he could for his district. He would be an extraordinary politician had he not done so.

Our criticism of him is that he permitted himself to be used by the Bennetts to pick chestnuts out of the political fire for the Tory party, thereby stultifying himself as a useful member for Skeena.

Whenever the Tory leader thought it timely to make political capital, the local member allowed himself to be thrust forward to obstruct whatever constructive legislation the government presented.

This was never shown to better advantage than when Mr. Bradyegged on to oppose Canada's natural growth to nationhood-spoke in the House against the creation of the Canadian embassies abroad; nor when he danced to Bennett's music in opposing the Fraser River Salmon Treaty, which treaty had been demanded and endorsed by the Provincial Conservative Party.

It will be remembered how, when Mr. Brady was called upon at a public meeting in Prince Rupert to explain his action regarding this treaty, he told his audience he did not have the time then to set forth his reasons but would do so at a later date.

It may be noted in passing that this later date never arrived and it is quite fair to say that Mr. Brady would never have opposed the treaty had it not been to please Mr. Bennett.

When a member in opposition for party advantage takes the part of an eternal obstructionist; when he continually raises his voice in factious and irresponsible criticism, he thereby loses his usefulness in the House and the government in power will not be disposed to grant even his reasonable requests.

It is possible for the shepherd to cry "Wolf!" once too often.

### FINAL WORD BEFORE ELECTION

On Monday Prince Rupert people will be going to the polls to choose for a member either J. C. Brady, who was the member for the last term or Olof Hanson, the Liberal standard bearer, who also has been doing useful work at Ottawa at his own expense.

The issues have been pretty well thrashed out. Brady is appealing for return on a high tariff policy, a tariff levied against all the world. The Liberals have already levied a high tariff against United States and other countries that have tariffs against us, but have lowered it against Great Britain and other parts of the British Empire. This is the imperial preference policy designed to build up an inter-empire trade, such as will be discussed at the Imperial Conference in the fall.

Mr. Brady is a fluent speaker. Mr. Hanson is not a particularly fluent speaker but he is a businessman who has a habit of getting what he goes after. One is a schoolmas- Editor Daily News: ter and the other is a man who has made his way in the business world overcoming great obstacles.

Neither of the men are of Canadian birth.

Mr. Brady if elected will go to Ottawa to line up with the Conservative opposition under Mr. Bennett, while Olof vote towards the member that will the south for a holiday. Hanson will be a supporter of the Mackenzie King Government and as such will have the ear of the government much more effectively than if he were in opposition.

We suggest that voters shall forget their personal pre- vote in. The world today is travelferences and vote for the man whom they think can best ling at a tremendous pace, circling benefit Prince Rupert.

### Powell River Contractors Got Steel From England Instead of United States Under New Treaty

VANCOUVER, July 26:-Within the past two or three days, the Dominion Bridge Co., contractor on the construction of the giant penstocks for the Powell River Co.'s new pulp and paper plant, has ordered from England 2500 tons of steel, H. S. Wood K. C. stated at a meeting in North Vancouver on behalf of A. E. Munn, Liberal candidate running against Major General A. D. McRae.

"It is the first time that such an order has ever gone to England," Mr. Wood said. "Hitherto steel penstocks for every paper mill in Canada have been made in Pittsburg. This order was placed in England because the Dunning budget made it cheaper to buy the steel there than in the United States. This is a class of material which is not manufactured in Can-

## What part of your newspaper is of most interest to you?

THE front page? The society page? Sports? Woman's page? Financial? Editorial? Cartoons?

There is a part of nearly every page that is practical, helpful, full of news-the advertising. Do you interest yourself in reading it? You should.

Here is news of immediate value to you. Comforts-necessities-luxuries-merchandise every bit of which gives you a dollar's worth of value for every dollar you spend.

In the advertisements is information of practical worth. Reputable merchants bring wares for your inspection that are soundly made and of known, proved value. The statements they make they are willing to sign-knowing that each statement must be truthful, for their reputation, standing in the community, and business prestige is at

It pays to read advertisements. For, in this part of your newspaper, you can find where your money can be spent to best advantage. A very material aid in bettering your every-day life. A way of lengthening your pocket book.

Get the habit of reading the advertisements in this paper, and taking advantage of the help they bring you.

### Show Them A Mountain And They'll Do The Rest

C dward Feuz (left) holds that "the climbing urge" is a heritage of all white races, be the objective high furniture for an infant; a tree-top for a schoolboy; or the pinnacle of success or the summit of a mountain for an adult. He ought to know, for he makes his living as a mountain guide in the heart of the famous Canadian Rocky Mountains, with headquarters at the Canadian Pacific Railway's hotels at Banff and Lake Louise, and has more "first ascents" to his credit than any other man in the country. His brother Ernst (right) is also an experienced guide and mountaineer. Both are natives of Interlaken, Switzerland, and have winter-homes in the little Swiss guide village of Edelweiss, in the Columbia Valley. They are shown scanning the peaks adjoining the Banff Springs Hotel.

# WON CUP

Beat Locals 5 to 2 Last Night to Capture Hanson Football Trophy

Defeating the locals again last night by a score of 5 to 2, H. M. S. Despatch football players captured the Hanson Cup for the forthcoming year, with a total score of 9 to 3 on the round of two games. Again it was a free-scoring match with the navy men playing circles around the locals. At half time, the score was 3 to 1. Ernie Warren scored both Prince Rupert goals. A fair-sized crowd of fans witnessed the match.

After the game, the teams proceeded to he Armory where he Hanson Cup was formally presented to the warship by S. D. Macdonald.

Paul Smith of Vancouver Spoke at Another Affair Yesterday Afternoon

'The home of Mrs. Charles Edwards, 1040 Hays Cove Avenue, wa the scene of a delightful tea yester day afternoon in connection with the visit to the city of Mrs. Paul Smith of Vancouver who is here to campaign in the interests of Olof Hanson, Liberal candidate for Skeena in the forthcoming federal election. Mrs. Edwards received the guests who were introduced to Mrs. Smith by Mrs. W. L. Sandison.

The tea tables were beautifully decorated with peonies and other summer flowers. Mrs. G. W. Abbott and Mrs. Robert Gordon poured and serviteurs were Mrs. Tom Dybhavn, Mrs. L. Drypdahl, Mrs. E. Skog, Mrs. Thor Strand, Mrs. J. F. Feasby and Mrs. Robert McCarthy.

During the afternoon, Mrs. Smith gave an interesting address in which she dealt with the British preference as advocated by the Mackenzie King government, the benefits of the Australian and West Indies trade treaties and the achievements of the Dunning bud-

# In Port Today

Caroline and Westward Here With Parties of American Nature Society

With members of the American Nature Society, who have been making a cruise up the coast on board, the Seattle yachts Westward, Capt. Roe Dykeman, and Caroline, Capt. S. M. Higgins, arrived in port early this morning from Seattle. The parties coming north on the two boats disembarked here and proceeded east by train. Two other parties are coming here from the east to embark for the criuse down the coast

England Scores 221 Runs For Loss of Five Wickets; Australia Has 345 Runs

MANCHESTER, July 26:- England, at the end of today's play in! the test cricket match against Australia, had scored 221 runs for the loss of five good wickets. Australia completed the first innings today with 345.

# When Babies

Babies will cry, often for no apparent reason. You may not know what's wrong, but you can always give Castoria. This soon has your little one comforted; if not, you should call a doctor. Don't experiment with medicines intended for the stronger systems of adults! Most of those little upsets are soon soothed away by a little of this pleasant-tasting, gentle-acting children's remedy that children like.

It may be the stomach, or may be the little bowels. Or in the case of older children, a sluggish, constipated condition. Castoria is still

the thing to give. It is almost certain to clear up any minor ailment, and could by no possibility do the youngest child the slightest harm. So it's the first thing to think of when a child has a coated tongue; won't play, can't sleep, is fretful or out of sorts. Get the genuine; it always has Chas. H. Fletcher's signature on the package.
