Has Long Record Of Fraud Charges

Harry Taylor, Who Victimized Local Business Concerns, Being Sentenced This Afternoon

Harry L. Taylor, who victimized one bank and several local businessmen with worthless checks recently, is appearing before Judge F. McE. Young in County Court this afternoon for sentence, having pleaded guilty last week to two charges of obtaining money by false pretences. Accused has a very unsavory record for fraudulent offences and has already served two prison terms in Canada, as well as having been deported from the United States.

Taylor was committed for trial this morning by Magistrate McClymont in city police court on a third worthless check count. The check in question was one for \$30 which he is alleged to have cashed at the Royal Bank on February 4. It was the second he is charged with having cashed at that bank, the first having been for \$50. The check was drawn upon the Imperial Bank of Canada in Vancouver and was found to be worthless upon being returned from Vancouver. Taylor is appearing for election on the third count before Judge Young this afternoon.

Canadiens Beat Chicago in National Hockey League and Bruins Win Over Detroit

NEW YORK, Feb. 17.—The Senators of Ottawa and the Americans of New York battled seventy minutes in an effort to break a deadlock Sunday night but failed to do so.

At Chicago, Howie Morenz won the game against the Black Hawks for the Montreal Canadiens. He scored the first goal for his team and then, after Chicago had equalized, he went out in an overtime period to notch the winning tally.

Detroit at home suffered defeat at the hands of the champion Boston Bruins in a mild game.

Last night's scores:
Canadiens 2, Chicago 1 (overtime).
Boston 4, Detroit 2.
Ottawa 2, New York Americans 2 (overtime).

Dominion Government Realizes Long Cherished Hope; Appointee Is Mother of Eight Children and Prominent in Business

OTTAWA, Feb. 17.—Canada's first woman senator, Mrs. Norman F. Wilson of Ottawa, was appointed on Saturday. Premier King, in making the announcement, said that his government had been anxious to take advantage of the earliest opportunity to recognize the rights of women to sit in the senate. Mrs. Wilson, the premier pointed out, had taken a very active part in dealing with social questions. Her father was the late Senator Robert Mackay of Montreal and her husband was a former member of parliament for Russell. For years she had been active politically and was now an honorary president of the National Federation of Liberal Women of Canada, which organization she had been instrumental in bringing into being.

The mother of eight children, Mrs. Wilson was born in Montreal and has large business interests in her own right. Her capable management of these interests is one of her well known achievements.

CHANGES IN TRAIN TIMES FORECASTED BY LOCAL REPORTS

While no official announcement is as yet available in railway circles here indicates that the premier policy last fall by C.N.R. officials that longer stopovers would be afforded for tourists here is to be implemented this year. According to reports that are current here, trains will leave for the East this summer in the early afternoons and will arrive soon after noons. Boats will arrive, as in the past, at 10:30 in the mornings and sail at 4 o'clock in the afternoons, thus giving stopovers here of an hour or so for people travelling in either direction.

Saturday scores—
Pittsburgh 1, Montreal 3.

Situation at Naval Parley Over France's Demands Has Become Serious, Papers Say

LONDON, Feb. 17.—The naval disarmament conference was today faced with a situation which London evening papers described as "serious."

France's demand for naval tonnage of 74,479 has brought from British spokesmen a warning in substance to France: "If you insist in your attitude we must consider the necessity of revising our own requirements, which are virtually settled in an agreement with America."

Premier Tardieu is ill in Paris and there is little hope of tackling the problem until he returns to England.

As a result of the heavy rains of the past few days, the basement of the Exchange Block became flooded Saturday night and at 2 o'clock yesterday morning Norman Brodhurst, foreman of the Pacific Salvage Co., was called out with pumps to stay the flow. The pumps did good work and soon the level of the flood was reduced. No finer swimming pool could have been offered than that which developed under the downtown business block.

LIVED HERE FORTY YEARS

Mrs. T. Matthews, Who Came to Metlakatla With Bishop and Mrs. Ridley, Dies in Vancouver

Many friends in the north will learn with regret of the death from pneumonia in Vancouver early Saturday morning of Mrs. Susan Matthews, better known as Mrs. Horace Kirby, who had been a resident of this district for nearly forty years. Born in London, the late Mrs. Matthews came to Canada from England with the late Bishop and Mrs. Ridley as their housekeeper, accompanied by her husband, who was boys' instructor in the old Ridley Home at Metlakatla. It was at Port Essington, where for many years she was engaged in the hotel business, that Mrs. Matthews, then Mrs. Kirby, became better known. Her first husband having died, the late Mrs. Matthews was married to T. Matthews about eight months ago.

Besides the widower, the late Mrs. Matthews is survived by a sister, Mrs. J. S. McDonald of this city; two nieces, Mrs. Willard Gibson of Hammond, who was at deceased's death bed, and Mrs. William Reith of Longbeach, Cal., and one nephew, Thomas Dawe of Crescent Beach and formerly at Port Essington.

The funeral will take place in Vancouver.

VALUE OF PUBLIC OPINION

Public opinion is a useful factor in connection with many things. This is being shown in connection with the stopping of wholesale political dismissals. The publicity given to the Norman Watt case will be a wholesome warning in preventing the continuation of the system.

We believe it will be wise to give the fullest possible publicity to the investigation which is to be held. This will be in the best interests of everyone and especially will tend toward better government. It is to be hoped the inquiry will extend to the methods of political machines, both Conservative and Liberal, so that civil servants will have a measure of protection against those who are seeking positions for political support.

NEW POST OFFICE

Writing in a club bulletin recently a local citizen said: In regard to a new post office, this matter is progressing from being a necessity to being a scandal, and shortly it will progress to being a crime. We have it on undoubted authority that plans for a new building are lying prepared but idle with the department, who are well aware of the crying need and are somewhat surprised that no concerted efforts are being made to insist on it being erected. We are not asking it as a favor; we are demanding it as a right and a necessity. Such things are obtainable by either public outcry or by political pull. If the public are too lethargic to cry out, then by all means the political associations should be compelled to take action. Our climatic conditions are such that it works a very severe hardship on those who are compelled to journey to the city boundary in order to catch the mail or receive their mail.

Troubles are for the weak. If you are big enough and strong enough mentally, spiritually and physically you do not have to have troubles.

DOERS AND DUDS

There are only two kinds of people in the world. Some one has called them the people that lift and the people that lean. For the sake of brevity let us name the doers and the duds, says the Rotarian.

We meet them in every walk of life. Almost every philanthropy, church, or fraternal organization must carry on through the earnest, sacrificial work of a comparatively small band of devotees. Too many men will not exert themselves except under the spur of necessity or some exuberant enthusiasm. It is so much easier to be a dud than a doer!

Even in business the clock-watching, eight-hour man represents a surprisingly large proportion of any personnel. How can we expect a different situation in such a voluntary association as a Rotary club? Everywhere, apparently, a few are carrying the burdens and taking the lead. It is a law of life.

What, then? Shall we fold our hands in resignation and let laborer and loafer remain fixed in their categories forever? By no means. The very injustice of such a cleavage is a challenge. Certainly in Rotary we can be vigilant in seeking men of conscience and capacity to fill our vacant classifications. We can pile on the all-but-unwilling backs as much responsibility as they will stand. Perhaps we cannot eliminate the drones; but we can wage an unremitting warfare to increase the ranks of the doers and reduce the number of the duds. Above all, we can ceaselessly guard against being duds ourselves.

Such a program can infuse new life into any Rotary club. It will inevitably tend towards a better balance between those who carry the load and the load they carry.

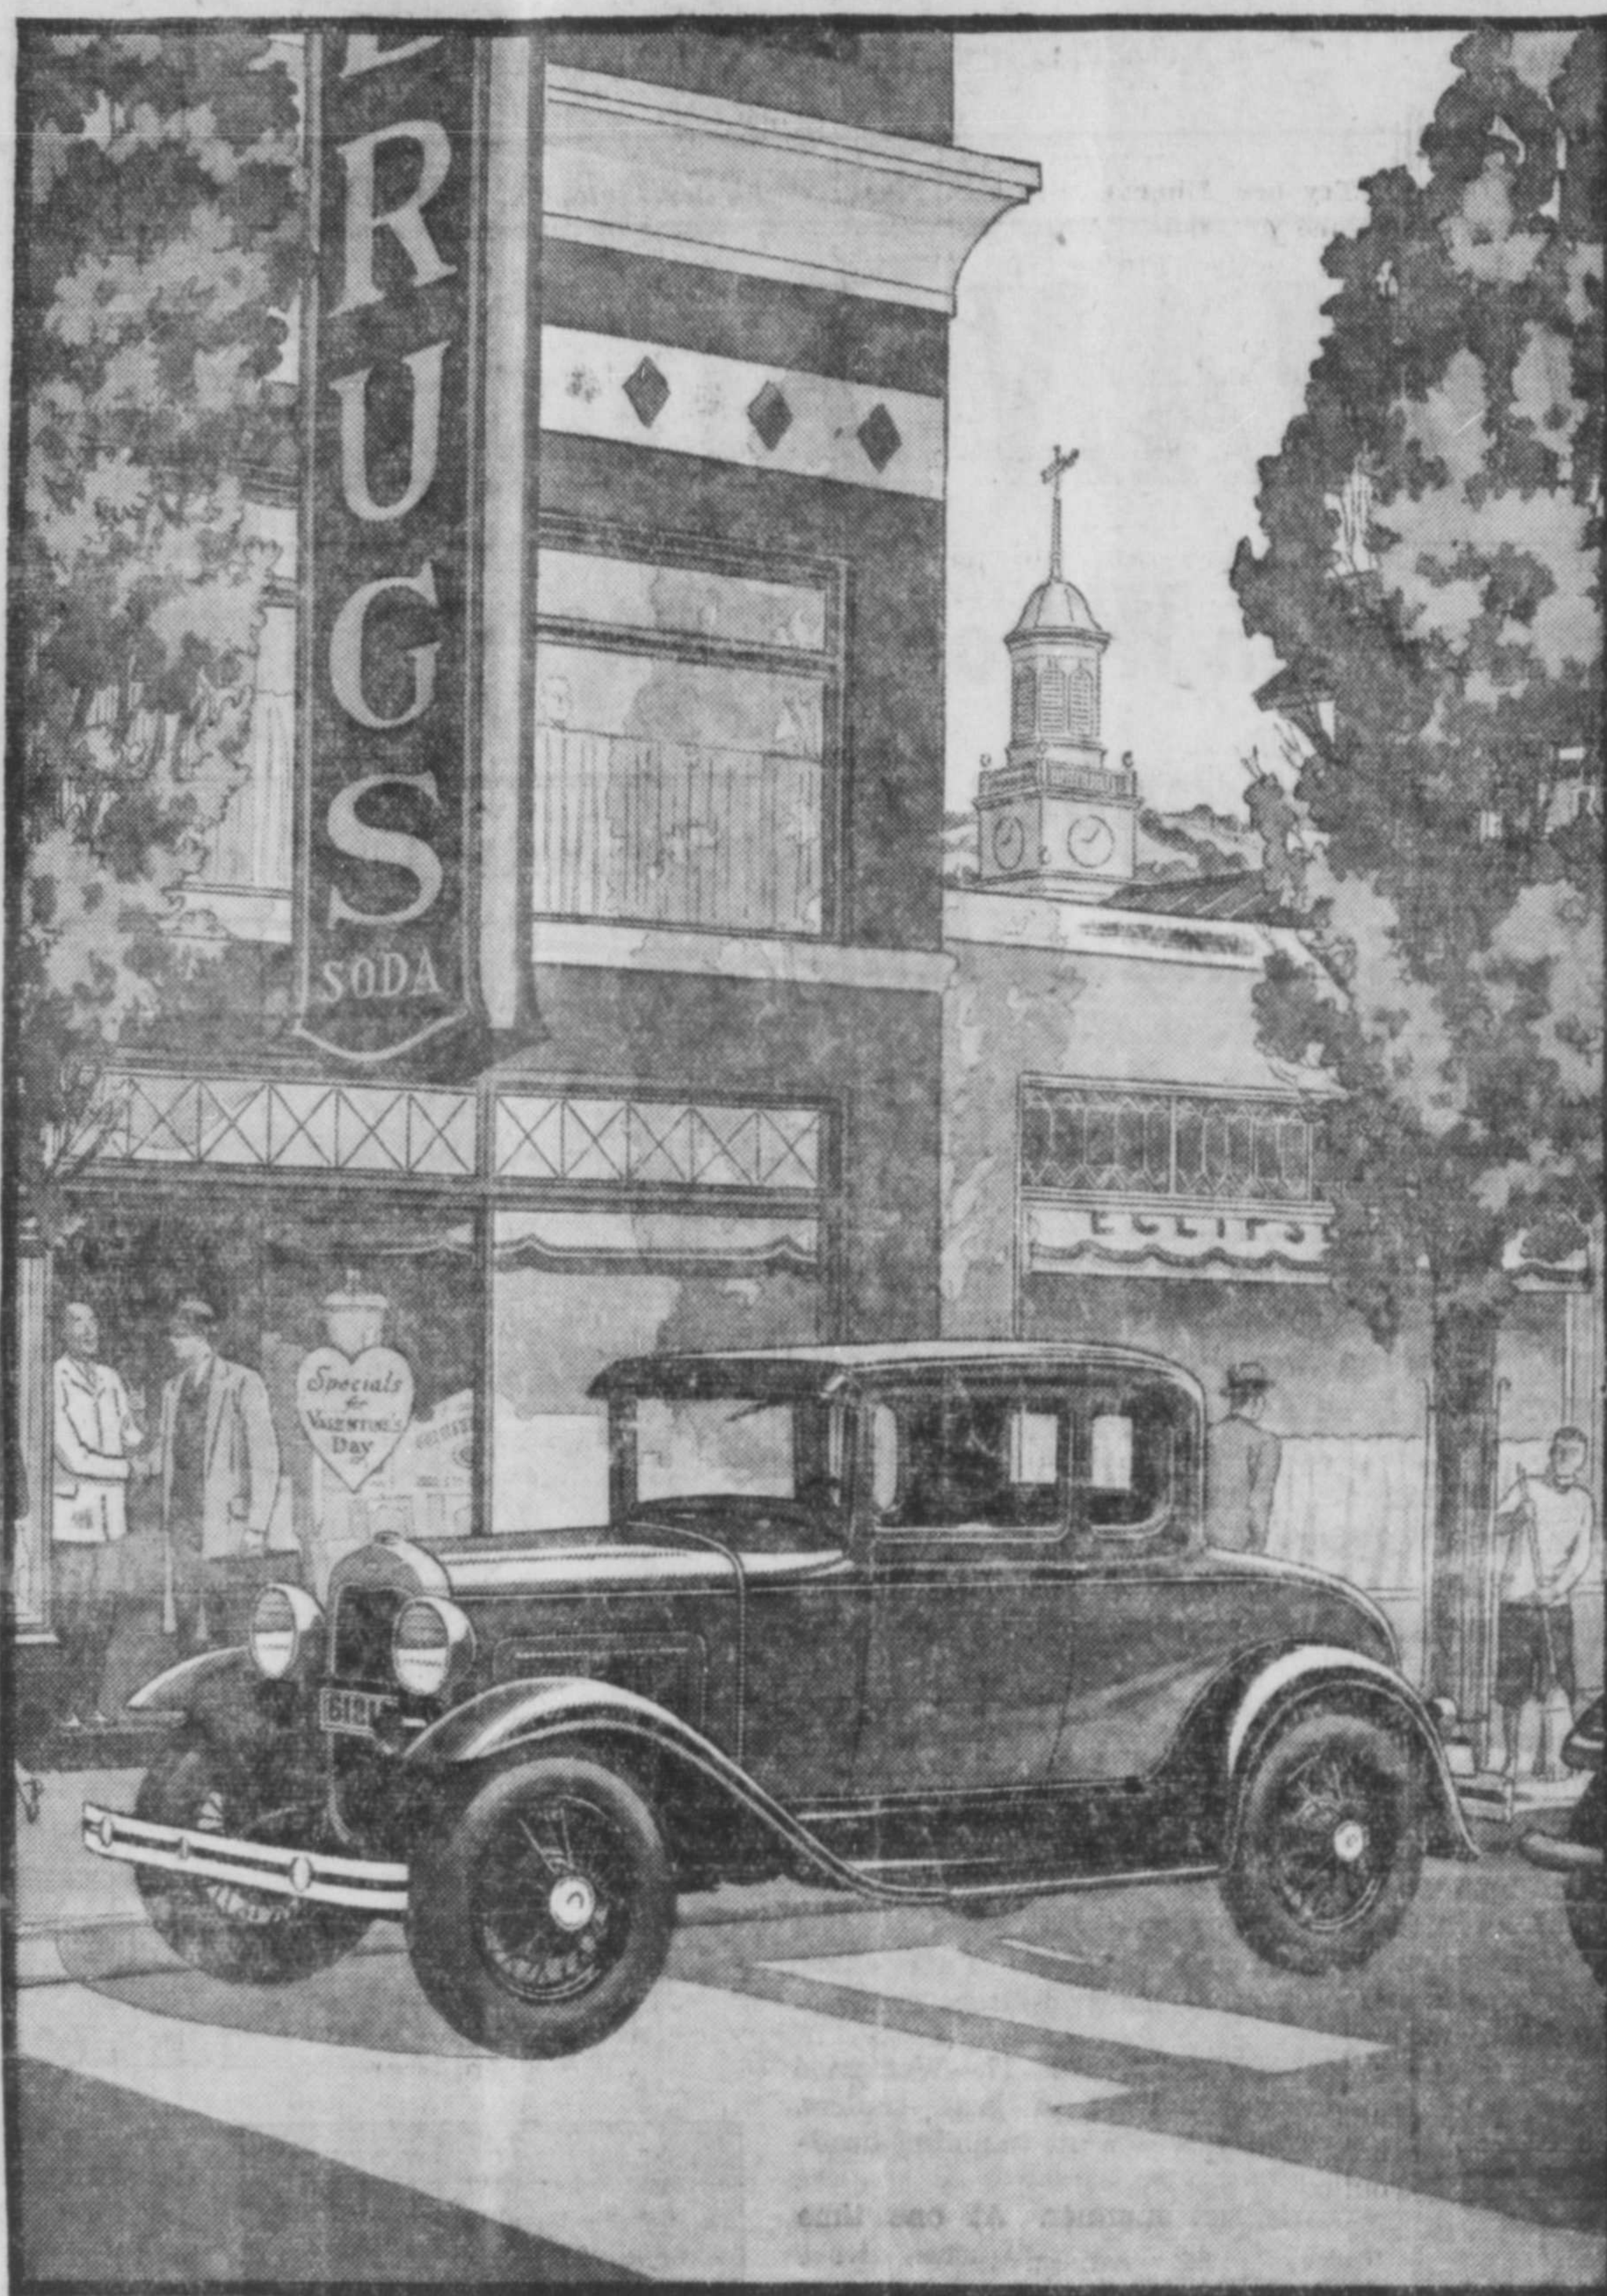

Children are great educators. They not only educate their parents but also have considerable influence over their teachers.

Beauty of line and mechanical excellence

BEAUTY has been built into the graceful flowing lines of the new Ford and there is an appealing charm in its fresh and varied harmony of color. Yet more distinctive even

than this beauty of line and color is its alert and sprightly performance.

As days go by you will find that it becomes more and more your favorite car to drive—so responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring.

The city dweller—the farmer—the industrial worker—the owner of the spacious two-car garage in the suburbs—to all of these it brings a new measure of reliable, economical service.

Craftsmanship has been put into mass production. Today, more than ever, the new Ford is "a value far above the price."

Much Damage Done in Blow Ten Days Ago; Was Worst in Memory of Oldest Residents

BOATS WRECKED

Delkatia Slough Was Scene of Worst Destruction in Recent Southwest Gale

MASSETT, Feb. 17.—Much damage was done in a gale which swept into Massett Inlet from the southwest on February 7. It was the worst wind experienced in the me-

mory of the oldest settlers of the inlet.

The smokestack of the Langara Fishing & Packing Co.'s cannery was blown down and duck boards from the roof were scattered everywhere. The large signs on the Queen's Hotel were blown into Main Street, and most of the radio aerials came down.

On Delkatia Slough the damage was even more serious, boats being smashed and mill property scattered around. The gasboat Me Too was holed, the Western Hope's boat shed was completely wrecked, a boom was broken at the mill, a boat float was wrecked, Edenshaw's big packer was driven through the bridge and the plothouse torn off, the Josephine's masts were sheared to the decks, Wes Singer's boat Oyashimo was sunk, and the Em-

pire was thrown on the beach. The steamer Prince John was held up for half a day or more before venturing into Hecate Straits.

LARGEST FAIR MEMBERSHIP IN PROVINCE HERE

Terrace Led British Columbia in Domestic Science Exhibits, Provincial Association Hears

Prince Rupert, with a total of 2010, had the largest fair association membership in British Columbia last year, it was announced last week at the annual meeting of the

British Columbia Fairs Association in New Westminster.

The Terrace fair was the best in the province with domestic science exhibits.

Armstrong had the best all round fair in the province, scoring 89 out of a possible 100 points.

Masquerade Dance At Terrace Is Very Successful Affair

TERRACE, B.C., February 17.—A very enjoyable masquerade dance was held last Friday night in the G.W.V.A. Hall by the Board of Trade, the Indian orchestra supplying splendid music for over 80

couples. Many clever costumes were worn. Of these, prizes were given to W. Jordan and Miss G. Kennedy, who were costumed as Spaniards, and to N. Yack and Miss B. Anderson. Mr. Yack was also dressed as a Spaniard. Mrs. Head, as the "Fall Fair," won the prize for the most original ladies' costume. R. Thomas was very becomingly dressed as a Spaniard also. Everyone had an excellent time.

In the current number of the Canadian National Railways magazine appears from the pen of A. D. Darlington an interesting article entitled "The Shadow Show at Kitwanga" in which some of the aboriginal history of the interior native village is given.

With a Sandbag

"Look here—don't be scared, either of you. But I'd better leave you my revolver. I mean—just in case. I'll be back just as soon as I possibly can."

He laid the revolver down on the little table by the sofa, then hurried off. They heard the front door bang behind him.

The house seemed very still now. The two girls stayed motionless by Bill. Bundle still kept her finger on his pulse. It seemed to be beating very fast and irregularly.

"I wish we could do something," she whispered to Loraine. "This is awful."

Lorraine nodded. "I know. It seems ages since Jimmy went and yet it's only a minute and a half."

"I keep hearing things," said Bundle. "Footsteps and boards creaking upstairs—and yet I know it's only imagination."

"If they could get Bill—!" said Bundle and stopped. Loraine shivered.

"I know—but we're in the house. No one can get in without our hearing them. And anyway we've got the revolver."

Bundle turned her attention back again to Bill.

"I wish I knew what to do. Hot coffee. You give them that sometimes."

"I've got some smelling-salts in my bag," said Loraine. "And some brandy. Where is it? Oh, I must have left it in the room upstairs."

"I'll get it," said Bundle. "They might do some good."

She sped quickly up the stairs, across the gaming room and through the open door into the meeting place. Loraine's bag was lying on the table.

As Bundle stretched out her hand to take it, she heard a noise from behind her. Hidden behind the door a man stood ready with a sandbag in his hand. Before Bundle could turn her head, he had struck.

With a faint moan, Bundle slipped down, an unconscious heap, upon the floor.

The Seven Dials

Very slowly Bundle returned to consciousness. She was aware of a dark, spinning blackness, the centre of which was a violent, throbbing ache. Punctuating this were sounds. A voice that she knew very well saying the same thing over and over again.

The blackness spun less violently. The ache was now definitely located as being in Bundle's own head. And she was sufficiently herself to take an interest in what the voice was saying.

"Darling, darling Bundle. Oh, darling Bundle. She's dead; I know she's dead. Oh, my darling. Bundle, darling, darling Bundle. I do love you so. Bundle—darling—darling—"

Bundle lay quite still with her eyes shut. But she was now fully conscious. Bill's arms held her closely.

"Bundle, darling—Oh, dearest, darling Bundle. Oh, my dear love. Oh, Bundle—Bundle. What shall I do? Oh, darling one—my Bundle—my own dearest, sweetest Bundle. Oh, God, what shall I do? I've killed her. I've killed her."

Reluctantly—very reluctantly—Bundle spoke. "No, you haven't you silly idiot," she said.

Bill gave a gasp of utter amazement.

"Bundle—you're alive?"

"Of course I'm alive."

"How long have you been—I mean when did you come to?"

"About five minutes ago."

"Why didn't you open your eyes—or say something?"

"Didn't want to. I was enjoying myself."

"Enjoying yourself?"

"Yes. Listening to all the things

you were saying. You'll never say them so well again. You'll be too beastly self-conscious."

Bill had turned a dark brick-red.

"Bundle—you really didn't mind? You know, I do love you so. I have for ages. But I never dared tell you so."

"You silly juggins," said Bundle. "Why?"

"I thought you'd only laugh at me. I mean—you've got brains and all that—you'll marry some bigwig."

"Like George Lomax?" suggested Bundle.

"I don't mean a fatuous ass like Codders. But some really fine chap who'll be worthy of you—though I don't think any one could be that," ended Bill.

Another Proposal

"You're rather a dear, Bill."

"But, Bundle, seriously, could you ever? I mean, could you ever bring yourself to?"

"Could I ever bring myself to do what?"

"Marry me. I know I'm awfully thick-headed—but I do love you, Bundle. I'd be your dog or your slave or your anything."

A Different Woman

"I have great pleasure in informing you that Kruschen Salts have worked wonders for me. I have been a great sufferer of liver and kidney trouble, and after trying one bottle I am a different woman. I had to give up my work, but thanks to Kruschen Salts I am back at work again, and I give my son a little every morning, and I don't fear of the little complaints now which a child generally gets. He is happier and brighter. I have enclosed a snap-shot of son and self. I am 43 years, say 6 years. I shall always highly recommend Kruschen, and I would not be without them myself in a hurry." —(Mrs.) M. P. Original letter on file for inspection.

Kruschen Salts is obtainable at drug and department stores in Canada at 75c a bottle. A bottle contains enough to last for 4 or 5 months—good health for half-a-cent a day.

FREE TRIAL OFFER

If you have never tried Kruschen—try it now at our expense. We have distributed a great many special "GIANT" packages which make it easy for you to prove our claim for yourself. Ask your druggist for the new "GIANT" 75c package.

This consists of our regular 75c bottle together with a separate trial bottle—sufficient for about one week. Open the trial bottle first, put it to the test, and then, if not entirely convinced that Kruschen does everything we claim it to do, the regular bottle is still as good as new. Take it your 75c immediately and without question. You have tried Kruschen free, at our expense. What could be fairer? Manufactured by E. Griffiths-Burton, Ltd., Manchester, Eng. (Estab. 1756). Importers: McMillan Bros., Ltd., Toronto.

Assistant Superintendent P. G. Russell of Smithers, Divisional Master Mechanic Archie Watt of Prince George and the five road-masters of this division of the Canadian National Railways will be here on Friday of this week for a company fuel conservation meeting.

Owing to the inclement weather, there was not a very large attendance at the weekly Cinderella Dance of the Moose Lodge on Saturday evening. Those who were there, however, had a very enjoyable time dancing to strains of melodious music furnished by the Premier Orchestra. B. J. Bacon was master of ceremonies and Ted Rorvik presided at the door.

TEA SUCCESSFUL

MASSETT SHINGLES

One Hundred Thousand Shipment Arrived Here Recently; Is Popular Product

One hundred thousand shingles arrived in Prince Rupert recently from the Robertson and Simpson sawmill at Delkatla, near Massett, it being the first movement of shingles this year out of the Queen Charlotte Island plant. The new mill in Massett Inlet is putting out an excellent product, which is proving very popular on the Northern B. C. market. An attempt will be made by the company this year to enter the Alaska market as well.

Massett Opposed To Regulations

MASSETT, Feb. 17.—The new fishing regulations were discussed at an open meeting held in Martin's Hall. Local residents went on record in favor of the open-door policy with regard to the issuance of fishing licenses in this province, no restriction of the fishermen's right to change fishing grounds at will, the maintenance of a competitive market and the cancellation of the present regulations for the coming year.

ROAD WORK ON ISLANDS

Extensive Operations Planned For Massett District by Provincial Public Works Department

Extensive road work in the Massett vicinity during the coming year is outlined by W. K. Gwyer, district engineer. Two and a half miles of new road, extending east from the Sangan River, will be cleared, graded and planked this spring, besides improvements to roads already constructed. The North Beach road justifies considerable expenditure, because more traffic is handled over this one road than over all the other highways on the islands.

"I'll go to work for You, Mother"

BRAVE words, bravely spoken. Boyish shoulders, braced to lift burden of responsibility beyond their strength.

It is a tragedy so common as to create but little comment . . . children starting out to fight life's battles, unequipped.

Have you thought of the story behind the little figure that urges you to buy a paper . . . that begs the chance to run an errand, for a few sorely-needed coppers? Have you imagined the plans that may have been made for his education—the hopes, held in happier days, for his future?

And have you considered what would be the fate of your boy . . . your girl . . . should you be taken away?

For the burden you drop must be carried on . . . on the frail shoulders of your children . . .

Or on the broad, sustaining back of Life Insurance.

Make your decision today . . . and protect, with adequate Life Insurance, the future you would wish for those you love.

SMITHERS

The Native Sons of Canada are cutting quite a swathe in the local hockey league. In one game last week they beat the Canadian Legion by a score of 9 to 4, and, in the second, took the veterans into camp 5 to 4.

Fire last Sunday evening totally destroyed the home of Mr. and Mrs. P. E. Sparkes of Telkwa. Practically all the contents of the dwelling were also lost.

During 1929 the provincial government spent \$5500 in water surveys on the Bulkley River, \$2100 on Creek and \$2500 on the Nechalco Babine Lake, \$550 on Anderson River.

The Women's Guild to the local United Church held a successful Valentine tea and sale of home cooking in the church on Thursday afternoon.

On Tuesday of this week Government Agent S. H. Hoskins of Smithers started in on his thirty-fifth year with the civil service of the province. He entered the service as a policeman in the present islands constituency.

An excellent concert was given here on Friday evening under the organization of Gray's orchestra in aid of the Smithers hospital. The attendance taxed all the available accommodation.

At the annual postponed meeting of the Topley Richfield Mining Co. in Vancouver last week, Frank H. Taylor was elected president of the company.

E. Haan has been given the contract to erect a garage for the accommodation of cars at the government buildings here.

The provincial department of public works has been to a large extent successful in its efforts to keep the roads of Omineca and Skeena ridings open despite heavy snowfall. The snowplows have been used to good advantage.

The tie loading yard here is now full to capacity and it is necessary to move some of the ties out. Meanwhile hauling proceeds steadily and all contractors are working to get their cut in before the snow disappears.

PRINCE GEORGE

The city council here is making efforts to have the Canadian National make arrangements for the transport of automobiles from Prince George to Jasper Park until such time as a highway is provided.

Mayor Patterson proposes another two-cent reduction in the local electric light rate. If the reduction goes into effect, the rate will be 14c per kilowatt hour for the first fifty kilowatts and 10c for all in excess. In addition to this, there would be the usual 20% discount. It is also proposed to cut the power rate to 5c.

The Prince George Board of Trade asked the city council for a grant this year of \$700, in order to carry on publicity work and other activities this year. All the board got, however, was \$150.

Bronchial Cold Left Her With A Dry, Hacking Cough

Mrs. J. Fearman, Selkirk, Ont., writes:—"Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough."

"After being bothered, both day and night, with it for some time I had a friend recommend

Dr. Wood's Norway Pine Syrup

which I tried with wonderful results, and now it is the only remedy I ever use for colds.

"I have also used Milburn's Heart and Nerve Pills with wonderful results."

"Dr. Wood's" is 35c. a bottle; large family size 60c.; at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Mrs. C. Jonas, Miss P. Thompson and Mrs. A. B. Taft returned on Monday from the Jasper bonspiel, where they came second in one event and second in another.

The Prince George Board of Trade is interesting itself in the idea of establishing a buyers' week here.

There is considerable discussion pro and con here on the proposal to establish domestic science and manual training departments in the local public schools.

In an interesting curling event here on Wednesday, a rink skipped by J. H. Johnson defeated one headed by F. D. Taylor 16 to 5 in a challenge match.

One of the outstanding events of the local social season was the annual dance in the Ritts-Kifer hall last night of the public school teachers of the city. A feature of the occasion was novelty dances for prizes.

Hockey teams from Prince George, Alkali Lake, Williams Lake and Quesnel are meeting this week in the latter town to decide the championship of the Cariboo. The local team left today.

Last Sunday afternoon in a regular local hockey league fixture, the Elks defeated the Canadian Legion by a score of 7 to 5 in a game which was featured by goor goal keeping.

Miss Lottie Bowron of the provincial education department has been a visitor here during the past week on official duties which are concerned with investigation of conditions for young women teachers in isolated portions of the province.

C.P.R. steamer Princess Norah is returning to the Alaska run, being due here on Saturday of this week, and the Princess Mary, which has been relieving the Norah on the Skagway route, will be back this week on her regular run between here and Vancouver via Ocean Falls and other ports.

In answer to questions by Ian Mackenzie, M.L.A. North Vancouver, Premier Tolmie replied in the legislature that an amended charter for the Portland Canal Short Line Railway was granted in 1929 to the Canadian Northeastern Railway. Dr. Tolmie also gave other details in connection with the operation of the Stewart Railway.

Better Days For Creamery at Vanderhoof

Losses of Previous Years Were Converted To Profit in 1929, Legislature Is Told

The Vanderhoof creamery has been under discussion in the legislature following the asking of questions with regard to it by Michael Manson, M.L.A. for Mackenzie. The creamery, Hon. William Atkinson, minister of agriculture, replied, was established there with government assistance in 1920. Up to August 20, 1928, a total of \$15,327.52 had been spent by the government in connection with the creamery. On March 30, 1929, the government paid an \$11,698.70 overdraft for the creamery, which steadily lost money since its inception. From April 1, 1929, to December 31 the same year the plant was operated under an arrangement with P. Burns Co., Ltd., and during the period showed a profit of \$875.73, though the butter-fat production was slightly less during that period than in former years. The government paid no bonus to the patrons of the creamery.
