CHINESE ARE ON THE RAMPAGE AGAIN

SUCCESSION DUTY HAS PASSED THE LEGISLATURE

Attorney General Insists On Passage of Amendments With View Correction of Last Year

VICTORIA, March 1:—Hon. R. H. Pooley, attorney general, refused in the legislature last night to abandon his retroactive legislation correcting succession duty amendments which last year gave exemption to all estates over \$20,000 instead of limiting exemptions to that amount. L. A. Hanna, Liberal member for Alberni, in the committee stage, offered an amendment to make it non-operative in respect to estates which had been distributed during the past year.

After hours of debate, the amendment was voted down. Mr. Pooley insisted that all estates had been warned of last year's error.

SHAKE-UP IN HOTELS

Many Changes in This Department of Canadian National Railways

WINNIPEG, March 18:—The resignation of A. W. Hodgdon, resident manager of the Fort Garry Hotel, Winnipeg, was announced yesterday by A. S. McLean, general superintendent of the hotel department, Canadian National Railways.

C. L. Weldon, manager of the Macdonald Hotel at Edmonton, will become manager of the Fort Garry Hotel and Mr. Weldon will be succeeded by H. H. Tillman, the present manager of the Prince Arthur Hotel at Port Arthur.

Chinese Should Have Right to Employ Females

Present Prohibitory Regulations Called Discriminatory by Oriental Organization

TORONTO, March 18:—Chinese cafe owners have the same right to employ white women as restaurateurs of other nationalities, contends the Eastern Canada Chinese mission in a resolution addressed to the Toronto police commission. The present by-law forbidding Chinese to employ white women in their cafes is termed a discrimination. "The Chinese, especially those professing Christianity, have proven themselves as good and law-abiding people as the average white or other races," the motion reads. "Such discrimination is likely to intensify the present somewhat bitter feeling among the Chinese both in Canada and in China itself."

MANY DIE ON BOAT

Score of Passengers as Well as Members of Crew Perish on Magdalena River

BOGOTO, Columbia, March 18:—More than a score of the passengers and many of the crew of the river steamer Bucaramanga lost their lives yesterday when the boat's cargo of petroleum caught fire on the Magdalena River. The ship was destroyed.

EVIDENCE OF FRAUD

Chartered Accountant Was Witness Today in Hearing of Solloway-Mills at Calgary

CALGARY, March 18:—Evidence that transactions between Solloway, Mills & Co. and the house account were in the main book entries only and that heavy wash sales of A. P. Consolidated had been made by the company through the Dominion Oil Exchange and others characterized by the witness as "jinxey" or "book" entries, showed heavy losses featured this morning's hearing of Isaac W. C. Solloway and Harvey Mills on charges of conspiracy to defraud the public.

Further evidence by Kenneth J. Morrison, chartered accountant, was to the effect that, in one or more cases when marginal accounts of clients had been closed out in October last, the stocks from the clients' accounts had actually been bought by Solloway, Mills & Co. by means of the house account.

PIONEER IS DEAD

Joseph W. Scott Expires After Brief Illness With Pneumonia

HERE TWENTY YEARS

Joseph W. Scott, one of Prince Rupert's best known and most prominent pioneer businessmen, succumbed at 4 o'clock yesterday afternoon at his home, 405 Fifth Avenue East, to an attack of pneumonia. It was little more than a week previous that he was stricken with the first serious illness of his life. At the end of last week it was realized that his condition was critical and, though all last resources of medical science were employed, it was impossible to save his life. His demise came as a great shock to this community where for many years he was so well known.

Born in Toronto, 47 years ago, the late Mr. Scott came here from the east 20 years ago, and with his father, the late J. G. Scott, who died in October, 1923, established the Katen Hardware business which has come to be one of Prince Rupert's most successful mercantile enterprises.

The late Mr. Scott, who lived in Prince Rupert continuously for 20 years, is survived by his widow and two sons—Joseph Jr. and Douglas. His aged mother, Mrs. J. G. Scott, resides in Toronto and there also remain to mourn deceased's loss one brother—Hugh B. Scott of Vancouver—and four sisters—Mrs. R. G. Bond, Mrs. G. B. Harlock, Mrs. L. Ramshaw and Mrs. L. Burke, all of Toronto.

The late Mr. Scott for many years was an active member of the Prince Rupert Board of Trade of which organization he became vice-president, declining to accept the presidency when it was offered to him. Like his father, he was a Conservative in politics and a Presbyterian in religious denomination. He was always active in the support of athletics.

Accompanied by the widow and his younger son, Douglas, the remains will be placed aboard tomorrow morning's train and taken to Weston, Ont., where interment will take place in the family plot in Riverside Cemetery. Before the departure of the train, a private funeral service will be held in the chapel of the B. C. Undertakers.

BOND HOUSE LOSES CASE

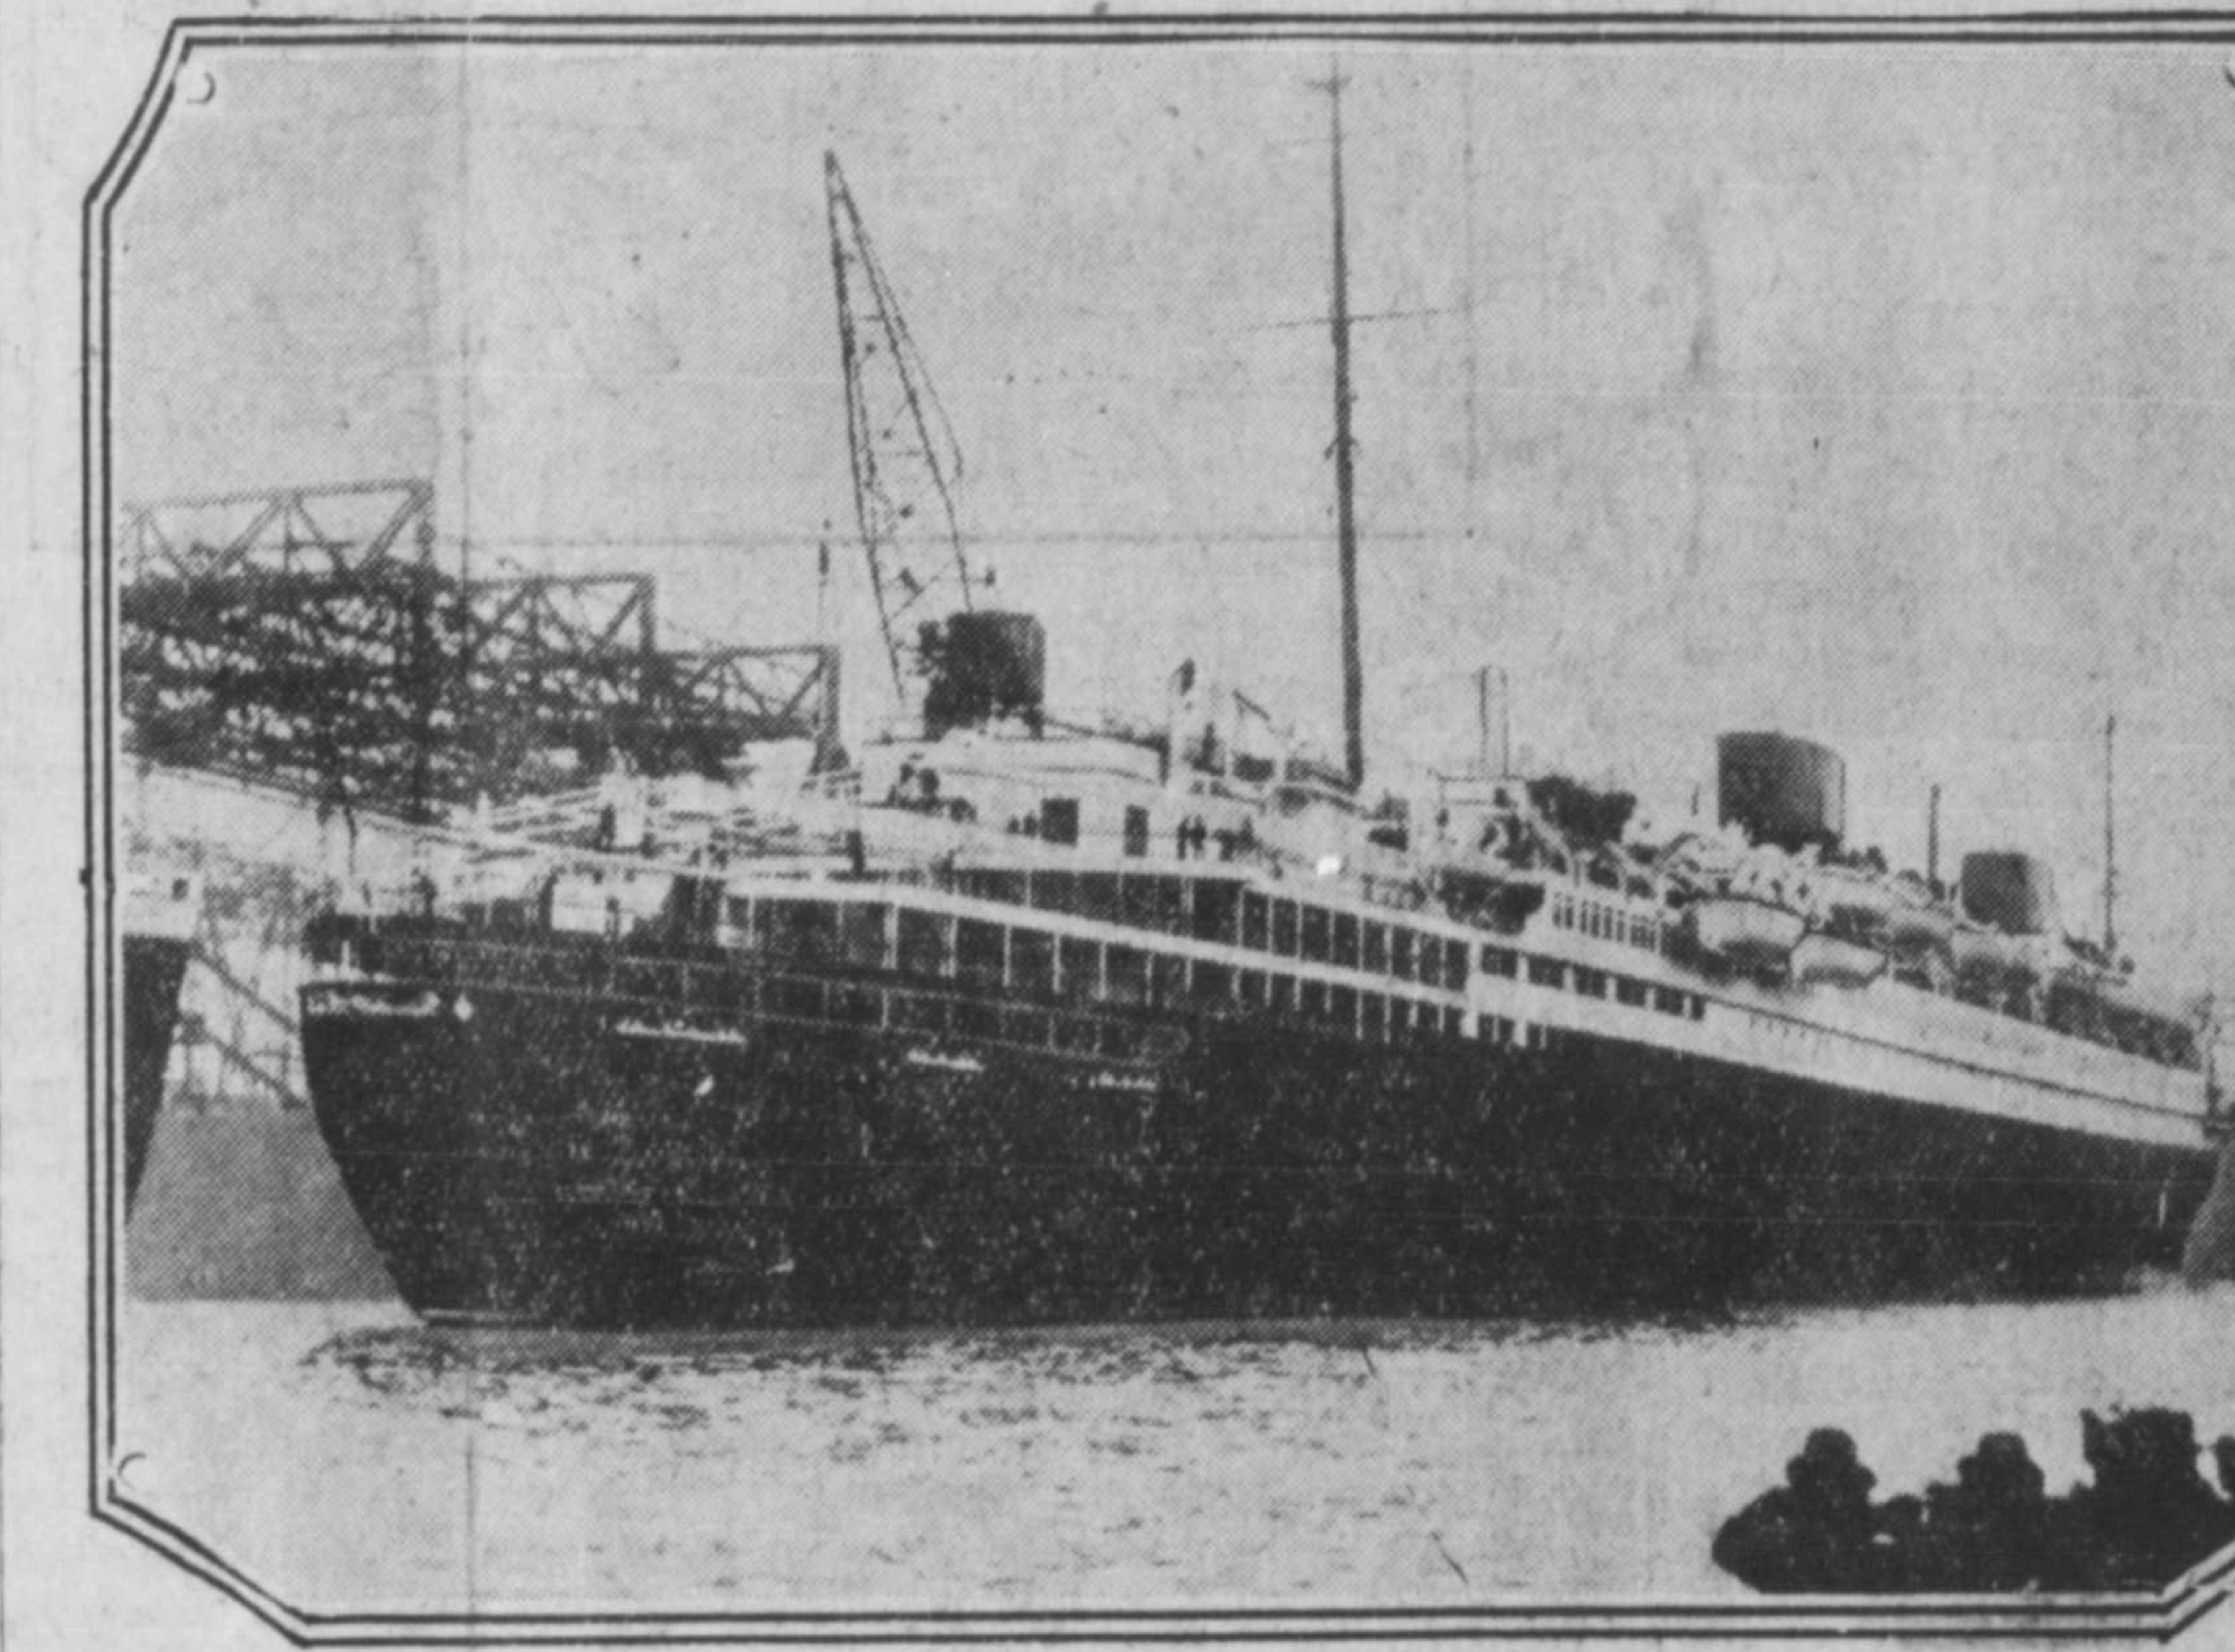

William Vye of Vancouver is Awarded Supreme Court Judgment Against Solloway-Mills

VANCOUVER, March 18:—Following trial before Mr. Justice D. A. McDonald and a jury in Supreme Court here, William Vye was awarded a judgment for \$22,000 due him by Solloway, Mills & Co. on stocks which, according to Vye, were sold by the defendant company in April of last year.

Believed Penniless Owned Thousands

MONTREAL, March 18:—Actuated by charitable sentiments Joseph W. Papineau sheltered an aunt for five years, believing her to be penniless. At the death of this aunt, Jane Carrall, it was discovered that she had left a will disposing of several thousand dollars to a certain Jacob Jacobson. Suit was brought for \$1800, board at \$30 a month and Papineau was awarded the sum.

May Establish New Transatlantic Speed Record

The Europa, twin sister of Bremen, is now ready for its first transatlantic voyage. The Europa, shown here, is 938 feet long and is expected to establish a new transatlantic steamship record.

City Council Sets Mill Rate of 48 For Year—Schools Up But General Levy Is Reduced

A mill rate of 48 for the year, as against 45 mills in 1929, was struck by the city council at its meeting last night, on recommendation of the finance committee. The rate is divided as follows: general, 12 mills schools, 21; special, 15. The general rate this year is four mills less than last, the school rate five mills more, and the special rate, two mills more. The increase in the school rate this year is due to the fact that a sum of \$17,213.33, covering annual interest and sinking fund on school debentures, which was formerly charged to general revenue

Street Lighting	9,000.00
P. R. General Hospital	12,500.00
Pound Keeper	750.00
Publicity	500.00
Relief	1,000.00
Reading Room	825.00
School Expenditure	90,350.00
Special Rates	73,593.94
Total Estimated Exp.	\$315,581.08

in special rates has now been charged to the schools where it rightfully belongs. Economies effected by the administration this year are to a large extent responsible for the decrease in general rate. The special rate includes interest and sinking fund on debentures, and is something that is governed by spendings of the past rather than by those of the present.

The increase of three mills in the tax rate will not mean heavier taxation on all property since the assessment in some cases has been reduced considerably. One of the changes made by this year's council in the interests of economy is the dispensing with the services as assessor of J. C. McLennan. E. S. Allistone of the taxation staff at the City Hall to take over his duties in addition to his own. Mr. McLennan had been paid \$600 per year as assessor. In view of his added work, Mr. Allistone is being given a \$300 increase. This will mean a net saving of \$300 in salaries in addition to lower general expenses through elimination of duplication of work.

Following are the estimates of general city expenditure for the year 1930:

General Expenditures	
General Administration	\$24,000.00
Assessor's Department	750.00
Fire Department	17,407.14
Engineer's Department	4,800.00
Health Department	12,830.00
Public Works Dept.	31,100.00
Fire Protection (2nd av.)	3,000.00
Fire Protection (Bacon s.)	3,000.00
Police Department	13,800.00
Library Board	3,750.00
Sewer Maintenance	4,500.00
Int. on Temporary Loans	4,000.00
Donations	1,875.00
For Use of Hydrants	2,000.00

TRAIL IS IN FINAL

Beat Saskatoon Last Night and Will Play Port Arthur For Allan Cup

SASKATOON, March 18:—Trail defeated Saskatoon last night three to one, taking the round six to two, and will play Port Arthur in the western finals for the Allan Cup, emblematic of amateur hockey championship of Canada.

Port Arthur earned its way to the western final with Trail by defeating Elmwood in Winnipeg last night by a score of two to one in overtime. The first game had been scoreless.

Granville Street Clothiers' House Visited By Fire

VANCOUVER, March 18:—Thirty thousand dollars damage was done by fire this morning in the premises of Thomas Foster & Co., clothiers, on Granville Street.

The city council last night adopted a recommendation from the utilities committee that a Ford car be purchased for the telephone department at a cost of \$963 to replace an old truck that has outlived its usefulness.

TOWN RAID: 2,000 DEAD

Bandits Took Terrific Toll of Life in Town of Fuat in Kitagsi Province

SHANGHAI, March 18:—Bandits, say delayed Chinese reports received today, attacked and captured Fuat, a town in Central Kitagsi province near Kainfu, killing all Fuat officials and 2000 men, women and children early this month.

CONTRACT AWARDED

Victoria Pile Driving Co. Given Dock Job at Victoria by C.N.R.

VANCOUVER, March 18:—Announcement of the awarding of the contract for the new Canadian National dock at Victoria was made this afternoon by B. C. Keeley, Pacific Coast manager, Canadian National Steamships.

This contract has been given to the Victoria Pile Driving Company for an unstated amount and covers the demolition of the present dock in the inner harbor and erection of two new piers.

These will be 400 feet long with a width of 85 feet each. They will be swung at a slightly different angle from the present location to permit easier docking. There will be a 250-foot waterway between each pier. They will be of creosoted piling with wooden super-structures and the lower deck will be reserved for freight storage and handling while the upper floor will house ticket offices, passenger waiting rooms and other modern appointments.

Work will start immediately and must be completed by June 1 next in order to be ready for the new tri-city service which the Canadian National Steamships will inaugurate shortly after that date.

OLE SKOG IS FINED

Mulcted \$100 in Provincial Police Court For Illegal Herring Fishing at Pearl Harbor

At the close of the hearing yesterday afternoon in provincial police court, Stipendiary Magistrate H. F. McLeod imposed a fine of \$100 and costs upon Capt. Ole Skog for having fished illegally for herring in Pearl Harbor a few weeks ago with his seineboat Fredella. Skog's defence that the signal of the fishing boundary had blown down and that he had mistaken another post for it was not accepted by the court.

The charge against Skog was brought by the fisheries department and E. F. Jones acted as prosecution counsel. Milton Gonzales appeared in defence of Skog.

DAILY EDITION Tuesday, March 18, 1930

PRETTY GOOD PRICE

A pretty good price was realized for the Prince Rupert bonds that have been sold by the city. They more than take care of the bank debt inherited from the old council. They indicate that Prince Rupert still has some credit and that when the condition of the money market improves Prince Rupert will be able to proceed with necessary improvements.

BUILD UP BRITISH COLUMBIA

We cannot see how the Government of British Columbia can support any Peace River railway outlet that does not open up a large section of British Columbia in addition to the Peace River block. So far all the railways that have been built have gone into the country from the Alberta side and have developed that province. The result has been that British Columbia has remained stationary insofar as northern development of the interior is concerned. What is needed now is a railway that will connect Finlay Forks with the coast passing out through the country that lends itself best to the development of tonnage for the line and the permanent settlement of the country.

So far the business of the Peace has gone to Edmonton. If the B. C. Government is alive to its responsibilities it will co-operate with the Federal Government and with the two great railways in building a railway through the great country between Finlay Forks and the coast and connecting with the Alberta railways that will give the Peace River farmers the shortest possible route to the coast and will open up the richest territory.

Prince Rupert is the natural outlet for this country and we shall continue to impress this upon the authorities, provincial and federal until the railway is commenced or it is shown definitely that we cannot get it. All attempts to hush up the agitation for the Peace railway to Prince Rupert will be resisted. There has been too much hushing up already. Let us put all the force we have behind the effort. We would like to have seen Alderman Collart sent to Ottawa to stir things up, but that did not meet with popular favor because it was thought the money was so badly needed at home. Failing that, we must keep the agitation here.

B. C. UNITY NEEDED

"British Columbia unity is needed," says Hon. Frank Oliver. He means unity for the Monkman Pass route. We agree that unity is needed but think it should be unity for the Prince Rupert route. Vancouver believes it should be unity for Vancouver. Stewart has an idea it should be unity for Stewart. There we are. How can there be unity under such conditions? We each must move for our own, and let the railway companies and the governments interested decide.

ELK FOR ISLANDS

The effort to settle the Queen Charlotte Islands with elk is a very interesting and laudable one. The islands will not be used for large area farming for many years to come because of the large amount of muskeg there. Deer and elk browse and thrive on the food which nature has provided there and it seems quite possible that one of the best game preserves in the west may be established there.

What pedestrians had to put up with away back in '99. This steam-driven bicycle, being examined by a Modern Miss, took part in "Old Crocks" motorcycle trials, recently, at Croydon England.

The waiting bath queue. -The Passing Show, London.

Crowd Fights In Los Angeles For Cal's Cigar Butt

LOS ANGELES, March 18—Former President Calvin Coolidge threw away a half-smoked cigar here recently and a crowd of souvenir coveters immediately started a fight for the butt.

Reporters assigned to cover the movements of the distinguished visitor said they saw hands stepped on, some kicks administered and considerable shoving in the melee. A woman, who refused to give her name, won the stub. She put it in her handbag and hurried away.

Mr. Coolidge who, with Mrs. Coolidge, is visiting Southern California as a "tourist," started his second day here by visiting the local offices of the New York Life Insurance Company, of which he is a director.

Marriage Market In Montreal Busy

Twenty-five Blushing Brides Leave With Hubbies on One Day's Honeymoon Train

MONTREAL, March 18—The stock market may be down, but the marriage market, in this city, at any rate, displayed a firm tone with rising tendency just before Lent.

One morning 25 blushing brides, with their bride-grooms left the city on the morning "honeymoon" trains from Windsor station to Ottawa, Quebec and New York. Canadian Pacific station officials under whose sympathetic eyes the jolly and sometimes uproarious couples and newly-parted relatives take place, and who can, from their lengthy experience, compare the seasoned fluctuations of the nuptial market, state the 25 honeymoon departures in two hours from one station is unusually heavy, even compared with the first week in June.

Genius of Deaf Mute Revealed

Gets Best of Domestic Argument Despite Her Difficulties

NEW YORK, March 18—The genius of a deaf mute in evading domestic argument was revealed recently in children's court by his wife. Her husband dared to come home late at night. Furthermore he wouldn't so much as crook a finger in explanation. And when she sought, through sign language, to ask a few pertinent questions and make a few wifely remarks about his conduct he silenced her by turning out the light.

For quick results try a "want-ad" in the Daily News.

Days of Slavery For Farm Women Are Now At End

TORONTO, March 18—"The days of slavery for farm women are over," said Premier Ferguson in the Ontario House the other day. "Just think what it means to farm women to have an electric washer, and electric sweeper and all the other kinds of things that help to make life on a farm endurable and attractive."

"I am just as concerned with that feature of the bill as I am with the man who grinds the corn or pumps the water outside. I consider it one of the outstanding features."

Famous Airman Is Not Licensed

Can Fly Well Enough, However, to Break Many Records

CLERMONT-FERRAND, France, March 18—Maurice Bellonte, famous airman, isn't even a licensed pilot.

He can fly well enough to alternate with Dieudonne Costes while breaking records, but officially he doesn't know how to fly. Bellonte's ability is best attested by Coste's selection of him to fly the Atlantic last summer, a flight on which the two had turned back at the Azores when the weather became bad.

So Bellonte is coming here soon to go to "air school" and learn the proper lingo for the government examination. He and all other pilots will be much surprised if officials tell Costes' partner that he can't fly.

Doctored Food Is Approved By Physicians

PARIS, March 18—Doctored food is highly approved by eminent French physicians but they give a new meaning to the word "doctored."

Dr. Rene Loubatié of Bourdeaux, in a paper presented to the Academy of Medicine by Professor Achard, recommends a daily half-dozen "oysters a la iodine" for two weeks as an ideal method of administering that drug.

Medicated oysters were produced by Dr. Loubatié by dosing the water in which the oysters grew. He found that they absorbed the medicine without any change in flavor and that the iodine spread through the human system in a satisfactory manner.

SHOULD MATCH SOCKS

No country should commit itself to ties which are incompatible with its fundamental interests.—Copenhagen Politiken.

World's Largest Sub-Station Is Below Surface

NEW YORK, March 18.—Down 100 feet in the solid bedrock of Manhattan, at the heart of the Grand Central skyscraper zone, the world's largest power sub-station, installed at a cost of \$3,000,000 by the New York Central Railroad Company began operation recently.

The new station will supply the power for hundreds of daily trains and the light and elevator current for all the Grand Central Terminal buildings.

WELSH WOMEN IN FOREFRONT

Are Consistently Identified With Progressive Movements, Says Megan Lloyd George

LONDON, March 18.—Miss Megan Lloyd George, M.P., when speaking before the Welsh group of the Forum Club said Welsh women were to be found in the forefront of every progressive movement and sometimes they led the way.

Where, for instance, had the Women's Institute Movement started? This enterprise which brought new life to women in rural areas had begun in Llanfairpwllgwyngyl-

igogerychwynndrobwll - Llandysul - Iogogoch.
This "mouthful" held no terror for Miss Lloyd George but a Canadian present seemed to think that the Women's Institute Movement was started by a Canadian woman whose birthplace was much easier to remember than all that, and who might later be heard from.

NEEDS AN AMPLIFIER

A tiny Yorkshire terrier weighing only two pounds was recently exhibited in Birmingham.—Manchester Guardian.

Alpines are to be equipped with mufflers, says a New York paper. Why not provide them with overshoes also?—Toronto Mail Empire.

In the service of industry

Steam Equipment

With complete stocks of practically every item used to control and regulate steam supply, including Fairbanks and Pratt & Cady Valves, we can meet the demands of a wide variety of services. Our men are experienced in supplying not only the appropriate single valve, but also every item of a steam line, complete to engineers' blue prints, numbered and ready to install.

Fairbanks-Morse Pumps and Motors

"A pump for every purpose"—for water, sand, air, sewage or stock, we can supply the special type of pump best suited for the service required. Fairbanks-Morse Pumps, either separate drive, or direct-connected to Fairbanks-Morse Ball Bearing Motors, have made unusual records for efficiency and dependability.

Machinery and Supplies

Machine tools of all sorts ranging from a delicate precision lathe to a huge punch press or shear—automatic screw machines, shapers, grinders, drills, millers, threaders, planers—each selected for its proven ability—you can obtain any of them promptly through our machinery department, and here you will also find a wide range of small tools, precision instruments, taps, drills, files, grinding wheels, abrasive papers, in fact practically everything needed for modern machine shop production and maintenance.

Fairbanks Scales

For a century Fairbanks Scales have been known for their enduring accuracy, and each one of the many types has been perfected in design and build, to weigh not only accurately but also to register clearly at the utmost speed. From tiny delicate balance up to huge track scale, the Fairbanks line includes scales for practically every weighing purpose.

Automotive Supplies

In our Automotive Departments we carry large and varied stocks of supplies, replacement parts and garage equipment. Garages, Repair Shops and owners of Bus and Truck fleets are assured of an excellent service in parts and supplies, such as Spark Plugs, Chains, Fire Extinguishers, Wrench Sets, Brake Linings, Pistons, Rings, Pins and Bearings, Ignition and Battery Cable, Gaskets, Carburetors, Alemite Fittings, etc., as well as complete equipment for repairs and maintenance, including Cranes, Tire Changers, Presses, Spraying Outfits, Hoists, Test Stands, Air Compressors, etc.

In our seventeen Branches you will find stocks of mechanical equipment and shop supplies that for variety and quantity are unequalled in Canada. Aside from the many lines made by us, we have been selected to represent many of the world's outstanding makers of machine tools, machinery, equipment and supplies. Our general catalogue shows clearly how wide a service we provide for Canadian industry. A copy will be mailed without charge.

Morte H. Craig is expected to return to the city on the Prince George tomorrow morning from Vancouver where he was called to attend the funeral of Mrs. Craig, who died suddenly ten days ago at St. Joseph, Missouri.

Mayor C. H. Orme being absent from last night's council meeting, Ald. Theo Collart was elected acting mayor on motion of Ald. Linzey, seconded by Ald. Macdonald. Ald. J. H. Pillsbury was also absent from the meeting.

A. M. Manson asked in the legislature last week the date when the present government agent at Prince Rupert first held a coroner's inquest within the City of Prince Rupert. Hon. R. H. Pooley, attorney general, replied that the date was September 16.

The auditor's report for the year 1929 was presented to the city council at its meeting last night and laid on the table for two weeks during which time it will be perused by the aldermen. A tender of Alex McRae Co. Ltd. of \$287 plus two per cent. sales tax for the printing of 150 copies of the report was accepted. Rose Cowan & Latta bid \$301.35 plus \$6 sales tax on the job.

In answer to question by H. F. Kergin, M.L.A. for Atlin, Hon. N. S. Loughheed, minister of public works, stated in the legislature that repairs had been made to the government buildings at Anyox during the past calendar year, that the government agent had been requested to obtain competitive prices from reliable local firms and that the contract had been given to A. Falconer at a total cost of \$750. The job included re-covering the roof, renewing all flashing, cleaning, painting, varnishing, kalsomining, internal and external work, providing all materials, labor, etc.

Galvanized Iron, Pipe Fittings, Belting, Etc.

Full line of new and used Galv. and Black Pipe and Fittings; new Rubber Belt, 1 to 12-inch; also Pyramid Har Belt, best English make, very durable; new Crimped Iron, 6, 8 and 10 ft sheets, always in stock; used flat Galv. Sheets, 30-inch by 10 ft. Full stock of Steel Split Pulleys, Potato and Grain Sacks, Barbed Wire, Wire Rope, Canvas, Doors, Windows, Roofing, Pelt, Garden and Air Hoses, Boom Chains, Merchandise and Equipment of all descriptions. Enquiries solicited.

A Tiresome Cough Was Left By A Severe Cold

Mrs. Chas. Eldershaw, Morrell, P.E.I., writes:—"Some time ago I was seized with a severe cold that left me with a bad, tiresome cough. After trying different cough medicines, to no avail, my husband brought me home a bottle of

Dr. Wood's Norway Pine Syrup

which I started to take at once, and before I had taken several doses I noticed a change, and when I had finished the bottle my cough was completely gone."

Price, 35c. a bottle; large family size 60c.; at all druggists and dealers; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Dentist, Dr. J. R. Gosse, Phone 686.

This afternoon's train, due from the east at 3:30, was reported this afternoon to be 30 minutes late.

On motion of the city council, Ald. Theo Collart was named last night as city representative on the boys' band committee. Ald. Collart served on the committee last year.

Ask us what the fire insurance rate is on your property. Helgerson. 65

George Mathewson, for drunkenness, was fined \$25, with option of thirty days' imprisonment, by Magistrate McClymont in city police court this morning.

Gilbert Gilbertson was fined \$25 with option of thirty days' imprisonment, by Magistrate McClymont in city police court yesterday afternoon for drunkenness.

Imperial Oil Co.'s small tanker Marvotte, Capt. Murray Gerrard arrived in port last night from the north in the course of one of her periodical voyages supplying various small tanks along the coast.

Miss Mary Walters, daughter of Mr. and Mrs. Michael Walters Hays Cove Circle, has returned to the city after completing a nurses' training course at the Vancouver General Hospital and is now engaged in special nursing here.

The Prince Rupert Shrine Club held its monthly dinner last night in the Commodore Cafe with President John Dybhavn in the chair. Farewell was said in appropriate speeches to Noble R. E. Allen who is about to leave here for Kamloops.

Wong Yim, Chinese, drove a motor car past the stop sign at the intersection of Third Avenue and Fulton Street yesterday afternoon and nearly got into serious trouble in the traffic. This morning he was haled into city police court before Magistrate McClymont and was fined \$5, with option of seven days' imprisonment, under the city traffic bylaw. It is the first time that such a charge has been laid and police authorities hope it will prove a warning to other motorists.

BADMINTON IS PLAYED

First United Church Beat Rupert East Three Events Out of Five Last Evening

First United Church representatives beat Rupert East United Church three matches out of five in a challenge badminton tournament at Rupert East gymnasium last night. The results were:

B. J. Beale and Mrs. A. J. Squire (Rupert East) beat Mr. and Mrs. Arthur Halleran (First United), 14-13, 15-9, 13-17.

Miss Nora Rogers and Norman McGlashin (Rupert East) lost to Jimmy Bryant and Miss B. Edgecombe, 15-9, 6-11, 9-15.

Peter Ferguson and John Murray (Rupert East) beat Stanley Dalby and Philip Edgecombe, 15-3, 15-2.

Miss Muriel Brewerton and Mrs. Hilda Duncan lost to Mrs. A. Halleran and Miss B. Edgecombe, 14-18, 15-11, 10-15.

B. G. Beale and Harold Bunn lost to A. Halleran and Duncan Miller, 4-15, 10-15.

In two friendly games Mrs. A. Leighton and Rev. C. E. Motte beat Mrs. B. G. Beale and Rev. Alfred Wilson 15-9 while Mrs. C. E. Motte and Mrs. J. F. Feasby beat Miss A. Garnett and Miss Johnson 18-16.

Refreshments were served by the United Church party with Miss Garnett and Miss Johnson in charge.

Assessor and Tax Clerk Positions Are Combined

The city council last night adopted a recommendation from the finance committee that the position of assessor and tax clerk be combined as from April 1 at a salary of \$2,300 per year and later, by resolution of Ald. Black and Ald. Pullen, appointed E. S. Allstone, at present tax clerk, to the newly created position.

Acting Mayor Collart pointed out that by the change, a saving of \$300 in salary would be effected. Ald. Pullen further mentioned that there would be an estimated saving of \$100 by reason of the fact that, under the combined position, one set of books instead of two would be used. Ald. Rudderham thought that the change was a step in the right direction.

Union steamer Camosun, Capt. James Findlay, is not expected to arrive before 4 o'clock this afternoon at the earliest from Anyox, Stewart and other northern points. The vessel is late because of having had to make an extra call at North Pacific Cannery after leaving here Sunday night behind time for the north.

Staff Captain Joseph Acton, divisional commander of the Salvation Army for Northern British Columbia and Alaska, returned to the city on this afternoon's train after a brief visit to Port Essington and will sail tomorrow morning on the Princess Norah for his headquarters at Wrangell after having spent several weeks in this district.

Be Sure to Ask for Kotex

There is no substitute for this feminine hygienic necessity

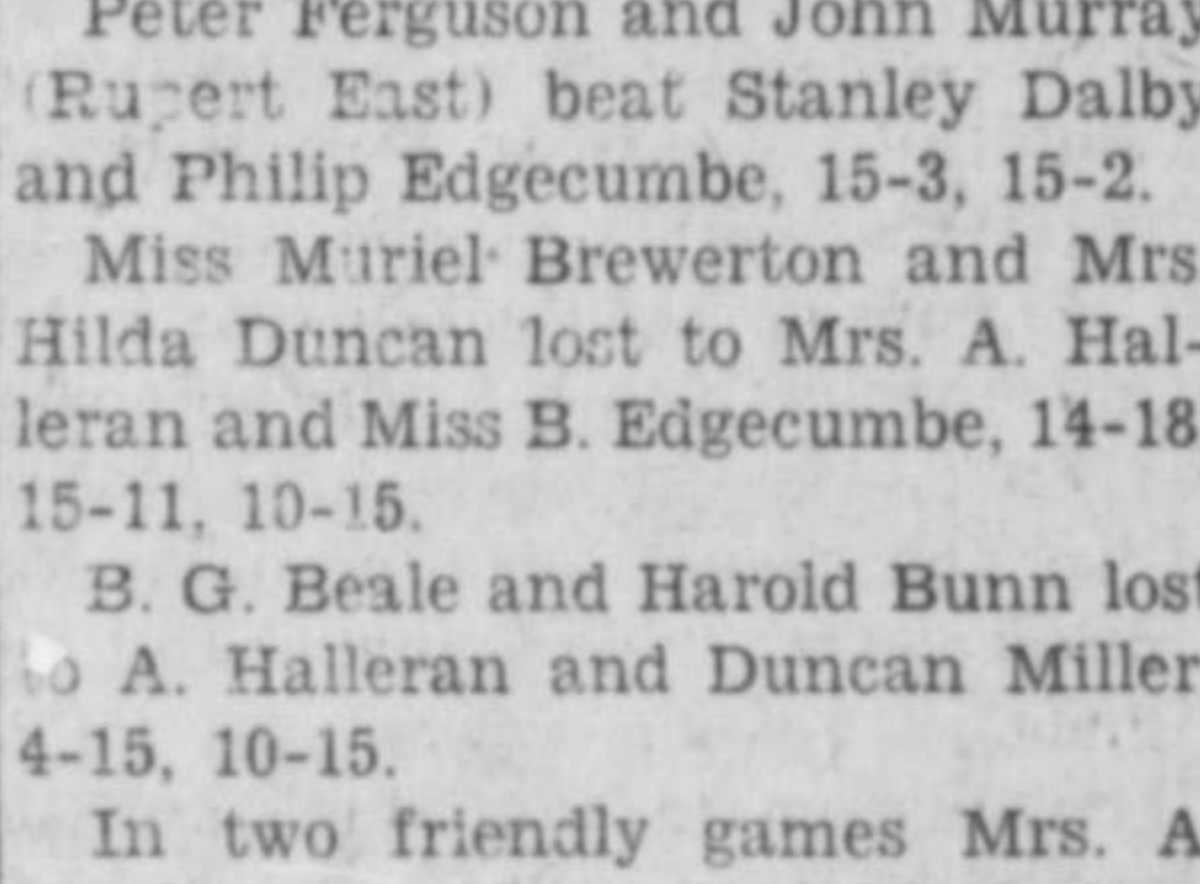

Doctors and Nurses advise women everywhere to use Kotex, the New and Improved Sanitary Napkin, because it assures ample hygienic protection. The cellulose cotton absorbent wadding which is used in Kotex is five times as absorbent as ordinary cotton. Kotex is wonderfully soft and pliable. Nothing else can be so comfortable, and still bring you such security and freedom from worry. No embarrassment when buying. Just say Kotex at any drug, dry goods or department store. Regular size 60c for box of a dozen. Super-size 75c. Directions in every package.

1. Kotex is soft—Not a deceptive softness, that soon packs into chafing hardness. But a delicate, lasting softness.
2. Safe, secure... keeps your mind at ease.
3. Kotex filler—is far lighter and cooler than cotton, yet absorbs 5 times as much.
4. In hospitals... Kotex is the identical material used in 50% of Canada's leading hospitals.
5. Deodorizes, safely, thoroughly, by a patented process.

Sport Chat

With Grotto having a twenty-six point lead as a result of the first session, the second and final session between the Grotto and Elks to decide the city team billiard championship has been postponed. The following line-ups are announced.

- W. J. Nelson (Grotto) vs. A. A. Eason (Elks).
- Don Brown vs. C. P. Balagno.
- George Waugh vs. William Mitchell.
- James Andrews vs. A. Donald.
- J. Hillman vs. W. E. Williscroft.

The final basketball games of the season are to be played in the Exhibition Hall tonight and the program which has been arranged should prove an interesting enough one for fans of the hoop game. Players Club and Three Two Taxi, who tied 26 all in the first game of the play-offs, will resume their argument for the Senior city championship and this should prove a lively encounter. No less strenuous should be the Intermediate play-off between Big Four and High School. Collegiate entering the final with a 36 to 30 lead. The program will be rounded out with an exhibition Ladies' League game between the Tollers and Maple Leafs.

If it be true that Waterloo was won on the playing fields of Eton, then what reverberating contest of the future is at the moment being decided on the gridiron at Norway House, that frontier post which is the jumping-off place for Northern Manitoba? And what part will the Indians play in that struggle? Certain it is that if the skill of the Indian at soccer football is a criterion of his capabilities as a fighter, then his rule will be a successful one. The Indians at Norway House are great soccer players; they are tireless; they give hard knocks and they take 'em. In the spring the wild game of soccer takes the front line and a great deal is played by the Indian boys. Although the Indian teams are not the best of players, they certainly know how to use that elbow on the ribs. This is the Indian's favorite game. Every spare moment they are out on the field kicking the ball around. Any fine day during the winter some of the Indians may be seen out on the field amusing themselves with the ball, and getting in lots of practice for the big games in the spring.

Probably the freakiest golf match ever played in England—a match in which one competitor was in an airplane and the other on terra firma as usual—resulted in a win for the aerial competitor over 18 holes recently by a score of 29 to 69. The victor was Captain G. A. R. Pennington, commandant of the National Flying Service airdrome at Reading. He vanquished A. J. Young, a professional. The task for Pennington was to find the green by dropping balls as he flew over the course in his machine. The balls were swathed with white cloth to ensure non-bouncing when they struck the ground. Naturally, he was not required to hole out as his opponent had to do. In 40 minutes the airman had completed the course in 29 "strokes." On several of the greens he required only one shot. At the eighteenth his first ball fell on one of the cars of a London railway express train. At times he hovered as low as 100 feet, the lowest he could safely attempt. The match was for £25 sterling.

WHEN A CHILD IS FEVERISH, CROSS, UPSET

Colic, gas, sour belching, frequent vomiting, feverishness, in babies and children, generally show food is souring in the little digestive tract.

When these symptoms appear, give Baby a teaspoonful of Phillips Milk of Magnesia. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will sweep the bowels free of all sour, indigestible food. It opens the bowels in constipation, colic, children's ailments. Children take it readily because it is palatable, pleasant-tasting.

Learn its many uses for mother and child. Write for the interesting book, "Useful Information." Address The Chas. H. Phillips Chemical Co., Windsor, Ont. It will be sent FREE.

In buying, be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years.

Kid Berg, training at Windsor, Eng., for fight with Mushy Callahan, at Albert Hall, gives his dog a tit-bit while out riding

WONDER CREATION

Latest British Attempt to Set New World's Automobile Record Will be Made by Kaye Don at Daytona Soon

DAYTONA BEACH, Fla., March 10—Within a few days Kaye Don will wheel his long Sunbeam automobile out onto the sands of Daytona Beach, Florida, and try to drive the huge creation faster than any living person has ever travelled on land before. Don's "Silver Bullet," he expects, will travel considerably faster than the Golden Arrow driven by Major Sir H. O. D. Seagrave, who last year astonished the world by driving at the unprecedented rate of 231.26 miles an hour.

Kaye and the "Silver Bullet" are already at Daytona, where the driver is testing every inch of the monster car and every inch of the hard-packed sands. The automobile itself is a triumph of British design of mechanism. It is all British, from nose to tail pipe. Louis Coatalen, managing director of the Sunbeam Company and great engineer, is the designer. Mr. Coatalen was responsible for the construction of the Golden Arrow, but he believes that "Silver Bullet" is a faster car.

To reduce the frontal area, the body of Don's car is approximately 2½ feet in width, although the wheel tread is five feet. The car is approximately 48 inches high at its highest point. The wheelbase is 15 feet and total length in the neighborhood of 27 feet. The car weighs seven tons, has a long sloping nose, unbroken by an opening for a radiator, and slopes downward in the general lines in the rear as in the front.

Provision has been made for a rudder, or van-shaped tail, and this will be somewhat an innovation, in that, instead of being single, as is common on fast cars, it will be dual.

The car will be propelled by a power plant consisting of two 12-cylinder aeroplane engines. Each will have an output from 1,000 to 1,200 horsepower at 3,000 revolutions. These motors are set in tandem directly ahead of the driver. While estimates of the speed and horsepower have not been tested, the car is theoretically capable of a speed of 280 miles an hour.

In order to increase horsepower of the motors, each of them is equipped with a quadruple blower, which has the effect of forcing the gaseous vapor into the motor instead of having it introduced into the cylinder by the common method of suction caused by the downward sweep of the pistons. The 12-cylinder engines are made in arrow V shape in order to conserve frontal area, and the carburetors are placed in the space within the V. One of the truly unique features in construction is the body,

which is a double aluminum shell, through which the water for cooling the motor is circulated.

Don is a veteran of Great War flying days. He is a bachelor of 36, tall, well set up, with sandy hair, a brisk tan moustache, blue eyes and a pair of deep dimples at the corners of his mouth. He drives purely for the sport of it, was British champion in 1928 and 1929, has never driven a car faster than 162 miles an hour, and piloted a bomber in France. "Yes, 162 miles an hour is the fastest I have ever driven," he smiling told the Canadian Press recently. "But the 'Silver Bullet' should make 90 in low, 180 in second, and 260 in third."

Freak Craft Is Designed to Set Speed Record

QUINCY, MASS., March 10—One of the strangest craft ever to take to the water was launched here recently. It was a boat, but perhaps it was also an airplane.

With a speedboat hull, this newcomer to the seas had airplane wings. Her designer, Paul K. Dudley, Fitchburg youth, believes that the wings will lift her virtually out of the water and give her a speed hitherto unknown to water craft.

The boat represents a fine example of the shipbuilding art. A glass enclosed mahogany cabin insures comfort and protection from the elements for her crew and passengers.

The Silver Eagle is equipped with two 450 horsepower Liberty motors. Airplane propellers are her only driving force, the usual underwater propeller being discarded in their favor. The motors are set upon the wings and the control mechanism is similar in all respects to that of the airplane even to the rudders.

Trials to determine the boat's seaworthiness and speed will be held over a six-mile course straight out to sea from Galveston Bay.

Twenty Years Ago

In Prince Rupert

March 18, 1910

W. Wainwright, second vice-president of the Grand Trunk Pacific Railway, told a deputation of Victoria business men that Vancouver Island is to be connected with the transcontinental system by means of a ferry service via Bute Inlet.

Charles Halsey has returned from a month's business trip to Montreal and other eastern cities.

A tunnel 300 feet long is to be driven within the next few months to open up the Buckskin group of claims on Bear River, 18 miles from Hazelton.

CRIBBAGE WINNERS

Knights of Columbus Take Second Half Honors and Will Play Off With Grotto

Knights of Columbus last night won the second half of the Prince Rupert Cribbage League and will play off with Grotto, first half winners for the city championship. Last night's results:

- Seal Cove Sawmill 14, New Empress nil.
- Operators 9, Prince Rupert Hotel 19.
- I. O. O. F. 17, Orange Lodge 10.
- Gold Storage 13, Grotto 15.
- Moose 12, Knights of Columbus 15.
- C.N.R.A. 16, Eagles 11.

Eagles	134	163	134
New Empress	113	171	113

Man in the Moon

Yesterday was a pretty poor St. Patrick's Day because I could not get any shamrock.

Jake says it was pretty poor because he couldn't get any White Horse.

Did you hear about the picaninny who looked so much like his father they called him Carbon Copy.

At last I realized that our strained relations could not continue any longer. I had to admit that the end was near and that a break was inevitable. For months I had labored under a delusion and refused to believe that my wife could consider such perfidy. Poor, silly, blind fool that I had been! I now knew the meaning of all those subtle hints, and sly allusions which had been cast at me lately. While I had been living in a fool's paradise she had been secretly preparing for a separation. I wouldn't quarrel with her. If she was determined to leave me after all our years of married life I would let her go quietly and avoid trouble. So I said to her: "All right, if your mind is made up to this rash action—get twin beds."

What's the good of printing jokes for a lot of seasoned croaks? Give instead a drink to quaff. Nothing else will make them laugh.

A hotel chambermaid was tipped half-a-crown not to give away the fact that a couple just arrived were newly married, following upon her having looked in their room and found them disposing of the con-fetti.

Going along the corridor a lady guest stopped her and queried: "Honeymoon couple in the end room, aren't they, Mary?" Loyal to the half-crown, Mary replied: "No, Madam, you're quite wrong; they are just friends."

A tip from Australia: This yacht is used by members of New South Wales cabinet, who, when they want to get to business, push off into the ocean and stay there till they decide something.

Dominion of Canada Income Tax

Salary and Wage Return

DUE MARCH 31st

Are You an Employer?
Are You Paying a Wage or Salary to Anyone?
If So, This Applies to YOU.

If you pay a wage or salary to one or more persons, the law requires that you shall make a return on or before March 31st, of all such persons who received \$1,000 or more from you during the calendar year ended December 31st, 1929, or who were paid at a rate of wage or salary (including bonus) equal to \$1,500 or more per annum.

Employers who pay the Income Tax of employees shall include the amount in the total opposite each name.

You pay no tax with this return.

Avoid Penalties

Every person who is required to make this return who fails to do so on or before March 31st, 1930, renders himself liable to a penalty equal to 10% (ten percent) of the Tax payable by employees who should have been reported. (Maximum penalty \$50, minimum \$2.00.)

Make Returns on Form T4

Form T4 can be obtained from your Postmaster or from any Income Tax Inspector in your district.

Co-operation Urged

Employers are urgently requested to make returns promptly in order to avoid penalties and for the purpose of aiding the Department of National Revenue in making tax collections promptly, effectively and with the greatest economy to all concerned.

The Department of National Revenue

Income Tax Division
OTTAWA

HON. W. D. EULER,
Minister of National Revenue

C. S. WALTERS,
Commissioner of Income Tax

ST. PATRICK IS HONORED

Fireside Club Had Special Program For Occasion Last Night

The anniversary of St. Patrick was celebrated last night by the Fireside Club of First Baptist Church with a suitable program which proved most acceptable to all present.

The story of St. Patrick was told by Miss Catherine Mussallem and there were vocal solos by Miss Beulah McKinley and Vic Houston as well as a piano solo by Miss Aletta McKinley.

A fair attendance enjoyed a happy evening. The committee responsible for the whole affair consisted of the group leaders—Miss Agnes Dawson, Miss Catherine Mussallem, Miss Jean Smith and Miss Cathie Watson.

THE WEATHER

Prince Rupert—Overcast, light southwest wind, temperature, 38. Terrace—Wind, cloudy, 30. Rosswood—Cloudy, calm, 36. Alyansh—Snowing, heavy east wind, 35. Alice Arm—Snowing, windy, 36. Port Simpson—Cloudy, snowing 32. Haysport—Snowing, westerly wind, 30. Hazelton—Cloudy, windy, 36.

CONCERT SUCCESS

Fine Program Given in Connection With Celebration of St. Patrick's Day

Three hundred or more persons were in attendance at the Moose Hall last night for the annual St. Patrick's Day concert under the auspices of the local Catholic Church and the patronage of Bishop E. M. Bunoz O.M.I. Direction of the concert was in the capable hands of Charles P. Balagno and the program from start to finish was both enjoyable and interesting.

The program opened with two selections by the Prince Rupert Boys' Band under direction of Bandmaster Thomas Wilson. The band was in excellent form in the playing of a march and, second, a medley of Irish airs.

Dancing and singing novelties which followed included a turn by small pupils of Annunciation School entitled "Happy Little Eskimos," and a Gypsy Dance by girls of the school. Both these numbers were excellently performed.

A dinky dialogue entitled "Picnannies" by Miss June Gomez and Master Harold Anderson was much applauded.

The Junior Choir then gave two melodious choruses "Beautiful Isle of the Sea" and "Ireland, I Love You."

A recitation "Dawn on the Irish Coast" by Miss Marie Murphy was another outstanding number.

Little Miss Marie Balagno played with her usual skill two piano solos, first "Tarantella" and second, "Toccata."

An Irish jig by Miss Elizabeth McLeod was performed splendidly and was much appreciated.

Mrs. James Waugh was in fine voice in the singing of "Dear Little Shamrock," responding to an encore with a suitable number.

D. B. Finn delighted the audience with two vocal solos which brought the first part of the program to a close.

After a five-minute interval during which selections were played by the Boys' Band, the one-act sketch was staged. It proved a very amusing farce and all participating played their parts well. Those in the cast were Miss Margaret Palmer, Harry Ward, Miss M. Gwyer, W. Lyon, G. C. Arseneau and Miss Maizie Macdonald.

The audience went home well satisfied at another fitting celebration of the anniversary of Erin's patron saint.

The report of Fire Chief D. H. McDonald for the month of February, presented to the city council last night, showed that there had been four alarms during the month, no damage having been done. Expenditure of the department for the month amounted to \$1,183.54, including \$1,077 in salaries. Usual inspections had been made of equipment which was found to be in good order.

Pythian Sisters Tea and Sale Successful Affair Yesterday Afternoon at Home of Mrs. T. J. Shenton

At the home of Mrs. T. J. Shenton, the rooms of which were prettily decorated for the occasion with daffodils, shamrocks and other seasonal flowers and foliage, a successful tea and sale of home cooking was held yesterday afternoon by the Pythian Sisters.

Mrs. Shenton received the guests and Mrs. Joe Ratchford was convener. Mrs. William Gilchrist and Mrs. G. W. Johnstone were in charge in the kitchen while Mrs. A. Ivanson and Mrs. D. McCulloch assisted in serving. Mrs. P. J. Ryan had charge of the home cooking table and Mrs. P. C. Miller was cashier.

"Riches do not always bring happiness," said Mr. Rockefeller truly, at the time of his retirement ten years ago.—Toronto Globe.
