FISHERMEN UNITED IN PROTESTING AT NEW REGULATIONS

Prairie Provinces to Meet Grain Advances If Banks Shut Down

Governments Agree To Take Steps to Assure Stability if Big Marketing Organization Should Become Embarassed

WINNIPEG, Feb. 5.—To assure stability in general business circles and to protect the interests of the producers and public, Manitoba, in agreement with Saskatchewan and Alberta, yesterday took action guaranteeing financial support, if necessary, to the Wheat Pools of Western Canada. Premier John Bracken announced in the legislature that the government of this province was prepared to guarantee Manitoba's share of the advances to the Wheat Pool to the extent of fifteen . _

per cent security over and above the and declared that Saskatchewan & FAIR TO OPEN SEPT. and Alberta were in complete accord and were acting similarly.

The lending banks, which handle Pool financing, recently notified Pool officers that they were approaching the fifteen per cent margin which the banks required on all advances to the Pool, Premier Bracken said.

IS SILENT

Wheat May Never Be Shipped From Here Again For All the Information Available

Offices of the Alberta Wheat Pool here are absolutely silent as far as any information with regard to disposal of the wheat with which the house is full is concerned. As the shipping season advannces, it becomes increasingly apparent that the Pool is using the local elevator merely for storage purposes and it may just as well be next winter as this when any shipments will be made.

The wheat is kept dry and clean here and a year's age more or less may not hurt it much. This is little comfort, however, to all local people who would like to see the house working steadily instead of remaining idle as it is today.

BACK FROM ALICE ARM

Two Thousand Dollars Set Aside For Native Bands at Annual Fall Fair This Year, Board Decides

The next Prince Rupert fair will probably be featured by the largest invasion of native bands that has so far taken place in the city. If this does not happen, it will not be the fault of the Fair Board. At its meeting last night, it was decided, on the joint recommendation of the finance and sports and attractions committee, to set aside \$2000 for the purpose of financing the scheme.

Of this sum of \$2000, there will be \$500 given in prizes, of which \$250 will be for the best overture and \$250 for the best march, the number of en-

tries to be limited to six. In order to help interest the natives in the event, the sum of \$200 TO AMEND will be given each band attending. if living within 50 miles of Prince Rupert, and if further away than that each will get \$250. If a band is good enough it may not only re- Proposed Changes Announced To ceive the \$250, but win the two prizes, thus securing \$750 for itself.

Each band must have 20 or more players and a native conductor, and it will be expected to play at intervals throughout the week of the fair. Vehicle Act, Hon. R. H. Pooley, at-Entries will close June 1.

SUDDENLY

Mrs. Alex Storrie Succumbed To Pneumonia This Morning in Prince Rupert General Hospital

After an illness of little over week with pneumonia, Mrs. Daisy Storrie, wife of Alexander B. Storrie, 508 Hall Street, passed away at 10 o'clock this morning in the Prince Rupert General Hospital, news of her death coming as a great shock to her many friends in this city. She was the daughter of Mr. and Mrs. James Ross, 731 Fifth Avenue West, and had lived in Prince Rupert with the family for many years.

The late Mrs. Ross was 29 years of age and was born in Ayr, Scotland. She moved here with her family while a young girl. Besides the widower and her parents, deceased leaves to mourn her loss three small children—Jack, aged 11; Jean, 8; and Alex, 3; three brothers -David Ross, formerly of this city and now residing in Vancouver; Brice, here, and James, also resident here but at present on a trip the United States, and three sisters. Mrs. J. W. Durran, Mrs. Victor Menzie and Miss Elizabeth Ross, all of Prince Rupert. General sympathy will be extended to the family in its tragic bereavement.

Funeral arrangements are in the hands of the B. C. Undertakers.

INSPECTOR

Told Teachers' Association Last Night of Some of His Experiences; Harry Charlesworth

The regular monthly meeting of the Prince Rupert Teachers' Association was held last evening in the Booth Memorial School with J. S. Wilson presiding over a large at-

tendance. The announcement that Harry Charlesworth, general secretary of the B. C. Teachers' Federation week in March was received with great satisfaction by the members. Mr. Charlesworth is well equipped to talk on all matters connected teachers' problems. Probably no single person in the province is better fitted to deal with education as it affects teachers and the problems of schools. It is hoped to be troit. able to arrange at least one public

meeting during his visit. After the business meeting, most interesting talk was given by elementary schools in Northern and Central B. C. Mr. Fraser's talk dealt chiefly with his experiences lows: in reaching his two most distant schools. These are at Telegraph Creek and at Atlin. The journey requires 29 days from leaving Prince Rupert till his return. The talk was Rangers 3. illustrated with views of many of the different places visited and the descriptions of the places and of Hopes to bee the peoples met made a most en-

lantern. Interwoven with these descriptions were many interesting comments on the rise and fall of the towns and camps of '98. The Greek Church Cathedral at Sitka with its wealth of interior adornment and ikons was one of the most notable trips under the famous river captains of the north, humorous and some not so humorous personal experiences all combined to make the Masters of vessels navigating talk one to be remembered by the teachers.

A hearty vote of thanks was ac-

corded the speaker. Teachers present included Miss Miss Pierce, Miss Hartin, Miss Mc-Kay, Miss Grassie, Miss Garnett, Miss Leitch, Miss MacDonald, Miss Miss Vickers, Miss Lamb, Miss Harrison, Messrs. Hartness, O'Neill, Gee and Halleran.

Rev. Arthur Barner Visits Pt. Essington

Conducted Special Services and Meetings Before Coming to Prince Rupert

PORT ESSINGTON, Feb. 5-Rev. Arthur Barner, Superintendent of stay here. On Tuesday he left here both import and export." for Prince Rupert, making connections with S. R. Donaldson's power ferry, Two Rivers, for Hays- Office Bearers of port, where he met the train. He will attend the Prince Rupert Presbytery meeting, which is being held at Prince Rupert in the First United Church on Thursday.

The Sunday evening service of worship here was conducted by Rev. Mr. Barner, who delivered very inspiring address. A good attendance filled the church to the limit of its seating capacity. After the scripture reading, Mr. and Mrs. William Spaulding sang beautiful duet. Mr. Spaulding i also the church organist here.

On Monday morning Mr. Barner paid a visit to the Indian day school, and reported very good progress being made by the children in attendance. The number attending is in excess of last year at this time. He also examined some of their school work, which brought prizes in money at the Prince Rupert Exhibition alast

50% of Canada's Leading Hospitals

now use the same absorbent of which Kotex is made

TOTEX absorbent has replaced surgical cotton in 50% of Canada's great Hospitals! In these institutions, where every precaution known to science surrounds a patient, many thousands of pounds of Cellucotton absorbent wadding (Kotex filler) were used last year-the equivalent of millions of sanitary pads!

Kotex, the new and improved sanitary napkin, is made of many thin layers of soft, super-absorbent tissue. These many air-cooled layers make Kotex not only safer, but lighter, cooler to wear. They also permit adjustment of the filler according to individual needs. Kotex takes up 16 times its own weight in moisture and distributes that moisture evenly, not concentrated all in one place.

Surely, if the medical profession finds Kotex absorbent best-even in the most critical operations-it cannot fail to be best for constant use. No embarrassment when buying. Just say Kotex at any drug, dry goods or department store. Regular size, 60c. for box of dozen. Super-size, 75c. Directions in every package.

5. Disposable completely, instantly.

. Rounded and tapered corners-

Buying Guide DEFORE you order dinner at a restaurant, you consult the bill-of-fare. Before you take a long

Valuable

trip by motor-car, you pore over road maps. Before you start out on a shopping trip, you should consult the advertisements in this paper. For the same reasons!

The advertising columns are a buying guide to you in the purchase of everything you need-including amusements! A guide that saves your time and conserves your energy; that saves useless steps and guards against false ones; that puts the s-t-r-e-t-c-h in family budgets.

The advertisements in this paper are so interesting, it is difficult to see how anyone could overlook them . . . fail to profit by them. Just check with yourself and be sure that you are reading the advertisements regularly—the big ones and the little ones. It is time well spent . . . always.

For example, read the grocery store "ads" this week.

Avoid time-wasting, money-wasting, detours on the road to Merchandise value. Read the advertising "road maps."

文章 after you."

AROUND PRINCE RUPERT

Stimulator at Stewart Looks Good; B. C. Silver to Produce Soon; Woodbine Drilling

With more than a third of the original fifteen thousand units still in the treasury, the property fully paid for, a substantial cash balance in the bank, and all surface work practically completed, the Bi-Metallic Syndicate, operating the Stimulator group on Marmot River, in the Stewart district, is in an excellent position and is looking forward to very favorable results from the coming season's operations. "Active development work on this property," says the first annual report of the trustees which was issued a few days ago, "was begun on June 13, 1929, and continued

until October 16. During that time "ton and C. W. Magee.

nally arrived at whereby the two made this year by Independence. properties may be worked as one. "In reviewing the gold situation," New Members Fair be of properties on the horizon which may replace the output of the Premier, and, of these, the outstanding is the B. C. Silver and associated properties. The B. C. Silver has a large tonnage of similar grade ore definitely blocked out, while the mine is responding satisfactorily to development and more ore is being continually put in sight. It is only a question of time for this property to enter the shipping list and, as the Premier Gold Mining Co. owns a 38% interest, it is logical to assume that a working agreement will finally be arrived at whereby the two properties may be sports and attractions and to the worked as one." Diamond drilling has been commenced again at the B. C. Silver and it is understood there will be quite an extensive program, although the present contract to Boyle Bros. calls for only 2000 feet.

The Premier Gold Mining Co. has closed down work on the Silverado property at Stewart and the final members of the crew have come off the hill. While no reasons are given by the company for the shut-down, it is believed that it will only be temporary and that operations will be resumed again before long.

Indications are that the Woodbine mine still has a chance to develop into something worth while. Boyle Bros. have had a diamond drill on the property for the past little thinking and almost no seetwo or three months and, while no ing."-Henry Ford. details of assays have as yet been made available, it is known that the results have been very encouraging. Forty-five hundred feet of drilling has been accomplished to date. Work is going on at present in a cross-cut running northeast from the main lower level and a well mineralized zone is said to have been encountered there within the past week or so.

The Sebakwe and District Mines Ltd. has closed down work temporarily on the property at Stewart because of No. 6 level being flooded The equipment on the property is inadequate to handle the additional water.

All operations on the Mountain Boy property came to a sudden halt last week upon receipt of orders from company headquarters Montreal. It is known that the shut down is to be only temporary but, so far, no definite information is obtainable as to the company's future plans for the property. Mr. Gemaine, company engineer, is expected to arrive at Stewart at an Mussallem Grocery Co. Alberta early date.

With development considerably dvanced during the past season, extensive work is planned for the property of the Independence Minling Co. at Stewart this year, about

over 150 feet of drifting was done on \$100,000 being available for the purtwo leads which averaged about pose, according to S. P. Fitzgerald. three feet in width and carried very | Sam and Jack Fitzgerald, who have good values, especially in gold been spending the winter in Van-Work on the Stimulator lead was couver, Victoria and Seattle, are exvery encouraging at the time of pected to return to Stewart within closing down as the lead was widen- a month or so. Painful Boils One After The Other Broke Out On Arms

Miss K. Rudd, 1100 Victoria Drive, Vancouver, B.C., writes:-"About a year ago I was troubled with boils. They broke out on my arms, and no sooner was one healed than another would come to take its place. I suffered great pain with them, and tried different medicines and ointments, but they did me no good.

and, my, what relief I got; soon my skin was as clear as before." Put up only by The T. Milburn Co., Limited, Toronto, Ont.
