PRICE FIVE CENTS

Dolly Varden Mine Shipping Steadily

September Output was 110,000 ozs. and to date this Month 92,000 ozs. have gone down the Railway

Alice Arm, October 22.—The output of the Dolly Varden mine is proving very satisfactory. The returns for the month of September show 110,000 ounces of silver, which at the present price is at \$1.18 an ounce.

It is estimated that at the present rate of progress the output of the present month will reach 135,000 ounces. Already to date the output for the month has been 92,000 ounces and there is no probability that there will be anything to interfere with regular shipments being made.

There are at present 138 men on the payroll at the mine and away and it is expected to keep increasing as long as the weather permit. When the snow gets deep for further shipments to be made, there will be a cessation of systematic development work throughout the winter. This will employ many of the men who are now on the payroll and will insure steady shipments being made next year.

The new Climax locomotive which was recently brought in by the Dolly Varden Railway of Prince Rupert is now in operation and its use enables regular shipments to be made.

Everything seems prosperous at the camp and in the spring it is expected there will be a steady stream of ore pouring out to the mill. In the meantime development on many of the properties is going on steadily.

IRISH QUESTION STILL WORRYING

British Cabinet is Wrestling With Problem of Effecting a Settlement.

London, Oct. 22.—The British cabinet is wrestling with the Irish question. It is the one big problem ahead that it seems almost impossible to overcome. The question is a small one inside it. The two irreconcilable parties, the Sinn Feiners and the Orangemen, are still as far apart as the poles.

There is a condition verging on rebellion. The London cabinet recommends "the recreation of a union of sympathy and willing co-operation between several peoples in these islands." Many Irish people are returning from the United States, but the result of this re-patriation will mean no one seems to know. It is expected, however, that the British Cabinet, piloted by Lloyd George, will bring down a bill for the consideration of parliament that will be a bold measure.

ONTARIO ELECTIONS RETURNS COMPLETED

Prohibition Expected to Have a Majority of Quarter of Million Votes.

Toronto, Oct. 21.—The standing of the parties late this afternoon give the following results: Reformers, 43; Conservatives, 27; Liberals, 28; Independents, 2, and about 11.

Late returns show prohibition held practically everywhere, even Toronto going dry. Indications are that the dries will have a majority of about 250,000.

PAINTERS

An open meeting of Painters Union No. 731 will be held in the City Hall Thursday, October 23, at 8 p.m. All painters in the city are cordially invited to attend.

PREMIER ON VICTORY LOAN

Writes Sir Henry Drayton Regarding New Issue and Urging Dependence on Own Resources.

(Special via G. T. P. Telegraphs.)

OTTAWA, Oct. 22.—Sir Robert Borden who is in temporary retirement on account of illness has written Sir Henry Drayton, Minister of Finance, as follows: "I hope the people of Canada will fully realize the extreme importance of making the present Victory Loan a complete success."

"The necessities of the country involve a very heavy expenditure in demobilization, in the payment of the liberal war gratuity authorized last December, in carrying out the arrangements for the civil re-establishment of returned soldiers and in providing for settlement upon the land. As Sir Thomas White pointed out in his Budget speech, the present fiscal year, for this reason, is a war year so far as expenditure is concerned. The exportation of our surplus food products and other staple commodities must be maintained and, pending the return of normal financial conditions, the Government is called upon to establish necessary credits for this purpose."

"The money markets of the world to which we have had resort in the past are closed, and it is entirely necessary to rely upon our own resources. They are ample for the purpose of providing the country with the amounts necessary to carry on its affairs. The security offered by a Canadian loan is second to none in the world; and every citizen who contributes his quota aids in stabilizing and maintaining the credit of his country."

CAPT. McKINNON BURIED TODAY

Funeral This Afternoon, With Rev. Father McGrath Officiating.

The funeral of the late Hugh McKinnon took place from the B. C. Undertakers' parlors at two o'clock this afternoon. The funeral was conducted by Rev. Father McGrath and the arrangements were in charge of the Deep Sea Fisherman's Union.

The pall-bearers were Peter Kenny, Edward Skogmo, Chris Gushu, Edward Lawler, Edward Anderson and Henry Gorgensen. Mr. McKinnon was a native of the maritime provinces and had many acquaintances and friends whom he knew at home as well as a host of friends whom he had made locally. He was a well-known figure along the water front and the deep regret on his demise will be generally felt in local marine circles.

Mabel Harris was up in the Police Court this morning charged with being drunk and disorderly. R. O. Fulton, who is defending, asked that the case be adjourned till to-morrow morning in order to give opportunity to call two witnesses. The request was granted.

WILL ARRIVE IN EUROPE SOON

KAKICHI UCHIDA AND HIS SON

The above picture shows Kakichi Uchida, head of the principal Japanese cable and telegraph companies, and his son, who are on their way to Europe aboard the Caronia, of the Cunard line, to study economic problems in connection with the vast international interests with which he and his affiliated companies in Japan are identified. Mr. Uchida left Tokyo early in August and has been studying economic conditions in the United States since his arrival at San Francisco.

ATHLETIC CLUB WAS LAUNCHED LAST EVENING

Officers Elected and Arrangements Made for Proceeding With Building at Once.

WILL INCORPORATE ACCORDING TO LAW

Nearly \$2,000 Required to Build Dressing Room and Secure Proper Equipment.

The Prince Rupert Amateur Athletic Association came into being at a meeting held in the Board of Trade rooms last evening with M. P. McCaffery in the chair. On the advice of W. O. Fulton it was decided to incorporate under the Benevolent Societies Act and with that end in view a provisional board of directors was chosen, consisting of H. S. Wallace, W. O. Fulton, Percy Tinker, M. P. McCaffery, H. McCall, Col. McMordie and Mr. Clementson. These will at once take the necessary steps to secure incorporation.

The committee appointed to secure data on the coast of fitting up shower baths, dressing rooms and securing paraphernalia reported and it was found that close on \$2,000 would be needed in all. At the Exhibition Building it would be necessary to construct a room 30 ft. by 30 ft. in the basement, to build a chimney and to put in shower baths and heating apparatus and a stair leading to the main building. The chimney would be useful for the fair purposes as at present when a stove is needed the stove pipe is stuck out of the window.

Officers.

Officers and working committee for the association were then chosen as follows: Hon. President, M. P. McCaffery.

President, Colonel McMordie. Vice-President, H. McCall. Sec.-Treasurer, Percy Tinker. Committee—Messrs. Ben Self, Willisrooft, Johnston, Westaway, Nicholl, Pullen, Joe Scott, Jr., Brady, Gihuly, Wearmouth, Gibbons, Tobey, Woodland and McAuley.

An effort was made to have the officers and committee representative men who would bring credit on the association and to include in its members of those associations which are interested in athletics.

Fees.

The fee for entry into the new association was set at \$40 for adults, \$5 for working boys under 18 and no charge for school children. Adult members will pay a dollar a month for the use of the rooms, and boys 50c a month.

GERMAN OPERA NOT POPULAR

Soldiers and Civilians Try to Stop Performance at New York.

(Special via G. T. P. Telegraphs.)

New York, Oct. 21.—Despite the decision by Mayor Hyland that German opera should not be given in New York until the Peace Treaty was signed, "Die Meister Singer" was presented in German at the Leighton Theatre while thousands of soldiers, sailors, marines and civilians fought with the police in an attempt to reach the theatre and stop the production. Several shots were fired as former service men time and again charged the police lines. A barrage of bricks, stones and other missiles was formed in an attempt to force a way through.

JAPANESE MENACE WORRYING AMERICANS

Speech of Senator Lodge Caused Considerable Stir in Washington.

(Special via G. T. P. Telegraphs.)

WASHINGTON, Oct. 22.—The speech of Senator Lodge in which he warned western nations of the "Japanese menace" has caused a stir in officialdom here. The suggestion that Japan was slowly but surely building up an imperialistic power in the Pacific, which unless curbed would cause a new outbreak of universal war, has set people thinking. While the aim of the speech was admittedly political and delivered with a view to influencing people against the present Government, the truth of the suggestion is so self-evident that men and women of both political parties are becoming worried.

BILLIARD CHAMPION IS SAN DIEGO MAN

(Special via G. T. P. Telegraphs.)

New York, Oct. 21.—Ora Morning Star, of San Diego, defeated Jake Schamefer, of San Francisco, in the opening game in an 18.2 ball-line billiard championship tournament. George D. Sutton, of Chicago, won the second game, defeating George D. Slosson.

LEADER IN RIEL REBELLION DIES

(Special via G. T. P. Telegraphs.)

Spokane, October 21.—John F. Wilmot, a resident of Spokane since 1892, died here yesterday. He was a member of the R.N.M.P. and it was his company of mounted police that captured Riel in the Riel Rebellion.

Ask for Atkins' Sausages.

Large Shipment of Pulp and Shingles

One Hundred Car loads a week Passing through this Port from Swanson Bay, Shipped by Whalen Company.

Large shipments of pulp, shingles and lumber are regularly passing through this port from Swanson Bay where the Whalen Pulp and Paper Company have their big plant. The average of shipments through Prince Rupert is nearly 100 carloads weekly most of which goes right through to big industrial concerns in the Eastern States.

Among the many corporations that buy raw pulp from the Swanson Bay plant are the Quaker Oats Co. of Pekin, Illinois.

They take this pulp to their carton making plant and there turn out the familiar round packages in which their goods are sold. The Whalen plant does not make paper or cardboard but this is made at the plants in the East.

The new slips at Swanson Bay and Prince Rupert are nearly finished and the company expects to use them by November 15. After that time there will be no extra handling here as the cars will be taken to Swanson Bay where they will be loaded and brought back here and taken right out on special trains. This will eliminate the heavy cost of hauling the product between the barges and the trains here.

The Grand Trunk is building the slip here, which is located just west of the garbage wharf, and the Whalen people are building the slip at Swanson Bay. The car barges will be handled by the G.T.P. tug Lorne as the company's tug, the Francis Cutting, is hardly large enough for the purpose.

It is expected that when the new service is operating the shipments will be larger with the lessened cost of shipping which will reduce the f.o.b. costs at the ultimate points of delivery. Mr. Warren, the local agent of the Whalen Co. says that he is now very busy with the great amount of pulp, paper and shingles that is passing through at the present time.

CAPT. DANIEL WAS PRISONER

Well Known Prince George Officer Here on Way to Victoria After Trying Experiences.

A strenuous three months of flying on the Somme early in 1917 was followed by nearly two years of monotony and hardship as a prisoner of war in the hands of the Germans. This was the experience of Capt. J. B. Daniell, of Prince George, who with Lieut. Crocker, also of Prince George, arrived here last evening and is going to Victoria for demobilization.

Capt. Daniell who is an officer of the Royal Naval Air Service, is a son of Police Magistrate and Mrs. Daniell of Prince George, and the former editor of a Prince George newspaper. He was a prisoner from May 1917 until six weeks after the armistice and since that time has been in England awaiting an opportunity to return home. He crossed on the Megantic with 950 other officers of the Flying Corps and expects to return to Prince George soon and probably will take up newspaper work there once more.

Capt. Daniell's mother is the famous artist whose work is well known throughout the country and especially in the coast cities.

MACHINISTS ATTENTION

GOLD RUSH IN MANITOBA

Rich Ore Carrying Immense Value Reported to Have Been Found.

WINNIPEG, Oct. 22.—Manitoba is competing with the Yukon Territory and British Columbia in the matter of gold rushes. Two rich gold strikes have been made in the eastern part of the province. One near The Pas and the other just on the border of Ontario about 200 miles east of here.

The vanguard of the army of gold seekers is already in both fields. It consists of prospectors, lumberjacks and laborers, who were in the vicinity of one or the other strike when the news first was broken. This vanguard is being reinforced rapidly by platoons of retired prospectors, clerks, newspaper reporters, returned soldiers—men of all trades and professions—from Winnipeg and neighboring towns. By the time a party of ten prospectors reported to have started from Mexico, and a party of 75 from California, reach the fields both probably will have been claim staked for many miles around.

Cook's strike at The Pas, which was declared by assayers and mining engineers to give promise of being the richest since the "pay dirt" was discovered in Alaska, was made by accident. He was not even prospecting at the time. The other was a strike of good fortune that surpassed his fondest expectations. He had come to the wilds of Western Ontario to spend a vacation fishing and hunting. By chance, a man named Wachman met Larsson, a veteran prospector, who induced him to lay down his fish-pole and gun and take up a pick "for exercise." A vein of gold said to assay at from \$200,000 to \$300,000 a ton is among the reported finds.

ROAD ROUND ISLAND WOULD BE ATTRACTION

Writing of Prince Rupert in the Toronto Globe Mrs. Cotes says:

"The climate makes the north of the Province the natural refuge of a heat-blistered continent in the summer months, and already our American neighbors are flying through the country in large numbers, like migrating birds, looking disappointedly for hotels expensive and luxurious enough to perch at without loss of self-respect. Tourists ask interest and occupation and amusement—how well the genius of the C.P.R. understands that! A beginning has been made at Jasper Park, but the beginning ended there. A 25-mile driving road round Kaien Island would be costly to build, but it would turn Prince Rupert into a point of pilgrimage, instead of a boat-and-rail junction for summer travel. Meanwhile it might be possible to give the place a station. But there is no lack of indication, no scarcity of opportunity. We shall see what we shall see."

BIG DRIVE FOR ATHLETIC CLUB

Tuesday Next Set as Day for Going out After Funds for Prince Rupert Amateur Athletic Ass'n.

A drive for funds in connection with the newly formed Prince Rupert Amateur Athletic Association was arranged for at the meeting last night. It will take place on Tuesday of next week and all workers and others interested in forwarding the aims of the association are asked to meet on Monday evening at 8 in the Board of Trade rooms in order to organize the campaign.

The drive is not so much for members as for subscriptions towards the building and equipment for which approximately \$2,000 is needed.

A rough estimate submitted by Mitchell & Currie at a meeting held last night in the Board of Trade rooms showed that nearly \$1,400 would be required to fit up a proper permanent dressing room with stair leading to the main exhibition building and with two showers and hot water heating apparatus.

The amount of apparatus secured will depend largely upon the funds collected, but the whole expenditure in connection with the building and equipment should not be less than \$2,000 in order to give the new association a good start.

It is the intention to canvass every person in the city that can be reached and to try to secure the full amount needed so that there may be no debt hanging

over the association to handicap its work.

Plans are to be prepared of the new improvements and everything will be ready to go right ahead just as soon as the money is forthcoming.

JUNEAU HAS 'BLIND PIGS'

So Says Grand Jury Which Recommends That They Be Suppressed.

Juneau, Oct. 22.—The Grand Jury which has just been discharged in its report says as follows:

"Our investigations justify the belief that many of the so-called 'soft drink' resorts now being operated in the city of Juneau are what are known as 'blind pigs'; that intoxicating liquors are being or have been sold in them to the detriment and injury of the city and community.

"We further find that, with but few exceptions, these 'blind pigs' are owned and operated by foreigners who are not in sympathy with our laws and institutions; that they are here and engaging in unlawful business for the sole purpose of illicit gain; that many of them are on record as having violated the laws of our country, having been previously convicted of such violation.

"We, therefore, recommend that in future, prison terms be included in the punishment meted out to these offenders of our laws for the reason that fines are not adequate to the magnitude of the majority of the offenses, their illicit business having been of

such financial profit that even the maximum fine is of small consequence to them.

"We further recommend that the immigration authorities be urged to investigate existing conditions with the view of deporting to the various countries from whence they came the many aliens who are defying the laws of our country by engaging in illegal and unlawful pursuits."

There is a letter for Mr. Arthur Evans at the office of the Free Miners' League.

VANCOUVER LAND DISTRICT—DISTRICT OF COAST, RANGE III.

TAKE NOTICE that Emma C. Smaby, of Ocean Falls, B. C., occupation married woman, intends to apply for permission to lease the following described lands:— Commencing at a post planted on the north end of a small island on the west side of Choked Passage, west of Hunter Island, thence south 40 chains; thence west 40 chains; thence north 40 chains; thence east 40 chains to point of commencement; and containing 160 acres, more or less. G. G. McGEER IS COMING HERE

Expected to Arrive on Saturday to Address Meetings in District.

LOAN CAMPAIGN TO COMMENCE OCT. 27

G. G. McGeer, M.P.P. for Richmond, is expected here on Saturday in connection with the Victory Loan campaign for this district and it is expected that he will address meetings throughout the district and explain the aims and objects of the campaign. Mayor McClymont received a wire this morning notifying him that Mr. McGeer is coming and asking him to make arrangements. Mayor McClymont has charge of the organization not only for Prince Rupert, but for the whole district as far as Hazelton, Stewart and Graham Island. He is arranging first for the outside points and in a few days will take up the matter of local committees. The actual campaign commences on October 27 and continues for three weeks.

Sport Briefs

Mickey Mackay has signed to play with the Calgary Columbus Club hockey team this year.

Regina has a big cribbage league this winter. This is the latest thing in sport and Regina has twenty teams out for the championship honors.

Ad. Wolgast, former lightweight champion, knocked out Walter Kane in an eight-round bout at Yuma, Arizona.

It is rumored that Johnny Evers will return to the National League to manage the Pittsburg Pirates.

The Vernon baseball club won the Western Minor League Baseball championship by defeating St. Paul, of the American Association, at Los Angeles on Friday. The series went the full nine games and both teams were very evenly matched. The score of the deciding game was 2-1.

Ted Kid Lewis is after a bout with Benny Leonard. Lewis defeated Mike O'Dowd in Syracuse on Labor Day and thinks he is entitled to meet the lightweight champion, as he had offered to fight O'Dowd. When Leonard and Lewis last fought opinion was about evenly divided on the merits of each, although Leonard got the popular decision.

ETHEL CLAYTON IN "MAGGIE PEPPER" AT WESTHOLME THEATRE

Ethel Clayton is to be here tonight in picture at the Westholme Theatre in the feature picture "Maggie Pepper." This is a fine film and is up to the usual standard of Miss Clayton's work. Fatty Arbuckle is also on the program in "The Cook."

At the Empress, Ruth Stonehouse in "The Edge of the Land" is a great picture. There is also the thirteenth episode of "A Fight for Millions" and a comedy.

FORT FRASER

Mr. and Mrs. Fred Aslin have moved to Burns Lake. Though he will make his home there he will still run his store here.

All unsurveyed pre-emptions in this district have been at last surveyed by V. Sheldrup, who has left for Burns Lake.

G. Sumner, of Vancouver, has returned to his home after visiting with Mr. Fraser of the Government office. Mr. Sumner has lived thirty years in north central British Columbia and still believes this is the best farming district in the country.

D. McAloney arrived from Usk last evening to become first-aid man in the local shipyards. Mr. McAloney formerly held a similar position on the Dolly Varden Railroad.

J. B. Daniell and Walter H. Crocker, both of Prince George, are registered at the Hotel Prince Rupert, having arrived on last night's train.

TO SEE OURSELVES AS OTHERS SEE US

In a letter to the Dawson News, George C. Sharp, formerly manager of Jack McLennan's Drug Store at the northern capital, says:

"Prince Rupert was a tremendously busy place, and certainly is the place of north B. C. if one can stand the climate. The future looks good. The first chap I met was our old friend, Simpson, late of Dawson. I bought a ticket Prince Rupert to Winnipeg, 1,755 miles, by way of Prince George, Edmonton, Saskatoon. The scenery up the Skeena river is grand; also about Mount Robson and Jasper. Alberta is badly hit by drought and the country looked bad, but the towns and cities looked good and thrifty, especially Edmonton, Saskatoon and Winnipeg. I thought Saskatoon extra good."

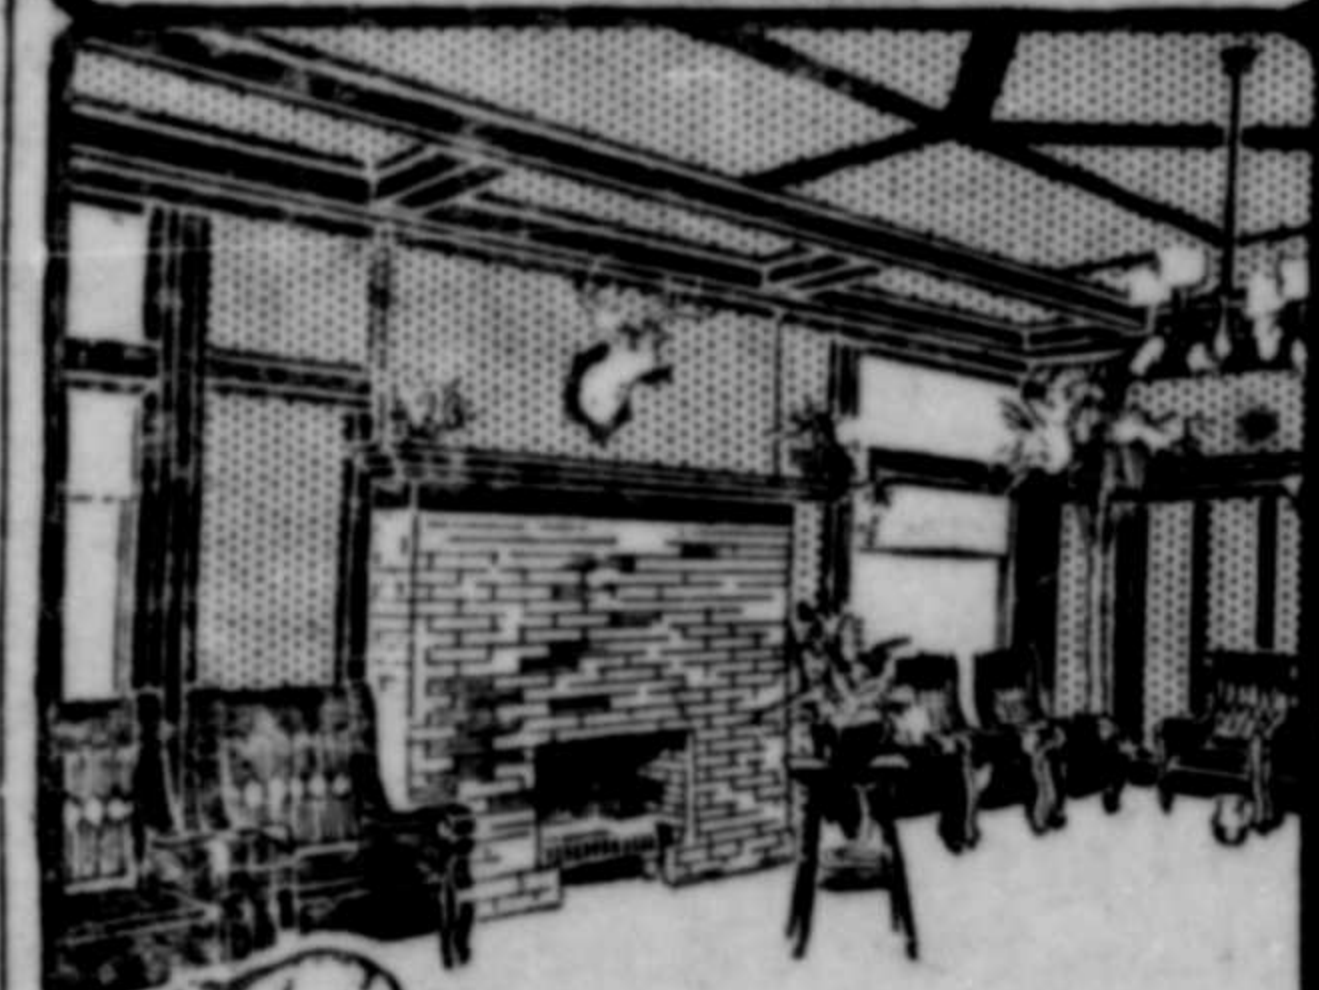

FIFTEEN YEARS IS ADDED TO LIFE BY LIMITING LIQUORS

(Special via G. T. P. Telegrams.) New York, Oct. 21.—Progress in surgery in medico-therapeutics since the civil war have added fifteen years to the average human life, Dr. W. Mayo, of Rochester, Minn., told the annual Congress of Surgeons, with continued promise and aided by the limiting of liquors, fifteen years more would be added.

BEAVER BOARD FOR WALLS OF CHARACTER

If it hasn't the Beaver trade-mark it isn't Beaver Board

Finish off your attic—partition off a room in the basement—put new walls in your garage. Do it with Beaver Board. For your summer cottage, for your new home, for the club, the store or the office—Beaver Board. It takes the place of lath, plaster and wallpaper, gives you better walls and ceilings, more handsome, more sanitary, more durable.

There is every reason for—and none against your using Beaver Board. Get the genuine. It will pay you to be particular.

We sell Frisbie Engines Complete and ready to install.

FRISBIE

the friendly motor

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power

than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

1 to 6 CYLINDERS—5 to 75 HORSEPOWER

Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 16 H.P.; 3 cyl., 18 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 50 and 75 H.P.—Bore and Stroke, 4 1/2" x 5" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.

PATRICK SAYS AMATEURS ARE SPOILING GAME

Charges That They Are Being Paid More Than Professionals.

Vancouver, Oct. 21.—The reinstatement of former professionals by amateur athletic unions of Alberta and Saskatchewan has deprived the Pacific Coast Hockey Association of Dick, who prior to going overseas, proved a sensation with the Portland Club. He is the third player to turn down the professional body for the amateur brand, Mackay and Stanley, for the past few seasons with Vancouver, having been granted amateur cards in Alberta.

"We cannot hope to compete with amateurs of Alberta and Saskatchewan when they pay a better price than we pay for playing talent," declared President Frank Patrick. "The actions of the amateur organizations of the middle west are not in the interests of amateur sport and a halt should be called by the head officials."

MAYOR REPORTS ON CONVENTION

Tells City Council What Action Taken by Union of Municipalities Regarding Important Questions.

While in the south recently Mayor McClymont attended the convention of the Union of British Columbia Municipalities which was held at North Vancouver. He made a report on the matters dealt with at the convention at Monday night's council meeting, which was laid on the table for the consideration of the council.

Among other matters considered was the exemption of soldiers' property from taxation. A special committee from the convention was appointed to confer with the government in the matter and also

of railroad land. Another matter which is to be taken up by the Union with the Legislature is further revenue for municipalities. It was the feeling of the convention that all revenue collected within a municipality should belong to it and not go to the Provincial Government as at present. The auto tax is one of the main points under this head.

Two Year Term.

The proposal to have a two year term for mayors and Reeves was turned down but a two year term was recommended for Aldermen. It was also recommended by the convention that requirements for police commissioners be the same as for aldermen. Indigent poor should not be a charge on a municipality unless they have resided in the municipality for a year, otherwise the municipality of which they were resident should be responsible.

The biggest question of the

whole session was the rejection or retention of "Local Government Boards." Only six out of the hundred at the convention voted for the retention. It was almost the unanimous contention that such boards were a hindrance to local councils and that sometimes the men on the boards were not really in touch with local affairs.

The new act in connection with the court of revision was condemned as a retrograde step. The act provides that members of councils are not eligible for the court. This eliminates men who are familiar and have local requirements of municipalities well in hand.

The Government decided to ask for a Hydro-Electric Commission to assist municipalities in securing cheap power.

It was decided to ask the Gov-

ernment for better legislation in the matter of the sale of near beer.

Other matters of more or less moment were dealt with including the mutual co-operation of municipalities in law suits of common interest and also the matter of church taxation.

The Sea — What It Means to You!

YOU would be surprised to learn how little many people know about the relation our prosperity bears to the problems of shipping.

With the exception of our purely domestic trade and that with our neighbors to the South, every dollar's worth of goods we produce must cross the seas, and so exports are largely the measure of our wealth as a nation. Submarine losses have

placed a heavy premium on ships, so that we cannot rely on foreign vessels to carry our goods, but must build and MAN our own mercantile fleet.

Above all, we must see that CANADIAN seamen are available to man Canadian vessels as they become ready for our export service.

A Patriotic Duty An Economic Necessity

The work of training Canadian boys for the sea is carried on by the Boys' Naval Brigades. Funds are absolutely imperative if the work is to be carried on and extended at this critical period. The appeal to the patriotic spirit is strong to give our lads a chance.

Help by giving—and giving liberally. Then help again by putting the great need before another. The Nelson Day Campaign is going to be a great success and it will be because of the loyal co-operation of public-spirited citizens like yourself.

What YOU do to-day counts much for Canada's future and your own! Assist generously.

Aims of the NAVY LEAGUE OF CANADA

To emphasize Canada's opportunities and responsibilities on the sea.

To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.

To maintain sailors' homes in our ports.

To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.

"Canadians Must Sail The Seas"

Campaign Committee for the Province of British Columbia
Chairman — Sir Charles Tupper
Vice-Chairman — H. T. Ravenhill
Headquarters — 203 Stobart Pease Building, Victoria, B. C.

Why Every Canadian Will Buy Victory Bonds

TRIUMPHANT, Canada emerged from the war, a nation great in arms and great in trade, a nation respected and admired by the world.

And Canada will continue to hold high her head.

Our obligations to the heroic dead, to the crippled and disabled soldiers, and to the men who were so fortunate as to return, will all be met.

That is Canada's duty.

To fulfill it, every Canadian will do his part.

Canadians will keep the machinery of prosperity humming, the factory chimneys smoking, the sea and lake ports bustling with activity, and the surplus products of farm and factory going forth to Great Britain and other lands,

But to accomplish all this more National Working Capital is needed.

The money is here, but it is in the hands of individuals rather than in the hands of the nation. It is in the savings banks, loan companies and generally scattered throughout Canada. For instance, our deposits in banks and post offices have increased in five years from one billion (\$1,086,013,704) to a billion and three-quarters (\$1,740,462,509), an increase of nearly two-thirds of a billion (\$654,448,805).

The people will loan their individual savings to the nation to be used as National Working Capital in maintaining our commercial prosperity.

Every man and woman from every walk of life is interested in maintaining this prosperity. Therefore, every man and woman from every walk of life is personally interested in making the Victory Loan 1919 an overwhelming success.

It will serve to keep Canada in its present place, far up in the vanguard of World Progress.

Victory Loan 1919

"Every Dollar Spent in Canada."

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

CANADA MUST HAVE MORE WORKING CAPITAL

Country Making Money but Needs More Capital so Business May Expand.

Canada is in the position of a business house with a growing trade. She is making money. But the success of her business depends entirely on her ability to secure working capital. Canada must have money to finance her agricultural, commercial and industrial development. Business needs more working capital in order to expand. All classes of Canadian people will benefit directly by the development and expansion. The success of the 1919 loan depends on the prosperity of the whole country. Help Canada provide the working capital by subscribing to your post. Urge others to buy. and help yourself.

HUGH M'KINNON FELL ON ROCKS

Died as Result of Fractured Skull, Was the Verdict of the Coroner's Jury.

A verdict of accidental death was given at the inquest held into the death of Hugh McKinnon, who died on Sunday night. Yesterday afternoon the evidence of A. J. Weatherspoon, D. Darach, Wm. Payne, A. C. Allen and Constable McGlinchy was heard. All the first four witnesses concurred in the testimony that there had been no quarreling or drinking on Sunday when they were together and also that McKinnon had fallen off the narrow walk leading to the shack on to the rocky beach. The medical evidence brought forth the fact that the man's skull had been fractured. The inquest took all afternoon and part of the morning and the following verdict was returned:—"That Hugh McKinnon came to his death due to concussion of the brain after having fractured

his skull in falling from the walk to the rocks."

VANCOUVER BOARD OF TRADE PRESIDENT IN THE CITY TODAY

Chris. Spencer, president of the Vancouver Board of Trade and head of the firm of David Spencer Ltd. of Vancouver and Victoria arrived in the city this morning on the way to Alice Arm to look over the Dolly Varden mine in which he is interested.

During the trip northward word was received which seemed to indicate that Prohibition was defeated in Ontario. As Mr. Spencer is an ardent prohibitionist he was much disappointed but was greatly relieved to hear on arrival here that the vote was expected to be a quarter of a million to the good.

Mr. Spencer was here in the summer with the Board of Trade party from Vancouver and he says that the members are still talking about the trip.

Word has been received by Registrar Burritt that Mr. Justice Clement will take the Assizes at this city which open on Tuesday next. There are two criminal cases; that of Rex vs. Michael J. Noon, and Rex vs. Peter La France of Stewart. There will also be several civil cases.
