Was Merely Suggestion of Co-operation—Prime Minister Was Again Victim of Organized Heckling at Meeting In Regina Last Night

REGINA, July 15:-After one of the most strenuous meetings of his campaign, Premier King left here late last night for Winnipeg where he will conclude his tour of the west. The Premier was heckled somewhat when he dealt with the unemployment problem but the unperturbed Mr. King pursued his outline of the campaign issues, answered questions and replied to communications submitted to him by unemployed men's associations of the city. Heckling was not unexpected here and there were stories of the disturbances being organized. Foro-

Tory Deception

Messrs. Stevens and Brady are telling us that the Liberal Government has increased taxation because Canada now collects more taxes than when the Liberals came into power.

This is a half truth and is worse than a whole lie because it is made with the intent to make the electors believe the rate of taxation has not been reduced.

Mackenzie King says very justly that he is entitled to commendation for having continuously reduced the rate of taxation during the last six years, though the amount of revenue collected has increased materially.

As a country prospers and business increases more taxes are collected although the rate may be greatly reduced.

Mr. Brady once taught mathematics. Let us give him a simple problem in arithmetic:

"If a business man on a \$20,000 turnover pays a 6% business "tax or \$1,200, what tax will he pay on a \$200,000 turnover when "the rate is reduced to 1%? The answer of course is \$2,000. More

"taxes, but rate reduced from six to one." The Mackenzie King Government reduced the Sales Tax from 6% in 1923 to 5% in 1924; to 4% in 1927; to 3% in 1928; to 2% in 1929 and to 1% in 1930, and all our other taxes have been similarly reduced by the Liberal Government and yet Messrs. Stevens and Brady continue in their attempt to deceive the electors into the belief that their taxes

have not been reduced. They cannot meet the government squarely on the big issues of the day such as the Imperial Preferential Tariff and the Economic Conference but fritter away the time of the people in discussing "five cent pieces" and "when is a tax reduction not a tax reduction."

Any port in a storm.

While it was not a considered statement but simply an TRADE BOARD aside it was intensely interesting to the people who heard it. It was given during the course of a brief address at the banquet given last night in honor of the directors of the B. C. Packers, who were present. It bears out the views which have often been expressed in these columns.

Another interesting thing made clear at the banquet was that the high price of wheat tends to injure western art Board of Trade has made the ports because wheat was in direct competition with rice officers: and if the price of wheat is high the Orientals eat the Presient-Howard Campbell and cheaper commodity. ENGLAND

Improved Its Standing Further Yesterday In Third Cricket Test Match

LEEDS, England, July 1-5:-The test cricket match between England and Australia was halted first by rain and then by bad light yesterday. In the short time that play was possible, England raised her first innings total from 212 runs for five wickets at which it stood Saturday to 242 runs without the loss of a batsman. Australia's first inning total was 566. Wally Hammond and George Dukeworth continued the English innings.

Play was resumed today, the last day of the match.

Taku River Field Is Not Played Out-Big Missouri to Take Over Riverside Mill-Premier Ships Ore From Porter-Idaho

C. M. Lee of Stewart strongly deprecates reports appearing recently in the press of Prince Rupert to the effect that "one hundred and twenty-five square miles of land has been staked, and some of it doubly staked, in the new Taku River mining area." Such a statement is very much exaggerated, Mr. Lee states. He says that the ground staked covers about twenty by four miles and part of this is still open. The largest individual holder is the Alaska Juneau Co. which has taken up property covering about two square miles including the "-----

Railways Acquire Interest In Airways, Thornton Says; Will Make No Statement On Outlet

VANCOUVER, July 15:-Sir Henry Thornton, president of the Canadian National Railways, on his arrival here in the course of a western tour, refused to say anything yesterday regarding the Peace River outlet. Until the election was over, he stated, he would say nothing whatever as to what progress the two railways had made in their joint survey of the situation.

Regarding aviation, he said that "The Canadian Pacific and ourselves have acquired an interest in the Western
