SIXTY KILLED IN BOSTON DISASTER

Terrible Catastrophe As Passenger Steamer Crashes Into Carrier

People Lost Their Lives in Flaming Sea of Floating Oil After Tanker Ship Burst Into Flames

BOSTON, June 11:—A flaming sea of floating oil claimed the lives of possibly 60 persons last night in Massachusetts Bay as the passenger ship Fairfax crashed into an unidentified oil tanker during a dense fog. Eleven persons were seriously injured. It is believed that the entire crew of the tanker, numbering 40, perished as the vessel cracked up and disappeared a few minutes after the crash. Eighteen passengers and members of the Fairfax' crew are also missing and are believed dead.

CHARGE IS CUT DOWN

Charles Oliver Has Now to Answer Only to Charge of Common Assault

VERNON, June 11:—Following strong argument by defense counsel that Oliver could not be charged with an offence compounded from two charges, Chief Justice Aulay Morrison, at the opening of the trial, agreed to eliminate the first part of the indictment and Charles Oliver now faces a charge of common assault only in connection with an assault upon Dr. Victor E. Latimer in Penticton last November.

Before the opening of the case, the Grand Jury returned a true bill against Oliver on two counts of forcible seizure and unlawful assault in connection with the tar and feathering incident.

Oliver pleaded not guilty to the charges.

Two Members of Crew Had Narrow Escape When Cannery Tender Was Burned Monday in Portland Canal

Two Scandinavian members of the crew had a narrow escape with their lives on Monday night when an explosion occurred aboard the 50-foot cannery tender Kitwanga in Portland Canal and the vessel burned to the water's edge two miles from shore. The two men owe their lives to Harry Welda of the trolling boat Lillian who picked them out of the water just as they were about to give up from exhaustion. The Kitwanga is believed to be a total loss.

The Kitwanga was travelling from Mill Bay cannery, to which it was attached, toward Somerville Island and was about two miles from its destination when the explosion occurred about 9 o'clock in the evening. In the excitement, the rowboat aboard the vessel was lost and the two men jumped into the water. A number of trollers were in the vicinity and Welda finally picked the drowning men up.

A Plea For British Fair Play

Canada invites good citizens of all nationalities to come to her shores as immigrants and offers them after they have been here five years to make them British subjects and to give them every right of British or Canadian nationality. This includes the highest honors of our country without condition or stint. It would be mean, undeserving of us and un-British to suggest anything else.

FINANCIAL NEWSPAPERS

Very often financial newspapers are quoted as being accurate and influential and something for the dailies to emulate. Among these the Financial Post of Toronto has often been mentioned. Yet in the most recent number of that publication we find information given in regard to Prince Rupert which seems to indicate that it has not yet heard that Prince Rupert has sold its power plant, and that a big new hydro-electric plant is being built here by the Power Corporation of Canada. The Financial Post states that the city owns its own electric light and power, telephone and water systems.

THE WATT CASE

It seems a pity that there should have been so much delay in connection with the investigation into the Norman Watt dismissal. The greater the delay the more difficult it will be to get at the truth. It seems hardly fair to Mr. Watt or the people of the province to have so many months intervene between the dismissal and the inquiry into the right or wrong of it. Assuming that the provincial government was right in the steps they took, what possible objection could there have been to opening the inquiry, say last fall. Even since the session of the legislature when the promise was made that there would be an inquiry, there has been time for a dozen inquiries. The result is that people are beginning to wonder why the delay.

RUPERT WELL OFF

Many Prince Rupert people do not realize how well off the city is today compared with many other places. Industries here are keeping going well. There is a steady payroll in the city and if it were not for outsiders coming in there would be plenty of employment for everybody. Business houses are doing fairly well, in many cases just as well as in past seasons.

When anyone feels inclined to kick at conditions it might be well to remember that in almost any other part of Canada conditions are not as good as they are here.

GRAIN ELEVATOR AND POOL

Now that the wheat situation seems to be easing up and no action is being taken by the Wheat Pool to utilize the elevator at Prince Rupert, it will be well to consider whether it might not be the best policy to try to secure the cancellation of the pool's lease. It looks as if the pool is simply tying up the local elevator to keep someone else from using it.

If the local house is to be filled but once in a season we can't be much worse off if it should be idle altogether. At any rate Prince Rupert should not lie down and be trampled on just to suit the conveniences of the big grain monopoly, even though it be a co-operative organization.

We have hesitated to say anything which might hamper the pool when it was in a difficult position, but now seems to be the time for plain speaking.

The average man is one who feels himself a little above the average.

GREETED WINNIPEG

Premier Bracken and Mayor Webb Went to Seattle to Meet Ship

JASPER PARK LODGE, June 11:—Thirty of Winnipeg's prominent business men, headed by Premier John Bracken and Mayor Ralph Webb, passed through here at the week-end en route to Vancouver where they entrained for Seattle to go aboard the French Line ss. Winnipeg, which is making its initial trip to Canadian waters.

Premier John Bracken reported a splendid trip and said he was proud that this party was being honored in receiving an invitation to welcome the ss. Winnipeg on her first trip to the Pacific Coast. "This new ship of the French Line will carry the great name of Winnipeg from the Pacific Coast of Canada to the shores of France and we are all proud that we represent our great city on this trip."

On arrival in Vancouver on Saturday morning the party immediately travelled to Seattle and boarded the ss. Winnipeg shortly after noon. The steamer sailed during the latter part of the afternoon for Victoria, arriving on Sunday morning. During the day the official ceremony of welcome took place and Mayor Webb, who has been appointed an honorary captain of the steamship, presented Captain H. Cockerill with a sterling silver shield bearing the coat of arms of the city of Winnipeg and also a silk Union Jack.

The party returned to Vancouver Monday and at noon were guests of the publicity bureau at luncheon. In the evening the entire party were guests of Mayor Malkin at dinner. Included in the party was A. A. Tisdale, general manager of the western region, Canadian National Railways and Robert Creelman, passenger traffic manager.

The Letter Box

THE CONSERVATIVE DISPLAY WINDOW

On the occasion of the coming election it has been discovered by the leader of the Conservative party that it has become necessary to change his entire display.

In the good and happier days gone by they had on display a wonderful array of Canadian manufactured articles as they would be under the fostering protection of a high tariff. As a background, and as an added attraction there was an abundant supply of nice new crisp greenbacks loaned on interest by the beneficiaries of that high tariff. Along with that they used with good effect on all occasions the good old Union Jack for the purpose of covering up all defects in the setting.

On the occasion of the last general election, by way of contrast they portrayed the Liberal display. A crowded window of smuggled prison made garments infected with every germ of disease known to the medical profession and beside it to soften the distress of the unfortunates doomed to wear the hideous garments there were trunks full of narcotics also smuggled into our country with the knowledge and connivance of the wicked government. It will be remembered that same government was returned.

On this occasion the well stocked warehouse of the Liberals contains all varieties of Canadian manufactured goods sufficiently protected. The flag too, taken from the Conservatives because of its abuse is there, in it, function as the emblem of union.

What of our good Conservative friends on this occasion?

In place of the grand old flag that has done valiant service so often, the flimsy setting is smothered with dull and unattractive big nickels. In fact the supply is so abundant that the Hon. H. H. Stevens and, indeed, our own good member has been disgorgeing them over the entire country on their way west and yet we are promised a deluge of them for home consumption.

Because of the paucity of further material it is predicted that the party will be driven to the necessity of dragging out the mummy of Sir John A. McDonald. This with an occasional greenback will be the picture.

The writer predicts that under those circumstances the chances are all in favor of Mackenzie King, and will to a limited extent be prepared to back that conviction.

A SOMETIMES LIBERAL.

WARREN IN VANCOUVER

C. N. R. Vice-President Optimistic As to Crop Prospects

VANCOUVER, June 11:—A. E. Warren, vice-president, Canadian National Railways, with headquarters at Winnipeg, arrived in Vancouver at the week-end on the Continental. Mr. Warren is in the west on one of his periodical business visits and will be here for several days. He has a busy program laid out and on Saturday accompanied Mayor Malkin in welcoming the party of Winnipeg business men who visited the coast to officially welcome to Canada waters the new French Line ss. Winnipeg which arrived in Victoria early on Sunday morning. The Winnipeg party arrived at the Canadian National depot at 7:25 a.m. Saturday.

Mr. Warren is of the opinion that the crop conditions in Western Canada are a little above the average. "There has been considerable rainfall lately which will have a very beneficial effect all round," stated Mr. Warren. "It is, however, the eventual 1930 crop. It is really much too early to prophesy as to impossible to get a fair idea of crop conditions until around July 1."

"The early state of a crop is subject to many things that might change conditions. There does seem to be a better spirit of optimism, however, generally throughout Western Canada which in itself will have a very beneficial effect."

"While I am here this trip I will make a careful inspection of the Lulu Island development the Canadian National Railways have in hand. The progress has been quite satisfactory to date and I am sure when our work is completed it will mean a tremendous step forward in the development of industrial life in this territory," stated Mr. Warren.

Mr. Warren was met at Jasper and accompanied over the territory by B. T. Chappell, general superintendent for British Columbia.

How Fred's happiness was nearly ruined by "B.O."
 (Body Odour)

TODAY—he had planned to propose. But her attitude froze him. What could be the matter? It was hot, to be sure. But why should that distress her so?

Fred never suspected "B.O." then. Yet body odour isn't interfering with his happiness now—he's married to Anne. Read how he found the easy way to keep perspiration odourless.

Perspiration without "B.O."

"Like any normal, healthy human being, I perspire—particularly in hot weather. I've been told that pores give off as much as a quart of waste daily.

"But it never occurred to me that perspiration means 'B.O.' We become insensitive to an ever-present odour. I offended—unknowingly!"

"Then I changed to Lifebuoy—and what a difference! When I step out of my daily tub now, I feel alive—gloriously clean! Pores are purified so deeply by Lifebuoy's marvellous antiseptic lather, that 'B.O.' is prevented.

"Lifebuoy's a fine skin soap, too. It guards health—by removing germs. Its pleasant, extra-clean scent, that vanishes as you rinse, tells you Lifebuoy purifies."

Summer COLDS

Quick Relief from any Cold, Sore Throat, Headache or Other Pain

DON'T treat a "slight cold" lightly! The discomfort of a summer cold can easily develop into dangerous illness if neglected. A tablet or two of Aspirin will check a cold as quickly as it came. And you will get immediate relief from the headache that goes with it. If there's a sore throat, too, crush 2 tablets in 4 tablepoons of water, and gargle. Those who have learned the true value of Aspirin are never without it in any season of the year. It's always ready to relieve headaches, neuritis, neuralgia, and a long list of aches and pains; see proven directions in each package. Aspirin does not depress the heart or upset the stomach. Druggists everywhere have it.

G. A. McNicholl, general passenger agent, Canadian National Railways, Vancouver, is in the city today aboard the steamer Prince George on which he is making the round trip to Skagway.

F. H. Bates, principal of Cheslerfield Boarding School for boys, North Vancouver, will be pleased to interview parents desiring information about the school. Telephone Prince Rupert Hotel, 3001.

Tom Hanson, for drunkenness, was sentenced to one month's imprisonment by Magistrate McClymont in city police court yesterday afternoon. He had been convicted several times previously.

The case of Magistrate Thomas McClymont, who is charged with a violation of the traffic bylaw by G. W. Nickerson, will be heard this evening by W. E. Collison and Ald. S. D. Macdonald, sitting as justices of the peace.

John R. Morgan Queen Charlotte Island logging operator and pioneer resident of this city, was an arrival on the Prince George this morning from Vancouver.

GET WASTE OUT OF YOUR SYSTEM

Banish Constipation at the Start with Kellogg's ALL-BRAN

Look out when you wake up tired and stay tired. Beware of headaches, unpleasant breath. These are usually the first symptoms of constipation.

The trouble is that your intestinal system is clogged. You have eaten too many bulkless foods. But you can clean your system safely, if you start at once to eat Kellogg's ALL-BRAN.

Kellogg's ALL-BRAN is a cereal that you can eat naturally. It sweeps the intestines clean of poisonous wastes. Far better than habit-forming pills and drugs.

Kellogg's ALL-BRAN is guaranteed. Just eat two tablespoonfuls daily—recurring cases, with every meal. You'll like its crispness and flavor. Your system will benefit by its rich store of iron and healthful elements as well as by its roughage.

Ready-to-eat with milk or cream. Delicious with fruits and honey added. Use it in cooking. Recipes are on the package for muffins and griddle cakes. Sold by all grocers. Served by hotels, restaurants and dining-cars. Made by Kellogg in London, Ontario.

YANKEES BEAT BROWNS

NEW YORK, June 11.—Bob Smith of Boston shut out St. Louis with three hits for eight innings but weakened in the ninth and tenth and the Cardinals won.

In the American League, Chicago White Sox went 11 innings to defeat Philadelphia Athletics.

New York Yankees landed on Coffman for five runs in the first two innings and defeated St. Louis Browns.

GENARO IS WINNER

Retained World's Flyweight Title Last Night By Defeating Albert Berlinger

TORONTO, June 11.—Frankie Genaro, recognized by the National Boxing Commission as the flyweight champion of the world, retained the title last night by winning a 10-round decision from Albert Berlinger of Toronto, Canadian champion and former world's titleholder.

The New Yorker took the lead in the fourth round when he solved Berlinger's crowding tactics and, for the remaining six rounds, was in complete control.

DAVIS CUP SEMIS NOW

Australia Is to Meet Italy and Japan to Play Czecho-Slovakia

LONDON, June 11.—Australia will play Italy and Japan will meet Czecho-Slovakia in the semi-finals of European zone Davis Cup tennis.

Australia eliminated England four matches to one when Harry Hopman defeated H. G. N. Lee, 6-3, 5-6, 7-9, 6-2, 6-4, and Jack Crawford beat J. G. Gregory 6-2, 7-5, 6-8, 6-3 at Eastbourne. England won only the doubles.

At Barcelona, the Japanese defeated Spain.

SOFTBALL POSTPONED

Owing to the threatening weather last night, the C. N. R. softball fixture between Station and Round House was postponed. Round House and Dry Dock are to meet this evening in a game postponed from last week.

SPORT CHAT

Chad Kimsey held the New York Yankees to five hits in the last six innings Monday but the Yanks had scored seven runs in the first three innings and beat St. Louis Browns. A five-run rally in the seventh gave Boston Red Sox the victory over Detroit Tigers. The Philadelphia Athletics came up from behind in the ninth inning to defeat Chicago White Sox. Cleveland Indians scored their second straight one-run comeback victory over Washington Senators.

In spite of showers, the annual sports day at New Hazelton on May 24 was a great success. The feature of the program was a baseball game in which New Hazelton boys beat Smithers players, having the best of the play all the way. The relay race was won from New Hazelton by a team representing Smithers. There was also a program of children's sports although there was a scarcity of girls' entries.

Softball is now being played regularly at Prince George by members of the Canadian National Recreation League. In the latest game the office staff, bearing the name of Excelsors, defeated a team from the Round House, designated as Shieks, by a score of 25 to 5. The game is taking on well at Prince George and soon it is expected there will be a regular league in play with a full schedule.

The Prince George baseball team journeyed to Horsefly and Williams Lake over the Victoria Day holiday and had a very successful trip. At Horsefly on the twenty-fourth they played a game with the Williams Lake team and when the contest was called in the seventh inning were on the short end of a 7-4 score. On Sunday at Williams Lake they took their revenge and when the game was over they had a total of 27 runs to Williams Lake's 17. Williams Lake is bringing a strong contingent of players to Prince George for the first of July celebration and expect to take home the championship of the Cariboo.

Leading tennis stars of the continent will be attracted to Ottawa this year to play in the Eastern Canada championships, which will take place on the 16 clay courts of the Rideau Lawn Tennis Club at Overbrook during the first week in July. Titular tourneys taking place at the Rideau Club in the past have attracted world famous stars as Johnny Doeg of Santa Monica, Cal., third ranking player of the United States; Mrs. Charlotte Hosmer Chaplin of Springfield, top ranking player in the women's tennis realm, and other satellites of the tennis firmament whose names have been written for all time in the history of lawn tennis in the United States.

PROGRAM FOR CELEBRATION

Children's Sports, Track Meet, Baseball Game and Dance Will Be Among July 1 Features

The program for the Dominion Day celebration here under the auspices of the Sons of Canada was set at a meeting last night of the celebration committees.

In the morning at 10 o'clock there will be the usual parade from downtown to the Acropolis Hill grounds and, on arrival there, the children's sports will begin about 10:30. At 1:30 in the afternoon there will be a track meet followed by a junior football match. At 3:30 there will be a Senior League baseball game and the proceedings will conclude with a dance in the evening at the Moose Hall.

RESUMING TENNIS

After the week of inclement weather, the C. N. R. Tennis Club's tournament is being resumed today. There were no games yesterday on account of the rain.

BASEBALL POSTPONED

On account of the wet weather, last night's Senior League Baseball fixture between Elks and Sons of Canada was postponed.

Mrs. F. V. Woodbury and Miss Mary Currie of Halifax, N.S., the brilliant Maritime players, and holders of the Ontario and Southern Ontario ladies' doubles titles, have already signified their intention of taking part in the tourney and their advent should be followed with interest when it is recalled that they are the only ladies' doubles team to have inflicted defeat on Miss Olive Wade and Mrs. E. O. Gray, Canadian titleholders, which Mrs. Woodbury and Miss Currie achieved three times last year.

GET READY FOR FILM

Advance Guard of "Red Sky" Picture at Jasper Park

JASPER PARK LODGE, June 11:—Four members of the Fox Film party, who are the advance guard of a party of 70 film stars who are invading Jasper Park to make a special Canadian picture, arrived here at the week-end to make preparations for the filming of the "Red Sky" which name has been chosen for the picture. Those arriving were A. F. Erickson, director of the production, George Echnelderman, technician, Tom Barry, who wrote the scenario and story and Al Protman, sounder engineer.

Part of the filming will be done around Jasper Park Lodge, while the balance will be taken in the neighborhood of Maligne Lake and Mount Robson, the scenery being specially adapted to the proper interpretation of the story.

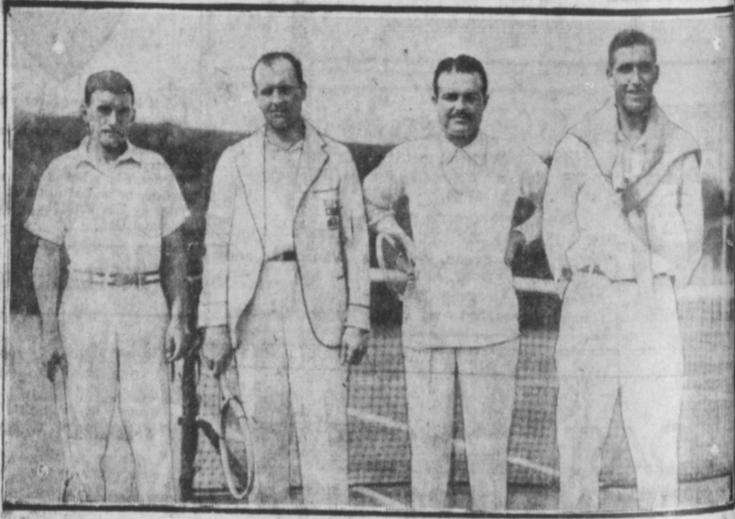

The main party will arrive Saturday evening by special train and will include such stars as Lois Moran, Sharon Lynn, Howard Murray, Tom Kerrigan and others. It is expected that it will take from three to four weeks to complete the film which will be the first outdoor scene picture to be recorded on Canadian territory.

NO TENNIS PLAYED

Owing to the rain no further games were played yesterday in the Prince Rupert Tennis Club's tournament but it is expected that play will be resumed today.

Man in the Moon

Now that reprisals in police court proceedings have started it is possible it may develop into a feud something like those of the Kentucky hills.

If you dare to pinch a citizen Who parks a careless car, Look out you do not get in wrong, No matter who you are. Your office will not shield you From prying eyes that see, How far your bus is from the curb, So don't park carelessly.

When a dog froths at the mouth it's called hydrophobia, but when a politician does the very same thing it's righteous indignation.

"You are charged, Samuel Johnson, with stealing five chickens, four ducks, two goats, and a donkey; and you say you are not guilty?"

"Yes, judge." "Perhaps you would like to employ counsel and defend the case how far you any money?"

"No, judge." "Have you any property on which you could raise money?" "Yes, judge, I got five chickens, four ducks, two goats, and a donkey."

The election is on so this is the time to get in right with the party to which you belong. Vote the ticket and ask no question.

The next important patented contrivance now that we have the radio and the phonograph and the electric range and the telephone and the airplane will be one to remove the dandelions from the lawn without spoiling the grass.

Another interesting patent would be one to remove the freckles without spoiling the face.

Pretty soon we shall have a factory in Prince Rupert to make bumpers for the autos.

Bobby—I've been a very good boy since I started going to Sunday School, haven't I?

Mother—Yes, dear, you've been very good indeed.

Bobby—And you don't distrust me any more, do you?

Mother—No, Bobby.

Bobby—Then why do you hide the jam?

HINTS FOR GARDENERS

LAWNS

Lime should be used sparingly on the lawn as often as acid soil, which the lime tends to correct, actually discourages the growth of dandelions and plantain, two very objectionable and common weeds. A rich soil is necessary in order to have a good lawn and also good drainage and sunlight. Fertilizers relatively high in nitrogen, which stimulate luxuriant growth, are the best. Liberal amounts of phosphate and potash are also beneficial especially when a lawn is being started for the first time. Five pounds of commercial fertilizer for a hundred square feet is the maximum amount which should be used.

POWDERED SILK

Powdered silk from silk and rayon waste is now made in France. It is as fluffy as velvet and used for fine tapestry wall paper and other fancy decorative effects.

NEW HAZELTON

There was a citizens meeting in Hazelton last Monday night when several matters pertaining to the welfare of the town were discussed. As Dr. H. C. Wrinch, M.L.A., and R. S. Sargent were both away from town, the meeting was adjourned.

The Felix Bridge Club held its final meeting of the season on Tuesday evening at the home of Mrs. W. W. Anderson, men as well as ladies being present. Prize-winners were W. W. Anderson, William Gow, Mrs. R. S. Sargent and Mrs. Walton Sharpe.

Mr. and Mrs. Jack Sedon who recently arrived from Edmonton have established a restaurant and confectionery store in connection with the New Hazelton hotel.

The back of W. J. Sanders residence at South Hazelton was scorched by a fire which got out of control at the first of week. Had it not been for the aid of neighbors, he would have lost his home.

Dr. H. C. Wrinch, who has been in Victoria in connection with the opening of tenders for the building of the new hospital, is expected home tonight.

S. J. Winsby, former manager of the Hazelton branch of the Royal Bank of Canada, is now stationed at Kerisdale in Vancouver as relieving manager.

Miss Jean Burns of New Hazelton sang at Telkwa last Tuesday night at a concert in connection with the visit there of the dairy-men from the south.

Miss Alice Pillsbury visited last week-end at Duthie mine with Mrs. J. D. Boulding.

Most of the Indians from this district have now gone to the coast for the salmon fishing season.

SKIDEGATE

Many natives are hunting for hair seal for the bounty at the south end of Moresby Island.

Reports from Hippo are to the effect that the salmon are very scarce there. Trollers are, however, doing well at Langara, some of the obats making as high as \$100 per day. A large fleet of Skidegate trollers left last Monday for Hippo Island.

A. C. Pallant of Sandspit paid a brief visit to Skidegate recently. He reports all crops doing splendidly in the farms around there and that logging operations with caterpillars have proven very successful.

NEW TEAR GAS BOMB

The U. S. war department has created a new tear gas bomb, for police and other riot use. It works faster and is more powerful than the present type.

LATEST FROM TAKU REGION

Mining Activity Is Not So Extensive As Might Be Expected, It Is Said

Latest reports from the Taku River mining field are to the effect that snow has all disappeared from the flats although there is still considerable in the hills around. As yet there is not quite as much mining activity as might have been expected. It is said by some that the depressed condition of the metal markets may have an adverse effect upon this as well as other mining fields. There is no question but that good ore and plenty of it is there although there seems to be a question as to when it may be brought into full development.

ATTRACTIVE DANCING ACTS ARE PRESENTED

Miss Nan Craig's school of dancing put on three attractive tertiopuran turns at the Capitol Theatre Monday evening and again last night. Little Miss Nona Hodgson appeared in acrobatic and toe dancing numbers while Misses Jean Grieve, Evelyn Zarell, Louise Zarell and Nan Craig presented an interpretive item. Miss Irene Mitchell played the piano accompaniments.

BACK FROM TAKU
