Peace River Railway Useless Without a Market for Wheat

Hon. Ian Mackenzie Says Britain Will Sign With Argentine If Dunning Budget Is Dropped

VANCOUVER, July 23:—"If the people of Canada repudiate the Dunning budget and its offer of reciprocal trade with Britain you can depend upon it the British-Argentine treaty now lying in the foreign office in London will be signed," Hon. Ian Mackenzie, minister of colonization, declared when addressing a meeting here last night. "That treaty arranges for the sale of Argentine wheat in England," he continued.

"Canada would lose the sale of from fifty to one hundred million bushels of grain. That treaty has been held up because of representations made by the Canadian Government of proposals to be made in the 1930 budget.

"You could forget all about the Peace River railway, if the budget is dropped. That railway would be useless unless there is a friendly sympathetic market to receive the Peace River wheat and pay the producers for growing it," concluded the new minister.

New Zealand Increases Duties On Timber But Extends Larger Preference to Canadian Doors

VANCOUVER, July 23:—A Vancouver Province cable from Auckland, New Zealand, yesterday said that New Zealand had raised the duties on timber. Rough sawn large size tariff is raised five shillings and six pence and that on sawn and dressed to eleven shillings and six pence. On doors the duty is now thirty per cent or four shillings each, whichever is higher, if of Empire production and thirty seven per cent or seven shillings if of foreign production. This increases the British Columbia preference on doors from fifteen to twenty-five per cent.

Some disappointment was expressed here yesterday by lumber interests that New Zealand had not given a preference to British Columbia lumber as had been sought. Sash and door manufacturers here, however, hail the increase in preference on their products as delivering to this province practically the whole trade in this compact market. The business now going to Tacoma and other American points will be immediately cut off and diverted to British Columbia, they predict.

Extravagant Promises of Tory Leader Criticized By Premier King at Montreal Last Night

MONTREAL, July 23:—Before a huge audience in the Mount Royal Arena here last night, Premier King dealt with extravagant election promises which he asserted Hon. R. B. Bennett, Conservative leader, was making to the electorate in different parts of Canada. Quoting from the House of Commons Hansard which Hansard gave Mr. Bennett's remarks in connection with a vote of \$50,000,000 for Montreal terminals, Mr. King said that the opposition leader had expressed grave concern over this expenditure. Railway Hotel Man Finds That Reports of Business Depression in Canada Not Altogether True

WINNIPEG, July 22:—Reports besetting trade and emphasizing the widespread character of depression in Western Canada are not in accordance with the facts found by Walter Pratt, Montreal, who is here today. Mr. Pratt is general manager of Canadian National hotels, sleeping and dining car department. He is on his way east from a business trip in the west.

Admitting there is a tendency towards curtailment in many industries, Mr. Pratt declared large construction expenditures and expansion programs were being carried out in many cases which has preserved confidence and maintained stability tending to sustain morale and fostering the hope of a more progressive increase in activity.

"In connection with the hotel business," said Mr. Pratt, "the tourist and transient trade compares favorably to that of former years. Particularly is this noticed at Jasper Park Lodge where American and Canadian tourists have gone more into golf this season. In spite of the severe winter, this outstanding course is in the best condition now of any season since it was built. The annual totem pole tournament to which our company has made special all inclusive rates for the first time from all points in Canada, will surpass former events in the number of reservations.

"The new hotels now under construction at Saskatoon and Vancouver are proceeding according to program. Plans for additional accommodation at Jasper are now being considered for 1931."

Mr. Pratt, who is accompanied by A. S. McLean, general superintendent of hotels, Montreal, inspected the new lounge and chambrette cars yesterday. These cars will be placed in service on the "Confederation" this week.

Grit Representation In Maritime Provinces and Quebec to be Increased

Eighty Seats Said to Be Sure With Possibility of Eighty-Five—Tory Hopes Being Confounded By Anticipated Landslide

OTTAWA, July 23:—A review of the political situation as far as the Maritime Provinces and Quebec are concerned indicates according to the National Liberal Bureau here, a number of substantial gains for the government. Analyzing the general situation as pictured in reports received from observers in various parts of the Atlantic region, the national bureau estimates that Liberal representation from the Maritimes will be increased from the 11 government members in the last House of Commons to 19 in the next parliament. Quebec which sent 60 Liberals to Ottawa is expected to add one more to that figure.

NEW TREATY NEW ZEALAND

Comptroller of Customs Coming to Canada Next Month

WELLINGTON, N.Z., July 23:—With a view to negotiating a new trade treaty between New Zealand and Canada, Dr. Craig, comptroller of customs, will sail August 12 for Ottawa to open discussions with the Canadian authorities and carry matters as far as possible before opening of the Imperial Conference in London.

The Political Corner

Hands Off The Australian Treaty

Harry Stevens is now trying to sidestep on the abrogation of the Australian Treaty. He says that Mr. Bennett only said he would abrogate those treaties which were harmful to the Canadian farmer. Now let us listen to Mr. Stevens as quoted in Hansard, March 25, 1930.

"We have expressed our criticisms of this treaty (Australian) on the basis that under it the Canadian farmer had not received "a square deal."

Now will he tell us again that they are not going to abrogate the Australian Treaty if they attain power?

As opposed to the Bennett-Stevens view on the Australian Treaty which has done so much for the coast industries of British Columbia, we have the opinion of the Vancouver "Province" that it is one of the best pieces of legislation ever put on our Statute books.

The Liberal view has been very well expressed by A. W. Neill, Independent Member for Alberni, at Page 1031 Hansard.

"I think I might summarize the few remarks that I propose to 'make at this time in one brief sentence and that is 'Hands off the 'Australian treaty,' at the present time at least. That is a slogan or watchword that I believe would be acceptable in the office of every big industry in British Columbia, and in Vancouver and Victoria especially. It will find an echo in the shack of the fisherman, in the bunkhouse of the lumberman, in the home of the workers in our sawmills and pulp and paper plants, and even in the homes of our coal miners and of those who work on the farm," because all alike are vitally interested in the preservation of the "Australian treaty."

The abrogation of this treaty promised by Mr. Bennett as a farm-vote-catcher in the Prairie Provinces would throw thousands of workmen on the coast of British Columbia out of employment.

Be sure and say by your votes that he will not be allowed to do this harm to British Columbia.

Pupils of This Inspectorate Distinguished Themselves At Recent Entrance Examinations

In addition to Amy Macdonald of Anyox who took first place in the whole of British Columbia with 543 marks out of a possible total of 600, Prince Rupert inspectorate also had the next two highest marks in the province, tying second place with a Victoria school, according to word received in the city from Inspector H. C. Fraser who is at present in Victoria. Of a total of 35 pupils in the province who had over 500 marks, seven belonged to Prince Rupert inspectorate. These seven were: Amy Macdonald, Anyox; Marjorie Jessup and Hilda Iwasaki, Ocean Falls; Frank Ekman, Telkwa; Kathleen Powell and Kathleen Giraud, Smithers, and Dorothy O'Neill, Prince Rupert.

Last year Prince Rupert inspectorate also had first and second place in the province.

ANYOX NOW LEADS

Congratulations are due and are freely extended by Prince Rupert to the town of Anyox on the fact that one of their students leads the whole province in the High School entrance examinations, thus winning the Governor General's medal.

Different parts of this large district have taken their turns in the winning of the Governor's medals and we are glad to know that Anyox is able to take hers. It speaks well for the class of students they have in the Granby Bay School and for the teaching that is done there.

AND NOW FOR HANSON

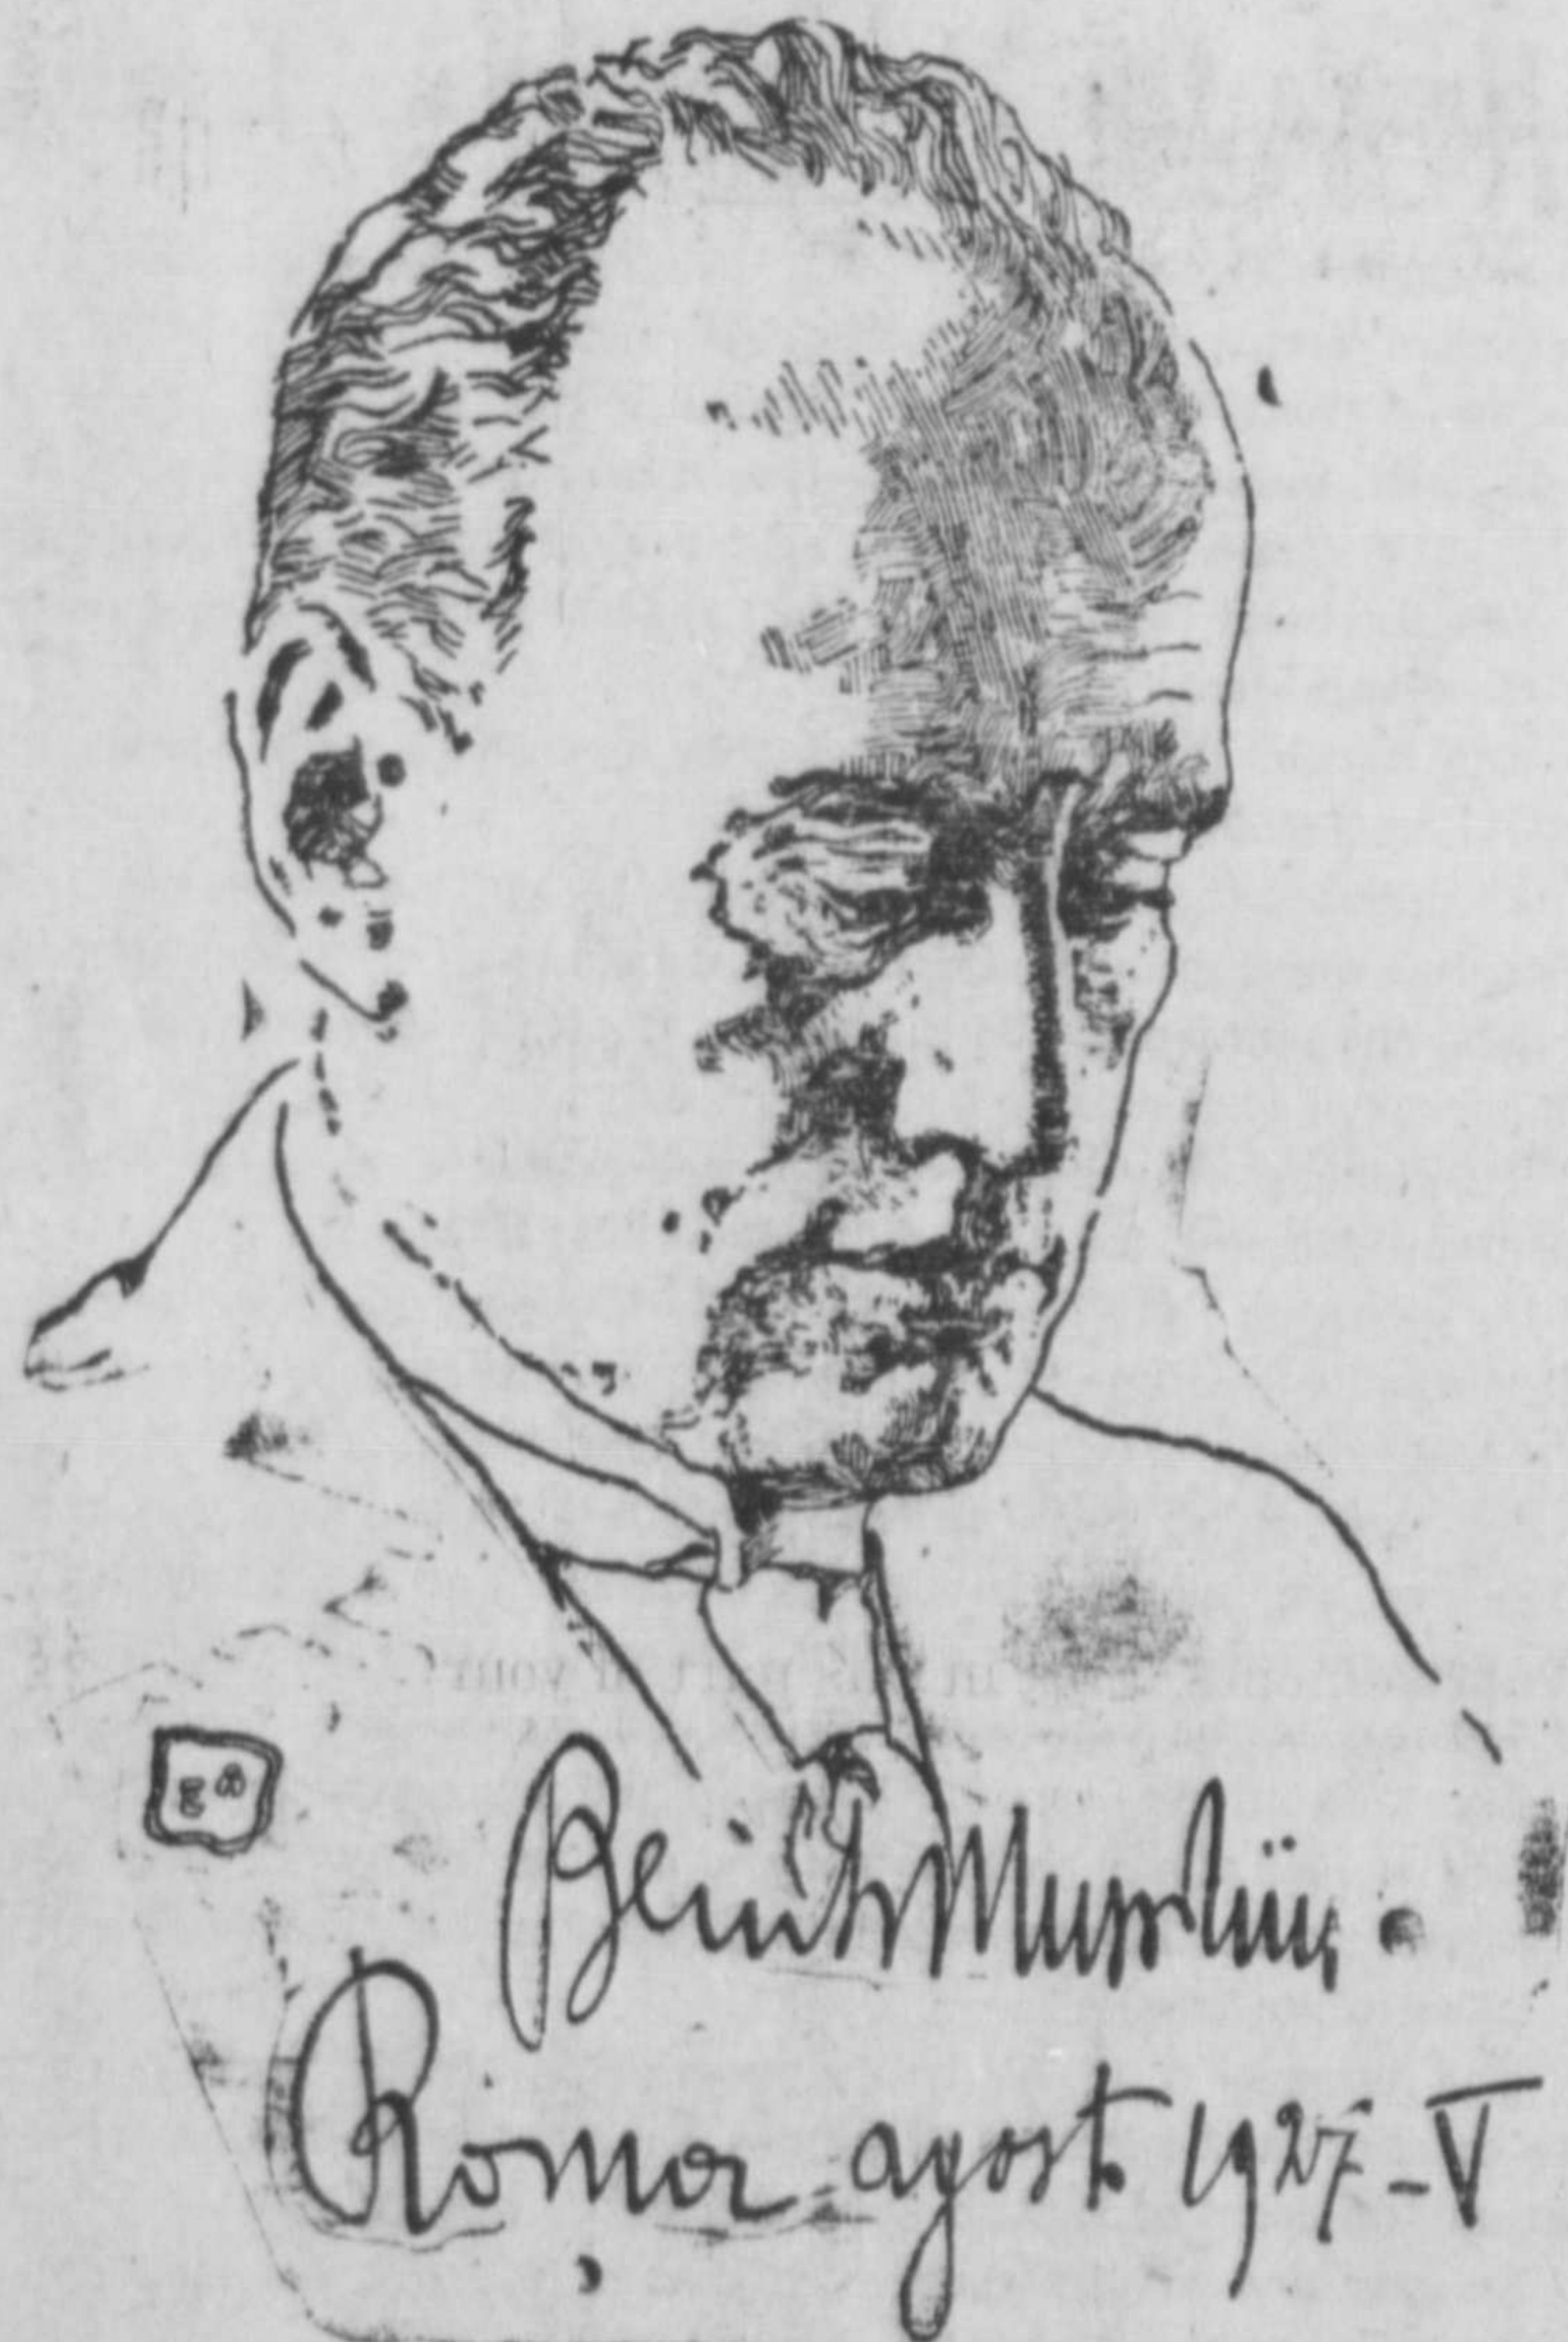

As the campaign progresses and the people of the Skeena riding are settling down into their respective parties prior to the election which takes place Monday, it becomes more and more evident that Olof Hanson is likely to win the seat.

At the beginning of the campaign the Tories looked with ridicule on the possibility of their flowery orator being defeated by this unpretentious little man that the Liberals put up. They smiled at him and looked indulgently and patronizingly on the efforts of the Grits.

Later the Conservatives began to take the man more seriously and criticisms of his nationality were heard. It was even alleged, and is still alleged in some parts of the constituency, that he cannot speak the English language. That acted as an instant boomerang. Most of the electors were not born in Canada and none of them liked to be classed as "foreigners" by the elect few. From that time it became evident that Hanson would be elected.

Now the Tories are worried. Any money they offer on their candidate is immediately snapped up by Liberal supporters. Every day that passes makes it more apparent that on election day the story will go out to the world that the people of Skeena have been wise in sending to Ottawa a man who is in sympathy with the government which has been returned to power and who will secure for Prince Rupert and the huge district of which the city is the centre, that recognition which is her due. It will be a great day and we look forward to it with confidence.

Grit Representations in Maritime Provinces and Quebec to Be Increased

(continued from page 1)

vote with the government on the budget.

Inverness has been traditionally Liberal and forsook its ancient traditions only in 1925 when Nova Scotia was borne on the crest of the "Maritime Rights" wave. The earnest efforts put forward by the government to meet Maritime claims have shown the electorate that the government has their vital interests greatly at heart, and to that sympathetic attitude Inverness is expected to respond.

Richmond, West Cape Breton will undoubtedly accompany its neighboring riding into the Liberal ranks. An internecine feud within the opposition forces has disorganized Conservatism in that county for some years to come.

On the Nova Scotia mainland two gains are certain, Queens-Lunenburg and Digby-Annapolis. In those two counties the government's Maritime record, added to the satisfactory manner in which Mackenzie King met the representations of the fishermen, will be the deciding factor.

In Digby-Annapolis an adverse 1926 majority of small proportions will be turned to a Liberal gain. Halifax is experiencing boom times, that much is reluctantly admitted by even the opposition newspapers. The city's trade has increased by leaps and bounds, building activities have shattered old records and the outlook is one of unparalleled optimism. Liberal policies have had their expected effect all through the Maritime provinces, and like the rest of the Nova Scotians, the citizens of Halifax have been quick to appreciate the reasons for their prosperity. The Liberals have a large adverse majority to overcome but times have changed since 1926 — so much so that Liberals are talking of a landslide similar to 1921 throughout the province.

Solid Bloc

Prince Edward Island will send a solid bloc of Liberals to the next parliament. Of the four members in the last house, three supported the government. Considerable strength has been contributed to the Liberal party by the appointment from that province of a minister of fisheries, Dr. Cyrus McMillan, whose efforts on behalf of his fellow islanders have been conscientious and hard, will accompany R. H. Jenkins from the dual constituency of Queens. Dr. T. V. Grant and A. E. MacLean will be returned for Kings and Prince.

In New Brunswick the provincial Conservatives' machine is running overtime to retain that province for Mr. Bennett. There are unmistakable indications, however, that the New Brunswickers vastly prefer the tangible achievements on their behalf of Mr. Mackenzie King to the nebulous promises of the opposition leader. In Gloucester, the Hon. P. J. Veniot is safe, and will bring with him once more Kent, Restigouche-Madawaska and Victoria-Carleton. In the other six constituencies the fighting is strenuous and the Liberal candidates have made considerable headway in the past 10 days.

Westmoreland of the St. John seats and Charlotte are regarded as excellent prospects. The general Maritime summary indicates wide gains for the government.

In Quebec there are but four Conservative seats and of these the government will recapture one—St. Antoine. Local grievances which militated against the Liberal vote in St. Antoine in 1926 have been completely removed. In Traparty, feuds within the Conservatives ranks are too bitter to justify any opposition hope of converting the Liberals of Quebec.

Quebec and the Maritimes completely defeat Conservative ambitions. To the government they represent 30 sure seats in the next parliament with a possibility of 85. Where will Mr. Bennett make his gains to cancel these?

6½ Billion Dollars

BACK of our Canadian homes is more wealth than the mind can conceive . . . a vast financial reserve which is destined to protect us and our loved ones from want and privation.

Perhaps you have seen the help that just one Life Insurance Policy for \$10,000 has brought to many a home in the day of trial. Multiply this one incident by 650,000 . . . and you can picture the future work of Life Insurance now owned by Canadians. For six and a half billion dollars is the amount Life Insurance Companies have contracted to pay to living policyholders or their beneficiaries.

As an investor in Life Insurance, your savings aid enterprise in the financing of new buildings and other important projects throughout Canada. They help to provide employment for thousands of Canadians and thus contribute greatly to our national prosperity.

Six and a half billion dollars is a large sum of money . . . but it represents an average protection of only a little more than \$2,000 for each Canadian family . . . enough to yield an income of about two dollars a week! When you measure your own Life Insurance by the income it will provide you will learn if it is sufficient. Any Life Underwriter will gladly suggest a solution to your problem.

LAST INNING RALLY WINS FOR LODGE

Brick Skinner Poles Out Two Three Base Hits in Seventh to Help Elks Nose Out Centrals

SCORED SEVEN IN SEVENTH

A sensational last inning rally, in which they scored seven runs, enabled the Elks to nose out Centrals in the first game of the second half of the City Baseball League. When the Lodgemen came to bat in the last stanza, the score stood eight to two against them. Brick Skinner led off with a smashing three base hit to centre. Budinich hit a liner through short, and they were gone. Harold was safe on an error and then George Mitchell singled past the pitcher but Farquhar got the ball and threw Harold out at third. Arsenau singled and then Loblick singled scoring Mitchell. Alex Mitchell walked, filling the bags. Stephens hit one to Chenoski and Arsenau was caught at the plate making two out with the bases still full. Skinner came up and drove one away out into left and cleared the bases, getting credit for his second triple in the same inning, at the same time breaking up the game.

It was a tough game for the Centrals to lose, as they were playing the best ball they have all season up to the fatal seventh. They were hitting Loblick's offerings freely and Chenoski seemed to have the Elks baffled with his shoots. Centrals had a new face on their lineup in the person of Charlie McKeown, who caught last year for the Gyros. He caught a fine game and scored three of the Centrals runs, and secured one hit. Bury was the lucky boy of the evening making first every time he came to bat, being hit once, walking the second time up and then getting two singles in his last two trips to the plate. He stole three bases also. Moore and Gurvich both crashed out three base hits for the Hotelmen. Loblick made two two-baggers and a single in four attempts while Budinich collected two safeties out of three times at bat. Skinner made a couple of nice catches in centre field. He went away back of the score board to nail Downie's fly in the fifth and then made a nice running catch in the sixth on Chenoski's fly to right centre.

Get Ready For Warship Soccer

Stewart Took Premier Into Camp By Score of Four to Nil Last Friday

STEWART, July 23.—In preparation for a possible soccer match with the team of H. M. S. Despatch here this week-end, Stewart last Friday night took on the fast-stepping Premier eleven in what was one of the snappiest games of football seen here this year. The Stewart team, composed equally of experienced veterans and speedy youngsters, displayed a combination very pretty to watch, and when the final whistle blew Premier was snowed under a 4-0 score.

Premier Pair Won In Tennis

Arthur Coggan and Norman Langford Capture Stewart Tennis Club Honors

STEWART, July 23.—The Premier pair, Art Coggan and Norman Langford, copped the men's doubles championship of the Stewart Tennis Club last week when they defeated the Stewart pair, Heck Stewart and George Hills, 6-3, 8-6. Earlier in the week Coggan and Langford worked their way into the final by defeating last year's champions, Rochfort and Lawrence, 6-4, 7-5.

GYRO HEAD IN RUPERT

Ed. Kagy, International Secretary, On Visit to Prince Rupert Today

The Prince Rupert Gyro Club is host today to one of the most important persons if not the main-spring of this North American service club in the person of Ed. Kagy of Cleveland, Ohio, the international secretary. Mr. Kagy arrived in the city on the Prince George this morning from Tacoma, where he attended the international convention which was held last week, and will proceed by train tomorrow morning to Edmonton in the course of a visit to various clubs in the west.

Mr. Kagy was met at the steamer by a number of local Gyros and attended an informal luncheon of the club in the Boston Cafe at noon today. At 5 o'clock, Mr. Kagy will be taken aboard the launch "23," accompanied by local Gyros, for a cruise to Port Edward cannery and around Kalen Island and at 7:30 tonight will be tendered a dinner in the Commodore Cafe, this to be the principal function in connection with his visit here. Mr. Kagy is accompanied on his visit here by Fred Mills of the Hamilton Gyro Club.

PADDY HARMON SUFFERS HURT

Sports Promoter and Stadium Builder Injured Yesterday in Upset of Auto

CHICAGO, July 23.—Patrick J. (Paddy) Harmon, builder of the \$7,000,000 Chicago stadium and prominent sports promoter, was injured yesterday when his automobile left the road and turned over. Harmon's wife and Dr. E. J. Brand of Chicago were seriously injured.

Trying to End Indian Troubles

Conference Held With Gandhi In Prison Today Lasting Five Hours

BOMBAY, July 23.—Sir Tej Bahadur Sapru and M. Jayakar, prominent Indian leaders, had a five-hour conference with Mahatma Gandhi, Indian Nationalist chief, at Yeroda prison in Poon today, for the purpose of seeking a settlement of the present civil disobedience campaign.

GIANTS AND CUBS EVEN

Split Double Header Yesterday; Robins Beat Cards; Athletics Lose to Tigers

NEW YORK, July 23.—The Chicago Cubs and New York Giants split a double-header here while the Brooklyn Robins were taking a close decision from St. Louis Cardinals over in Brooklyn. The Cubs won the first game from the Giants with two runs in the ninth while Allen's homer with the bases full in the second game helped the Giants materially.

An error by Frang Frisch paved the way for the Cardinals' defeat at the hands of the Brooklyn Robins. In the American League, the leading Philadelphia Athletics lost a close game to the Detroit Tigers at Detroit. A ninth inning rally by Philadelphia just fell short of tying the score.

Yesterday's scores:

American League	
Philadelphia 5, Detroit 6.	
Washington 1, St. Louis 3.	
Boston 4, Chicago 3.	
New York 5-8, Cleveland 6-10.	
National League	
St. Louis 0, Brooklyn 1.	
Chicago 5-1, New York 4-6.	
Pittsburg 5, Philadelphia 11.

SPORT CHAT

The first match tonight between the visiting H. M. S. Despatch and a select eleven representing the city of Prince Rupert should be an interesting soccer encounter and one that may be expected to draw out a large assemblage of local football fans as well as sport enthusiasts of Prince Rupert generally to the Acropolis Hill grounds. The pick of local soccer talent has been enlisted for the match but it is expected they will be extended to the limit by the Jack Tars. It is the first match for the handsome cup that has been put up by Olof Hanson for annual competition between Prince Rupert and visiting British warships. It is of particular interest that arrangements have been made to play another match on Friday evening.

TO BREAK UP QUADRA

Famous Old British Columbia Coast Steamer to Be Scrapped in San Francisco

The famous rum-runner Quadra, formerly a lighthouse tender on this coast and well known in Prince Rupert in that capacity, has been towed from anchorage near Government Island in San Francisco Bay to the Crowley Shipyards in Oakland where she will be broken up. The Quadra, which had been seized some years ago by the American authorities for rum running, fell into the hands of a wrecker about a year ago. She was sold at that time for \$1825.

WARSHIP IN PORT

H.M.S. Despatch, Flagship of West Indies Squadron, Arrived This Morning

H.M.S. Despatch, flagship of the British West Indies station of the Royal Navy, arrived in Prince Rupert harbor at 11:15 this morning for a visit which is scheduled to last until July 26. On board the Despatch is Vice-Admiral Vernon S. Haggard C. B. C. M. G., commander-in-chief of the West Indies station. The vessel has a crew of several hundred officers and men to whom Prince Rupert is extending a hearty welcome.

It is the first visit of H. M. S. Despatch to Prince Rupert but several boats of her size and type have been here before.

A suitable program of entertainment for the visiting naval men has been arranged in connection with their visit here.

The Despatch is on a cruise of the Pacific Coast and will proceed from here to Stewart.

APPLAUSE FOR HANSON

Enthusiastic Reception Given Liberal Candidate at Terrace; Majority Expected

TERRACE, July 23.—There was a large and enthusiastic meeting here last evening which was addressed by Olof Hanson and others. The Liberal candidate was given a splendid reception and all the speakers were roundly applauded.

The indications are that Terrace will give a majority for Hanson. There is much more enthusiasm for him than there was for the Liberal candidate at the last election. Party managers say there will be the largest Liberal vote Monday rolled here in years. Mr. Hanson is leaving for Hazelton where he will hold a meeting.

HEAT WAVE IN CHICAGO

Twenty Five Deaths in Vicinity of City—Congress Adjourns Its Labors at Noon

CHICAGO, July 23.—Twenty-five persons died in the vicinity of Chicago in the continuation of the heat wave. Five of the deaths were within the sweltering limits of the city.

Word received from Washington was to the effect that Congress adjourned its day's labors at noon owing to the heat.

EXTRAVAGANT PROMISES OF TORRY LEADER CRITICIZED BY PREMIER KING AT MONTREAL LAST NIGHT

(Continued from page one)

Mr. Bennett had warned the House that "obligations of this character must be met" and that, while he did not wish to be described as an alarmist he must emphasize the gravity of this character of expenditure. But the attitude of the Conservative leader had changed. With an election campaign under way, Mr. Bennett was making promises which it had been estimated by several newspapers would cost a billion dollars.

"If Mr. Bennett was alarmed when he talked about \$50,000,000, he must be in a state of frenzy now when he talks about a billion dollars," Premier King asserted as the audience laughed. There was a serious side to the matter, however, warned the Premier. The Conservative leader was going around the country making these promises but Mr. Bennett was also talking "blue ruin" and depression "simply for party ends." The effect was thus to discourage the investment of outside capital in Canada and this, in turn, helped to hold back the prosperity of the Dominion.

The proposal of Mr. Bennett to call a special session of Parliament to discuss unemployment met with Mr. King's criticism. This special session of Parliament would cost \$2,000,000. "Why not," asked the Premier, "give the two million dollars to an unemployment relief fund?" This proposal met with applause.

BOYS' BAND AT JASPER

Will Stay For One Day at Railway Resort at Invitation of Sir Henry Thornton

William Gilchrist, who will accompany the Prince Rupert Boys' Band on its trip to Vancouver, leaving here August 2, interviewed Sir Henry Thornton, president of the Canadian National Railways, this morning and was accorded the privilege by the railway head for the members of the band to be guests for one day free of charge at Jasper Park Lodge during their trip. The boys will return the compliment by playing for the guests at Jasper during their stay there.

SILVER CREST MEETING HELD

Company Is Confident of Success on Properties in Portland Canal and Hastings Arm

The annual meeting of the Silver Crest Mines Ltd., owners of the Silver Crest mine in Portland Canal district and the Saddle group on Hastings Arm, was held in Vancouver on Saturday. A good response of subscriptions to the treasury stock has been made to aid in carrying out a development program outlined by the company's engineer, P. E. Peterson. Owing to the close proximity of the company's properties to other important showings, it was felt that shareholders had something good to look forward to.

Seriously Injured In Fall Off Tower Of Premier Tram

Suffering from serious fractures and internal injuries sustained last Saturday morning in a fall from the top of one of the towers on the Premier tram line a distance of 65 feet to the ground below, Larry Mullins was brought here from Stewart yesterday to enter the Prince Rupert General Hospital for treatment. He was accompanied to the city by Mrs. Tom Powers of Premier and was met on the arrival of the steamer by a local physician.

Consolidated Plans For Big Missouri Has Revived Spirits of People in North Camp

STEWART, July 23.—Coming at probably the worst period of mining and business depression in the camp's history, the news of Consolidated Mining & Smelting Company's plans to install a concentrating mill at the Big Missouri mine is being received locally with a satisfaction amounting almost to elation, owing to the probability that the projected development will give new impetus to local business and industry, as well as increased employment for labor.

Already a change in the general outlook of the people is noticeable, what with the Big Missouri increasing their present crew and prospects good for a large number of men being taken on at an early date. No better evidence of the new activity in the Salmon River section is wanting than the fact that the Crawford Transfer Co. is rounding up all stray cayuses from the flats and is putting them on the freight line up the Salmon. They will have five six-horse wagons on the road to Big Missouri, freight will be taken by truck as far as the Bush-Cobalt, and from that point will be taken in by team. Material for construction of the mill will be rushed in as soon as ready; lumber is already being taken up, and the teams will be kept busy for some considerable time.

M. M. O'Brien, coast manager for the big mining and smelting company, arrived in Stewart last week in company with S. Grey and H. Scharrer, construction engineers, and all three immediately proceeded to the Big Missouri. It is understood that W. M. Archibald will also be in the district in the near future.

Whether or not Consolidated will purchase the mill of the Riverside mines is still a matter for conjecture. Local owners of the Riverside were asked to place a price on their mill and equipment; they did so, and have so far received no reply from the Consolidated.

Tidewater Molybdenum May Get Concentrator Before Long

D. S. Tait, secretary of the Dalhousie Mining Co., Victoria, is paying a visit of inspection to the company's Tidewater molybdenum property at Alice Arm. He is there to discuss with Superintendent McLeod plans and requirements for the permanent equipment of the property for production. If development continues to be accompanied with such successful results as it has been for the past few months, the projected mill may be realized within two or three months.

STEWART

The Vancouver yacht Coreseus is here for a week's visit. The owner of the yacht, F. Lundy, is a brother-in-law of Mrs. Allan Carolan for Stewart.

The Stewart Board of Trade has elected officers for the coming year as follows: president, R. E. Haak; vice-president, Howard Campbell; secretary-treasurer, P. S. Jack; council, M. P. Murphy, D. J. MacLean, James Morrice, W. R. Tooth, E. P. Appethwaite, H. Stewart, W. D. Smith, H. W. M. Rolston, A. B. Armstrong and George Hills.

H. P. Gibson has been elected chairman of the board of village commissioners here.

At the annual school meeting here last Monday evening, Ernest Moss was elected to the board over H. F. Kergin, M.L.A., by a vote of 19 to 6. The board now comprises Ole Evidnsen, Ernest Moss and A. Falconer, secretary. Mrs. L. O'Connor was re-elected to the position of auditor. It was estimated that \$1,000 would be required for school purposes here during the coming year, all of which must be raised by taxation with the exception of \$580 contributed by the provincial government.

W. K. Gwyer, district engineer of the provincial public works department, Prince Rupert, and J. A. Anderson, road foreman, Anyox, spent several days here during the past week on official business.

Roger Wright, B.C.L.S. and L. H. Hinton, B.C.L.S., of Prince Rupert, were visitors in Alice Arm during the past week.

Mr. and Mrs. L. Sick left at the first of last week for the Peace River country where they intend to locate.

Mr. and Mrs. C. Kruzick and daughter of Anyox arrived last Thursday from the smelter town and will spend a month's holiday here.

Billy Wilson arrived last week from Vancouver to visit with his father and sister here.

Miss Edna Edgar, after a two-months' visit here with Mrs. Bert Wilson, left last week on her return to Prince Rupert.
