GIVE SITE

Council Pledges itself to Support In This Way of Y. M. C. A. Project

On motion of Aid. Macdonald, seconded by Ald. Brown, the city council last night gave assurance to the central committee on the establishment of a Y. M. C. A. in the city that it was in favor of granting a site for the building providing the money for its establishment could be raised. Furthermore, the assistance of the city engineer and the board of works in the choosing of a suitable site will be tendered the committee.

This concession on the part of the council was made after a letter from the committee regarding the giving of a free site had been read.

PEACE OUTLET AT PRINCE RUPERT

The word brought from Vancouver by Mr. Dibb in re- and their children. The foundation gard to the Peace outlet being at Prince Rupert is along was heavily endowed and its charthe line of local expectations. It is known that the C. P. R. wished to use the port of Prince Rupert and it is known benevolent activities, of the well that the Canadian National management wishes the C. being of mankind throughout the P. R. to use the western section of their road in order to world." help lift the burden of oerhead and improve the business Mr. Guggenheim's faith in the heim was made a Commander of of both companies. The difference between them was simply one of finance. The C. P. R. would not pay what the June, 1925, to contribute \$590,000 to for his services in connection with C. N. R. asked.

With the change in government at Ottawa the situ- York University. It was his belief ation was somewhat changed. The new government, it is that aviation could be made a real understood, is rather more friendly to the older company than was the Mackenzie King Government and the chances of getting better terms was improved. While no one defense. took seriously the suggestion of the C. P. R. that it would go to Stewart and make a port of it for their transcontinental business, there was always a possibility that they would do so and there were many points in favor of the portance of aviation by establishing northern port. Had they done so, there would have been a fight between the two big companies to establish important ports through which to do business.

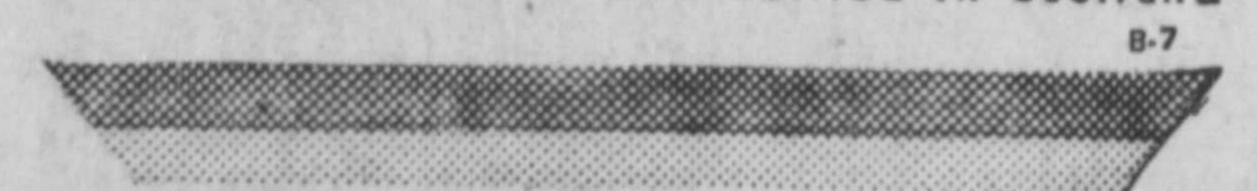

When Sir Henry Thornton was in Prince Rupert in the F. Guggenheim as president, the summer he gave a newspaper interview in which he expressed the opinion that one important port north of of national distinction in aviation. Vancouver would best serve the interests of both lines and apparently this policy has prevailed. It now seems as if the companies will agree on a co-operative policy of building their line westward from the Peace in such a way as to best serve the interests of the people of that large and important section and at the same time to open up the best cusing attention on the developpossible new country and to get their product to market in ment of aircraft and the need of

the most expeditious and least costly manner. The information has seeped out that Prince Rupert is purpose the fund sponsored the the choice of the railways and that the western outlet of the two railways will be at the port which has the best toric flight to Paris. On that tour harbor on the whole coast and which is nearest of all ports to the Oriental market.

Financed Byrd

Late in 1926 the fund financed a country-wide tour of the North Pole airplane of Commander Richard E. Byrd for the purpose of fo- Tuesd municipal airports. For the same tour of Colonel Charles A. Lindbergh after his return from his his-Colonel Lindbergh visited at least one city in each of the 48 states, flying his famous plane, the Spirit of St. Louis.

Born at Philadelphia, July 9, 1856, Daniel Guggenheim was the second eldest of seven sons of Meyer Guggenheim. The latter had come to this country from Switzerland with From Anyox and Alice Arm his father in 1847. Daniel received From Anyox and Stewarthis education in the schools of Tuesday Philadelphia, leaving high school Thursday at the age of 17 to return to Switzerland to take charge of the for- For Naas River and eign branch of his father's business Port Simpsonthe manufacture of lace and em- Sunday Sunday broidery.

After eleven years, Daniel returned to the United States, in 1884, his father in the meantime having become interested in the mining business. The firm of M. Guggenheim and Sons was formed and in 1889 From South Queen Charlottesthe family and business were removed from Philadelphia to New

The firm's first venture in the smelting and refining of copper was From Alaskawith a small smelter at Pueblo, Colo. From this grew the extensive Guggenheim interests and enterprises

Was Determined

Daniel Guggenheim entered the mining business with a determination to learn it thoroughly. Under the guidance of his father he faced For Stewart and Premier: all the hardships incidental to prospecting and development of mining properties. He gained such a knowledge of the business that he was enabled to take over the leadership of the family interests in the declining years of his father.

While the Guggenheims, were active in the smelting and refining o various metals, the name was principally associated with copper. At | 4 one period the quantity of copper + handled and controlled by the firm & chased atwas almost one-half the total an- Post Office News Stand, 325 + 2

Mr. Guggenheim was credited + Karl Anderson, Prince + with the success of many of the George, B.C. firm's undertakings, but what was + Smithers Drug Store, Smithregarded as the outstanding one + ers, B.C. was The American Smelting and A R. W. Riley, Terrace, B.C. Refining Company. He served that company nearly 20 years as presi-

dent and later chairman of the

When exploiting the firm's intersts in South America, Mr. Gugenheim's attention was directed to the possibility of metallurgical improvement being made in the Interests of Late Daniel Guggen-Chilean nitrate industry. His work toward that end resulted in the nvention of a novel treatment of Chilean nitrate, followed by his firm acquiring holdings in that

Another South American venture hich he sponsored was the deslooment of the enormous areas f tin in Bolivia. This developed into one of the firm's most profitable

Remote Alaska

The development of a remote opper property in Alaska was another achievement of Mr. Guggenneim. The property is situated on top of a hill and was in an accesthie region. Before it could be worked it was necessary to build a railway over a moving glacier to facilitate operation of the mine and for the transportation of the ore. The property later was transferred to the Kennecott Copper Company.

Mr. Guggenheim aided the government during the World War by taking a leading part in stimulating the production of copper for

war purposes.

His interest in good music and his desire to have others enjoy it led Mr. Guggenheim to join with his wife and Mr. and Mrs. Murry Guggenheim to provide funds for concerts in Central Park, New York

In September, 1919, Mr. Guggenthe Order of the Crown of Belgium establish a school of aeronautics in the development of the mineral resources of the Belgian Congo.

Mr. Guggenheim married Miss Florence Schloss of Philadelphia in 1884. In adddtion to their son Harry vice to the nation's business and F., who took over most of his father's business responsibilities, another was Lieut. Colonel M. Robert Ground for the school hardly had Guggenheim of the United States been broken when in January, 1926, Army. They had a daughter, Mrs.

MAGIC BAKING POWDER

never varies

Its unitorm leavening qualities give the same satis-

tactory results with every baking. 3 out of every 4 Canadian housewives,* who bake at home, say they use it because it does give consistent, better baking results.

If you bake at home, the New Magic Cook Book will furnish you with dozens of attractive baking

Try this Recipe for Muffins

1 tablespoon butter 2 tablespoons sugar

3 teaspoons Magic Baking Powder teaspoon salt

21 cups Flour 1 cup sweet milk Cream butter and sugar. Add eggs one by one, beat well. Sift dry ingredients together and add to first mixture alternately with milk. If batter not stiff enough, add a little m flour. Put in well-greased mathin pans and bake for 20 minutes in a quick oven.

"This fact was revealed in a recent Dominion-wide investigation.

STANDARD BRANDS LIMITED GILLETT PRODUCTS

Do You Play Bridge

THE chap who overbids his hand always loses in the long run. No person can continually bid what he hasn't got and make it.

Business in one way is something like a game of bridge . . . with merchants and manufacturers playing for your patronage. You want furniture and breakfast foods, books and clothes, radios, cigarettes and toys, groceries, fruits, vegetables, etc.-they want to sell you theirs. They bid with advertising.

The merchant who advertises an unworthy product can't win. He is simply inducing more people to find out in a shorter time how poor it is. He is overbidding his hand, and is bound to get set. Losing is too costly . . . depend upon it, products that are advertised must be good!

The advertisements in this newspaper are guides to the finest merchandise of every sort, merchandise carefully and faithfully made, of certain, honest value. You can trust the manufacturers who write them.

It pays to read the advertisements. They are bids backed by products that can compete in the open . . . and win.

Never Met Its Equal For

Writing from Saulnierville, Digby Co., N.S., Mr. John M. Theriault says:- We find Zam-Buk a splendid bousehold healer for cuts, burns and other accidents and skin ailments of common occurrence. "One of my sons tried Zam-Buk for his boils and it did him such a lot of good, that I decided to give the balm a trial for piles, from which I had been

troubled for over two years. "Before one box of Zam-Buk was finished. I had derived such ease and comfort that I continued with the treatment In a comparatively short time I had gained permanent relief from the piles. Zam-Buk proved equally good for chapped hands, cracked lips, etc.

The Wonderful Herbal Balm

is just as valuable for eczema, pimples, psociasis, u'cers, beils, abscesses, bad legs, poisoned wounds, children's scalp diseases, etc. All druggists, 50c. box. 3 for \$1.95.

125 million explosions in every grain break open every food cell . . . give Puffed Grains the virtual nourishment of hot cooked cereals.

V/HAT makes Puffed Grains so crisp ... light W and crunchy . . . delectably good to eat? They're different from all other cereals because they are "food shot from guns." Plump, meary grains of wheat and rice are sealed in huge bronze guns. The

guns are revolved in fiery ovens. Then fired. This causes 125 million explosions in every grain. It breaks open every tiny food cell. Thus Puffed Wheat and Puffed Rice become as completely digestible as though they had been cooked for hours.

Hence virtually as nourishing as hot cooked cereals. In addition, the grains are puffed to 8 times normal size. They have all the buttery crunchiness of fresh toast. They taste like sweet new nut-meats.

Delight your family with this splendid grain nourishment in this dainty, enticing form. Serve Puffed Grains for breakfast. As lunches for children. Toast them with butter to make a delicious, new kind of popcorn. Your grocer has Puffed Wheat and Puffed Rice. The Quaker Oats Company

City Decides to Enter Into Agreement With Railway For Rightof-way For Road to Floats

cided to enter into a standard form of agreement with the Canadian National Railways for the lease of right-of-way on the east side of Hays Creek on which it is planned to build a roadway from Sixth Avenue to the new fishermen's floats. The objectionable part of the proposed agreement was that the city is made responsible and liable for all accidents occurring in the crossing of the railway track even if caused by negligence of railway employees. City Solicitor Jones, however, advised the council that this was the standard form of lease and it was a case of accept it or not get the land desired. Acourdingly, it was decided by the council to enter into the lease but the municipality will not assume any responwas moved by Ald Pullen and se- Fireside Club was moved by Ald. Pullen and seconded by Ald. Macdonald that the lease be entered into.

The city clerk reported to the council that he had received no reply from J. P. Forde, district engineer for the federal department of public works, to a letter sent on lugust 21 in which it was suggesed that the government might en to Mr. Forde.

Marine at Ottawa stated that the natter of lighting the new floats and the following were chosen: vas being referred to the public works department for attention.

Power Corporation to Bear Expense of Additional Ornamental Street Lighting

The city council last night acepted a proposal from the Power corporation of Canada that fifty standard lamps be installed in connection with the ornamental lightng of the business section of the tity instead of twenty-nine stanlards as originally agreed upon. In connection with the additional ighting, the understanding is that the Power Corporation and not the tity will assume the extra cost. In connection with the fifty-lamp proposal it is also planned to use 500 instead of 300-watt lamps.

With narcissus dense smoke and tongues of flame, this will mean from three to six weeks in the dark, but tulips, hyacinths, and daffodils will need from two to four moonths.

TELEPHONE REPORT

The city council last night de- Presenting his report for the ing a surplus of \$596.

City Council Hears From Government Inspector Regarding Power Corporation's Transmission

line should be run underground. Mayor Orme stated that, as he understood it, the city was fully protected by the agreement with the Power Corporation and also under city bylaw.

City Engineer Good explained that if the line at any time became a public danger, the city council had the authority to order it removed or repaired.

Accordingly, the council instructed the city engineer to grant a permit for the construction of the transmission line much of which has already been completed.

Is Opposed to Lower Penalty

The city council last night de-Secretary - Treasurer - Jean clined to endorse a resolution from the city council of Nanaimo asking Social Convener-Cleo Mussallem. that the Union of B. C. Municipalities, at its forthcoming convention; Press Correspondent - Audrey recommend a change in the Municipal Act whereby the 15% penalty The missionary committee will at December 31 on unpaid city taxes be reduced to 5%. The resolution held that the power of the city to 1925 FORD FORDORsell land upon which taxes had not | Price been paid should be sufficient guarantee that the taxes would be S. E. PARKER LTD. paid. A small penalty might serve as some inducement to pay up delinquent taxes while a large one! only worked a hardship.

It was moved by Ald. Brown, seconded by Ald. Macdonald, that the Nanaimo resolution be en-

Clap Hands!

Energy-just brimming over with energy! Only proper feeding can do this for babies. And Nestle's Evaporated Milk is the proper food.

And here's the Reason! Nestlé's Evaporated Milk is just the best of fresh cow's milk with part of the water removed— then sealed and sterilized in air-tight containers. Add water again and you have absolutely pure, safe milk-but more readily digestible than ordinary milk because the large far globules of the milk have been broken up into small ones of the same size as in Mother's milk. Also, the curds which form in the stomach when Nestle's Evaporated Milk is used

are soft and flaky and therefore easily digestible. Use Nestle's Evaporated Milk for Your Baby. Use it in coffee-in cocoa-in tea. Use it in all cooking and as a

beverage by diluting with one to two parts water. EVAPORATED

(Unsweetened)
