United Farmers of Alberta Ask For Peace River Railway at Once

CALGARY, Jan. 23-Among a score of resolutions carried in the second day of the annual convention of the United Farmers of Alberia here was one which favored the hurried completion of a Peace River rail outlet to the Pacific coast.

The resolution urged the importance of the fulfillment in the near future of Premier King's promise that the line would be provided "as soon as it was humanly possible."

commodities," Mr. Wood contended. day is a marvel—the most spec-

Throughout the presidential address ran a theme of opposition to Wood declared, the compulsory in 1906 furnished primary trainplan had been offered as a fad only and not as an intelligently-defined business proposition. It represented whatever for believing it will be

his wheat in his own way and the rights as member of a co-operative body. "They are tired of a pool, said he; "they want a puddle."

Government legislation to enforce a 100 per cent pool would vitiate the pool contract, explained Mr. Wood, and terminate the existence of a voluntary pool. But when it comes to selling control, only those who had previously signed the voluntary contract could participate, and the present contract expires in 1933. 'What then?" queried Mr. Wood.

No Practical Plan

"From this point on, there has been no suggestion regarding practical plan of carrying on," president averred. "The present not the United Farmers of Almembers cannot continue on the basis of signing a new voluntary contract to deliver their wheat; they will be bound by law to deliver it. It would seem that the only voluntary basis left would of liberty and preparedness is the be management. Is it proposed greatest possible assurance of that a new contract be signed on success." that basis? If so, who will be eligible to sign?

"If a new sign-up is limited to the membership at the time the legislation becomes effective, there will be no opportunity of increasing the contract membership. On the contrary, some of the members, in all probability, will not re-sign. Other members will have moved away, and still others will have died. We could only look for a very materially decreased membership, and this decrease would inevitably continue through subsequent sign-up periods until

became extinct. "If, at expiration of the present contract, every grower is given right to participate in the management, there will be an overwhelming majority opposed to the very institution into which they have been forced," Mr. Wood continued, "unless there is a miraculous change in the opinion of the western wheat farmer." Suggestion that the farmer who de-

Success of the Canadian Wheat Pool has resulted because the western farmer, in the aggregate, was better prepared to undertake operation of the pool than any ing; then followed the Saskatchewan Co-operative Elevator Co., the Alberta Co-operative Elevator Co., and the United Grain Growers, Limited all contributing to the background for the more perfect co-operative pooling system for selling wheat.

"For over a quarter of a century farmers of Western Canada have been fighting for their political and industrial freedom in order that they might have an equal opportunity in life's struggle." said Mr. Wood. "The present Wheat Pool in Western Canada is in many ways the result of all that struggle. Culmination of the fight came a year ago when this convention asked the Dominion government for a new board of grain commissioners; we got what we asked for because we asked in the name of our right only.

Test of Farmers' Party

"It is now more than three years since our last election and there will be both a provincial and a Dominion election within the next 18 or 20 months," declared Mr. Wood, in stressing the value of the "citizenship pooling" system inaugurated by the United Farmers of Alberta. "This will be the the testing time as to whether or berta membership still appreciate their political freedom sufficiently to have the machinery in order and ready to function when the time comes. Vigilence is the price

Painful Boils One After The Other Broke Out On Arms

Miss K. Rudd, 1100 Victoria Drive, Vancouver, B.C., writes:- "About a year ago I was troubled with boils. THE PUBLIC

SETS THE PRICE.

A RECORD development and pro-The gress of every industry in British Columbia is the achievement of 1929. Public interest in these events was manifest on the Vancouver Stock Exchange. In 1929 \$129,748,630 worth of shares were bought and sold on the Vancouver Stock Exchange.

Such a volume of business requires an almost perfect system. The operation is governed by the laws of supply and demand. Buying and selling orders meet on the "floor." These orders set the price, and the Public controls the orders. The trading concerns securities of known value, and these securities represent undertakings on the threshold of a great era of industrialization of Western Canada.

an examination. First principles of

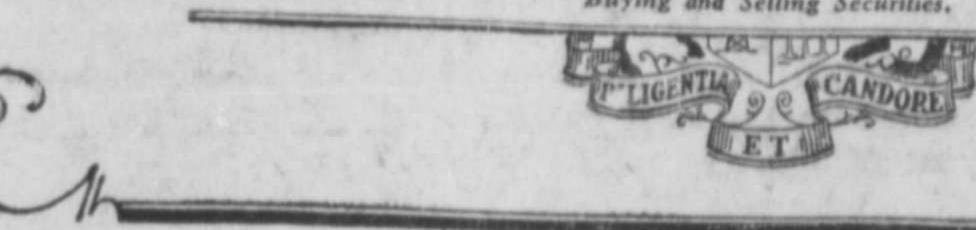

in London, New York and Vancouver, and are strictly adhered to. The Vancouver Stock Exchange, as an institution, owns no stock in any enterprise . . . sponsors no stock flotation . . . favors no broker . . . expresses no opinions about individual stocks. It accepts no responsibility for rise and fall of prices.

No progressive country, looking to its industries and natural resources for the production of National Wealth can be without a Stock Exchange. Like electricity, water, roads, transportation it ranks as a Public Service, disinterested, neutral.

The purpose is to make trading efficient, to broadcast prices instantly from the "Floor." The Public sets the price. And the Exchange lives up No undertaking can list its securities to the ideal, expressed in its charter on the Exchange without passing passed by Provincial Parliament in 1907, as long as it fulfills in every Stock Exchange operation are alike way the duties given it to perform.

V.S.B. 3-4-30

This advertisement is published by Members of the Vancouver Stock Exchange in order to disseminate information concerning the functions of a Stock Exchange and the Business of Buying and Selling Securities.

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.

The former C.G.M.M. freighters Canadian Observer and Canadian Coaster, which have been purchased by the Kingsley Navigation Co., have been renamed Rosebank and Kingsley respectively. The Canadian Rover, purchased by the Coastwise Steamship & Barge Co., has been renamed Bornite. All three boats are well known here, having been former frequent visiters to the port.

Judge F. McB. Young, in County Court yesterday, dismissed an action brought by Christopher Mc-Guire against E. Edison for \$80 as wages. McGuire and Edison started out in the crabbing business and the season proved a failure. Mc-Guire then claimed wages from Edison, but his honor decided that he was not entitled to them as a partnership had been entered into. Thomas Brown acted as counsel for the plaintiff and W. O. Fulton for the defendant.

BLAZES TRAIL

First Automobile Driven From Grande Prairie to Hudson's Hope

HUDSON'S HOPE, B.C., Jan. 23 .-Blazing the trail for others, the first automobile driven under its own power made a successful trip from Grande Prairie, Alta., to Hudson's Hope, a distance of approximately 300 miles, recently. The car, driven by H. Giles of Edmonton, made the journey in a little under eight hours.

A year ago the trail was passable only for pack horses, taking ten days to cover the same distance. A great deal of work will have to be done on the road before it can be called a highway, but many rough spots have been levelled off. When the work is completed it is expected that the trip from Edmonton to Hudson's Hope will prove an atraction for thousands of tourists.

The population of the Bermuda Islands is now 31,735, of which number 15,328 are colored.

Former Local Man Elected Chief Magistrate of Fraser Valley Municipality

Solomon Mussallem, who in the early days conducted a jewelry and then a grocery business in Prince Rupert, won the reeveship of Maple Ridge, in the Fraser Valley, last Saturday after a keen contest with Reeve J. B. Martyn. Mr. Mussallem received 472 votes and Mr. Martyn

Reeve-Elect Mussallem has been a councillor of the municipality of Maple Ridge for two years. His defeat of the redoubtable Reeve Martyn, Vancouver papers say, came as surprise, although it was known in Maple Ridge that he would poll big vote.

A picture of Reeve-Elect Mussallem appears in the Vancouver PEACE RIVER with the announcement of his success at the polls.

Remarkable Collection of Grains and Grasses at Fort Vermillion Experimental Farm

EDMONTON, Jan. 23-Grown 300 miles north of Edmonton, as the grains and grasses of last season's the council previously. Infantry, now a unit of the perma- crop are on display at the Chamber

it wheat grown in experimental plots; worship formally announces his apeight of oats, five of barley, two of pointments. Major W. Wanden Berg, command- flax, and two of rye. The wheat includes such well known varieties fort to obtain material suitable for as Garnet, Red Fife, Red Bobs, SPOKE ON the purpose. One request has been Marquis, etc., and the oats include Banner, Leader, Victory, and two varieties of hulless oats-Laurel and Liberty.

Twelve of the 13 varieties of "Somewhere in No Man's Land towheat were sown April 30, the other, Ex-Mayor S. P. McMordie Tells Ro-Marquis, May 8. Three of the varieties were cut Auugust 15: two August 20; 'one August 21; four August 22; and three, August 28. It is significant that Marquis, sown eight days later than all the other varieties ripened as rapidly as two opment of wheat production in ing drunk and climbing lamp- others sown eight days earlier-

> All samples are of excellent qualstands and plump, well-filled heads, which have ripened perfectly.

of Cancer Now

Treating Deadly Malady

able results in the treatment of can- dian National line was already escer with isamin blue, a dyestuff, tablished here. The ex-mayor rewere reported by Dr. H. Bernard at iterated confidence which he had the recent meeting of the Berlin Medical Society.

Dr. Bernard told of satisfactory treatment of 200 cases, undertaken | since 1926 at the clinic for internal medicine at Charite Hospital.

Isamin blue was found especially efficacious in combination with irradiation treatment (Roentgen, radio or diathermic). The dyestuff materially enhanced the efficacy of the rays in the dual sense of impregnating the local cancer tissues and diminishing their powers of resistance on the one hand, and on the other, of increasing the body's resisting functions against Save On Your Grocery Bill. Give the poisonous agents by virtue of the dyestuff's disinfecting quali-

In the ensuing discussion in which Prof. Ferdinand Blumenthal, head of the institute for cancer research, joined, it was agreed that the injection of isamin blue into the blood circulation in conjunction 60°C with irradiation represented a marked progress in the treatment

Material Available Falls Readily Into Classes for Mayor Orme's Choice

Mayor C. H. Orme will announce his standing committees for the year at the inaugural meeting of the 1930 city council tonight. There is not so much speculation about the personnel of the major committees this year as usual, owing to the fact that the material of the aldermanic board falls pretty naturally into the various departments on this occa-The chairmen from 1929 are each

on the council again this year, and ! will, no doubt, be re-appointed unless, of course, there should be such a thing as any of them desiring not to assume the responsibilities again. That Ald. Theo Collart will retain the finance chairmanship, Ald. W. M. Brown the Board of Works, and Ald. S. D. Macdonald, utilities, seems certain. As for the new aldermanic material, it would appear natural that Ald. H. F. Pullen should go to the finance committee; Ald. J. H. Pillsbury, Board of Works; and Ald. James Black, utilities. Ald. G. W. Rudderham will, no doubt, be on both the Board of Works and utilicrow flies, at the Dominion Govern- ties committee again and the probment Experimental Farm at Fort | ability is that Ald, P. H. MYSTERIOUS OUTBREAK OF SWOLLEN CHEEKS IN THE GEOGRAPHY CLASS

> OWNTREE'S York Milk Chocolate in the schoolroom is a real bump of knowledge the kind of knowledge that counts. The girls like York Milk better than geography-or almost anything else. They may forget the names of promontories and estuaries, but they won't forget the taste of Rowntree's York Milk.

> Rowncree's York Milk Chocolate passes every test triumphantly. It is so distinctive in flavour, so satin-smooth, so utterly delicious, that it marks a new standard in milk chocolate goodness. People remark how wholesome it is, how much they enjoy eating it. Try a bar yourself-but be sure just that perfect flavour.
